| 1 | | mention, I think in March of '92 as part of the |
| 2 | | Supreme Court reference, testing was attempted and |
| 3 | | it was determined that it was not, at that time, |
| 4 | | feasible based on what they had looked at; is that |
| <i>09:08</i> 5 | | correct? |
| 6 | А | Yes, that's correct. |
| 7 | Q | And so I guess the question is, after the Supreme |
| 8 | | Court or after that testing was attempted, what |
| 9 | | was it in 1995 that prompted you to think that DNA |
| <i>09:08</i> 10 | | testing could now be done; was it the fact that |
| 11 | | Guy Paul Morin had his |
| 12 | А | His was done and it was successful, and the |
| 13 | | technology had improved tremendously at that |
| 14 | | point, and we talked to Blake about it and he, he |
| <i>09:08</i> 15 | | felt that it could be done. |
| 16 | Q | And so it was advancements in technology that |
| 17 | | prompted you to think now, now we may be able to |
| 18 | | do it, whereas before we couldn't do it? |
| 19 | А | That's correct. |
| 09:08 20 | Q | And would it be fair to say that you would have |
| 21 | | been relying and when I say "you" let's extend |
| 22 | | that to your group, your son, your lawyers, |
| 23 | | etcetera, the Milgaard group would have been |
| 24 | | relying upon two previous attempts at testing, one |
| 09:09 25 | | Dr. Ferris' attempt in 1988, and as well the DNA |
| | | Meyer CompuCourt Reporting |

| | | | Page 31620 |
|-------|----|---|--|
| | 1 | | testing that was attempted in 1992 I think as part |
| | 2 | | of the Supreme Court reference; would it be |
| | 3 | | correct to say that your group would have relied |
| | 4 | | upon those two testing attempts in reaching your |
| 09:09 | 5 | | conclusion that DNA testing was not possible? |
| | 6 | А | That's correct. |
| | 7 | Q | At that time? |
| | 8 | А | At that time. |
| | 9 | Q | Yeah. I now want to turn to systemic issues to |
| 09:09 | 10 | | deal with you, and I want to make a couple of |
| | 11 | | comments before I asked you some questions. And I |
| | 12 | | understand that, based on your involvement in the |
| | 13 | | efforts to re-open your son David's case, you |
| | 14 | | encountered or identified a number of systemic |
| 09:09 | 15 | | issues that you think need to be addressed; is |
| | 16 | | that fair? |
| | 17 | A | That's very fair. |
| | 18 | Q | And as well, wearing your AIDWYC hat and your |
| | 19 | | involvement in other wrongfully convicted cases, |
| 09:09 | 20 | | you are also familiar with systemic issues in |
| | 21 | | other cases that are similar to the systemic |
| | 22 | | issues that you have identified in David's case? |
| | 23 | А | That's correct. |
| | 24 | Q | So, in addition to what you personally observed |
| 09:10 | 25 | | and encountered in David's case, that is that |

2 other cases? 3 Α That's correct. 4 And by using the term "systemic issue" is it fair 0 5 to say that that would be an objection or a problem that you have identified as to how the 6 7 system works for a wrongfully convicted person? 8 And when I talk about "the system" I'm meaning the 9 police, the Court system, and the system that's in 09:10 10 place to allow a wrongfully convicted person to 11 seek a remedy; would that be a fair description of 12 the system? 13 Α Yes. 14 0 And --09:10 15 And the system doesn't work. Α 16 And when you talk about "the system" and "systemic Q 17 issues" is it fair to say what you are referring 18 to is the system right from the initial 19 investigation, the trial, and the ability to 09:11 20 re-open a wrongful conviction; would that be --21 That's correct. Α 22 Q And what I would like to do is to go through with 23 you and have you identify the problems in the 24 system that you and your son David, or those on 09:11 25 behalf of David, encountered, and I will try and

Meyer CompuCourt Reporting =

| | 1 | | divide it into the investigation, the original |
| | 2 | | police investigation; secondly the trial |
| | 3 | | proceedings; and third, which is a pretty broad |
| | 4 | | area, and ef the efforts to re-open. And I |
| 09:11 | 5 | | would like to ask you, in some of these areas, |
| | 6 | | your thoughts on suggested changes, but I want to |
| | 7 | | provide one caveat. |
| | 8 | | You, Mrs. Milgaard, are a party |
| | 9 | | with standing before this Commission of Inquiry, |
| 09:11 | 10 | | and therefore your counsel has the right, and no |
| | 11 | | doubt will, put in submissions on any systemic |
| | 12 | | issues that you and she think are appropriate to |
| | 13 | | be put in, and the purpose of me asking you |
| | 14 | | questions on the systemic issues and you giving |
| 09:11 | 15 | | evidence on them is not to force you to put all of |
| | 16 | | your submissions in while you are a witness on the |
| | 17 | | stand; do you understand that? |
| | 18 | А | I understand. |
| | 19 | Q | And so that, certainly, I expect that I will touch |
| 09:12 | 20 | | on some of them, I expect other counsel may, and I |
| | 21 | | expect your own counsel, Ms. McLean, will also |
| | 22 | | canvass systemic issues with you, and at the end |
| | 23 | | of hearing all the evidence your counsel will have |
| | 24 | | the right to make submissions. So I want you to |
| 09:12 | 25 | | understand that this isn't your only chance to put |
| | | | Meyer CompuCourt Reporting |

Page 31829 1 everything forward --2 Α -- qood. 3 -- before the Commission. 0 We could be here all day just on systemic, 4 Α 5 otherwise. 09:12 And just as far as where I intend to go, I wish to 6 Q 7 address those systemic issues where you have 8 personal knowledge and where you have some 9 evidence or comments that may assist the 09:12 10 Commission in dealing with these issues, and so 11 I'll try and focus on those where you have 12 evidence or personal knowledge that might assist. 13 If there is a systemic issue that is really a 14 legal argument, if I can call it that, I'll leave 09:12 15 that for Ms. McLean to deal with. And, again, if 16 I don't raise all the systemic issues with you, 17 which is likely, like I said, that doesn't 18 preclude you and your counsel from putting them in 19 in another format. 09:13 20 I should also comment that we 21 have already touched on, in the course of your 22 evidence I think you would agree that you have 23 already identified some of the concerns you have 24 with the system; is that fair? 09:13 25 Α That's fair.

= Page 31830 =

Ī

| | | 1 age 31030 |
|------------------|---|--|
| 1 | Q | So what I will propose to do is put forward the |
| 2 | | systemic issue and get your observations, or you |
| 3 | | to tell us or explain the problem that it posed; |
| 4 | | and then, secondly, any suggested changes or your |
| <i>09:13</i> 5 | | thoughts on suggested changes as to how the system |
| 6 | | works, with a view to ensure that the problems you |
| 7 | | encountered don't happen again; is that fair? |
| 8 | A | That's fair. |
| 9 | Q | And I want to start with the investigation back in |
| <i>09:13</i> 10 | | 1969-1970, the original police investigation of |
| 11 | | David, and a systemic issue that I think you've |
| 12 | | talked about in this Inquiry on occasion is tunnel |
| 13 | | vision by the police, and I wouldn't mind your |
| 14 | | comments on that issue, what what you observed |
| <i>09:14</i> 15 | | in that respect. And I know you have, in the |
| 16 | | past, made public and other comments about a |
| 17 | | suggested change, I think it's a shadow |
| 18 | | investigation or an advocate for an accused person |
| 19 | | being part of the police investigation, so maybe |
| <i>0</i> 9:14 20 | | I'll ask you that general question on tunnel |
| 21 | | vision and your thoughts on what you observed in |
| 22 | | that area? |
| 23 | А | Well, even before you get to the tunnel vision, if |
| 24 | | you have someone that's been charged and they |
| <i>0</i> 9:14 25 | | don't have money, it's a Legal Aid type of a |
| | | |

– Meyer CompuCourt Reporting –

Page 31831 : 1 situation, for instance, the way we were at that 2 particular time, I think right from the outset 3 there has to be better provision for the defence 4 lawyer to have an investigator that is paid for 5 that can go out and get information on behalf of your client. 6 7 Nothing was ever checked about 8 what David said happened, that was never followed 9 up, and I think that if they'd had that 09:15 10 information at the trial that would have been very 11 important. 12 So, from the outset, you need to 13 provide more funds for the person who is defending 14 so that he has the ability to pay someone to go 09:15 15 out and check and follow up on their client's 16 story. 17 If we can just pause there for a moment. So what

0 18 you are saying is that you wished that Mr. Tallis 19 would have had more resources from Legal Aid to be 09:15 20 able to pay someone to go out and investigate; is 21 that correct?

22 Correct. Α

09:15

23 0 What are the types of things you think, based on 24 what you observed both at the time and in your 09:15 25 efforts to re-open, that an investigator could

Page 31832

| have | investigated? |
|------|---------------|
| | |

1

| 2 | А | Well I think, for instance, where they where |
|------------------|---|--|
| 3 | | they how they really came into town, where they |
| 4 | | perhaps, if we found out, the investigator |
| <i>09:16</i> 5 | | could have found out that they came in another way |
| 6 | | and that they were talking to a woman in another |
| 7 | | part of the city, they might even have found the |
| 8 | | woman they talked to. There if an investigator |
| 9 | | at that time, when it was clear in David's mind |
| <i>09:16</i> 10 | | about where he'd got this done or he'd got that |
| 11 | | done, at that point he could have they could |
| 12 | | all have given a better description of where they |
| 13 | | were and what they were doing, and I think that |
| 14 | | that could have been brought into the Court, and |
| <i>09:16</i> 15 | | it would have been very helpful. |
| 16 | Q | Okay. And so you're talking in addition, then, to |
| 17 | | Mr. Tallis, you've heard Mr. Tallis' evidence |
| 18 | | about the time he spent with your David |
| 19 | А | Yes. |
| 09:16 20 | Q | going through that, and his evidence also was |
| 21 | | that he would not, for a number of reasons, |
| 22 | | contact any Crown witnesses due to the risk that |
| 23 | | it would pose at trial; remember him giving that |
| 24 | | evidence? |
| <i>0</i> 9:17 25 | А | Yes, but him contacting them and an investigator |
| | | |

Page 31833

contacting them would be a different thing entirely.

3 So again, and when you've talked in the past --0 and I know you've wrote about this in your book 4 5 and have commented about it before -- the fact 09:17 that you had a Legal Aid lawyer and a lack of 6 7 resources, is it fair to read into that that one 8 of the concerns is not so much about Mr. Tallis' 9 efforts but about the fact that, in addition to 09:17 10 defence counsel, you didn't have the resources to 11 get other people such as an investigator involved; 12 is that fair?

13 A That's correct.

1

2

14QAnd so that as far as a systemic issue, and a09:1715suggested change is to ensure that people on Legal16Aid accused of crimes have adequate resources, not17only for legal counsel but for legal counsel to18employ investigators to do the work that's

19 necessary?

09:18 20 A Correct.

21QOkay. Anything else on that subject matter?22ANo, in particular. And then you get to the tunnel23vision from that, because this case shows very24clearly how tunnel vision took over. On the one09:1825hand, at one point they were sure that it was

_____ Meyer CompuCourt Reporting =

- Page 31834 -

| | 1 | | involved with serial rape and a serial rapist and |
|-------|----|---|--|
| | 2 | | that there was some involvement there, but the |
| | 3 | | minute that David was brought forth that |
| | 4 | | circumstance changed and they started centring in |
| 09:18 | 5 | | on David. And the fact that they hadn't found |
| | 6 | | anything up until they found out that David was in |
| | 7 | | the area when Cadrain came forward, at that point |
| | 8 | | everybody suddenly just focused on him and |
| | 9 | | everything, every other detail, was left alone. |
| 09:19 | 10 | | And we see that in many of the |
| | 11 | | cases that I've dealt with at AIDWYC. Once the |
| | 12 | | police get some suspect in their headlights, so to |
| | 13 | | speak, everything else is dropped, they don't look |
| | 14 | | for any of the things that would say they didn't |
| 09:19 | 15 | | do it, they just look for the things that say they |
| | 16 | | do. |
| | 17 | Q | And by "tunnel vision" and I know there are |
| | 18 | | probably different definitions of it but would |
| | 19 | | it be correct to say that at least generally what |
| 09:19 | 20 | | tunnel vision is, is where police have a suspect |
| | 21 | | in mind and tend to put more weight and |
| | 22 | | credibility and emphasis on that evidence that |
| | 23 | | implicates the suspect they have in mind, and with |
| | 24 | | respect to evidence or information that would tend |
| 09:19 | 25 | | to exculpate that suspect they put less emphasis |
| | | | Meyer CompuCourt Reporting |

— Meyer CompuCourt Reporting –

1 or no emphasis or credibility on? And this is why it's so important 2 Α That's right. 3 to have someone working to look to the innocence as well as someone looking to -- to look at the 4 5 guilt. 09:20 Let me just, and we'll come back to that 6 Q 7 suggestion in a moment, but on the question of 8 tunnel vision, I think what we have heard from 9 some of the police officers anyways is that they 09:20 10 felt they had an honest belief that he was the 11 right person, that your David was the right 12 person, and therefore when they were going to get 13 evidence that did implicate him, they felt that 14 they were right in doing so because they, for a 09:20 15 number of reasons, felt that he was the right 16 person, and I want to ask you this question, in 17 some cases would you agree that where the 18 police -- for example, let's talk about Larry 19 Fisher and where they investigate Larry Fisher and 09:20 20 perhaps exhibit the same tendencies as they did in 21 the investigation of David Milgaard, in other 22 words, saying lookit, we're pretty sure this is 23 the guy because we've got his DNA, and go out in 24 the same way and look at information that 09:21 25 incriminates him more so than that which

|------------------|---|--|
| 1 | | exculpates him, so in other words tunnel vision, |
| 2 | | would you agree, sometimes occurs when the police |
| 3 | | have the right person? |
| 4 | А | Yes, I think that it could be, but if, for |
| <i>09:21</i> 5 | | instance, you had someone in the department that |
| 6 | | overseed it similar to the, Mr. Ullrich who looked |
| 7 | | at the case overall and was able to say, well, |
| 8 | | this doesn't add up or that doesn't add up, if |
| 9 | | there was someone in the department that wasn't |
| <i>09:21</i> 10 | | involved in the zeroing in or the active part of |
| 11 | | it but could take an overall view of it and say, |
| 12 | | well, this really doesn't make sense, that might |
| 13 | | stop some of this tunnel vision. |
| 14 | Q | Sure, and we'll come back to that as well, but is |
| <i>0</i> 9:22 15 | | the challenge that the police face or the |
| 16 | | challenge that we face in addressing tunnel vision |
| 17 | | one that the police officers are investigating the |
| 18 | | crime, although they may have a belief, they don't |
| 19 | | know for certain who committed the crime? |
| 09:22 20 | А | That's right. |
| 21 | Q | And sometimes they are right and sometimes they |
| 22 | | are wrong; correct? |
| 23 | А | Correct. |
| 24 | Q | And so if we look at contrasting, taking a look |
| <i>0</i> 9:22 25 | | again at what the police did with Larry Fisher, I |
| | | Meyer CompuCourt Reporting Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980 |

= Page 31837 =

I

| | 1 | | suspect some officers will say, well, it's a good |
|-------|----|---|--|
| | 2 | | thing we did focus on the things that incriminated |
| | 3 | | him because that helped us get the evidence. When |
| | 4 | | they do the same thing with respect to someone who |
| 09:22 | 5 | | they believe to be guilty that turns out to be |
| | 6 | | innocent, it's a problem, and so let's now turn to |
| | 7 | | the suggested changes, and I think you are talking |
| | 8 | | about a police officer or someone within the force |
| | 9 | | who can basically advocate or be a devil's |
| 09:23 | 10 | | advocate on behalf of a suspect; is that right? |
| | 11 | А | Correct. |
| | 12 | Q | And you talked about Mr. Ullrich who was, I think, |
| | 13 | | the person who put the case together? |
| | 14 | А | Yes. |
| 09:23 | 15 | Q | And so that would be someone who would challenge |
| | 16 | | the police findings? |
| | 17 | А | Yes. |
| | 18 | Q | Any other thoughts on the issue of tunnel vision |
| | 19 | | and what might, based on your observations in this |
| 09:23 | 20 | | case, be helpful suggestions that the police can |
| | 21 | | implement to deal with that issue? |
| | 22 | А | Well, I think the handling of witnesses is very |
| | 23 | | important and the way they get false confessions |
| | 24 | | is by coercion and I don't know if it's required |
| 09:23 | 25 | | here in Saskatchewan now, but every interview |
| | | | Meyer CompuCourt Reporting |

= Page 31838 =

I

| 1 | | should be videotaped right from the get-go, from |
|------------------|---|--|
| 2 | | the minute that they walk in the door until the |
| 3 | | end of it so that there's no setting up the |
| 4 | | interview and saying now we're going to put you on |
| <i>09:24</i> 5 | | videotape, from the minute the door opens into a |
| 6 | | room it should be on videotape. |
| 7 | Q | And would the benefit there be that people later |
| 8 | | in time, such as everybody in this room, instead |
| 9 | | of trying to piece together what happened at a |
| <i>0</i> 9:24 10 | | given interview |
| 11 | А | They would know what happened. |
| 12 | Q | You would have some record of that? |
| 13 | А | And if the police were being videotaped, they |
| 14 | | would be more careful of how they handle the |
| <i>09:24</i> 15 | | witnesses. When I look back and see what happened |
| 16 | | to Nichol John and Ron Wilson and how they were |
| 17 | | treated, I mean, they were afraid and they are |
| 18 | | brought back into an environment and questioned |
| 19 | | again and they are afraid that they could be |
| <i>09:25</i> 20 | | charged with perjury, so there's got to be a way |
| 21 | | to protect the witnesses. |
| 22 | Q | I want to just put to you one concern on the other |
| 23 | | side for your comment and I think we may hear this |
| 24 | | from some police officers or from some people who |
| <i>0</i> 9:25 25 | | are knowledgeable in the area, that although |
| | | Meyer CompuCourt Reporting |

= Page 31839 =

| | 1 | | videotaping every interview is a good idea because |
|-------|----|---|--|
| | 2 | | it gives a record, in some cases the videotaping |
| | 3 | | of the interview will impede the ability to get |
| | 4 | | evidence from a witness; in other words, some |
| 09:25 | 5 | | witnesses are going to be less forthcoming if they |
| | 6 | | are taped or videotaped, and I think we heard that |
| | 7 | | from Sergeant Pearson and as well from Paul |
| | 8 | | Henderson, that in some cases, I stand to be |
| | 9 | | corrected on that, but I think we've heard some |
| 09:25 | 10 | | evidence that sometimes people are not going to |
| | 11 | | talk when the tape is on, and I just wondered if |
| | 12 | | you had a comment on that, because that seems to |
| | 13 | | be the balance of saying okay, everything has to |
| | 14 | | be videotaped, what happens if the police say, |
| 09:26 | 15 | | okay, well, that means some people won't talk and |
| | 16 | | we won't get the information we need. |
| | 17 | А | I think that if it became standard procedure that |
| | 18 | | it was videotaped automatically and it's not a |
| | 19 | | matter of you go in and they sit down and they |
| 09:26 | 20 | | have to push a button and they have to set this up |

5 -- and I appreciate that different people have 09:26 Q different views, but what I think we have heard or 6 7 we will hear on the other side of the issue about 8 videotaping every witness interview is the concern 9 from the police that that in some cases may cause 09:27 10 witnesses not to be forthcoming; in other words, 11 that the police may say lookit, we can't get the 12 information from this witness because he or she is 13 a young person, is afraid and is not prepared to 14 say something about X when they are videotaped, 09:27 15 but they will tell me if they are not videotaped, 16 and I just put that to you because that's the flip 17 side of the position about wanting to videotape so 18 that you have the best and most reliable 19 information possible, and the counter to 09:27 20 videotaping everything is that in some cases I 21 think some officers will say it's an impediment, 22 and are you saying too bad, that that's the price 23 you've got to pay? 24 Α That's the price you've got to pay to get the 09:27 25 truth.

| | 1 | Q | Okay. Is there anything else with respect to the |
|-------|----|---|--|
| | 2 | | investigation, the original investigation and the |
| | 3 | | police investigation of your son David that you |
| | 4 | | wish to comment on, and we certainly can come back |
| 09:28 | 5 | | to it when we deal with the trial and the |
| | 6 | | re-opening, but is there anything other than |
| | 7 | | we've talked about tunnel vision, we've talked |
| | 8 | | about the treatment of witnesses and how |
| | 9 | | interviews should be conducted and recorded and I |
| 09:28 | 10 | | think you've also told us about having an advocate |
| | 11 | | or some other person who can look at the |
| | 12 | | investigation objectively and perhaps say, take a |
| | 13 | | position on behalf of the suspect saying what |
| | 14 | | about these issues? |
| 09:28 | 15 | А | Yes, and that's merely the start because once you |
| | 16 | | have been wrongly convicted, you are up against a |
| | 17 | | brick wall in getting the case re-opened. I |
| | 18 | | believe that the appeal court standard needs to be |
| | 19 | | changed. |
| 09:28 | 20 | Q | Okay. |
| | 21 | А | You know, we get the AIDWYC people, we get a |
| | 22 | | case and we start to read it and as you read it |
| | 23 | | there's a smell to the case, it just isn't right, |
| | 24 | | you read it and you think this is crazy, this guy |
| 09:29 | 25 | | should never have been convicted, and so we get |
| | | | Meyer CompuCourt Reporting |

- Page 31842 -

|-------|----|----|---|
| | 1 | | involved and start to look at it. The standards |
| | 2 | | right now of the appeal court I believe are that |
| | 3 | | based on evidence alone can a conviction be |
| | 4 | | overturned, but I think that they should have |
| 09:29 | 5 | | maybe more latitude there. |
| | 6 | Q | If we can just I want to go back to one of the |
| | 7 | | comments you made, and I will come back to the |
| | 8 | | Court of Appeal issue, but you made, just before |
| | 9 | | that you made the comment that once a wrongfully |
| 09:29 | 10 | | convicted person is convicted, the ability to |
| | 11 | | challenge what happened before is greatly |
| | 12 | | diminished; is that fair? |
| | 13 | A | That's fair. |
| | 14 | Q | And so am I correct that this devil's advocate, or |
| 09:30 | 15 | | this advocate position of challenging all these |
| | 16 | | things in the police investigation, is what you |
| | 17 | | are saying is once David was convicted and the |
| | 18 | | appeals exhausted, people were not prepared to |
| | 19 | | listen in the same way because he was convicted? |
| 09:30 | 20 | | In other words, let's take the Danchuks and the |
| | 21 | | Rasmussens, we've heard about that many, many |
| | 22 | | times. |
| | 23 | А | Yes. |
| | 24 | Q | And we know that the jury heard that evidence and |
| 09:30 | 25 | | for whatever reason the jury convicted David |
| | | Ca | Meyer CompuCourt Reporting ertified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980 |

notwithstanding the fact that Mr. Rasmussen and the Danchuks did not observe blood on him or anything unusual?

4 A Yes.

09:30 5 Q And is it correct, is one of the issues then that 6 once David was convicted, the ability to use the 7 Danchuk and Rasmussen information was basically 8 minimized because the answer was --

A -- you've already had that information.

09:30 10 And so in a way, and I know this isn't, 0 Yeah. 11 this might sound a bit absurd, but if David had 12 not been convicted, in other words, if he had been 13 pending trial while you were out gathering all 14 this information and trying to re-open the case and doing all those things, is it fair to say that 15 09:31 16 had the conviction not been there, in other words, 17 had his trial been pending for the years that you 18 went and gathered all this information, are you 19 saying lookit, I would have had a better chance of 09:31 20 taking this information -- let's take the Ron 21 Wilson '81 interview, the Nichol John interview, 22 the Deborah Hall information, all the information, 23 the Ferris information you gathered, that if you 24 would have had that information before the 09:31 25 conviction was there, you would have had a better

| | | | |
| | 1 | | chance of convincing either the police, the Crown |
| | 2 | | or a jury? |
| | 3 | А | Yeah. There would have been no conviction. |
| | 4 | Q | So that once the conviction is in place, I think |
| 09:31 | 5 | | you are telling us that the ability to go back and |
| | 6 | | challenge is |
| | 7 | А | Is gone. |
| | 8 | Q | Is gone or greatly minimized? |
| | 9 | А | Uh-huh. |
| 09:31 | 10 | Q | Okay. So now let's go back to the appeal court. |
| | 11 | | We've skipped the trial, but we'll come back to |
| | 12 | | that. The and I think Mr. Tallis may have |
| | 13 | | commented on this as well, and I think what you |
| | 14 | | are saying is that the Court of Appeal, when |
| 09:32 | 15 | | looking at convictions, should have broader powers |
| | 16 | | to almost apply a smell test; is that what you are |
| | 17 | | saying? |
| | 18 | A | Absolutely. |
| | 19 | Q | That lookit, instead of sticking to the strict |
| 09:32 | 20 | | legal requirements that they had in appellate |
| | 21 | | review, that they ought to have broader powers to |
| | 22 | | be a better check in the event that there's |
| | 23 | | something there, that that's maybe another place |
| | 24 | | that it could be caught; correct? |
| 09:32 | 25 | А | It could be caught right at that level. |

|-------|----|---|---|
| | 1 | Q | Let's talk about trial and disclosure, and before |
| | 2 | | I do that, I think we all know that the law has |
| | 3 | | changed significantly since 1969, 1970 as far as |
| | 4 | | disclosure, and I'm talking about two levels of |
| 09:32 | 5 | | two avenues of disclosure, I'm talking from the |
| | 6 | | police to the prosecutor and from the prosecutor |
| | 7 | | to defence counsel. |
| | 8 | А | I think there should be an absolutely open box |
| | 9 | | disclosure. You know, some of the comments that |
| 09:33 | 10 | | were made by Mr. Kujawa, for instance, he said, |
| | 11 | | you know, he didn't put things in about Fisher |
| | 12 | | because it would just have been wasting the |
| | 13 | | defence counsel's time. Well, you can't have |
| | 14 | | people making decisions like that if they should |
| 09:33 | 15 | | get everything. Let them read if it takes them |
| | 16 | | longer to read it, so be it, but give them |
| | 17 | | everything, complete disclosure. |
| | 18 | Q | So when you talk about open box disclosure, let's |
| | 19 | | talk about you are talking about the entire |
| 09:33 | 20 | | police file? |
| | 21 | А | Everything. |
| | 22 | Q | To the Crown and from the Crown through to |
| | 23 | | defence? |
| | 24 | A | Yes, because if a policeman has interviewed |
| 09:33 | 25 | | someone, taken the time to interview someone and |
| | | | Meyer CompuCourt Reporting |

- Page 31846 -

| | | | —————————————————————————————————————— |
|-------|----|---|---|
| | 1 | | written a report on it, obviously they thought it |
| | 2 | | was important. I think it's important for the |
| | 3 | | defence to have access to that. |
| | 4 | Q | And one of the and I'm sure there may be other |
| 09:34 | 5 | | issues on the other side, but one of them I think |
| | 6 | | that has been mentioned from time to time is |
| | 7 | | privacy, in other words, that there may be |
| | 8 | | information on the investigation file that may be |
| | 9 | | unrelated, at least in the view of the police |
| 09:34 | 10 | | officers and/or the prosecutor may be unrelated, |
| | 11 | | and how is that protected by giving disclosure to |
| | 12 | | defence counsel? Do you have any comments on |
| | 13 | | that? |
| | 14 | А | Well, I think that someone being wrongfully |
| 09:34 | 15 | | convicted overrules privacy. |
| | 16 | Q | And I suspect the issue of privacy is something |
| | 17 | | that might be dealt with in the manner in which, |
| | 18 | | and I think in place now at least in most |
| | 19 | | jurisdictions are undertakings by defence counsel |
| 09:34 | 20 | | to the Crown with respect to how |
| | 21 | А | How they would handle it. |
| | 22 | Q | How they would handle the information? |
| | 23 | А | Uh-huh. |
| | 24 | Q | And again, is it fair to say the bottom line is |
| 09:34 | 25 | | you think that there ought to be open box |

| 2 | | every piece of information |
| 3 | А | Everything. |
| 4 | Q | the police gather in the investigation of a |
| <i>09:34</i> 5 | | crime through to the prosecutor and through to |
| 6 | | defence counsel? |
| 7 | А | And also if there's any kind of RCMP work done |
| 8 | | like, for instance, the Rasmussen report, we |
| 9 | | didn't get that until we got here at the Inquiry. |
| <i>09:3</i> 5 10 | Q | Right. |
| 11 | А | And that was a dynamite piece of paper, we should |
| 12 | | have had it, and that piece of paper could have |
| 13 | | changed everything for us. |
| 14 | Q | Okay. Is there anything else about the trial |
| <i>09:35</i> 15 | | itself and the appeal process, certainly on the |
| 16 | | issue of section 9(2) of the Evidence Act is |
| 17 | | something that I'm sure Ms. McLean will address |
| 18 | | and others will address as far as the legal |
| 19 | | issues, that's why I'm not asking you about that. |
| <i>09:35</i> 20 | | Is there anything else you've also already told |
| 21 | | us about your observations of the effect Nichol |
| 22 | | John's evidence had on the jury and I think you |
| 23 | | said it was likely the most compelling piece of |
| 24 | | evidence that may have convicted your son? |
| <i>0</i> 9:35 25 | А | It was, and of course you had to really be there |

1 to see the effect it was having on the people. Ι 2 don't think that even when it went to the appeal 3 court they would really have realized and --4 So is what you are saying is lookit, regardless of Q 5 what the law was or is, it was very prejudicial? 09:36 6 It was. Α 7 That her statement, at least that portion which Q 8 she did not adopt, was heard by the jury? 9 Right, but we still have to go back because they Α 09:36 10 never would have had that statement if the police 11 had been interviewing her in the correct manner. 12 Q Okay. So we've talked about the system check that 13 could have been in place at the police level and I 14 think you are saying had the interview of Nichol 15 John, and I don't know if they had videotape at 09:36 16 that time --17 No. А 18 -- but we're talking about the suggested changes, Q 19 that had that interview of Nichol John been 09:36 20 videotaped and of Ron Wilson and their encounter 21 with Inspector Roberts, we would be much wiser 22 here and at the trial they would be much wiser, 23 Α Absolutely. 24 0 -- your defence counsel about what happened, so 09:37 25 that would be one check. Let's go to the trial

| | 1 | and to | alk about the check there and saying if it |

| | 2 | gets | through and there's a statement at trial, the |
| | 3 | syste | n check, I think what you are saying is |
| | 4 | looki | t, the statement shouldn't have been heard by |
| 09:37 | 5 | the j | ary in those circumstances because she didn't |
| | 6 | adopt | it and it was far too prejudicial? |
| | 7 | A And the | ne judge should not have had the jury there |
| | 8 | when | that statement you know, at that |
| | 9 | parti | cular time, so when it went to the appeal |
| 09:37 | 10 | court | they could have ruled on it at that point |
| | 11 | too, I | out they didn't. |
| | 12 | | COMMISSIONER MacCALLUM: I don't know if |
| | 13 | this | witness should be making comments about |
| | 14 | sectio | on what she is doing now really is |
| 09:37 | 15 | attac | king section 9 in its entirety, not just |
| | 16 | 9(2). | Under section 9(1) the statement can be |
| | 17 | read | if everything is done properly beforehand, |
| | 18 | it ca | n be put to the witness and the witness |
| | 19 | eithe | r adopts it or doesn't adopt it and the |
| 09:37 | 20 | judge | gave the appropriate instructions in this |
| | 21 | case | to the jury both at the time the evidence |

| | 1 | Q | Okay. If I could turn to the re-opening efforts, |
| | 2 | | Mrs. Milgaard, and again this is a pretty broad |
| | 3 | | area, and why don't I go through some subject |
| | 4 | | matters here that might assist you. Let's just |
| 09:38 | 5 | | talk about resources, and you've mentioned this |
| | 6 | | before, and I'm not sure if it bears repeating, |
| | 7 | | but the ability to, for a wrongfully convicted |
| | 8 | | person to access, and I think if I put them in |
| | 9 | | this order, legal counsel and investigators, is |
| 09:38 | 10 | | that fair, that |
| | 11 | A | That's fair, and this is why, I mean, we have a |
| | 12 | | model, if you will, that could be used here in |
| | 13 | | Canada and that's the model that they have in |
| | 14 | | England, it's an independent board where if people |
| 09:38 | 15 | | feel they've been wrongly convicted, they can go |
| | 16 | | to and there they have available investigators and |
| | 17 | | lawyers and all the help that you need, the |
| | 18 | | resources that that person needs, and they can go |
| | 19 | | there, and the beautiful part of it is because |
| 09:39 | 20 | | it's totally separate from the government, there |
| | 21 | | isn't that thought that someone in high places, |
| | 22 | | for instance, is stopping you, it's completely |
| | 23 | | independent of the justice system, and it makes an |
| | 24 | | incredible difference. It's doing a wonderful job |
| 09:39 | 25 | | in overturning wrongful convictions. |
| | | | Mever CompuCourt Reporting |

- Page 31851 -

| | | | Page 31851 |
|-------|----|---|--|
| | 1 | Q | And so what you are saying is that there be a |
| | 2 | | resource available for a wrongfully convicted |
| | 3 | | person to go to to have, investigate on that |
| | 4 | | person's behalf? |
| 09:39 | 5 | А | Yes, and they have all the resources there that |
| | 6 | | can be used and that's what's needed. |
| | 7 | Q | I want to go back to something you said earlier in |
| | 8 | | your evidence which was back in 1980 when you |
| | 9 | | started to investigate and hired Gary Young and I |
| 09:40 | 10 | | asked you the question why didn't you get an |
| | 11 | | investigator to do it and you said you felt it |
| | 12 | | important that you had to do it, it was important |
| | 13 | | to you that you be the one to do this for your |
| | 14 | | son. |
| 09:40 | 15 | А | Well, that was because there was no one |
| | 16 | | independent of the system that I felt I could get. |
| | 17 | Q | A private investigator such as Mike Brecht or Paul |
| | 18 | | Henderson would be independent; right? |
| | 19 | A | Yes. |
| 09:40 | 20 | Q | And so I thought you had said earlier that in 1980 |
| | 21 | | or '81 that the reason you wanted to investigate |
| | 22 | | is that I think a couple of things, one, you said |
| | 23 | | it was important to you that you be the one to do |
| | 24 | | it, and secondly, I think in a round-about way you |
| 09:40 | 25 | | were saying you maybe didn't trust anybody else, |
| | Į | | Meyer CompuCourt Reporting |

Page 31852 1 private or otherwise, to be doing it, you had to 2 know for yourself? 3 Yes, but if it had been conversely instead, it had Α been in 1971 and I knew that there was someone I 4 5 could go to that was independent of all of the 09:41 6 systems, I would have felt free to go to them 7 then. 8 But again just, and let's go back to 1980, '81, Q 9 Gary Young was independent; right? 09:41 10 Α Yes. 11 Q And so I'm trying to understand what would -- had 12 there been an independent Commission in 1981 --13 Α I would certainly have gone to them instead of 14 Gary Young. 09:41 15 And would you have trusted that commission to do 0 16 everything that you had done? 17 Yes, I would. Α 18 And so again, I guess back to the question of, Q 19 although it's not a commission, but Gary Young and 09:41 20 a private investigator would be similar in the 21 sense that they are both independent. Now, you've 22 got to pay for them, that's the difference. 23 Α That's the difference, is you have to pay for 24 them, and so part of my challenge at that time, 09:41 25 although I had the money, I didn't have a lot of

— Meyer CompuCourt Reporting =

- Page 31853 -

| | 1 | | money, and by being involved I was doing a lot of |
|-------|----|---|--|
| | 2 | | the work and saving a lot of money at the same |
| | 3 | | time, but I think that I needed the involvement, |
| | 4 | | Mr. Hodson, as a mother at that point because |
| 09:42 | 5 | | after David had escaped and was shot in 1980 and I |
| | 6 | | was there and feeling that he was never going to |
| | 7 | | walk again, I felt I was such a failure as a |
| | 8 | | mother, and so I think when I got to that point of |
| | 9 | | reinvestigating, I really felt I had to do it. |
| 09:42 | 10 | Q | Right. And again, and I'm not trying to be |
| | 11 | | critical in any way of what you had said you had |
| | 12 | | done then or what you just now said, I'm trying to |
| | 13 | | fit in what you experienced in 1980 and '81 and |
| | 14 | | how the suggested change you say would have |
| 09:42 | 15 | | addressed that, and I'm wondering whether, had |
| | 16 | | there been an independent commission that said, |
| | 17 | | "oh, by the way, if you come to us we investigate, |
| | 18 | | not you, and you stay away," whether you might |
| | 19 | | have said, well, lookit, I'm not prepared to, for |
| 09:43 | 20 | | the reasons you've expressed over the last number |
| | 21 | | of weeks, that, "I'm sorry, it's my son, I have |
| | 22 | | got to go and investigate." For example, the |
| | 23 | | Larry Fisher information, I think what you've told |
| | 24 | | us is that was just too good, you would not let |
| 09:43 | 25 | | anybody but you I mean, they could go do it as |
| | | | Mover CompuCourt Peparting |

| 1 | | well, but you had to do it, and what I'm wondering |
|-----------------|---|--|
| 2 | | is if an independent commission said okay, we'll |
| 3 | | investigate, but you can't, how does that fit in |
| 4 | | with your earlier evidence about your desire that |
| <i>09:4</i> 3 5 | | you felt it important and necessary that you be |
| 6 | | the one who does it? |
| 7 | А | My earlier evidence was predicated on the length |
| 8 | | of time that it had taken us to get where we were. |
| 9 | | If, for instance, there had been an independent |
| <i>09:44</i> 10 | | board earlier on where I could have gone, I would |
| 11 | | have gone willingly, I would have been so |
| 12 | | grateful, and we would not have had the years and |
| 13 | | years of tumult that we had. |
| 14 | Q | And, again, I don't want to get |
| <i>09:44</i> 15 | | COMMISSIONER MacCALLUM: Counsel sorry. |
| 16 | | MR. HODSON: I'm sorry. |
| 17 | | COMMISSIONER MacCALLUM: The counsel is |
| 18 | | asking you, Mrs. Milgaard, if you would have |
| 19 | | stayed out of it? |
| <i>09:44</i> 20 | А | Yes, I would have. |
| 21 | | COMMISSIONER MacCALLUM: You would have? |
| 22 | | Okay. |
| 23 | А | Because I wouldn't have had all the aggravation, |
| 24 | | all of the things that forced me to get to the |

2 0 And I quess the -- and not to get too far ahead 3 because we're speculating a bit -- but let's say with an independent commission, and some would 4 5 argue -- and I know you disagree with this -- that 09:44 6 under the system, now, the Federal Justice 7 Department is independent of the Saskatchewan 8 Justice Department who prosecuted your son, and 9 there -- and I appreciate, and I'm not -- I know 09:44 10 you disagree with that. 11 Α Absolutely.

12 0 But there's different views of independence, and I 13 guess the question comes back, an independent 14 commission is comprised of humans who make 09:45 15 mistakes and there is always the risk that the 16 independent commission doesn't see it your way 17 In other words, this commission either; correct? 18 that would go out and investigate might have come 19 back and said "you know what, sorry, we don't 09:45 20 agree with you", in which case you are then --21 you've got another group in the system, and even 22 though they're independent, they're another group 23 out there, that is the wrongful conviction 24 commission, which has now investigated this and 09:45 25 may mistakenly say "we don't think there's merit

| | 1 | | there". And so, again, the fact that it's |
| | 2 | | independent doesn't necessarily guarantee that you |
| | 3 | | are going to get the right result; is that fair? |
| | 4 | A | No, I don't think it is fair. |
| 09:45 | 5 | Q | And why is that? |
| | 6 | A | Because I think that if someone goes out and |
| | 7 | | properly investigates both sides, and it is a |
| | 8 | | wrongful conviction, they will find it. |
| | 9 | Q | Is the premise in all of this is that where humans |
| 09:45 | 10 | | are involved in the system, humans can make |
| | 11 | | mistakes, correct? I think that's the premise? |
| | 12 | А | Yes. |
| | 13 | Q | That in the investigation, the trial, that in |
| | 14 | | wrongful convictions, in many cases mistakes are |
| 09:46 | 15 | | made by humans, some well-intentioned, some not? |
| | 16 | A | Yes. |
| | 17 | Q | And with an independent commission, which is a |
| | 18 | | group my understanding of the British model |
| | 19 | | it's a group of people who are hired, although |
| 09:46 | 20 | | they're independent they're funded by the |
| | 21 | | government |
| | 22 | A | That's right. |
| | 23 | Q | and they are government, you know, they're no |
| | 24 | | different than Eugene Williams other than they are |
| 09:46 | 25 | | or I shouldn't pick on Eugene Williams but |
| | | | Meyer CompuCourt Reporting Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980 |

| | | Page 31857 |
|------------------|---------|--|
| | | |
| 1 | | they are no different than a Justice investigator |
| 2 | | except that they are in a different commission, |
| 3 | | different rules, different reporting, etcetera? |
| 4 | | And I don't mean to say there's not differences, |
| <i>09:4</i> 6 5 | | but at the end of the day they are humans who are |
| 6 | | being tasked with going out and investigating the |
| 7 | | matter, and all I'm saying, is there not still a |
| 8 | | risk that humans in that position can be mistaken, |
| 9 | | in other words that there's an independent |
| <i>09:4</i> 7 10 | | commission still may not see it your way, |
| 11 | | mistakenly? |
| 12 | А | That could be, and yet I think that from what I |
| 13 | | have seen of the work that they're doing, they're |
| 14 | | so focused on going over everything so thoroughly |
| <i>09:4</i> 7 15 | | and checking out all of the things that quite |
| 16 | | often do make up a wrongful conviction, that their |
| 17 | | success rate has been tremendous. |
| 18 | Q | Right. So it may be that, because of how they're |
| 19 | | set up, their focus, the people they have on |
| 09:47 20 | | there, their mindset, that it's less likely that |
| 21 | | they will make a mistake? |
| 22 | А | Than anyone else. |
| 23 | Q | Is that fair? |
| 24 | А | Yes. |
| 09:47 25 | Q | Right. And so, with that, maybe the bottom line |
| | | Meyer CompuCourt Reporting |

= Page 31858 =

Ī

| | 1 | | is this; that that independent commission you talk |
|-------|----|---|---|
| | 2 | | about, in your view, would be far better equipped |
| | 3 | | and better able to investigate and uncover a |
| | 4 | | wrongful conviction than the system you faced at |
| 09:47 | 5 | | the time? |
| | 6 | А | That's correct. |
| | 7 | Q | And my only question was, but still, you are |
| | 8 | | relying on humans to do to do the job, and at |
| | 9 | | times they make they may make mistakes, and |
| 09:48 | 10 | | that if that independent commission that was |
| | 11 | | better equipped, better focused, independent, |
| | 12 | | unbiased, full of resources, at the end of the day |
| | 13 | | may still come up with a conclusion that a |
| | 14 | | wrongfully convicted person doesn't agree with, in |
| 09:48 | 15 | | which case we're back to saying "okay, well now |
| | 16 | | the system" |
| | 17 | А | Now the mum has to do it. |
| | 18 | Q | Now the system and I think the independent |
| | 19 | | commission is part of the system, isn't it, it's |
| 09:48 | 20 | | the system that's in place to address wrongful |
| | 21 | | convictions? |
| | 22 | А | Yes. |
| | 23 | Q | So it's part of the system, although it's a |
| | 24 | | different part than the Federal Government and |
| 09:48 | 25 | | provincial government, so at the end of the day |
| | | | ertified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980 |

Page 31859 you are still faced with the fact that you have to rely on a system and human beings to investigate and try and deal with the problem, and there is always a risk that humans will either make mistakes, or come to conclusions that are different than yours? A That's possible. Q Right. So is it fair to say the bottom line is you think the independent commission is far more

likely to uncover a wrongful conviction than the current system?

12 A Yes.

13 0 Okay. And is it -- we talked about this before, 14 and it might be worth highlighting just on the 09:49 15 systemic part -- is it fair to say that, in the 16 case of David, the three priorities, if I can call 17 them that -- and please tell me if I'm ranking 18 them wrong -- but I take from your evidence that 19 after the conviction and the appeals are exhausted 09:49 20 the three priorities are number one, to get out of 21 jail; number two, to clear his name; 22 Α Right. 23 0 -- and, three, to be compensated? 24 Α Yes. 09:49 25 Q And --

| | | Joyce Milgaard by Mr. Hodson Vol 155 - Wednesday, May 31st, 2006 |
|-----------------|---|--|
| | | Page 31860 |
| 1 | А | And that's an area, of compensation, you should |
| 2 | | have compensation without having to sue anyone, it |
| 3 | | should be given as a right, not as a charity, and |
| 4 | | you shouldn't have to beg for it. |
| <i>09:4</i> 9 5 | Q | And so, again, would I have properly characterized |
| 6 | | those in the order of importance to the |
| 7 | А | Yes, the importance was to get him out, and the |
| 8 | | next important thing was to prove his innocence. |
| 9 | Q | And again |
| <i>09:50</i> 10 | А | The compensation always came last with us. |
| 11 | Q | And I take it, would you agree, that the |
| 12 | | compensation is somewhat dependent on the clearing |
| 13 | | his name? |
| 14 | А | Yes. |
| <i>09:50</i> 15 | Q | In other words, if they're and we've talked |
| 16 | | about this, when the Supreme Court of Canada said |
| 17 | | "lookit, we find that you are not probably |
| 18 | | innocent", do you understand how that might be an |
| 19 | | impediment to a government compensating him? |
| <i>09:50</i> 20 | А | Absolutely. |
| 21 | Q | In effect saying how can we compensate him and |
| 22 | | acknowledge his innocence when he just appeared |
| 23 | | before the highest Court in the land and they |
| 24 | | found him probably guilty, or not probably |
| <i>09:50</i> 25 | | innocent, right, and that was an impediment, and I |
| | | Mever CompuCourt Reporting |

Joyce Milgaard

Page 31861 1 think you agree that that is an impediment that 2 might preclude a government from giving you 3 remedies two and three? 4 That's correct. Α 5 And --09:50 Q 6 How -- and the thing that gets me, and I know I'm Α 7 going back to the Rasmussen report, but if the 8 Supreme Court had had the Rasmussen report, I 9 think their decision would have been probably 09:51 10 innocent, --11 Q Okay. 12 Д -- and it would have made a vast difference. 13 0 If you go back to these three remedies, I guess, 14 that a wrongfully convicted person is seeking, can 09:51 15 we summarize the -- you know, we've heard some 16 evidence, we'll hear more evidence about how the 17 Section 690 operated; is it fair to say this --18 and let me try and summarize -- that as far as a 19 remedy and an avenue to get that remedy from a 09:51 20 wrongfully convicted person, that ideally what you 21 are saying and have said is it would be nice to 22 have one body that could provide all three remedies? 23 24 Α Yes. 09:51 25 Or provide a process to get all three remedies? Q

| | | | Vol 155 - Wednesday, May 31st, 2006 Page 31862 |
|-------|----|---------|--|
| | | | |
| | 1 | А | Yes. |
| | 2 | Q | Namely David out of jail, exoneration, and |
| | 3 | | compensation? |
| | 4 | А | Right. |
| 09:51 | 5 | Q | So that you can go to one body? |
| | 6 | А | One body. |
| | 7 | Q | And that that body be independent of governments |
| | 8 | | as best possible? |
| | 9 | А | Yes. |
| 09:52 | 10 | Q | And the reason for that would be your concern that |
| | 11 | | if they're part of government or what was |
| | 12 | А | They could be influenced. They could be |
| | 13 | | influenced by someone saying "well, you know, we |
| | 14 | | don't want anything done in that area". |
| 09:52 | 15 | Q | And so your concern with them being part of |
| | 16 | | government is this suspicion that the government |
| | 17 | | will not act |
| | 18 | А | If they're going to look bad. |
| | 19 | Q | Okay. Now what about cases well, no, I won't |
| 09:52 | 20 | | go into other cases but there are cases that, |
| | 21 | | under 690 and subsequent, where wrongfully |
| | 22 | | convicted people have been received the remedy; |
| | 23 | | correct? |
| | 24 | А | Yes. |
| 09:52 | 25 | Q | And so, again, is your concern that, lookit, |
| | | | Meyer CompuCourt Reporting |

Page 31863

| | | | 1 age 51005 |
|-------|----|---|--|
| | 1 | | sometimes they, they may do fine, but ideally it |
| | 2 | | would be nice to have someone completely |
| | 3 | | independent? |
| | 4 | А | Yes. And I think one thing I didn't mention, and |
| 09:52 | 5 | | I think is important, we talked about open-box |
| | 6 | | disclosure. I think that there should be ongoing |
| | 7 | | disclosure, I think that's very important, it |
| | 8 | | shouldn't that those obligations should never |
| | 9 | | end, so that if something comes up later that the |
| 09:53 | 10 | | police find or something, that disclosure should |
| | 11 | | be given. |
| | 12 | Q | And so you're talking that, after a person is |
| | 13 | | convicted and appeals exhausted, that there |
| | 14 | | continue to be an obligation to do what, and to |
| 09:53 | 15 | | continue to investigate? |
| | 16 | А | No, but if something comes up in another |
| | 17 | | investigation that shows, for instance, that there |
| | 18 | | is a real possibility, like when Fisher turned up |
| | 19 | | in 1971, that there's an obligation right there |
| 09:53 | 20 | | that they would have to disclose it. |
| | 21 | Q | Okay. If we can just go back to the 690 process, |
| | 22 | | you've talked about independence, you've talked |
| | 23 | | about resources, one of the I want to talk a |
| | 24 | | bit about some of the challenges you identified in |
| 09:54 | 25 | | your efforts to go out and talk to witnesses. And \P |

— Meyer CompuCourt Reporting =

- Page 31864 -

I

| 1 | | I think you told us that, particularly in the |
|-----------------|---|--|
| 2 | | early '80s, you were met with some resistance by |
| 3 | | the people you were contacting, namely Nichol |
| 4 | | John, Ron Wilson, the Cadrains, Melnyk, Lapchuk, |
| <i>09:54</i> 5 | | etcetera? |
| 6 | А | Right. |
| 7 | Q | And is it correct to say that the challenge there |
| 8 | | is that, once David was convicted, that to go |
| 9 | | back, to go back to those witnesses, and indeed to |
| <i>09:54</i> 10 | | the police, that you're really going back to the |
| 11 | | very people that were part of the process that |
| 12 | | convicted David? |
| 13 | А | Yes, and I'm sure that they viewed me as the |
| 14 | | enemy, like that someone that I'd be upset with |
| <i>09:54</i> 15 | | them. They were afraid of David, that David was |
| 16 | | going to hurt them for what they did, because in |
| 17 | | their hearts they knew they'd done wrong. |
| 18 | Q | And you're talking about who there, the |
| 19 | А | Well, Nichol, Wilson, Cadrain, they all knew in |
| 09:55 20 | | their hearts what had happened. |
| 21 | Q | Now let's talk a bit about timeliness, and I think |
| 22 | | we've heard this from you with respect to your |
| 23 | | dealings in the late '80s-early '90s about |
| 24 | | timeliness, and we've heard evidence from Paul |
| 09:55 25 | | Henderson that anywhere from two to five years, |
| | | Meyer CompuCourt Reporting |

Page 31865

that it takes a while to undo a wrongful conviction, --

3 A Right.

1

2

4 Q -- and that it's not an overnight process, much as 09:55 5 a convicted person would like it to be. Any 6 thoughts on that, about what can be done to ensure 7 that these matters are done in as timely a fashion 8 as possible?

9 A Well I think, if you had a board there that was 09:55 10 doing it and handling it with investigators and 11 everything set up, that you would have the 12 timeliness you needed.

13QAnd, again, do you acknowledge -- again, I think14what Mr. Henderson said and others have said --09:5615that once you have a conviction in place, that --16and appeals exhausted -- that it is an17extraordinary remedy to go and undo, it's not

18 something that can just be done --

19 A Easily.

09:56 20 **Q** -- easily?

21 A Correct.

22QAnd so that would you acknowledge, there, there is23some merit in the system, if I can call it that,24putting some weight on the fact that your son was09:5625convicted, in other words that that might be the

— Meyer CompuCourt Reporting =

Page 31866 : 1 starting point to say "lookit, he's been 2 convicted, his appeals have been exhausted, if 3 we're gonna change that then", you know, that that's -- is that a fair starting point in your 4 5 mind --09:56 6 Yes. Α 7 -- or do you think -- yeah. So the authorities Q 8 shouldn't be saying "okay, well let's start from 9 square one and see if he's guilty, we're starting 09:56 10 with the point that he's guilty because the system 11 found him guilty", but perhaps with a more an 12 attitude of saying "but there could have been 13 mistakes made"? 14 That's right. Α 09:56 15 And so the starting point is "what is it out there 0 that would cause us to doubt the safety of the 16 17 verdict"? 18 Yes. Α 19 0 What about -- and I don't want to get into too 09:57 20 many, into sort of a legal debate here -- but as 21 far as what you felt -- and when I say "you" on 22 behalf of your son -- what did you feel you had to

about this, whether it's innocence, miscarriage of

prove to get him the remedy? Now we've talked

justice; what was it that you understood you had

F

| 1 | | to prove to get the remedies you wanted? |
|------------------|---|--|
| 2 | А | We had to prove his innocence, and even and |
| 3 | | that's the hard part of it, like, for other |
| 4 | | wrongfully convicted people. What if there is no |
| <i>09:57</i> 5 | | DNA? We had the DNA that finally showed everyone |
| 6 | | that David was innocent; what about the people |
| 7 | | that have no DNA? |
| 8 | Q | And I guess let me just pause there, though. As |
| 9 | | far as from your perspective and we're talking |
| <i>09:58</i> 10 | | about systemically are you okay with the |
| 11 | | prospect that a wrongfully convicted person, in |
| 12 | | order to set aside the guilty verdict that the |
| 13 | | system has put in place, that it does require |
| 14 | | something along the lines of establishing |
| <i>09:58</i> 15 | | innocence, or do you think that's too high a |
| 16 | | standard? |
| 17 | А | I think it's a very high standard and I think it's |
| 18 | | very in some cases, almost impossible to meet. |
| 19 | Q | And so then how does the system ensure that truly |
| <i>0</i> 9:58 20 | | guilty people don't get a post-conviction remedy |
| 21 | | for wrongful conviction? |
| 22 | А | Well I think, I don't know if it was Jim McCloskey |
| 23 | | that said it, but to the effect that it would be |
| 24 | | better that one guilty person go free than ten |
| 09:58 25 | | people be wrongfully convicted, or something to |
| | | Meyer CompuCourt Reporting |

Page 31868

| that | effect. |
|--------|---------|
| 011010 | 011000. |

1

| | 2 | Q | And I think that's often quoted at the trial and |
|-------|----|---|--|
| | 3 | | at conviction, but when you've got a conviction |
| | 4 | | that's been through the system, been through two |
| 09:59 | 5 | | levels of appeal, and you have a conviction, again |
| | 6 | | I think the systemic issue there is to say "okay, |
| | 7 | | well if we're gonna undo what the system did" |
| | 8 | | and the system works most times |
| | 9 | А | Uh-huh. |
| 09:59 | 10 | Q | "there may have been mistakes, and if we're |
| | 11 | | gonna upset the system and undo what the system |
| | 12 | | did, it's not" let me put it to you this way: |
| | 13 | | I don't know that if it's the same after |
| | 14 | | conviction as it is before conviction, because |
| 09:59 | 15 | | after conviction I think the authorities, can they |
| | 16 | | not say "but this person has been through the |
| | 17 | | system"? |
| | 18 | А | Yes. |
| | 19 | Q | And |
| 09:59 | 20 | А | It's much harder, after the conviction, to have |
| | 21 | | anything done, so if we'd had if the system had |
| | 22 | | provided better funding, and all the rest of it, |
| | 23 | | we might never have got into that area. |
| | 24 | Q | Isn't yeah. Isn't the challenge let me put |
| 09:59 | 25 | | it this way: That if, in post-conviction, if you |
| | | | Meyer CompuCourt Reporting |

NG.

Page 31869 =

| | Ĩ | | Page 31869 |
|-------|----|---|---|
| | | | |
| | 1 | | make it too easy for a person claiming wrongful |
| | 2 | | conviction to get a remedy, the risk there is you |
| | 3 | | might have guilty people being having their |
| | 4 | | convictions undone |
| 10:00 | 5 | А | That's true. |
| | 6 | Q | and being compensated for crimes they |
| | 7 | | committed; is that that if it's too easy |
| | 8 | | that's the risk? |
| | 9 | А | Yeah, and then you don't you wouldn't want it |
| 10:00 | 10 | | to be too easy. |
| | 11 | Q | Yeah. And so, in a perfect system, you would like |
| | 12 | | to get those who are truly wrongfully convicted |
| | 13 | | and have a remedy, and the challenge really is |
| | 14 | | which ones are and aren't? |
| 10:00 | 15 | А | That's right. |
| | 16 | Q | And the system somewhat, human beings have to |
| | 17 | | address that issue, and somehow, whether it's a |
| | 18 | | commission, a Court, a Justice Department, human |
| | 19 | | beings have to try and figure out whether the |
| 10:00 | 20 | | person claiming wrongful conviction is or isn't |
| | 21 | | innocent, which is often, I think as you said, an |
| | 22 | | impossible task? |
| | 23 | А | It is. I, and I worked with the, Jim McCloskey, I |
| | 24 | | wrote letters to people that he refused help to, |
| 10:01 | 25 | | but and that was because they felt that there |

| 1 | | making sure that the people who are making the |
| 2 | | decision have all the information and are in the |
| 3 | | best position to make the decision? |
| 4 | А | That's correct. |
| 10:02 5 | Q | You've talked a bit about the difficulty of |
| 6 | | establishing innocence, and we've talked about |
| 7 | | this a bit before, and David's testifying at the |
| 8 | | Supreme Court of Canada. And I think you said |
| 9 | | and please correct me if I'm wrong that, I |
| 10:02 10 | | think you acknowledged that his evidence at the |
| 11 | | Supreme Court probably didn't help his cause; is |

| 13 | А | Absolutely. |
| 14 | Q | In fact, we see in the Supreme Court judgement |
| 10:02 15 | | that reference was made to the fact that he |
| 16 | | contradicted in significant areas or I can't |
| 17 | | recall the words but Mr. Tallis' evidence? |
| 18 | А | That's correct. |
| 19 | Q | And, in fact, it was the dispute between David |
| 10:02 20 | | Milgaard's evidence and Ron Wilson's evidence |
| 21 | | about the knife and about whether they got stuck |
| 22 | | that, I think, prompted Mr. Wolch to cross-examine |
| 23 | | Ron Wilson on that point and get Ron Wilson to the |
| 24 | | point where he agreed with David Milgaard's |
| 10:02 25 | | evidence, at which time he was cited with contempt |

| | 2 | | said to Mr. Wolch isn't true, I now disagree with |
| | 3 | | David on this point"? |
| | 4 | А | That's right. |
| 10:03 | 5 | Q | And I guess the question is, or the challenge |
| | 6 | | there is a person who is seeking exoneration, the |
| | 7 | | challenges faced by that person in testifying |
| | 8 | | about the events? |
| | 9 | А | Years afterwards. |
| 10:03 | 10 | Q | And would it be fair to say, though, that that |
| | 11 | | that his giving evidence, though, was also |
| | 12 | | influenced by a number of other factors, I mean |
| | 13 | | one being his emotional state at the time? |
| | 14 | A | Yes. |
| 10:03 | 15 | Q | Two, the fact that he was upset that Dr. Ferris' |
| | 16 | | report had not been had not opened the door |

| | 18 | | need to go there"; correct? |
| | 19 | А | Correct. |
| 10:03 | 20 | Q | And, three, he was not made aware, before he |
| | 21 | | testified, about what Mr. Tallis was going to say? |
| | 22 | А | That's correct. |
| | 23 | Q | And he had already committed to a position in an |
| | 24 | | affidavit for the Justice Minister that had |
| 10:04 | 25 | | contradicted Mr. Tallis? |

| | 1 | 7 | That I ga ga was at |
| | 1 | A | That's correct. |
| | 2 | Q | And so for, for perhaps other reasons, your son |
| | 3 | | was in a difficult predicament at the Supreme |
| | 4 | | Court because, no matter what he said, he would |
| 10:04 | 5 | | have to be acknowledging he would either have |
| | 6 | | to contradict Mr. Tallis or acknowledge that he |
| | 7 | | said something wrong in the affidavit he filed |
| | 8 | | with the Court? |
| | 9 | А | Yes. |
| 10:04 | 10 | Q | Yeah. |
| | 11 | А | And, if there hadn't been that huge space of years |
| | 12 | | of memory, I think that that wouldn't have |
| | 13 | | happened. So that, again, if we had a place to go |
| | 14 | | to earlier we wouldn't have had that kind of a |
| 10:04 | 15 | | problem. |
| | 16 | Q | Right. And I suppose, in hindsight, David could |
| | 17 | | have said "lookit, I don't my memory is not |
| | 18 | | reliable about those events other than I know I |
| | 19 | | didn't kill her"? |
| 10:04 | 20 | А | Yes. |
| | 21 | Q | And "whatever Mr. Tallis said I told him" |
| | 22 | А | Would have been right. |
| | 23 | Q | "I accept as truth" |
| | 24 | А | Uh-huh, yeah. |
| 10:04 | 25 | Q | "and, even though I don't remember it, I might |

| 1 | | disagree"; that was another course that could have |
| 2 | | been taken I suppose? |
| 3 | А | It could have been, and, in hindsight, should have |
| 4 | | been. |
| 10:05 5 | Q | Yeah. Let's talk a bit about the media, and we've |
| 6 | | heard from you and Mr. Asper about the decision |
| 7 | | that was made to go to the media and to the public |
| 8 | | to assist you in getting your remedy, and I think |
| 9 | | it boiled down to this; you felt you were not |
| 10:05 10 | | getting the answers from the authorities and, |
| 11 | | therefore, you decided to go to the media to get |
| 12 | | the public involved and to get the media to put |
| 13 | | pressure on politicians and the decision-makers to |
| 14 | | make a more favourable decision? |
| <i>10:05</i> 15 | А | Right. |
| 16 | Q | And |
| 17 | А | Without the media, Mr. Hodson, we would not be |
| 18 | | here today. |
| 19 | Q | And that's because of your belief that the media |
| 10:05 20 | | caused the decision-makers to make a favourable |
| 21 | | decision? |
| 22 | А | No, the media didn't cause them to make the |
| 23 | | favourable decision, the media caused them to |
| 24 | | get us to get to where we are today, we would |
| 10:06 25 | | never have got the support of the people of Canada |

| that subsequently forced the government to get us |
| to the Supreme Court. |
| Okay. So it's your belief that the media pressure |
| was responsible for getting the matter to the |
| Supreme Court? |
| Yes. |
| Okay. Now at the Supreme Court though, once you |
| got there, I think you've told us basically, |
| although David got out of jail, you lost? |
| Right. But then we went back to the media |

| | 17 | | been out there, what reactions it might have |
| | 18 | | caused with some witnesses, things of that nature? |
| | 19 | | Was that and you had mentioned earlier, I think |
| 10:07 | 20 | | when we talked about in late 1990 you thought that |
| | 21 | | your strategy with Kim Campbell might have not |
| | 22 | | worked quite right because she was very upset, |

exposure may have had any negative impact in --

| | 2 | А | I think it could have, because there was a media |
|-------|----|----|---|
| | 3 | | explosion, if you will, and it's possible that |
| | 4 | | that disturbed the authorities. |
| 10:07 | 5 | Q | And the example I gave you earlier, and I'll give |
| | 6 | | it to you again, and I think the Dr. Ferris report |
| | 7 | | where you go out in the media saying "lookit, this |
| | 8 | | proves his innocence, this frozen semen, it's not |
| | 9 | | David's and Ferris proves it", and then you go out |
| 10:07 | 10 | | and say "and this expert now says it's dog urine", |
| | 11 | | |
| | 12 | А | Right. |
| | 13 | Q | yet and so if it's dog urine how can it |
| | 14 | | prove innocence, in other words they're a bit |
| 10:07 | 15 | | contradictory, and whether and I think Mr. |
| | 16 | | Asper and you both said, "you know what, the dog |
| | 17 | | urine was such a good headline-grabber that it was |
| | 18 | | great"? |
| | 19 | А | Yes. |
| 10:08 | 20 | Q | But did you ever consider that, okay, to the |
| | 21 | | people who are looking at the merits of the |
| | 22 | | evidence that's being put forward, that that might |
| | 23 | | cause them to say "well, hang on a minute here, if |
| | 24 | | it's semen and exonerates, how can you say it's |

| | 1 | | guess? |
|---------|----|---|--|
| | 2 | А | Yes. |
| | 3 | Q | Was that an issue there where did you ever |
| | 4 | | become concerned that, because of what the media |
| 10:08 | 5 | | was doing with the information you gave them, the |
| | 6 | | credibility of the information you were providing |
| | 7 | | to the Minister may have been adversely affected? |
| | 8 | А | Yes, I think so, but we were in a position where |
| | 9 | | we had no choice. |
| 10:08 1 | 10 | Q | And I think |
| 1 | 11 | A | There was no other avenue open to us. |
| 1 | 12 | Q | And I think that was the judgement, I think that |
| 1 | 13 | | Mr. Asper commented on that as well, and you are |
| 1 | 14 | | saying "lookit" and at the time I think you |
| 10:08 1 | 15 | | made the decision to go to the media you hadn't |
| 1 | 16 | | received the Minister's decision, but is it |
| 1 | 17 | | correct to say that you felt you weren't going to |
| 1 | 18 | | get a favourable result? |
| 1 | 19 | A | That's right. |
| 10:09 2 | 20 | Q | And so I guess we won't know what would have |
| 2 | 21 | | happened had there been a different path taken, |
| 2 | 22 | | but your view would be that it would have been the |
| 2 | 23 | | same result, at least in the first application? |
| 2 | 24 | A | I yes, absolutely. |
| 10:09 2 | 25 | Q | And then again, as far as just the and we've |
| | | | Meyer CompuCourt Reporting |

Page 31878

| 1 | | heard a bit about this from Mr. Asper the fact |
|----------|---|---|
| 2 | | that once the issue is put in the public light, it |
| 3 | | can end up that I can't remember his words or |
| 4 | | your words that the media will take something |
| 10:09 5 | | and run with it, and it can end up being something |
| 6 | | that may end up not being exactly accurate as |
| 7 | | reported, and I think we saw that with the, I |
| 8 | | think the dog urine story, where it came out the |
| 9 | | report said "it's possible" or "I can't exclude it |
| 10:09 10 | | being dog urine", and after it's reported a couple |
| 11 | | of times the headline is "it is dog urine"? |
| 12 | А | Yes. |
| 13 | Q | And, again, would you agree that from a systemic |
| 14 | | perspective, when wrongfully convicted people are |
| 10:10 15 | | pursuing their remedy through the public and |
| 16 | | through the media, that there are a number of |
| 17 | | negatives with that, that there are a number of |
| 18 | | risks in that? |
| 19 | А | Absolutely. |
| 10:10 20 | Q | And, if I go back, is it fair to say your position |
| 21 | | would be that a wrongfully convicted person should |
| 22 | | not have to go to the public and through the media |
| 23 | | to get a remedy? |
| 24 | А | Well if they, if you had someplace else for us to |
| 10:10 25 | | go, we wouldn't have had to have done that. |

|-----------------|---|--|
| 1 | Q | And so you would agree, then, that when a case is |
| 2 | | tried in the media there are and I think what |
| 3 | | you are saying is you had no choice and you had to |
| 4 | | do it and, if you hadn't done it, you wouldn't |
| 10:10 5 | | have got your son a remedy; is that fair? |
| 6 | A | That's fair, uh-huh. |
| 7 | Q | Okay. But, having said that, do you agree that, |
| 8 | | in going that route because you felt you had to, |
| 9 | | there were a number of downsides to that as well? |
| <i>10:10</i> 10 | А | Absolutely. |
| 11 | Q | And not only to you and to your son, would you |
| 12 | | agree that the media exposure had some negative |
| 13 | | effects on you and your family; is that fair? |
| 14 | А | Oh, it definitely had high effects. My family |
| <i>10:11</i> 15 | | would dearly love to be just other people. |
| 16 | Q | And so let's, let's just focus again, and I |
| 17 | | appreciate what you are saying is both you and Mr. |
| 18 | | Asper have said "we felt we had to go the public |
| 19 | | route and use the media", so let's put that, that |
| 10:11 20 | | premise aside for a moment and just talk about |
| 21 | | what happened once this became the media campaign, |
| 22 | | and I think you've told us that you and your |
| 23 | | family, it had some negative effects on you, you |
| 24 | | suffered in the fact that the exposure was perhaps |
| 10:11 25 | | more than you had hoped for; is that correct? |
| | | Meyer CompuCourt Reporting |

Page 31880 =

| 1 | А | That's | right. |
|---|---|--------|--------|
|---|---|--------|--------|

| | 2 | Q | And would you also agree that other people who |
|-------|---|---|---|
| | 3 | | were involved in this case, whether it be |
| | 4 | | witnesses, police officers, government officials, |
| 10:11 | 5 | | whoever, and they also would be some of them |
| | 6 | | would be adversely affected as well? |
| | 7 | А | Absolutely. |

8 And I'm not asking you to agree with their 0 Yeah. 9 positions but would you at least acknowledge that, 10:12 10 or do you acknowledge that a number of people at 11 least felt that they were improperly maligned by 12 what was in the media about them or what they had 13 done, whether it be witnesses, police, Crown, they 14 certainly had those feelings; is that fair? 10:12 15 I'm certain they had. Α

16 And in some cases would you agree they might be Q 17 justified, in other cases, maybe not? And I'm not 18 asking you to pick and choose, but just to -- do 19 you accept that, by going to the media, in 10:12 20 addition to your family, other people who were 21 involved in the *Milgaard* case also were negatively 22 affected? 23 Α Yes, I do agree. 24 0 And in a significant way?

10:12 25 A And in a very significant way, and I -- and,

| | 1 | | because of the hurt and everything that we felt, I |
|-------|----|---|--|
| | 2 | | sympathize with the hurt that they felt. |
| | 3 | Q | And, lastly, would you agree that, in addition to |
| | 4 | | the people involved, that the system, if I can |
| 10:12 | 5 | | call it that, the justice system that I think |
| | 6 | | people will say is maybe have different views |
| | 7 | | about how good it is, but I think everybody says |
| | 8 | | it is what it is, and maybe has some flaws because |
| | 9 | | it deals with humans and makes mistakes; would you |
| 10:13 | 10 | | agree that the media campaign also may have |
| | 11 | | inflicted some damage to the system in the sense |
| | 12 | | that and maybe that was your intent that the |
| | 13 | | public would have some concerns about the system |
| | 14 | | and how it works? |
| 10:13 | 15 | А | I think, from that point of view, they did a good |
| | 16 | | job, because I think people realized that the |
| | 17 | | system must change. |
| | 18 | Q | And would it be correct to say that some of the |
| | 19 | | damage inflicted to the system was warranted, but |
| 10:13 | 20 | | again, some may not have been warranted? |
| | 21 | А | Definitely. |
| | 22 | Q | And so that, although there are some flaws in the |
| | 23 | | system, in some cases it may not have been as bad |
| | 24 | | as it was portrayed in the media; is that fair? |
| 10:14 | 25 | А | I think that's very fair. |

| | 1 | Q | Now those are all the specific questions I have on |
| | 2 | | the systemic issues, Mrs. Milgaard. If there is |
| | 3 | | anything else and I know that Ms. McLean will |

Page 31883 : 1 issues that Mr. Hodson just went through with you 2 and get your views again on some of those areas. 3 You mentioned at the outset with Mr. Hodson that you felt it may have been 4 5 beneficial in 1969 for defence counsel to have had 10:15 6 an investigator to work with to investigate some 7 avenues for the accused? 8 Α Yes. 9 And would you agree that that created, or the lack 0 10:15 10 of that follow-up from defence counsel's perspective created some problems for you later on 11 in trying to follow up on some of those leads when 12 13 the case was cold? 14 Α That's correct. 10:15 15 And I suppose you would agree then that that also 0 16 created difficulties for other agencies that had 17 to follow up and do that kind of work 18 subsequently, and I'm speaking again of Federal 19 Justice that went out and tried to interview 10:16 20 various people where information is cold. 21 Α Memory. 22 Q And the RCMP is similar? 23 Α Right. 24 0 One of the areas you mentioned as well was that it 10:16 25 may be beneficial to have a person within the

| 1 | | police agency that gathers all of the information |
| 2 | | up, I think you mentioned Mr. Ullrich's name? |
| 3 | А | Yes, and that's not really involved in the |
| 4 | | day-to-day investigation of it, but can have a |
| 10:16 5 | | sort of overall picture of it. |
| 6 | Q | And I guess what we're talking about here then |
| 7 | | would be sort of a file manager that would gather |
| 8 | | all that information in and look at all of that |
| 9 | | information not from just the particular avenue |
| 10:16 10 | | that an investigator went down on one issue, but |
| 11 | | look at all of the issues and all the information |
| 12 | | gathered? |
| 13 | A | Yes. |
| 14 | Q | And are you aware that that is something that |
| 10:17 15 | | police agencies do now on major crimes, that there |
| 16 | | are file managers? |
| 17 | А | I know that that has been changed since my time, |
| 18 | | yes. |
| 19 | Q | And one thing that you did mention as well was the |
| 10:17 20 | | RCMP report, you've mentioned the Rasmussen report |
| 21 | | and how helpful that would have been to have had |
| 22 | | that report earlier? |
| 23 | А | Yes. |

| 10:17 25 | | Staff Sergeant Edmondson and Mr. Rasmussen himself |

| | 1 | | also gave evidence about the file retention |
| | 2 | | periods for the RCMP on an assist file, where here |
| | 3 | | they were simply assisting the Saskatoon Police |
| | 4 | | Service and that they were not leading that |
| 10:17 | 5 | | investigation? |
| | 6 | А | However, I believe that if you are having changes |
| | 7 | | to the system, it would be very important that |
| | 8 | | that type of assistance should be part of the |
| | 9 | | record and part of the disclosure. |
| 10:17 | 10 | Q | Right. And what I'm getting at then is if there |
| | 11 | | is something the Commissioner wishes to look at |
| | 12 | | with respect to file retention periods |
| | 13 | А | Yes. |
| | 14 | Q | fortunately that information of Mr. Rasmussen |
| 10:18 | 15 | | and other RCMP officers survived, but not on RCMP |
| | 16 | | files, they were already purged because of the |
| | 17 | | fact they simply assisted the Saskatoon Police |
| | 18 | | Service for a number of weeks during the |
| | 19 | | investigation, but a report went up to the |
| 10:18 | 20 | | provincial Attorney General's office and that's |
| | 21 | | how that eventually surfaced. |
| | 22 | А | Okay. |
| | 23 | Q | So I suppose what you are saying is that if there |

| 1 | | over to that main police agency even though they |
| 2 | | may have that information in another form? |
| 3 | А | Yes, I do. |
| 4 | Q | Okay. That's all that I wanted to deal with on |
| 10:18 5 | | systemic. |
| 6 | | I do want to focus a little bit |
| 7 | | on the time frame 1992 to 1993, '94 when the RCMP |
| 8 | | was involved in various aspects of the case |
| 9 | | dealing with the Supreme Court reference and after |
| 10:19 10 | | that in the 1993 criminal investigation, so that's |
| 11 | | the area I'm looking at. |
| 12 | А | Yes. |
| 13 | Q | And I want to be fair with your evidence, and I |
| 14 | | don't want to go through it all in any great |
| 10:19 15 | | detail, so please correct me if I'm wrong on any |
| 16 | | of the aspects I put to you, but following the |
| 17 | | 1992 Supreme Court decision, I think you indicated |
| 18 | | that you were happy that David was out of prison, |
| 19 | | but I think frustrated with the decision itself? |
| 10:19 20 | А | Yes, I was. |
| 21 | Q | The decision never cleared your son's name and it |
| 22 | | wasn't open for you now on the basis of that |
| 23 | | decision to readily apply for compensation? |
| 24 | А | That's correct. |
| 10:19 25 | Q | Now, around the time of the Supreme Court |

Page 31887 : 1 decision, the allegations of Michael Breckenridge 2 surfaced? 3 Α Right. And his view I believe fit with your view in that 4 0 there had been some sort of a cover-up? 5 10:20 That's correct. 6 Α 7 And you indicated, I think quite candidly, you Q 8 wanted his allegations to be true because in 9 essence that would validate your opinion that there had been a cover-up? 10:20 10 11 Α Yes. 12 Q Now, on the issue of Mr. Breckenridge's 13 information or allegations, allegations were made 14 by yourself against various high-ranking 10:20 15 government, police and Department of Justice 16 officials? 17 That's correct. Α 18 And you were hoping for, I believe, an inquiry, Q 19 but instead a criminal investigation was ordered 10:20 20 by the provincial Attorney General's office? 21 That's right. Α 22 Q And again, again I believe your evidence was that 23 didn't really fit with your objective to try and 24 clear David's name and to move towards 10:21 25 compensation?

Yes.

2 And again I believe your evidence was that you 0 3 co-operated with the RCMP, but you were not all that thrilled with the fact that it was a criminal 4 5 investigation as opposed to something more broad? 10:21 6 Α That's correct.

7 Now, you co-operated with the RCMP, I believe you Q 8 met with them over a couple of days with Inspector 9 Sawatzky and you provided all of your views and 10:21 10 information and I believe Mr. Wolch, Mr. Asper and others co-operated at length with the RCMP and 11 12 provided their thoughts and theories on all the 13 work that you had done for many years?

10:21 15 If I could just call up a document, 023167, and 0 16 this is the RCMP report that was prepared, at 17 least it's the first volume of that report, and 18 the date on that I believe is January of 1994, and 19 if we could go to 023167 of that -- sorry, 176, my 10:22 20 apologies -- if you can call out that bottom 21 portion dealing with the scope of investigation, 22 and if I can just look at that a little bit here, 23 it says: 24 "... the focus of this investigation was

to examine all issues to determine

Page 31889 1 whether or not, or to what extent, the 2 Saskatoon Police Department, Saskatoon's 3 Crown Counsel office, and the 4 Saskatchewan Department of Justice 5 (Attorney General's Dept.), obstructed 10:22 6 justice in the prosecution for murder of 7 David Milgaard." 8 And: 9 "Our purpose was not to reinvestigate the murder of Gail Miller ..." 10:22 10 11 And then a little bit further down it says: 12 "Any new evidence or information 13 emanating from our inquiries would be 14 directed to the police force with 10:23 15 jurisdiction." 16 And when you met with the RCMP, I think you 17 indicated you were aware that it was a criminal 18 investigation and they were not reinvestigating 19 Gail Miller's murder; correct? 10:23 20 I don't know. Α Mr. Wolch met with the RCMP as well and did 21 Q Okay. 22 you have discussions with Mr. Wolch about that 23 with respect to what his understanding was? 24 Α I'm sure we must have, but as I read that now, I 10:23 25 felt the scope of their investigation was wider

_____ Meyer CompuCourt Reporting ____

Page 31890

than that.

2 Q Okay. And it clearly indicates any information 3 that they would gather that was extraneous to the 4 specific purpose of the criminal investigation 10:24 5 would be documented, but in essence, it was a 6 criminal investigation as we've just discussed a 7 moment ago?

8 A Yes.

1

9 Now, it's going to be trite to say All right. 0 10:24 10 this, but, Mrs. Milgaard, it's very obvious you've 11 had to live with your son's conviction and 12 incarceration for a very long period of time and 13 you worked tirelessly to free him. Would you 14 agree that it was hard to shake you from your view 10:24 15 of what happened, that there was some sort of 16 wrongdoing or cover-up with respect to David's 17 conviction?

18 A It still hasn't shaken me from my conviction.

19 **Q** Right. And you still feel that way?

10:24 20 A That's right.

21QNow, you've said numerous times you were out doing22investigating and I suppose doing things you never23thought you would have to do as a mother?

24 A That's right.

10:25 25

Q And you conceded that you weren't a trained

Α 7 And I'm hoping that you will concede the RCMP are Q 8 trained investigators in criminal investigations? 9 Yes. Α 10:25 10 Okay. And their job would be to do criminal 0 investigations in the public interest? 11 For 12 example, in this investigation that we're talking 13 about here, it wasn't an investigation for the 14 Milgaard family's benefit, per se, but was for the 10:25 15 benefit of the public in general? 16 Yes. Α 17 If we could call up document 032805. Now, this is 0 18 a report that Mr. Hodson touched on with you 19 earlier, it's the report of Alberta Justice into 10:26 20 the allegations of criminal offences arising from 21 the David Milgaard case, and it's dated August 22 15th of 1994, and involved in that from Alberta 23 Justice were Neil McCrank, who was the Deputy 24 Minister of Justice and Deputy Attorney General, 10:26 25 and also Bruce Fraser who was the Chief Crown

| | 1 | Prosecutor out of Calgary, and so those are two |
| | 2 | fairly high-ranking individuals with Alberta |
| | 3 | Justice, and if we could just look at the next |
| | 4 | page of that report, it talks about the mandate as |
| 10:26 | 5 | to their involvement. Actually, we'll just look |
| | 6 | at that portion there and it deals with the |
| | 7 | assistance that they provided, and I'm just going |
| | 8 | to go through those five points. |
| | 9 | "The assistance was to include the |
| 10:27 | 10 | following: |
| | 11 | 1. Provide legal advice to the RCMP |
| | 12 | which was investigating these |
| | 13 | allegations." |
| | 14 | And there will be evidence certainly from Mr. |
| 10:27 | 15 | Sawatsky when he testifies about the ongoing |
| | 16 | rapport that he had with Alberta Justice. |
| | 17 | "2. At the conclusion of the RCMP |
| | 18 | investigation, assess and analyze the |
| | 19 | findings to determine if any basis |
| 10:27 | 20 | exists to proceed with criminal charges |
| | 21 | against any members of the Saskatoon |
| | 22 | City Police or the Saskatchewan |
| | 23 | Department of Justice. |
| | 24 | 3. In assessing and analyzing the |
| 10:27 | 25 | findings, apply the usual charging |

In the event that charges are 13 warranted, Alberta Justice would handle 14 the prosecutions." 10:28 15 And again, so it's clearly contemplated by this 16 document that the possibility of charges existed? 17 Α Yes. 18 If we can go to the next page, please, and the Q 19 part dealing with process, I just want to touch on 10:28 20 a little bit of that, and in that first paragraph 21 it says: 22 "An investigation team of 12 members was 23 assembled under the direction of 24 Inspector M.J. Sawatzky ... " If we skip down to the next paragraph after that: 10:28 25 = Meyer CompuCourt Reporting =

- Page 31894 -

|-------|----|--|
| | 1 | "The investigation and prosecution teams |
| | 2 | met on numerous occasions in Regina, |
| | 3 | Saskatoon, Edmonton and Ottawa between |
| | 4 | the fall of 1992 and the summer of 1994 |
| 10:28 | 5 | and had extensive discussions concerning |
| | 6 | the investigation and its findings." |
| | 7 | So a rather lengthy process covering a couple of |
| | 8 | years |
| | 9 | A Yes. |
| 10:28 | 10 | Q to look into the allegations. If we can go to |
| | 11 | the next page, please. At the top there it says: |
| | 12 | "This report of Alberta Justice will |
| | 13 | only review the major allegations. |
| | 14 | However, all of them were reviewed with |
| 10:29 | 15 | the police and the conclusions reached |
| | 16 | on each and every allegation were |
| | 17 | unanimous among all members of the |
| | 18 | investigation and prosecution teams." |
| | 19 | So clearly they were all on the same page and all |
| 10:29 | 20 | 12 members of the RCMP investigation task force |
| | 21 | and the prosecutors involved here were unanimous |
| | 22 | in their viewpoint. |
| | 23 | Now, I want to touch a little |
| | 24 | bit on the possible Criminal Code offences and |
| 10:29 | 25 | this portion here indicates that: |
| | | Meyer CompuCourt Reporting |

| | 1 | Voi 155 - Wednesday, May 31st, 2006 Page 31895 |
|-------|----|--|
| | | |
| | 1 | "All of the allegations as set out in |
| | 2 | the RCMP report, involving criminal |
| | 3 | wrongdoing, suggest only one possible |
| | 4 | offence, that being an attempt to |
| 10:29 | 5 | obstruct justice, pursuant to section |
| | 6 | 139 of the Criminal Code." |
| | 7 | It then lists the section there, and if we can go |
| | 8 | to the next page of that report, this portion |
| | 9 | here: |
| 10:29 | 10 | "Although the allegations could fall |
| | 11 | within the parameters of section |
| | 12 | 139(3)(a), it is more likely to fall |
| | 13 | within section 139(2). |
| | 14 | To prove the offence under |
| 10:30 | 15 | section 139(2) there must be proof of |
| | 16 | the following: |
| | 17 | 1. an intention to obstruct, pervert or |
| | 18 | defeat the course of justice." |
| | 19 | If we can go to the bottom of that, the last |
| 10:30 | 20 | sentence there reads: |
| | 21 | "The evidence must support that an |
| | 22 | individual specifically intended to |
| | 23 | defeat the course of justice and |
| | 24 | committed an act which had a tendency to |

| | 1 | | of the proceedings in <u>R</u> . v. <u>Milgaard</u> ." |
| | 2 | | Now, I won't go any further into the report, but |
| | 3 | | that is the basis that the RCMP were |
| | 4 | | investigating on, it was a criminal investigation |
| 10:30 | 5 | | dealing with that and that was the review that |
| | 6 | | was done by Alberta Justice on that basis, and |
| | 7 | | again you realize that there was no finding of |
| | 8 | | criminal wrongdoing? |
| | 9 | А | I do. |
| 10:30 | 10 | Q | Okay. Now, I take it that report and the report |
| | 11 | | of Alberta Justice, the RCMP report, wasn't very |
| | 12 | | helpful in your quest to clear your son's name or |
| | 13 | | to obtain compensation? |
| | 14 | А | That's correct. |
| 10:31 | 15 | Q | And I think you were also candid in saying that |
| | 16 | | that was part of the reason that you referred to |
| | 17 | | the RCMP report as a whitewash? |
| | 18 | А | Yes. |
| | 19 | Q | And if we can go to document 147954, please, and |
| 10:31 | 20 | | this is a newspaper report of July 13th, 1995 I |
| | 21 | | believe, just call up that first column there, and |
| | 22 | | your comment there was: |
| | 23 | | "The public is not going to be taken in. |
| | 24 | | They know a whitewash when they see |
| 10:32 | 25 | | one." |
| | | | Meyer CompuCourt Reporting Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980 |

Page 31897 : 1 And you were contacted obviously relatively shortly after the report came out. And then in 2 3 the next column over here -- sorry, here, 4 please -- you indicated, or at least the report 5 indicated: 10:32 "Joyce Milgaard, who hadn't 6 7 yet read the report, said the conclusion 8 comes as no surprise. 9 "You have a police force 10:32 10 investigating their bosses ... " 11 I think you remember Mr. Hodson touching on that 12 with you? 13 Α Yes, I do. 14 So your view, even though you hadn't read the 0 10:32 15 report, was that it was a whitewash, and we've 16 touched on that, that part of that was because it 17 wasn't very helpful for you; correct, in that it 18 didn't clear David's name and it didn't open up 19 the door for compensation? 10:33 20 That's correct. Α 21 Now, by whitewash, I think again your evidence, Q 22 you indicated that the RCMP didn't do a very 23 thorough investigation because they were 24 investigating their bosses? 10:33 25 Α Yes.

Page 31898

| | | | Page 31898 |
|-------|----|---|--|
| | 1 | Q | And I do think you also went on to indicate that |
| | 2 | | you now acknowledge that the RCMP is a federal |
| | 3 | | police force and is not part of the Saskatchewan |
| | 4 | | government? |
| 10:33 | 5 | А | That's correct. |
| | 6 | Q | And I take it that when the investigation was |
| | 7 | | ordered, the criminal investigation was ordered by |
| | 8 | | the provincial AG's office, you never raised the |
| | 9 | | certain about the RCMP investigating provincial |
| 10:33 | 10 | | justice and other officials at the outset of that |
| | 11 | | investigation? |
| | 12 | А | No, I did not. |
| | 13 | Q | But you felt that it was a whitewash afterwards |
| | 14 | | because again it was not helpful to your cause? |
| 10:33 | 15 | А | That's correct. |
| | 16 | Q | Is that fair? Okay. If we could just call up one |
| | 17 | | more document here, 032797, please, and this is a |
| | 18 | | letter from Alberta Justice, it's from Neil |
| | 19 | | McCrank and Bruce Fraser, and it's to Brent Cotter |
| 10:34 | 20 | | who was the Deputy Minister of Justice for |
| | 21 | | Saskatchewan in August of 1994, and if I can just |
| | 22 | | read a little portion of that, the first |
| | 23 | | paragraph, and it indicates: |
| | 24 | | "We have now completed our assessment of |
| 10:34 | 25 | | the RCMP investigation into the |

| | 1 | | allegations of criminal offences arising |
| | 2 | | from the David Milgaard case. We are |
| | 3 | | now reporting to conclude the referral |
| | 4 | | made to us by your letter of October 9, |
| 10:34 | 5 | | 1992." |
| | 6 | | And then this paragraph here indicates: |
| | 7 | | "I am sure you will appreciate the depth |
| | 8 | | of the investigation that is evident |
| | 9 | | from the RCMP report. Inspector M.J. |
| 10:34 | 10 | | Sawatsky and his team of investigators |
| | 11 | | completed an extremely thorough and |
| | 12 | | objective examination of all available |
| | 13 | | evidence and presented this to us in a |
| | 14 | | clear and concise report." |
| 10:35 | 15 | Q | Now, I'm assuming that you would concede that |
| | 16 | | Alberta Justice was not part of the Saskatchewan |
| | 17 | | government and they were appointed to review this |
| | 18 | | report, to be an outside agency? |
| | 19 | А | Yes. |
| 10:35 | 20 | Q | And I take it you would agree that their view of |
| | 21 | | the RCMP investigation is different than yours? |
| | 22 | А | Probably. |
| | 23 | Q | And I take it you would agree that in the area of |
| | 24 | | criminal prosecutions, that they would probably be |
| 10:35 | 25 | | more knowledgeable as to whether something should |

go to charge or not, whether there should be charges levied or not?

3 A Yes.

Now, Mr. Hodson went through a number of pieces of Q 5 correspondence with you yesterday in the fall of 10:35 1992 between Mr. Wolch and Mr. Mitchell, the 6 7 Minister of Justice in Saskatchewan at that time, 8 dealing with requests for compensation for Mr. 9 Milgaard, and in one of those letters, it may have 10:36 10 been in more than one letter, he took the view 11 that if an innocent person is convicted of a crime 12 and given a fair trial, that that is still a 13 miscarriage of justice and that a miscarriage of 14 justice can occur without culpability, without 10:36 15 wrongdoing, and would you agree with that 16 proposition? 17 Α I suppose that's possible, yes. 18 MR. GIBSON: Thank you. Those are my 19 questions. 10:36 20 MR. HODSON: It's 10:30, so perhaps an 21 appropriate spot to break.

22 COMMISSIONER MacCALLUM: Mrs. Milgaard, of 23 course you are under cross-examination now, so 24 don't discuss your evidence, please, until you 10:37 25 return to the stand. I'm sure your counsel will

1 explain the position to you. Thank you. 2 (Adjourned at 10:37 a.m.) (Reconvened at 10:54 a.m.) 3 BY MR. FOX: 4 Thank you, Mr. Commissioner. I think Mr. Wilson 5 Q 10:54 6 was going to go next, he has graciously agreed 7 that I can go next and I thank him for that. 8 Mrs. Milgaard, my name is Aaron 9 Fox and I represent Eddie Karst and you certainly 10:54 10 know Mr. Karst and you probably know me as well. 11 I wanted to say at the outset, 12 and these are a bit more comments than questions, 13 but I think maybe it's important to say it on the 14 It has been a long, we have to go back a record. long time since Mr. Karst testified in these 10:55 15 proceedings, we've been here for a while, but I 16 17 want to say at the outset that both myself and Mr. 18 Karst accept without question the fact that you 19 and your son and your family have gone through an 10:55 20 horrific experience. I think some of the things 21 you've alluded to in your testimony, one can't 22 help but be moved by it, and I heard, for example, 23 this morning again that, the despair in your voice 24 and your description of the despair you felt when 10:55 25 David escaped and you thought at that point in

time I'm never going to see him again out as a free man, and all I wanted to say is that those comments and sentiments that you expressed ring true with us and for whatever it's worth we very much accept that.

6 A Thank you.

7 And I think as well when you describe the efforts Q 8 being made to free him and sort of the frustration 9 of going to, from relying on the judicial system 10:56 10 to relying then on the parole system to then 11 realizing that I've got to do something myself, those comments ring true as well, and I know Mr. 12 13 Karst has a very large family, as do I, and I 14 don't know and we don't know what we would do had 15 we been faced with the same situation you were in, 10:56 16 where I have an innocent son basically looking at 17 a lifetime in a federal penitentiary for a crime 18 he didn't commitment, and again those comments 19 that you've made and those feelings you've 20 expressed ring very true with us. We can't for a 10:56 21 moment say that we understand exactly how you 22 would feel because only you have gone through it, 23 but believe me, we accept those. 24 Mr. Karst has acknowledged when

he testified earlier on that mistakes were made

- Page 31903 -

| | 1 | and, for the record, on August 25th, and it's page |
|-------|----|--|
| | 2 | 12591 of the transcript, we don't need it, but he |
| | 3 | used the words that he accepted responsibility and |
| | 4 | didn't feel very good about what happened and |
| 10:57 | 5 | those comments were accurate and still correct |
| | 6 | now. I think Mr. Karst, and it is Mr. Karst's |
| | 7 | position, that he did not intend that an innocent |
| | 8 | person would be found guilty and be incarcerated |
| | 9 | for an extended period of time any more than he |
| 10:57 | 10 | intended that a guilty person should walk free, |
| | 11 | and I appreciate that you have your feelings on |
| | 12 | that and your opinions on that and, believe me, I |
| | 13 | don't intend to force you into any debate over |
| | 14 | that, but again, for the record, that's Mr. |
| 10:57 | 15 | Karst's position. |
| | 16 | One of the things Mr. Karst |
| | 17 | talked about, you actually alluded to it this |
| | 18 | morning already in your questions and your answers |
| | 19 | to Mr. Hodson about some of the systemic problems, |
| 10:58 | 20 | but one of the things he alluded to, and again |
| | 21 | this was in his testimony on August 25th at page |
| | 22 | 12450, he was asked about what could have been |
| | 23 | done differently to have maybe prevented this |
| | 24 | tragedy early in the game, not later on, but early |
| 10:58 | 25 | in the process, and he described that it would |

| 1 | | have been really helpful if there had been |
| 2 | | somebody independent, someone who he described as |
| 3 | | an overseer or an independent reader who would |
| 4 | | come in fresh, look at all of the file, not be an |
| <i>10:5</i> 8 5 | | investigator and then make some assessment should |
| 6 | | there be a charge laid, that sort of thing. |
| 7 | | I take it from your comments |
| 8 | | this morning you would agree that that would have |
| 9 | | been a very good thing to have had then? |
| 10:58 10 | А | Yes, I do. |
| 11 | Q | And certainly is a good thing to have now, and I |
| 12 | | think Mr. Gibson has alluded to the fact that |
| 13 | | police agencies are moving towards that? |
| 14 | А | They are moving towards that. |
| <i>10:5</i> 8 15 | Q | And although we saw, even in 1969 there are levels |
| 16 | | of, for example, rank of officers and you have |
| 17 | | detectives doing foot work and you have inspectors |
| 18 | | and deputy chiefs and chiefs making decisions and |
| 19 | | prosecutors making decisions, that sort of |
| 10:59 20 | | independent overseeing didn't sort of exist at |
| 21 | | that time, and you would agree, I think you've |
| 22 | | already agreed that that would have been helpful |
| 23 | | if something like that had existed? |
| 24 | А | Yes. |
| 10:59 25 | Q | You understood, Mrs. Milgaard, that Mr. Karst was |

Α 5 And he would report as such to others, for 10:59 Q 6 example, staff sergeants, inspectors, deputy 7 chiefs and chiefs, that sort of thing? 8 Yes. Α 9 And ultimately obviously to the Crown prosecutor, Q 10:59 10 would have some decisions on the prosecution, that 11 sort of thing? 12 Α Yes. 13 0 You referred to the Rasmussen report, and we all 14 know the report you are referring to, and you indicated that certainly from your perspective, if 11:00 15 16 you, being you and David's defence team, had had 17 that report in 1969 or 1970 when it went to trial, 18 that would have been a helpful document to have? 19 Yes, absolutely. Α 11:00 20 And even later on as you are going through the 0 21 review process or trying to get a review, it would 22 have been helpful to have had it? 23 Α Yes. 24 0 We've heard evidence that that, and we've sort of 11:00 25 heard evidence of who was involved in the meetings

| | 1 | | that led to that document, and I'm not going to |
| : | 2 | | ask you to acknowledge this one way or the other, |
| | 3 | | but there's evidence that Mr. Karst wasn't |
| | 4 | | involved in those meetings, and that report, for |
| 11:00 | 5 | | whatever reason, the process was that it went down |
| (| 6 | | to Regina versus being sort of circulated on the |
| | 7 | | police file. If we accept that for the moment and |
| 8 | 8 | | accept that Mr. Karst didn't see that report in |
| (| 9 | | 1969 or '70, that also may have had some impact on |
| 11:00 10 | 0 | | his thinking had he seen it? That's a pretty |
| 1 [.] | 1 | | convoluted question, but in other words, if Mr. |
| 1: | 2 | | Karst had seen that report in 1969 and '70, maybe |
| 1: | 3 | | his approach or his thoughts on David's guilt or |
| 14 | 4 | | innocence may have been different as well; would |

| 10 | 6 | А | That's possible. |
| 1 | 7 | Q | Mrs. Milgaard, I think you've testified, I think |
| 18 | 8 | | this is on May 18th, I think you've stated it a |
| 10 | 9 | | couple of times, and I don't have the specific |
| 11:01 20 | О | | line, but at the time of David's trial in 1970, I |
| 2 | 1 | | think you accept that the police honestly believed |
| 22 | 2 | | that David was guilty at that time? |
| 23 | 3 | А | Yes. |
| 24 | 4 | Q | And your concern is your belief that the police |
| 11:01 2 | 5 | | must have or at least should have picked up on |

Page 31907 : Larry Fisher when they became aware of him in 1 2 October of 1970? 3 That's correct. Α 4 0 And notwithstanding that the jury had convicted 5 David already at that time, and again your view 11:01 would be that if you didn't make the connection, 6 7 you sure should have made the connection? 8 Α That's right, because Saskatoon isn't even a big 9 place now. 11:02 10 Yeah. 0 11 Α And at that time it was very small, so I'm sure 12 that if anything was going on, Mr. Karst, even if 13 he was a detective in another division, he would 14 know what was going on in Saskatoon and I felt 11:02 15 that he certainly would know what was happening as 16 far as victims being raped and everything were 17 going on too. 18 Sure. So -- but again, your view, 1970 he was Q 19 convicted, they honestly believed --11:02 20 Α Yes. 21 --- when Larry Fisher was discovered, after the Q 22 conviction, either did know, either they did make 23 the connection or should have made the connection? 24 Α They should have made the connection then. 11:02 25 Now, I think it's clear that from the Q Okay.

Α 11:03 10 And certainly that's the position that has never 0 11 changed for you? 12 Α Pardon? 13 0 You've never changed in that, never wavered in 14 that belief? 11:03 15 No, I have not. Α There was some discussion about your 16 Okay. | 7 | Q | Yeah. |

| 9 | Q | Sure, sure. And the remark that you always |
| 11:04 10 | | thought that there might have been a policeman at |
| 11 | | the door may have, I think you already indicated, |
| 12 | | may have been misconstrued, that's possible? |
| 13 | А | Absolutely. |
| 14 | Q | Yeah. But certainly then, going back to 1969 when |
| 11:04 15 | | you first heard about this, I take it then you |
| 16 | | would have been aware at the outset, or at least |
| 17 | | been thinking at the outset, I mean, my son didn't |

| 21 | А | No, I don't think that I was thinking that way. |

| 14 | А | I think I trusted the justice system and I trusted |
| <i>11:0</i> 5 15 | | the fact that I actually thought it was a good |

Page 31913 : 1 time period, like David was charged in 1969, went 2 to trial in 1970, and his appeal was either '70 or 3 '71; during that time period no one brought to your attention, whether friends or acquaintances 4 5 or the defence team or anybody, that there were 11:07 6 some -- there was some rapes that had not been 7 solved? 8 No, and that's why I mentioned that it would have Α 9 been important to have had that kind of 11:07 10 information. 11 Q Sure, yeah. And then all I was asking --12 А Because it was obviously there. 13 0 Yeah. And what I was just asking is that, just 14 even anecdotally, no one sort of said to you, 11:08 15 "gee, you know what, you know, there's been 16 reports in the paper about some women being raped, 17 that sort of thing", that information just never 18 came to you even anecdotally or on the street, so 19 to speak? 11:08 20 No, because I'm -- you know, we're in Langenburg, Α 21 Saskatchewan, a little small town, we don't hear 22 anything going on in Saskatoon, --23 Q Yup? 24 Α -- and you sort of didn't have TV at that time or 11:08 25 anything like that.

| 1 | Q | Okay. And then, when it didn't seem as though the |

| 3 | | focus became on whether the government and that |
| 4 | | would be the federal and provincial government at |
| 11:09 5 | | various times would somehow be able to |

| 7 | А | That's right. |
| 8 | Q | And eventually, and things went on and became more |
| 9 | | desperate and it seemed like the point when David |
| 11:09 10 | | escaped and was shot, that was sort of the low |

| 12 | А | Well that's the point where we realized that he |

| 18 | Q | that you would have to make this happen, |

Page 31916 1 anonymous phone calls, and everything that you 2 have received, that you followed up on hoping that 3 it would lead you to a trail that would help exonerate David? 4 5 Α Correct. 11:10 And in going down those trails, sometimes the 6 Q 7 facts proved to be accurate, sometimes the facts 8 proved to be rumours and not substantiated, and 9 all you could do is follow them and hope you found 11:10 10 one that helped? 11 Α Yes. 12 Q And certainly, in terms of time frame, it would be 13 by the late 1980s that you were then hoping to 14 elicit public support for your position; would 11:11 15 that -- would I have that time frame right? 16 Well 1980 is when we --Α 17 I said the late 1980s, would --Q 18 Oh, the late 1980s? Α 19 0 Because I think the early '80s you would have been 11:11 20 dealing with Merchant, and then Mr. Young, 21 and still --22 Α Right. 23 Q -- trying to deal with the system as such, if I 24 could put it that way? 25 Α Yes.

| | | |
| 1 | Q | By the late 1980s I think it would be fair to say |
| 2 | | you had become frustrated with the system and were |
| 3 | | trying, by that point, to get some public support |
| 4 | | for your position? |
| 11:11 5 | А | Yes. |
| 6 | Q | And, again, part of that would be to try and get |
| 7 | | out to the public, and through the media and |
| 8 | | otherwise, the facts and the rumours, the |
| 9 | | information that you had, hoping that some of it |
| 11:11 10 | | would perhaps move, again, the powers to be to |
| 11 | | take some steps to review David's situation? |
| 12 | А | Correct. |
| 13 | Q | Mrs. Milgaard and believe me, I'm not, do not |
| 14 | | want to compare your situation to the police, you |

| 19 | А | Yes. |
| 11:12 20 | Q | Okay. One of the examples I just wanted to touch |
| 21 | | briefly on was, for example, the dealing with the |
| 22 | | evidence of Mr. Melnyk and Mr. Lapchuk. And I |

| | | | —————————————————————————————————————— |
| | 1 | A | Yes, I I still believe they are. They don't |
| | 2 | | lie, didn't lie about some things, but that is how |
| | 3 | | I would still categorize them. |
| | 4 | Q | Okay. The initial information you got that |
| 11:12 | 5 | | supported that would have been the information |
| | 6 | | that was supposedly coming from Deborah Hall? |
| | 7 | A | Yes and no, because basically she supported the |
| | 8 | | statements of Lapchuk and Melnyk in the sense that |
| | 9 | | she was there and she said it happened, but she |
| 11:13 1 | 0 | | said that it was a joke. |
| 1 | 1 | Q | Okay. I we've heard what Deborah Hall had to |
| 1 | 2 | | say and some might interpret her statement as, |
| 1 | 3 | | frankly, being more damning, even, than Melnyk's |
| 1 | 4 | | or Lapchuk's; would you agree? |
| 11:13 1 | 15 | А | The second one was. |
| 1 | 6 | Q | Yeah. |
| 1 | 17 | А | The first one that we got was not. |
| 1 | 8 | Q | Okay. So she kind of was either didn't get |
| 1 | 9 | | give you correct information, or it didn't get to |
| 11:13 2 | 20 | | you correctly, but certainly her second one, and |
| 2 | 21 | | the one that she alluded to when she testified |
| 2 | 22 | | here at the hearing, really was more damning, the |
| 2 | 23 | | words used. And My Lord, I'm not going to or |
| 2 | 24 | | Mr. Commissioner, I don't have to repeat it, but |
| 11:13 2 | 25 | | it was in Deborah Hall's evidence of February |
| | 1 | | |

Joyce Milgaard

Page 31919 : 1 16th, '05, that's at page 3,216 of the 2 transcript -- but the words she said that --3 attributed to David were, frankly, more offensive than what Lapchuk and Melnyk had testified to? 4 5 Α That's correct. 11:14 6 Okay. So the perception, then, of the lying of Q 7 those two individuals would be not so much their 8 repeating what they heard David say, but the 9 suggestion that it sounded to them as being 11:14 10 serious, as opposed to joking? 11 Α That's correct. 12 Q Right. And that would be the basis on which you 13 would say they were lying? 14 Probably. Α 11:14 15 Is there anything else that you say they Okay. 0 16 lied about? 17 I have, I honestly don't remember if I have said Α 18 they lied about things. 19 0 Okay. Would --11:14 20 But my perception at the time was that they had Α 21 got together with Wilson, and the two of them had 22 decided that they would use this information and 23 make a deal with the police and get -- like, and 24 when I found out that the one fellow had got a 11:15 25 light, very light sentence, I figured that they'd

| 1 | | made a deal with them and so I their evidence, |
| 2 | | at that point, was definitely suspect. |
| 3 | Q | Sure. I'm just wondering though, in light of what |
| 4 | | Deborah Hall said then though, I mean let's assume |
| 11:15 5 | | for the moment they did make a deal, |
| 6 | А | Uh-huh. |
| 7 | Q | and I'm not going to review the evidence that |
| 8 | | says they didn't or did but it does appear as |
| 9 | | though what they said was fairly accurate, so I'm |
| 11:15 10 | | wondering where the lie is? |
| 11 | А | Well I guess I had felt that they had slanted it |
| 12 | | in that way for their benefit. |
| 13 | Q | And slant |
| 14 | А | Slanting it by saying that it was real and that he |
| 11:15 15 | | had really re-enacted it |
| 16 | Q | Yet |
| 17 | А | and it wasn't a joke. |
| 18 | Q | Okay. |
| 19 | А | And I think if they had really and they knew |
| 11:16 20 | | David, and they knew the way he joked, I think |
| 21 | | that they probably knew, if that happened that |
| 22 | | way, that it was a joke. |
| 23 | Q | And you you seemed you took objection or you |
| 24 | | thought that it was wrong that they would sort of |

| | | Page 31921 |
|------------------|---|--|

| 1 | А | Yes. |
| 2 | Q | And were you of the same view of Nichol John and |
| 3 | | Ron Wilson, that they should not be coming forward |
| 4 | | and talking about what happened or what they saw, |
| 11:16 5 | | because David was |
| 6 | А | Well I think |
| 7 | Q | because David was their friend? |
| 8 | А | No, I think that they should have given testimony |
| 9 | | about what they saw, but that I think the |
| 11:16 10 | | circumstances they got put into, such as Ron |
| 11 | | Wilson, where he was put into a situation, and |
| 12 | | then with Nichol said "you know, we're going to |
| 13 | | have to give them David", because they were forced |

| <i>11:1</i> 7 15 | | they were going to get him for it or going to get |
| 16 | | David. |
| 17 | Q | Yeah? |
| 18 | А | So the police have put them in that position, and |
| 19 | | I feel badly for them, for both of them, they were |
| 11:17 20 | | put in a horrendous position. |
| 21 | Q | I and we've heard Nichol John and Ron Wilson |

Page 31922 1 and will have to decide what did or didn't take 2 place, but what I was getting at is if you thought 3 Melnyk and Lapchuk shouldn't be really saying 4 anything because they were some sort of friends of 5 David's --11:17 6 But they came forward. Α 7 Yeah. Q 8 There is a different thing between someone coming Α 9 forward and ratting on a friend, so to speak, than 11:17 10 someone being a witness and being questioned. 11 That -- that was my perception of it. 12 Q Okay. So you didn't think Lapchuk and Melnyk 13 should come forward with the information they had? 14 I felt that they came forward with the information Α 11:17 15 that they had because they were trying to make a 16 deal for themselves, --17 Okay, and you --0 18 -- and it was for their benefit that they were Α 19 coming forward, certainly not for David's. 11:18 20 Okay, but -- and I think you indicated, as a 0 21 friend of his, they shouldn't have been doing 22 that? 23 Α Well, it seems to go against what a friend would 24 normally do. 11:18 25 In 1983, Mrs. Milgaard, by that time you Q Yeah.

1 So reviewing the newspapers? Q 2 Α Yes. 3 And what information did you get that suggested to 0 you that he had killed Gail Miller? 4 5 Α Well, it wasn't information that he had killed 11:19 Gail Miller, I went back through all of the 6 7 newspapers and anybody that had been charged with 8 rape or assaults of -- dealing with women, and I 9 would try to find out where they were at the time 11:19 10 that Gail Miller was killed, or if they were still 11 in Saskatoon or if they were in jail or anything, 12 so I -- I followed up hundreds of people. 13 0 Okay. The -- the --14 These are major ones that -- you know, because Α 11:20 15 some of the similarities in the case that got me 16 really doing him more in depth than others. 17 So this would have been going to the 0 Okay. 18 Saskatoon public library? 19 Α Well, I actually went to the Winnipeg public 11:20 20 library and looked through papers from Saskatoon, 21 and I did come up to Saskatoon as well. 22 Q Okay. And so you looked -- that would have been 23 the Saskatoon StarPhoenix? 24 Α Yes. 11:20 25 And do you know what period of time you would have Q

| | 1 | | looked, would have covered, in your review of the |
| | 2 | | papers? |
| | 3 | А | Well, I started back in the '60s, I believe. |
| | 4 | Q | Okay. And up to what period of time? |
| 11:20 | 5 | А | I don't remember. |
| | 6 | Q | Like would have you gone to 1970 and '71, or past |
| | 7 | | that, to see who might be out there as rapists, |
| | 8 | | that sort of thing? |
| | 9 | А | I don't know whether I went past that date or is |
| 11:20 | 10 | | that as far as we went to, you know. |
| | 11 | Q | Okay. You mentioned, we looked at the police |
| | 12 | | warning that was out there, and I take it you |
| | 13 | | didn't find that when you were doing your review, |
| | 14 | | then, didn't come across that? |
| 11:21 | 15 | А | No, I believe that was found by someone else that |
| | 16 | | was reviewing |
| | 17 | Q | Yeah, |
| | 18 | А | a little more thoroughly than I was. |
| | 19 | Q | but my question, though, was that when you did |
| 11:21 | 20 | | your review you have no recollection of coming |
| | 21 | | across that? |
| | 22 | А | I have not. |
| | 23 | Q | Okay. There was a and, as I understand it, one |
| | 24 | | of the one of the thoughts that you had and |
| 11:21 | 25 | | because, of course, you were concerned about |

Page 31926 1 Nichol John's testimony -- and one of the issues 2 may have been "well, maybe Nichol did see 3 something, but it didn't have anything to do with 4 David"; that was one possibility you looked at? 5 Α Yes. 11:21 And the possibility that you looked at, in fact 6 Q 7 that you believed for a period of time, was that 8 this Mahar killed Gail Miller? 9 Yeah, he had connection with the church there. Α Connection with that St. Mary's Church? 11:21 10 0 11 Α Yes, right. 12 Q So that kind of put him in the area? 13 Α Uh-huh. 14 And that she may have witnessed Mahar killing Gail Q 11:21 15 Miller --16 Right. Α 17 -- and, now, was sort of alluding or somehow 0 18 connecting that to David when, in fact, she's got 19 the wrong person altogether? 11:22 20 Right. Α 21 Okay. Could you just bring up document 159724, Q 22 please. This is a report that appeared in the 23 Saskatoon StarPhoenix May 29th, '71 which referred 24 to Larry Fisher sentenced to 13 years in Manitoba, 11:22 25 Larry Fisher of Saskatoon sentenced to 13 years in

Do you recall, 3 Mrs. Milgaard, if, in your examination of the newspapers, that you would have come across this 4 5 article in the StarPhoenix? 11:22 No, I did not, and so this is why perhaps I was 6 А 7 only dealing with ones prior to, you know, 8 probably up to 1970. 9 Okay. You --Q 11:22 10 Because I think the first time I saw this was Α 11 years later. 12 Q Okay. So no recollection of seeing this, or if 13 you --14 Not at that time. Α 11:23 15 -- did come across it, it didn't twig anything Q 16 with you at the time? 17 Α No, no. 18 Okay. Mr. Hodson has reviewed with you, Q 19 Mrs. Milgaard, in some detail the various 11:23 20 documents that alluded to information that you or 21 Peter Carlyle-Gordge had about Larry Fisher in 22 that 1983 time frame; do you recall when he went 23 through that evidence with you? 24 Α Yes. 11:23 25 And I don't mean to go through that in detail with Q

| 2 | for the record, I'll just refer to the documents |

| 4 | | you don't have any recollection of seeing that at |
| 11:25 5 | | the time? |
| 6 | А | No, I did not. |
| 7 | Q | Okay. The further documents Mr. Commissioner, |
| 8 | | I'll just refer them by number; 216089; 159890, |
| 9 | | that was the Peter Carlyle-Gordge ad looking for |

| 21 | | I think you've already indicated that? |
| 22 | А | We've indicated I've indicated that I don't |

| 3 | Q | Yeah. So you |
| 4 | А | And |
| 11:26 5 | Q | you're thinking that Peter Carlyle-Gordge |
| 6 | | didn't convey any of that information to you? |
| 7 | А | Some of it may have, but certainly not to the |
| 8 | | extent that we went through, because we looked at |
| 9 | | it. |
| 11:26 10 | Q | Sure. Likely, some information was conveyed to |
| 11 | | you that there's information about a Larry Fisher, |
| 12 | | you may have not have had it in the detail that's |

| 16 | А | Yes, and I'm sure that, if I had been knowing the |
| 17 | | information that I have now, that I would have dug |
| 18 | | a little deeper there, so |
| 19 | Q | Is it possible in 1983, Mrs. Milgaard, that at |

Page 31932 : 1 everything that was connected around 2 . . . " 3 If I could just pause there; that would be 4 correct? 5 Α Yes. 11:28 "It seemed to me David hadn't done it, 6 0 7 like I'm starting from that premise and 8 if David hadn't done it I felt that it 9 must be someone with similar type of ... 11:28 10 modus operandi, if you will, and so I 11 started looking back to see - we, we 12 followed up on ...", 13 and it has "McHarg", M-c-H-a-r-g, but would --14 that might -- correct, that should be referring 15 to Mahar? 16 Mahar, yes. Α 17 That's who you were referring to? 0 18 Yes. Α 19 "... which was, was a guy at that time 0 11:29 20 was ... actually came to St. Mary's 21 Church and was seeing visions and 22 everything and he was convicted of a 23 murder with stabbing with a paring knife 24 and he'd been visiting with the priest 11:29 25 at St. Mary's." Meyer CompuCourt Reporting =

Page 31933 : 1 If I can pause there, that's what you were 2 referring to earlier, that he somehow was 3 connected to St. Mary's Church, which was close 4 to --5 Α That's right. -- where Gail Miller was killed, --6 0 7 Uh-huh. Α -- so logical that he would be a prime candidate 8 Q 9 for the murder of Gail Miller? 11:29 10 Α Right. "Uh, that was his priest and telling him 11 Q 12 about the visions that he had and all 13 the rest of it so, we followed up on so 14 many cases and it was, at the time that 11:29 15 we found out about Fisher, we didn't 16 follow up on him because we got locked 17 into the McHarg, and we got, we were 18 just like the police. We got tunnel 19 vision (laugh). We got into a, one 11:29 20 area, and you know, we're, we're finding 21 that the police had tunnel vision on 22 David. I know how that can happen 23 because as soon as you get something 24 that fits you just go after it. Ι 11:30 25 followed many, many avenues - ohh - all

Page 31934 1 these different things and - what I was 2 doing all that time but it was because, 3 you know you start ... You know how long 4 it takes." 5 Would that have been the answer you gave 11:30 6 Inspector Sawatzky? 7 Yes. Α 8 And would that be an accurate answer? 0 9 Α Yes. 10 And he goes on, Inspector Sawatzky, apparently he 0 concedes: 11 12 "O You're right about the tunnel vision. 13 There's no, no doubt whatsoever that I've been the victim of that 14 happens. 11:30 15 myself." 16 And you answer: 17 "A And you don't realize it, like Umm hmm. 18 I can look back now and I can say that 19 was stupid. I mean you just, like you 11:30 20 had Larry Fisher there, you could have 21 found him at that time." 22 That would have been the answer you gave? 23 Α Yes. And that would be accurate? 24 0 11:30 25 Α Yes.

Page 31935 : 1 Q And, again, what you are saying there is that, 2 looking back on it now, gee, maybe I should have 3 picked up on Larry Fisher, I didn't, I was focused 4 on this other fellow, and that's what happened? 5 Α That's right. 11:30 And then the next question: 6 0 7 "Ο At the time it's the logical chain of 8 events. 9 Yeah, that's right." 0 11:31 10 And then you answer: 11 " A Yeah, and so whenever I want to really, 12 umm, uh, nail those police officers I 13 [laughs], I, I can I understand it." 14 That's right. Α 11:31 15 That would have been the answer you gave? 0 16 That's right. Α 17 And that would be accurate? 0 18 Yes. Α 19 Mrs. Milgaard, you had some -- you've expressed 0 11:31 20 concerns that efforts were made to cover up the 21 existence of Larry Fisher by many people at, 22 really at the highest levels or the highest 23 places, I think you've described it as? 24 Α That's right. 11:31 25 And you indicated, I think it was on May 18th, Q

Page 31942 1 '70-'71, would it have been the 1980s at least 2 before you saw those reports? 3 Α Oh, probably. 4 And when you saw the reports, like, for example, 0 5 and I'm not sure if you are familiar with those 11:39 6 reports, but Mr. Karst in those reports points 7 out, for example, Ron Wilson says there's no 8 blood, then says there's blood, then says there's 9 no blood, that sort of thing. Do you --11:40 10 Α I don't remember which reports I had when, I'm 11 sorry. 12 Q Okay. Do you have any recollection of reading 13 those reports and saying, you know, gee, here's 14 Mr. Karst raising some questions, what happened, 11:40 15 who answered those questions for him? 16 I don't remember that. Α 17 Do you want me to give you an example of Q Okay. 18 what I'm referring to? 19 Α Yes, sure. 11:40 20 If we could just bring up report 009254, 0 Sure. 21 this is Mr. Karst's observation about Nichol John 22 in his report of April 18th, 1969, starting there 23 with further: 24 "Further investigation of this girl when 11:41 25 she was interviewed gave one the feeling

He 14 obviously is putting in information in his report 11:41 15 which would suggest that David wasn't responsible 16 for the murder; would that be correct? 17 Yes, and he seemed to be believing that she was Α 18 telling the truth. 19 0 Similarly, if go to the next page, this paragraph 11:41 20 here: 21 "Although there are many unanswered 22 questions with regards to Milgaard's 23 activities on that particular morning, 24 if one is to believe the girl, Nichol 11:42 25 John, and it appears that she is very

| 2 | | no way in which Milgaard can be |
| 3 | | connected with this crime." |
| 4 | А | Yes. |
| 11:42 5 | Q | Again, it seems to be sort of stating there's a |
| 6 | | question here, somebody is going to have to answer |
| 7 | | that statement? |
| 8 | А | Uh-huh. |
| 9 | Q | Have you determined sort of the process of where |
| 11:42 10 | | those reports went or who processed them or who |
| 11 | | kind of was responsible for answering those |
| 12 | | questions? |
| 13 | А | No. |
| 14 | Q | Okay. |
| <i>11:4</i> 2 15 | А | This is why I suggested that there be someone that |
| 16 | | looked over all of these reports. |
| 17 | Q | And that would be the benefit of an independent |
| 18 | | review person? |
| 19 | А | That's right. |
| 11:42 20 | Q | Here's Mr. Karst, he's told to go out and do this |
| 21 | | particular area of the investigation, he does it, |
| 22 | | files a report, raises some questions, somebody |
| 23 | | else does another area of the investigation, one |
| 24 | | person independent of it all looks at it and tries |
| 11:42 25 | | to make sense of it? |
| | | Meyer CompuCourt Reporting |

Page 31945

A Correct.

1

2 **Q** And that would be a desirable result?

3 A It would be.

And even if we look at his report of 4 Yeah. 0 5 009264, May 25th, 1969, and you of course would 11:43 know the significance of the May 25th date, this 6 7 is now, Nichol John and Ron Wilson have now given 8 their incriminating statements against David? 9 Α Yes.

11:43 10 **Q** And at page 267, referring to Ron Wilson:

"Also in this statement Wilson states he
had seen blood on Milgaard's trousers
when changing his clothes at the Cadrain
residence at 334 Avenue O South on the
morning of Jan. 31st, 1969. This he had
previously denied."

Again, Mr. Karst is pointing out that we've not
got Ron Wilson saying he saw blood, he previously
said he didn't see blood?

11:44 20 A Uh-huh.

21 **Q** And you would hope somebody would sort of try and 22 process that apparent conflict?

23 A Yes.

24

11:44 25

Q But certainly it would be accurate, and you would be glad, I'm assuming, to see that Mr. Karst made

_____ Meyer CompuCourt Reporting =

that observation there, that he's saying one thing

1

| 2 | | now that's incriminating, but he said just the |
|------------------|---|--|
| 3 | | opposite before? |
| 4 | А | Correct. |
| <i>11:44</i> 5 | Q | And again that independent overseer might have |
| 6 | | been able to take all of that and make some sort |
| 7 | | of conclusion or consideration that might have |
| 8 | | ended up with a different result than you did? |
| 9 | А | Right. |
| <i>11:44</i> 10 | Q | And even at the last page of the report, at least |
| 11 | | it seemed to be Mr. Karst's observation, that as |
| 12 | | of May 25th, 1969, even though the statements had |
| 13 | | been obtained from Nichol John and Ron Wilson, the |
| 14 | | investigation was continuing? |
| <i>11:4</i> 5 15 | А | Yes. |
| 16 | Q | It seemed to be on his part, he seemed to be of |
| 17 | | the view hopefully we're going to get some more |
| 18 | | information or some more answers as to what's |
| 19 | | going on here? |
| 11:45 20 | А | Yes. |
| 21 | Q | Mrs. Milgaard, would I be correct that in the late |
| 22 | | '80s and early 1990s when this matter started to |
| 23 | | come forward in the public forum, that there were |
| 24 | | a number of people who were reluctant to speak, |
| <i>11:4</i> 5 25 | | and certainly to speak to the press about this |
| | | Meyer CompuCourt Reporting |

Page 31947 : 1 matter who were involved in the investigation and 2 the prosecution? 3 Α Yes. 4 And similarly there were a number of people, 0 5 because you were asking for an inquiry or review 11:45 and a number of people said no, there's no way 6 7 there should be one, we shouldn't have one, that 8 sort of thing? 9 Α Yes. 11:45 10 Would I be correct in saying that Mr. Karst was 0 11 one of the exceptions in the sense that he was 12 prepared to speak to the media and he didn't 13 object to there being an inquiry? 14 I believe he did. Α 11:46 15 And I was just wondering if an example of that 0 16 would be his interview with Dan Lett, and of 17 course we've heard who Mr. Lett is, he was 18 investigating the matter as a media person and 19 obviously sharing some information with you, but 11:46 20 he was working in his capacity as a journalist? 21 Yes, he was. Α 22 Q Doc. number, and I've got two, and the one I'm 23 using is, hopefully you've got this, 004110, and 24 first of all, obviously Mr. Karst did the 11:46 25 interview, he spoke with Mr. Lett, so he was

Meyer CompuCourt Reporting

Page 31948 -

| | | —————————————————————————————————————— |
|------------------|---|--|
| 1 | | |
| 1 | | prepared to answer the questions he had for him; |
| 2 | | would that be correct? |
| 3 | А | Yes. |
| 4 | Q | And then it seems as though, fairly clear from |
| <i>11:4</i> 6 5 | | this interview, and I'm not sure if you have much |
| 6 | | recollection of it, but that he wasn't objecting |
| 7 | | to there being an inquiry if somebody thought that |
| 8 | | would be appropriate, and maybe just refer to page |
| 9 | | 116 and just sort of start there, this is Mr. |
| 11:47 10 | | Lett: |
| 11 | | "Mmhm. What about now, that the |
| 12 | | Milgaards" |
| 13 | | And just for the record, Mr. Commissioner, this |
| 14 | | interview is, the date of this document, this |
| <i>11:4</i> 7 15 | | interview was August 21st, 1991. |
| 16 | А | Can you go back a little higher on that? |
| 17 | Q | Yeah, go ahead. |
| 18 | А | I just missed that. |
| 19 | Q | Okay? |
| 11:47 20 | А | So he says that if he had known things, he would |
| 21 | | have queried his whereabouts a little more to |
| 22 | | ascertain that he was telling the truth or he |
| 23 | | wasn't. |
| 24 | Q | Yeah. And in fairness, at this point in time Mr. |
| 11:48 25 | | Karst still was of the view that David was guilty? |

| | 1 | А | Yes. |
| | 2 | Q | Yeah. |
| | 3 | А | Uh-huh. |
| | 4 | Q | But in terms of his position, I think you would |
| 11:48 | 5 | | acknowledge that his position was David is guilty, |
| | 6 | | so there shouldn't be an inquiry, it's a done |
| | 7 | | deal. Notwithstanding that he believed David was |
| | 8 | | guilty, he was still prepared to go ahead with an |
| | 9 | | inquiry? Maybe I can read that and see if this |
| 11:48 | 10 | | helps: |
| | 11 | | "What about now, that the Milgaards say |
| | 12 | | they don't want David Milgaard released. |
| | 13 | | That they just want - they wanna go back |
| | 14 | | and they wanna do it all in a court. |
| 11:48 | 15 | | They wanna bring in all these people |
| | 16 | | that, you know, like Wilson and John and |
| | 17 | | and Cadrain, and they wanna put them |
| | 18 | | under oath; 'cause nobody's had a chance |
| | 19 | | since the trial - put them under oath - |
| 11:48 | 20 | | do you think that that there would be |
| | 21 | | this way put everything to the rest once |
| | 22 | | and for all if they just went back to |
| | 23 | | some sort of a court and had it all |
| | 24 | | out?" |
| 11:48 | 25 | | Mr. Karst responds: |

K

| 1 | | "If they could get a proper court, I |
| 2 | | wouldn't - I wouldn't see anything wrong |

| 4 | | you'd get one. I'm sure there's |
| 11:49 5 | | witnesses that aren't around. I'm sure |
| 6 | | there's witnesses like I said before - |

| <i>11:4</i> 9 15 | Mr. Lett | : |
| 16 | | "Mmhm." |
| 17 | Karst: | |
| 18 | | "But to that extent, I can't see how |
| 19 | | you'd have an honest trial. I would |
| 11:49 20 | | rather - that's just my opinion, I'm not |

Page 31954 1 if in fact that's the case or not? 2 Α That's right. 3 And it looks like he's expressed a little bit of 0 4 some of the same frustrations you have in terms of 5 what has gone on here. I mean, Wilson has said 11:52 something, Nichol John said something, Cadrain 6 7 said something, all these people have said 8 something, sooner or later we've got to get to the 9 bottom of this and find out what exactly these 11:52 10 people know; would that be fair? 11 Α Fair. 12 Q And really that's what your inquiry was over the 13 years, I want to know exactly what these people 14 saw, if anything, just give me the truth? 11:52 15 Correct. Α 16 And I think maybe to that extent, maybe you Q 17 wouldn't agree to the procedure, but the 18 objective, this is at page 120 of this report, and 19 here's Mr. Karst, he's asked: 11:53 20 "First of all, are you absolutely 21 convinced that Larry Fisher didn't do -22 kill Gail Miller?" 23 And he answers: 24 "Absolutely. | 21 | | | you would agree, and I think you would agree with |

| 1 | Q | but the sentiment of let's get to the bottom of |
| 2 | | this, if these people lied, if these people |
| 3 | | perjured themselves, then let's get that out on |
| 4 | | the record and deal with this, that view, that |
| <i>11:54</i> 5 | | sentiment you would agree with? |
| 6 | А | Yes. |
| 7 | Q | Mrs. Milgaard, you mentioned that there had been |
| 8 | | some indication that people had been told by some |
| 9 | | members of the Saskatoon Police Service that they |
| 11:54 10 | | shouldn't speak to you when you were making your |
| 11 | | inquiries. Do you recall that? |
| 12 | А | Yes. |
| 13 | Q | And I take it you weren't sure who had said that |
| 14 | | specifically and I take it there was no specific |
| <i>11:54</i> 15 | | reference to Mr. Karst as regards that? |
| 16 | А | I don't believe there was. |
| 17 | Q | And the reason why I say that is I know just |
| 18 | | we've heard, for example, Ron Wilson testify and |
| 19 | | he testified on March 21st at page 5962, and I |
| 11:55 20 | | don't know if you recall this, and I'll ask you if |
| 21 | | you recall, if you don't I'll bring it up, but he |
| 22 | | indicated he was not told by the police, and I |
| 23 | | think it was Mr. Karst who spoke to him, was not |
| 24 | | told that he didn't have to or that he |
| 11:55 25 | | shouldn't speak to you? Do you recall that? |

Page 31957 : 1 No, but I'll take your word for it if he said it. Α 2 0 Okav. And that may be possible, that Mr. Karst at 3 least in speaking to Ron Wilson said you don't 4 have to speak to Joyce Milgaard, but I'm not 5 telling you not to? 11:55 Uh-huh. 6 Α 7 You would accept that? Q 8 You don't have to speak to --Α 9 -- Joyce Milgaard, but I'm not telling you you Q 11:55 10 shouldn't speak to her. 11 Α Oh, okay. 12 Q Would you accept that? 13 Α Possibly. Do you want to see what Mr. Wilson said? 14 Q 11:55 15 If that's what he said, I'll accept it. No. Α 16 And Nichol John on March 15th at transcript pages Q 17 5276 to 77 expressed a similar view, that she was 18 not specifically advised not to speak to Joyce 19 Milgaard, she was told it was up to her. Do you 11:56 20 accept that as well? 21 Yeah, and I think it's interesting that they would Α 22 go out and tell them that, that they could speak 23 to me, but that they didn't have to. In other 24 words, they were warning them. 11:56 25 COMMISSIONER MacCALLUM: Who was the last

Α 8 You saw the letter that Nichol John's lawyers, I 0 9 think that was reviewed with you, sent to the 10 police, in fact accusing the police of releasing 11:56 information about her? 11 12 Α Yes, she did. 13 0 She of her own was of the very strong view that 14 she didn't want to speak to you or have 11:56 15 information released? 16 That's correct. None of them did. Α 17 Mrs. Milgaard, you talked about the treatment of 0 18 Ron Wilson by the police, and you were present 19 when Mr. Wilson testified; am I correct, Ron 11:57 20 Wilson when he testified here at this Inquiry? 21 Yes. Α 22 Q And did you hear him allude to the fact that he 23 didn't have a complaint about how he was dealt 24 with by Detective Karst or former Inspector Short? 11:57 25 Α Yes.

Page 31959 1 Q That his complaint was with how he was dealt with 2 by Mr. Roberts, the person that operated the 3 polygraph? 4 Α Yes, I remember that. 5 Q And I take it one of the things that was difficult 11:57 to determine, and I'm not sure if the Commissioner 6 7 is going to be able to determine it based on what 8 evidence is available today, is what exactly Mr. 9 Roberts said and did to Ron Wilson? 11:57 10 Α Right. 11 Q Right. And whether or not Mr. Karst was there to 12 basically take the statement after it was a done 13 deal or that sort of thing. You agree with that? 14 Right. Α 11:58 15 Certainly Mr. Wilson's perspective, and I think he 0 16 actually used the words that he didn't think that 17 Karst or Short should be involved in a lawsuit 18 even, the person he had the complaint with was Mr. 19 Roberts? 11:58 20 Yes. Α 21 And in terms of Nichol John, you similarly heard Q 22 her testify here that she had no complaints as 23 such as to how she was dealt with by the police, 24 she didn't voice any complaints? 11:58 25 Α That's right.

| 6 | А | I possibly said that. I don't recall that, but I |

| 8 | Q | And that would be basically saying to her here's |

2 I said I was comfortable, I thought that's what Α 3 you were -- the question was? 4 The question now is are you content with the 0 5 progress and conduct of this Inquiry to this date? 01:34 COMMISSIONER MacCALLUM: 6 Ms. McLean? 7 MS. McLEAN: Mr. Commissioner, I do not see 8 the relevance or the appropriateness of this kind 9 of questioning, it was not appropriate for 01:34 10 Mrs. Milgaard to speak to the media and I would 11 submit that it is not appropriate for those types 12 of questions to be asked of her as a witness. 13 COMMISSIONER MacCALLUM: Mr. Wilson, tell 14 me the relevance, please? 01:34 15 MR. WILSON: Well, there have been some 16 comments made about other inquiries, as well, that we had heard about this morning and 17 18 yesterday, and that Mrs. Milgaard, I will be 19 suggesting, is content with those inquiries only 01:34 20 that produce results satisfactory to her, and 21 that will bear considerably on the evidence that 22 we will hear hence, from here henceforth. 23 In particular, may I ask one 24 more question that will illustrate this? 01:35 25 BY MR. | Q | Okay. I will accept that. And the next question |
| | is you don't feel that it is a whitewash? |
| A | I I believe, it is my hope and it is my belief |
| | that everything that we have gone through here, |
| | and the time that has been spent here, will yield |
| | valuable results for those that are wrongly |
| | convicted. |
| Q | Will you agree with me that what we're engaged in |
| | here is a search for the truth? |
| А | Yes, I would agree with that. |
| Q | And are we doing a fairly good job of it? |
| А | I would say a fairly good job of it, yes. |
| Q | Uh-huh. Tell me, Mrs. Milgaard, is truth a matter |

| A | Truth, to me, is a matter of principle. |
| Q | Would you explain that? |

| | 16 | | one of their high sellers. Now this special |
| | 17 | | permit that was needed to go out to B.C., what |
| | 18 | | can you tell us about that? |
| | 19 | А | Not a lot, other than the fact that Roger, his |
| 01:54 | 20 | | supervisor, had said that they had a permit to |
| | 21 | | travel within the Province of Saskatchewan but |
| | 22 | | they did not have a, I believe you need a |
| | 23 | | provincial licence in each case, and so they were |

| | 1 | Q | But he had been selling in Saskatchewan; is that |
| | 2 | | it? |
| | 3 | А | That's correct, they had a licence to sell in |
| | 4 | | Saskatchewan. |
| 01:54 | 5 | Q | Uh-huh. You were here when Roger Renaud |
| | 6 | | testified? |
| | 7 | А | Yes. |
| | 8 | Q | Can we look at transcript page 20879, please. So |
| | 9 | | this paragraph confirms your version of how David |
| 01:55 | 10 | | came to be working for the Maclean's sales crew, |
| | 11 | | that they came to the door, your door, as you had |

| 8 | | Do you remember that Saskatchewan enacted direct |

| 01:56 10 | А | No, I'm sorry, I have no recollection of that. I |
| 11 | | just know that, when they came, I had assumed that |
| 12 | | they would get whatever licensing was necessary |
| 13 | | for him, and he went to work with them right away. |
| 14 | Q | "Q Can you recall when he started to work |
| 15 | | for you? |
| 16 | | A Well, from what I remember, I thought |
| 17 | | it was before Christmas that he worked |
| 18 | | just a bit of time while we were in |
| 19 | | Manitoba. |
| 20 | | Q In '68? |
| 21 | | A In '68, yeah. And then when we came |
| 22 | | back for Christmas, because the people |
| 23 | | were from Saskatchewan and I spent |
| 24 | | Christmas in Regina, he went home, and |
| 25 | | then he came back for a week or two |

" 6 7 So he had not been selling in Saskatchewan, contrary to your version of the event? 8 9 Well, I thought he had been, I guess it was Α 01:57 10 Manitoba he was selling in. 11 Q Yeah. Next page. 12 А Is there a problem between the fact -- I mean we 13 were right on the border, practically, in 14 Langenburg, as you know, but he would have been selling in Manitoba then. 01:57 15 16 Well he hadn't been selling long enough to become Q 17 a high seller; had he? 18 Oh yes, he became a high seller immediately, I Α 19 think they testified to that. 01:57 20 The first week? He was only on the job maybe 0 21 three weeks. 22 Α He became -- he was one of their top sellers 23 immediately, I was told by them. 24 0 " O " ... he went home I believe around in the 25 middle of January, and while all this

| 1 | | transpired, he came back around |
| 2 | | around the middle of February, if I'm |
| 3 | | not mistaken, when his licence came |

| 5 | | Q Okay. And when he came back in February |
| 6 | | that would have been to work where; |
| 7 | | A Umm – – |
| 8 | | Q in Saskatchewan? |

| <i>01:58</i> 10 | | And then the correction was it was 1969, in |
| 11 | | February, when he came back. |
| 12 | | So 20884, please. This is a |
| 13 | | police interview with Mr. Renaud in Winnipeg and |
| 14 | | he identifies, at that time, David Milgaard |
| <i>01:5</i> 9 15 | | started on the 14th of January in Langenburg, to |
| 16 | | the 24th, a week in Regina not working, and then |
| 17 | | back on the road since the 7th of February; would |
| 18 | | you agree with that? Next page, please. |
| 19 | А | I'm sure that Roger would have had the dates. |
| 01:59 20 | Q | Uh-huh. Well likely Mr. Renaud, in the spring of |
| 21 | | 1969, would have a pretty clear recollection of |
| 22 | | how long David had been working? |
| 23 | А | I think he would have, yes. |
| 24 | Q | Yeah. So it wasn't as you represented here, that |
| 01:59 25 | | he had been doing it for more than a year and |
| | | Meyer CompuCourt Reporting |

Page 31982 1 doing extremely well, he had just barely begun; is 2 that correct? 3 When did I make that statement? Α 4 0 Well, let's look, let's go back to page 29535: 5 "... my son had left the hippie 02:00 lifestyle, he had a short hair cut, he 6 7 was working." 8 We're going to examine that a little bit. Now, 9 Mrs. Milgaard, I want you to clearly understand 02:00 10 that I am not bringing forth some of the activities that David was involved in way back 11 12 then to show that he was a person likely or 13 capable of murder. Would you agree with me that 14 people who work in the criminal justice system 02:01 15 and deal with hundreds of files, that the 16 individuals are usually just a name and a number, 17 that they never get to meet them in person and 18 they know only about them what they will find in 19 the files?

02:0120AThat's correct.Mr. Wilson, you didn't answer my21question that I had asked about when I had made22that statement, please.

Q I'm sorry, maybe I missed it. I'm supposed to be

| | 4 | Q | I just showed it to you. |
| 02:01 | 5 | А | No, you didn't. |
| | 6 | | COMMISSIONER MacCALLUM: No, the question |
| | 7 | | was, "It wasn't as you represented here, that he |
| | 8 | | had been working for a year and was doing |
| | 9 | | extremely well, in fact, he had hardly begun |
| 02:01 | 10 | | work," and she said "when did I ever say that?" |

| 02:02 | 15 | Q | Well, I guess as far as I can go is that bit on |

| | 17 | | at that time for some time. |
| | 18 | А | For some time. |
| | 19 | Q | Yes. I think somewhere else I have references to |

| 02:02 | 25 | А | That he had started then, but if I was being |
| | | | Meyer CompuCourt Reporting |

| 1 | | questioned by the police in May, I would have said |
| 2 | | he had been working for some time and that would |
| 3 | | have been accurate. |
| 4 | Q | Well, you were being questioned by Mr. Hodson |
| <i>02:0</i> 2 5 | | here, that transcript is from this Inquiry. |
| 6 | А | Yes, but at that time I felt that he had |
| 7 | | straightened his life out and he was doing well. |
| 8 | Q | Did David confide in you during his hippie times |
| 9 | | of his as to what he was up to? |
| 02:03 10 | А | Did he confide in me? I found things out about |
| 11 | | it, but he didn't necessarily confide in me, no. |
| 12 | Q | No. He was kind of a normal teenager in that |
| 13 | | respect I'm sure? |
| 14 | А | Yes, he was. |
| 02:03 15 | Q | Okay. This little problem of the permit to go to |
| 16 | | British Columbia, could we look at document |
| 17 | | 097376, please. Have you seen that document |
| 18 | | before? |
| 19 | А | I don't believe I have. |
| 02:04 20 | Q | Well, let's bring it up and let you read it. You |
| 21 | | can see it's a letter from the Vancouver Police |
| 22 | | Department to the Saskatoon Police Department re: |
| 23 | | David? |
| 24 | А | Oh, yes, I mentioned I haven't seen this, but I |
| 02:04 25 | | did know about the theft of auto, and in fact I |
| | | Meyer CompuCourt Reporting |
| | | Cartified Professional Court Reporters serving P.A. Regina & Saskatoon since 1980 |

Page 31985 1 think I even mentioned it in my book, that he was 2 getting into trouble and that he had been arrested 3 and there had been auto theft. 4 Well, let's just put this clearly out front: 0 5 "Millgaard was arrested in? 02:04 Vancouver in 1967 for Theft of Auto and 6 7 returned home to Yorkton ... by Juvenile 8 Authorities. 9 Millgaard again came to our 02:04 10 attention on May 7, 1968, when he was 11 picked up as a possible suspect in a 12 robbery dated November 3rd, 1967." Insufficient evidence. 13 Then in '68: 14 02:05 15 "Millgaard was arrested and charged with 16 Possession of Marihuana and on January 17 8, 1969, was put on probation and sent back to Yorkton, Saskatchewan. 18 One of 19 the stipulations of his probation was 02:05 20 not to return to British Columbia until 21 he reached the age of twenty-one." 22 Were you aware of that in 1969? 23 Α This would have been the time that David was in 24 the custody of the juvenile authorities in 02:05 25 Yorkton, Saskatchewan, he was for a year that we

by Mr. Wilson Vol 155 - Wednesday, May 31st, 2006 Page 31986 : 1 had turned him over to them at that time, so I may 2 not have been aware of this. 3 Well, a couple of things arise out of that. 0 First 4 of all, it would be clear that David wasn't selling magazines prior to the 8th of January, 5 02:05 1969; correct? 6 7 Well, he was selling magazines. Roger Renaud said Α 8 that and so did I. 9 Well, it's a little hard to sell magazines when Q 02:06 10 he's in jail in Vancouver isn't it? 11 Α He wasn't in jail. 12 Q "Later in 1968 Millgaard was arrested 13 and charged with Possession of Marihuana." 14 02:06 15 On January the 8th, '69 sent back to Yorkton. 16 You don't accept that? 17 Α No, I don't. I don't think he was in prison for 18 any length of time at all or I would have known 19 about it. 02:06 20 So you thought he was out selling magazines while 0 21 he's in jail in Vancouver? 22 COMMISSIONER MacCALLUM: Where does it say 23 he was in jail? 24 MR. WILSON: Well, he was arrested. 02:06 25 COMMISSIONER MacCALLUM: He could have been Meyer CompuCourt Reporting =

Jovce Mildaard

Page 31987 = 1 allowed out the same day. 2 I think he -- I think I heard about him being Α 3 arrested and about the marijuana and that, but there was no time he was in jail to my knowledge. 4 5 Q Well, let's leave that aside then. Oh, leave the 02:07 6 document up, please. 7 "One of the stipulations of his 8 probation was not to return to British 9 Columbia until he reached the age of 02:07 10 twenty-one." 11 Will you accept that that was a fact at that 12 time? 13 А I'm reading it in that letter, but it wasn't 14 anything that I had knowledge of. 02:07 15 So it wasn't a matter of getting a permit to sell 0 16 magazines in British Columbia, it was a fact --17 But he did and he was and he did go to B.C. and he Α 18 did sell. He was in Prince George, B.C. selling 19 magazines when he was -- when he went into the 02:08 20 police station and gave himself up. 21 Yes, and I suggest to you that he did so on the Q 22 violation of this probation order. 23 Α Maybe it had been lifted. 24 0 Do you know that? 02:08 25 No, but do you know it wasn't? Α

Page 31988 1 Q But you don't even know that it was ever in No. 2 existence? 3 No, I don't. Α And prefer to believe that it wasn't I think. 4 0 5 COMMISSIONER MacCALLUM: I don't think 02:08 suggestions of that sort are helpful, Mr. Wilson. 6 7 MR. WILSON: I agree it was out of order, 8 Mr. Commissioner. 9 BY MR. WILSON: 02:08 10 0 A couple of other things that I wanted to bring forward here about David's activities prior to 11 12 January of 1969, and if we could return, please, 13 to 305273, and this again is the statement that 14 David gave the police on March the 3rd, 1969 in 02:09 15 Winnipeg, and when they asked him: 16 "O Have you got a record of any type?" 17 He responded very frankly: Sexual immorality, trafficking, stolen 18 "Α 19 cars, B&E, was deported from the States 02:09 20 too - maybe Seattle. I'm on probation 21 out of Vancouver." 22 Now will you agree that he was on probation? 23 Α If he said so. 24 0 "Now transferred to Saskatoon, trouble 02:10 25 in Ottawa too.

Page 31989 1 When were you in Ottawa? Q 2 Not sure - maybe 1968, stayed a month Δ 3 with girl Sharon." 4 May we now look at document 009262, this is a 02:10 5 letter May 21st, 1969 from the RCMP to the police in Saskatoon. 6 7 "The only entry on his FPS file is in 8 violation of U.S. immigration laws at 9 Blaine, Wash. He was allowed voluntary 02:11 10 departure to Canada ... " On the 26th of October, 1967. Did you know about 11 12 that at the time? 13 Α No, so this must be what the U.S. information was. 14 This is substantiating the fact that there was a 02:11 15 problem in the U.S. that he said about. 16 Uh-huh. Q 17 Α Uh-huh. No, I made no -- in my book and 18 everywhere I said that he had a very troubled 19 lifestyle prior to this and -- but I felt that 02:11 20 once he started working with Maclean's, that he 21 was putting his life in order and he was on the 22 right track. I've never ever quibbled about his 23 background or the things that he did because I 24 knew -- certainly as a mom he drove me crazy, we 02:12 25 were always after him for where he was going and

| 02:12 | 10 | | However and the girl Sharon Williams, with whom |

| | 12 | А | That's correct. |
| | 13 | Q | And she gave the police a statement in the spring |

| 02:19 | 10 | А | I had to be sure because I didn't have the |

| 02:23 | 20 | | that pop out of there if you don't mind my asking, |
| | 21 | | your own background, 269317. You tell us in here |
| | 22 | | that you had a very remarkable life, |
| | 23 | | unquestionably that's true, that you were out on |
| | 24 | | your own at the age of 11? |
| 02:23 | 25 | А | I was. I wasn't on my own, I was living at home |
| | | | Mever CompuCourt Reporting |

Page 31997 : 1 with my parents. I was working. 2 Q Yes. 3 I lied about my age and worked in a plant because Α my dad was, had a broken leg and my mom was taking 4 in borders and we needed the money. 5 02:24 But you had left school? 6 Q 7 That's right. Α 8 So your formal education, if I can call it that, 0 9 terminated at the age of 11; correct? 02:24 10 Α My formal education. I went to night school and 11 courses and everything after that. 12 Q Where did you do that? 13 Α Various places across the country. I did some by 14 mail, I went to the University of Winnipeq. 02:24 15 My edition has page 10, can we start from there. 0 16 Back up a couple I guess. Here and the following 17 paragraph, next page. Here's the line that I 18 found just absolutely remarkable, you were already 19 in grade 9 when you were 11 years old because you 02:26 20 started school young. 21 That's correct. Α 22 Q You stand by that statement here today? 23 Α I started grade 9 and I was 11, yes. I actually 24 started school when I was, I think, five, four or 02:26 25 five.

| 02:26 | 5 | | wasn't an item that was available? |
| | 6 | А | That I somewhere else I said what? |
| | 7 | Q | Wasn't available to David, but it was okay in your |
| | 8 | | time. You were 11 years old in grade 9? |
| | 9 | А | That's correct. |
| 02:26 | 10 | Q | That's remarkable. I'm also interested thank |

| 02:27 | 15 | | end of December, 1988; correct? |
| | 16 | А | That's correct. |
| | 17 | Q | And you went off to England and that's where you |
| | 18 | | decided to become a Christian science nurse? |
| | 19 | А | That's correct. |
| 02:27 | 20 | Q | Next page, please. You started your training in |
| | 21 | | England? |
| | 22 | А | Yes. |
| | 23 | Q | And then Mr. Hodson asked you to do this |
| | 24 | | chronologically: |

| 1 | | Well three months, and then you went to Tenacre |
| 2 | | in Princeton, New Jersey: |
| 3 | | "A and then I was accepted at Ten-acre |
| 4 | | in New Jersey for the nurse's training |
| 01:10 5 | | course. Now that's a, normally a |
| 6 | | three-year course, it took me five years |

| 8 | | Manitoba to work on David's case." |
| 9 | | That's correct, you said that properly? |
| <i>02:28</i> 10 | А | Approximately, yes. It may sound confusing to |
| 11 | | someone reading this, but what happened was I took |
| 12 | | the nurse's aide training course |
| 13 | Q | You took the what? |
| 14 | А | I took the nurse's aide training course in |
| <i>0</i> 2:29 15 | | England, that was a two week course there, and it |
| 16 | | was at that time that I decided to go into the |
| 17 | | nursing and applied and I was accepted at Tenacre. |
| 18 | | Now, then what happened is you do three months on |
| 19 | | the job and then you do nine months off the job, |
| 02:29 20 | | like, three months in classes and then you do nine |
| 21 | | months training on the floor, so I went back to |
| 22 | | England to do my nine months' training on the |
| 23 | | nursing floor there and it was when I was on the |
| 24 | | nursing floor there that I was called back from |
| 02:29 25 | | England by Mr. Asper. |

| 14 Q So you were an employee at Tenacre? | |
| 02:30 15 A A student and employee at the same time, yes. I | |

| | 9 | А | Well, he apparently didn't realize the extent of |

1 wasn't a wise thing to do, or something to that 2 effect. Well he was, as he says here, not very happy about 3 0 4 the fact that you were secretly taping his phone 5 calls? 02:51 6 Obviously. Α 7 All right. Q 8 Α But it was for my personal use. I had no idea it 9 was going to be ending up in Court for everyone to 02:51 10 listen to or I probably wouldn't have made the 11 tapes. 12 Q Well, President Nixon wasn't aware either. The 13 point I'm coming to, Mrs. Milgaard, is that at no 14 time back there did you walk in to Hersh Wolch or 15 David Asper and say "look, for my own needs, I 02:52 16 want to tape our telephone calls, do you mind?"; you never did that? 17 18 No, I never did that. Α 19 0 Mrs. Milgaard, if the technology had been 20 available at the time, do you think Jesus would 02:52 21 have secretly taped his discussions with his 22 disciples? 23 COMMISSIONER MacCALLUM: I don't know how 24 to characterize that question in order to --02:52 25 MS. Page 32015 = 1 Q May we turn to 331214, please. This is your 2 interview with Inspector Sawatzky in February 1993 3 subsequent to the accusations you and Mr. Wolch 4 made in September previous. May we turn to 1248, 5 please. Now you were discussing with Mr. --02:55 6 Inspector Sawatzky your taping here, and: 7 "... I want to be sure ... I'm not going 8 to get in trouble if I turn over phone 9 tapes to you." 02:55 10 This is the conversation you are having with 11 Mr. -- Inspector Sawatzky about the legality of 12 what you had been doing? 13 Α Yes. 14 Q Next page, please: 02:56 15 "0 Police have to have authority, judicial 16 authority ... " 17 "A ... so it's alright ... 18 "O ... but as long as there was a 19 consenting party to the conversation and 02:56 20 you're not an agent of the state, then 21 it's okay for you to tape. 22 Q A consenting party ... Page 32016 1 could tape legitimately. Yeah, because up until then you were concerned 2 Q 3 that you were doing it not only illegitimately, 4 but illegally; correct? 5 Α I don't know that, up until that point, I had even 02:56 6 thought about it, because I was doing it for my 7 own use, I didn't really -- because we started 8 talking about it and now I'm going to turn these 9 over to him, they are no longer for my own use, 02:56 10 then I was concerned. And but, again, not only did you not go to Mr. 11 Q 12 Asper and Mr. Wolch and ask if it was okay to tape 13 them, you didn't go to them and say "is it okay 14 that I tape at all"; you didn't ask any advice on 02:57 15 it? 16 I -- by this point in time they both knew that I Α 17 was taping everything. 18 Well, not according to Mr. Asper, he found out Q 19 mostly when he got here? 02:57 20 Oh, I think he knew about it before he got here. Α 21 Well we just went through his testimony, do we Q 22 want to go back to it, have you forgotten it 23 already? 24 Α No, I haven't forgotten it, but I believe that 02:57 25 David, he may have not known how much I was

Α 9 Nonetheless, are you disputing his statement that Q 02:58 10 we just looked at, that he found out when he got 11 here, and that he was unhappy, and that he told 12 you that he was unhappy? 13 Α I don't think that's what he said. 14 May we look at, please, 27572: Q ... when did you learn that ... | | 8 | А | Because I told him. |
| | 9 | Q | Okay. You could establish that for us? |
| 02:59 | 10 | А | I can't remember when I told him, but I know he |

And could we look at 651, please, and the C here I 21 Q 22 think is your son Chris? 23 Α I don't know. 24 0 "And I said well David, I was a liar 03:01 25 years ago, and I lied so much that I Meyer CompuCourt Reporting =

| 1 | 2 | Q | Did the conversion come about as a result of an |

| 1 | 4 | А | I believe when I first learned about Christian |
| 03:24 1 | 5 | | science and the fact that it is based on the |
| 10 | 6 | | truth umm, I guess I would have to say it came |
| 1 | 7 | | gradually, like, it took some time. I didn't just |
| 18 | 8 | | immediately stop because it was sort of a habit |
| 1 | 9 | | that one gets into of exaggerating and, you know, |
| 03:24 20 | 0 | | you've been saying pathological liar, I've been |

| | | | Meyer CompuCourt Reporting |

| | | |
| 1 | | when you started mentioning medical, I realized, |
| 2 | | you know, I have no idea what the dictionary |
| 3 | | definition of pathological liar is. |
| 4 | Q | Well, it might be interesting if you Googled it, |
| <i>0</i> 3:25 5 | | you would see some interesting explanation. |
| 6 | | However, obviously you thought that there was a |
| 7 | | danger you were still suffering from the condition |
| 8 | | in 1990 when you began your taping? |
| 9 | А | I felt it was really important because I seem to |
| 03:25 10 | | have problem with memories and dates and things |
| 11 | | like that, that everything that I said was truth |
| 12 | | and factual and that's why I taped, and I would |
| 13 | | listen to them before I would tell someone else |
| 14 | | something that someone told me. |
| <i>0</i> 3:25 15 | Q | So was that a yes, you were concerned in 1990 that |
| 16 | | there may be some vestiges of the condition still |
| 17 | | affecting you? |
| 18 | А | No, I don't think I thought I was a pathological |
| 19 | | liar in 1990, no, but I felt that it was important |
| 03:26 20 | | that I have everything down correctly. |
| 21 | Q | Mrs. Milgaard, the talent you discovered when you |
| 22 | | went into the direct selling business years ago, |
| 23 | | to role play effectively, is that still with you, |
| 24 | | you are still able to do that? |
| 03:26 25 | A | No. I've always wanted to be an actress, but I've |
| | | Meyer CompuCourt Reporting |

| | r | Page 32023 |

| | | |
| 1 | | never had the time to pursue that role. |
| 2 | Q | But you still have a bit of natural talent in that |
| 3 | | field; right? |
| 4 | А | I don't really know. |
| 03:27 5 | Q | I would like to suggest that you've brought some |
| 6 | | of that talent to these proceedings and |
| 7 | | specifically I'm going to give you an example. |
| 8 | | The other day when Mr. Hodson was leading you |
| 9 | | through the history of this affair and came to the |
| <i>0</i> 3:27 10 | | February, '91 letter from Kim Campbell, you |
| 11 | | effected distress, asked for a break, turned and |
| 12 | | after we all left you sat there looking at the |
| 13 | | wall for a few moments before you joined us |
| 14 | | outside, and I suggest to you, Mrs. Milgaard, that |
| 03:27 15 | | that incident was entirely feigned, contrived, |
| 16 | | staged, in fact, phoney? |
| 17 | А | I will tell you unreservedly that that absolutely |
| 18 | | was not the case. I would not for one moment |
| 19 | | resort to ploys like that at this Inquiry. This |
| 03:28 20 | | is an Inquiry that I hope the truth will come out |
| 21 | | of it. Do you think I would actually sit here and |
| 22 | | do something like that? I find that obscene. |
| 23 | Q | You will recall, I think I alluded to it in one of |
| 24 | | my earlier questions to you, that last October you |
| 03:28 25 | | made some unfortunate comments to the media about |
| | | Meyer CompuCourt Reporting |

= Page 32024 =

what was going on in this Inquiry, specifically

1

| 2 | | the concern about David's standing. Do you recall |
|----------|---|--|
| 3 | | that? |
| 4 | А | Yes, I do. |
| 03:28 5 | Q | And I'm going to suggest to you that on October |
| 6 | | the 26th you walked out of the Inquiry room and |
| 7 | | you read a statement that you had written out to |
| 8 | | the print media outside the Inquiry room. Do you |
| 9 | | recall |
| 03:29 10 | А | Absolutely not. |
| 11 | Q | That was over in the Sheraton Hotel. |
| 12 | А | That I wrote down a statement and gave it to the |
| 13 | | media? |
| 14 | Q | And read it to the media. |
| 03:29 15 | А | No, I did not. |
| 16 | Q | Well, that's remarkable, because I stood and |
| 17 | | watched you do it. And you threw some emotion in |
| 18 | | because you were quite upset, you said, and I'm |
| 19 | | quoting from the StarPhoenix article of October |
| 03:29 20 | | the 27th: |
| 21 | | "At this time I feel so |
| 22 | | intimidated by the Commission, the |

It's just 9 I think Canadians will be unbelievable. 03:30 10 ashamed to see what is happening here in Saskatoon." 11 12 You said that? 13 Α I did, and are you saying that you saw me with a 14 piece of that on paper written down and speaking 03:30 15 from it, sir, because I say you are lying, because 16 that did not happen, and I will ask the media to 17 come forward and tell you that that did not 18 happen. 19 0 Okay. Let me deepen my accusation, Mrs. Milgaard, 03:30 20 that the television cameras had missed the event 21 and asked you to repeat it for them and that you 22 did and you read it word for word with a slight 23 addition at the end, and you threw in again the 24 appropriate emotion. Do you recall doing that? 03:31 25 No, I do not. Α

Page 32026 1 Q Well, I have in my hand a copy of a script from 2 CBC television dated October the 26th, 2005 and 3 you say: 4 "There seems to be no understanding of 5 what David has been through. 03:31 Larry Fisher has funding and standing and I 6 7 have to sit here and listen to the 8 Commissioner threatening to take away my 9 It's just unbelievable. son's standing? 03:31 10 I think Canadians will be ashamed to see 11 what is happening here in Saskatoon. Do you recall doing that? 15 Yes, I remember, but I had no statement. 03:32 Α 16 But you did --Q 17 Α I probably said the same thing because that's how I felt at the time. 18 19 0 You did this in two performances, one for the 03:32 20 print media and one for the television; correct? 21 Do you remember that? 22 Α I don't remember that, but that could be the fact. 23 0 Now, I asked you at the beginning of the Inquiry 24 if you were content with the conduct of this 03:32 25 Inquiry and the progress of this Inquiry and you

1 said yes, you were. Is that so? 2 I have been since that time, I have felt much Α 3 better after that particular incident and I have felt better since that time. 4 5 Q But there was a little dust-up earlier 03:33 I see. this month wasn't there? 6 7 Yes. Α 8 About the 3rd of May, that you left the Inquiry Q 9 room and made another statement to the media? 03:33 10 Α Oh, I thought that's when you were talking about, 11 the 3rd of May, about making the statement. 12 Q No, no, I read it to you, last October, the 26th. 13 Α Oh, no, I'm sorry, I was confused, I thought you 14 were talking about the May statement, and I knew 03:33 15 how I felt in the May statement, I just walked 16 It was nothing prepared, I just went. out. 17 0 Okay, but you agree with me now that last October 18 that was a prepared statement? 19 Α Oh, yes, at that time that was something entirely 03:33 20 different. 21 So I'm no longer a liar? Q 22 Α No, I'll reverse that decision. 23 0 Could we look at page -- I'm not sure which one I 24 want here -- 29395. | | 17 | | MS. McLEAN: Again, Mr. Commissioner, you |

| | 19 | | came out with a headline entitled Mrs. Milgaard |

| | 22 | | Mrs. Milgaard was not here, and I think this is |

| | 11 | А | Yes, I did. |

| | 22 | Q | No, you stand behind the comments that you |
| | 23 | | initially made to the media that they reported? |
| | 24 | A | It's possible to feel something one day and not |

| | 11 | | COMMISSIONER MacCALLUM: Yes. |
| | 12 | А | And I'm in agreement now that my lawyer would |

| 6 | Q | You had your own plane? |
| 7 | А | Yes. My son gave me an airplane. |
| 8 | Q | You are talking here about a Beaver. Is that the |

| <i>03:44</i> 10 | А | No. That's the one he gave me a book telling |

| | 13 | А | I only went by what I was told and, obviously, |
| | 14 | | someone in our group gave me that information. |
| 04:02 | 15 | Q | And you didn't check it out? |
| | 16 | А | Well, if someone is doing research for you, you |
| | 17 | | let them check it out. |
| | 18 | Q | It's so elementary, you could have checked that so |
| | 19 | | easily, and yet |
| 04:02 | 20 | А | I probably could have. |
| | 21 | Q | Would you like to do that over the weekend, and |
| | 22 | | check the facts that I gave you, |
| | 23 | A | Do I need to check them? |
| | 24 | Q | and if they are correct would you like to |

| | 3 | А | Well, I don't think I dragged him through my saga, |
| | 4 | | because I did nothing with that other than turn it |
| 04:03 | 5 | | over to Mr. Sawatzky. |
| | 6 | Q | Well it's here? |
| | 7 | А | I said that I believed it at one time, but I |
| | 8 | | didn't say that I still believed it. I mean in |
| | 9 | | the book we know who did it, so I think the fact |
| 04:03 | 10 | | that I was being truthful and saying I believed |
| | 11 | | all these things at that time, that I did believe |
| | 12 | | them. |
| | 13 | Q | I'm reading from page 122 and 123 of my edition of |
| | 14 | | your book. "We heard that Colin Thatcher and Gail |
| 04:03 | 15 | | Miller had gone out for a while and then had |
| | 16 | | broken up. Did Tony Merchant know this? Merchant |

| | 4 | | extremely violent. I had always suspected that |
| 04:04 | 5 | | someone powerful might be involved and, in |
| | 6 | | Saskatchewan, few people are higher up than the |
| | 7 | | Thatcher family. Colin Thatcher was the |
| | 8 | | millionaire son of a former Premier and a Cabinet |

| 04:04 | 10 | | to him as the Canadian version of J.R. Ewing, the |

Page 32049 1 Q So the quality of this research indicates I see. 2 the quality of your entire research; does it? 3 Α It may. Well, certainly you didn't do much better 4 Q It may. 5 on Breckenridge, if I can slip in a personal 04:05 comment here. And let's talk about him for a 6 7 May we look at 31528, please. minute. Mr. Hodson 8 was questioning you about the Breckenridge affair. 9 No, I don't want to be there, I want to be at 04:07 10 31,499, okay. 11 And Mr. Hodson has showed you 12 the infamous letter that Mr. Breckenridge wrote to 13 Mr. Wolch dated the 21st of March, 1992, and you 14 tell us it was almost immediately that you became 04:07 15 aware of it, and you thought it was extremely 16 important; right? 17 Α Yes. 18 And you thought you should get it out right away. Q 19 It didn't get out right away; did it? 04:08 20 No, it didn't. Α 21 And one of the questions that naturally arose we Q 22 find at 31501: 23 "... do you have any memory of this 24 being considered or discussed as being 25 possible evidence?" Meyer CompuCourt Reporting =

Page 32050 : 1 for use at the Supreme Court? 2 "Α No, ...", 3 you don't: "I don't even remember this being 4 5 considered or discussed before the 6 Supreme Court remedy, that's what I'm saying ... " 7 That's true? 8 9 Is what true? Α 04:08 10 Is it true that you don't remember discussing with 0 11 Mr. Wolch or Mr. Asper, or both of them, taking 12 the Breckenridge letter of March 21st, 1992 to the 13 Supreme Court? 14 I can't remember -- I couldn't say I can remember Α 04:09 15 the discussion. I know it must have been 16 discussed, but I have no correct memory of any 17 particular conversation with them, but if they had the letter and had showed it to me I would have 18 19 discussed it. 04:09 20 Now if we can look at 31529, please. You heard O 21 the evidence, that's pretty recent stuff, that's 22 just Monday of this week, two days ago, that you 23 had a 2 1/2-hour conversation with Robert Perry at 24 Robinson Investigations talking with Mike 04:10 25 Breckenridge --Meyer CompuCourt Reporting =

Page 32051 1 Yes. Α 2 -- about his allegations? 0 3 Α Yes. 4 But you don't remember it? 0 04:10 5 I have no current memory of the conversation that Α I had with the man, no. 6 7 "Do you have any recollection of this Q 8 discussion? 9 Not at all." Α 04:10 10 That's correct? 11 Α That's correct, I have no -- when you show me 12 papers and I go over things I can remember parts 13 of the conversation or something, or remember 14 having done certain things, but I have no current 04:11 15 memories of them. That's what I am saying. 16 Today, here, now? Q 17 Today, right now. Α 18 Yeah. Next page, please. Q 19 "I really -- none of this triggers a 20 memory." 21 I think you've told us you have no recollection 22 of that, none at all, of any detail of that 23 meeting. 24 "I have a vague recollection of that, 25 but I can't even remember where we were = Meyer CompuCourt Reporting =

Page 32052 1 or what we were doing, it's just very, 2 very vague." 3 Now you gave us chapter and verse in your testimony, here, of incidents that occurred back 4 5 in 1968, you just did that with me, you could 04:11 remember David's events and whatnot there and 6 7 prior to the major event? 8 Maybe because all of those have been refreshed Α 9 since that time. 04:12 10 0 Well I -- we should imagine that this incident 11 that we're talking about here occurred in 1992, 12 that's 14 years ago; right? 13 Α Correct. 14 Which is a lot more recent than 37 years ago; Q 04:12 15 right? 16 Right. Α 17 So one would naturally assume your memory might be Q 18 a little bit better; right? 19 Α Depends on whether it's family or otherwise. 04:12 20 I -- it probably depends on whether it's a big 0 21 deal or not; right? 22 Α Yeah. 23 0 But you were going after the Premier of 24 Saskatchewan, you are telling us that wasn't a big 04:12 25 enough deal that you would remember it? | 1 | А | Not in this particular incident I wouldn't have |

| 3 | Q | You are standing beside behind that? |
| 4 | А | What do you mean? |
| <i>04:13</i> 5 | Q | That answer, that you don't remember, you don't |
| 6 | | remember? You must have been so excited and |
| 7 | | worked up over the thought that you had Roy |
| 8 | | Romanow, as well as Serge Kujawa, as well as |
| 9 | | others, where you wanted them after all those |
| <i>04:13</i> 10 | | years? |
| 11 | А | I'm sorry, I I can't tell you more than what I |
| 12 | | remember. |
| 13 | Q | Next page, please. Mr. Hodson is asking you if |
| 14 | | you would have brought up some names with |
| <i>04:13</i> 15 | | Breckenridge, and whatnot, but you just, you can't |
| 16 | | remember. You can't remember, that's what you |
| 17 | | want us to believe, you can't remember? |
| 18 | А | I have no current memory of it. |
| 19 | Q | You did tell Mr. Hodson that you checked Michael |
| 04:14 20 | | Breckenridge out to see was he a "nut case", was |
| 21 | | that the phrase you used? |
| 22 | А | I think I may have used that phrase, I don't know. |
| 23 | | I think, from the point of view I felt in talking |
| 24 | | to the reason I talked to him in the first |
| <i>04:14</i> 25 | | place was to make sure that he wasn't just a nut |

| | 6 | Q | wasn't reliable, and so you were you had |
| | 7 | | that in your mind when you spoke with him? |
| | 8 | А | That's right. But I couldn't even, today if I had |
| | 9 | | to draw a sketch of the man or any of those |
| 04:15 | 10 | | things, I haven't a clue what he would look like |
| | 11 | | or any of those things. |
| | 12 | Q | Mrs. Milgaard, you've heard the phrase "due |

| | 14 | А | Due diligence? Yes. |
| 04:15 | 15 | Q | Due diligence? |
| | 16 | А | Yes. |
| | 17 | Q | Do you know what it means? |
| | 18 | А | Perhaps you could tell me? |
| | 19 | Q | It means exercising a reasonable amount of care in |
| 04:15 | 20 | | advance of an undertaking. You might investigate |
| | 21 | | the financial condition of a company you were |
| | 22 | | looking at, and that would be regarded as due |

| 6 | А | Yes, and that's why I had lawyers working with me. |

| 8 | | with Michael Breckenridge, do you think, that you |
| 9 | | really had to be terribly careful here? |
| <i>04:16</i> 10 | А | I don't know what was in my mind at that time, |
| 11 | | because I have no real recall of that particular |

| 13 | Q | Mr. Hodson asked if you had thought of contacting |
| 14 | | David Wollbaum, who was one of the names mentioned |
| <i>04:16</i> 15 | | by Breckenridge? |
| 16 | А | That's right. |
| 17 | Q | And you didn't, and you gave us reasons, well |
| 18 | | because you might taint the investigation or some |
| 19 | | other reason as such; is that right? |
| 04:17 20 | А | I believe that it has been indicated to me in the |
| 21 | | past that whenever I got involved, that I had |
| 22 | | tainted the evidence, or could have tainted the |
| 23 | | evidence by going to see people, |

| 14 | Q | You weren't a trained investigator, but you were |

| 16 | А | I certainly |

| 19 | Q | May we look at 004019, please. You have, I'm |

| 13 | А | No. |
| 14 | Q | Did you bother to check that? You made no cursory |
| <i>04:</i> 25 15 | | investigation at all, so you were unaware of |
| 16 | А | I was really unaware of anything else that was |
| 17 | | going on in the world. I never ever watched a |
| 18 | | movie for years and years and years because I was |
| 19 | | so focused on finding out other information. |
| 04:25 20 | Q | But you had the Breckenridge file in front of you |
| 21 | | and you were working it up to an accusation |
| 22 | | against Roy Romanow and Ken Lysyk and Serge |
| 23 | | Kujawa? |
| 24 | А | And we were turning the file over to the police to |
| 04:25 25 | | look at it. |
