1 Transcript of Proceedings 2 (Reconvened at 9:00 a.m.) 3 COMMISSIONER MacCALLUM: 4 ALL COUNSEL: Morning. 5 MR. ELSON: Mr. Commissioner, I'm not 09:05 6 scheduled to go first, Mr. Fox is, but there is a matter I would wish to raise. 8 As a result of the CBC National 9 News last evening, I had spoken earlier with 09:05 10 Mr. Hodson when a question had been asked of me 11 by a member of the local media with respect to 12 the propriety of broadcasting or publishing any 13 interviews of any of the parties with respect to 14 a witness' testimony while that witness was still 09:05 15 on the stand, it was my understanding from 16 Mr. Hodson -- and I stand to be corrected -- that 17 at the very least there was to be no publication and no broadcast of an interview of one of the 18 19 parties, and preferably no interview given at all 09:06 20 with respect to a witness' testimony, while that 21 witness was on the stand and before that witness' 22 testimony had concluded. 23 I notice that neither 24 Mr. Lockyer nor Mrs. Milgaard are here this 09:06 25 morning, but there was an interview, and it

1 appeared to me from the interview I saw on CBC 2 National News last evening that it was an 3 interview of Mrs. Milgaard while former Chief 4 Penkala was on the stand. 5 I'm not asking for a specific 09:06 remedy in this respect, in fairness to 6 Mrs. Milgaard it was a very brief interview, she 8 made a comment with respect to a reaction that 9 she had on one particular part of the testimony. 09:06 10 Having said that, it may be appropriate to remind all parties of the 11 12 propriety of consenting to media interviews with 13 respect of a witness' testimony before that witness' evidence is concluded. 14 09:07 15 And, again, I'm probably rising 16 at the wrong time because, in fairness, neither 17 Mr. Lockyer nor Mrs. Milgaard are here, but it is 18 nonetheless a point that perhaps not only the 19 parties should be reminded of, but also the 09:07 20 members of the media reminded of. 21 COMMISSIONER MacCALLUM: Mr. Hodson? 22 MR. HODSON: Yes. I believe that the 23 ruling made earlier, Mr. Commissioner, was a 24 direction to the parties and counsel not to

discuss the evidence of any witness until that

09:07 25

	1	witness' evidence was concluded. I believe that
	2	was the ruling made. As opposed to a direction
	3	to the media, I believe it was to the parties and
	4	counsel, is my recollection.
09:07	5	MR. WOLCH: Mr. Commissioner, I apologize,
	6	I didn't see the news item at all and I don't
	7	know what was stated on it so it's a bit
	8	difficult to respond for Mrs. Milgaard.
	9	I don't recall if the ban or
09:07 1	10	suggestion, or whatever it might be, but
1	11	obviously something to be followed, applies to
1	12	counsel or applies to individuals, or whether it
1	13	can apply to individuals in terms of their
1	14	reaction to evidence. But certainly counsel,
09:08 1	15	obviously, must follow it. I don't know if it
1	16	can be applied to people beyond counsel.
1	17	In any event, there also is a
1	18	fine line between commenting on the evidence and
1	19	making comments on the broader sense, and not
09:08 2	20	having seen what Mrs. Milgaard said I don't know,
2	21	and I'm not even sure if My Friend is saying
2	22	Mr. Lockyer said anything or not, I don't know.
2	23	I do know that I was approached
2	24	yesterday to comment on the evidence and I
09:08 2	25	declined because of your ruling. The, some media

e and I The, some media

1 were particularly interested in our reaction to 2 the apology, etcetera, and I indicated 'I can't 3 comment until this is over', and that's the way 4 it stood. But perhaps there should be some 5 clarification if, Mr. Commissioner, you feel you have the jurisdiction to apply that to 6 individuals as opposed to just counsel. 8 keeping that in mind, I really don't know if 9 there was a comment on the evidence or not, I don't know. My Friend does not specifically say 11 other than to say it was a brief comment about 12 her reaction and her feelings, and I don't know 13 if she can be precluded from saying what her 14 feelings are on an issue, so I know I'm not being overly helpful, I just don't know. 16 COMMISSIONER MacCALLUM: Okay. Thanks. 17 Somebody has handed me up a piece of paper; what is this, Mr. Hodson? 18

MR. HODSON: Yes, we can actually call up the ruling on the screen, it's page 1264, volume 9 from the January 26th transcript, it will just be a second for that to load.

COMMISSIONER MacCALLUM: Okay. What's this that I have been handed here? Can that be seen And when was this; does by everybody? Okay.

	1	anybody know?
	2	MR. HODSON: This was January the 26th.
	3	COMMISSIONER MacCALLUM: Okay. And at
	4	another time, Mr. Hodson, my memory is that I
09:11	5	asked the public at large, particularly the
	6	media, to be cautious about jumping to
	7	conclusions on the basis of a witness that we're
	8	hearing at any particular time because that
	9	wouldn't be the entire story
09:12	10	MR. HODSON: And I
	11	COMMISSIONER MacCALLUM: and they should
	12	exercise some restraint. But I don't think I'm
	13	in any position to order them not to report this
	14	or report that, they can this is a public
09:12	15	inquiry.
	16	MR. HODSON: That's right. And I think,
	17	the interview that Mr. Elson is referring to
	18	Mrs. Milgaard was giving her reaction, I believe,
	19	to Mr. Penkala's evidence regarding the
09:12	20	apology
	21	COMMISSIONER MacCALLUM: Yes.
	22	MR. HODSON: and it was a very brief
	23	interview.
	24	And I'm wondering, I'm not sure
09:12	25	what the wishes of the parties are, but maybe we \P

1 could just remind and reinforce to all parties 2 and to counsel the directive that no party or 3 counsel should be commenting on evidence of a witness until the evidence is concluded. 4 Certainly, when a witness is done, I don't think 5 09:12 there's any restrictions; is that -- I think --6 7 COMMISSIONER MacCALLUM: Well I suppose, on 8 the basis of what you can see before you, there 9 is no restrictions at this moment, it's simply an 09:13 10 expression of my wish based upon certain 11 practicalities. If counsel respect it I would be 12 very happy, and if their clients refrain from 13 talking to anybody, particularly the media, about 14 the evidence of a witness while it's ongoing, I 09:13 15 would be even happier. But, if they choose not 16 to, I suppose they run the risk of impeding the 17 effectiveness of the Inquiry. 18 Morning, Mr. Fox. 19 JOSEPH PENKALA, continued: 20 BY MR. FOX: 21 Thank you, a glass of water, if I get Q Thank you. 22 too many of them up here I'll spill one for sure. 23 Mr. Penkala, my name is Aaron 24 Fox, I'm the lawyer for Eddie Karst in these 09:14 25 I'm going to cover some ground with proceedings.

	1		you, and particularly involving the investigation
	2		in 1969, and what took place in 1970 and '71.
	3		First of all just a couple of
	4		general questions. I'm assuming as a former
09:14	5		police officer, and you were a police officer with
	6		many years of experience, so looking back on your
	7		own career, and obviously watching very closely
	8		the work that others did because in your various
	9		supervisory capacities, including eventually
09:14	10		chief, fair to say that sometimes mistakes are
	11		made?
	12	A	Yes.
	13	Q	And fair to say that sometimes things are
	14		overlooked or we don't get things exactly right?
09:15	15	A	Yes.
	16	Q	And I can tell you and no disrespect meant, Mr.
	17		Commissioner judges tell me all the time that I
	18		didn't get things right, and occasionally when I
	19		get them to agree with me usually the Court of
09:15	20		Appeal tells us that we're both wrong, but that
	21		happens, and I'm assuming that just goes with the
	22		job; fair to say?
	23	А	Yes, the job, and the complexity of the job.
	24	Q	Right. The suggestion, though, that was put to
09:15	25		you by Mr. Lockyer over the last couple of days
			1 2 2 1 2 1

	1		sort of went quite a bit beyond suggesting to you
	2		that you just made a mistake or overlooked
	3		something or didn't interpret something correctly.
	4		As I read his comments or listened to his
09:15	5		comments and I think they were pretty direct
	6		he suggested an outright coverup by the members of
	7		the Saskatoon Police Service and he suggested,
	8		basically, that you knew David Milgaard was
	9		innocent and framed him; he suggested that you
09:16	10		knew Larry Fisher was guilty, you let him go; and
	11		you did that knowing that an innocent man was
	12		going to sit in jail and that a guilty man went
	13		out there and committed a number of more serious
	14		offences which he wouldn't have otherwise
09:16	15		committed. That was what was put to you. Now I
	16		understand you don't have counsel here, Mr.
	17		Penkala?
	18	A	I do not.
	19	Q	And you agree you and I have never spoken about
09:16	20		this matter before?
	21	Α	That's correct.
	22	Q	I just want to ask you, I'm just going to give you
	23		an opportunity, can you just tell me how you
	24		respond or react to the statement that was put to
09:16	25		you that you, as a member of the Saskatoon Police

1		Service, intentionally hid the fact that David
2		Milgaard was innocent and hid the fact that Larry
3		Fisher was guilty; can you tell me how you respond
4		or how you feel about that?
09:16 5	А	I think I made that response before, but I can
6		tell you right now that there was not a crumb of
7		truth in that, in that suggestion by Mr. Lockyer.
8		I was I'm offended to have that suggestion
9		brought forward, and my experience with officers
09:17 10		that I worked with, I really never knew a police
11		officer that would stoop to that type of a
12		process.
13	Q	I'm going to ask you specifically about Eddie
14		Karst, who was a detective in 1969 and 1970 and
09:17 15		into '71; were you aware of, then or now, of any
16		conduct on the part of then-former Detective Karst
17		which suggested to you that he was hiding or
18		covering up either David Milgaard's lack of
19		involvement in the death of Gail Miller or Larry
09:17 20		Fisher's involvement in it?
21	А	No.
22	Q	And knowing Detective Karst, having worked with
23		him and supervised him, can you tell me what, and
24		this is just an opinion of yours, but in your
09:15 25		opinion what is the likelihood that he might be
		Meyer CompuCourt Reporting

			——————————————————————————————————————
	1		involved in something like that?
	2	A	I've known Mr. Karst for probably 50 years and
	3		I've never experienced anything in the category
	4		that's being suggested.
09:16	5	Q	Now I'm going to talk about this, the case
	6		specifically now. Mr. Lockyer reviewed with you
	7		and argued that you should have concluded that Mr.
	8		Fisher murdered Gail Miller, that should have been
	9		the conclusion you came to, and as I listened to
09:16	10		your evidence, I noted a couple of occasions when
	11		you tried to bring up the subject or the point
	12		that you still had this evidence against David
	13		Milgaard that you had to consider and deal with.
	14		I want to go through that evidence with you a bit
09:16	15		or at least what your knowledge was as to why
	16		David Milgaard was a suspect, notwithstanding all
	17		we know about Larry Fisher, why in 1969, 1970 did
	18		you consider David Milgaard a suspect in the death
	19		of Gail Miller. Okay?
09:16	20	А	Okay.
	21	Q	Now, if I go to January 31st, 1969, I think you've
	22		already acknowledged that there were similarities
	23		between the death of Gail Miller and the two rapes
	24		and indecent assault that occurred prior to that
09:17	25		time, that's correct, that we've already talked
			Meyer CompuCourt Reporting
			Certified Professional Court Reporters serving P.A. Regina & Saskatoon since 1080

	Ī		
			
	1		about that?
	2	A	Yeah.
	3	Q	But am I also correct that in pursuing that there
	4		were many, many, many suspects that were
09:17	5		investigated in relation to the death of Gail
	6		Miller?
	7	A	Yes.
	8	Q	I think then early in these proceedings, earlier
	9		in this phase of the proceedings, and we don't
09:17	10		need to bring it up, but it's document 326548,
	11		which was a compilation study that was put
	12		together by Commission Counsel that indicated that
	13		a total of 208 possible suspects were investigated
	14		as possibly being responsible for the death of
09:17	15		Gail Miller. Does that sound about right to you?
	16	А	I'm not sure what reference, what this is
	17		reference to.
	18	Q	This is reference to various individuals who you
	19		received information on in 1969 that may have been
09:18	20		somehow involved in the death of Gail Miller, so
	21		you would investigate them to see are they
	22		responsible or can we clear them as not being
	23		responsible.
	24	A	And I'm assuming that you are talking about the
09:18	25		list of sex offenders that we
		11	

		Page 9770
1	Q	Actually, I'm talking about in document 326548, it
2		includes everybody from Les Spence, who was an
3		acquaintance of Gail Miller, to friends of Gail
4		Miller, to other people who somebody came up to
09:18 5		and said hey, this person was driving around with
6		ladies' underwear under the seat of his car, all
7		of these people were investigated?
8	A	Yes, and I wouldn't know that of my personal
9		knowledge, but yes.
09:18 10	Q	And you would be aware, however, though, that many
11		people were investigated as possible suspects?
12	A	In a general sense, yes.
13	Q	Okay. And I think that particular document
14		referred to also indicates that 38 individuals
09:19 15		were checked out after March 2nd, 1969, which was
16		the date that Albert "Shorty" Cadrain came in and
17		identified David Milgaard, and I take it you don't
18		have any personal, direct knowledge of that, but
19		you wouldn't dispute that number?
09:19 20	A	No, I wouldn't.
21	Q	Now, Mr. Lockyer made the statement to you, and it
22		was repeated a number of times, that and I'm
23		referring to document, maybe we can just bring
24		that up if we could, 250609, this is the RCMP
09:19 25		summary report which I think is dated May 21st,
		1

	1		1969. This is the document of course, Mr.
	2		Penkala, that refers to that May 16th, 1969
	3		meeting that I've highlighted there in paragraph
	4		3, okay, so that's the time frame I want to talk
09:20	5		about just for a second. The suggestion was put
	6		to you that the investigation was going nowhere in
	7		finding a suspect, that's what the suggestion was.
	8		Would I be correct that sort of quite to the
	9		contrary, as at May 16th, 1969 you had information
09:20	10		that did point to a suspect in the death of Gail
	11		Miller and that suspect would be David Milgaard?
	12	A	Yes, that would be correct, yes.
	13	Q	I'm not suggesting at that point in time you had
	14		made any decision that you thought he should be
09:20	15		charged or he was the one who did it or whatever,
	16		but there's no question by that point in time you
	17		had already received some very direct information
	18		from Albert "Shorty" Cadrain suggesting David
	19		Milgaard was involved in the death of Gail Miller;
09:20	20		would that be correct?
	21	A	That's my understanding, yes.
	22	Q	And I want to and if we look at Mr. Cadrain's
	23		statement, and we don't need to review it, but
	24		would I be correct that at least in general terms
09:21	25		Mr. Cadrain, in his statement, he came in to see

			——————————————————————————————————————
	1		the police on March 2nd, 1969, put David Milgaard
	2		in the area of the murder; that would be correct?
	3	А	That's my understanding. As you are obviously
	4		aware, I wasn't directly involved, but the general
09:21	5		understanding is that that was the situation.
	6	Q	Described seeing blood on the clothes of Mr.
	7		Milgaard?
	8	A	I recall that, yes.
	9	Q	Described Mr. Milgaard changing his clothes?
09:21	10	A	Yes.
	11	Q	Described, referred to various statements and
	12		conduct of Mr. Milgaard which, at least as Shorty
	13		Cadrain indicated to him, that he may have been
	14		involved in killing Gail Miller?
09:21	15	А	Yes.
	16	Q	And indicated that he and the others were afraid
	17		of Mr. Milgaard?
	18	А	Yes.
	19	Q	And, frankly, expressed his opinion that he
09:21	20		thought David Milgaard was involved in the murder
	21		of Gail Miller, that was the general information
	22		that you received about March 2nd, 1969 from
	23		Mr. Cadrain?
	24	А	That's my recollection.
09:22	25	Q	Now, just in general terms, having received that

	1		information, I mean, this fellow walks in, you
	2		didn't arrest him, he comes in out of the blue and
	3		volunteers this for you, what do you do with that?
	4		You've got this information, he's made this
09:22	5		statement, it points towards David Milgaard. Just
	6		generally, as a police officer, as a police
	7		service, what are you going to do with that
	8		information?
	9	А	You take it seriously and investigate it further.
09:22	10	Q	And in investigating it further, are you making a
	11		determination already at that point, yes, it's
	12		true, or no, it's not true?
	13	А	No. That's why you would investigate it further,
	14		to establish whether there's truth in it, and as a
09:22	15		rule these things usually identify themselves in
	16		the interests of whether the statements are true
	17		or not true.
	18	Q	So he comes in with a story, you are going to see
	19		whether or not there's any evidence that either
09:23	20		supports that story or eliminates that story?
	21	А	Yes.
	22	Q	Either says, indicates there may be something
	23		truthful to what he's saying or maybe he's just
	24		feeding us a load of garbage and we can scratch
09:23	25		this one off the list too; fair to say?

			——————————————————————————————————————
	1	A	Yes, very fair, yes.
	2	Q	I want to talk to you just in general terms. When
	3		you we've heard the word incriminating used an
	4		awful lot, incriminating evidence and so on.
09:23	5		Would it be fair to say, Mr. Penkala, that
	6		incriminating evidence sometimes can be the most
	7		innocent of things, it might look like it's not
	8		incriminating or supports an allegation, but it
	9		may in fact do that?
09:23	10	А	Oh, yes.
	11	Q	Unfortunately I've had too many clients who I've
	12		advised not to give a statement and who have said
	13		no, I didn't give a statement, I just told them
	14		that I was there and I told them I had a knife in
09:24	15		my hand, but I didn't tell them I stabbed them.
	16		That kind of statement, saying I was there, I did
	17		have a knife but I didn't stab the person might
	18		sound kind of innocent, but it may very well be
	19		viewed as incriminating evidence?
09:24	20	A	Yes, I follow, yes.
	21	Q	And maybe not the type of statement that a Crown
	22		might be able to use or would decide to use in a
	23		case, but it's something that the police would
	24		look at, the information that came with that in
09:24	25		deciding whether you should investigate further;
			Meyer CompuCourt Reporting
	,		weyer compactant nepolary ====================================

	Г		——————————————————————————————————————
			ŭ
	1		fair to say?
	2	А	Oh, very fair, yes.
	3	Q	So when we look at, for example, what Albert
	4		Cadrain said, one of the next things you would do
09:24	5		is go, want to speak to his two travelling
	6		companions, Nichol John and Ron Wilson, and that's
	7		what was done?
	8	A	Yes.
	9	Q	And you are trying to find out from them is there
09:24	10		some basis, is there some substance to what he
	11		says; correct?
	12	A	Yes.
	13	Q	Now, and I know you are not familiar with those
	14		statements at this point in time, but generally at
09:25	15		that time you would have had some idea what was on
	16		the file in terms of reports and statements, you
	17		certainly had a better knowledge back in 1969 than
	18		you do now?
	19	А	That's true.
09:25	20	Q	And when we look at those statements, and I don't
	21		think we have to review them, but the initial
	22		statements obviously indicated that Nichol John
	23		and Ron Wilson said that David Milgaard hadn't
	24		left them, hadn't been out of their sight and that
09:25	25		would suggest that they, you know, that he didn't
			1

	Ī		
			, ago o , , o
	1		kill Gail Miller; correct?
	2	A	That would be an assumption that would be made,
	3		yes.
	4	Q	Right. But those statements also confirmed what
09:25	5		Albert Cadrain had said, which is that they were
	6		in Saskatoon early in the morning when the murder
	7		occurred, indicated that they were in the area
	8		where the murder occurred and indicated that he
	9		did change his clothes that morning; correct?
09:25	10	A	Yes, that's my understanding.
	11	Q	So when you've got that information, fair to say
	12		not, it's not kind of telling you for sure David
	13		Milgaard is our man, but it's not sort of telling
	14		you for sure he's not our man; correct?
09:26	15	А	That's the way I perceived that information, yes.
	16	Q	And the logical thing to do is then continue with
	17		your investigation and see where it takes you?
	18	A	Yes.
	19	Q	Now, when you are carrying out your investigation,
09:26	20		I'm assuming, Mr. Penkala, you are looking for
	21		evidence or information that would directly relate
	22		to the alleged offence?
	23	A	Yes.
	24	Q	But I assume you are also looking to see anything
09:26	25		else that might indicate could this individual
		1	

	Ī		——————————————————————————————————————
			<u> </u>
	1		have committed the offence or is it not likely
	2		that he would have committed the offence?
	3	А	That's kind of a normal process of investigation.
	4	Q	Police officers are trying to get a feel for what
09:26	5		they are dealing with, they are trying to use
	6		their instincts; correct?
	7	A	Yes, oh, yes.
	8	Q	You also are assessing are the people telling the
	9		truth when they make certain statements to you?
09:27	10	A	Yes. That's always a challenge, yes.
	11	Q	Also trying to decide whether or not they are even
	12		telling the truth is a credible issue, but a
	13		reliability issue would be were they on drugs or
	14		something like that that maybe they really don't
09:27	15		know what went on, you are assessing that all the
	16		time fair to say?
	17	A	Oh, very much so.
	18	Q	And you are trying to make a read as to whether I
	19		should pursue this further or do I really think
09:27	20		they are telling the truth, that goes on all the
	21		time?
	22	А	Yes.
	23	Q	It wouldn't be surprising, surprise you, Mr.
	24		Penkala, to know that probably every lawyer in
09:27	25		this room has been doing that every minute that

you've been up on the witness stand, we do it all the time, we're assessing what witnesses are saying in trying to make some decision, is it reliable, is it credible or should we just move on, that goes on all the time, it wouldn't surprise you to hear that?

A I understand.

So I'm looking at some of the evidence that was gathered then as a result of Albert Cadrain's statement and I want to -- if you could just bring up document 106640. This is the statement -- or sorry, that was done by Lieutenant Short. Now, at the bottom of this statement starting at about, right about there, Detective Short in his statement says:

"Also female Nichol John was located at a hippie house in Regina and she was after considerable persuasion brought to the Regina gaol and interviewed by Karst and myself was placed in a room with Cadrain and allowed to discuss this matter and it was learned from her after this discussion that through interrogation that she was of the opinion that Cadrain was --"

			1 age 3773
	1		If you can go to the next page,
	2		" was telling the truth and that
	3		everything he said was exactly what
	4		happened on this trip."
09:29	5		So Lieutenant Short is reporting back Nichol John
	6		was interviewed, she did say that he wasn't gone,
	7		but I believe Albert "Shorty" Cadrain when he
	8		says, when he's telling his story. Just
	9		something else you've got to take a look at,
09:29	10		maybe Cadrain is truthful, maybe what he is
	11		saying is true, just another factor you would
	12		have to consider; fair to say?
	13	A	Absolutely.
	14	Q	It also goes on and says:
09:30	15		"She was of the opinion that Milgaard
	16		was of a dangerous character and that he
	17		had forced her to have intercourse etc.
	18		several times and she was afraid of
	19		him."
09:30	20		Now, as an investigator investigating the Gail
	21		Miller file, being told that David Milgaard is
	22		possibly involved in this and then finding out
	23		from his travelling companion that she says,
	24		whether it's correct or not, but she's saying
09:30	25		that he forced her to have intercourse and

	1		considered him as a dangerous character, that
	2		would be something you would look at to say maybe
	3		we're on the right track?
	4	A	Oh, I think an investigator would observe the red
09:30	5		flag coming up, yes.
	6	Q	Sure. And we've heard Nichol John testify to that
	7		and she's described it and in later years she
	8		referred to as being rape, but whatever, whether
	9		it's correct or not, as an investigator receiving
09:30	10		that information, it would be pretty hard to
	11		ignore that as at least suggesting maybe I should
	12		be continuing to follow up this fellow as a
	13		suspect; fair to say?
	14	A	I think there would be an obligation.
09:31	15	Q	And then Sharon Williams was interviewed and this
	16		was the former girlfriend of David Milgaard and
	17		she was interviewed March 22nd, '69, I think her
	18		statement is found at document 006500. This
	19		statement looks like it was obtained March
09:31	20		sorry, March 20th, '69, I think it's about 12
	21		pages long, I believe it's Detective Malanowich
	22		who obtained this statement, and if you go to
	23		document 009245 if we could and I believe this is
	24		Detective Malanowich's statement. If we go to the
09:32	25		next page, I think his name is on there. Yeah,
			Meyer CompuCourt Reporting

	1		Sergeant John Malanowich. And I understand he was
	2		in morality at that time?
	3	A	That's my understanding, yes.
	4	Q	Okay. I'm not going to go through this statement
09:32	5		or his report in detail, but it states that after
	6		speaking with Sharon Williams, she gave a
	7		statement again referring to forced sexual
	8		activity, it refers to an occasion when David
	9		Milgaard said he had a gun, reports about an
09:32	10		occasion when he was poking her and pointing a
	11		knife at her, talks about extensive drug use,
	12		travelling throughout Canada, confirmed what
	13		Albert Cadrain said about being in Edmonton, so
	14		all of this information is received March 22nd,
09:32	15		'69 both in her statement and in the report of
	16		Sergeant Malanowich. Again, evidence that you
	17		would look at or information you would look at
	18		suggesting maybe David Milgaard should be a prime
	19		suspect in this thing, maybe what Shorty Cadrain
09:33	20		is saying can be true?
	21	A	Yes. That's kind of convincing in support of what
	22		is already known.
	23	Q	When you going back in 1969, Mr. Wolch referred
	24		to Wilson and Nichol John and David Milgaard as
09:33	25		being kids and certainly age wise they were kids,
			1

	1		they weren't very old, we know that?
	2	A	Yes.
	3	Q	They were 16, 17 years of age?
	4	A	Yes.
09:33	5	Q	But would it be fair to say that as a police
	6		officer you are also looking to see, okay, what's
	7		the background, what's their experience in life,
	8		what's their experience in the criminal world in
	9		assessing whether or not David Milgaard might be
09:33	10		involved in something like this. Would that be
	11		fair to say?
	12	A	Yes.
	13	Q	So we look at Ron Wilson and we see that by 1969
	14		he had already done a stint in jail, been involved
09:34	15		with the law, was involved in the use and sale of
	16		drugs, maybe he's only 17 years old, but it's kind
	17		of like he's been around the block a little bit so
	18		to speak. Fair to say?
	19	A	Yes.
09:34	20	Q	When you look at David Milgaard, you found out
	21		from talking to Nichol John, you found out from
	22		talking to Sharon Williams and others he's been
	23		involved with the law, he's been selling drugs
	24		throughout the country, he's been pretty sexually
09:34	25		active in what has been described by two people as $lacktrian$

			1 age 3700
	1		in a forceful way. Again, pretty young person,
	2		but again sort of been around the block a bit?
	3	A	Yes.
	4	Q	And all that does, it doesn't tell you that David
09:34	5		Milgaard killed Gail Miller, but you would have to
	6		agree it certainly would point you in that
	7		direction, point you to say that maybe we should
	8		keep on following this up?
	9	А	Yes.
09:34	10	Q	Now, I don't know if you are aware of this, but
	11		the statements were obtained, the statement was
	12		obtained from Mr. Cadrain, Shorty Cadrain, and I
	13		understand he was questioned fairly extensively
	14		after that about his statement and basically
09:35	15		didn't back down, he stuck with what he said. Are
	16		you aware of that?
	17	A	In a general sense, yes.
	18	Q	And I think if we can look at again Lieutenant
	19		Short's report, 106640, if you could highlight
09:35	20		just that area there:
	21		"On March 5/69 Albert Cadrain was again
	22		brought in by my request and another
	23		statement taken from him at which time
	24		he verified and stuck with his story and
09:35	25		he was interviewed at that time by

			Page 9/84 ————
	1		several members of this department and
	2		one Insp. Riddell of the RCMP and also
	3		S/Sgt. Edmundson"
	4		Who I think was with the RCMP.
09:36	5		"I might mention here that on Sunday,
	6		March 2/69 after getting in touch with
	7		Supt. Wood and Chief of Police James
	8		Kettles that it was decided that Det.
	9		Karst would go to Winnipeg"
09:36	10		And that's when they talked about interviewing
	11		David Milgaard. So it looks like Shorty Cadrain
	12		is brought in March 5th, 1969, a number of
	13		officers, including a couple of officers from the
	14		RCMP, spoke to him and he's still sticking to his
09:36	15		story?
	16	А	That's what it says, yes.
	17	Q	So again it doesn't tell you necessarily that what
	18		he's saying is truthful, but he's not backing down
	19		from it. You've still got a story, you've still
09:36	20		got evidence or testimony sorry, it isn't
	21		evidence or testimony, but you've got a statement
	22		from him that points towards David Milgaard that
	23		he hasn't retracted, you've still got to deal with
	24		as a police service; is that fair to say?
09:36	25	А	Yes. Obligated to.
		ii	

	1	Q	Obligated to. And in that regard well, I'll
	2		leave that for a second. Now, we want to go back
	3		to Ron Wilson and Nichol John because they've gave
	4		you statements and the concern with their
09:37	5		statements has been expressed a couple of ways,
	6		one, maybe they are lying, in other words, what
	7		they said is not correct, but the second concern
	8		is maybe they are just not telling you the full
	9		story; correct?
09:37	10	A	Yes.
	11	Q	And that wouldn't be surprising, that somebody
	12		might be a witness to an offence that was
	13		committed by a friend or maybe somehow involved
	14		peripherally even, might not give you the full
09:37	15		story?
	16	A	My experience has been that that's usually the
	17		way.
	18	Q	And it would be pretty sloppy police practice not
	19		to follow up on that and see if you could at least
09:37	20		make some ascertation (sic) in your own mind as to
	21		whether I've got the whole story or not; correct?
	22	A	Yes.
	23	Q	Would I be correct as well that in looking and
	24		trying to make that assessment, obviously you are
09:38	25		trying to get some read off the individuals who
			4

	_		
	1		are giving you the statements, but you are also
	2		looking at the statements themselves to see, well,
	3		how do they compare, are there inconsistencies, is
	4		somebody saying one thing, somebody saying
09:38	5		something else, what's the explanation for that;
	6		would that be correct?
	7	A	That would be a proper approach, yes.
	8	Q	And I wondered about that, because when I looked
	9		at and I don't know if you recall this or not,
09:40	10		David Milgaard gave a statement on March 3rd,
	11		1969; you are familiar with that or at least know
	12		that he did that?
	13	A	Umm, I'm not positively sure that I March the
	14		3rd did you say?
09:41	15	Q	Let me put this it way; you are aware that David
	16		Milgaard gave one statement fairly quickly after
	17		Albert Cadrain came in and then gave a second
	18		statement later on; the exact dates, I'm assuming
	19		you are not aware of that?
09:41	20	A	No, I'm not.
	21	Q	Okay. In his first statement, and it's document
	22		006586 and it's at page 3 and I don't need to
	23		bring it up but it's been referred to a number of
	24		times David Milgaard states that when he was
09:41	25		looking around for Shorty Cadrain's, that he spoke
			4

	1		to an older lady for directions, spoke to a lady
	2		on the street seeking directions. Ron Wilson,
	3		Nichol John, in their first statements make no
	4		reference to speaking to a lady, old, young, or at
09:41	5		all, for directions; do you recall that or do you
	6		remember anything about that?
	7	A	Umm, not specifically.
	8	Q	Okay. As an investigator, though, would that sort
	9		of perk your interest; why is David Milgaard
09:42	10		mentioning that he spoke to an old lady, quick to
	11		point out that she is old, yet Ron Wilson and
	12		Nichol John just aren't making any reference to
	13		just speaking to a lady at all? Might that be
	14		something that you just want to know why is that,
09:42	15		why maybe it's a completely innocent
	16		explanation, maybe they just forgot about it, or
	17		maybe they want to cover up the fact that they
	18		spoke that David Milgaard spoke to a lady that
	19		morning?
09:42	20	A	I think a good detective would want to follow that
	21		up.
	22	Q	All that happens is your antennae go up and maybe
	23		we want to find out why this is?
	24	А	Exactly.
09:42	25	Q	And Mr it was suggested that, well, there is a

	1		you are presupposing that these people are
	2		lying, that Nichol John and Ron Wilson are lying.
	3		Did you automatically would it be an automatic
	4		conclusion that these people are lying?
09:42	5	A	I would suggest, I would suggest that when you are
	6		dealing in this type of a situation it's not so
	7		much whether they are lying, it's trying to
	8		establish, through efforts, whether it's the
	9		truth, if you know what I mean. I mean people say
09:43	10		things and they may be true, they may not be true,
	11		I think an investigator looks at those things with
	12		some doubt in all cases until it's more or less
	13		established, 'eh, that is true because other
	14		things support it'. I think that's kind of a
09:43	15		general approach that an investigator would take.
	16	Q	So what you are doing is not saying Nichol John is
	17		lying or she's telling the truth, you are just
	18		saying 'I think I want to find out as best I can
	19		is she lying or is she telling the truth, or does
09:43	20		she have further information that she can give
	21		us'?
	22	A	Yes.
	23	Q	Fair to say?
	24	A	Yes.
09:43	25	Q	And if I look, can you bring up document 106661,
			4

this is Detective Karst's report of April 18th,

Detective Karst, in this paragraph here,

states:

"With the assistance of Ken Walters,

"With the assistance of Ken Walters, Cst. ...",

Ken Walters:

"... with the Regina City Police, we located the NicholJohn girl at 817 Victoria Ave. and transported her to the City Police Station and was interviewed at length. Further investigation of the girl when she was interviewed gave one the feeling that she was telling the truth and she emphatically stated she could not recall any time while they were in the City of Saskatoon during the morning of the murder at which the Wilson or Milgaard had left the vehicle in which they were driving long enough to commit this offence. She denied that Milgaard had left their vehicle at any time to go to the bathroom or go for a cup of coffee which she could recall. This girl did however state that she felt Milgaard was capable of an offence

1		of this nature and admitted having
2		sexual relations with him at different
3		times and that he was more of the animal
4		nature than you would expect of a
<i>09:45</i> 5		human."
6		So Detective Karst is sort of showing the pros
7		and the cons of what Nichol John is saying, she's
8		saying something which would seem to exonerate
9		David Milgaard of this offence, he didn't leave
<i>0</i> 9:45 10		the car; correct?
11	А	Yes.
12	Q	He is noting that in his report; is that fair to
13		say?
14	А	Yes.
<i>09:45</i> 15	Q	At the same time he is saying 'Nichol John also
16		gave us some information that suggests he is
17		capable of an offence like that'; correct?
18	А	Yes.
19	Q	All you are doing as an investigator is gathering
09:45 20		that information and hoping somebody will be able
21		to digest it at some point in time in deciding
22		whether a charge should be laid or not; fair to
23		say?
24	A	Yes.
09:46 25	Q	And he certainly confirms that when you go to the
		3

			, age or or
	1		next page of the report, that would be 662, if I
	2		could:
	3		"Although there are many unanswered
	4		questions with regards to Milgaard's
09:46	5		activities on that particular morning,
	6		if one is to believe the girl,
	7		NicholJohn, and it appears that she is
	8		very convincing with her story, then
	9		there is no way in which Milgaard can be
09:46	10		connected with this crime."
	11		Again, that's Detective Karst pointing out
	12		there's unanswered questions, he's got some
	13		issues here with what's being said; on the other
	14		hand noting she is true and she seems convincing
09:46	15		at this point, then he wasn't involved. All he
	16		is pointing out is sort of both sides of the
	17		issue; fair to say?
	18	А	I agree.
	19	Q	And he goes on here near the bottom of the,
09:46	20		towards the end of the page:
	21		"With regards to the above information
	22		it now appears that further questioning
	23		of Cadrain is warranted with regards to
	24		the blood as both youths Milgaard and
09:47	25		Wilson along with the girl, NicholJohn

			. age 6.762
	1		deny that Milgaard had any blood on his
	2		clothing, while Cadrain emphatically
	3		states that he observed this blood."
	4		That sort of lays out pretty clearly the issue
09:47	5		that was facing the police service at that point
	6		in time; Albert Cadrain saying there's blood,
	7		David Milgaard looks like the suspect, Nichol
	8		John/Wilson give some information which suggests
	9		he is capable of the offence but say they didn't
09:47	10		see blood, what's going on here; fair to say?
	11	Α	Yes.
	12	Q	And, again, you would expect a good investigator
	13		to do that, point out those two different
	14		conflicting positions?
09:47	15	Α	Yes.
	16	Q	And then goes on further to say concerns he has
	17		about whether or not Cadrain had heard about the
	18		offence previously, and I think if you turn to the
	19		next page as well, concerns about whether or not
09:48	20		he had been smoking marijuana the night before;
	21		correct?
	22	А	Yes.
	23	Q	So, I'm not sure we'll ask Mr. Karst when he
	24		testifies what his opinion was at that point in
09:48	25		time, but certainly in his reports he is he

			——————————————————————————————————————
	1		seems to be putting down both sides of the issue
	2		so to speak fair to say?
	3	A	That's the way I see it, yes.
	4	Q	And that's what you would expect a good
09:48	5		investigator to do?
	6	А	Yes.
	7	Q	Can we just turn to the document that's been
	8		referred to as the summary, this is document
	9		006799, please. If we could go to the last page
09:48	10		of that document, if you could highlight that,
	11		take my marking out of it. Thanks, thank you.
	12		"- Nichol John, Wilson and Cadrain be
	13		brought to Saskatoon",
	14		this is the suggestions:
09:49	15		" where with all present true story
	16		can be obtained",
	17		and I think it's supposed to be:
	18		" even if hypnosis or polygraph are
	19		necessary."
09:49	20		Umm, sort of looks like you are suggesting
	21		exactly what Mr. Karst was talking about; let's
	22		find out what the true story is?
	23	А	Yes, and that's, that's a very reasonable approach
	24		to, to the situation as I understand it was up to
09:49	25		that point.

			——————————————————————————————————————
	1	Q	Can we bring up document 250609, please, and if we
	2		look at paragraph 4. This is, again, what was
	3		referred to as the turning point by various
	4		counsel who have questioned you:
09:50	5		"After a great deal of discussion it was
	6		agreed that David Milgaard could be
	7		considered as the prime suspect in this
	8		case and that further efforts should be
	9		made to eliminate or implicate him in
09:50	10		this offence."
	11		Is that your understanding of what came out of
	12		that meeting on May 16th, 1969?
	13	А	Yes.
	14	Q	'Eliminate' means determine that he wasn't
09:50	15		responsible?
	16	А	Yes.
	17	Q	'Implicate' means finding evidence, if there's
	18		evidence there, that suggests that he was?
	19	А	Yes.
09:50	20	Q	Seems to be you are sort of doing the very same
	21		thing that's referred to in the summary that's
	22		referred to in Detective Karst's report, you are
	23		going to look at the issue and decide is there
	24		evidence there that either eliminates him or
09:51	25		implicates him; correct?
			4

	Ī		
			7 ago 0700
	1	А	My understanding of that situation, that was
	2		precisely the purpose of the meeting.
	3	Q	There was reference made to the description of Mr.
	4		Milgaard as the prime suspect; as at March 16
09:51	5		May 16th, 1969, was there any other suspect in
	6		relation to the death of Gail Miller?
	7	А	I
	8	Q	Had anyone else pointed directly to any other
	9		suspect as being responsible for the
09:51	10	А	I'm not aware that that came up. I have no
	11		recollection of any other suspects coming up. I
	12		would suggest that there were no other suspects
	13		other than, you know, what I refer to as the, the
	14		Milgaard group.
09:51	15	Q	When
	16	А	Pardon me.
	17	Q	When you are investigating a criminal offence and
	18		you are looking I mean some cases I assume are
	19		pretty easy to deal with, I find a fellow laying
09:52	20		on the ground with a knife in his heart and the
	21		accused is laying on top of him drunk holding the
	22		knife in his hand, pretty easy to identify who
	23		your suspect is in a case like that?
	24	A	Yes.
09:52	25	Q	Fair to say?
		l	lack lac

	Ţ		——————————————————————————————————————
	1	А	Of course, yes.
	2	Q	This one doesn't fall into that category, we're
	3		you were more limited, at least nobody, the
	4		suspect wasn't found immediately and so on, you
09:52	5		are trying to piece the story together; correct?
	6	A	Right.
	7	Q	Would I be correct that in any investigation like
	8		that, where I'm now looking at a suspect who
	9		hasn't given me a statement admitting he committed
09:52	10		the offence or whatever, I at some point in time
	11		have to complete the work of either implicating
	12		him or eliminating him, that's the road I have to
	13		go down at some point in time with that suspect;
	14		fair to say?
09:52	15	A	Yes, that's, that's the, that's the practice of
	16		investigating.
	17	Q	That isn't unique to this case or the Paul Morin
	18		case, or any other case like it, that's basically
	19		police work; once I have identified a suspect that
09:53	20		seems to be connected or possibly connected to the
	21		offence, I have got to go down that road to try
	22		and implicate him or eliminate him, one or the
	23		other?
	24	А	Absolutely.
09:53	25	Q	Now I understand, Mr. Penkala, on the taking of
			4

	ſ		——————————————————————————————————————
			ŭ
	1		the second set of statements, the second more
	2		detailed statements from Nichol John and Ron
	3		Wilson, you weren't directly involved in that?
	4	A	No I was not.
09:53	5	Q	Umm, but you are aware that they, in fact,
	6		acknowledged first of all, in those statements
	7		they provided considerably more information about
	8		what had taken place on the morning of January
	9		31st, 1969?
09:53	10	A	Yes.
	11	Q	Correct?
	12	A	Yes.
	13	Q	And I'm not sure if you are aware of this or not,
	14		having followed the proceedings after 1970 up to
09:54	15		the present time, that although we've heard lots
	16		about recantations and so on, at the end of the
	17		day Mr. Wilson still acknowledges that there was a
	18		lot of information that he did not give the police
	19		in his first statement which was relevant; would
09:54	20		that be correct?
	21	A	Umm, again, I'm not,
	22	Q	Sure.
	23	A	of my own personal knowledge, really aware of
	24		that.
09:54	25	Q	Sure. So information like 'yeah, we did break

1 into an elevator in Aylesbury, yeah we did have a 2 knife in the car, yeah we did get stuck, yeah we 3 did in fact separate for a period of time, yeah we 4 did plan to roll somebody that morning to possibly 5 steal a purse', all of that information, none of 09:54 that was in the first statement, it was in the 6 second statement, it's been acknowledged as being 8 truthful, at least as much as we can accept 9 something like that from Mr. Wilson, so would it 09:54 10 be fair to say the gut instinct, if I can describe 11 it that way, that Wilson and John maybe weren't 12 giving you all of the information the first time 13 around proved to be correct? 14 I would have come to that conclusion, yes. Α 09:55 15 So I want to go, now, to May 25th-26th, 1969. 16 have now -- you, and by 'you' I mean the Saskatoon 17 Police Service -- have now received all of this 18 information; you have got Albert Cadrain's story, 19 he is sticking with it; you have got what Nichol 09:55 20 John and Sharon Williams have told you about him; 21 you have got the evidence of Wilson and John in 22 terms of what they saw and heard, all of those 23 sorts of things; at that point in time who makes 24 the decision that there's going to be a charge 09:55 25 laid against David Milgaard?

			r age 9739
	1	А	Umm, the normal process would be the coordinator
	2		would indicate what support there is for the
	3		findings, and then my experience and my
	4		understanding is that you would approach the Crown
09:56	5		prosecutor and review those aspects of evidence
	6		that you have to legally establish that they are
	7		valid, and then proceed with with the
	8		appropriate charge.
	9	Q	Sure. You might have reasons to believe David
09:56	10		Milgaard committed this offence which might not
	11		constitute evidence that a Crown prosecutor could
	12		use in a Court of law?
	13	А	Right.
	14	Q	Comments, for example we see in the summary
09:56	15		document and that would be, again, document
	16		006799 at page 4 of that document right there:
	17		"Father of Milgaard made statement to
	18		effect that he was not surprised and had
	19		suspected something like this might
09:57	20		happen."
	21		That might not be evidence that the Crown could
	22		use but, again, it's something that the police
	23		might have that helped suggest or might point
	24		them, suggesting they are going down the right
09:57	25		track in pursuing Mr. Milgaard as a suspect; fair

	Г		——————————————————————————————————————
	1		to say?
	2	А	Yes.
	3	Q	But at the point in time that the Crown gets it
	4		now the Crown is going to do some review, what
09:57	5		have I got by way of admissible evidence, is there
	6		a basis to proceed with a charge?
	7	A	That's my understanding, yes.
	8	Q	To your knowledge, certainly in that time period,
	9		would the police ever lay a murder charge without
09:57	10		consulting first with the Crown?
	11	А	I don't think so.
	12	Q	The matter then proceeds to trial and Lapchuk and
	13		Melnyk also testify at trial, and I take it other
	14		than hearing, perhaps, about their evidence you
09:58	15		weren't involved in that?
	16	A	That's correct.
	17	Q	Okay. But certainly, at the end of the day, you
	18		have got basically five friends or acquaintances
	19		of Mr. Milgaard giving evidence that directly
09:58	20		implicates him in the death of Gail Miller; Mr.
	21		Cadrain, Mr. Wilson, Ms. John, Mr. Lapchuk,
	22		Mr. Melnyk, correct?
	23	А	Yes.
	24	Q	The suggestion is made 'well what, what about
09:58	25		Larry Fisher', and let's say Larry Fisher showed
			4

	1		up the day of the trial or the day after the trial
	2		and said 'I, I raped Ms. (V1)-, I raped
	3		Ms. (V2), I assaulted (V5) (V5)'; what
	4		if he showed up and said that 'but I didn't do
09:59	5		anything to Gail Miller', the position he still
	6		takes and the position he testified to in the
	7		Supreme Court of Canada. If he showed up and said
	8		that would you be in any position to say 'okay,
	9		David Milgaard, you are gone, you are not involved
09:59	10		in this'?
	11	А	No. The same process that we have been talking
	12		about this morning would then apply to the
	13		supposed confession of, as you are suggesting,
	14		Larry Fisher. You would have to go through that,
09:59	15		an investigator would have to go through that same
	16		process to verify whether he is accurate in what
	17		he is suggesting, you would obviously, with the
	18		if the time frame was that close you would
	19		obviously look at both crimes. You know, that
10:00	20		would put an entirely different approach to the
	21		investigation of the Miller murder if it had
	22		occurred in that fashion.
	23	Q	The fact of the matter remained, though, that you
	24		still had five people directly implicating David
10:00	25		Milgaard; correct?

	ı		Page 9802
			, age 6662
	1	A	Yes.
	2	Q	And whether Larry Fisher raped (V1) (V1)- or
	3		whether he raped Ms. (V2), the fact is you
	4		still had those five witnesses pointing to David
10:00	5		Milgaard?
	6	A	Yes.
	7	Q	I want to talk just a little bit about Larry
	8		Fisher a bit. There was a the letter, and we
	9		don't need to bring it up well, let's bring it
10:00	10		up. This is 058476, a February 5, 1969 letter.
	11		This is the letter that you wrote to the RCMP, and
	12		there's attached to it two pages where you
	13		summarize the Gail Miller offence and then refer
	14		to two other rapes that occurred in Saskatoon.
10:01	15	A	Yes.
	16	Q	And I'm assuming what you are doing is asking them
	17		to see if they have got any information about
	18		other perpetrators, other people that might have
	19		committed the offences, that might match up to
10:01	20		what we've got for the Gail Miller offence?
	21	A	That's why Crime Index existed.
	22	Q	And they may have, you hoped that they would come
	23		back and say 'well here, we've got a fellow over
	24		here who sort of sounds like him' or 'he has
10:01	25		committed an offence like that', and then you
			4

			——————————————————————————————————————
	1		would follow it up?
	2	А	That's the way that works, yes.
	3	Q	Fair to say you didn't receive any response to
	4		this letter, they didn't supply you with any
10:01	5		possible suspects?
	6	А	I'm not aware of any.
	7	Q	Okay. The theory that's discussed is that the
	8		person who killed Gail Miller would have also
	9		committed the, at that time, the offences
10:02	10		involving $(V1)$ -, $(V2)$ and $(V3)$, that's
	11		the theory, and correct when I say it was just
	12		that, a theory?
	13	A	Yes, it's been proposed in my in the
	14		examination of me, yes.
10:02	15	Q	And it would be correct that there certainly were
	16		similarities between those other three offences?
	17	А	Yes.
	18	Q	But there also were some differences, they weren't
	19		identical?
10:02	20	А	Umm, yes, I think that's fair, yes.
	21	Q	For example in the Gail Miller case it appears she
	22		was robbed, her purse was taken, her money was
	23		gone?
	24	А	Yes.
10:02	25	Q	Correct? I don't think that occurred in those,
			4

			——————————————————————————————————————
	1		those first three, $(V2)$, $(V1)$ -, or
	2		(V3)?
	3	А	I'm not, I'm not
	4	Q	I think
10:02	5	A	specifically
	6	Q	We've heard that already. And I suppose one of
	7		the other most significant differences is that in
	8		the Miller case there was an actual stabbing, in
	9		fact not just one stabbing, a very vicious
10:03	10		stabbing that took place that involved a number of
	11		slash wounds and then a number of stab wounds that
	12		ultimately led to the death of this individual?
	13	A	Yes.
	14	Q	That was one dramatic difference between this file
10:03	15		and those other three; would that be correct?
	16	A	Yes.
	17	Q	And then I suppose the ultimate difference, in
	18		terms of these files, was that in the case of
	19		(V1)-, $(V2)$, $(V3)$, I'm not aware and
10:03	20		I'm assuming you are not aware that anyone was
	21		specifically implicated in those three offences;
	22		in other words nobody said 'there's your suspect
	23		for those offences', correct?
	24	A	That's my understanding, that
10:03	25	Q	Big difference in the Gail Miller case, you
			4

		r age 3000
1		eventually had someone who was specifically
2		implicated in that offence; correct?
3	A	Yes.
4	Q	I want to just talk about the $(V4)$ file for a
5		minute. Umm, this is the lady who was sexually
6		assaulted or indecently assaulted, I think as it
7		was described at that time, as she was walking
8		down the street the morning that Gail Miller was
9		murdered. Now the evidence we've heard is that
10		Gail Miller left her home at about 6:40-6:45 a.m.
11		and sometime after that, we assume before she got
12		to her bus stop, was sexually assaulted, raped,
13		murdered, that murder involved removing some
14		clothes, putting some clothes back on, and then
15		the stabbing death of her?
16	A	Yes.
17	Q	So sometime 6:45 a.m., after that, that occurred.
18		The (V4) assault occurred at 7:07 a.m. some
19		distance away. I think if you look at the, the
20		investigation report that was done and you
21		don't need to bring it up investigation report
22		that was done, I believe it was by the RCMP, it's
23		document 0213167 (sic), at page 223 of that
24		document you don't need to bring it up but
25		the distance to walk from where the Gail Miller
	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	2 3 A 4 Q 5 6 7 8 9 10 11 12 13 14 15 16 A 17 Q 18 19 20 21 22 23 24

	1		assault took place to where the (V4) assault
	2		took place was described as an eight-minute walk.
	3		COMMISSIONER MacCALLUM: Just give me the
	4		number again, please, would you?
10:05	5		MR. FOX: I believe it's at document
	6		0213167 (sic), and I believe it's at page 223 of
	7		that document, 223 is the page number of the
	8		document, not the ID number.
	9	BY M	MR. FOX:
10:05	10	Q	All right. Looking at that, first of all in terms
	11		of the logistics of it, what do you think the
	12		possibility is that someone, after 6:45 a.m.,
	13		would have encountered Gail Miller, dragged her
	14		into an alley, removed her clothes, sexually
10:05	15		assaulted her, raped her, put her had her coat
	16		back on, slashed her, stabbed her, left, and by
	17		7:07 was an eight-minute walk away touching
	18		someone that they are just approaching face to
	19		face on the street; logistically does that seem
10:06	20		very possible to you as a police investigator?
	21	A	Not really, but still possible I guess.
	22	Q	Still possible, doesn't sound very possible, but
	23		possible I guess?
	24	А	Yes.
10:06	25	Q	And if you put in there that the perpetrator who
			Meyer CompuCourt Reporting

	1		committed the offence in Gail Miller had a car and
	2		also drove the car back to an address some
	3		distance away and then was walking back after
	4		dropping off the car it even seems less likely
10:06	5		that it could have occurred in that time period;
	6		you would agree?
	7	A	Yes, I think that's, that's appropriate, yup.
	8	Q	Looking at the (V4) assault, she described
	9		someone who approached her on the street face to
10:06	10		face and she gave a very detailed description of
	11		that individual, quote, "face to face", basically
	12		he touched her, grabbed at her, ran his hands on
	13		her body, and she screamed and he ran away. That,
	14		fair bit different from what we saw in the sexual
10:07	15		assaults or rapes of (V1)-, (V2), even Gail
	16		Miller, if we assume it's the same?
	17	Α	I and I recognize that it is different.
	18	Q	Just a completely almost different category of
	19		offence; one is somebody walking down the street
10:07	20		face to face approaching someone and touching
	21		them, screaming, and running away, the others
	22		involve someone being grabbed, pulled into an
	23		alley, identity hidden throughout, and a very
	24		protracted sexual assault taking place; fair to
10:07	25		say?
			4

	Г	<u> </u>	——————————————————————————————————————
	1	A	Yes.
	2	Q	I'll leave it for someone else to figure out
	3		whether that's similar or not.
	4		If I can go to 1969, to your
10:07	5		knowledge was Larry Fisher at any time in 1969
	6		identified as a suspect in any offence, in any
	7		sexual offence or any offence at all; were you
	8		aware of him being identified as a suspect in
	9		anything?
10:08	10	A	Larry Fisher was not known to the Saskatoon Police
	11		Department throughout '69.
	12	Q	As I understand Larry Fisher, in 1969, had no
	13		criminal record?
	14	A	Umm, certainly not with us, not
10:08	15	Q	None that you have been able to ascertain?
	16	A	That's right. Well, we didn't have a name, so we,
	17		we couldn't even
	18	Q	Yeah?
	19	A	we couldn't even check the central indices of
10:08	20		the nation in regards to that.
	21	Q	But certainly, looking back now, we don't see that
	22		Larry Fisher was on some place with a previous
	23		record for sexual assault, or anything of that
	24		nature, being investigated for anything like that,
10:08	25		he is just not on the radar screen at all in
			4

			——————————————————————————————————————
	1		1969;
	2	А	That's
	3	Q	correct?
	4	А	That's right.
10:09	5	Q	You were aware that the Winnipeg Police
	6		apprehended him in Winnipeg in 1970, he was
	7		actually caught raping someone there?
	8	А	Yes, I'm aware of that, yes.
	9	Q	Now I want to, I'm not sure if you are familiar
10:09	10		with these documents, but I'm going to show them
	11		to you and ask you if you are and then I'm going
	12		to ask you some questions about it. Could we have
	13		document 093349. This is the statement that Larry
	14		Fisher gave on September 19th, 1970 in Winnipeg.
10:09	15		I'm not sure if it's have you seen that
	16		document? This is a statement where he is
	17		apprehended and immediately gives a statement
	18		acknowledging that he had sexually assaulted a
	19		lady or raped a lady in Winnipeg.
10:10	20	А	I don't, I don't recall seeing this statement
	21		before.
	22	Q	Okay. Show document 093357. This is the
	23		information that was laid against I'll just
	24		kind of highlight it, and if we can walk from the
10:10	25		top down to the bottom, yeah, that's good the
			4

	1		information is laid against Larry Earl Fisher
	2		if we can just continue scrolling up he was
	3		charged September 19th with a sexual assault, it
	4		appears as though he appeared February 12th, '71,
10:10	5		waived his right to a preliminary hearing, and
	6		went straight to trial; that's how you would read
	7		that?
	8	A	Yes.
	9	Q	His counsel at that time was an L. Greenberg, so
10:10 1	0		he had a lawyer representing him appears to be the
1	1		case, L. Greenberg counsel for the defence?
1:	2	A	That's what it says, yes.
1	3	Q	And then he is sentenced May 20th, '71 to 6 $1/2$
1	4		years consecutive on each of the two counts, that
10:11 1	5		would be a total of 13 years; that appears to be
1	6		what went took place?
1	7	А	Yes.
1	8	Q	So the charge was laid, the information was sworn
1	9		September 19th, '70, not finally disposed of until
10:11 2	0		May 20th, '71, and that's when he gets his 13-year
2	1		sentence.
2.	2	А	That's what it says, yes.
2	3	Q	Okay. Now I want to go back. Can we have up
2	4		document 261186. Now this is a statement given by
10:11 2	5		Mr. Fisher October 21st, 1970, looks like it's
	II		-

		3
	1	taken by two officers from actually I think it's
	2	the Fort Garry police department, and he goes on
	3	saying:
	4	"Q Do you wish to give a statement?
10:12	5	A Yes. I want to clear up three more
	6	things. The first one was in
	7	Saskatoon sometime around",
	8	thanks, keep on scrolling there:
	9	"I want to clear up three more things.
10:12	10	The first one was in Saskatoon sometime
	11	around this spring. I was downtown, I
	12	seen this girl get on a bus so I got on
	13	to. She got off and I got off to. I
	14	followed her. I grabbed her from the
10:12	15	front, dragged her into the back of a
	16	yard. I took off her clothes and raped
	17	her. This was in the Pleasant Hill
	18	District around Avenue U. It was
	19	around, west of St. Paul's Hospital, I
10:12	20	think. I think the girl was wearing a
	21	dark coat and slacks.
	22	The second one was also in
	23	Saskatoon, near the University. I don't
	24	know what I was doing in that District.
10:13	25	I saw the girl, I followed her, dragged

			1 age 3012
	1		her into a back alley. I tried to rape
	2		her but a car came along and I took off.
	3		This happened this summer, about six or
	4		seven months ago. The girl was wearing
10:13	5		slacks and carried some books."
	6		And refers to a third one in Winnipeg. So he has
	7		given a statement October 21st, 1970 already to
	8		the Winnipeg Police admitting to two rapes in
	9		Saskatoon, or at least one rape and one attempted
10:13 1	0		rape?
1	1	А	Yes.
1:	2	Q	That would be correct?
1	3	А	Yes.
1	4	Q	The statements that were then obtained by
10:13 1	5		Detective Karst and Inspector is it Inspector
1	6		Nordstrom
1	7	А	Yes.
1	8	Q	Inspector Nordstrom, they are October 22nd,
1	9		1970. The one is 012642, that's the first one,
10:13 2	0		that deals with $(V5)$ $(V5)$. I'm not going to
2	1		go through this, but this is where he describes in
2.	2		pretty brief detail his rape of (V5) (V5),
2	3		and it's acknowledged that it was in February in
2	4		1970. He said he thought, I think he refers
10:14 2	5		somewhere he thought it was later, but or
			1

1		sorry, the second one he refers to later than
2		that, February 1970. Would I be correct that by
3		the time, obviously by the time Detective Karst
4		and Mr. Nordstrom or chief or Inspector
<i>10:14</i> 5		Nordstrom went to Winnipeg they weren't going,
6		frankly, to interrogate to get some something new
7		because Fisher had already given the statement to
8		Winnipeg the day before?
9	А	It would appear that way, yes.
10:12 10	Q	And I'm sure you are not sure of what did
11		transpire, but pretty logical that once Winnipeg
12		got the information October 21st, they would have
13		phoned Saskatoon and said hey, we've got a fellow
14		here that says he committed a couple of rapes in
10:12 15		Saskatoon, do you want to talk to him and get a
16		statement from him, that's pretty logical?
17	А	That would be a standard process.
18	Q	And Detective Karst going there with Inspector
19		Nordstrom on October 22nd, it's kind of a done
10:12 20		deal already by that time, this isn't new or
21		revealing, they are basically going to get a
22		statement just conforming what he has already told
23		the Winnipeg police; fair to say?
24	A	Yes.
10:12 25	Q	Inspector Nordstrom, as I understand it, he was

	1		——————————————————————————————————————
			r ago oo i r
	1		the head of morality?
	2	A	He was, yes.
	3	Q	And so logical that he would go along?
	4	A	Yes.
10:12	5	Q	And the (V5) and the second statement that
	6		was given is 012639 and I don't think we have
	7		to well, let's bring it up just for the record.
	8		That's again the October 22nd statement and that
	9		relates to Ms. (V3) and he describes it and
10:13	10		again gives a little bit of detail, not much about
	11		it and says where it took place and so on.
	12		Basically these two matters, (V3) and
	13		(V5), those investigations would fall under the
	14		morality section?
10:13	15	A	Yes.
	16	Q	And logical, therefore, that Inspector Nordstrom
	17		would have been there?
	18	A	Yes.
	19	Q	And I take it the follow-up, if there's even going
10:13	20		to be any follow-up because you've now, this is
	21		more or less a done deal, he has pled guilty, that
	22		would fall to the morality section; in other
	23		words, what are we going to do with these
	24		statements, are there going to be some charges
10:14	25		laid, that sort of thing?
			4

	1	А	Yes.
	2	Q	You mention that, not surprising, Detective Karst
	3		would have gone along because he was a good
	4		investigator and was often sent or occasionally
10:14	5		sent to get statements and that because he did a
	6		good job?
	7	A	Yes.
	8	Q	But once those statements were obtained, this
	9		would be a morality issue and they are going to
10:14	10		decide where they go?
	11	A	That would be the normal practice.
	12	Q	Detective Karst was not in morality?
	13	A	No.
	14	Q	The sentencing takes place on May 21st May
10:14	15		20th, 1970 we saw from the information, he gets a
	16		total of 13 years. Would the would the police
	17		service, Saskatoon Police Service have a role in
	18		arranging the court appearance for Larry Fisher in
	19		Saskatchewan or wherever, would you have a role in
10:15	20		that? Who would make the final call on how that's
	21		going to be dealt with?
	22	A	Well, I would suggest that if it's established
	23		that a crime within the Saskatoon jurisdiction had
	24		occurred and they had support for the crime, it
10:15	25		would be the Saskatoon Police Department's
			4

			——————————————————————————————————————
	1		obligation to prepare the charges and set them.
	2	Q	Now, you prepare the charges. Who's going to deal
	3		with those charges?
	4	A	Normally it would initiate with the division that
10:15	5		is charged with the responsibility. In this case
	6		it was the morality division, they would have the
	7		investigation to that point and they would then
	8		follow it up with
	9	Q	Who would deal with the charges in court?
10:16	10	А	It would be charges would be sought on the
	11		basis, assuming that they are supportable, and
	12		then some officer in the court would swear to the
	13		information and then once the information and the
	14		accused is before the court, the process then
10:16	15		becomes that of the court.
	16	Q	And who discusses with the accused or his defence
	17		counsel what your sentence is going to be, that
	18		sort of thing?
	19	А	It would be the Crown.
10:16	20	Q	The prosecutor would deal with that?
	21	А	Yes.
	22	Q	In this particular case we saw that Mr. Fisher
	23		eventually pled guilty, notwithstanding he had
	24		given his statements already in October of 1970 to
10:16	25		the Winnipeg charges, he didn't plead guilty until

	1		77 0011 1071 1 1 1 1 1 1 1 1 1 7
	1		May 20th, 1971 and at that time got 13 years. He
	2		then came back to Saskatchewan, pled guilty to
	3		four charges here and got concurrent time. Would
	4		the Saskatoon Police Service have been involved in
10:17	5		negotiating whatever agreement there was in terms
	6		of where he's going to plead guilty, what sort of
	7		sentence he's going to get, anything of that
	8		nature?
	9	A	My understanding of that process is that either
10:17	10		the accused or his defence counsel would initiate
	11		that process and that that process would have to
	12		be, if it was going to be heard or dealt with in a
	13		jurisdiction other than the jurisdiction where the
	14		crime occurred, the Attorney General would have to
10:17	15		provide his consent or waive the process.
	16	Q	We saw on the information in the Winnipeg charges
	17		that Mr. Fisher was represented by a Lawrence, or
	18		L, I think it's Lawrence Greenberg, and I think
	19		we'll hear that he similarly represented Mr.
10:18	20		Fisher on the charges in Saskatchewan. Do you
	21		know, to your knowledge, if the Saskatoon Police
	22		Service would have had any direct dealings with
	23		Mr. Greenberg?
	24	А	I don't have any information on that.
10:18	25	Q	And would you expect that they would or would you

	1		expect that that would be dealt with by the Crown
	2		prosecutor's office or the Department of Justice?
	3	A	I was never really involved in that other than a
	4		very general sense, but I would suggest that a
10:18	5		possible way would be the defence lawyer would
	6		contact the Attorney General and then maybe get
	7		direction from the Attorney General and then it
	8		would kind of come back through the Saskatoon
	9		Police Department. As I understand, it did
10:18	10		because there's some correspondence where they
	11		were asked for the summary of those offences that
	12		were going to be dealt with.
	13	Q	So in other words, you were asked for some
	14		information which you provided?
10:19	15	A	Yes.
	16	Q	In terms of negotiating what his sentence should
	17		be, that sort of thing, any indication that the
	18		Saskatoon Police Service was involved in that?
	19	A	No, and usually the police are never involved in
10:19	20		that aspect.
	21	Q	Now, the suggestion was made that Mr. Fisher
	22		didn't receive any time for the offences he
	23		committed in Saskatchewan and I want to ask you
	24		about that. Is it fair to say that circumstances
10:19	25		arise where you would have an accused who is

			, ago co.re
	1		arrested on one or two or maybe more than two
	2		offences, is going to clearly be found guilty,
	3		decides to plead guilty and decides that he's
	4		going to basically clear everything up at the same
10:19	5		time?
	6	А	Yes.
	7	Q	That could happen in some very minor offences,
	8		like, for example I shouldn't describe break
	9		and enter as minor offences, but you might have
10:20	10		someone who's caught on two or three break and
	11		enters, they are prepared to admit to six others
	12		and want to get them cleared up all at the same
	13		time?
	14	А	That's usually my experience has been that
10:20	15		that's usually how these things occur.
	16	Q	And part of the reason for that is that the
	17		individual doesn't want to do time on the first
	18		two break and enters, get released, then gets
	19		charged on the next six and then maybe have to go
10:20	20		back to jail again?
	21	Α	I think that's an element that must cross the mind
	22		of the accused.
	23	Q	And generally if I've got to go to jail, maybe I
	24		might as well get everything cleared up so that
10:20	25		when I get out I can start fresh, so to speak?
		ii .	

	ĺ		——————————————————————————————————————
	1	Α	Yes.
	2	Q	We see that happen with more serious offences as
	3		well, armed robberies for example?
	4	А	Yes.
10:20	5	Q	Someone might have got caught holding up a
	6		7-Eleven and admits to two or three others because
	7		they want to get them all cleared up. Fair to
	8		say?
	9	А	My experience has indicated that's the way it
10:21	10		usually happens.
	11	Q	You would see that and you would have seen that
	12		certainly with sexual assault offences, and I'm
	13		thinking, for example, certainly in the last 20
	14		years we've seen a number of individuals charged
10:21	15		with sexual assaults, residential school
	16		situations, situations like that, positions of
	17		trust, offences laid, charges laid there?
	18	А	In a general sense, yes, I have.
	19	Q	Sure. And it's not uncommon in those
10:21	20		circumstances to see a series of guilty pleas
	21		entered and basically one large sentence imposed?
	22	A	Yes.
	23	Q	And I take it you are not able to comment what
	24		role the Saskatchewan offences had on the 13 year
10:21	25		sentence that he received in Winnipeg?

	ſ	<u> </u>	——————————————————————————————————————
			1 ago 602 1
	1	Α	No.
	2	Q	But in your experience as a police officer, it
	3		wouldn't be unusual that the 13 year sentence was
	4		imposed with some consideration that he's also
10:22	5		going to be giving guilty pleas on some charges in
	6		Saskatchewan as well, that they are going to clean
	7		everything up, that certainly is a possibility?
	8	A	Yes.
	9	Q	And all the more so when we know that when he
10:22	10		entered his guilty plea in Manitoba and received
	11		his sentence on May 20th, 1971, he had already
	12		given statements admitting to at least two of the
	13		offences in Saskatchewan?
	14	А	It would appear that that's what happened.
10:22	15	Q	Okay. The sentencing that took place of Mr.
	16		Fisher in Saskatchewan on December 21st, 1971, I
	17		take it you have no particular knowledge of that?
	18	А	No.
	19	Q	In terms of why that date was picked or whether it
10:22	20		had anything to do with Mr. Fisher or his counsel
	21		wanting that date or that time, you have no
	22		knowledge of that?
	23	А	No knowledge.
	24	Q	Were you aware of anything that prevented the
10:23	25		public from having access to what took place in
		11	

	ı		
			, age 6522
	1		the sentencing of Mr. Fisher in 1971?
	2	Α	No.
	3	Q	Would I be correct that basically criminal record
	4		is public information?
10:23	5	A	Yes.
	6	Q	If the CBC or anybody else wanted to see if Larry
	7		Fisher had a criminal record or had been convicted
	8		of criminal offences, it's available to the
	9		public?
10:23	10	A	I should correct that, I think a conviction is
	11		public.
	12	Q	Yes. A conviction is public record?
	13	A	Yeah.
	14	Q	Now, there was some questions asked about advising
10:23	15		complainants or advising people who have been the
	16		victim of offences as to the outcome of charges?
	17	A	Yes.
	18	Q	Now, I just want to talk in this particular case,
	19		dealing with the $(V2)$, $(V1)$ -, $(V5)$,
10:24	20		(V3) offences, those all would have fallen
	21		under the morality section?
	22	A	Yes.
	23	Q	And in terms of by that I mean the
	24		investigators assigned to those files would have
10:24	25		been all morality officers?

	Ī		——————————————————————————————————————
			. ago 0020
	1	А	I would assume that that was the case.
	2	Q	And would have been overseen by, in this case by
	3		Inspector Nordstrom?
	4	А	Yes.
10:24	5	Q	And in terms of somebody going and advising those
	6		four that charges had been disposed of dealing, or
	7		their charges had been disposed of, would you
	8		normally expect that that would fall to morality?
	9	A	Yes.
10:24	10	Q	Now, we heard from
	11	A	Or somebody on behalf of morality.
	12	Q	They would be the ones giving the directions or
	13		overseeing it I should say.
	14	A	Yes.
10:24	15	Q	We've heard from Ms. (V5), (V5)
	16		testified that she was advised of an arrest and
	17		that the individual was arrested and was
	18		responsible for some other rapes as well, we've
	19		heard that testimony, and I think it's in the RCMP
10:25	20		report of her which is document 254911, and again
	21		I take it you have no knowledge as to how that
	22		came about or sort of why she was told that and
	23		maybe the others weren't?
	24	А	No, and I would have never I wouldn't have been
10:25	25		in a position at that time to really be involved
			Meyer CompuCourt Reporting

			1 age 3024
	1		in that process.
	2	Q	Sure. Could we have up document 105246, and this
	3		is a report of Gus Weir who I understand was a
	4		morality officer?
10:25	5	A	I believe that's right.
	6	Q	And this is a report, February 5th, '71, and so
	7		this would have been after Mr. Fisher had given
	8		his statement, still hadn't the charge hadn't
	9		been disposed of, but given his statement.
10:26	10		"The situation concerning this
	11		occurrence and the alleged mental
	12		condition of the accused was explained
	13		to this girl and her parents. At the
	14		present time these people appear to be
10:26	15		completely satisfied with the actions
	16		taken re this occurrence. This therefor
	17		is a concluded report."
	18		If I can just scroll up a bit I think. Sorry.
	19		Yeah, no, that's it. So it appears as though at
10:26	20		that time Officer Weir, Morality Officer Weir
	21		certainly is advising Ms. (V5) that there is
	22		an accused talking something about the mental
	23		condition, and I'm not going to ask you questions
	24		about that because there are some other documents
10:27	25		that refer to that I think, but talking about the

			——————————————————————————————————————
	1		mental conditions, certainly advising her about
	2		the accused and it appears as though she
	3		considers the matter concluded. I'm sure you
	4		weren't aware that this took place in February,
10:27	5		'71?
	6	A	No, I'm not.
	7	Q	But fair to say it appears as though Morality
	8		Officer Weir is getting back to the victim and
	9		advising her at least of the status of the
10:27	10		situation?
	11	А	That's what it suggests to me.
	12	Q	And in terms of why that doesn't appear to have
	13		happened with the others, you are not sure of
	14		that?
10:27	15	A	No, I don't know.
	16	Q	Now I want to ask you a few questions about the
	17		suggestion that the information about the rapes
	18		and sexual assaults took place was somehow hidden
	19		from Mr. Milgaard or his defence counsel in 1969
10:28	20		and early 1970 when he went to trial. First of
	21		all, was there any attempt on your part, you
	22		personally, to try and hide that information from
	23		either Mr. Milgaard or his defence counsel or
	24		anyone on behalf of Mr. Milgaard?
10:28	25	А	No.

	1	Q	Are you aware of any effort by any members of the
	2		Saskatoon Police Service, and specifically
	3		Detective Karst or anyone else, to try and hide
	4		that information from Mr. Milgaard?
10:28	5	A	I'm not aware of anything of that nature.
	6	Q	Now, Mr. Fisher has been referred to as a serial
	7		rapist and are you I don't know if you can
	8		comment on this in terms of how well it was known
	9		in 1968 into 1969 and early 1970 that someone had
10:29	10		committed or was alleged to have committed a
	11		number of sexual offences. Do you know how
	12		wide-spread that information might have been?
	13	A	It's kind of hard to assess that at this stage of
	14		the game because of the time frame. I'm sure
10:29	15		I'm sure that the presence of those types of
	16		crimes would have been a concern to the community
	17		and of course to the police service.
	18	Q	Okay. We've referred to document 050611 and if we
	19		can just bring that up if you could, and that's
10:29	20		just the publication that took place on page 3 of
	21		the StarPhoenix December 14, '68 issuing a warning
	22		about two instances of alleged rape and an assault
	23		that were brought to the police's attention,
	24		Riverdale area and one at the university, telling
10:30	25		people to be on the look-out, be careful, and I
		Се	Meyer CompuCourt Reporting ————————————————————————————————————

			Page 9827
	1		don't know if you said whether you had any
	2		specific recollection of that being put out or
	3		not?
	4	А	No, I didn't. I think this is the first time I've
10:30	5		seen this.
	6	Q	Okay. But it has been established that was put
	7		out there, so certainly there's some public notice
	8		gone out, be on the look-out?
	9	A	And I'm not surprised at that.
10:30	10	Q	Okay. I'm going to ask if we can have document
	11		050612, this is a copy of a publication of a
	12		February 3rd, 1969 edition of the StarPhoenix and
	13		it starts out, if I can highlight that paragraph:
	14		"A \$2,000 reward was authorized today by
10:30	15		the Board of Police Commissioners for
	16		information leading to the apprehension
	17		of the slayer of Gail Miller."
	18		And gives the address there. If we can go on, if
	19		I can just look at this area here, highlight that
10:31	20		if I could, thanks:
	21		"One of the possibilities being
	22		investigated by the police is that the
	23		attacker was a rapist who was active in
	24		the city last fall.
10:31	25		She had been dead about an hour

			——————————————————————————————————————
			1 ago 0020
	1		before her body was found by a child
	2		Friday morning about 8:30.
	3		Police have issued a plea to
	4		all citizens to contribute any
10:31	5		information which might aid in the
	6		investigation."
	7		I'm not sure, do you recall this publication?
	8	А	I don't recall it. I do recall that there was a
	9		reward posted, I recall that, but I don't
10:31	10		specifically recall this, and it doesn't suggest
	11		that I didn't see it at the time, I just don't
	12		remember.
	13	Q	Sure, I appreciate that. But certainly it seems
	14		to be sending out the message to the public that
10:31	15		this murder might be related to the attacker who
	16		was a rapist active in the offences in the fall?
	17	А	Yes.
	18	Q	If we can put up document 050613, this is a
	19		similar story that appeared in the Regina
10:32	20		Leader-Post February 4th, '69, first paragraph
	21		there sorry, yeah.
	22		"Police are investigating the
	23		possibility that the person who slashed
	24		a 20-year-old nurses' aide to death
10:32	25		Friday may be the same person who
			1 2 2 2 3

	1		attacked three women here last fall."
	2		This is story originating out of Saskatoon.
	3		"Last fall police said that they
	4		believed one man was responsible for two
10:32	5		rapes and one attempted rape of women on
	6		city streets."
	7		Again, this a Leader-Post article, but would it
	8		be fair to say that this seems to be saying to
	9		the public, you know, we think it could be the
10:32	10		same person, might be, might not be, but we're
	11		concerned it might be the same person; correct?
	12	Α	That's what I would assume, yes.
	13	Q	And then if we could put up document 050614, this
	14		is a February 6, '69 article, "Purse yields no
10:33	15		fingerprints," and I think you already referred to
	16		that, checked the purse for fingerprints, didn't
	17		find anything, and then we've got a statement by
	18		Superintendent Wood:
	19		"Supt. Wood said women who have recently
10:33	20		been indecently assaulted and had not
	21		pressed charges or reported the
	22		incidents were now coming forward to the
	23		police."
	24		Again, it seems to be referring, okay, we've got
10:33	25		other matters, people are coming forward, that

	1		sort of thing. It's interesting, the (V9)
	2		report, although the incident occurred January
	3		15th, '69, the report she brought in on February
	4		6th, '69. I'm not sure if that's what
10:33	5		Superintendent Wood is referring to, but again it
	6		seems to be at least you are telling the public
	7		there might be some connection?
	8	Α	Yes.
	9	Q	When this matter proceeded to preliminary hearing,
10:33	10		to trial, did you have any reason to believe that
	11		Mr. Milgaard or his counsel or anybody else on his
	12		behalf wouldn't have been aware of these sort of
	13		rather public stories that were out there, that
	14		someone had committed some sexual offences that
10:34	15		might have been the same person?
	16	Α	I would not be knowledgeable on those things.
	17	Q	You had no indication of that one way or the
	18		other?
	19	Α	No.
10:34	20	Q	I want to ask you, do you recall, sir, getting any
	21		requests, did you receive any request on behalf of
	22		Mr. Milgaard or on behalf of his counsel or anyone
	23		on his behalf saying 'lookit, can you give us some
	24		information about these other offences, can you
10:34	25		tell us about them, these are reported'?

	ı		——————————————————————————————————————
			r ago ooo r
	1	A	No, I don't have that information. I've never
	2		had.
	3	Q	Do you know if you received any request to supply
	4		information on any of the people that you had
10:34	5		considered as possible suspects in the death of
	6		Gail Miller?
	7	A	No.
	8	Q	In 1969 let me ask you this question, I want to
	9		talk about disclosure, disclosure of information
10:35	10		by to defence counsel. First of all, in 1969
	11		and 1970 were the police directly involved in
	12		delivering disclosure to defence counsel?
	13	A	I would say no. I think they would respond to
	14		direction from the Crown.
10:35	15	Q	So the communication in terms of I want disclosure
	16		if I'm defence counsel or here is disclosure if I
	17		am the Department of Justice or Crown prosecutor,
	18		that would take place between the Crown prosecutor
	19		and defence counsel?
10:35	20	A	That was my understanding.
	21	Q	Direction would be you being told by the Crown get
	22		this information for me because I want to pass it
	23		on to the defence, something of that nature?
	24	A	Yes.
10:35	25	Q	And we know, and I as a defence counsel know that
			4

	F		——————————————————————————————————————
			ŭ
	1		things evolved with disclosure after the Charter
	2		was implemented, after the Stinchcomb decision
	3		came down. Do you know what I mean when I refer
	4		to the <u>Stinchcomb</u> decision?
10:36	5	Α	Yes.
	6	Q	Can you tell us what that is?
	7	A	Well
	8	Q	Just as your understanding of it.
	9	A	My understanding is that there was a the case
10:36	10		had provided for the required sharing of
	11		information with defence on cases. That's
	12		basically the limit of my understanding.
	13	Q	Sure. That was a decision of the Supreme Court of
	14		Canada?
10:36	15	A	Yes, I would assume.
	16	Q	And certainly after the Charter and after the
	17		Stinchcomb decision came down, the disclosure
	18		obligations changed quite significantly?
	19	А	My understanding is that they are now, it's an
10:36	20		obligation to provide.
:	21	Q	1969, 1970 would have been prior to the
:	22		implementation of the Charter and prior to
:	23		Stinchcomb?
	24	A	That's the way I understand it.
10:37	25	Q	I'm jumping around a little bit, but there's a

		——————————————————————————————————————
1		couple of areas I want to cover. Sexual assaults
2		and rapes were dealt by the morality section of
3		the Saskatoon Police Service in 1969-'70?
4	А	Yes.
10:37 5	Q	Was that still the situation when you retired as
6		chief in 1991?
7	A	I'm not certain. At some point we started to
8		amalgamate some of the police, police divisions,
9		and I can't be certain. I think at some point,
10:37 10		and I may be wrong, at some point morality and
11		detectives were amalgamated.
12	Q	Can you tell me what else was dealt with by
13		morality in 1969, what other types of offences or
14		areas of question?
10:37 15	А	Well, they would deal with situations of lesser
16		importance such as bootlegging and gaming and that
17		type of thing, that would be, that would also fall
18		into the area of morality, sudden deaths. When I
19		say sudden deaths, these are deaths that occur at
10:38 20		home usually of natural causes, but in any event,
21		there has to be an examination by police and the
22		involvement of the coroner, those are the kinds of
23		issues that suicides, sometimes suicides fell
24		into that situation, suicide was obvious and of

course morality would tend to that.

10:38 25

			G
	1	Q	In terms of sudden deaths, would it be fair to say
	2		if there was any indication of sort of foul play
	3		or that it wasn't just a natural death, so to
	4		speak, that it would then be moved over to the
10:38	5		detective section?
	6	А	Yes, and it would probably be jointly approached.
	7	Q	Looking back on it now in 2005, looking back on
	8		the situation in 1969, rapes, and in this case
	9		we're dealing with some very, very serious rapes,
10:39	10		and by that I mean, you know, of individuals who
	11		suffered greatly because of them, they sort of
	12		stand out in morality as being an extremely
	13		serious offence that's lumped in with a number of
	14		other offences that just aren't very serious?
10:39	15	А	I think that's a fair assessment, yes.
	16	Q	Would it be fair to say that maybe our thinking
	17		has changed a bit on that, that the police
	18		service's thinking has changed on that a bit over
	19		the years to sort of move those type of offences
10:39	20		more into the category of murder and serious
	21		assaults, that sort of thing?
	22	А	I would think that possibly that is occurring.
	23		I've been away from police work for over 13 years
	24		and I'm not sure what's happened since I've been
10:40	25		away, but the thinking was already there before I

1 left and I'm not just quite certain when we 2 started to restructure the organization of the 3 police department to include those offences as I 4 had suggested earlier. I think we amalgamated 5 morality and the detective division. There was 10:40 also a youth section that was involved there and I 6 7 think that was separated for the very need to deal 8 because eventually you had to deal with youth in a 9 different way than you did with adults. 10:40 10 Although I think you've indicated this, you would 11 hope that there would be communication between, 12 say, the morality section and the detective 13 section. The fact, however, that you had two 14 different sections, one section is dealing with an 10:41 15 offence and this section, the detective section is 16 dealing with the murder and they are separated can 17 create some communication problems? 18 Oh, there's no question about it, that's always, Α 19 always a concern throughout an organization such 10:41 20 as the police department. There's -- when I left 21 there I think there was over 400 police officers. 22 The incidence of the work load had increased very 23 much, the population of the city had increased 24 very much, and it became a greater concern as the 10:41 25 city grew.

			5
	1	Q	And in this particular situation, the Gail Miller
	2		situation, although notwithstanding that you
	3		looked at the possibility the perpetrator of the
	4		rapes may have also been the murderer of Gail
10:41	5		Miller, the fact remained that the rapes were
	6		being investigated by morality and the murder was
	7		being investigated by the detective section; would
	8		that be correct?
	9	A	Yes.
10:42	10		MR. FOX: Mr. Commissioner, I'm not sure
	11		when you wanted to break for the morning. I can
	12		carry on here for a while yet.
	13		COMMISSIONER MacCALLUM: At 11.
	14		MR. FOX: At 11, 15 minutes?
10:42	15		COMMISSIONER MacCALLUM: Oh, no, sorry,
	16		I've got my times wrong. We can break now.
	17		MR. FOX: Thanks.
	18		(Adjourned at 10:42 a.m.)
	19		(Reconvened at 11:05 a.m.)
11:05	20		MR. FOX: Mr. Commissioner, it's great to
	21		have all this backing back here, because they can
	22		correct my errors. I made another error, Mr.
	23		Penkala, so don't feel bad.
	24		I you asked for a document
11:05	25		number, this was referring to the RCMP report
		II	•

	1	that indicated the time to walk, I think, from
	2	the Gail Miller location to the (V4) location,
	3	and I gave you an incorrect number. The number
	4	for that report, the correct number
11:05	5	COMMISSIONER MacCALLUM: Just a minute, if
	6	I can get back to it here, please.
	7	MR. FOX: It's an 02 number.
	8	COMMISSIONER MacCALLUM: Well, I'll go
	9	through it later, just give it to me.
11:05	10	MR. FOX: Okay. And the correct number,
	11	it's the RCMP report, and it's 023167, that's the
	12	document number. I made reference to, I think,
	13	page 223, which was the page number, I can't
	14	remember that offhand.
11:06	15	COMMISSIONER MacCALLUM: Oh yes, yeah.
	16	MR. FOX: But that's the correct document.
	17	BY MR. FOX:
	18	Q Now, Mr. Penkala, a couple more questions. I just
	19	want to bring up, if I could, the (V5) (V5)
11:06	20	statement that was given in October of 1970, and
	21	that's document 012642, and if we look at if we
	22	look at that down right about there, if we could
	23	highlight that part, it looks like Mr. Fisher was
	24	asked about where he was living on the date of
	J	

this offence, and this was in February of 1970:

11:06 25

		, ago occo
	1	"Q On that date do you remember where you
	2	were living?
	3	A Yes, I lived at 1824 Avenue D North."
	4	would have been the indication of his address
11:07	5	there. If we can look, then, if you can bring up
	6	the (V3) statement and
	7	COMMISSIONER MacCALLUM: And when was that
	8	date?
	9	MR. FOX: Sorry, that was the date, I think
11:07	10	he was asked where he was living the date of the
	11	offence, which would have been February of 1970.
	12	COMMISSIONER MacCALLUM: All right.
	13	BY MR. FOX:
	14	Q And then if you can bring up the (V3)
11:07	15	statement, and that's 0126 012639. Thanks.
	16	And the question was asked, now we're talking
	17	about November '68 offence so the question was
	18	asked:
	19	"Q Did you live in Saskatoon around
11:07	20	November of 1968",
	21	and he answered:
	22	"A Yes, probably at 512 Avenue F South or
	23	1530 Avenue C North."
	24	And I think, if you read through the two
11:08	25	statements, there is no indication that he lived,
		Mover CompuCourt Paparting

			——————————————————————————————————————
	1		at some point in time, at 334 Avenue O South, and
	2		that, of course, would have been the address
	3		where Albert Cadrain lived and Larry Fisher
	4		apparently lived in the basement.
11:08	5	A	Yes. Pardon me, yes.
	6	Q	Are you aware of any information coming to you, or
	7		coming to the Saskatoon Police Service in the fall
	8		of 1970, indicating that Mr. Fisher had lived, at
	9		one time, at 334 Avenue O South?
11:08	10	A	Umm, I don't recall in my personal knowledge.
	11	Q	There is none in the statements that were obtained
	12		and you have no recollection of that either?
	13	А	That's right.
	14	Q	I want to talk just a little bit about Linda
11:08	15		Fisher, and she was the wife, ex-wife of Larry
	16		Fisher, who came in and apparently spoke at the
	17		police station and gave a statement, or a report
	18		at least, I think in 1980 it was, and you indicate
	19		that you have no recollection of that?
11:09	20	А	That's, that's correct.
	21	Q	And no recollection of what follow-up that took
	22		place with that statement?
	23	A	That's right.
	24	Q	Okay. Now would I be correct just in general
11:09	25		terms, speaking to you as a former police officer,

	1		if I received a statement like that ten years
	2		after the fact from an ex-wife at 4:20 in the
	3		morning who was drinking, and perhaps some
	4		suggestion that there had been recently announced
11:09	5		a \$10,000 reward, I might at least initially view
	6		it with some skepticism?
	7	A	Umm, I think, I think that's reasonable to assume
	8		that.
	9	Q	Those are all just factors that would go into
11:09	10		where you go with that?
	11	A	Yes.
	12	Q	Am I correct that certainly, prior to 1980, there
	13		had been never any record that you are aware of,
	14		or knowledge that you have, of hearing anything
11:10	15		from Linda Fisher, or anyone on her behalf, that
	16		Larry Fisher might have somehow been involved in
	17		the death of Gail Miller?
	18	A	I'm not aware of anything.
	19	Q	Can you bring up document 213637, please. I'm
11:11	20		sorry, it might be 213627 yes, 627, I'm sorry.
	21		Thanks. This was a letter of Mr. Merchant, who
	22		appears to have been then counsel for Mr.
	23		Milgaard, that Ms. Knox had pointed out and
	24		Commission Counsel had then produced. It's dated
11:11	25		October 12th, 1983, it's a letter sent by

			——————————————————————————————————————
	1		Mr. Merchant to a process serving company, and in
	2		the last paragraph if I could just highlight
	3		that the letter begins asking him to try and
	4		locate these people, and reference there is to:
11:11	5		"Linda Fisher."
	6		Referred to:
	7		"In 1969 she lived at 334 Avenue O
	8		South, Saskatoon, Saskatchewan. She
	9		married Larry Fisher who is presently in
11:11	10		prison for a rape charge."
	11		Do you remember any contact by anyone on behalf
	12		of David Milgaard in 1983, or through the balance
	13		of the 1980s, asking you for information about
	14		Linda Fisher or Larry Fisher?
11:12	15	A	No.
	16	Q	I want to just, I'm go back to 1969. When we
	17		look at the reports it looks like Mr. Karst, then
	18		Detective Karst, didn't have very much involvement
	19		with the Gail Miller murder investigation
11:12	20		throughout the month of February 1969; I don't
	21		know if you have any recollection of that or not?
	22	А	Umm, in a general sense, I recall that
	23	Q	And it looks like his first significant
	24		involvement, I think he had did some
11:12	25		house-to-house in questioning the very first
			1

			1 age 3042
	1		day, but after that the first significant
	2		involvement seems to be when he was asked to take
	3		the statement from Albert Cadrain on March 2nd,
	4		1969?
11:13	5	A	That's consistent with my understanding, yes.
	6	Q	You had written the letter that we've already
	7		referred to February 5th, 1969 to the RCMP seeing
	8		if they could come up with anybody that might have
	9		committed a similar offence, that sort of thing?
11:13	10	A	Yes.
	11	Q	And I'm assuming, from February 5th through to
	12		March 2nd, 1969, you were also at least looking at
	13		the other rapes to see 'is there any suspect that
	14		we can identify in those offences, or one of those
11:13	15		offences, that we might be able to connect to the
	16		Gail Miller matter'?
	17	А	Yes.
	18	Q	And it would be fair to say that by March of 1969,
	19		when Detective Karst became involved in the file,
11:13	20		nobody had been identified to fit that category?
	21	А	That, in my, in my knowledge, is consistent, yes.
	22	Q	And Detective Karst would have been become
	23		involved essentially when David Milgaard was
	24		identified as really the first suspect that you
11:14	25		had where you had direct evidence that he may

			——————————————————————————————————————
	1		have, someone may have been involved in the death
	2		of Gail Miller?
	3	А	Yes.
	4	Q	The (V1) and I realize you weren't in
11:14	5		morality, but the (V1)- raped occurred in October
	6		'68 and the (V2) one in November of '68, I'm
	7		assuming morality would have been investigating
	8		those offences on an ongoing basis from the time
	9		they were occurred and reported to try and find
11:14	10		a suspect?
	11	А	That would be my assumption as well.
	12	Q	And certainly by March 2nd, '69, we're now four or
	13		five months down the road after those offences, no
	14		suspect had been identified?
11:14	15	A	Not to my knowledge.
	16	Q	Umm, there was a suggestion put to you in
	17		cross-examination by Mr. Lockyer that, after the
	18		meeting of May 16th, 1969, the so-called theory
	19		that one person may have been responsible for all
11:15	20		of these offences was basically never looked at
	21		again; do you remember that suggestion being put
	22		to you?
	23	А	Yes.
	24	Q	And I understand that maybe we can just bring
11:15	25		this document up, and I'm not sure if I gave this
			4

			Page 9844 ————
	1		to you ladies or not, but 042513. This is a
	2		report, and I think it's dated May 28th, 1969 by
	3		sorry if we can highlight that there I
	4		think it's Morality Officer Cressman?
11:15	5	А	Yes.
	6	Q	And, looking at the report, I'm not sure if we can
	7		looks like he has got some follow-up on the
	8		files, some further discussions with Ms. (V1)-,
	9		and it concludes he hasn't been able to locate
11:16	10		Vince Silvester:
	11		"I would respectfully suggest
	12		that due to the length of time this file
	13		has been open and all leads have been
	14		followed up, and nothing further has
11:16	15		been learned about the person
	16		responsible this file be closed. In the
	17		event that any new information comes to
	18		light this file could then be opened."
	19		So it appears as though May 28th, 1969 this
	20		so-called theory, I guess, was being addressed,
	21		at least to the extent that you just couldn't
	22		find anybody that you could connect to the (V1)-
	23		offence?
	24	A	It appears that that, that was obviously the
11:16	25		conclusion of the investigator, and that's not

			1 age 3043
	1		unusual.
	2	Q	Sure. And if we go back, your theory so to speak,
	3		and a logical one it was at the time, kind of came
	4		up very quickly after the Gail Miller murder, you
11:17	5		wrote February 5th, '69. But if we can just bring
	6		up the RCMP report, the May 7th, '69 report,
	7		250597, now this report is it's date-stamped
	8		May 16th, '69, it's dated May 7th, 1969, so this
	9		is February to March, March to April, April to
11:17	10		May pretty much three months since the theory
	11		was espoused, and would it be fair to say that by
	12		May 7th of 1969, some three months after this
	13		theory was espoused, you still hadn't come up with
	14		any suspect that was connected to all of the
11:18	15		offences?
	16	A	It would appear by this report.
	17	Q	Fair to say by May 7th, '69 you had David
	18		Milgaard, who was a suspect in the Gail Miller
	19		murder; correct?
11:18	20	A	Yes.
	21	Q	But you still didn't have any other suspects on
	22		the other offences?
	23	А	It would appear that way, yes.
	24	Q	And I'm going to suggest to you that there appears
11:18	25		to have been some fairly extensive work to try and \P

			o
	1		find a common suspect but you just weren't getting
	2		anywhere in that?
	3	А	A person can certainly assume, and I think that
	4		would be a very accurate assumption by the fact
11:18	5		that
	6	Q	Well just, if we could look at paragraph 15 for
	7		example I'm sorry, I'm giving you paragraph
	8		numbers, not page numbers but paragraph 15 is
	9		sets out very clearly reference to the $(V4)$,
11:18	10		(V4) $(V4)$ matter and the circumstances of
	11		it, so it would appear as though (V4) was
	12		looked at as another possible, possible lead,
	13		possible similar offence. And it concludes, the
	14		review concludes:
11:19	15		" $(V4)$ was again interviewed by Insp.
	16		Riddell, however she was unable to
	17		enlarge on any of the information
	18		already given to the City Police."
	19		I'm not sure if you have a recollection of that
11:19	20		but it appears as though you investigated it, and
	21		the RCMP came in, they investigated it, you just
	22		weren't getting any more from her?
	23	А	It would suggest that, yes.
	24	Q	I want to, if we could, move to paragraph 19. If
11:19	25		we go to paragraph 19, that's where it begins, it

1 lists the other two rapes and attempted rape that 2 occurred in '68 that felt there might be some 3 similarities. If we could go to the next page it 4 lists the three, again (V1)-, (V2)----, 5 (V3)----. If we could go to paragraph 20, some 11:19 6 more follow-up: 7 "As none of the exhibits obtained in any 8 of the above cases had been analyzed by 9 our Laboratory, it was suggested that 11:20 10 this be done in order to establish 11 whether or not the person responsible in 12 these incidents was the same one 13 responsible for the Miller murder. 14 Accordingly, on 20 March 69 exhibits 11:20 15 obtained from (V2) (V2)- (V2)---- and 16 (V1)--- (V1)- were transported to 17 C.D.L., Regina for serological examination." 18 19 And it goes on to describe what was -- go to 11:20 20 paragraph 21: 21 "As a result of the foregoing, it is 22 felt there is a strong possibility the 23 three rapes and the murder are directly 24 connected. In view of this, extensive 11:20 25 interrogation was conducted with

Meyer CompuCourt Reporting =

	1		(V2) with negative results. She,
	2		however, did indicate and named a person
	3		who was later interrogated and submitted
	4		to a blood test which indicated he was a
11:20	5		member of the O Group. These three
	6		girls have been interviewed at length to
	7		no avail. All stated that they have not
	8		seen a person as described in their
	9		statements nor have they any idea who
11:21	10		may have been responsible."
	11		Once again, it appears as though there had been
	12		some follow-up by the RCMP to what you did, being
	13		the Saskatoon Police Service, and they are still
	14		not coming up with anybody?
11:21	15	A	That's what it appears to say.
	16	Q	And I think that conclusion is reinforced on
	17		paragraph 32, which is at 607, right at the
	18		bottom:
	19		"As it is believed that the rapes which
11:21	20		occurred in this area in the late fall
	21		of 1968 are definitely connected to this
	22		offence and were committed by the same
	23		person, local individuals who have been
	24		interrogated have fitted the
11:21	25		descriptions as given by (V2),

			r age 9049
	1		(V1)- and (V3) Attempts to
	2		uncover further information in this
	3		respect have been to no avail.
	4		Searches, etc. have been conducted in an
11:21	5		effort to recover clothing lost by the
	6		victims, also without result."
	7		Is it fair to say that you investigated, the RCMP
	8		came in, they took a look at it, investigated,
	9		there was a theory but by May of 1969 no common
11:22	10		suspect was found
	11	A	I
	12	Q	by yourself or by the RCMP?
	13	A	That's the way it appears to me, yes.
	14	Q	And what you had in May of 1969 was evidence which
11:22	15		pointed directly towards David Milgaard in
	16		relation to the murder of Gail Miller; correct?
	17	A	Yes.
	18	Q	I have asked you some questions about Mr. Karst.
	19		Umm, based on your dealings with Mr. Karst over
11:22	20		the 50 years that you have known him, your
	21		supervision of him when you were a senior officer
	22		and ultimately the chief, do you; what do you
	23		think is the likelihood that he would have coerced
	24		a statement out of Nichol John, Ron Wilson, Albert
11:22	25		Cadrain implicating Gail Miller or implicating
			Meyer CompuCourt Reporting

			r ago occo
	1		David Milgaard?
	2	A	I have never known Mr. Karst to be in that
	3		particular area at all, I have never known him to
	4		attempt that, and while I didn't always work with
11:23	5		him I just don't see it in his character.
	6	Q	Detective Karst is going to be, or former
	7		Detective Karst is going to be able to testify,
	8		Lieutenant Short is deceased, and Mr. Pringle and
	9		I were commiserating, we hope there isn't an
11:23	10		inquiry 30 years from now about this Inquiry and
	11		we're deceased, because the last thing I want to
	12		have is people talking about me when I'm dead and
	13		you are not here to defend yourself. But
	14		Lieutenant Short, I'm just going to ask you, can
11:23	15		you tell me what your impressions were of
	16		Lieutenant Short in terms of his honesty or the
	17		possibility that he might have been involved in a
	18		coverup or fabricating evidence, anything like
	19		that?
11:23	20	А	I simply would not pardon me I just would
	21		not see that in Mr. Short neither.
	22	Q	We've talked a little bit, and there's been some
	23		documentation filed at the outset which sort of
	24		lists the hierarchy, if I can describe it as that,
11:24	25		in 1969. And you had the chief, the deputy chief,

	Г		
			, ago oco ,
	1		and then the superintendent of criminal
	2		investigations, that would have been
	3		Superintendent Wood. He would have overseen all
	4		criminal investigations, that included your
11:24	5		department as well, as I understand it?
	6	A	Yes.
	7	Q	And then the three divisions, detective, morality,
	8		and investigation; detective would be headed up by
	9		Lieutenant Short?
11:24	10	A	Yes.
	11	Q	And morality would have been headed up by
	12		Inspector Nordstrom?
	13	A	Yes.
	14	Q	And then you would have headed up the ident?
11:24	15	A	That's right.
	16	Q	Would you three have been considered equal rank?
	17	A	No, I was of a lesser rank as was Lieutenant
	18		Short, and
	19	Q	So Inspector Nordstrom would have been the highest
11:24	20		rank of the three?
	21	A	He was, yes.
	22	Q	Okay. And just going to detectives, below
	23		detectives you would have then had detective
	24		sergeants, that would have been Mackie, Reid,
11:25	25		Porter and Ward; those were

			C
	1	А	Yes.
	2	Q	Okay. And then below that you then have the
	3		detectives, and there is a number of them, and
	4		that's where we would find Eddie Karst?
11:25	5	А	That's correct.
	6	Q	In terms of and I don't think Mr. Karst is
	7		going to suggest otherwise, that he wouldn't have
	8		had input in terms of the investigation, that sort
	9		of thing but in terms of overall direction of
11:25	10		the investigation or decision-making would I be
	11		correct that he, as a detective, would not have
	12		had a direct role in that, so to speak?
	13	A	Yes, I think that's fair. He would certainly have
	14		an opportunity to seek direction and provide
11:25	15		input, but it wouldn't be left to his own, his
	16		own
	17	Q	It wouldn't be what?
	18	А	It wouldn't be left to his own devices to continue
	19		with things.
11:25	20	Q	So Detective Sergeant Mackie or perhaps Lieutenant
	21		Short might say 'we're going to go this direction,
	22		follow up on this', and he would do that?
	23	А	Yes.
	24	Q	And would report back?
11:26	25	A	Yes, he would be obligated to do that.
			4

		——————————————————————————————————————
1	Q	And, in reporting back, might give his comments or
2	~	opinions or views about what he thought about what
3		
	_	he found; that sort of thing?
4	A	Yes.
11:26 5	Q	And might also give input as to where he thought
6		you should go in the next step?
7	А	Yes.
8	Q	But, ultimately, that decision would have been
9		made by someone higher up than him?
11:26 10	А	By his supervisor, yes.
11	Q	You were asked repeatedly about your position on
12		the conviction of David Milgaard and whether it
13		was correct or incorrect, or whether Mr. Milgaard
14		was innocent, as information began to come out
11:27 15		about the possibility that Larry Fisher was
16		involved, or some third party was responsible for
17		all of these offences; you obviously recall that,
18		those questions that were put to you?
19	A	Yes.
11:27 20	Q	As a police service in, or as a police officer in
21		1969-1970, after a trial takes place, and more
22		significantly I suppose a conviction is entered,
23		is there any general follow-up by a police officer
24		or a police service on a matter at that particular
11:27 25		point in time? I'm just trying to get some idea
		Meyer CompuCourt Reporting ————————————————————————————————————

1 of kind of your mindset at the time, or what do 2 you do with that file, so to speak, after it's 3 gone to the Crown, a decision has been made to lay 4 a charge, it's gone through trial and there has 5 now been a conviction; where are things at then, 11:28 now, as far as the police service goes? 6 Well I, I think I mentioned it throughout my, or Α 8 at some point during my testimony. Usually the 9 police officers had workloads that were very 11:28 10 heavy, and once a conviction was obtained and more 11 or less a conclusion to an investigation had 12 occurred, the -- the common-sensical thinking 13 would be 'well, I'm not worrying about that any 14 more, I have set that aside and I have got so many ahead of me'. So I think that was a general 11:28 15 16 attitude by investigators, it's no longer valid. 17 If something would bring it back 18 to light, well then that was a different 19 situation, but generally, yes, the investigators 11:28 20 would put that aside and not worry about it any 21 more. 22 Did you have any ability, as a police service, to 23 deal with a conviction once it was done? 24 did you have any ability to say 'we're going to 11:29 25 set aside this conviction'; anything like that?

Meyer CompuCourt Reporting =

			——————————————————————————————————————
	1	A	In terms of setting aside the conviction?
	2	Q	Yeah?
	3	A	I don't think it was necessary. It would be known
	4		to the investigator, the file would indicate, at
11:29	5		some point would indicate that it went to trial,
	6		there was a conviction obtained, and it would be
	7		almost a procedural conclusion of that file which
	8		then would go into storage.
	9	Q	And in terms of, I suppose, carriage of what
11:29	10		happens after that, if somebody is coming along
	11		saying 'there is a problem with this conviction'
	12		or something like that, who is sort of overseeing
	13		that process, at least from your perspective?
	14	A	Well from my perspective, and relating to this
11:29	15		situation where there was a conviction, I would
	16		I would have only acted on direction from the
	17		Justice Department saying 'look, we now have some
	18		concerns, we want to look at this', there probably
	19		would be opportunity to weigh it in terms of
11:30	20		whether the Saskatoon Police force was the
	21		appropriate agency to deal with a reinvestigation,
	22		but in any event I would seek the direction of the
	23		Attorney General.
	24	Q	Umm, Mr. Penkala, just you yourself, going back to
11:30	25		1970, did you take some comfort in the fact that,
			1

	1		for example, a Crown prosecutor had looked at this
	2		and decided that a charge should go ahead, that a
	3		prelim was held, that a trial was held, that an
	4		appeal took place, that he had a that Mr.
11:30	5		Milgaard had the benefit of what I think you would
	6		agree would have been seasoned, experience defence
	7		counsel at the time; did you take some comfort in
	8		that, that, you know, that the process basically
	9		worked, or went through or appeared to have
11:31	10		worked?
	11	A	I was satisfied and accepted that and took a view
	12		that the conviction was appropriate, and I more or
	13		less stayed with that thought until the very end.
	14	Q	Umm, I'm going to ask to bring up document 216059.
11:31	15		This is a letter, a copy of a letter that was
	16		apparently sent by then by Mr. Merchant, then
	17		counsel for Mr. Milgaard, to Justice Tallis
	18		then Justice Tallis, who was his counsel.
	19		"Since it is some time since we spoke, I
11:31	20		write to remind you that I am
	21		particularly interested in the
	22		instructions given by Mr. Milgaard and
	23		the reason why he did not testify. If
	24		he in fact admitted that he committed
11:32	25		the crime, then I would like to know."

	1		——————————————————————————————————————
	1		I think it's common ground, and you well know,
	2		there is no obligation on an accused to testify
	3		and there's no adverse conclusions,
	4		evidentiary-wise, that could be drawn from that
11:32	5		fact; you would be aware of that?
	6	А	Yes.
	7	Q	Having said that, were you aware that Mr. Milgaard
	8		had not testified at his trial in 1970?
	9	А	Yes, and and I yes, and then later, of
11:32	10		course, I wondered why he hadn't.
	11	Q	Just something else that you looked at and kind of
	12		had, the fact that he hadn't stood up at his trial
	13		under oath and said 'I didn't do this', did that
	14		play any part in looking at 'maybe we've got the
11:32	15		right guy here'?
	16	A	Oh, of course, yes.
	17	Q	The Supreme Court issued a decision in this
	18		matter. On the Milgaard review, it was issued
	19		April 14th, 1992. I'm assuming you were aware of
11:33	20		all I think you testified, did you testify
	21		before the Supreme Court?
	22	A	No I did not.
	23	Q	Did not? You were aware of the review that was
	24		taking place before the Supreme Court?
11:33	25	А	Yes, via the
		Ī	

			Page 9858 ————
	1	Q	Hearing about it?
	2	А	Yes.
	3	Q	And were aware that a number of people testified
	4		there?
11:33	5	A	Yes.
	6	Q	David Milgaard testified; were you aware of that?
	7	A	I guess maybe I was. I'm not quite certain.
	8	Q	Were you aware, were you made aware or become
	9		aware of the decision that was issued by the
11:33	10		Supreme Court?
	11	A	At some point I had got a copy of the decision.
	12	Q	Could we bring up document 160801. Now I think we
	13		know that on the reference David Milgaard
	14		testified, Mr. Justice Tallis testified, Linda
11:33	15		Fisher testified, Larry Fisher testified, those
	16		are all people who gave evidence, Eddie Karst
	17		testified and a number of other people. If we can
	18		turn to page 804 of the document at number 804,
	19		this is the finding as issued by the Supreme Court
11:34	20		April 14th, '92. Now this would have been,
	21		obviously, after all of the information about
	22		Fisher's involvement in the other rapes that took
	23		place, and that Fisher had come forward, but we
	24		didn't have the benefit of any DNA evidence at
11:34	25		that time. Paragraph 3:
		1	

	1		"It is appropriate to begin by stating
	2		that in our view David Milgaard had the
	3		benefit of a fair trial in January 1970.
	4		We have not been presented with any
11:34	5		probative evidence that the police acted
	6		improperly in the investigation of the
	7		robbery, sexual assault and murder of
	8		Gail Miller or in their interviews with
	9		any of the witnesses. Nor has evidence
11:34	10		been presented that there was inadequate
	11		disclosure in accordance with the
	12		practice prevailing at the time.
	13		Milgaard was represented by able and
	14		experienced counsel. No error in law or
11:35	15		procedure has been established. At the
	16		conclusion of the first trial, there was
	17		ample evidence upon which the jury,
	18		which had been properly instructed,
	19		could return a verdict of guilty."
11:35	20		You became aware of that decision?
	21	A	Yes.
	22	Q	You agree with what was stated there?
	23	A	I constantly believed that.
	24	Q	You certainly took comfort that the Supreme Court
11:35	25		saw it the same way you did?

	ĺ		——————————————————————————————————————
	1	71	V o c
		A	Yes.
	2	Q	If we can scroll down to paragraph 5, they said:
	3		"In our view, this evidence",
	4		and they are referring to the recantation and so
11:35	5		on:
	6		" together with other evidence we
	7		have heard, constitutes credible
	8		evidence that could reasonably be
	9		expected to have affected the verdict of
11:35	10		the jury considering the guilt or
	11		innocence of David Milgaard. Our
	12		conclusion in this respect is not to be
	13		taken as a finding of guilt against
	14		Fisher, nor indeed that the evidence
11:35	15		would justify charging him with the
	16		murder of Gail Miller."
	17		You are aware of that?
	18	A	Yes. I
	19	Q	Again
11:35	20	A	Pardon me?
	21	Q	Sorry, go ahead?
	22	A	Oh, I must was just going to add that I did see
	23		this before, yes.
	24	Q	Right. And, again, seems to be the Supreme
11:36	25		Court and it speaks for itself but it would
			1

	Ī		
	1		be a view that you saw that doesn't necessarily
	2		mean that we've even got evidence to charge Larry
	3		Fisher with something that took place?
	4	\boldsymbol{A}	Yes.
11:35	5	Q	Didn't have the DNA benefit then?
	6	А	Yes.
	7	Q	And if we can go on then to the top, the next
	8		page, 805, first three paragraphs:
	9		"As to the first"
11:36	10		And they are talking about the three standards:
	11		"As to the first, we are not satisfied
	12		beyond a reasonable doubt that David
	13		Milgaard is innocent of the murder of
	14		Gail Miller.
11:36	15		As to the second, we are not
	16		satisfied, on the basis of the judicial
	17		record, the reference case and the
	18		further evidence heard in this
	19		reference, on a preponderance of all the
11:36	20		evidence, that David Milgaard is
:	21		innocent of that murder.
:	22		Third, we are satisfied that
:	23		there has been new evidence placed
:	24		before us which is reasonably capable of
11:36	25		belief and which taken together with the
			•

			——————————————————————————————————————
	1		evidence adduced at trial could
	2		reasonable be expected to have affected
	3		the verdict. We will therefore be
	4		advising the Minister to quash the
11:36	5		conviction and direct a new trial under
	6		s. 690(a) of the Criminal Code. In
	7		light of this decision, it would be
	8		inappropriate to discuss the evidence in
	9		detail or to comment upon the
11:36	10		credibility of the witnesses."
	11		You were familiar with that result as well?
	12	A	Yes.
	13	Q	At the end of the day what the Supreme Court said
	14		is we're not exonerating him, we're not directing
11:37	15		he be acquitted, they are basically saying there's
	16		more evidence, let's have a new trial?
	17	А	Yes.
	18	Q	Did you have any objection to Mr. Milgaard having
	19		a new trial, to him having an opportunity to
11:37	20		present his new evidence?
	21	А	No.
	22		MR. FOX: Thank you, sir. Those are all
	23		the questions I have.
	24		MR. ELSON: I can perhaps get started,
11:37	25		Mr. Commissioner.

	1		COMMISSIONER MacCALLUM: Yes, please.
	2	BY M	R. ELSON:
	3	Q	Former Chief Penkala, my name is Richard Elson and
	4		I represent the Saskatoon Police Service.
11:37	5		It would be fair to say that you
	6		and I have not had any conversations at any time
	7		and specifically with respect to your evidence
	8		before this Commission of Inquiry; is that
	9		correct?
11:38	10	A	That is correct.
	11	Q	And indeed from our office, specifically from my
	12		partner, Mr. John Beckman Q.C., you would have
	13		received a letter, as would all the other former
	14		officers of the Saskatoon Police Service, to the
11:38	15		effect that our representation was of Chief Sabo
	16		and the police service and that it did not extend
	17		to any former officers of the police service; is
	18		that correct?
	19	A	That's the way I understood it, yes.
11:38	20	Q	Now, I want to talk with you I'll refer to you
	21		as Chief Penkala if that's all right, I think it
	22		would perhaps be appropriate.
	23		Chief Penkala, with respect to
	24		the role of the identification unit, I believe you
11:38	25		testified that it was primarily a service unit to
			1

			r age deer
	1		other sections within the Saskatoon City Police in
	2		the late 1960s, early 1970s. Did I hear your
	3		evidence correctly in that respect?
	4	A	Yes.
11:38	5	Q	And as a service unit, would it be fair to say
	6		that it was primarily involved in the collection
	7		of physical evidence and in the site assessment
	8		with respect to sudden death cases and homicide
	9		cases; is that correct?
11:39	10	A	Yes. It wouldn't exclude any cases really. If
	11		investigators wanted your service, they would call
	12		on you.
	13	Q	Right, I understand that. Now, other than sudden
	14		death cases or homicide cases, in which other
11:39	15		cases would officers from the identification unit
	16		be involved in the collection of physical evidence
	17		and assessment of a crime scene, what other types
	18		of crimes or offences or incidents if they were
	19		not crimes or offences?
11:39	20	A	We were involved in motor vehicle accidents, hit
	21		and runs, assaults assaults basically, we would
	22		photograph injuries of assaults, suicides, and of
	23		course all major crimes such as murder, rape
	24		cases, if the rape cases involved need for
11:40	25		photography, matters relevant to fingerprinting.
			Mover CompuCourt Penerting

	1		Physical matching, that's where your automobile
	2		accidents, you would physically match items left
	3		at the scene of a hit and run and match them with
	4		a vehicle that had been produced or was produced
11:40	5		with suspicions that it was involved. That's the
	6		nature of the duties that ident was involved in.
	7	Q	I want to pursue one aspect of your answer and
	8		that is with respect to offences which we've
	9		commonly now referred to as sexual assault but
11:40	10		which were previously described as rape or
	11		indecent assault in 1969. Would it be fair to say
	12		that it was quite common in the investigation of
	13		those offences that identification may not be
	14		called at all, for example, in the investigation
11:41	15		of the $(V1)$ $(V1)$ - or the $(V2)$ $(V2)$ - $(V2)$
	16		cases?
	17	A	That's right.
	18	Q	And in many instances it would be either a patrol
	19		officer or a detective who would be involved in
11:41	20		the investigation of those offences without any
	21		assistance from identification at all and without
	22		having requested any assistance from
	23		identification?
	24	A	That's correct.
11:41	25	Q	And your involvement in those instances, for

			, age cooc
	1		example, in the $(V1)$ $(V1)$ - case and the $(V2)$
	2		(V2)-(V2) cases, identification would not be
	3		involved in any site assessment or in the
	4		collection of physical evidence?
11:41	5	A	Not necessarily, that's right.
	6	Q	Would there be occasions in which an officer from
	7		identification would be involved in the medical
	8		examination of a complainant in a rape case in the
	9		same way that an office from identification would
11:42	10		attend the autopsy in the case of a homicide?
	11	A	I'm not aware of any cases where that occurred
	12		unless the identification officer was because
	13		he's a police officer, he might have taken the
	14		first complaint on a rape, then he would follow
11:42	15		that through, and I guess my explanation is that
	16		if you were attending to a complaint of rape,
	17		basically you would take that victim to a
	18		physician and the physician would do the
	19		examination, so in most cases I don't think ident
11:42	20		would be involved.
	21	Q	And so if there was a police officer who would be
	22		in attendance during the medical examination of a
	23		complainant in a rape case, it would likely be a
	24		patrol officer or perhaps an officer from
11:43	25		morality; would that be a fair assessment?
		II .	4

			——————————————————————————————————————
	1	А	Yes.
	2	Q	Now, we did hear some evidence, and I'm not
	3		certain, I know you were here for a part of the
	4		evidence that had been presented by Mr. Chartier,
11:43	5		we did hear some evidence from Mr. Chartier with
	6		respect to the stove-piping of information, that
	7		there was a tendency for information to be
	8		stove-piped within morality, within identification
	9		and within the detective units or sections of the
11:43	10		Saskatoon Police Service at that time. He did
	11		allow that it has, in his opinion, since become
	12		significantly better. I wonder if you could
	13		comment on that aspect of Mr. Chartier's evidence
	14		as I've described it to you?
11:43	15	A	I did hear that evidence and I first had some
	16		problems understanding what stove-piping is, but
	17		now I understand.
	18	Q	I believe he also referred to another metaphor as
	19		silo, if that's of more assistance to you.
11:44	20	А	Well, I now know what he was talking about and I
	21		disagree with him. There certainly is a
	22		procedural flow in each of the divisions of the
	23		police department, but certainly there is always
	24		freedom for investigators and supervisors to
11:44	25		relate to one another and I was somewhat

	1		COMMISSIONER MacCALLUM: Would you be
	2		careful about the tense you use when you answer
	3		that, sir. I'm really interested in 1969, '70.
	4	А	Yes.
11:44	5	BY MI	R. ELSON:
	6	Q	Yes. Thank you, Mr. Commissioner. If you could
	7		confine your answer to that period of time.
	8	А	Well, I am confining to that period of time in
	9		that
11:44	10		COMMISSIONER MacCALLUM: So there was
	11	А	Pardon me?
	12		COMMISSIONER MacCALLUM: You are saying
	13		there was a procedural flow at that time?
	14	А	Oh, yes.
11:44	15		COMMISSIONER MacCALLUM: But laterally
	16		there wouldn't be communication?
	17	A	There would be the freedom for communications
	18		laterally and almost an obligation to do that.
	19	BY MI	R. ELSON:
11:45	20	Q	Could you describe the nature of that obligation?
	21		How could that obligation arise?
	22	А	Well, while each division has its own procedural
	23		flow, it also has the knowledge that other
	24		divisions can be of assistance and the sharing of
11:45	25		information which is a very important aspect of

	1		police investigations, is the sharing of
	2		information, so it would be foolish for an
	3		investigator or supervisor not to consider those
	4		issues.
11:45	5	Q	Now, you did indicate I believe in your testimony
	6		that there were frequent meetings between the
	7		heads of the detective section, the morality
	8		section and yourself as the head of the
	9		identification section or division, I may be
11:45	10		misnaming it. How frequent again were those
	11		meetings that took place and what type of issues
	12		would be discussed at those meetings?
	13	А	It goes back to 1969, I recall that every morning
	14		it coincided with a coffee break, the senior
11:46	15		officers would meet in the coffee room and they
	16		would in turn bring, if there was a particularly
	17		significant file that had been initiated during
	18		the past 24 hours, they would bring a detective
	19		sergeant or whoever from whatever division and
11:46	20		that would be discussed at these meetings to
	21		acquaint the executive officers with the past 24
	22		hours of activities.
	23	Q	I see. Now, you talked a little bit, and forgive
	24		me for going back to this, but you talked a little
11:46	25		bit about the involvement of officers from
			Meyer CompuCourt Reporting

	1		identification in the investigation of rape
	2		offences or complaints of rape and you had
	3		indicated that they would not be in attendance at
	4		a medical examination of the complainant. Since
11:47	5		1969 there have been development of sexual assault
	6		or rape kits. Are you familiar with the
	7		development of those kits?
	8	A	Not specifically, no.
	9	Q	All right. So I take it that those kits had not
11:47	10		become developed during the period of time, for
	11		example, that you were the head of identification?
	12	A	Well, there was certainly procedures that were
	13		drawn and I don't remember specifically whether we
	14		had kits. I would assume that the kits are in
11:47	15		reference to vials and containers and slides and
	16		things that would be necessary. In those days I
	17		think the co-operation between the hospitals and
	18		the police department were such that those were
	19		available through the hospital.
11:48	20	Q	In the case we heard evidence from Dr. Emson,
	21		he had testified some time earlier, if my memory
	22		serves me correctly, on January 26th of this year,
	23		and Dr. Emson talked at that time about the use of
	24		sexual assault kits during autopsies of homicide
11: 4 8	25		victim s who also appeared to have been sexually

	1		assaulted relatively concurrent with the homicide.
	2		Are you aware of any such kit having been used in
	3		autopsies during the period of time that you were
	4		the head of the identification section?
11:48	5	A	No, I'm not.
	6	Q	Are you aware of any such kits being used in the
	7		conduct of autopsies prior to your retirement from
	8		the Saskatoon Police Service in 1991?
	9	А	I'm not aware, but, you know, I could be mistaken.
11:49	10		Things progressed, I changed, my responsibilities
	11		changed, so I don't know if I can give you a
	12		definite answer on that.
	13	Q	And in fairness just in terms of general police
	14		operations in a general way, you would agree with
11:49	15		me that as technology improves, as medical science
	16		improves and as our ability to collect and
	17		understand evidence that is picked up and proved,
	18		there has been changes in all aspects of police
	19		investigation work. Is that a fair comment?
11:49	20	А	Oh, very fair, and I can certainly indicate that
	21		training had continued and had improved, methods
	22		changed, science changed, so the police department
	23		would attempt to keep up with those changes.
	24	Q	Now, you talked a little bit about the changes
11:50	25		since 1969 and 1970. I would like to go back to

1 1969 and specifically around the time of the Gail I'll begin first with a general 2 Miller autopsy. 3 question and I'll narrow it down subsequently to 4 my specific question, but generally what was the 5 relationship between the pathologist, such as 11:50 Dr. Emson, and the identification officer who 6 7 would be in attendance, and what I'm getting at is 8 would there be a pecking order, was there a case 9 of either one party instructing the other with 11:50 10 respect to the collection of evidence, I wonder if 11 you could explain that perhaps a little bit more? 12 А The autopsy is the pathologist's domain and the 13 police officer was there to seek the types of 14 evidence that would be appropriate for the 11:51 15 investigation that he is conducting and we had 16 very good co-operation with Dr. Emson and St. 17 Paul's Hospital in regards to that and we benefit 18 from the expert knowledge of the pathologists that 19 were there which helped us and we were able to 11:51 20 obtain the kinds of specimens and biological 21 evidence that was necessary for the proposal to --22 or the sending to the crime lab for establishing 23 some definite principles. 24 0 Now, Dr. Emson testified that his primary concern 11:51 25 was to identify the cause of death and of course

Meyer CompuCourt Reporting =

	ll ll		
	1		the police officer's concern was to collect
	2		evidence which would be of assistance in
	3		identifying a possible perpetrator. If there was
	4		a physical piece of evidence and it was unclear
11:52	5		whether or not that physical piece of evidence
	6		collected during an autopsy would be of assistance
	7		in possibly identifying the perpetrator, would
	8		I'm trying to get a sense as to whose call that
	9		would be. Would it be a case of your deference to
11:52	10		Dr. Emson or would it be a case of Dr. Emson's
	11		deference to you in identifying whether or not
	12		that piece of evidence might be of assistance?
	13	Α	It would be a police it would be a police
	14		deference, yes.
11:52	15	Q	But what if the police officer were not certain or
	16		did not know or did not have the expertise to
	17		assess whether or not that physical piece of
	18		evidence would assist in identifying a
	19		perpetrator? I'm obviously speaking about the
11:52	20		vaginal aspirate that was taken from Gail Miller.
	21	Α	Yes.
	22	Q	At that time what knowledge did you have as to
	23		whether or not that material might be of any
	24		assistance in identifying a possible perpetrator?
11:53	25	Α	I think it would be fair for me to suggest that at
			· · · · · · · · · · · · · · · · · · ·

			——————————————————————————————————————
	1		that particular time, 1969, basically the concern
	2		would be whether there was sperm which indicated
	3		that there was, that would support that there was
	4		a rape.
11:53	5	Q	And that was the extent of your knowledge at that
	6		time?
	7	А	I think that was appropriate, right.
	8	Q	And if you had expected that Dr. Emson might
	9		have if he was aware that this information or
11:53	10		that that physical evidence might be of some
	11		assistance to you in identifying a possible
	12		perpetrator, would you agree with me that you
	13		would have expected him to have shared that
	14		information with you?
11:53	15	А	I'm sure he would have.
	16	Q	And the fact that he did not share it with you,
	17		you surmised that that information would not be of
	18		assistance in identifying who the perpetrator
	19		might be; would that be a fair comment?
11:54	20	А	Yes.
	21	Q	Now, I just want to deal a little bit with the
	22		process of contacting victims after a conviction.
	23		To some extent Mr. Fox has pre-empted me, as is
	24		his right, with respect to that issue, but it
11:54	25		would be fair to say that in 1969 and 1970 there
			Meyer CompuCourt Reporting ————————————————————————————————————

			——————————————————————————————————————
	1		wasn't a specific victim support services section
	2		within the Saskatoon City Police; is that correct?
	3	А	Yes.
	4	Q	Since that time, and indeed as I understand it
11:54	5		during the time that you were the chief of police,
	6		there has since been established a victim service
	7		section within the Saskatoon Police Service; is
	8		that correct?
	9	A	Well, I would not be surprised that that's
11:55	10		established, yes.
	11	Q	And it's my understanding that it was even
	12		established during the time you were the chief, or
	13		that at least it was in operation during the
	14		period of time you were the chief?
11:55	15	A	Well, I always wanted to believe that
	16		investigators would always consider the victim in
	17		all circumstances and I think the training that
	18		was received by police officers would suggest that
	19		there was an obligation on whatever level of the
11:55	20		police force, that there was an obligation to
	21		attend to victims in terms of their needs.
	22	Q	You would agree with me, though, that it was not
	23		somewhat more it wasn't formalize, though,
	24		until the establishment of a victim services
11:55	25		section?
		ii	_

1 Α That's right. Now, Mr. Lockyer put it to you that it was unique 2 0 3 for the Saskatoon Police Service not to have any contact with the media and perhaps not to disclose 4 5 to the complainants, and we do have evidence that 11:56 at least it was disclosed to Ms. (V5)---, but not 6 to have disclosed the fact to Mr. Fisher's victims 8 that indeed Mr. Fisher had pled guilty or been 9 convicted, he put it to you that that scenario was 11:56 10 I would ask you to comment on how unique unique. 11 the other aspect of that scenario is, how unique 12 is it in your experience that someone should be 13 apprehended in the process of committing an 14 offence in another jurisdiction and within a very 11:56 15 short period of time of having been caught in the 16 act confessed to crimes in which he had not 17 previously been suspected of having committed that 18 crime or he had not previously been linked in 19 another jurisdiction and then having that 11:56 20 individual transported to a completely different 21 centre from where the offences occurred and enter 22 a plea, how unique in your experience is that 23 scenario? 24 Well, it is pretty unique to start with, and are 11:57 25 you still asking me whether we would advise the

			——————————————————————————————————————
	1		media?
	2	Q	Well, not only that, but under those circumstances
	3		how likely is it that the Saskatoon Police Service
	4		or the investigators would even have been informed
11:57	5		of the disposition that had taken place in the
	6		scenario I've described, in the unique scenario
	7		I've described?
	8	A	Well, it obviously would be, it would be doubtful
	9		whether they would be informed in the short period
11:57	10		of time.
	11		MR. ELSON: Mr. Commissioner, this is
	12		perhaps an appropriate time to break. I see it's
	13		12 o'clock.
	14		COMMISSIONER MacCALLUM: Yes, thank you.
01:34	15		(Adjourned at 11:58 a.m.)
	16		(Reconvened at 1:34 p.m.)
	17	В	Y MR. ELSON:
	18	Q	I wonder if I could have document number 25061
	19		or pardon me 609 on the screen, please. This
01:34	20		is if we could go to the next page which I
	21		believe is 610. Chief Penkala, I don't want to
	22		refer to a specific passage in this report, but
	23		this is a report that you have your attention
	24		has been commended to not only by Commission
01:35	25		Counsel but also by Mr. Lockyer and also by

			Page 9878 —————
	1		Mr. Fox. This is an investigation report by I
	2		believe it was Sergeant Riddell at the time, if I
	3		have his rank correct?
	4	А	He was an inspector.
01:35	5	Q	An inspector at the time?
	6	А	Yes.
	7	Q	Okay. This is an RCMP investigation report and
	8		you will recall that, as I understand it, the RCMP
	9		were asked to assist in the murder investigation;
01:35	10		is that correct?
	11	А	Yes.
	12	Q	And there was not only this report but there would
	13		have been other reports, notably and again I
	14		keep forgetting the ranks but notably of
01:35	15		Edmondson and I believe maybe also one of
	16		Rasmussen?
	17	А	Yes.
	18	Q	What was the normal practice with respect to
	19		investigation reports that would be prepared by
01:35	20		the RCMP when they were assisting the Saskatoon
	21		Police Service in the conduct of an investigation;
	22		would there be a receptacle or a place where
	23		copies of these investigation reports would exist
	24		within the Saskatoon Police Department?
01:36	25	А	Umm, I have no knowledge that these reports were

	1		ever on Saskatoon files. Now I can tell by the
	2		content that obviously that information had been
	3		shared with our investigators and the case in
	4		general, but I have no knowledge that any
01:36	5		either one of those two reports were ever on our
	6		file.
	7	Q	All right. And, in fact, would it be fair to say
	8		that you would not expect RCMP reports of this
	9		kind to be located on the City of Saskatoon Police
01:36	10		Service file?
	11	Α	I think, if it was going to be on our report file,
	12		it would show that a copy had been provided to the
	13		Saskatoon Police Department, and I don't believe I
	14		have seen that on this report.
01:37	15	Q	In the same context you were aware, of course,
	16		that the polygrapher from the Calgary Police
	17		Service had been asked to assist in this file, and
	18		it's my understanding that there was no
	19		polygrapher with the Saskatoon City Police in
01:37	20		1969?
	21	А	That was my understanding, yeah, also.
	22	Q	And if another municipal police department was
	23		asked to provide assistance to the Saskatoon
	24		Police Service in the conduct of an investigation,
01:37	25		any reports generated by those officers would be

	1		the property of those officers and the departments
	2		by whom they were employed; is that correct?
	3	Α	Umm, yes, that's that's an assumption that I
	4		would take, yes.
01:37	5	Q	And in this case, in terms of the polygraph
	6		results of an examination done of Ron Wilson, that
	7		may be a reason why the results have never been
	8		found on any file within the Saskatoon Police
	9		Service?
01:38	10	А	Well, it appears that that's what happened, yes.
	11	Q	Now while we're talking about records you talked
	12		at some length, and I don't want to spend much
	13		time of it because it was the subject of the
	14		Police Commission investigation as well, you
01:38	15		talked about the fact that there have been records
	16		or files that went missing in the course of the
	17		conversion to microfilm or to microfiche; is that
	18		correct?
	19	Α	From the report that I had access to from the
01:38	20		Saskatchewan Police Commission that was stated in
	21		that report.
	22	Q	Since you testified I have had an opportunity to
	23		make some inquiries, and I'd ask you to I'm
	24		going to put a proposition to you and ask you
01:38	25		whether or not you have any facts within your

		i ago ooo!
1		knowledge tending to suggest that I am wrong.
2		It's my understanding that there was a process of
3		conversion that involved purging of files which
4		lasted from 1962 until 1979, and that during that
5		period of 17 years files were converted into some
6		electronic or image form; does that accord with
7		your recollection as well?
8	A	Yes.
9	Q	So the files with respect to the $(V1)-$, $(V2)$,
10		and (V3) complaints, those files would have
11		been included in the material that was being
12		converted to microfiche and purged between 1962
13		and 1979?
14	А	That's my understanding.
15	Q	So if they were lost in the conversion process
16		they would have been lost, or at least a portion
17		of those documents would have been lost or
18		unavailable, as of 1979 at the latest?
19	А	Umm, well I'm not, I'm not so sure just when
20		when we first established that those files were
21		missing, I you know, I don't know that
22		specifically.
23	Q	If we were to compare the process of record and
24		file retrieval between 1969, 1970, 1971 compared
25		to the process of file retrieval and record
	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	2 3 4 5 6 7 8 A 9 Q 10 11 12 13 14 A 15 Q 16 17 18 19 A 20 21 22 23 Q 24

	1		retrieval around the time of your retirement in
	2		1991, would it be fair to say that there was a
	3		tightening-up of the process during that period of
	4		time?
01:40	5	A	Yes.
	6	Q	Is it fair to say that, although some files and
	7		records could be signed out in the late 1960s or
	8		early 1970s, it was a rather loose system and
	9		there might not have been as much follow-up as
01:40	10		there was later on; is that fair comment?
	11	Α	I don't know if I would call it a 'loose system'.
	12		I think it's important to identify that it was a
	13		manual system until somewhere in the early '70s,
	14		and then some of the procedures of file-storing
01:41	15		and recording were, I guess you would call it
	16		computerized today. Instead of having manual
	17		index cards for keeping track of files it was
	18		converted, my understanding was it was converted
	19		to a microscopic or a or as a computer
01:41	20		system where it could be drawn up on a screen.
	21	Q	Okay.
	22	Α	And then in 19, 1977 we moved from the old
	23		building into the new building, and there was an
	24		effort at that time to probably conclude some of
01:41	25		those transitions because there would be an awful
	11		

			, age cooc
	1		volume of files and papers that would have to be
	2		moved maybe unnecessarily.
	3	Q	I see.
	4		COMMISSIONER MacCALLUM: Mr. Elson, I
01:42	5		wonder if I could interrupt from you and ask you
	6		to try to find out from the witness, if you can,
	7		were there three different phases to record
	8		keeping; the first being hard copy, the second
	9		microfilm, and the third computerized computer
01:42	10		stored files, because I'm confused as to
	11		MR. ELSON: I was just
	12		COMMISSIONER MacCALLUM: where microfilm
	13		came into all this.
	14	ВУ	MR. ELSON:
01:42	15	Q	Do you understand the Commissioner's questions
	16		with respect to the storage?
	17	А	Yes.
	18	Q	Perhaps, if you could give an explanation, that
	19		might assist the Commissioner?
01:42	20	А	Yes. The keeping of records before they were
	21		destroyed was a microfiche system, which was a
	22		method of literally photocopying each page of the
	23		documents which was then became a microfilm,
	24		and then we had a viewing apparatus where the
01:42	25		microfilm could be placed into, and it would be

	1		enlarged so that it would be useful to anyone that
	2		wanted to go back on records. You know, the
	3		process was after it was micro microfilmed, the
	4		microfilm would come back from the, from the
01:43	5	Q	From the processor?
	6	A	from the processor, and there was a check made
	7		of the sequence of those files on that microfilm
	8		to ensure that nothing was missed, and then it
	9		would be designated for the hard copies would
01:43	10		be designated for destruction.
	11		The index cards, that's the
	12		initial index to kind of acquaint you with what
	13		the number and where that file would be, was
	14		transferred at some point from a card file system
01:43	15		to a system that could be brought up on a
	16		computer. I don't know the specific times of
	17		those because I was we had a manager in charge
	18		of the central records at that time.
	19		MR. ELSON: Does that assist, Mr.
01:43	20		Commissioner?
	21		COMMISSIONER MacCALLUM: Yes, to some
	22		degree, but the problem with your question as it
	23		began is this, that he said from '62 to '69 the
	24		conversion process from hard copy to electronic
	25		

01:43 25

			——————————————————————————————————————
	1		one jump
	2		MR. ELSON: No, it didn't.
	3		COMMISSIONER MacCALLUM: from microfilm?
	4	ВҮ	MR. ELSON:
01:44	5	Q	My understanding, former Chief Penkala, is that
	6		this was very much an evolutionary process that
	7		took a number of years?
	8	A	Oh, very definitely, yes.
	9	Q	And at the end of the day, the idea was to ensure
01:44	10		as much as possible, at least after 1979, that
	11		there would be some form of electronic backup for
	12		the files as they existed or as they came into
	13		existence; is that a fair assessment?
	14	A	Yes.
01:44	15	Q	So although these, although a number of files, and
	16		it's my understanding that there were more than
	17		just the files pertaining to the (V1)- and
	18		(V2) offences that were lost, there were a
	19		number of other files that were lost in the course
01:44	20		that had not yet been microfiched but
	21		unfortunately were purged before the microfiching
	22		had occurred; is that correct?
	23	A	That's my understanding from the Saskatchewan
	24		Police Commission's report.
01:44	25	Q	Now, I want to talk a little bit about the conduct
		İ	

1 of the Saskatoon Police Service after David 2 Milgaard was convicted and specifically in the 3 course of the investigation that was conducted by the Department of Justice and the RCMP in 1990. 4 5 Yesterday I believe that there was a document that 01:45 6 Mr. Lockyer referred to, and I'm sorry, I don't have the exact page, I believe it is Mr. Williams' memorandum of July of 1990, and I should have made 8 9 a mental note of what that particular number was. 01:45 10 MR. GIBSON: It's 010019. 11 BY MR. ELSON: 12 Q Thank you, Mr. Gibson. If I could have that 13 document placed on the screen. You will recall 14 yesterday, yesterday morning specifically, that

Thank you, Mr. Gibson. If I could have that document placed on the screen. You will recall yesterday, yesterday morning specifically, that Mr. Lockyer put this memorandum of Mr. Williams to you dated July 5, 1990 and, in fairness, the memorandum wasn't to you, it was to the file, and he referred to the passage, that paragraph, I wonder if I could have that blown up, please -- how do I get rid of the red line? I've forgotten now. Oh, clear. Where in that paragraph Mr. Williams indicates that the information he had received from Mr. Wolch, I quote:

"... did not accord with the information we had earlier received from the RCMP

			3
	1		and the Saskatoon City Police, who
	2		advised us that there were not any
	3		incidents of rape attributed to Larry
	4		Fisher, which occurred in Saskatoon."
01:46	5		Prior to Mr. Lockyer presenting that memorandum
	6		to you, I take it that you were not aware of this
	7		memorandum or of the comment that Mr. Williams
	8		made in it?
	9	A	No, I wasn't.
01:47	10	Q	Now, I wonder if I could have document 248202
	11		placed on the screen, please. Now, this document
	12		that I've actually the first page is 248202,
	13		but it then goes on for 94 pages and it's my
	14		understanding that this contains information that
01:47	15		was collected not by Superintendent Goodman, whose
	16		name appears on the first page, but rather
	17		information that was collected by Sergeant R.A.
	18		Pearson of the RCMP. Do you recall having met
	19		Sergeant Pearson of the RCMP in the course of the
01:47	20		investigation that was done in 1990?
	21	A	I don't have any recollection. I know Sergeant
	22		Pearson, but I don't have recollection of meeting
	23		him in the time frame that you are seeking.
	24	Q	It's my understanding that Sergeant Pearson was
01:48	25		directly involved in the investigation and was
			•

	1		primarily operating in association with or under
	2		Mr. Williams' instructions. Was that your
	3		understanding or do you have any recollection to
	4		that effect?
01:48	5	Α	Well, I've learned that since I've been here, yes.
	6	Q	Now, whatever information was provided to the
	7		Department of Justice, is it fair to say that that
	8		information would have been provided either to
	9		Mr. Williams directly or to whichever RCMP officer
01:48	10		was delegated by Mr. Williams to assist him in
	11		this investigation?
	12	А	I would assume that that's the process and I'm not
	13		aware that the Saskatoon Police Department was
	14		ever privy to this information.
01:48	15	Q	Now, yesterday you were asked as to who the
	16		liaison might be, or might have been rather,
	17		between the Saskatoon Police Service and the
	18		RCMP/Department of Justice during this
	19		investigation in 1990 and I believe your answer
01:49	20		yesterday was that you didn't recall who that
	21		liaison was. If I were to suggest to you that it
	22		was Inspector Quinn, would that refresh your
	23		memory in any way?
	24	Α	Honestly I don't remember. I would be surprised
01:49	25		that there wasn't a liaison officer. I would
	JJ		.

1 suggest that the liaison officer was appointed by 2 the person that was in charge of that particular 3 division of the police force. As I said 4 yesterday, Mr. Williams was free to contact me 5 directly, I was in the chief's office at that 01:49 time. 6 7 COMMISSIONER MacCALLUM: You mean -- are 8 you saying liaison as between the SPS and the 9 Department of Justice? 10 BY MR. ELSON: 11 Q Yes, yes. And Inspector Quinn, what was his role 12 in 1990; do you recall? 13 Α I'm not certain. He was an inspector, so in all 14 likelihood he was a patrol inspector possibly or 01:50 15 16 detective division.

he could have been an inspector in the area of the I don't know that for a fact. Now, in the memorandum that I had earlier referred to from Mr. Williams, it somehow suggests that the Saskatoon City Police, or the Saskatoon Police Service as it was then known at that time and still is, was asked for information with respect to any offences Larry Fisher had committed in Saskatoon. Do you know, former Chief Penkala, whether or not there was a specific request made prior to that memorandum by the RCMP or the

	1		Department of Justice with respect to whether or
	2		not the police service was aware of any offences
	3		committed by Mr. Fisher within the City of
	4		Saskatoon?
01:51	5	А	No.
	6	Q	Now I would like to refer to page, in this
	7		document, page 248219 and specifically paragraph
	8		70. In that paragraph Sergeant Pearson indicates:
	9		"Called Regina City Police and talked to
01:51	10		S/Sgt. Kline. He will check the records
	11		for the 1971 rape offence in Regina and
	12		determine if it is available and if a
	13		blood typing was done."
	14		You are familiar with the CPIC records that would
01:52	15		exist today and that existed at that time that
	16		Sergeant Pearson was conducting his investigation
	17		in 1990, you are aware that such records exist;
	18		is that correct?
	19	А	No, I'm not.
01:52	20	Q	What I'm talking about is I'm talking about CPIC
	21		records generally.
	22	A	Oh, the medium of, yes.
	23	Q	And CPIC records with respect to a particular
	24		conviction would indicate where the conviction was
01:52	25		entered, that's your understanding; correct?

	1	А	Oh, yes, yes, that's right.
	2	Q	But if the conviction was entered in a judicial
	3		centre or in a court other than for the area in
	4		which the offence was committed, one would not be
01:52	5		able to know that in looking at a CPIC document;
	6		is that correct?
	7	А	I think this is the area that you want to go. The
	8		CPIC would indicate that there was a conviction
	9		provided that that conviction was registered with
01:53	10		Ottawa.
	11	Q	Let me be more specific. In the case of Larry
	12		Fisher we do now know, and the evidence and the
	13		records indicate, that Mr. Fisher appeared in
	14		court in Regina and his conviction was entered
01:53	15		into the Court of Queen's Bench in Regina with
	16		respect to the Saskatchewan offences to which he
	17		had pled guilty, notwithstanding the fact that the
	18		Saskatchewan offences to which he had pled guilty
	19		were committed in Saskatoon. That's the scenario.
01:53	20		Under those circumstances, you would agree with me
	21		that the CPIC would show a conviction and it would
	22		show the conviction entered into Regina, but it
	23		would not show where the offences for which the
	24		accused was convicted occurred?
01:53	25	А	I guess that could happen, it could happen. I
			4

1 think I'm somewhat -- if you were to call up a 2 criminal record on an individual, that criminal record would indicate that the offence occurred in 3 Saskatoon, or at least the conviction occurred in 4 5 Saskatoon, but there are other messages that use 01:54 6 the same system and in those cases they are 7 abbreviated and possibly would not provide that 8 information. 9 If we could go to page 248240 and specifically 01:54 10 paragraph 190. In that paragraph it says, and I quote, "Mr. Williams called --" and it refers to a 11 12 date, and I'm sorry, if we can show the date which 13 is on the left. That would appear -- I believe 14 that refers to a date of July 4 of 1990 which 01:54 15 roughly corresponds with the memorandum I had 16 earlier brought to your attention. 17 "Mr. Williams called, wanting to confirm 18 19 01:55 20

21

22

23

24

01:55 25

if Saskatoon City Police had any information on convictions of Fisher in Saskatoon in 1968 to 1970. It was originally believed these were Regina offences but is now believed Fisher went to court in Regina and the offences actually took place in Saskatoon."

So I take it it is, the scenario I put to you

			o
	1		from these documents is that up until that
	2		memorandum of July 5, 1990 and up until the
	3		conversation between Mr. Williams and Mr. Wolch,
	4		there had been no request from the RCMP or the
01:55	5		Department of Justice of the City of Saskatoon
	6		with respect to offences committed by Mr. Fisher
	7		in Saskatoon?
	8	A	It would certainly appear that way.
	9	Q	So therefore when Mr. Lockyer suggests, as he did
01:55	10		yesterday morning, that the City of Saskatoon
	11		withheld information from the Department of
	12		Justice, you would agree with me that's not true?
	13	A	Yes.
	14	Q	I wonder if we can turn then to pages 248 and 249,
01:56	15		and actually if we could have 244 sorry, if we
	16		could go back to 249. 248, 249, thank you. In
	17		paragraph 240, from the information within that
	18		paragraph:
	19		"At this time Mr. Williams also revealed
01:57	20		that the report from Centurion
	21		Ministries suggested that a source in
	22		the Saskatoon Police Department provided
	23		certain material which is not officially
	24		released. This portion of the report
01:57	25		was vetted out and the identity is

1 Mr. Williams is also unknown. interested in securing any old police 2 reports on the Saskatoon victims of 3 It should be noted that 4 Larry Fisher. 01:57 5 this had been pursued previously and I have been told by the city police 6 7 officials that these reports no longer 8 exist." 9 And the reason of course they no longer exist, 01:57 10 we've already canvassed, and that was as a result 11 of a process that you described having taken 12 place up to roughly 1977 and 1979? 13 Α Yes. 14 Also Mr. Lockyer dealt with this matter yesterday, 01:58 15 if I could ask for paragraph 244 to be 16 highlighted. In that paragraph, partway down, 17 about the fourth line, it says: 18 "The suggestion is that city police 19 quietly had Fisher taken to court, 01:58 20 knowing he may have been involved in the 21 Miller offence. Mr. Williams will be 22 pursuing this further and apparently has 23 since talked with Sask. AAG Murray Brown 24 and the record suggests that this was a 01:58 25 preferred indictment brought in by the

Meyer CompuCourt Reporting =

	1		provincial A.G., as Fisher was
	2		represented by lawyer Lawrence Greenberg
	3		of Winnipeg and the Regina appearance
	4		was apparently a convenience. I have no
01:58	5		explanation why the victims were never
	6		advised of the fact Fisher had been
	7		convicted for these attacks. This
	8		remains a mystery at this time."
	9		From this, and consistent with the evidence that
01:59	10		you gave in answering Mr. Lockyer's questions,
	11		would you agree with me it is apparent that the
	12		decision for this matter to be dealt with in
	13		Regina had nothing to do with the Saskatoon City
	14		Police; is that a fair assessment?
01:59	15	A	Yes.
	16	Q	And in fact, the Saskatoon City Police would have
	17		no involvement and virtually no input in
	18		determining where an accused would enter his or
	19		her guilty plea?
01:59	20	А	Yes.
	21	Q	Now, Mr. Lockyer spent some time yesterday talking
	22		about the role and the responsibility of the
	23		police to provide information to the counsel for a
	24		convicted prisoner. Former Chief Penkala, in your
02:00	25		view how important in the operation of a police
		C	Meyer CompuCourt Reporting ertified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

	1		service is the aspect of finality to an
	2		investigation where that investigation has
	3		ultimately resulted in either a conviction or an
	4		acquittal and appeals have been exhausted, how
02:00	5		important is the aspect of finality, if at all, in
	6		that assessment?
	7	А	Well, I think the fact of what the disposition
	8		was, I think there's an interest in that, but once
	9		that is established, I think the police force
02:00	10		would, and those interested in that particular
	11		issue, would just forget about it and go on to
	12		their next case or their case load that they have.
	13	Q	Is it practical for files to be kept open beyond
	14		the date, for example, in this case of a
02:01	15		conviction and to continue to work on that file,
	16		continue to collect evidence and continue to
	17		assess evidence after a conviction has been
	18		entered and after all of the appeals from that
	19		conviction have been properly exhausted?
02:01	20	А	Definitely not. It would be a waste of resource
	21		time.
	22	Q	And typically, and going back also to that period
	23		of time after 1970-'71 and after the application
	24		for leave from the Supreme Court of Canada, how
02:01	25		busy was the police service? This may be a silly
			4

			1 age 3031
	1		question to ask of you, but how busy was the
	2		police service and how much time would they have
	3		to devote to ongoing investigations after a
	4		conviction?
02:01	5	А	I suppose the best way I could answer that, there
	6		was constantly more work than we had resources to
	7		do and you did have to priorize your work, and of
	8		course under the circumstances, unless you had
	9		assigned somebody specifically, there would be no
02:02	10		interest in approaching a dead file in reality.
	11	Q	How common is it in your experience for
	12		individuals, after conviction, to continue to
	13		proclaim their innocence?
	14	A	Who would be you mean
02:02	15	Q	Generally speaking.
	16	А	The accused?
	17	Q	The accused, the convicted prisoner.
	18	А	Oh, I'm not aware of, other than this particular
	19		case, I'm really not aware of any others.
02:02	20	Q	Now, you are aware that there is a provision of
	21		the Criminal Code which does permit a convicted
	22		prisoner to make application to the Minister of
	23		Justice for review on the grounds of a miscarriage
	24		of justice. You are aware such a provision
02:02	25		exists?

			——————————————————————————————————————
	1	А	Generally, yes.
	2	Q	And you are aware that that provision was indeed
	3		employed by Mr. Milgaard and his counsel on two
	4		occasions, one unsuccessfully and the second time
02:03	5		successfully?
	6	А	Yes.
	7	Q	Other than, and to some extent I'm asking you a
	8		legal question, and forgive me for doing so and if
	9		you don't feel qualified to answer it I
02:03	10		understand, other than that provision of the law,
	11		are you aware of any other provision of provincial
	12		law, federal law or any regulation which
	13		authorizes or gives authority to any municipal
	14		police service to review cases post conviction
02:03	15		outside of a review done by the Minister of
	16		Justice?
	17	A	That's the auspices under which I operated and I
	18		don't believe there is, but I'm not a legal
	19		person.
02:03	20	Q	Now, my friend Mr. Fox pre-empted me and took away
	21		my closing question that I wanted to ask you by
	22		referring to the decision of the Supreme Court of
	23		Canada and as he put it to you, the Supreme Court
	24		of Canada, notwithstanding that they heard the
02:04	25		evidence of Larry Fisher, they heard the evidence
		-	Meyer CompuCourt Reporting

	1		of Linda Fisher, they heard the evidence of
	2		(V4) $(V4)$, at the end of hearing all of
	3		that evidence admittedly they didn't hear from
	4		you, but they did hear from Eddie Karst after
02:04	5		hearing all of that evidence they came to the
	6		conclusion that there was no police wrongdoing,
	7		how vindicated or not did you feel from the
	8		decision of the Supreme Court of Canada in the
	9		result that they ultimately applied to that case?
02:04	10	A	Well, because there was a great degree of
	11		controversy and aggressiveness by the media, I
	12		think we were vindicated to hear what came from
	13		the Supreme Court.
	14	Q	Now, you had indicated that despite the fact that
02:04	15		there had been an earlier police theory indicating
	16		that possibly the perpetrator of the 1968
	17		offences, the $(V1)-$, $(V2)$ and $(V3)$
	18		offences may also have been the perpetrator of
	19		Gail Miller's murder, and Mr. Lockyer asked you
02:05	20		some questions about that and you candidly
	21		acknowledged that that was one of the theories
	22		that was being assessed and employed at that time,
	23		and then ultimately when evidence came to light
	24		with respect to Mr. Milgaard and ultimately the
02:05	25		charge was laid, you indicated that the police
			_

1 theory did not necessarily exculpate Mr. Milgaard, I believe that was your evidence, the original 2 3 theory did not exculpate? 4 Α Yes. 5 MR. ELSON: Mr. Commissioner, there is a 01:44 document that was disclosed in CaseVault -- and I 6 have had discussions with My Friend Mr. Frayer 8 and also with Commission Counsel -- which refers 9 to the opinion of former Justice William McIntyre 02:06 10 of the Supreme Court of Canada. That opinion was apparently 11 12 disclosed to the Provincial Department of 13 Justice, and I gather was ultimately included in 14 the material that was provided to Commission 02:06 15 Counsel and, as a consequence of that, found its 16 way into CaseVault. I was wondering, I don't 17 have a copy of that opinion, that opinion 18 apparently has not yet been disclosed, but there 19 is a memorandum which summarizes the opinion of 02:07 20 Mr. -- of former Justice McIntyre with respect to 21 whether or not a miscarriage of justice had 22 occurred in this particular case. 23 I have spoken with Mr. Frayer,

24

02:07 25

Mr. Frayer is concerned about the fact that that

is somewhat concerned that the solicitor and client privilege may not have been waived, but indeed it may have been waived, and unfortunately he has not had an opportunity to seek instructions.

COMMISSIONER MacCALLUM: Who is the client?

MR. ELSON: Well, that's a good question,

and I'll have to let Mr. Frayer deal with that.

It was a document that I simply found in the course of my search and, not to put too fine a point on it, I was planning to put it to former Chief Penkala to show that he was in good company with respect to the opinions he had of the case, and that was the context in which I was wanting to put -- former Chief Penkala has not seen that document, I would expect, I'm sure he hasn't -- but Mr. Frayer was indeed concerned.

If it is your view, sir, that the disclosure of that document, or the further disclosure of that document and the raising of that document before any witness ought to await Mr. Frayer receiving instructions, then I won't deal with it any further. But, in light of the fact that it is in the material, I thought it might be somewhat helpful to put it to the

	1	witness as again as I say, again, simply to
	2	show that he was in good company with the opinion
	3	that he held.
	4	COMMISSIONER MacCALLUM: Well the fact that
02:08	5	you don't put it to him at this time, of course,
	6	won't prevent you from doing so in the future so
	7	long as its relevant.
	8	MR. ELSON: That's right.
	9	COMMISSIONER MacCALLUM: Mr. Frayer, do you
02:08	10	take any position on this?
	11	MR. FRAYER: Thank you, Mr. Commissioner.
	12	I have had some discussions, as
	13	have been outlined by Mr. Elson, with respect to
	14	this particular document, and some discussions
02:09	15	with Commission Counsel at the same time.
	16	I am concerned about the fact
	17	that I have been unable to trace how this
	18	document got into the hands of the Inquiry,
	19	ultimately, other than to say that it appears to
02:09	20	have come from the Department of Justice to the
	21	Government of Saskatchewan, to the RCMP when they
	22	did their review in 1993, to the Inquiry.
	23	And, without going into the
	24	document itself, it's a memorandum from Douglas

J.A. Rutherford, who was at that time an

02:09 25

	1	Associate Deputy Attorney General to the Deputy
	2	Minister of Justice, and has as part of its
	3	contents discussions that took place with the
	4	Honourable W.R. McIntyre, Q.C., a former Justice
02:09	5	of the Supreme Court of Canada, then in practice
	6	in the City of Vancouver.
	7	COMMISSIONER MacCALLUM: Oh.
	8	MR. FRAYER: And so I haven't had an
	9	opportunity to trace the background of this, I
02:10	10	was only advised of Mr. Elson's intentions late
	11	yesterday afternoon, and we have had some
	12	discussions with respect to it.
	13	I'm having some difficulty with
	14	respect to the relevance of it in any event. To
02:10	15	put, as I expect, the opinion or the thoughts of
	16	a person whose advice was sought by the Minister
	17	of Justice to this witness is a method by which
	18	he is endeavouring to confirm that Chief Penkala
	19	was of the same view as the as was
02:10	20	Mr. McIntyre. So
	21	COMMISSIONER MacCALLUM: Umm, that is a
	22	difficulty, one which I'm sure we can deal with
	23	at some point in the future.
	23 24	The business about

solicitor/client privilege, however, is of

02:10 25

	1	immediate concern and, on the face of it, it
	2	would seem to be a privileged communication
	3	MR. FRAYER: Yes.
	4	COMMISSIONER MacCALLUM: for all we
02:10	5	know, and I would be reluctant to have it aired
	6	at this moment without determining what that
	7	position is with respect to privilege.
	8	In the meantime, perhaps it
	9	should be expunged from CaseVault until we it
02:11	10	can be re-introduced.
	11	MR. FRAYER: All counsel have had access to
	12	it but it isn't out in the general public.
	13	COMMISSIONER MacCALLUM: Now yes?
	14	MR. WOLCH: If you could excuse my dress,
	15	which has been explained,
	16	COMMISSIONER MacCALLUM: Yes.
	17	MR. WOLCH: a few comments. This issue
	18	will arise later, for certain, in the systemic
	19	review of the of 690 in the sense that our
02:11	20	complaint has been, always has been that we have
	21	never even seen this document until even now, and
	22	we've always questioned how the Minister can make
	23	a decision that we have no input as to the
	24	Milgaard position on what is being given to
02:11	25	Justice McIntyre. We can't we never had a

1 chance to speak to him, to put forward our case, to do anything at all, and that is one of the 2 3 systemic complaints that we will ask you to 4 address. 02:12 5 But, having said that, I think the, one of the first issues on solicitor/client, 6 I think Mr. Frayer may wish to check -- I don't 8 know the answer to this -- whether Justice 9 McIntyre qualifies as a solicitor? I don't know 02:12 10 if he was practicing law. 11 COMMISSIONER MacCALLUM: But he has just 12 said he was practicing law. 13 MR. FRAYER: Well, that's my understanding, 14 Mr. Commissioner. By that time I believe -- and 02:12 15 it's subject to confirmation -- that he was in 16 practice in Vancouver after having served as a 17 Justice of the Supreme Court of Canada. 18 MR. WOLCH: That would be the answer. 19 don't know, I didn't know then if he was brought 02:12 20 in a quasi-judicial position or as a lawyer, but 21 in any event that issue will really be addressed 22 because one of our main concerns systemically was 23 that we were not allowed to speak to him at the 24 time to say 'well what about this' and 'what

about that'.

02:12 25

1	COMMISSIONER MacCALLUM: Uh-huh?
2	MR. WOLCH: And so I'm not sure how helpful
3	it is to have the chief say he is in good
4	company, we don't know what Justice McIntyre had.
02:13 5	COMMISSIONER MacCALLUM: Well I'll cross
6	that bridge if when I have to, but not before.
7	The question of relevancy can await us, can await
8	further development, but privilege can't.
9	Mr. Hodson, if this document is
02:13 10	in CaseVault, can we remove it for the time?
11	MR. HODSON: If I can just my
12	understanding of the document, it's not the
13	actual opinion.
14	MR. ELSON: It isn't.
02:13 15	MR. HODSON: And Mr. Frayer had conveyed to
16	me earlier that they were claiming privilege on
17	the opinion given by Mr. Justice McIntyre to the
18	Minister, so I was aware of that opinion.
19	What this document is is a
02:13 20	memorandum from Douglas Rutherford to the Deputy
21	Minister, and I believe Mr. Rutherford was legal
22	counsel at the time?
23	MR. FRAYER: Yes.
24	MR. HODSON: And providing a summary of the
02:13 25	opinion, and I think Mr. Frayer's concern is that

1	in order to assert privilege over the opinion,
2	whether or not the disclosure of this memorandum
3	talking about the opinion may impact that waiver,
4	and it may well.
02:14 5	Now this document was given to
6	the government we believe some time ago, in the
7	early '90s I believe to the Government of
8	Saskatchewan, not the opinion but the memo
9	talking about the opinion.
02:14 10	COMMISSIONER MacCALLUM: But it was from
11	the Federal Department of Justice to the
12	Saskatchewan Department of Justice?
13	MR. HODSON: A copy the memorandum from
14	Mr. Rutherford to the Deputy Minister which talks
02:14 15	about the opinion,
16	COMMISSIONER MacCALLUM: Okay.
17	MR. HODSON: a copy of that memorandum
18	was given to the Government of Saskatchewan we
19	believe in the early '90s, but for what purpose I
02:14 20	can't say.
21	COMMISSIONER MacCALLUM: But the document
22	that you hold there was a Federal in-house
23	document; was it?
24	MR. HODSON: Yes.
02:14 25	COMMISSIONER MacCALLUM: All right. So

it's simply a derivative document to which, on the face of it, the privilege would attach as well if attached to the original.

And I think --MR. HODSON:

COMMISSIONER MacCALLUM: The fact that it was transmitted to Saskatchewan, I suppose one might say unless some restrictions were placed upon it that would constitute a waiver of privilege, but we don't know all that yet so why don't we just put a lid on it somehow, to put it in the vernacular.

MR. HODSON: Yeah, and if I can just suggest a solution, and I think that's Mr. Frayer's concern as expressed to me; twofold, one, he wishes to be in a position to assess the privilege issue and to make whatever argument he wishes, and he may wish to say that it's still privileged, in which case we would deal with it. He's not in a position to deal with that today but what I would suggest, this is on CaseVault, the parties have it, it's not a public document, and subject to what Mr. Elson has to say, who wishes to use it, certainly that's the quandary we're in right now. If he -- there is two ways of going about it; one, he can put it to the

24

02:16 25

witness and use it and we try to preserve

Mr. Frayer's arguments saying that doesn't

prejudice it, but then the document becomes

public; or, of course, secondly we simply defer

it, allow Mr. Frayer to address the Commission on

the issue when he has instructions and time to

prepare, and I guess I would ask Mr. Elson how

that affects him? Because I can bring Mr.

Penkala back.

MR. ELSON: It really doesn't affect me a great deal. And, in fact, I was aware the document existed because I came across it. The only reason it dawned on me at all was because Mr. Lockyer, in the course of cross-examining former Chief Penkala, was basically putting the proposition to him in his question that Dr. (sic) Penkala's opinion about the impact of the Fisher evidence was extraordinary, and he was seeming to suggest that no rational human being could possibly hold such an opinion, and with the greatest of respect I was wanting to hold Mr. Justice McIntyre as being a rational human being.

COMMISSIONER MacCALLUM: And not being, I forget the expression, Mr. -- what was the noun that was used?

	1	MR. HODSON: I believe it was 'buffoon'.
	2	COMMISSIONER MacCALLUM: Buffoon. Okay,
	3	yes, I can see your point. But it's something
	4	that can be done later on, if indeed it's
02:17	5	relevant, so but at this moment the privilege
	6	concern is
	7	MR. ELSON: Mr. Commissioner, for my
	8	purposes, having raised it, I think I have just
	9	accomplished what I wanted to accomplish.
02:17	10	MR. HODSON: Perhaps I could just suggest
	11	that I will deal with Mr. Frayer on that, obtain
	12	his position, and that I will advise counsel and
	13	would ask counsel not to use this document
	14	without first checking with either myself or
02:17	15	Mr. Frayer.
	16	COMMISSIONER MacCALLUM: Well I'll make an
	17	order to that effect.
	18	MR. HODSON: Okay.
	19	COMMISSIONER MacCALLUM: Not to use it or
02:17	20	to disclose it to anybody. Thanks, Mr. Frayer.
	21	MR. FRAYER: Thank you.
	22	BY MR. ELSON:
	23	Q Mr former Chief Penkala, one final question,
	24	and I'm going to make reference to an institution
02:17	25	that you have made comments about before, and that
		4

	1	is the media. This morning there appeared in the
	2	National Post an editorial, specifically on page
	3	Alo of the <u>National Post</u> an editorial by Brian
	4	Hutchinson I don't have it and I'm not sure I
02:18	5	can pull it up. There are a number of passages I
	6	suppose I could refer to but I will only refer to
	7	one, and that is the one that appears up near the
	8	top of the page. That image is suddenly becoming
	9	darker, I don't know whether or not we have the
02:19	10	technological capacity to blow that up or not?
	11	MR. HODSON: Yeah, we do.
	12	COMMISSIONER MacCALLUM: I think they can
	13	do anything around here, Mr. Elson.
	14	MR. ELSON: I'm impressed. If push comes
02:19	15	to shove I can probably just refer to the
	16	passage, and it's the passage, it's the passage
	17	here. Drop it down just a little bit, please.
	18	BY MR. ELSON:
	19	Q In that, Mr. Hutchinson makes a number of comments
02:19	20	with respect to the conduct of the Saskatoon City
	21	Police and then makes reference to matters which
	22	he conveys as being matters of fact, and
	23	specifically he says:
	24	"Mr. Wilson and Mr. Cadrain eventually
02:20	25	recanted, saying they had made up the

			1 age 3912
	1		story because of pressure applied to
	2		them by Saskatoon police."
	3		And it goes on to talk about Nichol John.
	4		To your knowledge, based upon
02:20	5		what you understand of this investigation, had
	6		Mr. Albert (Shorty) Cadrain ever, to the day he
	7		died, recanted the story he gave on March the
	8		2nd, 1969 about David Milgaard having blood on
	9		his clothes?
02:20	10	А	I'm not aware that he did.
	11	Q	And if I were to suggest to you that the evidence
	12		already received before this Commission of Inquiry
	13		is that he did not, would that surprise you, that
	14		he did not recant his story?
02:20	15	A	No, it doesn't surprise me.
	16	Q	When you talk about your concerns about the media,
	17		is this the kind of thing that you would have been
	18		concerned about, is this an example of the kind of
	19		thing that you would have been concerned about and
02:21	20		were identifying both to Commission Counsel and to
	21		Mr. Lockyer in the questions that were being asked
	22		of you?
	23	A	Exactly, and the amounts of such inferences by the
	24		media, yes.
02:21	25	Q	Thank you former Chief Penkala, I have no further

2	MR. HODSON: I'm not sure, I think we have
3	four more counsel to cross, I'm wondering whether
4	we might want to take the break now. We've got
5	
6	COMMISSIONER MacCALLUM: Oh yes, we
7	MR. HODSON: And then I can sort out
8	COMMISSIONER MacCALLUM: We stop at 3:30
9	today, don't we?
10	MR. HODSON: Yes, we stop at 3:30, so maybe
11	this is an appropriate time to break.
12	COMMISSIONER MacCALLUM: 15 minutes.
13	(Adjourned at 2:21 p.m.)
14	(Reconvened at 2:39 p.m.)
15	COMMISSIONER MacCALLUM: Mr. Beresh?
16	BY MR. BERESH:
17	Q Thank you, Mr. Commissioner. Mr. Penkala, I will
18	not be long with you, and I can assure you that
19	the aim of my questioning is not to attract any
20	national media, in fact I have spent most of my
21	life trying to shun the media,
22	MR. HODSON: Is there an objection?
23	MR. BERESH: not always successfully.
24	BY MR. BERESH:
25	${f Q}$ Mr. Penkala, since 1969 through to the present

1		time, in your exhaustive review of files and
2		documents that have been made available to you in
3		your exhaustive involvement in this case, is it
4		correct that nowhere have you observed, in any of
02:40 5		the documents or in any of the information you
6		have received, any arrangement or agreement in
7		which Mr. Fisher was involved that his matters in
8		1970-71 would be dealt with in any location of his
9		choosing?
02:41 10	A	Never.
11	Q	Is it also correct, from that exhaustive
12		involvement and review, that you have seen no
13		agreement wherein there was any arrangement that
14		his judicial matters be dealt with in a fashion
02:41 15		where there would not be media present?
16	А	No.
17	Q	And is it correct as well, sir, that you are not
18		privy to any information which would suggest that,
19		in any respect, any sentence he received was
02:41 20		untoward or something that might be improper?
21	А	Never.
22	Q	Okay. There was discussion or a suggestion to you
23		I think yesterday that there was something
24		untoward about entry of pleas by him in Regina,
02:41 25		Saskatchewan; do you recall that?

	ĺ		——————————————————————————————————————
	1	А	Yes.
	2	Q	I did I wonder, sir, if you are aware of
	3		documented attempts by his Winnipeg lawyer to try
	4		to have Saskatchewan matters waived to Manitoba
02:42	5		for concurrent resolution?
	6	А	I was not aware of that.
	7	Q	Okay. But I take it that wouldn't be unusual for
	8		a lawyer to want to try to conclude all matters on
	9		behalf of an accused in one location, at one time,
02:42	10		before one sentencing judge?
	11	A	Yes.
	12	Q	Okay. Let me suggest to you that the documents in
	13		fact exist and that, as a result of legal opinion,
	14		that could not be achieved. But I take it, sir,
02:42	15		that you likewise have no personal knowledge, or
	16		even indirect knowledge, of any plea arrangements
	17		between Mr. Fisher's then-counsel in Winnipeg and
	18		Crown counsel?
	19	A	No, I don't have any.
02:42	20	Q	You wouldn't be privy to any discussions vis-a-vis
	21		having seen any memos or documents to that effect;
	22		is that correct?
	23	А	That's correct.
	24	Q	Okay. But I take it you are aware of what we know
02:43	25		as the principle of global sentencing?
			A

	Ī		——————————————————————————————————————
			r ago oo ro
	1	А	Yes.
	2	Q	That is that, although somebody may commit
	3		multiple offences, we take the view that they
	4		should not receive individualized sentences but
02:43	5		one global sentence taking into account those
	6		offences?
	7	A	Yes.
	8	Q	I take it you wouldn't be aware of whether or not
	9		there was an arrangement for a global-type
02:43	10		sentence to be imposed on Mr. Fisher?
	11	А	I was not aware.
	12	Q	You wouldn't be aware, specifically, if there was
	13		a there were discussions and an agreement for a
	14		global-type sentence dealing with all of the
02:43	15		convictions of Mr. Fisher, even though the pleas
	16		occurred in separate jurisdictions?
	17	А	I would have no information.
	18	Q	And, if a global sentence was in fact imposed,
	19		then it would be incorrect and probably misleading
02:43	20		to suggest that he received not one day extra in
	21		Saskatchewan; is that correct?
	22	А	That's right, yes.
	23	Q	You were asked, also, about the fact that Mr.
	24		Fisher was transported to Regina instead of
02:44	25		Saskatoon and, for those of us who are not
		ıl	

	Ī		
	1		geographically challenged, I take it you were
	2		fully aware of the fact that there were RCMP
	3		planes travelling from Prince Albert to Regina on
	4		a regular basis?
02:44	5	A	Yes.
	6	Q	Couriering either accused appearing in trial
	7		courts or accused appearing in appellate courts in
	8		Regina?
	9	A	Yes.
02:44	10	Q	And my understanding, correct me if I'm wrong, is
	11		that the appellate court criminal division, in
	12		1969-'70, in the early '70s in Saskatchewan, sat
	13		only at Regina?
	14	A	I don't know that for a fact, but that's
02:44	15		reasonable, yes.
	16	Q	Yes. So there would be nothing unusual about him
	17		being taken from Prince Albert to Regina?
	18	A	I wouldn't think so.
	19	Q	Okay. And I take it, as well, you wouldn't be
02:44	20		aware of any discussions between his counsel at
	21		the time and Crown prosecutors in Saskatchewan
	22		about the convenience of defence counsel in terms
	23		of resolution of the case?
	24	A	No.
02:45	25	Q	But I take it you are now aware from information
			1

			——————————————————————————————————————
	1		you received, albeit not personal information,
	2		that the plea took place in a public courtroom?
	3	A	Yes.
	4	Q	That the courtroom was not closed to the public?
02:45	5	А	That's my understanding.
	6	Q	It was not closed to the media?
	7	А	That's my understanding.
	8	Q	Okay. Sir, I wanted to ask you very quickly,
	9		yesterday you were shown the document by
02:45	10		Mr. Wolch and I could have it produced if you
	11		wish which was a, I'll call it a schematic
	12		prepared by the RCMP about similarities or
	13		dissimilarities of the various allegations against
	14		Mr. Fisher; do you recall that?
02:45	15	А	Yes.
	16	Q	There was a large schematic?
	17	A	Yes.
	18	Q	All right. And I'm wondering in that regard, you
	19		weren't asked this question, were you aware that
02:45	20		when that schematic was subject to judicial review
	21		by Mr. Justice Allbright that, of those
	22		allegations, only three were found to be similar?
	23	A	I wasn't aware of that.
	24	Q	Okay. You were never made aware of that; were
02:46	25		you?
			_

	Ī		——————————————————————————————————————
	1	А	No.
	2	Q	Okay. And, in that regard, you were asked by Mr.
	3		Fox, able counsel, today about the dissimilarities
	4		and you agreed that there were dissimilarities?
02:46	5	A	Yes.
	6	Q	Okay. You will recall, sir, that there was
	7		discussion about a theoretical discussion about
	8		whether Ms. Miller was attacked at or about the
	9		scene where she was found, or whether she was
02:46	10		dropped there after having been attacked
	11		potentially in a car; are you?
	12	A	Yes.
	13	Q	You will recall as well that, from information you
	14		now have, Mary Marcoux went up to Ms. Miller's
02:46	15		body thinking that she was asleep or passed out in
	16		the alley?
	17	A	I wasn't personally aware of that, but
	18	Q	But you are now?
	19	A	Yes, yes.
	20	Q	You are aware that Linda Duffus claims that she,
	21		independent of Ms. Marcoux, went up to the body?
	22	А	No, not specifically, no.
	23	Q	No? Let me advise you that that's, in fact, her
	24		evidence; that people from the funeral home came
02:47	25		up around the body?

	Г		
	1	А	Yes.
	2	Q	Okay. And the reason I ask that is because
	3		obviously any markings in the snow which the
	4		police might have believed to be marks of a
02:47	5		struggle could well have been explained by people
	6		walking around curious as to whether the person
	7		was conscious, needed help, in that regard; is
	8		that correct?
	9	А	Umm, I didn't see it that way.
02:47	10	Q	I appreciate that, but clearly that's one
	11		interpretation one could reasonably put on the
	12		circumstantial evidence; isn't that fair?
	13	А	I suppose that could be entertained, yes.
	14	Q	So, and if we accepted that and we're not
02:47	15		saying it's the truth or not but if we accept
	16		that, then it would suggest that the body was
	17		dumped after attack or after assault in the alley;
	18		is that correct? That's one interpretation.
	19	А	That could be an interpretation I suppose.
02:48	20	Q	Which would mean that a vehicle would have been
	21		involved?
	22	А	Yes.
	23	Q	Which would have been a major distinction from any
	24		of the other circumstantial modus operandi that
02:48	25		was found on that chart or anywhere else?
		:	

Page 9921

	Г		——————————————————————————————————————
			rage 932 r
	1	А	Yeah, that would have been a difference, yes.
	2	Q	Total difference?
	3	А	Yes.
	4	Q	Okay. Sir, I was interested, you were asked about
02:48	5		Linda Fisher and why the police didn't follow up
	6		on that or didn't do more, and I'm wondering; are
	7		you aware that Linda Fisher, from proven
	8		information, was a severe alcoholic?
	9	А	I didn't know that.
02:48	10	Q	Were you aware that she had psychiatric problems
	11		or psychiatric illness?
	12	А	I didn't know that.
	13	Q	Were you aware that she had knowledge of an
	14		offered reward of some \$10,000?
02:49	15	А	I was not aware of that.
	16	Q	Okay. That she was under the influence of alcohol
	17		when she went to the police with her complaint?
	18	А	I wasn't really aware of that neither.
	19	Q	That she had a major falling out with her husband
02:49	20		and there was substantial animosity between the
	21		two of them?
	22	А	I gathered that, somewhere along the lines, I had
	23		some knowledge of that.
	24	Q	And of course there was a delay of some 10, 11
02:49	25		years before she came forward with her
		Ĭ	_

		information?
2	A	Yes.
3	Q	And, by that time, substantial information about
4		Gail Miller's death had been made public?
5	A	Yes.
6	Q	For example, it's my recollection that if anyone
7		followed David Milgaard's trial publicly, they
8		would have seen that it was believed that a paring
9		knife was involved?
10	A	Yeah, very obviously that would have happened.
11	Q	And, obviously, you found a paring knife handle at
12		the scene?
13	A	I found the blade.
14	Q	The blade, I'm sorry, which would have been made
15		public?
16	A	Yes.
17	Q	So for someone to take, it wouldn't have been
18		difficult for someone to take even that little bit
19		of information and use it to their own benefit, if
20		they just so chose?
21	A	That's possible, yes.
22	Q	I take it all of that information would have been
23		important in someone assessing the veracity of her
24		complaint?
25	A	Yes.
	3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	3 Q 4

		——————————————————————————————————————
4		
1	Q	And it may well have been that, had that been
2		known at the time, that no one would have pursued
3		the complaint; is that correct?
4	A	Well I, I think that those would be reasons not to
5		pursue it.
6	Q	Sir, you were asked about what occurred to police
7		files which were unsolved; can we talk about that
8		for a moment?
9	А	Yes.
10	Q	So, as I gathered yesterday and today and even
11		before in examination-in-chief, there were two
12		broad categories of police files, obviously,
13		solved and unsolved?
14	A	Yes.
15	Q	You told us that solved, I believe in 19 we're
16		talking the time frame of '69-'70, early '70s;
17		fair?
18	A	Yes.
19	Q	So, as I understood your evidence, the solved
20		files were microfilmed and eventually hard copies
21		destroyed after ten years?
22	A	Yes.
23	Q	Okay. Unsolved, though, remained, I take it, hard
24		copy?
25	A	Yes.

			. ag. os
	1	Q	Probably were never microfilmed, or were they?
	2	А	I'm not sure whether they were microfilmed or not.
	3	Q	Oh.
	4	A	But, in any event, they could have been
02:51	5		microfilmed but the hard copy would have been
	6		retained. It had a different statutory
	7		requirement to keep.
	8	Q	And would it have been retained, that is the
	9		unsolved hard copy files, would they have been
02:51	10		retained at the police station, physically, or
	11		some other location?
	12	A	Umm, at that time they would have been at the
	13		police station, physically, in a separate locked
	14		room.
02:52	15	Q	Okay. So, so as Mr. Commissioner can understand,
	16		from say '69 until the new building they would
	17		have been retained at the police station?
	18	А	Oh, I'm sorry, we're talking about I just lost
	19		track of that we're talking about the old
02:52	20		building. There was a dead storage lockup in the
	21		old building as well, yes.
	22	Q	Okay. And so were unsolved files kept in dead
	23		storage?
	24	A	Yes.
02:52	25	Q	Okay. The reason I ask that is that we now hear
			•

	ſ		——————————————————————————————————————
			1 ago 0020
	1		often about new departments within the police
	2		forces where they deal with cold, they're called
	3		'cold files'?
	4	А	Yes.
02:52	5	Q	Are you aware of that phrase?
	6	A	Yes.
	7	Q	My understanding is that it refers to unsolved
	8		cases?
	9	A	Yes.
	10	Q	Is that your understanding?
	11	A	Yes.
	12	Q	Was there a cold file unit, in 1969 and up to
	13		1975, in the Saskatoon Police force?
	14	A	There was not.
02:52	15	Q	Then who supervised the review of unsolved files?
	16	A	It would be, it would be a situation that the
	17		department that was responsible, for example the
	18		detectives for a murder file, that would be
	19		constantly at the elbow of, of the coordinators
02:53	20		within that file, and basically unsolved crimes of
	21		that nature were, were well-remembered by the
	22		department as a whole.
	23	Q	I appreciate that, but you agree that police
	24		personnel then, as now, change and move from
02:53	25		department to department?
		i	

	Ī		
	1	А	Yes.
	2	Q	Then whose job was it to supervise the review of
	3		that, like every two years, every five years?
	4	А	I'm not certain that there was anybody in the time
02:53	5		frame that you have identified.
	6	Q	Was there a review process?
	7	A	I'm not aware of one specifically.
	8	Q	Like someone saying, 'well let's go back and look
	9		at the files that we haven't solved'?
02:53	10	A	I think that, if an issue came up, availability
	11		would then exist to go back and re
	12	Q	Okay.
	13	А	look at the record, yeah.
	14	Q	So was there either a hard copy or some type of
02:54	15		electronic copy of the list of those files?
	16	А	I'm not sure
	17	Q	So I come into the department, morality, I'm
	18		new and I would be a likely candidate for
	19		morality I come into that department and I want
02:54	20		to know what files haven't been solved; is there
	21		somewhere I can look at that list?
	22	А	I think you would have to go to central records
	23		and they could provide you that, that list.
	24	Q	Had you ever seen such a list?
02:54	25	А	I can't say that I have, specifically.
		d.	

	ſ		——————————————————————————————————————
	1	Q	So I take it there was no specific protocol about
	2		review of those files on a regular, ongoing basis?
	3	A	I'm not aware of a routine review.
	4	Q	And, just so we can dovetail that, what happened
02:54	5		to the unsolved file; how long did it remain open?
	6	A	Well some of those files, well those files are
	7		never closed in reality, they may be inactive but
	8		they are not closed, and the destruction of that
	9		file would just simply not occur.
02:55	10		COMMISSIONER MacCALLUM: I wonder if we
	11		could see if there is a distinction between major
	12		crimes and thefts, for example?
	13		MR. BERESH: Thank you. Good point.
	14		COMMISSIONER MacCALLUM: There must be
02:55	15		innumerable theft files which are closed but not
	16		solved.
	17	BY I	MR. BERESH:
	18	Q	So, without offending anyone, can we agree that
	19		there is a major, there are major files which
02:55	20		cause, well let's say cause either serious harm,
	21		serious assaults, murder, that sort of thing,
	22	A	Yes.
	23	Q	as opposed to less-serious?
	24	A	Yes.
02:55	25	Q	Was there a distinction in the period say 1969 to
			4

	Г		——————————————————————————————————————
			1 ago 0020
	1		1975, please, unsolved?
	2	A	A distinction between unsolved and in terms of
	3		the type of file?
	4	Q	Let me put the question this way. Was there a
02:55	5		difference in the protocol or policy in terms of
	6		destruction of unsolved files in categories of
	7		serious versus not serious or minor?
	8	A	I don't think so.
	9	Q	That is, were some minor files closed simply
02:56	10		because they were minor, even though they were
	11		unsolved?
	12	A	Yes.
	13	Q	But some but the major ones were not closed?
	14	A	The major ones were not closed.
02:56	15	Q	And we see
	16	A	A murder, a murder file would not be closed.
	17	Q	Okay. So, and when you say 'not closed', does
	18		that mean that the hard copy remained at the
	19		police station all the time?
02:56	20	A	Yes.
	21	Q	Was never microfilmed?
	22	A	I can't be sure whether that would have been
	23		microfilmed but a hard copy would be retained. As
	24		a matter of fact, during my tenure as the chief, I
02:56	25		had directed that files of that nature be
			4

	Ī		Page 9929 —————————————————————————————————
	1		catalogued and put together because we didn't have
	2		anyone specifically assigned, and sometimes these
	3		files get kind of
	4	Q	And
02:56	5	A	And we and I had them assign someone to
	6		specifically go through them, catalogue them, so
	7		that if you were referring to any specific aspect
	8		of it, it would be easily retrievable.
	9	Q	And when was that done, sir, that you asked for it
02:57	10		to be catalogued?
	11	A	I became chief in '82, so it would be sometimes
	12		between '82 and my retirement in '91.
	13	Q	Prior to that, had there been the cataloguing
	14		process that you put in place?
02:57	15	A	There may have been, but under, under direction of
	16		another supervisor, or maybe specific cases were
	17		set out that way.
	18	Q	Now I want to get back, I want to press you on
	19		this if I can. Was there, or had you ever seen a
02:57	20		physical list, before you became chief, of
	21		unsolved cases identifying the nature of the
	22		allegation; murder, sexual assault, name of
	23		deceased, complainant, victim?
	24	А	No, I didn't see one.
02:57	25	Q	Is there anyone who you think may be testifying at

			7 age 3330
	1		this Commission who can tell us whether or not one
	2		existed, or would have more knowledge than
	3		yourself?
	4	A	I don't know. As I said a few moments ago, that
02:58	5		responsibility would lie with the manager of
	6		central records, and he would have been in a
	7		position at that time it was a Mr. Gerry
	8		Keelan he would have been in a position to help
	9		any supervisor or any investigator to retrieve and
02:58	10		find cases that, that needed to be referenced.
	11	Q	But Keelan, I understood, was off-premise?
	12	A	No.
	13	Q	He was on-premise?
	14	A	Oh yes.
02:58	15	Q	But supervised the off-premise location?
	16	A	No, the all of the, all of the record system
	17		was on-premise.
	18	Q	Okay, all throughout 1969 and 1970?
	19	A	Oh yes.
02:58	20	Q	Okay. And available for access by anyone a
	21		member of the police force?
	22	A	Yes, and only by permission. It was it was
	23		secured to the point that you would have to
	24		inquire and, as long as you were a police officer,
02:59	25		you would be provided the opportunity to even take

1		the file out if you so desired.
2	Q	Would you have to sign in so we would know who
3		accessed what files?
4	A	You would have to sign for the file, yes.
02:59 5	Q	Okay. This is an obvious question but, for the
6		record, let's make it clear. Obviously, Larry
7		Fisher had no control over any police files?
8	A	No, oh no, nope.
9	Q	Larry Fisher never entered into any agreement that
<i>0</i> 2:59 10		his files be destroyed in any way, or lost, or
11		anything else?
12	A	I don't know how.
13	Q	I wouldn't think so. Finally, sir, I'm interested
14		in one area which is are these binders. My
<i>0</i> 2:59 15		understanding is that the binders that you kept at
16		your home were two in number?
17	A	Yes.
18	Q	And they included material relevant to this case?
19	A	Relative to this case, yes.
02:59 20	Q	And I apologize, I'm not sure and I'm not clear in
21		my mind; when did you start to accumulate that
22		material?
23	A	Actually it was accumulating at the time of the
24		incident, which was in 1969, and then it
03:00 25		progressively grew. Most of the contents of those

	1		personal files were copies of my own reports.
	2	Q	Let me be clear. I understand when the materials
	3		surfaced and were recorded, my question is when
	4		did you start to, first start to accumulate the
03:00	5		materials in the binders?
	6	А	Oh, I specifically what happened is when I left
	7		work I took the file, which was loose copies, I
	8		took that with me and took it home, it I
	9		interpreted it as my property, I took it home.
03:00	10		Later, with all the controversy surrounding this
	11		very case, I sat down and put these copies in a
	12		sequence of date-wise and put them in the binders.
	13	Q	And were your superiors, or at least the then, the
	14		chief who followed you, was he aware you had the
03:00	15		file?
	16	А	I don't know if he was or not.
	17	Q	Was it with his permission that these items were
	18		copied and kept?
	19	А	I don't think I had to get permission from him.
03:00	20		Those were my copies. I dictated those reports, I
	21		wrote them. As far as I was concerned they were
	22		my personal
	23	Q	Had you ever done that with any other file in
	24		which you were directly or indirectly involved as
03:01	25		a police officer?

	ſ		——————————————————————————————————————
			. a.g. 2000
	1	А	I'm not sure. I think I have. I can't just
	2		specifically they were reserved to the very
	3		serious type of investigations that were taking
	4		place which involved considerable time and the
03:01	5		expectation that you might at some time have to
	6		return with information.
	7	Q	And finally, sir, you had those binders I take it
	8		then in 1997, '98, '99?
	9	A	Yes.
03:01	10	Q	And you were aware that Mr. Sinclair, Mr. Johnston
	11		were prosecuting Mr. Fisher?
	12	A	Yes.
	13	Q	Is it correct that the existence of those binders
	14		was not made known to either of those prosecutors?
03:02	15	A	I don't recall other than the fact that I had my
	16		notebook. I was visited by RCMP officers who I
	17		guess took a statement from me, I don't recall
	18		signing a statement, but they interviewed me and
	19		of course I testified at the preliminary and at
03:02	20		the trial of Larry Fisher.
	21	Q	Did you reveal to the RCMP that you personally had
	22		those two binders?
	23	А	I don't recall if I did or not. There would be no
	24		reason not to reveal it.
03:02	25	Q	Did you ever reveal to Mr. Johnston or Mr.

			Page 9934 ——————————————————————————————————
			· · · · · · · · · · · · · · · · · · ·
	1		Sinclair that you had those binders?
	2	A	I don't know at this stage. There would have been
	3		no there would have been no reason to deny that
	4		I had them, that would be for sure, but
03:03	5	Q	Well, did they ask that you produce them?
	6	А	No, not that I'm aware of. I don't remember that
	7		being
	8	Q	By 1997, even though you weren't chief and not
	9		involved directly with police matters, you were
03:03	10		well aware of the Supreme Court of Canada's
	11		decision in Stinchcomb as you mentioned this
	12		afternoon?
	13	А	Yes.
	14	Q	And the need to disclose?
03:03	15	А	Yes.
	16	Q	Did Mr. Sinclair or Mr. Johnston ever ask for
	17		those binders, to either review them, to look at
	18		them?
	19	A	Well, basically the information that's in those
03:03	20		binders would have been shared with them and
	21		whether they saw them or not, they would in
	22		fact I would suspect that they would even have
	23		copies of those reports.
	24	Q	Where was it shared with them, please, physical
03:03	25		location?
		Ì	

	Ī		
	1	А	Where was it shared with them?
	2	Q	Yes. You said you shared it with them?
	3	А	Well, they would have, Sinclair and Mr. Johnston
	4		would have had access to the police file I would
03:04	5		think.
	6	Q	I appreciate that. I just want to focus on the
	7		binders if we can. Did you physically take the
	8		binders and show it to them or did they go to a
	9		location where you had the binders or go to your
03:04	10		home and look at them, please.
	11	A	No, I don't recall showing them the binders nor
	12		them asking me about them.
	13		MR. BERESH: I see. Those are my
	14		questions, sir.
03:04	15		COMMISSIONER MacCALLUM: Thanks.
	16	BY M	MR. PRINGLE:
	17	Q	Mr. Penkala, I'm Alex Pringle, I'm counsel for
	18		Calvin Tallis. I doubt whether my questions will
	19		even attract local media attention.
03:04	20		There was a suggestion yesterday
	21		that the Crown's case back in 1970 against David
	22		Milgaard as it approached the trial was not a
	23		strong case. Do you remember that?
	24	A	Yes.
03:05	25	Q	You are aware of the major evidence that the Crown
			4 1

	Ī		——————————————————————————————————————
	1		had against Milgaard back prior to trial in 1970,
	2		the evidence of Cadrain, John, Wilson, Melnyk,
	3		Lapchuk?
	4	A	Yes, in generalities, yes.
03:05	5	Q	Looking at it from the point of view of defending
	6		this case, this was not an easy case to defend
	7		when you had witnesses giving, you know,
	8		potentially giving testimony that was contemplated
	9		at that trial; is that fair to say?
03:05	10	A	Yes, very much so.
	11	Q	And there wasn't were you aware of any, back in
	12		1970, were you aware of any motive as to why
	13		Messrs. Lapchuk or Melnyk would want to fabricate
	14		testimony against Mr. Milgaard?
03:06	15	A	No.
	16	Q	And yesterday with respect to yesterday and
	17		today you've been asked about disclosure and I
	18		gather that you were not involved yourself in the
	19		process of determining what disclosure Mr. Tallis
03:06	20		should have received?
	21	Α	That's correct.
	22	Q	So you are not aware of what disclosure or lack of
	23		disclosure that he received when he was preparing
	24		for the defence of David Milgaard?
03:06	25	A	That's correct.
		i	

	Ī		——————————————————————————————————————
	1	0	Mr. Tallis I gather, let's put it this way, Mr.
		Q	
	2		Penkala, by the time this trial came along, you
	3		would have been a police officer for 15 1/2 years?
	4	А	That's approximately right, yes.
03:07	5	Q	And you were the head of the identification
	6		department?
	7	A	Yes.
	8	Q	So you would have had more than a passing
	9		familiarity with the court system and the criminal
03:07	10		justice system in Saskatoon?
	11	A	Yes.
	12	Q	You were aware of, probably aware and had observed
	13		many of the lawyers in Saskatoon?
	14	A	At that time, yes.
03:07	15	Q	And Mr. Tallis, how would you rate him as far as
	16		being a criminal defence lawyer at that time?
	17	A	My understanding of Mr. Tallis at that time, that
	18		he was the best defence lawyer in Saskatchewan. I
	19		remember him as a very thorough, very thorough
03:07	20		defence lawyer and yet a very fair person and I
	21		don't know of any specifics, but I appeared before
	22		him and I always thought he was a gentleman.
	23	Q	And that would be what you felt his reputation to
	24		be at the time that he took this case back in 1969
03:08	25		and then represented Mr. Milgaard at the trial in
			Mayor CompuCourt Paparting

1 1970? 2 Yes, and one of the things, that people that would Α 3 have to come before the cross-examination of 4 Mr. Tallis were in some fear because they knew of 5 his thoroughness and a police officer on the 03:08 witness stand wants to do a good job, so he was a 6 7 very thorough, very thorough defence counsel. 8 MR. PRINGLE: Thank you very much. 9 are my questions. 03:08 10 COMMISSIONER MacCALLUM: Thanks. 11 BY MR. WILSON: 12 Q Chief Penkala, my name is Garrett Wilson, I 13 represent Serge Kujawa, and I'm from that school 14 similar to that of Mr. Elson where once a chief, 03:09 15 always a chief, so I will regard you as chief 16 today. 17 Α Thank you very much. 18 Now, I was interested in your comments on Calvin Q 19 Tallis, defence lawyer, as he was in 1970. 03:09 20 also listening with interest the other day when 21 Mr. Lockyer put to you some questions about my 22 client Mr. Kujawa. In 1971, the 1970s generally 23 and the 1980s generally you were either a senior 24 officer in the Saskatoon Police Force or the chief

thereof?

03:10 25

			ŭ
	1	А	Yes.
	2	Q	Did you come to know Mr. Kujawa and his employment
	3		with the Department of Justice in Regina during
	4		those years?
03:10	5	А	Yes, I had dealings with Mr. Kujawa, not
	6		specifically with this case that's before this
	7		Inquiry, but as the chief of police I had
	8		opportunities and the privilege of seeking his
	9		advice on legal issues and he was always readily
03:10	10		forthcoming with information, information that
	11		sometimes you may have been disappointed with
	12		learning, but he was respected to the point that
	13		if Mr. Kujawa said that's the way it is, I don't
	14		think there was anybody that would deny him the
03:11	15		right of making that kind of a decision.
	16	Q	He was the director of public prosecutions in the
	17		Department of Justice during most of the period I
	18		speak of?
	19	А	Yes.
03:11	20	Q	I take it from the explanation you just gave me,
	21		that you held his advice in high regard?
	22	А	Very much so.
	23	Q	You found him very competent in his professional
	24		duties?
03:11	25	А	Yes.
		II	

		3
1	Q	How about his integrity and standards of honesty?
2	A	Oh, there was no it was never questioned.
3	Q	The sort of person who might be involved in a
4		coverup such as we've been hearing in this
03:11 5		Inquiry?
6	A	I can't even think of it in those terms. That's
7		just not that's just not Mr. Kujawa.
8	Q	Uh-huh. Could we look at 261053, please. You
9		were queried about this piece of correspondence by
03:12 10		Mr. Lockyer I believe?
11	A	Yes.
12	Q	And Mr. Lockyer felt free to question you about
13		Mr. Kujawa's knowledge and responsibilities, you
14		were questioned about this letter. I notice it is
03:12 15		addressed to the attention of K.W. MacKay, Crown
16		solicitor?
17	A	Yes.
18	Q	Do you know Mr. MacKay as well?
19	A	I know of him, I don't know him.
03:13 20	Q	But he was a Crown solicitor in the Department of
21		Justice at that time?
22	A	Yes, that's how I that's what it reminds me of,
23		yes.
24	Q	Are you aware of any protocol or procedure that
03:13 25		was in place in the Department of Justice in 1971
		4 °

	ſ		
	1		that would require Mr. Kujawa to reply to Mr.
	2		MacKay's mail?
	3	А	I don't know their policies and procedures at all,
	4		but it sounds highly unlikely.
03:13	5	Q	I would think so. Would you take that down,
	6		please. Now, my notes from your service records
	7		suggest that in 1962 you were an identification
	8		officer with the Saskatoon Police Department?
	9	A	Yes.
03:14	10	Q	Did you, in May of 1962, have any part in the
	11		investigation of a murder of a young nurse on the
	12		river bank in Saskatoon near the weir?
	13	A	I did not, but I'm aware of the murder.
	14	Q	You are aware of the file, a young lady by the
03:14	15		name of Alex Wiwcharuk?
	16	А	Yes.
	17	Q	Date of death, 18th of May, 1962?
	18	А	That seems about right, yes.
	19		COMMISSIONER MacCALLUM: What was her name,
03:14	20		Mr. Wilson?
	21		MR. WILSON: Wiwcharuk, W-I-W-C-H-A-R-U-K.
	22		COMMISSIONER MacCALLUM: Thanks.
	23	ВҮ	MR. WILSON:
	24	Q	She was, I believe, 20 years of age?
03:15	25	А	That's approximately right.

	1	Q	Her body was not found on the day of death in that
	2		instance I believe, but some days later, some
	3		attempt had been made to cover up the body?
	4	А	She was buried in a shallow grave on the river
03:15	5		bank, yes.
	6	Q	That was a highly-publicized murder and subsequent
	7		investigation in Saskatoon?
	8	A	Yes.
	9	Q	Still unsolved?
03:15	10	A	Still unsolved as far as I know.
	11	Q	And has received some recent publicity in fact?
	12	А	Quite recently I recall reading.
	13	Q	Yes. So speaking of cold cases, this one has come
	14		up for review and has been worked upon?
03:16	15	А	That would be a prime example of cold case review,
	16		yes.
	17	Q	A couple of questions about that case relative to
	18		the work you were doing in the Gail Miller murder.
	19		Was any thought given to a comparison between that
03:16	20		1962 killing and the one you were dealing with in
	21		January of 1969?
	22	А	I suspect there was. I don't have a specific
	23		recollection. I know that the Wiwcharuk murder
	24		was also a sex attack, so I would think that
03:16	25		probably that was brought back into the minds of

		——————————————————————————————————————
1		the investigators at that moment, not only just
2		for comparison, but there's always a desire to
3		solve cases regardless of how old they are.
4	Q	Can you tell us whether there was another sex
03:17 5		killing of a young woman in Saskatoon between 1962
6		and 1969 when the Gail Miller murder happened?
7	А	I can't off the top of my head. Between 1969
8		and
9	Q	Between '62 and '69.
03:17 10	А	Oh, '62 and '69. I can't from, just from my
11		general knowledge, I can't think of any specific
12		case.
13	Q	If there was an unsolved murder of that sort out
14		there, you would remember it; would you not?
03:17 15	А	Oh, yes, and I'm starting to recall, we had a
16		murder at the Saskatoon golf course, I think it
17		remains unsolved.
18	Q	And what year did that happen?
19	А	I believe that was '62. I'm sort of guessing at
03:17 20		that, but
21	Q	That was also a young female was it?
22	А	No, that was an elderly gentleman and he was a
23		janitor at the clubhouse at the golf course.
24	Q	Can you tell us if there was any feeling of
03:18 25		additional pressure to solve the Gail Miller
	II .	

			Page 9944 ————
	1		murder because of the still outstanding 1962
	2		murder we're speaking of?
	3	A	There was certainly pressure to solve the crime,
	4		but I don't think it was related to any other
03:18	5		outstanding unsolved crimes. I think most
	6		credible police officers recognize the importance
	7		of pursuing and solving a serious crime and I
	8		think every police officer, at least that's my
	9		feeling, is under pressure to do whatever is
03:18	10		possible to find the perpetrator.
	11	Q	And do you recall any political or media pressure
	12		in 1969 relating back to the '62 killing?
	13	Α	Not really. I think there was publicity about its
	14		occurrence, but there certainly was about the
03:19	15		Wiwcharuk, there was probably more about the
	16		Wiwcharuk case than there was about the Hartz
	17		case, that was the male person. Certainly there
	18		was publicity.
	19	Q	Now, speaking about sentencing, I want to be
03:19	20		delicate about this, chief, but it wouldn't
	21		surprise me if you shared what I suggest is a
	22		general feeling among the police and prosecutors
	23		in Saskatchewan that the judiciary is somewhat
	24		lenient on sentencing in this province?
03:19	25	А	Well, I suppose our personal thoughts, if you get

			r age 5546
	1		into our personal thoughts and because of the
	2		involvement, I'm sure that police officers think
	3		in those terms, but I don't think they would dare
	4		voice them publicly.
03:20	5	Q	No, of course not, but they would harbour those
	6		feelings when they see one of their customers back
	7		on the street a lot earlier than they would prefer
	8		to see them?
	9	А	I think that's a fair assessment, yes.
03:20	10	Q	Now, Mr. Beresh was asking you about the global
	11		sentencing with respect to Mr. Fisher and the fact
	12		that the 10 year sentence concurrent out of
	13		Saskatchewan didn't add any time to the 13 years
	14		he had already received in Manitoba; correct?
03:20	15	А	That's right.
	16	Q	And I believe we have evidence before us that Mr.
	17		Fisher was out on the street again in 1980 and in
	18		1980, in fact within a few months of that,
	19		committed a very vicious rape and a determined
03:20	20		attempted murder in North Battleford; correct?
	21	A	I think that's right, yes.
	22	Q	And he was convicted of that offence and appeared
	23		for sentencing?
	24	А	That's correct.
03:21	25	Q	And when he appeared for sentencing, he would have

		——————————————————————————————————————
1		had on his record at that time the two convictions
2		from Manitoba and the four from Saskatchewan; is
3		that correct?
4	A	Yeah.
03:21 5	Q	Six vicious rapes, or five vicious rapes and one
6		indecent assault; right?
7	A	Should have, yes.
8	Q	And that he had already served a sentence of 13
9		years?
03:21 10	A	Yes.
11	Q	And now only by a fluke did he escape a murder
12		charge, but he's up against a very vicious,
13		heinous crime. One would expect that the
14		sentencing he would receive for that would be in
03:21 15		excess of the one that he had previously served;
16		wouldn't you agree?
17	A	Well, again, it goes back to personal opinions and
18		I always felt that it was improper for a police
19		officer to get involved in those issues.
03:22 20	Q	But there still is an elevated level of punishment
21		assumed to exist within the system; is there not?
22	A	Oh, yes, of course.
23	Q	But in fact, as we know, Fisher received only 10
24		years for that offence in North Battleford; is
03:22 25		that correct?

	Ī		Page 9947 ——————————————————————————————————
			r ago co m
	1	А	I don't know for a fact.
	2	Q	I think that's in evidence before us.
	3	А	Yeah.
	4	Q	May we have document 324970. This is a letter
03:23	5		about which we've heard so much in the last few
	6		days, chief, written in April, 1991, and you make
	7		some strong comments, you express some strong
	8		opinions about the media. Now, there was a second
	9		high profile murder trial that took place in
03:23	10		Saskatoon some years before that, the Colin
	11		Thatcher trial in 1984. Do you recall that?
	12	A	Yes.
	13	Q	The offence occurred in Regina, but the trial took
	14		place here?
03:23	15	А	Yes.
	16	Q	Conviction took place in the fall, November I
	17		think, of 1984, the appeal process was followed,
	18		Saskatchewan Court of Appeal, Supreme Court of
	19		Canada finally I think rendered a decision in
03:24	20		1987, and that was a situation where there were
	21		strong contentions of wrongful conviction; were
	22		there not?
	23	А	I understand I remember this going on, but the
	24		specifics is pretty difficult. I had maybe not as
03:24	25		much interest in that case as I had in our
			Mayor CompuCount Panarting

	Ī		
			
	1		home-grown cases.
	2	Q	True, but a lot of that was happening in
	3		Saskatoon, there was an application by Thatcher
	4		under 690 of the Code then for a review by the
03:24	5		Federal Minister of Justice. Were you aware of
	6		that?
	7	A	No, not specifically.
	8	Q	Your department was not involved in any way with
	9		the investigation that was called for by that
03:24	10		application?
	11	А	I'm not aware that we were.
	12	Q	Do you recall the media being rather replete with
	13		claims of wrongful conviction on the part of
	14		Thatcher and his supporters?
03:25	15	А	Again, I don't know how I could not remember, but
	16		I don't seem to have any recollection of what
	17		actually
	18	Q	Well, I was going to suggest to you that the air
	19		was so thick with claims of wrongful conviction in
03:25	20		the late 1980s and early 1990s that even a saintly
	21		chief of police might be provocable arising out of
	22		two different cases. However, if you don't
	23		recall, I'm going to leave it.
	24		Some of the allegations that
03:25	25		were made in the Milgaard matter respecting your
			4

	1	department were extreme in the least. Do you
	2	recall an allegation being made by counsel on
	3	behalf of Mr. Milgaard and carried by the media
	4	that two of the Crown witnesses in the Milgaard
03:26	5	trial had been paid, specifically Lapchuk and
	6	Melnyk?
	7	A I don't have personal knowledge of that, but I
	8	think I heard that before.
	9	Q Yeah. That couldn't have happened without the
03:26	10	complicity of your department could it?
	11	A I would not think so.
	12	COMMISSIONER MacCALLUM: I'm sorry, I don't
	13	know if you purposely avoided naming the counsel
	14	who made such allegations, but would you mind
03:26	15	doing so if you know his name, as long as you can
	16	tell us it was or wasn't the trial counsel.
	17	MR. WILSON: No, it was Mr. Wolch.
	18	COMMISSIONER MacCALLUM: Pardon me?
	19	MR. WILSON: Mr. Wolch made those
03:26	20	allegations.
	21	COMMISSIONER MacCALLUM: All right.
	22	BY MR. WILSON:
	23	Q And specifically Mr. Wolch claimed publicly that
	24	the witnesses had been bought and paid and the
03:27	25	remuneration was a reduced sentence on some

		——————————————————————————————————————	
	1	criminal matters they were facing	in Regina?
	2	A I heard about it, but I wasn't a p	arty or I wasn't
	3	specifically informed on that.	
	4	Q So what's your reaction when you h	ear a comment
03:27	5	like that being made about your de	partment, chief?
	6	A It's very hurtful, especially when	in your heart
	7	you know that you've never experie	nced or known
	8	any people within the department t	hat would stoop
	9	to those tactics.	
03:27	10	COMMISSIONER MacCALLUM: I'm	a sorry, I
	11	missed your answer to the question	. Do you
	12	regard the do you recall Milgaa	rd's counsel
	13	having made such an accusation, I	missed your
	14	answer.	
03:27	15	A No, I don't recall that specifical	ly, no.
	16	COMMISSIONER MacCALLUM: But	: in general you
	17	would find such comments hurtful?	
	18	A Yes.	
	19	BY MR. WILSON:	
03:28	20	Q Many of the statements you make in	your letter of
	21	April 17th, of course, I suggest c	ould have had
	22	equal application to the case of C	olin Thatcher,
	23	who is also pleading wrongful conv	iction; would
	24	you agree?	
03:28	25	A That could be. I'm not very famil	iar with the
		Movey CompuCourt Penerting	3

			Page 9951
	1	Q	Everything you say in your letter about the due
	2		process and the administration of justice would
	3		have been correct in the <u>Thatcher</u> case, in which
	4		all those contentions of wrongful conviction were
03:29	5		made but were never established; correct?
	6	A	Yes, in my case that's the feeling, and that's
	7		what I felt.
	8	Q	In your 37 years in law enforcement did you ever
	9		encounter another case where someone convicted of
03:29	10		an offence was later discovered not to have
	11		committed that offence?
	12	A	No, this is the first one.
	13	Q	First and only one is the Milgaard affair?
	14	А	Yes.
03:29	15	Q	In 37 years of your hands-on experience?
	16	Α	That's right.
	17	Q	Have there been perhaps one or two occasions when
	18		someone you were quite convinced of being guilty
	19		was acquitted?
03:29	20	Α	Yes, in my opinion there were a lot of people that
	21		were acquitted that I felt were guilty.
	22	Q	And if we believe the adage that better ten guilty
	23		go free than one innocent be convicted that means
	24		the justice system, in your experience, worked
03:30	25		<pre>pretty well; didn't it?</pre>

	Ī		——————————————————————————————————————
		_	
	1	A	Yes, I accept that, yes.
	2	Q	It's not a perfect system, it's run by human
	3		beings. When you go on to say in the bottom
	4		paragraph of the first page of your letter that
03:30	5		our justice system is recognized as the best in
	6		the world, Mr. Wolch gave you some query on that;
	7		do you still hold to that belief?
	8	A	Yes I do.
	9	Q	I suggest that you may find it well-shared with
03:30	10		others in this room.
	11	A	I'm, I'm encouraged by that.
	12	Q	Thank you, chief.
	13		COMMISSIONER MacCALLUM: Thanks,
	14		Mr. Wilson.
03:31	15		MR. HODSON: I believe Ms. Knox is next, it
	16		is 3:30 and I believe she will be more than a
	17		minute.
	18		COMMISSIONER MacCALLUM: More than a
	19		minute? So we're 1:00 Monday?
03:31	20		(Adjourned at 3:31 p.m.)
