DESCRIPTION:

Transcript of Proceedings

(Reconvened at 1:35 p.m.)

COMMISSIONER MacCALLUM: Afternoon.

ALL COUNSEL: Afternoon.

MR. HODSON: Good afternoon, Mr.

Commissioner. If I could just have a short indulgence of Mr. Pearson for a moment before we resume his examination, I just want to report on matters relating to David Milgaard's attendance as a witness before this Inquiry.

On October the 25th of this year you made a ruling regarding Mr. Milgaard's attendance and indicated that his counsel would have two weeks to come back with an under -- a suitable undertaking that Mr. Milgaard would appear as a witness. On November 8th the matter was raised again and Mr. Wolch provided a report from Mr. Milgaard's therapist and indicated that he intended to bring an application to have David Milgaard exempted from giving evidence on medical grounds, and at that time, Mr. Commissioner, you granted a further extension of the time limit for Mr. Wolch to show cause why standing and funding should not have been removed, and you put in place some conditions. And I'll just quickly go

1 through those, and those are in the transcript 2 from November 8th: 3 That a meeting must take place on (1)4 November 19th, or sooner, with David 5 Milgaard to be interviewed as a prospective witness; 6 Mr. Wolch will file a notice of motion (2) 8 with the Commission returnable on a date 9 satisfactory to Commission Counsel, 10 together with affidavits in support of his application for David Milgaard to be 11 12 excused from testifying on medical or 13 psychological grounds; 14 (3) Mr. Milgaard will undertake to abide by 15 the Commissioner's ruling on the above 16 motion. If he is found to be fit he 17 will testify or lose his standing; 18 (4)The hearing of evidence will proceed as 19 scheduled. Until the motion is decided, 20 the scope of cross-examination by 21 counsel for David Milgaard and counsel 22 for Joyce Milgaard may be restricted 23 upon application by other parties or by 24 other counsel for parties with standing. 25 Now I did have an interview with David Milgaard

25

last Thursday that was arranged by Mr. Wolch. Prior to that interview I had a meeting of all counsel before the Commission on Wednesday to discuss this issue generally and, as well, I advised the parties, including Mr. Wolch, that I was putting together a list of subject matters that I felt required the evidence of David And we're in the process of finalizing that document and they are areas where, if Mr. Milgaard is found medically fit to testify, would be areas that I would intend to canvass with him, and they are matters that relate to his personal knowledge. The most obvious example is the discussions that he had with his defence counsel at the time, Mr. Tallis, the discussions back and So, again, I'm putting that document together to address the question that has been posed both, before the Commission and in the public domain, as to whether or not David Milgaard can add anything to this Inquiry by way of evidence. And as I've stated my position before and I repeat it today, I believe that Mr. Milgaard, subject to the issue of his medical fitness, does indeed have personal knowledge of facts that may assist the Commission. So that is

happening.

The interview took place on
Thursday, and I thank Mr. Wolch for arranging
that. It was a productive interview and, indeed,
Mr. Milgaard signed an undertaking, it is
document 332559, if I could just have that called
up. And this was one of the conditions, Mr.
Commissioner, that you put forward on November
the 8th, and this is a document signed by Mr.
Milgaard where he, in part:

"If the Commissioner concludes that I am fit to testify, I undertake to appear and testify as a witness before the Commission of Inquiry on the terms directed by the Commissioner."

So our next step is to complete the list of subject areas that I will provide to Mr. Wolch and to other counsel, and I will continue discussions with Mr. Wolch this week regarding a date for the hearing of his application, and I suspect we may have to come back for some direction on that, Mr. Commissioner, but again to find a date that Mr. Wolch can bring forward his application.

So with that, unless you have

any questions, that's simply to bring you up to date as to where we are at.

COMMISSIONER MacCALLUM: No, I don't have any questions, Mr. Hodson. Thanks to you and to Mr. Wolch for your efforts.

MR. HODSON: Thank you. So, with that, I will resume with Mr. Pearson.

RICHARD ALLAN PEARSON, continued:

BY MR. HODSON:

Q

Mr. Pearson, if we could just go back to where we
were last week, or I guess ten days ago, and if I
could call up 332532 please. And just so that we
can refresh our minds as to where we are at and
where we left off, I was questioning you about
your engagement by Federal Justice and your
dealings with Eugene Williams starting on February
28th of 1990, and you testified that your first
involvement in this matter came on February 28th,
1990 when Eugene Williams telephoned you and asked
for your assistance in pursuing information
related to Larry Fisher. And you told this
Commission, when you testified last, that you had
not heard of the David Milgaard case, the Gail
Miller case, or Larry Fisher prior to that first
call, and then we spent some time outlining what

your arrangements were with Mr. Williams, and we went through chronologically and we got, I think, through the interview of Linda Fisher, we talked a bit about your contacts, initial contacts with Larry Fisher. And again, just for the benefit of the Commissioner and parties, we were primarily going through your chronology document, which is 056743, and that was your running chronology of tasks I think. If we can maybe call that document up, and I think where we left off, if we could go to page 056774.

And so where I will be going today, Mr. Pearson, again we're in May 1990, this is just prior to your -- the polygraph and interview with Larry Fisher, we will go through that and go right through until the end of the first application, which I think was dealt with by Kim Campbell in February of 1991. And I think, when we left off, I had talked about your discussions with Stephen Carter, the lawyer for Larry Fisher. And again, if we could just scroll down to the bottom, and I think we had also indicated -- I had put to you, Mr. Pearson, just to refresh your memory, some newspaper articles that indicated in May of 1990 the issue came up, I

1		think it was Member of Parliament John Harvard
2		brought it up in a Justice Committee, and there
3		was a newspaper report where he indicated that the
4		RCMP had interviewed an inmate, I think it
5		identified the Prince Albert Penitentiary, it
6		didn't identify Mr. Fisher's name but indicated
7		that another suspect was being pursued, and you
8		recall us touching on that last time?
9	A	Yes.
10	Q	And then here, if we can pick it up on May 24th,
11		1990, and it looks like you were dealing with
12		another matter and you got a call from Sergeant
13		Chris Bergman, Ottawa Federal Enforcement Section:
14		" Bergman was seeking answers to
15		several questions, as apparently the
16		Commissioner had been questioned by the
17		members of the Standing Justice
18		Committee. The following questions were
19		asked of me:"
20		And I understand that the Commissioner was Norman
21		Inkster, is that right, at the time?
22	A	I believe that's right, yes.
23	Q	And that he was being questioned by the
24		politicians or at the government level by the
25		justice standing committee; is that right?

		Page 19266 ————
1	A	That's my understanding.
2	Q	And it looks as though these questions were asked
3		of you, is that correct, by Sergeant Bergman?
4	А	Yes.
5	Q	And again, if we could just scroll down, and it
6		appears your answer here:
7		"I advised Cpl. Bergman that I was
8		currently involved in a murder
9		investigation and unable to provide
10		immediate answers to his questions,
11		however a secure fax would be sent in
12		due course. He indicates there is no
13		urgency in providing the information."
14		And, again, if we could call up document 067
15		or let me just back up. I take it these are
16		questions back looking for background
17		information to assist the Commissioner in dealing
18		with these questions?
19	A	I believe that's probably what it was all about,
20		yes.
21	Q	If we could call up 067324, please, and to the
22		full page please. And this is your fax, I think
23		it's May 31, 1990, to Sergeant Bergman; is that
24		right?
25	A	Yes.
	ii	

		1 age 13201
1	Q	And it appears that you have gone through and
2		answered the questions that he put to you; is that
3		correct?
4	A	Yes.
5	Q	We'll just go through some of those. Again:
6		" in response to your telephone call
7		requesting answers to questions asked of
8		Commissioner Inkster by members of the
9		Commons Standing Justice Committee.
10		Q1. Any thought given to using the DNA
11		technique?
12		Al. Yes, however, there is no human tissue
13		or past tissue analysis available from
14		the victim which would assist in
15		applying the DNA technique."
16		And I'm wondering at this time, Mr. Pearson, had
17		you had efforts been made, to your knowledge,
18		to try and determine whether DNA could be done?
19	А	I don't, I don't recall if efforts, at that time,
20		had been made, I just can't recall.
21	Q	I wonder if we could go to the next page.
22	А	Because, you know, at that time DNA had not yet
23		really been involved in the operational end of
24		policing, it was just in the it was just
25		something that was beginning to be used.

1	Q	Right. I think, and we've heard other evidence
2		and we'll hear some more evidence, I think around
3		1989-1990 DNA became known as an investigative
4		tool but was still at the early stages; is that
5		right?
6	А	That's yeah, that's right. We weren't using it
7		operationally, it was in the lab system, it was
8		science that was coming at us but we really
9		weren't up to speed on it on the operational end.
10	Q	And a little later I will be taking you through in
11		the 1992 time frame where I believe, sir, you were
12		involved in transporting exhibits down to North
13		Carolina for DNA testing; is that right?
14	А	That's correct, yes.
15	Q	And then here, at this time, the question:
16		"Q4. Is there any criticism of RCMP expected
17		from the media, or anyone?
18		A4. There have been no negative comments
19		directed towards the Force, and, in my
20		opinion, there is no reason for the RCMP
21		to be criticized. I have been keeping
22		both the Federal Justice Department and
23		the Milgaard family lawyer apprised, via
24		telephone, of progress so far as my
25		inquiries of Fisher are concerned."
		1

Page 19269

1		And, again, would that be an accurate statement
2		at the time, sir?
3	A	Yes, I believe it is.
4	Q	Did you ever receive any negative feedback or
5		criticism from the Milgaard family during this
6		time frame, 1990 to 1992 as far as what you were
7		doing?
8	А	I have no recollection of receiving anything like
9		that, no.
10	Q	If we can go down to question 6, you are asked:
11		"Q6. Are Milgaard and/or Fisher willing to
12		provide blood samples and/or submit to a
13		polygraph examination?"
14		and the answer:
15		"A Milgaard's blood type is known and yes,
16		he is willing to provide blood samples.
17		Fisher has agreed to talk with me "after
18		the end of May". Attempts being made to
19		obtain blood sample and statement.
20		Mr. Asper, Milgaard's lawyer,
21		indicates David Milgaard will submit to
22		a polygraph examination. On my next
23		visit to Fisher at the Prince Albert
24		Penitentiary, I hope to determine if
25		Fisher will submit to a polygraph

examination.

Д

Note: I have concerns about polygraph use in this case because of the strong possibility of "inconclusive" results on both individuals, which would fuel suspicion and settle nothing.

Opinion of our polygraphist will assist me with this aspect of our investigation."

Can you explain that comment, sir?

Yes. Well I believe quite strongly in the polygraph as a way to potentially have a meeting with someone who is skilled at dealing with people, and at the end of the day there are some issues that do come into play, and when we talk about doing a polygraph on both individuals, and they are both inconclusive, I suppose you scratch your head and say, you know, "what are we accomplishing". So I had some questions in my mind, and I wanted to clarify that by talking to the professionals that were trained in this area, the polygraphist.

Right. And at this time you still didn't have Mr. Fisher's blood type; is that correct?

A That's correct, yes.

1	Q	Now there is a comment here as well about Mr.
2		Milgaard's lawyer indicating that David Milgaard
3		would submit to a polygraph examination, and I
4		don't believe that ever happened, are you aware as
5		to why or what transpired with that request?
6	A	There was a, I don't recall all the details, but
7		there was an effort made to go to the penitentiary
8		system and access some of the history on David
9		Milgaard in an attempt to determine if he would be
10		a suitable subject, and at the end of the day that
11		did not happen, and maybe the documents will
12		refresh my memory as to why that didn't happen.
13		But I know at one time we had looked at possibly
14		doing that, but no, it didn't take place.
15	Q	And do you have any recollection or knowledge as
16		to why it didn't?
17	А	I could probably find out for you, but right off
18		the top of my head, I don't.
19	Q	And I wasn't able to find anything in your
20		documents, sir, to assist you on that, and maybe
21		we can come back to that later if we find it in
22		the documents, but you don't have any recollection
23		of what happened with that with this issue?
24	A	No, no I don't.
25	Q	And then down at the bottom, number 7:

1 "What is the present status of the 2 file?" 3 Answer: "The Saskatoon City Police file is being 4 5 reviewed (it consists of seven large 6 binders), plus I am working on gaining Fisher's cooperation in providing answers to the suspicions raised." 8 9 And I take that would have been the status of the 10 file at the time? That's accurate? 11 Α Yes. 12 And then if we can go back to 056775 and we're now 13 May 24th, 1990, and just to put this in the time 14 frame, sir, this is after you've had contact with 15 Larry Fisher but before the deposition, before the 16 polygraph, and on May 24th, 1990 there are press 17 reports, the RCMP are investigating an unnamed 18 individual as a suspect, and this individual being 19 in prison, but Mr. Fisher isn't named until June 20 22nd, so on this date your notes indicate a: 21 "Telephone call was placed to Linda 22 Fisher at her residence in Cando, she 23 had called me earlier on in the day. 24 She was concerned because Joyce Milgaard 25 and a reporter with the Winnipeg Free

1 Press made a surprise visit to her at 2 her school class at North Battleford. 3 Linda indicated that Mrs. Milgaard wanted to obtain a photograph of Larry 4 5 Fisher, however this was not given. Linda Fisher is concerned about this 6 type of contact by Mrs. Milgaard. 8 Mrs. Milgaard will be staying in 9 Saskatoon for the next couple of days, 10 however it is uncertain if she will be contacting myself." 11 12 And I'm just wondering whether you are able to 13 elaborate on what Linda Fisher's concern was 14 about this contact? 15 That's very difficult to recall exactly what her Α 16 concern was other than the fact that she was 17 being, I suppose, pressed by Mrs. Milgaard to 18 provide photographs of Larry Fisher, possibly she 19 didn't want this out there in the public, and I'm 20 making the assumption here that this was going 21 public and going to a place that Linda didn't want 22 to go. 23 Go down to the next paragraph: 24 "During our telephone discussion, Linda

also related to me that she now recalls

25

1 losing a second knife from her 2 She is not sure exactly when residence. 3 this went missing, but it would have been around the time of the Miller 4 5 murder, but she's not nearly as specific about the time as she was on the 6 description of the previous knife she 8 mentions. She did indicate this was a 9 bone handled hunting type knife and it 10 is one which she has the mate of yet. She will turn it over to me if I wish to 11 12 have it. It should be noted that during 13 the investigation of the Miller murder, 14 a second knife was located by the 15 investigators, hidden under a fence in a 16 residential area close to the murder 17 This was eventually turned over scene. 18 to the prosecutor and it is unknown just 19 where it actually went. I wish to 20 recover the knife from Linda and 21 determine if it in fact has a similarity 22 to the knife that was found by the 23 investigator, just as a long shot to 24 determine if there is a possibility that 25 the bone handled knife may have been

		S
1		removed from the Fisher residence in
2		1969 by Larry. This is somewhat of a
3		long shot and I am not sure if the two
4		actually can be compared."
5		So again, does that accurately record what
6		discussion you would have had with her at the
7		time?
8	A	Yes, I do, but I just something twigs me here
9		on the hunting type knife, and could you bring up
10		my handwritten notes, because I'm not sure if that
11		was a hunting type knife or if it was a steak
12		knife.
13	Q	I think, and if this will assist you, once you
14		pick up the knife, and we've actually marked it as
15		an exhibit here, it is a steak knife and I
16		think
17	А	Do my notes say that or did my notes say hunting
18		knife?
19	Q	I believe your notes say hunting knife, but I can
20		check.
21	А	Let's not hold up, it doesn't mean anything,
22		but what was that date again?
23	Q	May 24th. Call up 058251 and it's on the
24		right-hand side.
25	А	Oh, yeah.
		4

1	Q	Actually, if we can go to page 55. Actually,
2		yours are bone-handled butcher knife. Is that
3		page 55?
4	A	Okay. Yes, I have a bone-handled butcher knife as
5		opposed to hunting knife, and I don't know if that
6		was a typographical transmission error, but my
7		notes describe it as a butcher knife.
8	Q	Now, this information, if we could just go back to
9		056775 at the bottom, and it appears this
10		information about the knife comes from the same
11		telephone call where she was telling you about the
12		visit from Joyce Milgaard; is that correct?
13	A	Yes, I believe that's correct.
14	Q	Did you have any concerns at the time, Mr.
15		Pearson, about why she didn't tell you about this
16		knife on your earlier visit with her?
17	A	I just don't recall what I thought at the time in
18		that regard. I just can't recall.
19	Q	And do you have a recollection of getting the
20		knife and making a determination as to whether or
21		not the missing bone-handled butcher knife,
22		hunting knife or steak knife was in any way
23		connected to the Gail Miller murder?
24	A	I recovered the knife from Linda Fisher and I also
25		was in contact with Mr. Williams to advise him of
		1

it and he advised me that all knives associated with this had been accounted for is all I recall. If we can go on to the next page, please, and the next page. Again, we're now getting into May of 1990 and you advised him that Fisher's lawyer does not want me talking with Larry until after the end of this month.

"Also advised Mr. Williams of the look-alike knife that Linda Fisher is now claiming that she lost sometime during the time she was with Larry Fisher. Williams advised that the murder weapon and other knives have been accounted for. I will still arrange to pick up this knife."

And then it goes on to talk in paragraph 153 about a report from Peter Markesteyn and the Ferris report about the semen being found not belonging to Milgaard. It says:

"Williams will be receiving a copy of the report in due course and will be forwarding same."

Now, did you have any involvement, sir, in reviewing or dealing with the forensic issues put forward on behalf of David Milgaard by Peter

		Page 19276 —
1		Markesteyn and Dr. Ferris?
2	A	No, I did not.
3	Q	And would this be just as a matter of interest
4		then that you would be discussing this with
5		Mr. Williams?
6	А	Yes, I think it was just probably a curiosity or a
7		courtesy. I wasn't involved in the forensics.
8	Q	And so as far as reviewing and analysing the
9		secretor issue, the forensic issue and the
10		information put forward by Drs. Markesteyn and
11		Ferris, is it your evidence, sir, that you had
12		little or nothing to do with that?
13	A	I had nothing to do with that.
14	Q	And then scroll down, June 1 of '90, you picked up
15		the, you've got it here, a bone-handled steak
16		knife:
17		" stating it is from the same set as
18		the one that she lost, probably while
19		she lived with Larry. The knife she
20		lost was actually larger than the one
21		Linda showed me. Linda had no specific
22		information on when, where or the
23		circumstances the knife went missing."
24		And then it looks as though you took possession
25		of it; is that correct?
	1	— 1

		Page 19279 ———————————————————————————————————
1	A	Yes.
2	Q	Now, again, June 6 of 1990, and I think we had,
3		the last time, at the last sitting we've gone
4		through your dealings with Stephen Carter and
5		Larry Fisher and I think at that time, Mr.
6		Pearson, Mr. Fisher and/or his lawyer were telling
7		you lookit, wait until the end of May and then
8		I'll talk to you; is that right?
9	A	Yes.
10	Q	So here we are June 6th and you:
11		"Patrolled to the Prince Albert
12		Penitentiary and made contact with
13		Security personnel Lafleur and Coleman
14		who escorted me inside the Penitentiary.
15		However, by the time I was able to clear
16		security, Fisher had returned to his
17		work site and left the message that he
18		would talk to me, however, wished to
19		have his lawyer present."
20		And then you tried to reach Mr. Carter who wasn't
21		available until the following Friday; is that
22		correct?
23	A	That's correct, yes.
24	Q	And then here, June the 7th of '90:
25		"Returned a telephone call to Mr.
		9

1 Williams, who indicated he had spoken 2 with Chief Penkala of Saskatoon City 3 Police yesterday, requesting file 4 material and notes on the interview that 5 Wilson had with the investigators. Indications are that Wilson was 6 interviewed first by the RCMP Insp. 8 Riddell and then two Saskatoon members 9 attended Regina ..." 10 And then it goes on to describe information relating to Ron Wilson, and I'm wondering, would 11 12 this, and again if you want to read it to 13 yourself there, Mr. Pearson, you may, but I'm 14 just wondering whether -- again, I think you told 15 us on a previous day that you would have had 16 little or nothing to do with reviewing the Ron 17 Wilson evidence; is that correct? 18 Α That's correct, I never reviewed the Wilson/John 19 matters at all. 20 So again can you tell us, are you able to tell us 21 what the purpose would be of you and Eugene 22 Williams discussing this at this time? 23 Α Oh, I think it was just a communication back and 24 forth between what was happening at his end and my

25

end.

1	Q	And so he would be filling you in on some of the
2	~	details about what he had learned with Ron Wilson?
3	71	
	A	Yes, I believe that's fair.
4	Q	Scroll down, please, to 157, and that:
5		"Williams wishes to attend Saskatoon on
6		June 12th for the purpose of reviewing
7		police file material and interviewing
8		police investigators, prior to taking a
9		legal deposition from Mr. Wilson. I
10		have this arranged through City Police
11		Insp. John Quinn."
12		And I should have mentioned, Mr. Pearson, I think
13		it was either June the 4th or June the 6th that
14		Ron Wilson had provided a statement to Paul
15		Henderson recanting some of his original trial
16		evidence. Do you remember hearing about that?
17	А	Yes, yes, I do.
18	Q	And then scroll down to June 8th, again went to
19		Prince Albert and met with Fisher's lawyer Stephen
20		Carter at the Prince Albert Penitentiary admin
21		building, made contact with Larry Fisher, Carter
22		talked to him for 10 minutes at which time, it
23		says:
24		" I was permitted to interview Fisher
25		who stated he wanted to answer questions

1 only once and mentioned making a legal 2 deposition. As Fisher did not wish to 3 be interviewed twice, it was agreed we 4 would arrange for the taking of a legal 5 deposition. Fisher gave me the 6 impression he was stalling, however I am at a disadvantage as publicity is 8 building and access to Fisher is 9 difficult." 10 If I can just pause there. Can you elaborate on 11 what you mean by that? 12 А Well, I think at this point the media was -- I 13 think at this point the media had the story out 14 there if I'm not mistaken and I just can't put it 15 all into a time frame. 16 If I can assist you, at this time there were a Q 17 number of stories in the media indicating that a 18 suspect, an unnamed suspect was being interviewed, 19 it was June the 22nd, 1990 that Larry Fisher's 20 name first appeared in the media, so this would be 21 identifying a suspect, and I think the media 22 articles that we have seen to date indicate that 23 they reported that the RCMP had interviewed Mr. 24 Fisher I think on three occasions and that he was 25 a suspect and there may have been other reports

1		about some of his other crimes. Does that assist
2		you?
3	A	Yes, and, you know, the concern was that the
4		publicity being brought into this would possibly
5		affect the relationship I could have with him and
6		the information I could get from him and as well
7		he was in an institution and we certainly knew
8		where he was at, but, you know, accessing him was
9		sometimes difficult. If he didn't want to be
10		available, then he wasn't.
11	Q	And did you have concerns at this time, Mr.
12		Pearson, that Mr. Fisher was starting to clam up?
13	A	I'm not sure if I could say that at that point. I
14		just I can't recall, but I did have some
15		concerns about the publicity starting to build out
16		there.
17	Q	And did the publicity at this time hamper or
18		hinder your investigation of Larry Fisher in any
19		way?
20	А	Well, I don't know if it did, but that was a
21		concern I had, that it would, based on the fact
22		that he was getting information through the media
23		and he was obviously becoming, would become
24		alarmed by it, that may have some influence on
25		what relationship I would have with him or maybe
		Meyer CompuCourt Reporting ————————————————————————————————————

	il	
1		what he would tell me or that sort of thing.
2	Q	Now, you also state here that you had the
3		impression he was stalling, and I think when we
4		looked back in April when we were talking about
5		April, 1990, I think you had similar feelings at
6		that time that he was not as forthcoming as you
7		thought an innocent person or a person who said he
8		was innocent might be?
9	A	Yes, it just didn't fit what, you know, an
10		innocent person would react to. Again, I tried to
11		rationalize that in giving him the benefit of the
12		doubt by looking at the environment that he has
13		been in for 20 years, a federal institution with
14		hardened criminals and possibly he didn't trust
15		the system and maybe didn't trust me thinking I
16		would alter anything that he did provide, but I
17		did have the gut feeling that he really wasn't
18		coming forward, that there was a stall going on
19		here.
20	Q	And then it looks as though at this meeting
21		Mr. Carter or Mr. Fisher told you that lookit, you
22		get one chance at asking questions as opposed to
23		continuous interviews; is that a fair reading of
24		that?
25	А	Yes, there was conditions put on this, it wasn't
		1

going to be free-wheeling, there was some parameters.

Q And then you state:

"I must continue to maintain his cooperation in order to get certain questions answered. His soft spot seems to be his daughter Tammy and this will be kept in mind. I conversed with and questioned Fisher, however, it was apparent he did not wish to talk to me. I explained to Fisher that a legal deposition may not be necessary if nothing comes of the initial interview. Carter seemed disappointed in Fisher's lack of desire to talk. Fisher advised he will not submit to a polygraph examination or provide a blood sample. I explained the suspicion that has been cast upon him and if he is innocent to cooperate so we can ensure his name and name of Tammy is cleared prior to his release from prison. Fisher states he has already been identified as the person being talked about, however I reminded him none of this has come yet

1		via the press and that any suspicion on
2		him has come from within his own
3		institution."
4		And again, is that an accurate statement of
5		what
6	A	Yes, as I recall at the time that's accurate, yes.
7	Q	And I think you had said last day that one of the
8		tactics or one of the techniques that you would
9		use with Mr. Fisher was to try and convince him
10		that he should cooperate with you so that he could
11		clear his name; is that right?
12	A	Well, that was one. The other one, he seemed to
13		have a special feeling for his daughter Tammy and
14		I thought possibly this was an entry point where
15		he might want to stay on the good side and clear
16		his name if in fact he was innocent.
17	Q	And this note suggests, Mr. Pearson, that Mr.
18		Fisher is telling you that within the prison walls
19		he's being identified as the person responsible.
20		Do you recall Mr. Fisher expressing telling you
21		that or expressing concerns about that?
22	A	On this specific occasion I can't, but in general
23		terms that was the continual concern he seemed to
24		raise, but to be accurate on this particular
25		visit, I just don't recall.
		A

		, age 10201
1	Q	Just generally though do you recall him expressing
2		concern to you that within the prison other
3		inmates were
4	A	Yes, he definitely had a concern about what was
5		going on in the institution.
6	Q	And the knowledge that other inmates may have of
7		him being a suspect in the murder and rape?
8	А	And he was scared for his own safety.
9	Q	And scroll down to 160:
10		"I fully explained my position to Fisher
11		and Carter and in various ways attempted
12		to take the position I wished to clear
13		Fisher's name, however, he was reluctant
14		to cooperate, but did agree to provide a
15		legal deposition. I explained the
16		deposition would be before a Federal
17		Justice lawyer from Ottawa and I wanted
18		Fisher's assurance he would not change
19		his mind when the time came for the
20		lawyer to be present. Fisher assured me
21		he would provide answers to our
22		questions at that time."
23		And then:
24		"After exiting the Pen I had a
25		conversation with Carter, who expressed \P

1 surprise at Fisher's reluctance to talk, 2 citing suspicion of the police, paranoia 3 and fear of the system as probably reasons why he would not talk to me." 4 5 And then you conclude: "We have a start, Fisher has agreed to 6 further contact; i.e., legal deposition. 8 I will arrange with Williams to attend 9 the Pen once Carter let's me know his 10 available dates." So I take it on this visit, Mr. Pearson, when you 11 12 went in Mr. Fisher said he wouldn't talk to you 13 any more, wouldn't take a polygraph, wouldn't 14 give statements, and when you went out he agreed 15 to at least give a deposition; is that fair? 16 That's fair, yes. Α 17 Just scroll down to the 12th and it looks as 0 18 though you would have arranged for Mr. Williams, 19 Eugene Williams to meet with Inspector Quinn of 20 the Saskatoon City Police to review files; is that 21 correct? 22 Yes, yes. 23 And I don't believe from your notes that you would 24 have been in attendance. Would Inspector Quinn 25 have been your main contact with the Saskatoon

1 City Police at that time? 2 Very early in the investigation I had contact with Α 3 McCorriston and I also had contact with Frank Simpson and Inspector Quinn was the main contact 4 5 as this unfolded. And if we can then go to 015803, please, and so 6 Q this is a letter June 11th, 1990, your visit at the penitentiary with Larry Fisher and Stephen 8 9 Carter was on June the 8th, and so here's June 10 11th, Mr. Carter is writing to you -- I'm sorry, 11 your meeting was on June 8th, the interview, he 12 describes it as a brief interview and he goes on 13 to say: 14 "As far as the arrangements for the 15 sworn deposition are concerned, please 16 be advised that you should not make any 17 such arrangements at the present time." 18 It goes on to indicate that Mr. Fisher is being 19 transferred to the Regional Psychiatric Centre 20 and that he will be there for about seven months. 21 While in Saskatoon, Mr. Pick will represent him, 22 and then down at the bottom, discussed the 23 situation with Mr. Pick and with Mr. Fisher. 24 "My instructions from Mr. Fisher are to 25 provide Mr. Pick with a complete written

1		list of each and every question that you
2		intend to put to Mr. Fisher. That list
3		will then be considered by Mr. Fisher on
4		the advice and counsel of Harold Pick
5		and it will then be determined which, if
6		any, questions will be answered by Mr.
7		Fisher."
8		And then it indicates that he's leaving for three
9		months and you should deal with Mr. Pick; is that
10		right?
11	A	There was
12	Q	And I'll deal with the undertaking in a moment.
13	A	There was memos back and forth before
14	Q	Yes.
15	A	I think we got to this point, but this is
16		accurate.
17	Q	And so it looks as though when you met with Mr.
18		Fisher he agreed to a deposition and now through
19		his lawyer he's saying give me a list of the
20		questions in advance and I'll tell you which ones
21		I'm going to answer; is that fair?
22	A	Yes. He didn't want a face-to-face interview, I
23		think he wanted to answer the questions via
24		documentation.
25	Q	And did that cause you any concern?

		Page 19291 —————
1	A	Well, sure it did, we wanted to have a
2		face-to-face interview.
3	Q	And what would be wrong with him just answering
4		the questions in writing in response to your
5		written questions?
6	A	I don't think you can get a sense or a feel for
7		the individual if it's on a question and answer
8		piece of paper.
9	Q	And then down at the bottom, Mr. Carter is
10		providing you with a written undertaking that you
11		sign. Just go to the next page. It would appear
12		that next page, please, full page that you
13		were asked to provide an undertaking by
14		Mr. Carter; is that right?
15	А	Yes. Just prior to walking into the penitentiary
16		he indicated that he wanted me to sign an
17		undertaking. This was what it is. There was, you
18		know, some concern expressed that the interview
19		may go beyond just the talk of Larry Fisher's
20		involvement.
21	Q	It looks as though that you agreed that any
22		information obtained from Larry Fisher shall be
23		used by the RCMP solely for the purposes of
24		investigating the Milgaard case?
25	Α	Yes.
	ii	—

1	Q	Was his concern that it not be used against him in
2		the event that he said something that might cause
3		you to pursue him?
4	A	Well, I got the impression that there may be other
5		information that he thought we may vie for. I'm
6		not sure if he was hiding other things, but that's
7		just speculation, but he wanted to ensure that we
8		stayed on topic. Maybe he had other things to
9		hide.
10	Q	So this letter that I touched on was June 11th,
11		1990. If we can go to 010035, please, this is a
12		letter June 12th, 1990 and this is from David
13		Asper to Mr. Eugene Williams, and I'm not sure if
14		this was ever provided to you. I just want to go
15		through a couple of parts. Paragraph 1), if you
16		can call that out, please, Mr. Asper says:
17		"1) We have heard through sources in
18		the Office of the Minister of Justice
19		that the investigation into Larry Fisher
20		is complete, and has been complete since
21		the middle of May of 1990. Would you
22		please confirm that it is either
23		complete or ongoing."
24		And at that time, Mr. Pearson, June 12th, 1990,
25		was the investigation into Larry Fisher complete?

1	A	No. No, it wasn't.
2	Q	And had you had contact again, and I think I've
3		touched on in your notes your contact with Mr.
4		Asper prior would you have been telling him
5		what you were doing with respect to Larry Fisher,
6		or some of the things?
7	А	I think in a very general way I was updating him
8		as to where the investigation was. I don't think
9		I provided great detail, but there was some
10		communication.
11	Q	And do you know who would have been the source in
12		the office of the Minister of Justice that might
13		have told Mr. Asper that your investigation was
14		done in the middle of May, 1990?
15	А	I had no idea.
16	Q	And at this time, again June 12th, I think the
17		notes indicate you had a legal deposition arranged
18		subject to some conditions; correct?
19	А	Yes.
20	Q	You were still waiting to get the blood type from
21		him; correct?
22	A	Yes.
23	Q	And three, you had talked about a polygraph and he
24		had, I think at the last note that I showed you,
25		you had said no, but you were still working on it;

		5
1		is that fair?
2	Α	That's fair, yes.
3	Q	Now, again this is June of 1990. I think you
4		started your work March of 1990. Can you tell
5		us so about three months you had been pursuing
6		Mr. Fisher. Was that were things going slower
7		than you expected, Mr. Pearson, or can you give us
8		some sense of whether this was standard or normal
9		time frame, slow, fast, where it fit in?
10	A	Well, from the point of developing the interview
11		with Larry Fisher, I would say it was going fairly
12		slow. Under normal circumstances if you were
13		going to be approaching someone on the suspicion
14		of murder and they were innocent, they would be
15		moving fairly quickly to try and clear their name.
16		Even though Mr. Fisher was in a federal
17		institution, it made some difficulty accessing
18		him, but I don't believe that got in the way of
19		anything that was really pertinent here. At the
20		end of the day it was stalling on his part in my
21		opinion.
22	Q	And so is it your evidence that it was slow, but
23		it was slow because Larry Fisher was stalling or
24		not cooperating?
25	А	Yeah, I think primarily that's accurate, yes. $lacktriangle$

Scroll down to the bottom, please, and the letter says, and this is a letter to Eugene Williams, it says:

> "Finally, further to our conversation with respect to the witnesses whom your investigator has interviewed, we can advise that these witnesses were left with a very negative impression about your investigator. Specifically, Debra Hall tells us that she was made to feel as though she was wasting the investigator's time. She felt that the investigator was twisting everything that she said, and made her feel "like an ass". Moreover, she indicates that this investigator made her feel like she was not being believed, and in fact was somehow lying about the contents of her Affidavit. Essentially, her impression was that even though she had nothing to gain by coming forward, she was simply trying to say that Messrs. Melnik and Labchuk were lying when they gave their evidence at the trial, and that for coming forward, she was made to feel

25

1

2

1		"useless in this whole thing"."
2		Now, did you interview Deborah Hall at all?
3	А	Well, when they talk here of the, about your
4		investigator, I'm not they wouldn't have been
5		talking about me because I never did interview
6		Deborah Hall, I never did involve myself in an
7		affidavit, so I'm assuming they are talking about
8		someone else and they don't really name who that
9		person is.
10	Q	We'll hear from Mr. Asper on that at a later date.
11		The next line says:
12		"We understand that Linda Fisher had
13		much the same feeling after your
14		investigators visited with her."
15		And you have told us that you did, you were
16		involved in meeting with Linda Fisher; correct?
17	А	Oh, yes, I met with Linda Fisher a number of
18		times.
19	Q	Yeah. Now, in fairness, I'm not sure whether this
20		reference is a reference to you or a reference to
21		Eugene Williams with respect to dealings with
22		Linda Fisher, and maybe just go on to the next
23		paragraph, Mr. Asper states:
24		"From these reports, it would appear
25		that your investigator in essence

cross-examined these people in what we understand to be a non-adversarial process, at least for the time being.

None of these people had counsel present, and they had no idea that they were going to be subject to what ultimately occurred.

If your Department is taking the view that credibility is in issue and that your Department is in the process of weighing evidence, then we would respectfully suggest that your Department's activities are beyond the purview contemplated within Section 690. Fundamental justice requires that if you are going about the process of having an informal hearing, that the "hearing" be one where both sides are fairly represented. As we have said from the outset, this should occur in the courtroom and not by virtue of in camera interviews."

Now, again, I just want to go back, as far as your dealings as an investigator with Linda Fisher, did you -- did Linda Fisher ever express

1 to you that she had feelings that you were not treating her properly in your interviews? 2 I had a number of contacts with Linda Fisher 3 Α 4 and I think we had a very good relationship as far 5 as, you know, how well we knew each other. She was very open, it was -- she had no hesitation in 6 calling me and she did on occasion. her on a number of occasions and at no time did I 8 9 ever sense that there was anything in our 10 relationship that would give her the feeling that 11 she was being pushed around or not believed or 12 things like that, so no, I just don't think Linda 13 Fisher, or the investigator they were talking here 14 is me, and I would be very surprised if Linda 15 Fisher had ever said anything negative in the 16 relationship that we had. 17 And I put this to Linda Fisher at the Inquiry, Mr. 0 18 Pearson, and she confirmed what you said, I don't 19 think -- again, this isn't her letter, but she did 20 not express those sentiments about her dealings 21 Again, did you -- do you know whether with you. 22 or did you ever observed any -- or did you have 23 any concerns with your observations of any of 24 Eugene Williams' dealings with Linda Fisher that 25 you observed?

		1 age 13233
1	А	No, I, I never observed and I think we touched
2		on that last time.
3	Q	We talked about it, about the May 20 or March
4		24th interview.
5	А	Yes.
6	Q	I'm talking more generally, up until this point in
7		time after that interview, and I'm not sure
8		whether Mr. Williams had any further direct
9		dealings with her. But
10	А	I don't, after that interview in North Battleford,
11		I don't think he had any contact with her,
12		that's that's my recollection.
13	Q	If we could go back to 056780, please. And again,
14		it looks as though we're now June 14th of '90,
15		further discussions with Mr. Carter, and I take it
16		that it looks as though Mr. Carter was taking a
17		three-month leave and that you would have to deal
18		with someone else in your dealings with Larry
19		Fisher; is that correct?
20	А	Yes.
21	Q	I now go on to paragraph 167:
22		"Mr. Williams is also requesting my
23		assistance in obtaining a statement from
24		Celine Armstrong (nee Cadrain), now of
25		Edam, Sask., who was present the

	1	
1		morning Milgaard came to the Cadrain
2		house. Get as much detail as possible,
3		plus cover the time period by which
4		Celine came downstairs and saw Milgaard
5		in clean clothes, whereas Albert
6		Cadrain, Crown witness, said he saw
7		Milgaard in bloodied clothes. The
8		explanation for the difference may be
9		that Milgaard may have changed between
10		the times that Albert saw him and when
11		Celine actually came downstairs."
12		So it would appear at this point, June 14th,
13		1990, Mr. Williams has now asked you to pursue a
14		matter or an area unrelated to Larry Fisher as a
15		suspect; is that fair?
16	А	Yes.
17	Q	And so he would have asked you to go and follow up
18		with one of the with a potential witness; is
19		that fair?
20	А	That's fair, yes.
21	Q	And then scroll down to June 15th, it talks about
22		a call with Mr. Pick:
23		"Mr. Pick",
24		is now or:
25		" seems to be objecting to a legal
	i	4

■ Page 19301

		G
1		deposition being provided."
2		And you say:
3		"I know Mr. Pick well and I am sure we
4		can arrange some suitable solution to
5		this problem."
6		And had you known Mr. Pick from other situations?
7	А	Yes, yes, he was a defence lawyer in the Court and
8		around the province in the early days.
9	Q	And then again, we've touched on this before, but
10		it's Mr. Fisher's position that he:
11		" does not wish to have a
12		face-to-face interview and instead wants
13		to be provided with a list of questions
14		•••"
15		You say:
16		"I am not happy with this arrangement
17		and am optimistic I can get something
18		more suitable arranged through
19		consultation with Mr. Pick."
20		Now that, in fact, happened; is that correct?
21	A	Yes.
22	Q	And how did you go about getting Mr. Fisher to go
23		from wanting to give you written answers to
24		written questions to getting him to agree to be
25		deposed under oath and have it recorded?
		•

1	A	That was really through the relationship with
2		Mr. Pick.
3	Q	Did you have to convince him that this was an
4		appropriate way to go?
5	A	I don't recall the exact details but, again, I
6		think we were talking about, if this person is
7		innocent, then there should be no problem in
8		moving this forward.
9	Q	Go to the next page, paragraph 173, we're now at
10		June 19th. And, again, this is three days before
11		Larry Fisher's name is made public by the media.
12		It says I:
13		"Returned a telephone call to Linda
14		Fisher, who was expressing concern that
15		the Winnipeg CBC crew are asking her to
16		tell her story about this case. She is
17		seeking advice. My advice to her is not
18		to talk to anyone at this time. She can
19		have her press stories at a later date,
20		however, now is not the time as any
21		publicity in this case may attract
22		unfounded suspicion on Larry which will
23		indirectly affect Linda. The timing

the overall interest of everyone

right now would be counter-productive to

24

25

1 involved." 2 And let me just go back. So I take it she was 3 looking for advice as to what to do? 4 Α Yes, she phoned me up asking whether or not she 5 should be talking to the press, and she was being pressured to tell a story -- or tell her story, 6 and she was asking me what I thought, and I just indicated to her that there is really no upside 8 9 for anybody at this point and the story can be 10 told at any time in the future. 11 And you say here: 12 "... however, now is not the time as any 13 publicity in this case may attract 14 unfounded suspicion on Larry which will 15 indirectly affect Linda." 16 What did you mean by "unfounded supervision"? 17 Well if it ended up that he was innocent, and his Α 18 name was public and that Linda was in some way 19 instrumental in bringing this out, I just don't 20 think it would be in her interests or anyone's at 21 that point. 22 And at this time -- again, June 19th, 1990, this 23 is before the polygraph and you have had a couple 24 of interviews with Larry Fisher -- at this time, 25 sir, what was your thinking on whether or not

1		Larry Fisher was a suspect, was the killer, or
2		somewhere in between?
3	A	Well it's, all through this it's a gut feeling you
4		get, it's hard to put a finger on it and you say,
5		well, you convert suspicion into evidence. But
6		there was certainly something that didn't feel
7		right, and I guess that's what suspicion is, it's
8		based on a gut feeling with some of the
9		circumstances that flow from that, and the fact
10		that he had a serious record of violence against
11		women, and the fact that he was giving me the
12		impression that he was stalling in trying to clear
13		his name.
14	Q	If we can just go down to the next paragraph, and
15		I just want to here you say:
16		"The timing right now would be
17		counter-productive to the overall
18		interest of everyone involved."
19		And then it talks about:
20		"Received a telephone call from Cecil
21		Rosner of CBC, who is currently in
22		Saskatoon, asking about the Milgaard
23		case and wishing to put me on TV for an
24		interview, wanting to know what I could
25		tell him. I gave him no information,

1		other than a suspect is being handled by
2		Legal Aid and I had interviewed the
3		suspect twice and there would be further
4		contact. No names were exchanged."
5		And I take it at this time, Mr. Pearson, you were
6		not prepared to publicly state that Larry Fisher
7		was being investigated or was a suspect?
8	A	No.
9	Q	And why not?
10	A	Well there was no first of all, you couldn't
11		put his name out there under these circumstances,
12		and
13	Q	And why not?
14	A	Because he is, he is not charged with the crime,
15		he is at this point in my mind was a suspect
16		that we were working with, and I just believed
17		that publicity would complicate everything that,
18		you know, we were trying to do.
19	Q	And can you elaborate on that last point; in what
20		way might it complicate matters?
21	А	Well it would certainly escalate the tension for
22		Larry Fisher and I just don't see that there was
23		any upside in having him stirred up with
24		accusations that he was involved in the crime if
25		he was, in fact, innocent.

		Page 19306 —————
1	Q	And at that time, sir, was that a possibility in
2		your mind?
3	A	That he was innocent?
4	Q	Yes?
5	A	Sure it was.
6	Q	And again if we can just go back, as the police
7		officer who has been asked to investigate Larry
8		Fisher as a suspect for the purposes of a Section
9		690 application, was there any upside, from your
10		perspective, of publicly naming Larry Fisher as
11		either a suspect or, even further, naming him as
12		the person who killed Gail Miller?
13	А	At the time I didn't believe there was an upside,
14		an upside to this at all, as far as developing the
15		investigation.
16	Q	And apart from what you have already told us about
17		the downside were there any other downsides, in
18		your mind, of publicly naming Larry Fisher either
19		as a suspect or, further, as the person who killed
20		Gail Miller?
21	A	Not that I can think of, roughly, off the top of
22		my head.
23	Q	And you've touched on a couple already, and in
24		your previous testimony, but is there any I
25		just wondered if there was anything else, and I

1		take it at this time you can't think of anything
2		further; is that
3	A	I just can't think of anything further right now.
4	Q	Then we go down to June 21, 1990:
5		"Received a telephone call from S/Sgt.
6		Bonnar, RCMP HQ, stating he was getting
7		our Commissioner out of hot water
8		because of statements made in the
9		Commons Justice Committee meeting on the
10		Milgaard case. He wanted to know how we
11		were making out on our interview with
12		Fisher. I told him."
13		At this time were you getting are you able to
14		tell us, Mr. Pearson, whether the RCMP was
15		getting political pressure or pressure from
16		external sources about what you were doing on
17		this case?
18	A	I'm not so sure that they were getting pressure
19		from what I was doing, I think they were just
20		being fielding questions that were being raised
21		at the political high level of government, from my
22		reading is at the Commissioner's level, which is
23		the highest level of the RCMP, and the
24	Q	And
25	A	Commons Justice Committee is a Committee, I
		3

1		believe, that discusses these issues. So they
2		were coming back to the source, myself, wanting
3		some clarification on what was happening, more of
4		an update, I guess.
5	Q	Was it unusual, just again generally in your
6		experience investigating cases for the RCMP, was
7		it common to have inquiries like this from a
8		political level about the work you were doing?
9	А	I had never had, that I can recall, anything that
10		came directly from the Commissioner asking me
11		about a case.
12	Q	Again, did that have any effect, positive or
13		negative, on the work you were doing in this case?
14	А	I don't believe so.
15	Q	Then down, June 20th, it says:
16		"I returned a call to David Asper who
17		was enquiring about our progress with
18		Fisher. I explained to him what was
19		taking place to date and that a meeting
20		has been set up with Fisher and a new
21		lawyer next week. We also talked about
22		the Justice Dept. lawyer being in B.C.
23		making inquiries. Asper also stated he

has insufficient funds to continue the

investigation with their American

24

25

1		investigators, however they wish to
2		continue this investigation."
3		And, again, do you know what; do you have any
4		recollection of what the B.C. matters might have
5		been?
6	A	No, I I I don't recall. But, you know, Mr.
7		Williams was obviously in B.C I believe it's
8		Mr. Williams.
9	Q	At this time I think he was interviewing in
10		June of 1990 Ron Wilson had given
11	A	Yes, yes.
12	Q	his recantation,
13	A	Yes.
14	Q	and I think on June 20th Albert Cadrain may
15		have given a statement I think on that date to
16		Paul Henderson, and so and I think Dennis
17		Cadrain was around that time frame; does that
18		assist your memory at all? Do you remember
19		discussing
20	A	I have I don't think that that was something
21		that I was aware of, of what was going on then,
22		but I may have, I just don't recall.
23	Q	And, again, do you have any recollection, beyond
24		what is in the note, about the fact that the
25		Mr. Asper said that they didn't have sufficient
	İ	

1 funds to continue with the American investigators, 2 who I'm assuming is the Centurion Ministries? 3 Α Yes, I knew very little about Centurion Ministries, I really didn't really, at that point, 4 5 have the details as to what he was referring to, but it was -- he obviously had some investigator 6 looking into their interest. 8 If we can go to the next page, please, and this is 9 now June 21, 1990:

"Returned a call to Linda Fisher who again is expressing concern about the fact the CBC has come to her house wanting to interview her. Linda apparently refused and placed a note on the door indicating such, then left for the night. Her 15 year old son Kim apparently allowed CBC reporters into the house after they spent several hours outside the building. Kim eventually allowed the reporters to take photographs of a photo album of Larry Fisher's picture. Indications from Linda that the CBC crew was on site for approximately eight hours and did not leave the Fisher residence until after

1		midnight. Linda complained that the CBC
2		came into her house, taking advantage of
3		their 15 year old son, particularly when
4		she had told them she did not want to be
5		interviewed. Linda also expressed
6		concern for her own safety and does not
7		want it to be exposed by the press that
8		she has gone to the police on this
9		matter. I advised Linda if she has a
10		complaint to contact North Battleford
11		Detachment and lodge it for further
12		investigation into the actions of the
13		CBC crew."
14		Again, would that be an accurate note of your
15		discussion with Ms. Fisher at the time?
16	А	Yes, I believe it is accurate.
17	Q	And, again, do you know whether or not she
18		anything was followed up with the RCMP detachment
19		in North Battleford?
20	A	I'm I placed a phone call to Sergeant Cousins,
21		who was one of the plainclothes investigators in
22		Battleford, and advised him the fact that Linda
23		would be coming in to make a complaint, and I
24		think we set up a time, and he said that he would
25		take the complaint from her. And as I recall I
		Meyer CompuCourt Reporting ————————————————————————————————————

1		contacted her, I believe, and advised her that she
2		could go in and there would be a member that would
3		be aware of this complaint she had.
4	Q	And, again, the information that Linda Fisher
5		conveyed to you on this date; did the contents of
6		that cause you any concern as the individual
7		investigating Larry Fisher as a suspect?
8	А	Well it was quite obvious that there was some
9		aggressive action going on here to get Larry
10		Fisher's picture and photo out in the public, that
11		seems to be the basis of what they were attempting
12		to do, and at the same time wanting to interview
13		Linda, who didn't want the publicity, and she was
14		concerned about safety issues, obviously, and she
15		just didn't want to go the publicity route.
16	Q	And then scroll down to 179, pardon me, 178:
17		"S/Sgt. Bonnar Ottawa",
18		and he's the fellow who has previously
19		communicated with you about the Commissioner's
20		concerns:
21		" called again, about DNA
22		examination. I referred him to
23		Williams, who has researched the DNA
24		aspect of this inquiry."
25		And I take it that would be Eugene Williams; is

1		that right?
2	A	Yes.
3	Q	And was he, in fact, looking at the DNA aspect of
4		the inquiry?
5	A	Yes. As I mentioned, this was in the very early
6		stages of the science of DNA, and the only lab
7		that was doing it in the RCMP was in the crime lab
8		in Ottawa, and the other labs at this point I
9		stand to be corrected were not involved in the
10		DNA examination. So Mr. Williams, being in
11		Ottawa, was dealing with the people there.
12	Q	And then June 22nd, 1990, which I believe is the
13		date that the CBC aired a story naming Larry
14		Fisher, and you have a call:
15		"Mr. Pick, Fisher's lawyer, called and
16		expressed concern about the recent CBC
17		news item about his client. Pick will
18		be meeting with his client in the next
19		few days and will call me after that
20		time. Pick is suggesting he may advise
21		his client to take a polygraph
22		examination through a private
23		investigator, possibly Mike Robinson,
24		ex-RCMP, currently of Saskatoon."
25		And I think you had told us last sitting that you

1		were trying to get a polygraph of Mr. Fisher with
2		a member of the police force; is that correct?
3	A	Well that's what, that's what I had wanted, and it
4		was mentioned to Mr. Pick. It wasn't something
5		that took a lot of discussion based on the fact
6		that Mr. Pick was in the driver's seat, was making
7		decisions on his client, and we were gonna take
8		basically whatever we could get, and this was the
9		route that he was going to take with Larry Fisher.
10	Q	And as an investigator, as a police investigator,
11		Mr. Pearson, were there or let me rephrase
12		that. Would it have been preferable to have a
13		polygraph of Mr. Fisher conducted by a police
14		officer with your involvement?
15	А	That was my preference. And it has nothing to do
16		with Mike Robinson, he is a well-respected
17		polygraph operator, however I just believed that
18		the post-test interrogation potential to probe any
19		deception would probably be more aggressively
20		pursued through a police polygraph operator as
21		opposed to one that was called by the defence, so
22		to speak.
23	Q	And I think you said the words were that Mr. Pick
24		was in the driver's seat; is that right?
25	А	Well yes, that's right, he was the person who was \P

		5
1		going to say "yes" or "no" to whatever our
2		requests were, on behalf of his client.
3	Q	And then scroll down, June 25, 1990:
4		"Celine Armstrong was interviewed a few
5		days ago and her statement is currently
6		being typed."
7		So I take it you interviewed Celine Armstrong?
8	Α	Yes.
9	Q	If we could call up 301116, full page, and this is
10		Appendix BB to one of your reports; would this be
11		the typewritten version of the statement you
12		obtained from Celine Armstrong?
13	A	Yes.
14	Q	What was your practice, Mr. Pearson, as far as
15		recording statements and having them typed?
16	А	They would be handwritten and the handwritten
17		version would be provided to my secretary, who
18		would type up the documents, and I would scan the
19		typed version. I, I'm not going to say that I
20		proofread it word for word, but that was basically
21		the process that we went through.
22	Q	And just generally what was the purpose of getting
23		a statement from Celine Armstrong at this time in
24		1990?
25	А	Well that was on the request of Mr. Williams.

Q	And do you recall specifically what, what it was he was looking for or you were supposed to be
	he was looking for or you were supposed to be
	looking for?
А	I believe that he was talking about the blood and
	just general details of what she could recall on
	the morning that Milgaard was at the Cadrain
	house.
Q	And then again if we can go to, we've been through
	this statement before, if we can go to the next
	page. And I think Ms. Armstrong is, at this
	point, saying that she was in bed upstairs but
	could hear this discussion, and:
	"The male and female friend with Hoppie
	came into the house as well. Almost
	immediately the fellow called "Hoppie"
	was asking for a pair of pants. Albert
	was obviously not looking for pants for
	Hoppie, who continuously raised the
	concern that he wanted a pair of pants.
	It took Albert quite a while to finally
	get a pair of pants for Hoppie."
	Then scroll down:
	"I came downstairs when it seemed like
	Albert was going to leave with Hoppie.
	When I got downstairs, Albert introduced

		3
1		everyone to me, but I don't remember
2		their names or what they looked like.
3		The fellow by the name of Hoppie was
4		wearing dark coloured pants."
5		And then here:
6		"The pants I saw Hoppie wearing were not
7		ripped and did not have any blood on
8		them."
9		And so, again, would that have been the relevant
10		information?
11	A	Yes, in part, sure.
12	Q	And what, if anything, did that tell you Mr.
13		Pearson?
14	A	Well, the fact that she came down and didn't see
15		any blood on his clothes. Now whether he had
16		already changed, I'm not sure.
17	Q	And, again, I take it you would have prepared this
18		statement and then sent it off to Mr. Williams
19	А	Yes.
20	Q	for further use?
21	А	Yes.
22	Q	Go back to 056782, and down at the bottom,
23		paragraph 182. This is again June 25th, if you
24		could just go to 181:
25		"Mr. Williams also called, indicating he
	[4

has not yet been able to locate Art
Roberts, the polygraphist on Wilson. I
will make inquiries. Williams is
interested in accessing any recollection
or notes that Roberts may possess on his
involvement in this matter."

And other than perhaps locating Mr. Roberts did you have any involvement in Mr. Williams, or anybody else's, interview of Art Roberts and his involvement in the original investigation?

I, all I did was locate Mr. Roberts, and asked him -- talked to him on the phone, asked him if he had any notes or records, he said he did not, and I indicated to him that a Federal Justice lawyer, Mr. Williams, will probably be contacting him because he had some questions for him. I was not directly involved in any of the interviews with Mr. Roberts.

 \mathbf{Q} And then paragraph 182:

Д

"Amy Ehman of CBC called, wanting to confirm if I was going to interview

Larry Fisher. I did not deny or confirm the fact Fisher was the person I was pursuing. I explained to her I was not attempting to stonewall her efforts but

1		was merely respecting the identities of
2		those people involved."
3		And can you tell us, elaborate on that Mr.
4		Pearson, what was what position were you in at
5		the time as far as talking to the media about
6		Larry Fisher by name?
7	A	I I wasn't talking to the media at this point,
8		well at any point actually, but I didn't discuss
9		with the media what I was doing. I wanted to keep
10		this as low-key as I could possibly do it for the
11		benefit of attempting to bring Larry Fisher along,
12		and at the same time the media were on the story,
13		obviously.
14	Q	And, again, did you have concerns about your word
15		here that you were not stonewalling or attempting
16		to stonewall her efforts, did you can you
17		elaborate on that concern?
18	А	Well I you know, the press has an important
19		role to play, and I didn't want to make it sound
20		like, you know, it was none of their business. I
21		just felt at this point it wasn't appropriate, at
22		this point, to start granting interviews in the
23		middle of a police investigation and, as
24		diplomatically as I could, I tried to put her off.
25	Q	And then the next page, please, go down to 184:
		Meyer CompuCourt Reporting —————

1		"Had a telephone conversation",
2		this is June 26th:
3		" with Mr. Williams and passed on to
4		him the locate of Roberts. Also advised
5		Mr. Williams that local TV had footage
6		of Albert Cadrain claiming to have been
7		pressured by Saskatoon City Police in
8		1969, which caused him to have mental
9		problems after the Court case. Cadrain
10		did maintain he saw blood on Milgaard's
11		clothes."
12		And do you have a recollection of this event, Mr.
13		Pearson?
14	A	No, I don't,
15	Q	Okay.
16	A	I really don't.
17	Q	And it looks as though you, at least from this
18		note, that you were telling Mr. Williams about
19		television coverage of Mr. Cadrain; is that
20	A	Yes, that well yeah that's obviously, you know,
21		what I was doing, but I don't have a recollection
22		of it.
23	Q	Yeah. And are you able to tell us whether or not
24		you knew Mr. Williams was already aware of that
25		information or whether you were telling him for
		1

		——————————————————————————————————————
1		the first time?
2	A	I I don't know.
3	Q	And scroll down to 185:
4		"I received a phone call from Insp.
5		Simpson, Saskatoon City Police, advising
6		one of their members, Cst. Hartman, had
7		been approached by an individual
8		identified as Ken Cadrain who was six
9		years old at the time of the Miller
10		murder, and recalls Milgaard coming to
11		the Cadrain home on the morning of the
12		crime, and recalls seeing blood on
13		Milgaard's pants. Some indication Ken
14		is interested in talking to police.
15		Insp. Quinn believes someone other than
16		City Police should interview Cadrain
17		" ,
18		and then goes on to give his address. So, again,
19		do you have a recollection of receiving that
20		information?
21	А	Yeah, yes I do, uh-huh.
22	Q	And would you have passed that information on,
23		then, to Mr. Williams?
24	А	I probably did, but I also initiated a an
25		interview with Ken Cadrain.
	1	•

1	Q	And would that be something that you did on your
2		own, or is that something that you would have
3		cleared with Mr. Williams, or are you able to tell
4		us?
5	А	I can't really tell you, but it's something that I
6		could very well have done on my own.
7	Q	And then if we can go to just on the date, this
8		is June 26th, 1990 if we can go to 151310, and
9		this is your June 26th, 1990 report, and I'm
10		sorry, "PCR" is 'previous'?
11	А	'Previous crime report'.
12	Q	Previous Crime Report April 17th, 1990, we've
13		already gone through that, so again if we can just
14		touch on parts of this. And I think, last day
15		when you were testifying, you indicated that these
16		reports were to your superiors with copies to
17		Eugene Williams and they summarized and provided a
18		synopsis of the work that you had done in the
19		previous period; is that correct?
20	А	Yes, and they were reports that they forwarded to
21		Mr. Williams, I didn't forward them direct,
22	Q	Yeah.
23	A	they went up through channels.
24	Q	Correct, I'm sorry, that you would send to your
25		superiors with the requests that they forward them
		4

1		to Mr. Williams?
2	А	Yes.
3	Q	And I think we saw, when we went through a few
4		earlier ones, there is a fair bit of repetition
5		between what's in these reports and what's in your
6		office chronology; is that fair?
7	A	That's fair, yeah.
8	Q	And part (b), as far as complaint:
9		"The aspect of the Application which
10		involved the Force in Saskatoon is that
11		a new suspect, Larry Fisher, may have
12		been responsible fo the murder.",
13		and then your previous report outlined
14		investigation to that time. And then if we can
15		go to 151313, sorry, 313, 151313. And we see,
16		down at the bottom, 4. Further Investigation, you
17		are saying:
18		"(a) Currently steps",
19		and this is June 26th:
20		" are being taken to deal with Mr.
21		Fisher through his recently appointed
22		counsel. During recent telephone
23		conversations with Mr. Pick, he is
24		suggesting he will be encouraging his
25		client to cooperate and that a polygraph
	1	

1 examination through a private firm is 2 being considered." 3 And if we can go to 151312, which I think is the 4 next page, under 5. Summary: 5 "Larry Fisher indicates he wishes to cooperate ...", 6 maybe just call that out at the top, please: "... however, backs away from the 8 9 opportunity to answer questions when 10 there is a face to face confrontation. 11 He began by wanting a lawyer, then 12 wanting a lawyer present, then providing 13 a legal deposition, then backing away 14 further by having written questions 15 provided through his counsel. As well, 16 Mr. Fisher has refused to provide a 17 blood sample or polygraph examination. 18 Mr. Fisher will be pursued until all 19 avenues of opportunity are closed to the 20 investigator." 21 And then scroll down under 6(a), and these are 22 your comments, sir, is that right, at the time, 23 it says: 24 "(a) Much can be read into Mr. Fisher's 25 reluctance to be personally interviewed.

1 One must question why an innocent person, if being suspected of a murder, 2 3 would not avail himself of every opportunity to eliminate the suspicion. 4 5 While Mr. Fisher certainly has the right to remain silent and is innocent until 6 proven otherwise, his reluctance to 8 cooperate in clearing the air leaves me 9 with two opposing thoughts: 10 (i) Mr. Fisher has spent 20 years confined in a penitentiary environment. 11 12 He associates daily with hardened 13 criminals and has developed a total 14 mistrust and fear of the judicial 15 system, believing that any blood, 16 polygraph or interview evidence will be 17 manipulated and used against him. (ii) Mr. Fisher was involved in the 18 19 murder of Gail Miller." 20 And I take it, sir, that would have been your 21 view at the time? 22 Yes. Yes. 23 And can you tell us, compared to when you first 24 became aware of Mr. Fisher as a possible suspect 25 back when you received the information from

1		Mr. Williams back in March of 1990, to this point,
2		and based on your dealings with Mr. Fisher, and in
3		particular your observations and concerns about
4		his reluctance to be interviewed, was he any more
5		or less of a suspect than you thought so
6		initially?
7	А	No, I think initially the suspicion was rooted in
8		the history of the individual as far as his
9		criminal activity, plus the other things of being
10		at the same location that Milgaard was on the
11		morning and what was being said by Linda Fisher,
12		but as the contact with Larry Fisher progressed,
13		my thoughts I think are well laid out right here
14		in that if this person is innocent he's not
15		behaving like an innocent person and I was trying
16		to rationalize why he would think that way. You
17		see, there he's been in the environment and he's
18		got total mistrust and won't cooperate with
19		anybody, or because he's involved in this
20		homicide, and, yeah, I was suspicious.
21	Q	And were you more suspicious in June of 1990 than
22		you were in, let's say, March of 1990 after you
23		interviewed Linda Fisher, or are you able to tell
24		us?
25	A	It's hard to say, but I think this was progressing

1		along. I mean, there were times I'm sure I
2		wavered. There was, you know, David Milgaard on
3		the other side who had been convicted through the
4		justice system and so I had suspicion, but I was
5		weighing a lot of things.
6	Q	Right. If we can maybe go to the next page,
7		please, and under (d):
8		"The Milgaard case is currently being
9		re-examined on three fronts:
10		(i) Pursuing the new suspect, Larry
11		Fisher. This aspect of the
12		investigation is being handled by
13		Saskatoon GIS."
14		And that was you; correct?
15	A	Yes.
16	Q	And then:
17		"(ii) One of the main Crown witnesses
18		at the Milgaard trial, Ronald Wilson,
19		recently recanted his original testimony
20		after being interviewed by a private
21		investigator hired by the Milgaard
22		family. This aspect of the
23		investigation is being handled by
24		Kelowna, B.C. GIS."
25		I take it that's the RCMP in Kelowna?

		G
1	A	Yes.
2	Q	Did you have any dealings with them or any
3		involvement with the work they were doing with Ron
4		Wilson?
5	A	No. I had no knowledge of another RCMP agency
6		being involved in this until I believe there was
7		some questions being raised at the government
8		level and the Commissioner level and it was at
9		that time that Mr. Williams advised me that there
10		was actually an RCMP member in Kelowna who was
11		doing some work for him and later I found that to
12		be, I believe, dealing with Wilson.
13	Q	And I think would that be, I think when I went
14		through in May of 1990 and June of 1990 when you
15		were asked to answer those questions for the
16		Commissioner, was it through that process that you
17		learned
18	А	Yes.
19	Q	about the Kelowna involvement? Is that
20		correct?
21	А	Yes, that's correct.
22	Q	And then number (iii) you talk about, and I won't
23		go through it, but the original forensic reports
24		and the Markesteyn and Ferris information and you
25		conclude:

1 "This aspect of the investigation is 2 being pursued by Mr. Williams of the 3 Federal Justice Department." And I take it that was the case at the time? 4 5 Α Yes. 6 And then lastly in this report: 0 "Also find attached a statement recently obtained from Celine Armstrong, nee 8 9 Cadrain, who was 20 years of age at the 10 time of the murder and who relates certain activities of Milgaard on the 11 12 morning of the Miller murder. 13 significance of her recollection is that 14 Milgaard was anxiously looking for a 15 pair of pants to change to when he 16 arrived at the Cadrain residence. 17 the change of pants took place, he was then anxious to leave, and seemed to be 18 19 extremely excited." 20 And again, was this a piece of information --21 where did this fit in, Mr. Pearson, as far as 22 trying to weigh things for Mr. Milgaard as a 23 suspect? 24 I just think it came out as someone who was in a 25 hurry to leave and I suppose you could build some

suspicion into that, why he would be so anxious to leave the area. He was extremely excited and again that may mean something, it may not.

MR. HODSON: This might be an appropriate spot to break, Mr. Commissioner.

(Adjourned at 2:57 p.m.)

(Reconvened at 3:20 p.m.)

BY MR. HODSON:

When we adjourned, Mr. Pearson, we had touched on your June 26th, 1990 report. I want to go ahead to June 28th, if we can call up 010016, and this is Mr. Williams' memo to his file of June 28th, 1990 about a discussion with Mr. Pick, but I just want to ask you, the second paragraph says

Mr. Pick -- it talks about a call that Eugene

Williams had with Mr. Pick and that:

"Mr. Pick indicated that he had conducted a one and a half hour interview with his client, and has scheduled a further interview for Tuesday July 3, 1990. Mr. Pick also noted that Mr. Fisher feels insecure about his own safety and is afraid to return to the Prince Albert penitentiary. Fisher had received

1 threats from other inmates, while he was 2 in the Prince Albert penitentiary. 3 appears that his quilt has already been determined by his fellow prisoners, 4 5 perhaps due to the media accusations levelled against him." 6 And again this is Mr. Williams' memorandum. you tell me what -- whether this is something you 8 9 thought or observed at the time, Mr. Pearson, or 10 whether you learned this from Larry Fisher at the time or around the time? 11 12 А Larry Fisher had expressed concerns that -- I do 13 recall the call that I had from Mr. Pick over the 14 publicity that I think -- well, the program was 15 out and he talked rather, he was concerned about 16 the issue of bringing his client, Mr. Fisher, into 17 the picture. Whether I had knowledge of threats 18 to Larry, I know he was, there was ongoing concern 19 that -- to be specific, I just don't recall. 20 If we can just go down to the bottom of this memo, 21

and again this is June 28th, and we've been back and forth a bit on the deposition and the polygraph, but on this date Mr. Williams writes:

and psychological state, is such that

"However, Mr. Fisher's current emotional

22

23

24

1 Mr. Fisher is not yet prepared to be 2 interviewed or to undergo the polygraph 3 test." 4 And then the next page: 5 "I told --" This being Mr. Williams, 6 "-- Mr. Pick that I would consider our 8 position in relation to the scope of an 9 undertaking in relation to the 10 interview. As a result of our discussions, Mr. Pick said that he would 11 12 call to advise me of the results of his 13 meeting with Mr. Fisher on or before 14 July 5, 1990. It appears that Sqt. 15 Pearson has developed a good rapport 16 with Mr. Pick and with Mr. Fisher, so 17 that his attendance at any future 18 meeting could facilitate a frank 19 disclosure by Mr. Fisher." 20 And again, did you believe, Mr. Pearson, that you 21 had established a good rapport with Mr. Pick and 22 Mr. Fisher at this time? 23 Α Well, I believe I had a rapport for many years 24 with Mr. Pick, you know, on a professional level I 25 suppose. With Mr. Fisher it was evolving.

1 say, there was a reluctance, I'm not sure if you 2 can read that into him not really wanting to trust 3 me or -- but I felt that we were making some 4 progress. 5 Q If we can go back to 056783, and again just down at the bottom, just pick it up on July the 3rd now 6 and a discussion with Mr. Williams where he asked you to locate George Lapchuk and Greg, that should 8 9 be Craig Melnyk, it says: 10 "These two were present with Milgaard and at a party in May 1969 in a motel 11 12 room, in which Milgaard had apparently 13 went through an enactment, making some 14 suggestions that he was involved in the 15 Miller murder." 16 So I take it at this time you were asked to 17 locate Melnyk and Lapchuk; is that right? 18 Yes, he wanted some assistance in finding these Α 19 people because I believe he wanted to talk with 20 them. 21 And apart from finding them, did you have any Q 22 further dealings with interviews of Melnyk and 23 Lapchuk? 24 Α I had nothing to do with Lapchuk or Melnyk. 25 Go to the next page, and again this is July 3rd of

'90, and it says:

"Mr. Harold Pick called, saying he had an interview with his client Fisher. was agreed that myself and Mr. Williams could interview Fisher. It was also arranged by Mr. Pick to have private polygraph operator Mike Robinson take a test of Mr. Fisher. If the charts are clean and in favour of his client, it will be released to us, however they are not conclusive or if Fisher fails, then we will get nothing but the interview. Mr. Pick does not "think" his client involved. Fisher feels concerned about returning to the P.A. Pen and wants to transfer to Mountain Prison in B.C. Mr. Pick wanted me to initiate contact with the Prince Albert Correctional system to determine if there could be a move generated. I will be in touch with P.A. Security, explaining the concerns Fisher has; i.e., publicity, threats for his safety, etc."

I'm wondering if you can just comment, and we heard from Mr. Robinson already on this point, on

1		the conditions, that if Mr. Fisher failed the
2		polygraph you wouldn't know about it; is that
3		or you wouldn't get the results. I suppose you
4		could infer that he failed.
5	A	That was my understanding, that we wouldn't be
6		provided any of the documentation.
7	Q	And what was your reaction to the terms that were
8		being put forward by Mr. Pick?
9	А	Well
10	Q	For the polygraph?
11	A	What was my reaction?
12	Q	Yes.
13	A	Well, like I say, he was setting the parameters by
14		which we were going to be able to interview. I
15		indicated that I would have preferred to have a
16		police polygraph operator and I guess he wasn't
17		going to provide anything that might be
18		detrimental to Mr. Fisher and that's about all I
19		can say on that really.
20	Q	So if Mr. Fisher passed the polygraph, in other
21		words, he denied involvement in the murder and
22		passed, then that might be something that would
23		assist the investigation in eliminating him as a
24		suspect; is that fair?
25	A	That would assist, yes.
	ĬI.	

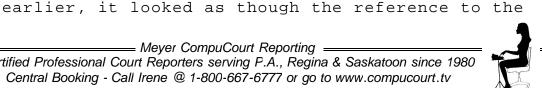

1	Q	And would that be conclusive?
2	А	I don't believe it would be conclusive, but it
3		would have to be something that you would weigh.
4		I mean, the polygraph is not an exacting tool.
5	Q	And so that's one scenario. The second scenario
6		is that he fails the polygraph, in other words,
7		his denial of being involved in the murder would
8		be determined to be deceptive and in that
9		scenario, according to this, you would never know
10		that, or you would never have the charts; is that
11		fair?
12	A	That's fair, yes. I believe that was the
13		arrangement.
14	Q	And I suppose if the polygraph was done and
15		Mr. Pick phoned you and said I'm sorry, I can't
16		give you the charts, you might infer from that
17		that he failed; is that
18	А	Yes.
19	Q	Although you don't have the charts, you would
20		know, or have a pretty good idea of what happened
21		at the test; is that fair?
22	А	Well, according to the conditions he said he would
23		operate by, if the charts were clean we would get
24		them. If we didn't get them, I guess that means
25		there was another problem.

1	Q	And I guess the third scenario is that they would
2		be inconclusive and they wouldn't be helpful
3		either way?
4	A	That's right.
5	Q	And I take it then as well in this scenario that
6		you would not have an opportunity, or anybody else
7		on behalf of the RCMP or on behalf of the
8		authorities, to use the polygraph results to
9		question or interrogate Mr. Fisher further?
10	A	No.
11	Q	And that was something you had strived for or
12		sought when you first contacted Mr. Fisher; is
13		that correct?
14	A	Well, personally that's what I wanted. It had
15		been run by Mr. Pick during conversation, but he
16		had indicated that this is the way he was going to
17		go, with the private polygraph operator.
18	Q	And then scroll down, please, paragraph 190, we're
19		now July 4th, 1990:
20		"Mr. Williams called, wanting to confirm
21		if Saskatoon City Police had any
22		information on convictions of Fisher in
23		Saskatoon in 1968 to 1970. It was
24		originally believed these were Regina
25		offences but is now believed Fisher went
		Meyer CompuCourt Reporting

1 to court in Regina and the offences 2 actually took place in Saskatoon. 3 I called Saskatoon Provincial 4 Court, Bob Taylor, and also Regina 5 Provincial Court, Shirley Newels. Ιt was determined that QB Court held 6 records in Regina. I called Maggie 8 Pelletier, Regina QB, who confirmed she 9 had conviction records for Fisher on the 10 following dates: " And then it lists the four complainants. 11 12 can just pause there. Up until this point, at 13 least in your notes, it appears, Mr. Pearson, 14 that you are operating under the assumption or 15 basis that Mr. Fisher's 1968 offences took place 16 in Regina; is that correct? 17 Α That's right. 18 And there was one document that I showed you last 19 sitting, one of your reports that talked about the 20 1968 offences in Regina and a reference to 21 Saskatoon. I think that was in one of your 22 reports. Do you remember that, going over that? 23 Α Yes. 24 And I also, when we went over your evidence

1		Regina offences may have come from a CPIC, either
2		yours or Mr. Asper's or somewhere else, is that
3		fair, and I think you told us you weren't sure but
4		it could have been you who first put forward that
5		they were Regina offences?
6	A	Yes, I believe that's fair.
7	Q	And I went over in your evidence last sitting, I
8		think there was a note where you made inquiries of
9		the Regina police to get their records for these
10		offences and found nothing. Can you tell us, do
11		you have a recollection of learning of this from
12		Mr. Williams about these offences being in
13		Saskatoon?
14	A	You know, I don't, other than what is written
15		there, which is, I believe, accurate, where he was
16		wanting confirmation of the City of Saskatoon
17		convictions of Fisher.
18	Q	If you had if you had been aware or if you
19		had been aware prior to this date that the Fisher
20		rape offences had occurred in Saskatoon rather
21		than Regina, would you have done anything
22		differently in your previous months' work, or few
23		months previous?
24	A	No, I'm not sure. You know, I know a lot hinges
25		on these previous offences, but, you know, going
		Movey CompuCourt Penerting

back to the time that I was involved in developing and working with Larry Fisher, I was looking at his criminal record as really the basis of suspicion and it's not common police practice to go and find all of the police files that are associated with the criminal record unless you are going to do something like what was eventually done, a similar fact analysis, and I can say at that point that was not something that I had initiated, it's not something that was asked of me by Mr. Williams.

If we can go to 010019, and this is a July 5, 1990

If we can go to 010019, and this is a July 5, 1990 memorandum from Eugene Williams to the file, and if we can just go to the top, please, it says:

"On July 4, 1990, I learned from Bruce
MacFarlane that Hersh Wolch had the
names of four Saskatoon rape victims,
allegedly assaulted by Larry Fisher.
This information did not accord with the
information we had earlier received from
the R.C.M.P. and the Saskatoon City
Police, who advised us that there were
not any incidents of rape attributed to
Larry Fisher, which occurred in
Saskatoon."

1		And it appears at least from this memorandum, Mr.
2		Pearson, that the Saskatoon City Police did not
3		have any, or did not provide any information to
4		you up until this point about incidents of rape
5		attributed to Larry Fisher. Do you know if
6		that's the case?
7	A	Yes. There was, as I recall, no record at all
8		with the city police pertaining to Larry Fisher.
9	Q	And so do you believe that inquiries would have
10		been made of the Saskatoon City Police by you or
11		Mr. Williams?
12	A	Oh, yes.
13	Q	By you saying have you got anything on Larry
14		Fisher?
15	A	Yes.
16	Q	So the fact that you thought they were Regina
17		offences, is it your evidence, sir, that you still
18		made inquiries with the Saskatoon police about
19		files relating to Larry Fisher?
20	А	Oh, I'm I don't have a recollection of it, I'm
21		only assuming that that would be the natural thing
22		you do, but I can't really say that I can remember
23		a date or a specific person I was talking to.
24	Q	And then I think, and as we'll see when we go
25		through the records, that you subsequently, and
	li .	

	again I'll go through this in more detail, but
	subsequently when you went to try and find the
	files relating to Larry Fisher, they were not
	readily available and in fact some never were
	located; is that fair?
А	My recollection is that staff sergeant or
	Sergeant Bertrand at the time had one partial
	file, I think it was the (V1)- file, and if I'm
	not mistaken there was 10, 11, 12 pages of a
	report, a partial report, and at that time that's
	all that was available of the four Saskatoon
	offences that Larry Fisher had been involved in is
	my recollection.
Q	So if we can just scroll down, it looks as though
	the names of the victims were provided and that
	Mr. Wolch asked Mr. Williams for copies of the
	occurrence reports and the witness statements
	relating to these offences.
	"He noted that the information about
	these victims came from a C.B.C.
	documentary which was recently aired.
	He also wanted to know when the
	investigation would be completed, and
	whether we had interviewed Larry Fisher.

was innocent, and indicated that he
wanted to use the occurrence reports to
establish a pattern of similar act, to
identify Larry Fisher as Gail Miller's
assailant."

And so just pause there. At the time what was
your familiarity with this concept of similar act

A I was familiar with it, yes.

or similar fact evidence?

And what was your understanding, just generally, of what, as an investigative tool, similar fact, or here similar act --

I think -- I think at this point, and I think this is a fairly important point in this, is that -- again, I'm just going back to Mr. Williams' position of the necessity to establish an association between Larry Fisher and Gail Miller and I think maybe this is where this part of it wasn't pursued on our part as far as a similar act. I certainly used the criminal record as the basis of my suspicion for Larry Fisher, but converting that suspicion into evidence through an analysis of similar fact, that jump wasn't made, and it wasn't asked by me to make it, by either Mr. Wolch or Mr. Williams, and it wasn't something

		ŭ
1		I initiated on my own.
2	Q	And again as an investigator, and we'll get to
3		this I think in the second application that was
4		something that was pursued; is that correct?
5	А	Yes, it was.
6	Q	And again just as an investigator, Mr. Pearson,
7		what would that tell you, if you looked at I
8		mean, you've already told us that at this time you
9		think Larry Fisher is a suspect and I think what
10		you've told us, the fact that he was, (a), lived
11		in the area, a block and a half away from where
12		the murder took place; (b), had a criminal record
13		of a number of rapes, is that correct, some with a
14		knife
15	A	Yes.
16	Q	and (c), the information of Linda Fisher that
17		suggested that he was not at work that morning?
18	A	That's correct, yes.
19	Q	And so again, and I think you said that was the
20		basis of your suspicion and that you were
21		investigating trying to turn suspicion into
22		evidence that would link him to the Gail Miller
23		murder, or words to that effect. Do you recall
24		giving that evidence?
25	A	Yes.
		•

1	Q	And so again would looking at previous rape
2		offences of Larry Fisher provide a link to the
3		murder of Gail Miller or would it be in the
4		suspicion category?
5	A	I believe it would be in the suspicion category as
6		far as I guess lawyers and people who know a lot
7		better than I, but I believe that I was looking
8		for something that linked Larry Fisher to the
9		homicide of Gail Miller.
10	Q	And there is in the documents, and we've heard
11		some evidence, and we'll hear more evidence about
12		the extent to which the seven previous convictions
13		are similar and not similar to the Gail Miller
14		murder, but putting that aside, if the modus
15		operandi or the previous offences of Mr. Fisher
16		were very similar to the Gail Miller murder, take
17		that as an assumption, again I want you to tell us
18		as an investigator, does that at some point
19		provide you with the necessary link to the Gail
20		Miller murder and give you enough to say okay,
21		there's now enough evidence for a charge, or does
22		it simply raise your suspicions?
23	А	I think it raises the suspicions. I don't
24		believe that and again, this is not something
25		I'd initiate on my own, but I'm sure if I went and

1 talked to Crown counsel based on the similarities, 2 I doubt very much that I would ever get authority 3 or support to initiate a charge based on that, on 4 that alone, but that's just my opinion. 5 Q Right. So again, and I think you've told us in your earlier evidence that the fact that he was in 6 the vicinity of where the murder took place and 8 had a disposition to commit rapes with a knife, 9 and I think you said it doesn't matter where the 10 rapes take place, what was important is where he 11 was on the morning of the murder and the type of person he was, or words to that effect; is that 12 13 correct? 14 I think when you put all those together, it Α 15 does create a suspicious set of circumstances, and 16 as far as his record was concerned, the fact that 17 he had been in Winnipeg, Saskatoon and North 18 Battleford, I mean, he committed these offences 19 wherever he was as opposed to all being in his 20 neighbourhood in Saskatoon. 21 I want to ask you, and again I appreciate this is 22 Mr. Williams' memorandum where he says I told Mr. 23 Wolch that our interviews had not been completed, 24 and actually, if I can just go back -- actually, 25 just go back to the previous page down at the

1 bottom, and Mr. Williams is saying that Mr. Wolch 2 also wanted to know when the investigation would 3 be completed and whether we had interviewed Larry 4 Fisher. Then if we can go to the next page, he 5 says: "I told Mr. Wolch that our interviews 6 had not been completed, partly because 8 of the intervention of his office - a 9 suggestion he denied - and would not be 10 completed until all the submissions had been received and examined." 11 12 Now, in fairness, I'm not sure if Mr. Williams is 13 referring to interviews of Larry Fisher or of 14 other witnesses, but, Mr. Pearson, did you 15 have -- was there any delay in your arranging, or 16 your work in trying to complete the interviews of 17 Larry Fisher, were they in any way hindered by 18 the actions of Mr. Milgaard's counsel, Mr. Asper 19 or Mr. Wolch at the time? 20 I don't believe so. 21 And then the memo -- or it goes on to say: 22 "After speaking with Mr. Wolch, I asked

23

24

25

Sgt. Pearson to search the Saskatoon

Larry Earl Fisher was convicted, as

City Police files to determine whether

1		alleged of the rapes and indecent
2		assaults of the victims noted above. If
3		there was a link, I requested that he
4		send occurrence reports and witness
5		statements, where available, which
6		relate to the offences. He agreed to do
7		so."
8		And I think from your notes that's in fact what
9		happened; is that right?
10	А	Yes.
11	Q	And then it looks as though:
12		"In a later conversation that day, Sgt.
13		Pearson noted that the convictions
14		registered in Regina apparently occurred
15		in Saskatoon. He will redouble his
16		efforts to locate the files and provide
17		the materials I requested."
18		And I think is that a fair statement of what took
19		place between you and Mr. Williams?
20	А	I believe so.
21	Q	Then if we can go to 010033, please, and this is a
22		July 5, 1990 letter from Mr. Wolch to
23		Mr. Williams, and again it refers to the July 4th,
24		1990 discussion with Mr. Williams, and then this
25		paragraph here at the bottom, it says:
		1

1 "It is also disconcerting that the 2 entire nature of the review 3 investigation appears to be directed at 4 trying to maintain the status quo and is 5 not directed at obtaining any information that would exonerate David. 6 All of the information which exonerates 8 David has come from our sources. 9 Keeping in mind that we have no 10 financial support at all we cannot help 11 12 13 14 15 16 17 18 19 Pearson? 20 21 22 23 24 25 also talking about a legal deposition or interview

but wonder what we would achieve if we had the same resources that you have." Let me just pause there, and again this is a letter to Mr. Williams, not to you, but as far as your work in the investigation, being directed to maintain the status quo and not being directed at obtaining any information that would exonerate David, was that in fact what you were doing, Mr. No, I believe I was actively attempting to -first of all, I was tracking down the -- well, the blood type for Larry Fisher, I was going through his counsel in attempting to get an interview with Mr. Fisher, we know how that progressed, and I was

with him, so that was being pursued, you know, as 1 aggressively or as quickly as it would unfold for 2 3 me, so I don't really agree with maintaining the 4 status quo. 5 Q And if you found information or evidence that would exonerate David, again, is that something 6 that was part of what you were looking for? 8 Oh, sure, yes. Α Then down at the bottom of this paragraph Mr. 10 Wolch writes: "It was somewhat disturbing to learn 11 12 that as of this date you are not totally 13 familiar with the nature and substance 14 of the record of Larry Fisher. 15 you would have better access to the 16 record and the police reports than we 17 would, and yet in spite of the fact that we furnished the information some time 18 19 ago, it appears that you either did not 20 receive the information or received 21 wrong information in this regard." 22 I'm just wondering, your comment about Mr. 23 Wolch's concern there, Mr. Pearson, about -- and 24 I think what he's saying is in July of 1990 you

and/or Mr. Williams or whoever did not have Mr.

1		Fisher's accurate record of what offences he had
2		committed?
3	A	The we had a record of his offences, we had his
4		criminal record, it's just that we didn't have the
5		police files, and when we did go to Q.B. Court, I
6		mean, those are not police files, they were, I
7		think, a direct indictment and informations and
8		some of the official Court records, that they
9		themselves didn't really, as I recall, say
10		anything about the police investigation, and then
11		when we determined where these offences did take
12		place, the files were not available based on the
13		fact that only a partial file was found during our
14		initial attempts to find or get them.
15	Q	If we can go to 011841, please. And this is a
16		letter from Mr. Williams to Harold Pick that
17		confirms the topics, and I think Mr. Pick had
18		wanted some idea of what was going to be asked, is
19		that right, before the deposition?
20	А	Yes, uh-huh.
21	Q	And that you were going to go with Mr. Williams,
22		and the following topics, the convictions that are
23		contained on the record, so in other words that
24		you were going to question him about his record
25		and those offences, the movements around the time
		1

		ŭ
1		of the murder, and his personal and employment
2		history; is that right?
3	А	Go back up. Who is this one addressed to?
4	Q	This is from Eugene Williams to Harold Pick on
5		July 6th, 1990, and it's setting out Mr. Pick
6		had asked for the topics that were going to be the
7		subject of the deposition.
8	А	I don't recall this, but
9	Q	That
10	А	Is this a memo that I have?
11	Q	No.
12	А	No?
13	Q	This would be a letter from Mr. Williams to
14		Mr. Pick, but again, wondering as far as having
15		the topics that would be discussed. I think
16		earlier, when we looked at some notes, Mr. Pick
17		had said, and/or Mr. Carter, "before you interview
18		Mr. Fisher he wants the questions", or "he wants
19		to know what you are gonna ask him"?
20	A	This could be. I don't recall, I don't recall
21		this, but it's possible. I mean, it's something
22		that Mr. Williams generated, so I am assuming
23		that's what the facts were.
24	Q	If we can go down, next, to 056785. And, again,
25		at the top we then go into July 9 of 1990:
	ıl	4

1		"Mr. Williams called, indicating he had
2		requested access to the file material on
3		Milgaard and has been in touch with
4		Mr. Wolch and it was ok to info from
5		Milgaard concerning psychiatric reports,
6		etc. We should access this information
7		which may assist in determining if
8		Milgaard is a suitable candidate for a
9		polygraph examination, and to determine
10		if he has any disorder which would bring
11		such an examination into question. As
12		well, such access may provide
13		information concerning details if
14		Milgaard ever wavered from his course of
15		denial in the Miller murder."
16		And, again, I take it at this time you would be
17		investigating prison records of Mr. Milgaard for
18		those two purposes?
19	A	Yes, I believe that's what this was about, I
20		believe we did look to access some records of that
21		nature, yes.
22	Q	And then if we can just scroll down, I won't go
23		through all of this, but there is a reference
24		about getting the information without consent of
25		the inmate, and that you contacted Mr. Williams in
	1	

1		Ottawa, and you say here:
2		"I asked Mr. Williams if he had obtained
3		permission from Wolch, which he said he
4		had. To me it sounds as though this was
5		a telephone agreement, nothing in
6		writing. I await further direction in
7		this regard."
8		So did you I take it at this time you were
9		pursuing, then, prison records of Mr. Milgaard?
10	А	Yes, that seems to be what's going on here.
11	Q	And as a police officer, or as an investigator,
12		did was that sometimes a source where you might
13		find information about what a prisoner may have
14		said about an offence that he or she is in for or
15		some other offence?
16	А	Yes. I haven't had a whole lot of experience in
17		this particular area, but it was a potential
18		source, yes.
19	Q	If we can then go to the next page, and this is at
20		the top, you:
21		"Received a telephone call from
22		Mr. Pick, who advised the polygraph test
23		had been attempted on Fisher, however
24		the operator could not get proper
25		readings which could be interpreted with

1 any accuracy. Apparently Fisher tried, 2 but could not provide readings which 3 would give conclusive results. 4 would not agree the tests were 5 inconclusive but rather the polygraph operator could not interpret the 6 I am not too sure what the readings. 8 difference is and exactly what he meant. 9 He didn't elaborate, even though I did 10 question him on this." And then: 11 12 "... still have our meeting set for 2:00 13 pm with Fisher.", 14 so that would be the deposition. What was your 15 understanding, Mr. Pearson, of what the polygraph 16 results meant, if anything? 17 On this particular test? Α 18 Yes. 19 Well I -- I think, at the time, I knew that the 20 charts weren't going to be released to us because 21 the results were not conclusive, and I guess you 22 still have the same suspicion, that nothing has 23 really been cleared up, it's pretty well the same.

And, you know, I just wanted to add as well that

just a few days before this test I did meet with

24

1		Mike Robinson and provided him with the
2		information that he wanted, he asked to review the
3		files, and got the material that he thought was
4		necessary to do the test as well as he could.
5	Q	And, again, did you reach any conclusions or have
6		any concerns that Mr. Fisher may have deliberately
7		caused the test to be inconclusive?
8	A	Well that's always, that's always a potential, I
9		mean that's a given that's always there, that you
10		can have someone who will do what they can to
11		maybe make it look like they are co-operating but
12		they are never gonna give you a good result, I
13		mean that's a risk that's always there.
14	Q	There has been suggestions somewhere in the
15		materials, and I believe maybe even partly in Mr.
16		Fisher's evidence, that the media attention and
17		the fact that Mr. Fisher was scared, if I can used
18		that term, of other inmates in the prison, that
19		all the all of the media attention surrounding
20		him being a suspect caused his physical condition
21		to be less than satisfactory, and that that may
22		have contributed to his inability to be tested.
23		And, again, was that something that you either
24		thought of or discussed with him or with others at
25		the time?

1	A	No. There were two issues, I mean there was some,
2		you know, medical condition, but there was also
3		this ongoing issue and fear that he had about his
4		own safety. I mean before we very early in
5		dealing with Mr. Pick one of the conditions was
6		that I check to determine what the safety
7		issue, and I think they were looking at a transfer
8		at that time, I was wondering if maybe we were
9		they were looking for something in return for the
10		interview, getting a transfer out of the
11		penitentiary in Prince Albert to another location,
12		but there was an ongoing concern expressed by
13		Larry Fisher about about his safety.
14	Q	And then again, just 196, Mr. Williams talked to
15		you about a call he had with the acting warden
16		about the release of information, and I think this
17		relates to David Milgaard, and if we could call up
18		001907. And this is a letter of the same date,
19		July 10th, 1990, to Acting Warden Graceoffo I'm
20		not sure if I pronounce that right. This is your
21		letter, and talks about the 690, and then:
22		"The case is currently being examined on
23		several fronts, one of them being the
24		pursuance of a suspect currently
25		incarcerated in the Prince Albert

Penitentiary."

And then:

"One aspect of the investigation is the eventual testing of Mr. Milgaard on the polygraph if it is determined he is a suitable subject for such an examination. To determine the psychiatric/character profile of Milgaard, could I please be provided with Milgaard's institution reports covering the time period 1970 to 1977. I understand such reports contain details of the inmate's behaviour, discipline, and psychiatric assessment. In addition, may I also be provided with copies of psychiatric reports completed upon Milgaard's return from the Diagnostic Centre in Calgary, Alberta, during Aug 1986."

So apart from the polygraph, Mr. Pearson, would there be any other reason, or to look at the suitability for polygraph, would there be any other reason that you would want to be getting the psychiatric/character profile of Milgaard, of Mr. Milgaard, at this time?

1	Α	I suppose at that time I was also interested to
2		know if there was any, I think at all, any mental
3		condition, so to speak, that he may, you know,
4		have this continual denial, possibly something
5		that he was involved in, or if there was any
6		condition that might enlighten us as to what his
7		innocence was all about, more of a gaining
8		information on the psychiatric and mental, you
9		know, condition of David Milgaard.
10	Q	You told us a bit earlier that, when you were
11		looking at Larry Fisher as a suspect, that his
12		record and then I think we'll see where you
13		think you went and looked at his prison file as
14		well but information about Larry Fisher and his
15		character, etcetera, would be something that you
16		would consider in, in identifying him as a
17		possible suspect, or words to that effect?
18	A	Yes.
19	Q	Do you remember telling us that?
20	A	Yes, yes.
21	Q	Would, again at this time, getting the same or
22		similar types of information about Mr. Milgaard;
23		would that be, again, a tool used by you in
24		looking at whether it favours or does not favour
25		Mr. Milgaard as a suspect?

1	A	I don't know if that was the primary focus here at
2		that time, to be quite honest with you, I think we
3		were looking at whether or not he was someone who
4		we could test on a polygraph and determine if
5		there was something there that could assist us.
6		And this would be an in this would be a
7		decision that I don't think I was capable of
8		making, I'm not a polygraph operator as such, but
9		it's just getting some more information.
10	Q	And just generally, moving on from the polygraph,
11		I think you talked earlier about getting
12		looking at prison records to see whether or not
13		there would be any admissions on the file?
14	А	Yes.
15	Q	And that was true for both Mr. Fisher and Mr.
16		Milgaard?
16 17	A	Milgaard? Well, sure, yeah.
	A Q	
17		Well, sure, yeah.
17 18		Well, sure, yeah. And I take it that if you looked at the prison
17 18 19		Well, sure, yeah. And I take it that if you looked at the prison file and found an admission let's look at Mr.
17 18 19 20		Well, sure, yeah. And I take it that if you looked at the prison file and found an admission let's look at Mr. Fisher for a moment if you looked at his prison
17 18 19 20 21		Well, sure, yeah. And I take it that if you looked at the prison file and found an admission let's look at Mr. Fisher for a moment if you looked at his prison file and found something on there that was
17 18 19 20 21 22		Well, sure, yeah. And I take it that if you looked at the prison file and found an admission let's look at Mr. Fisher for a moment if you looked at his prison file and found something on there that was suspicious, that maybe he had admitted to
17 18 19 20 21 22 23		Well, sure, yeah. And I take it that if you looked at the prison file and found an admission let's look at Mr. Fisher for a moment if you looked at his prison file and found something on there that was suspicious, that maybe he had admitted to somebody, and assuming the information is

		rage 19901
1	A	That would be very significant, yes.
2	Q	Significant? And again, if there was nothing in
3		the prison file of Mr. Fisher, that might be
4		something that
5	А	Well I don't think that means anything.
6	Q	probably would have little value; is that
7		right?
8	А	That's right.
9	Q	And if we look at Mr. Milgaard, who's in jail
10		convicted of the offence, I take it if you found
11		something in the prison file that suggested an
12		admission on his part, or something of that
13		nature, that might be significant in your
14		assessment?
15	А	I would think so, yes.
16	Q	And conversely, if the prison file showed that Mr.
17		Milgaard had denied his involvement in the murder
18		throughout his stay in prison, what significance,
19		if any, would that have in your review of his
20		situation?
21	А	Well under the circumstances I think it's
22		something that, you know, you would have to, when
23		you start talking about the suspicion or lack of
24		suspicion of David Milgaard, I mean if he had
25		denied this all his life and this is now

refocusing on a new suspect and the suspect is someone that you really do suspect, I think it certainly is a circumstance that has some value. Okay. If we can go back to page 056786. And just down at the bottom, we're talking July 12th, and this is the deposition of Larry Fisher and I'll just read your summary, here, ask you some questions. But you:

"Met Larry Fisher and Harold Pick at the Regional Psychiatric Centre and commenced a taped interview with Fisher. The interview did not reveal anything significant which would indicate Larry was involved in the Miller murder. Fisher's recollection of what he was doing at the time, meaning January 1969, was not bad. He answered questions in a direct way. He had very little to offer regarding activities surrounding the murder, possibly because he does not know anything about it, or he is involved but not prepared to reveal anything which would be checked out. Ι left the interview with doubts about Fisher, and am not totally convinced in

1 my mind exactly what to believe as Fisher is such a good suspect, but based 2 3 on the evidence of the trial, I am 4 inclined to keep an open mind and pursue 5 this in an effort to come up with the truth, if that is possible after such a 6 long time. Mr. Fisher's co-operation 8 can be best termed as "reluctant" at 9 this time and I am somewhat perplexed by 10 this position. Mr. Pick has been 11 extremely helpful in providing the 12 opportunity for an interview with his 13 client. The tapes will be sent to Mr. 14 Williams as I do not have steno services 15 at the present time." 16 And, again, would that be an accurate summary of 17 what you thought at the time about Mr. Fisher's interview? 18 19 I'm going with what's documented there and I have 20 to say that's how I probably felt at the time. 21 don't know what more I can really add to that. 22 Did you expect, going into the interview, that you 23 would get -- or let me back up. What did you 24 expect to get from Mr. Fisher that might help shed 25 some light on your investigation?

1	А	Well I you don't know, you don't know with
2		you just don't know what you are going to get.
3		You know, I guess optimistically you think you are
4		going to get him telling you a lot of interesting,
5		valuable, incriminating things, but or he is
6		going to convince you that he is absolutely
7		innocent and he has got nothing to do with it in a
8		convincing way, but at the end of the day I still
9		had this doubt about him based on the fact that he
10		didn't really clear the air. And, you know, some
11		of the difficulty of course going back, this is 20
12		years later, I mean it's not like it happened last
13		week, so we were always at a disadvantage of
14		knowing what he was doing at the particular time,
15		so it was hard to really find a way that you could
16		put him in a corner so to speak. So again, the
17		suspicion is there, but I'm not sure we made much
18		progress on the actual interview.
19	Q	And again, we now know that Mr. Fisher has been
20		convicted of this crime, and again just going back
21		to this interview and I'll go through parts of
22		it with you based on your experience in
23		interviewing people who are subsequently
24		convicted, is it unusual to have them deny
25		involvement initially, or not only initially but

		r age reese
1		throughout?
2	А	In a crime?
3	Q	Yes?
4	А	Oh, absolutely, I mean people deny crimes all the
5		time.
6	Q	And so the fact that Mr. Fisher, at this time,
7		says "no, I wasn't involved", I take it at this
8		time you weren't prepared to accept that as an
9		answer?
10	А	Umm, no, I wasn't prepared to take, really at face
11		value, much of what he says of not being involved,
12		because again, it's hard to put your hand on it
13		and say that "this is specifically the reason
14		why". It's just that you get this gut feeling
15		over a lot of circumstances that were at play here
16		and it's just a feeling you have.
17	Q	And you say here that "Fisher is such a good
18		suspect", what did you mean by that, or why did
19		you think he was a such a good suspect?
20	A	Well, again I'm going back to what I thought was
21		important to me, and that was the fact that he
22		exhibited violence, he was a violent individual
23		and he had a record of violence around the time of
24		these offences and subsequent ones, and that in
25		itself, you know, I mean I know there were other
		Meyer CompuCourt Reporting

1 circumstances, but that in itself is pretty 2 compelling in my view --3 0 What ---- and that's one of the reasons why I had a hard 4 Α 5 time believing anything he'd tell me. And then the other factors of course, again, are the 6 proximity of David Milgaard and him on the day of the murder, and again Linda Fisher who I've always 9 had a lot of confidence in, I just, I believed the 10 lady --11 Q And --12 Α -- in what she was trying to articulate to me. 13 0 And, again, at this time you were saying that he 14 was a good suspect, or even stronger than that, 15 and putting aside the issue that we'd talked about 16 last sitting, the fact that you were simply 17 investigating and reporting to Eugene Williams and 18 that there was an existing conviction, and I think 19 you went over that your mandate here was a little 20 bit different than if you had been investigating 21 the murder of Gail Miller initially; correct? 22 Yeah, yes, I was not directing the investigation. 23 So if, for a moment, if you were, if there 24 had been no conviction and you were investigating, 25 trying to find the person who committed the rape Meyer CompuCourt Reporting =

1		and murder of Gail Miller, at this time when you
2		said "Fisher is such a good suspect" were you in a
3		position, at that time would you have been, to
4		charge him or was there something that
5	A	No, no. Again, you know, until DNA came along
6		that kind of put a finality to all this, I think
7		myself and everyone else that was going through
8		this process at the time were scratching our heads
9		trying to say "well, you know, who did it?" I
10		know some people were totally convinced it was
11		Larry Fisher, others were convinced it was David
12		Milgaard, some were thinking they probably could
13		have both done it, and everyone had, I believe, a
14		view based on what they knew of the case. But I
15		do think that there was no evidence to charge
16		Larry Fisher with this homicide at that time.
17	Q	And
18	A	And really, you know, DNA was a science then, of
19		course we all know, that would put a stamp on
20		this.
21	Q	And again, just as an investigator, what did the
22		DNA bring to the table that you didn't have from
23		another source?
24	A	Well it put, it put Larry Fisher in contact with
25		Gail Miller at the scene of the crime.

1	Q	If we can go back to this comment, you say:
2		" Fisher is such a good suspect, but
3		based on the evidence of the trial";
4		are you speaking of David Milgaard's trial?
5	A	Yes.
6	Q	And can you just explain what you are saying
7		there?
8	A	Well, like I say, he was convicted by, you know,
9		the Canadian justice system, he had been through
10		defence lawyers and prosecutors and judges and
11		juries and appeal courts, and I, I think we all
12		take that seriously. And that was in place, and
13		that was certainly something that factored into my
14		thinking. I never thought that David Milgaard did
15		not do it, I I was never at that position in my
16		thinking, and Larry Fisher was certainly a good
17		suspect. But based on all of the things that
18		happened, you know, we were all trying to weigh
19		this, and I think we all struggled with this,
20		really, to attempt to rationalize just what do we
21		have here, because memories are, you know, fading,
22		and it's 20 years later, and there's evidence that
23		comes up at a late date and how do you I mean
24		this was a difficult task for the people in Ottawa
25		to make. It wasn't my decision to make this, but

1		I certainly can appreciate the difficulty in
2		trying to weigh all of this. And I didn't have
3		the full circle of all the issues that were at
4		play here, but I do believe that the Canadian
5		justice system certainly carries a big impact when
6		you are an investigator and there is somebody
7		convicted, and Larry Fisher was a good suspect.
8	Q	Yeah. You made a comment, sir, and I think you
9		said that you didn't think and correct me if
10		I'm wrong I think you said you didn't think
11		that David Milgaard had not done it; is that
12		right?
13	А	No, I had nothing to exonerate David Milgaard
14		personally.
15	Q	And were you looking at I mean we've touched on
16		some of the involvement, the Celine Cadrain
17		interview and a few others, but, again, did you
18		sit down and take a full look at all the evidence
19		against David Milgaard and try and reach a
20		conclusion as to whether or not you
21	А	I was not analysing, I was not analysing the trial
22		evidence and the evidence that was in play that
23		convicted David Milgaard, and I was not involved,
24		like I say, in the players that were being re
25		re-interviewed in 1990, like Lapchuk, Melnyk,
		

1		Wilson, John, those people. So that part of it I
2		was not putting into the weighing of what was
3		really the main influence here.
4	Q	Okay.
5	А	I was
6	Q	Yeah?
7	А	trying to keep an open mind, I thought, and
8		moving this forward.
9	Q	And you stated, sir, just a few minutes ago, "at
10		the time some people believed Mr. Fisher, some
11		believed Mr. Milgaard, and some believed both".
12		Putting the latter one aside for a moment, when
13		you are looking at Fisher as a suspect, if you got
14		to the point where you felt that there was a basis
15		to charge him, would that would that in your
16		mind say that "okay, well then that's enough, in
17		my mind, to exonerate Mr. Milgaard"?
18	A	Well that wouldn't be my decision to make, but I
19		mean if you have some evidence that he convicted
20		this or that he committed this crime, I would
21		certainly think that if he did, then David
22		Milgaard didn't. I mean that's just kind of a
23		logical conclusion you have to come to.
24	Q	And at this time, again when you and again,
25		maybe this is a question that is better put to
	l	

1 other witnesses, and the -- at the time, the fact 2 that you considered Larry Fisher to be a suspect, 3 did you have any concerns or doubts about Mr. Milgaard's conviction at the time? 4 In other words 5 I'm not saying 'exonerate', but did you have concerns that, with Mr. Fisher being out there as 6 a suspect, that this might somehow fit into the mix as to whether or not David Milgaard should get 8 9 either a new hearing or have his conviction set 10 aside? And again, I only want to know from your 11 own knowledge, whether that's something that you 12 thought about at the time? 13 Yeah. Well I really can't say that I thought 14 about it at the time. I was feeding information 15 to Mr. Williams based on the Fisher aspect, plus 16 the other tasks that he had asked me to do, other 17 people were weighing the totality of what they had 18 and how it applied to the 690 process. Analysing 19 that really wasn't something that I participated 20 But, you know, I think just common sense and 21 logic would say that, you know, if you have 22 evidence that Larry Fisher committed the murder, 23 you know, it stands to say that the person is 24 convicted -- that was convicted of it didn't,

unless they were both participating in it.

25

1	Q	Yeah. But what if you just had suspicions that
2		Larry Fisher may have committed the murder?
3		That's my question. What, if anything, does that
4		cause you to think about Mr. Milgaard's
5		conviction?
6	А	I don't think that reaches out far enough, you
7		know, there's it's easy, I suppose, to suspect;
8		it's very difficult to gather evidence to charge
9		someone.
10	Q	And again I'm just wondering, Mr. Pearson,
11		whether whether your work, whether that's
12		something that you considered at the time, or
13		pursued?
14	А	What's that?
15	Q	The question of the fact that you had Mr.
16		Fisher as a suspect, but I think you said you
17		couldn't get it to the level of saying "there is
18		evidence to link him to Gail Miller" I think was
19		your evidence, "or to charge him", and so I think
20		you were left with just the suspicion. And I'm
21		wondering if, again back in 1990-1991, whether
22		you, in your role in this process, ever conveyed
23		to anybody or said expressed any
24		thought as to what this suspicion may do to the
25		integrity of David Milgaard's conviction?
		4

		——————————————————————————————————————
1	A	Gee, I can't, I can't recall how whether I had
2		that kind of a conversation.
3	Q	And
4	A	I just can't recall.
5	Q	That's fine. If we could call up 061960, please.
6		And this is the transcript of the interview with
7		Larry Fisher. Go to the next page. And I think,
8		for the most part, you were present during the
9		entire interview; were you?
10	A	Yes.
11	Q	And it looks like Mr. Pick swore Mr. Fisher; is
12		that right?
13	A	Yes.
14	Q	And then I think at the start, if I could just
15		scroll down to the bottom, Mr. Pick has a
16		preliminary statement that:
17		" these discussions will be held in
18		private, and, are solely for assisting
19		the Department of Justice and the
20		government of Canada in its assessment
21		of Mr. David Milgaard's application for
22		mercy. Therefore, there will be no
23		publication of any kind outside the
24		Department of Justice or outside this

1 discussions except insofar as may be 2 necessary to assess the application of 3 David Milgaard for mercy, or, to further the investigation to formulate a 4 5 recommendation to the Minister of Justice of Canada for the deposition of 6 Mr. Milgaard's application." 8 And I think, just for the record, I think we have 9 heard or will hear evidence that these conditions 10 were altered at the time of the Supreme Court reference, because I think this ended up being 11 12 used, but I take it at the time there were some 13 restrictions put in place? 14 Α Yes. 15 If we can go to 061975. I just want to touch on 16 I take it, going in, that it was parts of this. 17 agreed that Mr. Williams would be doing the 18 majority of the questioning? 19 Yes. 20 And what was your role at the deposition? 21 Well I -- I -- I was the one that had, I suppose, Α 22 facilitated the deposition through the agreement 23 of Larry Fisher and Mr. Pick and, you know, being 24 part of the interviewing process I was, I was with

Mr. Williams, I -- I didn't say that I wasn't

25

1 going to do any part of this and I think I was 2 just part of the --3 Did you --0 4 -- part of the team. Α 5 I'm sorry. Did you, prior to this deposition, did Q you sit down with Mr. Williams and go through a 6 strategy or questions or areas or anything like 8 that? 9 There must have been -- I don't recall, but we Α 10 must have -- I'm sure we had some discussion on 11 the interview process, but I think a lot of it was 12 we were just trying to get whatever we could 13 through a discussion with him and bringing him 14 Like I say, you know, were we open for a 15 confession or whatever? Well, I guess you'll take 16 whatever you can get, but one of the difficulties 17 of course was that we had very little information 18 on the movements of Larry Fisher at the time and 19 pinning him down to something, to catch him lying 20 to you or avoiding you so that you could put him 21 in a corner and maybe go after him, but it was not 22 that easy. 23 And so, for example, and we've heard some evidence 24 about this before, whether he was at work that 25 morning?

1	A	That was one of the issues, yes.
2	Q	And again I just want to touch on a couple of the
3		areas, I won't go through all the questions, but
4		page 15, Mr. Williams asks about the relationship
5		of the marriage, the relationship between Larry
6		and Linda Fisher and alcohol, etcetera, and I
7		think Larry described the problems between he and
8		Linda, and again, what would be the purpose of
9		that type of question, what
10	A	Well, Mr. Williams I think is probably in a better
11		position to answer that, but I would think he is
12		trying to get some background about the
13		relationship and what it was like.
14	Q	Was there you had already had Linda Fisher's
15		statement of the fight with Larry. Would one of
16		the questions you may have is whether or not Linda
17		Fisher might be trying to get even with Larry or
18		there might be some issue there, is that something
19		that you might probe?
20	A	That's possible, but I never had that concern.
21		Maybe Mr. Williams did, maybe that's what he was
22		trying to accomplish there, but as far as doubting
23		what Linda said, we did probe that, and in the
24		statement I believe Larry Fisher did acknowledge
25		that he remembered that, but I think these
	l	

1		interview these questions, as such here, is
2		just getting some background, what influenced
3	Q	Was there anything I'm sorry. Was there
4		anything, during the course of the interview, that
5		you had any concerns with, any of the questions
6		that were asked or weren't asked?
7	A	No. Well, when you go back you can always, you
8		can always, you know, look at things and say,
9		well, gee, I should have asked for, I should have
10		developed that more, there's we had very little
11		information to really go with. When you start
12		talking about the previous offences that Larry
13		Fisher was involved in, you know, at that time we
14		had no file material to really know the background
15		and he was at times ready to walk out of the
16		interview, there was some areas there where he was
17		ready to walk out and leave, one in particular.
18	Q	And what was that?
19	А	Just that he was pressed on something or he was
20		asked a question and he was going to leave the
21		interview, so he left us with the impression that
22		he wasn't really going to share much information
23		with us and he would shut the interview down
24		before he ever gave us anything of value, but when
25		we talked about the previous offences that were
		Meyer CompuCourt Reporting

1 committed by him in Saskatoon, we had no 2 information really on these offences and he, I 3 think, used the out if he had some information he 4 would be able to tell us more, but -- and again in 5 hindsight, you know, we could have been more aggressive possibly there and pressured him, but 6 you can always analyse your statements and come 8 back with all sorts of questions you could have 9 done differently. That's just the way it is. 10 If you can go to 061979, and again we'll see, and 11 I don't propose to go through it all, but there's 12 questions there about a car, and if you can go to 13 061981 and the question did you ever borrow 14 Clifford's car, and I take it, Mr. Pearson, that 15 Mr. Fisher's access to a vehicle on the morning of 16 the murder was an issue that was being pursued; is 17 that fair? 18 That's fair, yes. Α 19 And then again 061983, and the questions that 20 follow, I won't go through them, but trying to 21 question Mr. Fisher about the clothes he wore, and 22 I take it, sir, that would relate to Linda 23 Fisher's statement about Larry having his good 24 clothes on the morning of the murder; is that --25 Α Yes.

		i ago noono
1	Q	And then to 061990, questions about a toque, and I
2		take it that that would be related to at least the
3		toque that was found near the Cadrain home?
4	А	Yes.
5	Q	The Fisher home?
6	А	Yes.
7	Q	And then again 061993, and there's a series of
8		questions about what time he went to work and what
9		bus he caught. I take it that would be to try and
10		verify what his version of events were compared to
11		what Linda said, or perhaps some other known
12		facts?
13	A	Yes, that's true.
14	Q	And then 062010, and Mr. Williams is questioning
15		him about the meeting that Mr. Fisher had with the
16		police a few days after the murder at the bus stop
17		and he's asked:
18		"Do you recall a policeman coming up to
19		you and asking you questions about where
20		you had been the previous Friday?"
21		Etcetera. Just on that point, and I take it that
22		would be something where you would be again
23		trying to get his version of events because you
24		would have some known facts from a police report?
25	А	Yes.

1	_	
1	Q	And did the fact that let me ask you a couple
2		of questions relating to that. Did the fact that
3		he remembered that encounter with the police cause
4		you any interest or concern that he would remember
5		that?
6	A	Well, I don't know if it causes concern. It
7		didn't tell us much other than the fact that he
8		did confirm that he was approached that morning.
9	Q	Well, let me put it a different way. Was it
10		suspicious that he would remember that fact from
11		20 years earlier?
12	А	It didn't cause me too much suspicion at that time
13		because I'm not sure how often he was approached
14		by the police at that stop and if it was a big
15		event at the time. I'm assuming that he knew very
16		well he got stopped, but it didn't cause me to be
17		suspicious on that statement alone.
18	Q	And secondly, the fact that he and again now
19		knowing with Mr. Fisher's conviction the fact that
20		he would have provided the information that he did
21		to the police officers a couple of days after the
22		murder, how did you assess that? Again, let me go
23		back at the time, at the time of the interview
24		your view is he's a suspect. Did the fact that he
25		appeared to cooperate with the police, give his
		Meyer CompuCourt Reporting
		Certified Professional Court Reporters serving P.A. Regina & Saskatoon since 1980

1 name and where he worked, did that factor any way 2 in your suspicions about him being a suspect? 3 I don't believe so, you know. He was approached Α at that time and I think he had to be honest in 4 5 what he was saying about where he worked. course the potential was that the police could 6 have, at that time, followed up to determine if he was in fact working, that was some potential that 8 9 existed at that time that we never had when we 10 interviewed him, based on the fact that we couldn't determine if he was at work or not. 11 12 And I think he said either in this interview, or 13 maybe it was a subsequent media interview, Larry 14 Fisher said that, basically to the effect that 15 lookit, they talked to me a couple of days after 16 the murder, I told them who I was, where I was and 17 I had nothing to hide, and again I think when he 18 was saying that he was saying that that was more 19 consistent with his innocence, and I'm just 20 wondering whether at the time when you are 21 investigating this, whether you put any 22 significance one way or the other on the fact that 23 he gave what appears to be truthful information 24 about where he worked and his name and his 25 Not that he was at work that morning, address.

but who he was, enough information for someone to 1 follow up on him? 2 3 You know, I really can't say. Α There was a certain amount of risk there for him if he wasn't 4 5 at work that morning to tell the police that he was and if the police did follow through and find 6 out he wasn't at work, then I'm assuming that he could have been a suspect at that time. 9 And then if we can go to 062042, and I won't go 10 through all of this, this is where Mr. Williams 11 asks him the question did you have any role to 12 play in the murder, and he answers, "No, I did 13 not." And if you can scroll down, and then I 14 think Mr. Williams goes on to compare and puts to 15 Mr. Fisher comparing Larry Fisher as a suspect 16 versus David Milgaard and he talks about the 17 sexual assault cases, and if we can just scroll to 18 the next page and just leave it on the full page, 19 please, and it talks about them using a knife, and 20 go to the next page -- actually, go to 062045, and 21 then I think Mr. Fisher sums it up saying: 22 "Six rapes, one indecent assault, one 23 attempted murder, one year for carrying 24 an offensive weapon, and a ten year ban 25 on weapons all totalled."

1	And then	to the next page, Mr. Williams says:
2		"People are going to say to me look it,
3		you got two people. You've got a fresh
4		faced 16 year old kid no criminal record
5		who's been sitting in jail for 21-22 odd
6		years and he says he didn't do it. He
7		says he didn't stab this woman. And
8		we've got another guy whose got six
9		rapes, one indecent assault and his M.O.
10		is similar to that which surrounds the
11		death of Gail Miller. Faced with that
12		Williams don't you think you've got the
13		wrong guy in jail because the real
14		killer is Larry Fisher?"
15		"Pardon?"
16	And then	scroll down, please, next page:
17		"Because the real killer is Larry
18		Fisher."
19	He answer	es:
20		"No way."
21	And then	the next page, and then here he says:
22		"If you're sitting in my spot what would
23		you say to that?"
24	Fisher sa	ays:
25		"I'm not you and I can't say anything."
		1

		——————————————————————————————————————
1		"But?"
2		And then he says:
3		"I am leaving and I have already said
4		it."
5		Would this be where he
6	A	Yes.
7	Q	got up to leave?
8	A A	Yes.
9		
	Q	And then it appears, although it's not all there,
10		but it appears that Mr. Fisher acknowledges that
11		he would be a likely suspect. Do you remember
12		that?
13	A	I don't remember what's in the blank there, you
14		know, I don't.
15	Q	And I think in a later media interview Mr. Fisher
16		says the same thing, he can see why he might be a
17		suspect?
18	A	Yes.
19	Q	Do you remember him ever telling you that? If you
20		can go to 062051, and here's where Mr. Williams is
21		going back to February 4th, '69. This is the
22		Monday morning. It should actually be February
23		3rd when he's at the bus stop three days before,
24		and then scroll down, please, Mr. Fisher says:
25		"I've been thinking."

1 "All right. We haven't finished yet." 2 "I've been thinking ever since this hit 3 the news media." 4 And then question: 5 "And you're telling me under oath, you had nothing to do with it." 6 "Absolutely nothing." And again, did you ever get the impression, Mr. 8 9 Pearson, that Mr. Fisher had sort of thought 10 through how he would answer all these questions 11 prior to the interview? 12 А That is really difficult to say, you know. 13 really don't know if I could really add much to 14 this. 15 And then maybe just to the next page, again about Q 16 as far as the details, and then he talks about 17 being all over the news, and then scroll down 18 further and he says: 19 "Oh, they showed everything where the 20 body was found and what was hidden out 21 there, and who was connected and who's 22 trying to accuse who of who, and who's 23 doing time in P.A. and the reason why." 24 And again, did the fact that Mr. Fisher may have 25 had information about the crime cause you any

	il	
1		concern in your questioning of him or the
2		questioning of him by Mr. Williams?
3	A	Well, you know, sure, I'm sure he had information
4		based on maybe the news media and the internal
5		pipeline and his own thoughts, I'm sure he was
6		thinking about this for quite some time, and I
7		have no idea what went on between he and his
8		lawyer over all of this, but I'm sure he was
9		prepared to answer whatever we gave him, if he
10		wasn't going to do anything to incriminate
11		himself.
12	Q	And just one more, go to page 062077, and it looks
13		at this point Mr. Williams asks you to ask if you
14		have any questions and then you question him about
15		the Pambrum vehicle and a few other things; is
16		that right?
17	Α	Yeah.
18	Q	So you were given a chance to question him?
19	А	Yes.
20		MR. HODSON: This is probably it's 4:30,
21		Mr. Commissioner. We can break here.
22		COMMISSIONER MacCALLUM: Okay.
