| 2 | (Reconvened at 1:03 p.m.) |
| 3 | COMMISSIONER MacCALLUM: Good afternoon. |
| 4 | ALL COUNSEL: Good afternoon. |
| 01:04 5 | MR. HODSON: Good afternoon, |
| 6 | Mr. Commissioner. Just a couple of introductory |
| 7 | comments. |
| 8 | First of all, to advise the |
| 9 | parties of your ruling granting Eugene Williams |
| 01:04 10 | standing before this Commission and if I could |
| 11 | introduce Ken McLeod who is here today as counsel |
| 12 | for Mr. Williams at the back. Welcome, |
| 13 | Mr. McLeod. |
| 14 | COMMISSIONER MacCALLUM: Mr. McLeod. |
| <i>01:04</i> 15 | MR. HODSON: And there was no application |
| 16 | for funding and so that was not dealt with. |
| 17 | The second matter, just to |
| 18 | give a quick outline of where we're going in the |
| 19 | next five weeks, I've advised counsel of this, we |
| 01:04 20 | have David Asper here to finish his evidence, he |
| 21 | is to be examined by, finish up by Ms. Knox, by |
| 22 | Mr. Frayer and possibly Mr. McLeod and Mr. |
| 23 | Sorochan. We then have Murray Sawatsky to finish |
| 24 | his evidence who will be here this week and next |
| 01:04 25 | week followed by Murray Brown the week of |
| | Meyer CompuCourt Reporting |

Page 35787 : 1 September 11th, Eugene Williams the week of 2 September 18th and the systemic witnesses the 3 week of September 25 and I am still trying to fit 4 in Mr. Fainstein, so that's generally where we 01:05 5 are going. Secondly, I think after 6 7 Ms. Knox finishes with Mr. Asper, I may make a 8 few comments I think, and maybe I'll of leave it 9 until Mr. Knox is done before Mr. Frayer 01:05 10 proceeds. COMMISSIONER MacCALLUM: 11 Sure. How are you 12 doing, Mr. Asper? 13 MR. ASPER: I'm getting ready for football 14 this weekend, sir. 01:05 15 COMMISSIONER MacCALLUM: You have your 16 priorities straight. 17 DAVID ASPER, previously sworn: BY MS. KNOX: 18 19 0 Sir, I trust we can hold on the football plays 01:05 20 until after I'm out of here. 21 Sure. Α 22 Thank you. Mr. Asper, I had indicated at the Q 23 conclusion of the last day that you were here that 24 I had finished my cross-examination subject to two 01:05 25 One was there was some of the transcripts issues.

| | | | 1 age 337 69 |
| | 1 | | certain point in time, Mrs. Milgaard |
| | 2 | | certainly put forth the view that Father |
| | 3 | | Murphy had been used by the police to |
| | 4 | | get Albert Cadrain to go in and give his |
| 10:18 | 5 | | original statement?" |
| | 6 | А | Right. |
| | 7 | Q | And you indicated you didn't recall that? |
| | 8 | А | Right. |
| | 9 | Q | Sir, in the transcripts of conversations that we |
| 01:07 | 10 | | were provided with, I'm going to direct your |
| | 11 | | attention to a brief portion of a conversation |
| | 12 | | between yourself and Paul Henderson. Again, Mr. |
| | 13 | | Commissioner, for the record, I'm going to be |
| | 14 | | referring the witness to a conversation that's on |
| 01:07 | 15 | | tape 17 and the first page of that tape |
| | 16 | | transcription is 335929. That's not very helpful, |
| | 17 | | but I don't need that page, but, Mr. Commissioner, |
| | 18 | | and I point to the witness, what you can see is |
| | 19 | | that the tape indicates that it's a conversation |
| 01:08 | 20 | | between Joyce and an unknown woman? |
| | 21 | А | Right. |
| | 22 | Q | You see that? |
| | 23 | А | Right. |
| | 24 | Q | And if we go to page 335933, which I think is page |
| 01:08 | 25 | | 5, we'll see a conversation between if we could |

|-------|----|---|--|
| | 1 | | just go ahead about four pages, please, to 335933, |
| | 2 | | and at the top you will see that there's a new |
| | 3 | | conversation that begins, it indicates it's a |
| | 4 | | conversation between Joyce and Paul Henderson. |
| | 5 | А | Right. |
| | 6 | Q | Now, if we could go forward, this same |
| | 7 | | conversation continues for a lengthy period, if we |
| | 8 | | can go forward to 335952, and you'll see at the |
| | 9 | | middle of the page there's a notation between, by |
| 01:08 | 10 | | the reporter that "Joyce leaves phone, Paul |
| | 11 | | continues conversation with David Asper"? |
| | 12 | А | Yes. |
| | 13 | Q | So it would appear that although it doesn't |
| | 14 | | indicate it at the beginning of the transcription |
| 01:09 | 15 | | of this conversation, it was a three person |
| | 16 | | conversation, yourself, Mrs. Milgaard and Mr. |
| | 17 | | Henderson. Would you agree with me so far that's |
| | 18 | | what it appears to suggest? |
| | 19 | А | Yes. |
| 01:09 | 20 | Q | Now, sir, if we could go forward, and then all of |
| | 21 | | the pages indicate, as it does down the side here, |
| | 22 | | that it's just you and Mr. Henderson in the |
| | 23 | | conversation through to page 335964, and if we |
| | 24 | | could bring out perhaps the top half of the page |
| 01:09 | 25 | | to see if that helps with the print, and you see |
| | | | Meyer CompuCourt Reporting |

= Page 35791 =

| 1 | | it's you continuing discussions and you see the |
|-----------------|---|--|
| 2 | | part that starts here where you are indicating to |
| 3 | | Paul Henderson that he should talk to Joyce about |
| 4 | | the Cadrain and it's about the Cadrain initial |
| 01:09 5 | | statement to the police, and you go on to say that |
| 6 | | he was contacted immediately after he got back |
| 7 | | from it says from Saskatoon, I presume it |
| 8 | | should be to Saskatoon, with a priest and it was |
| 9 | | the priest I think who put him in custody of the |
| 01:10 10 | | police. Do you see you |
| 11 | А | I see that, yes. |
| 12 | Q | telling that. And I don't know if this helps |
| 13 | | you because it's very sketchy, but does this allow |
| 14 | | you to conclude that certainly in 1991 or 1990 you |
| <i>01:10</i> 15 | | were having some discussions and putting forth the |
| 16 | | possibility that Father Murphy had been used by |
| 17 | | Saskatoon City Police to inveigle Albert Cadrain |
| 18 | | to make that initial contact with the police? |
| 19 | А | I'm not sure could you repeat that question? |
| 01:10 20 | Q | Perhaps if I phrase it this way. During the |
| 21 | | course of being |
| 22 | А | I mean, I clearly was talking about Father Murphy, |
| 23 | | yes. |
| 24 | Q | During the course of the inquiry evidence, and I |
| 01:10 25 | | don't know if you've looked at Mrs. Milgaard's |
| | | Meyer CompuCourt Reporting |

Page 35792

| | 1 | | evidence that she gave at this inquiry, but it has |
|-----------------|---|---|--|
| 4 | 2 | | been established that in the later days prior to |
| | 3 | | the Supreme Court of Canada reference the idea or |
| 2 | 4 | | the suggestion that Father Murphy had been used by |
| 01:11 | 5 | | Saskatoon City Police to basically con, and that's |
| ć | 6 | | an awful word to say in connection to a priest, |
| - | 7 | | but you'll get my drift, but to con Albert Cadrain |
| 8 | 8 | | into going in and setting David Milgaard up so |
| C | 9 | | that he could get the reward money that was being |
| 01:11 10 | 0 | | offered by the police and my question to you last |
| 11 | 1 | | day was whether you remembered any discussion |
| 12 | 2 | | about Father Murphy in that context, and I bring |
| 13 | 3 | | this transcript to your attention to ask if it |
| 14 | 4 | | assists you in refreshing your memory given that |
| <i>01:11</i> 15 | 5 | | last day you said you didn't recall anything about |
| 16 | 6 | | Father Murphy vis-a-vis you. |
| 17 | 7 | А | No, I can't say that it refreshes my memory, I'm |
| 18 | 8 | | sorry. |
| 19 | 9 | Q | So you wouldn't be aware then that through the |
| 01:11 20 | 0 | | course of conversations between Mrs. Milgaard and |
| 21 | 1 | | others, including a producer at Front Page |
| 22 | 2 | | Challenge, that this was put forward as a factual |
| 23 | 3 | | assertion, that in fact Saskatoon police had used |
| 24 | 4 | | Father Murphy to set David Milgaard up? |
| 01:11 25 | 5 | А | Well, I assume I would have been aware of it at |
| | | | Meyer CompuCourt Reporting |

Page 35793 : 1 the time. I just don't recall it. 2 0 Okav. And I take it then -- no, there's no point 3 in asking the next guestion, I'll move on. 4 Sir, I had also asked you 01:12 5 about, and you had acknowledged, that you had participated in a conference, a project in 6 7 Winnipeg in October as I understand it, 2005, 8 Unlocking Innocence? 9 Α Yes. 01:12 10 And you were a panel member at a presentation that 0 11 was done with respect to the role of the media? 12 Α Yes. 13 0 Okay. Now, sir, I have obtained the tape itself 14 and I viewed it on Thursday evening and I've asked 01:12 15 that we play the portion of that presentation, 16 that it was your presentation to the panel, and 17 after we've played it I have some brief questions 18 for you. 19 Mr. Commissioner, I might 01:12 20 indicate that the first part of this presentation 21 is not what I will be questioning Mr. Asper on,

22 it's what, the comments that come closer to the 23 end, but I didn't have time, because I had brief 24 time to use it, to be able to narrow down. It's 25 about a 10 minute presentation. If it's

Page 35794 1 agreeable, we'll play it in its entirety in 2 fairness to Mr. Asper. The staff have set it up. 3 COMMISSIONER MacCALLUM: Yes. BY MS. KNOX: 4 01:13 5 Q The doc ID for this DVD, as it turns out, is 338632 and it has the conference title on it and 6 7 we were provided with, I reviewed two copies, Lost 8 The Human Side of Wrongful Convictions, Lives: 9 which is not the one that I'm asking to have a 01:13 10 portion played of, I'm asking to have The Role of 11 Media, a portion of that DVD played. If we could 12 play that now, please, starting with -- and again, 13 to preset, and, Mr. Asper, perhaps you can 14 confirm, this was a panel that consisted of four 01:13 15 persons, Dan Lett was the first speaker, of the Winnipeg Free Press, Kirk Makin of the Toronto --16 17 sorry, The Globe and Mail would have been the 18 second speaker, you were the third speaker on the 19 panel, followed by Bruce MacFarlane? 01:13 20 I believe so, yes. А 21 And we're just -- as I said, Mr. Commissioner, in Q 22 the interests of time, I want to play Mr. Asper's 23 presentation. 24 COMMISSIONER MacCALLUM: Very well. 25 (EXCERPT OF THE "UNLOCKING INNOCENCE" CONFERENCE Meyer CompuCourt Reporting =

2 I should begin by -- I MR. DAVID ASPER: 3 really want to congratulate the organizers of the conference for putting this together and for all 4 01:14 5 of your interest in the subject of wrongful convictions. It's very important. I would 6 7 remind you, though, that the time you spend in these conferences is time that wrongly convicted 8 9 people remain in prison and so when you leave 01:14 10 here, please leave here with some sense of 11 urgency and dispatch to get those people out of 12 prison. 13 I'm appearing before you 14 wearing two hats I quess. I'm a media person, 01:14 15 but I'm also someone who, I guess, had one of the 16 earlier cases and more notorious cases in the 17 David Milgaard case as counsel. 18 I think it was very useful in 19 some of the submissions yesterday to have been 01:15 20 reminded, and remind all of us, that while we do 21 talk about the big picture, analytical and 22 systemic problems, at the root of this issue, as 23 I say, are human beings, people who have, in 24 effect, become a second victim of the process. 01:15 25 And we have to remember, when = Meyer CompuCourt Reporting =

Page 35796

| | Fage 33790 |
|-----------------|---|
| 1 | we're talking about wrongful convictions as media |
| 2 | and as advocates, we're dealing with real people, |
| 3 | with real families, and all of whom have really |
| 4 | ruined lives. And while things are getting |
| 01:15 5 | better, there is no question about it, for most |
| 6 | of them they have really very little hope of |
| 7 | redress. |
| 8 | Now my specific experience, |
| 9 | as I say, was with the Milgaard case where, and I |
| 01:15 10 | will tell you how we resorted, in my view, to |
| 11 | extraordinary measures in order to meet an |
| 12 | extraordinary problem. |
| 13 | Without the media I can tell |
| 14 | you, I think without any reservation, David |
| <i>01:15</i> 15 | Milgaard would be in prison today. Let me take a |
| 16 | few moments to trace the story for you and to try |
| 17 | to shed some light on why I think that. |
| 18 | The basic facts. January |
| 19 | 31st, 1969, a woman named Gail Miller was |
| 01:16 20 | murdered in the City of Saskatoon, Saskatchewan. |
| 21 | Prior to that murder an individual had been |
| 22 | stalking and attacking women in the vicinity of |
| 23 | where Gail Miller had been murdered. In fact, in |
| 24 | December of 1968, the police had published in the |
| 01:16 25 | Saskatoon Star-Phoenix, a newspaper that my |
| | Meyer CompuCourt Reporting |

= Page 35797 =

| 1 | company now owns, published in the newspaper a |
|-----------------|---|
| 2 | warning to women in Saskatoon to watch out for |
| 3 | this person who was attacking women in the |
| 4 | neighbourhood of where Gail Miller was ultimately |
| 01:16 5 | killed. It wasn't a large piece of news in the |
| 6 | context of the newspaper that day but, as we look |
| 7 | back in time, that report could have had a |
| 8 | monumental effect on the future of David |
| 9 | Milgaard's life. It would appear that nobody |
| <i>01:16</i> 1C | read it, and at trial defence counsel never took |
| 11 | the clipping and put to the police officers or |
| 12 | the witnesses a theory of an alternate |
| 13 | perpetrator, and the fact of that alternate |
| 14 | perpetrator was never brought to the attention of |
| 01:17 15 | the defence. That small, little news item from |
| 16 | December 1968, a little over a month before David |
| 17 | Milgaard's problems began, could have saved his |
| 18 | life or his time in prison. But it didn't |
| 19 | happen. So let me tell you how, over 23 years |
| 01:17 20 | following this terrible injustice, the media |
| 21 | truly helped set David free. |
| 22 | Now I came into the picture |
| 23 | in 1986, 17 years into David's life sentence. |
| 24 | His mother, Joyce, had retained our firm and the |
| 01:17 25 | first lead she provided was one that actually had |

And when 14 Joyce presented the work of this original 15 journalist, the original work of this journalist, 16 I then trotted off and got an affidavit, and so 17 began the seeds of the application that 18 ultimately set him free. 19 That work, in turn, had also 01:#8 Deen augmented by a freelance journalist, a 11 fellow by the name of Peter Carlyle-Gordge, who I 12 think is here today, who had interviewed all the <th></th> <th></th> | | |

I

| 1 | a very clear analysis of the absurdity of the |
|-----------------|--|
| 2 | Crown's case as it had been presented. So, until |
| 3 | our law firm came into the picture, everybody |
| 4 | outside the journalism world had said 'no' to |
| <i>01:19</i> 5 | Joyce Milgaard other than her family members and |
| 6 | two journalists, and when she came to our firm |
| 7 | and we decided to take on the case, we began with |
| 8 | the work of journalists. |
| 9 | And then what happened |
| 01:19 10 | between 1986 when Joyce came to us and 1992, when |
| 11 | David was ultimately freed by the Supreme Court, |
| 12 | provides an astonishing illustration of the value |
| 13 | of the media on the one hand and, in my |
| 14 | respectful opinion, the utter and complete |
| <i>01:19</i> 15 | failure of our judicial system as it applied in |
| 16 | the Milgaard case. I will tell you, and I |
| 17 | confess right now I'm still mad about it, I'm |
| 18 | still mad about the cases that remain outstanding |
| 19 | and I'm still very impatient. I don't like |
| 01:19 20 | innocent people being in prison and I hope you |
| 21 | don't either. |
| 22 | Denied access, denied access |
| 23 | to all of her resources to provide a proper |
| 24 | investigator we turned to a much younger-looking |
| 01:20 25 | fellow sitting here on the panel here, Dan Lett. |
| | Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980 |

= Page 35800 =

| 1 | He was much younger back in 1986. Now Dan was |
|-----------------|---|
| 2 | able to convince his editors that there was merit |
| 3 | in devoting some resources to looking into what |
| 4 | this Milgaard thing was all about. And yes, did |
| 01:20 5 | we lobby him, yes, no question. And he began |
| 6 | writing about what we were up to, almost as a |
| 7 | human interest kind of story, a feature, and |
| 8 | slowly but surely Dan began to see what we were |
| 9 | talking about and the case became quite public in |
| 01:20 10 | Manitoba. |
| 11 | These stories that started to |
| 12 | appear in the Winnipeg Free Press sowed the seeds |
| 13 | for a strategy that we later had to kick into |
| 14 | high gear on a much broader level. We had to |
| <i>01:20</i> 15 | make a deliberate decision to try to publicize |
| 16 | our efforts. There is some debate among the |
| 17 | legal community about what the proper role of a |
| 18 | lawyer is vis-a-vis the media, and I will never |
| 19 | ever apologize for my view that the zealous |
| 01:21 20 | representation of a client under these |
| 21 | circumstances, where one is seeking extraordinary |
| 22 | measures, that zealous representation knows no |
| 23 | bounds within the limits of the law, and that's |
| 24 | what we decided to do. And Dan started it on a |
| 01:21 25 | totally legitimate basis, he hadn't bought in, he |
| | Meyer CompuCourt Reporting |

| | Page 35801 |

| 1 | |
| 1 | hadn't chosen sides, and began to publicize the |
| 2 | efforts. |
| 3 | We needed to get the word out |
| 4 | because we had no net to cast, we had no |
| 01:21 5 | resources, we had to tell the world that this |
| 6 | case was alive and that here we were, and 'here's |
| 7 | our phone number, if you have any information, |
| 8 | phone us.' It was our own little Crimestoppers |
| 9 | routine. And as we later learned over time and |
| 01:21 10 | as we interviewed witnesses, many of whom |
| 11 | recanted their testimony, they did so after |
| 12 | reflecting on the stories and reports that they |
| 13 | had been reading about the progress in the case, |
| 14 | and it took some time for some of these witnesses |
| <i>01:</i> 22 15 | to recant, and it took repetition of the stories |
| 16 | over and over and over again for them to start to |
| 17 | reconsider the evil that they had done at the |
| 18 | original Milgaard trial. It took a while for |
| 19 | their conscience to kick in, and the sustained |
| 01:22 20 | pressure that we tried to orchestrate through the |
| 21 | media was important. |
| 22 | Now Dan's reporting was |
| 23 | local. We needed to convert this case into a |
| 24 | national case. We were having nothing but |
| 01:22 25 | trouble with the federal Department of Justice. |

1 Six years went by, five years went by before we 2 even got a hearing, four years went by before we 3 got any substantive replies, and so we decided to 4 make the case national and, to be honest with 5 you, we constructed a scenario. 01:22 We had a mother, aggrieved 6 7 and wounded, who had been crusading to fight for We had David Milgaard in prison, and 8 her son. 9 not doing very well in prison, and he'd been 01:23 10 there for 20 some odd years. We had me, the 11 young crusading lawyer, and we had created, 12 through the recantation of witnesses, a pretty 13 good whodunit. And then, through the efforts of 14 The Globe and Mail and the CBC, all on the back of Dan Lett's initial reporting, we took the case 01:23 15 from a whodunit to a 'hedunit' and identified the 16 17 true perpetrator. And, even with that, the 18 Federal Minister of Justice would not re-open 19 David's case, would not give him another hearing. 01:23 20 And so we decided we were 21 going to resort to even further measures through 22 the media. And the media understood that the 23 case had become not one of should David Milgaard 24 have a new hearing, but is the justice system 01:23 25 And I don't apologize for what we did wrong.

| 1 | because we turned the Milgaard case, through the |

| 2 | media, into a political fight, and it went all |
| 3 | the way to the top, to the Prime Minister's |
| 4 | office, and all through the way not a single |
| 01:24 5 | media story was wrong, not one. |
| 6 | There is a Commission of |
| 7 | Inquiry going on right now in Saskatoon that is |
| 8 | not only bearing out the media reporting, it is |
| 9 | making it look shallow compared to what we didn't |
| 01:24 10 | know, and in fact what the Supreme Court didn't |
| 11 | know and, in fact, what was withheld from us at |
| 12 | every single step along the way. |
| 13 | Now I will conclude I'm |
| 14 | getting a red-light camera and the Chief Ewatski |
| 01:24 15 | is going to take a picture and fine me if I don't |
| 16 | get off the stage here, but I want to conclude by |
| 17 | saying this. We heard Janet Reno saying last |
| 18 | night that sometimes the players in the system |
| 19 | have their feet in cement, and as an advocate in |
| 01:24 20 | my role as I was then, and as I believe today, |
| 21 | the media are critical, where those feet are |
| 22 | stuck in the cement, to take a jackhammer to it. |
| 23 | Oh, I know, we should be subtle, we should be |
| 24 | polite, we should be smooth, we should be smart |
| 01:25 25 | and use fancy words. |

| 1 | | You know, I'm sorry, I come |
|------------------|---|---|
| 2 | | back to where I began. There are people sitting |
| 3 | | in jail who don't deserve to be there, and you |
| 4 | | can't be polite about it, you can't waste time |
| 01:25 5 | | about it, you can't be nice about it. As an |
| 6 | | advocate the media needs to report it, and if the |
| 7 | | system itself, if the prosecutors, if the police, |
| 8 | | if the bar, if the judges, if nobody else is |
| 9 | | going to shake the system, where else do you go? |
| 01:25 10 | | And I have to say that, I reiterate that without |
| 11 | | the media, I'm pretty sure that David Milgaard |
| 12 | | would still be in prison today, and so I'm very |
| 13 | | grateful to the media. |

1 neither your ruling nor Chief Justice Laing's 2 ruling affects, in any way, his examination of 3 Mr. Asper. I understand from 4 01:32 5 Mr. Sorochan that he may have different views, but that -- and I don't wish to speak for him, 6 7 I'm sure he'll correct me if I'm wrong -- that he 8 is content to have Mr. Frayer examine Mr. Asper 9 so that we can get the evidence done, but that he 01:33 10 wishes to reserve the right or to state that he 11 may make submissions at a later date regarding 12 the use of the evidence and submissions with respect to what this Commission can and cannot 13 find with respect to, I think, the conduct of Mr. 14 Now it's my understanding that it is 01:33 15 Williams. 16 not intended that this objection and/or this 17 issue will be addressed now, I understand that 18 Mr. Sorochan would like to get Mr. Asper's 19 evidence done. 01:33 20 This issue also affects Mr. 21 Williams, in fact perhaps more so than Mr. Asper. 22 Now Mr. Williams has counsel here, Mr. McLeod, 23 today. I've raised this with him briefly, and I 24 think Mr. McLeod and Mr. Frayer may have views, 01:33 25 as may other parties, about this, and so I think = Meyer CompuCourt Reporting =

| | l | Page 35812 |
|-------|----|--|
| | | |
| | 1 | this is an issue that will be addressed at some |
| | 2 | future point, and if I understand Mr. Sorochan's |
| | 3 | position correctly he did not want someone to |
| | 4 | later complain that 'you didn't stand up and |
| 01:34 | 5 | object to every question', he wants something |
| | 6 | noted on the record. And if I have not fairly |
| | 7 | stated that, Mr. Sorochan, I'm sure you will |
| | 8 | correct me. And if I may, Mr. Commissioner, on |
| | 9 | this point, in addition to Mr. Frayer, Mr. McLeod |
| 01:34 | 10 | may wish to comment on it. |
| | 11 | MR. SOROCHAN: Mr. Commissioner, I will be |
| | 12 | very brief on this, because Mr. Asper has time |
| | 13 | that's precious. |
| | 14 | My position on behalf of Mr. |
| 01:34 | 15 | Asper is stated in is summarized in paragraphs |
| | 16 | 25 and 26 of the reasons for judgement of The |
| | 17 | Honourable The Chief Justice Laing. And it is as |
| | 18 | follows: |
| | 19 | " a provincial commission", |
| 01:34 | 20 | and I'm quoting here from paragraph 25: |
| | 21 | " A provincial commission of inquiry |
| | 22 | cannot inquire into the conduct, or the |
| | 23 | job performance of a federal employee |
| | 24 | with respect to the employee's |
| 01:35 | 25 | activities on behalf of his or her |

Page 35813 : 1 employer." 2 And I, where I take issue perhaps with Mr. Hodson 3 is that that applies to any type of inquiry, not just an inquiry from the federal witnesses, and 4 5 that it certainly includes questioning of Mr. 01:35 6 Asper with respect to that area. 7 And then, in paragraph 26, 8 Chief Justice Laing says: 9 "The advice", 01:35 10 and this is, this has been the focus of Mr. 11 Hodson: 12 "The advice lawyers working on Mr. 13 Milgaard's application offered to each other within the Department of Justice 14 or to their Minister, or why they did 01:35 15 16 certain things and did not do other 17 things while engaged in this activity, 18 as counsel for the applicant puts it, is 19 within the core area of operations of 01:35 20 the Department of Justice." 21 And this is the next part that I'd rely on: 22 "In addition such inquiries would be 23 inquiring into the federal employee's 24 performance of his duties, or conduct. 01:36 25 For both of the foregoing reasons, the

Page 35814 = 1 proposed inquiries would offend the 2 constitutional limitation on provincial 3 powers established in the Keable decision." 4 5 Now the reason that I had, earlier in this 01:36 Inquiry, objected to the breadth of questioning 6 7 of Mr. Asper in that it touched upon these areas, 8 and I wanted to put it on the record that I still 9 maintain that it is not an appropriate area. 01:36 10 Mr. Frayer says that he has 11 legitimate reasons for the questions that he will 12 ask. Having had this discussion in courtrooms, 13 various coffee shops, and other places, for quite 14 some considerable period of time with various 01:36 15 counsel involved, it would take a long time to 16 try to sort out the justifications that there 17 might exist for various questionings, as to 18 whether or not there are other justifications for 19 the questions, and it may -- and so that's what 01:37 20 Mr. Hodson says, that the questioning can 21 continue, and that we'll sort it all out later. 22 Subject to there being an egregious stepping over 23 the line, that is what I have agreed should 24 happen. 01:37 25 COMMISSIONER MacCALLUM: Okay.

| 6 | and that I'm not certain as to whether Mr. |

| 13 | speaking what has occurred during the course of |
| 14 | this Inquiry to this date insofar as Federal |
| <i>01:3</i> 8 15 | Government witnesses are concerned is that Mr. |
| 16 | Williams has testified for approximately two |
| 17 | weeks, and it was agreed that he would |
| 18 | voluntarily appear before this Inquiry and that |
| 19 | he would give narrative facts relating to his |
| 01:38 20 | involvement in the investigation of the 617/690 |
| 21 | application. As I said, he's testified for two |

1 of that nature, and cross-examine Mr. Asper on the factual background leading up to each of the 2 3 two applications on behalf of Mr. Milgaard. So we're not here talking 4 5 about, I'm not here talking about a case where 01:39 we're looking at the conduct of the individuals 6 7 involved, and I will not be questioning him on If I step to that line I would expect 8 conduct. 9 that Mr. Sorochan would have some observations in 01:39 10 that regard. I've given him that undertaking, I 11 will endeavour to do so over the course of the 12 next day and a half. I hope to be able to finish 13 my cross-examination of Mr. Asper before the close of this Inquiry tomorrow and may, indeed, 14 01:39 15 be quicker than that. 16 But, in any event, I fail to 17 see how the judgement applies to the issue of the 18 narrative of facts that Mr. Williams has given 19 and what I intend to cross-examine Mr. Asper on. 01:39 20 Thank you. 21 COMMISSIONER MacCALLUM: Well, Mr. McLeod, 22 did you have anything to say on that point? 23 MR. | | 1 | Q | Am I accurate in that? |
| | 2 | А | That's correct. |
| | 3 | Q | Most of the contact that you would have had, and |
| | 4 | | that of Mr. Wolch, would have been with officials |
| 01:59 | 5 | | in Ottawa that included, amongst others, Mr. |
| | 6 | | Williams, who was the investigator, and people |
| | 7 | | like Mr. MacFarlane and Mr. Corbett and others? |
| | 8 | А | That's correct. |
| | 9 | Q | Mr. Rutherford and so on? |
| 01:59 | 10 | А | Yes. |
| | 11 | Q | And it's evident, too, that, throughout this whole |
| | 12 | | process right up until today when we see the |
| | 13 | | excerpt from last year's conference, that you |
| | 14 | | remain a constant critic of the Department of |
| 02:00 | 15 | | Justice, the role that Mr. Williams played, and |
| | 16 | | the ultimate decision that Minister Campbell made; |
| | 17 | | am I accurate? |
| | 18 | А | Yes. |
| | 19 | Q | And nothing has occurred to sort of lessen your |

| 1 | | haven't yet decided on, and in the course of that |
| 2 | | I've done a huge amount of reading and I have to |
| 3 | | tell you that I think, as much as I have maybe |
| 4 | | it's the impetuousness of youth at the time, and |
| 02:00 5 | | maybe even now I hope, and as frustrated as I am |
| 6 | | about the pace of change, I think that, |
| 7 | | unfortunately, change, significant systemic |
| 8 | | change, takes time in society. |
| 9 | | You know, there is a proverb |
| <i>02:01</i> 10 | | that you have got to break eggs to make an |
| 11 | | omelette, and I think that unfortunately along the |
| 12 | | way to making change some things happened, and as |
| 13 | | I've said I wish there were a whole bunch of |
| 14 | | things differently done in the Milgaard case. I |
| <i>02:01</i> 15 | | will temper my criticism I think, now, of the |
| 16 | | Department of Justice, recognizing that in order |
| 17 | | to get to where I think we ought to be it just |
| 18 | | takes some time and it maybe requires, as with the |
| 19 | | common law, a period of some unfortunate |
| 02:01 20 | | circumstances to create the wisdom and the |
| 21 | | common-law experience in order to get to where I |
| 22 | | think we need to be. |
| 23 | Q | In specific criticisms that you made of people |
| 24 | | during the course of the process, I won't go |
| 02:02 25 | | through all of the references, but amongst the bad |

| | 1 | | guys named by you at the outset of your evidence, |
| | 2 | | that included two Department of Justice lawyers, |
| | 3 | | Eugene Williams, who was the investigator, and Mr. |
| | 4 | | Corbett, whom I think your views of is probably |
| 02:02 | 5 | | tempered by the comment that was made to the media |
| | 6 | | that was published in The Globe and Mail; am I |
| | 7 | | accurate in that? |
| | 8 | А | Yes. And I think there was a subsequent curling |
| | 9 | | bonspiel that was held at the Department of |
| 02:02 | 10 | | Justice kind of making fun of what Mr. Corbett had |
| | 11 | | done which I thought made light of the situation |
| | 12 | | even further. |
| | 13 | Q | Oh, I wasn't aware of that. You have better |
| | 14 | | informants than I have, Mr. Asper. In any event, |
| 02:02 | 15 | | your characterization of in addition to bad |
| | 16 | | guys you characterized the Department of Justice |
| | 17 | | as, at least on one occasion, as 'the evil |
| | 18 | | empire'? |
| | 19 | А | Yes. |
| 02:02 | 20 | Q | And there's been references to the three stooges |
| | 21 | | and things of that nature? |
| | 22 | А | I don't think I did. |
| | 23 | Q | Okay. There was some reference, in one of the |
| | 24 | | reports, to three stooges. |

| 1 | Q | And I'm not doing that for the purpose of |
| 2 | | embarrassing anybody, I'm just suggesting that you |

| 6 | | by using words that were less than charitable; am |

| 11 | | liberation, that liberty of the individual trumped |

| 14 | | today we heard about zealous representations knows |
| 02:03 15 | | no bounds in cases like this? |
| 16 | А | I said "within the bounds of the law". |
| 17 | Q | I'm sorry? |
| 18 | А | I said "except within the bounds of the law". |
| 19 | Q | "Except within the bounds of the law?" Okay. And |
| 02:04 20 | | you said to that conference, and although you've |
| 21 | | tempered that throughout your evidence, that you |
| 22 | | don't apologize for what was done? |
| 23 | А | That's correct. |
| 24 | Q | Because the ultimate result was what you were |

1 Milgaard, for which I'm certain everybody here 2 agrees you deserve considerable credit? 3 Α That's correct. Now my focus then, and some of the questions I 4 0 5 have of you, will be based sort of on that, on 02:04 6 that backdrop, and more importantly your 7 interaction with the Department of Justice 8 specifically leading up to the denial of the first 9 application. But, before going there, I'd like to 02:04 10 sort of go through some of the background. 11 And I know you've testified 12 with respect to your involvement in this when you 13 assumed responsibility for it in March of 1986, 14 and I think your evidence was that you were 02:04 15 part-way through your articles for call to the Law 16 Society Bar, the Bar Admission Course for call to 17 the Law Society of Manitoba as a barrister and solicitor? 18 19 Α Yes. 02:05 20 That you had changed firms and come over to the 0 21 Wolch, Pinx law firm? 22 Α Yes. 23 0 And you were there articled to whom? 24 Α Sheldon Pinx I believe was my direct superior. 02:05 25 And you said that you got involved in this case Q

Page 35823 1 when Mr. Wolch or someone on his behalf dumped a 2 fair amount of materials in a board room or in a 3 room somewhere within the offices of Wolch, Pinx? 4 In effect, yes. Α 5 And you were assigned that responsibility to start 02:05 Q 6 preparing an application under then section 617 of 7 the Code? 8 Α No, I wouldn't say that. I don't think we knew 9 where we were headed when the material first 02:06 10 arrived. 11 Q Okay. And with respect to that material, we've 12 heard, and you've been examined on this at length, 13 that -- and we've heard from Mrs. Milgaard that 14 she turned over every scrap of paper she had, 02:06 15 those were her words, and the first question that 16 I have with respect to that is do you recall -- I 17 know you've given testimony with respect to 18 generally what you received, but do you have any 19 more specific recollection of what it was she was 02:06 20 turning over to you? Did you review it, was it 21 catalogued, did you have someone assisting you? 22 Can you sort of answer those questions for me? 23 Α I think we got the information -- we got a bulk of 24 information at the outset. I think we got more 02:06 25 information when Peter Carlyle-Gordge came back

— Meyer CompuCourt Reporting —

Page 35824 : 1 from England at some point. I think there was --2 it was staggered in some respects. No, I had no 3 one assisting me, and no, it was not well 4 organized, if at all. 5 Q Did you endeavour to try to organize it in some 02:06 6 form so that it was usable for your purposes? 7 I tried, yes. Α 8 0 And do you recall what was in there? We've heard 9 reference to a portion, in fact, Ms. Knox examined 02:07 10 you on it today, a portion of the file of 11 Mr. Tallis that was in the possession of Mr. Young 12 and materials that were duplicated by her and 13 included in the information she gave you? 14 I don't have a specific recollection of that being Α 02:07 15 in the material. 16 Was this to be your exclusive responsibility apart Q 17 from your bar admission duties; that is, the bar 18 admission course itself? 19 Α No, not at all. I was expected to build a 02:07 20 practice. 21 Okay. And you started out with that in mind? Q 22 Yes. Α 23 0 And during the course of your preparing -- well, 24 when you reviewed it and when the application was 02:08 25 subsequently made in late December of 1988, how

Page 35825 long did it take you on a review of those materials that you had to make a determination that there was something wrong with the process as you saw it? Α I can't be specific about that, but I had read the trial transcripts pretty early on and it didn't make sense to me. 0 Okay. And the trial transcripts were part of the materials that had been turned over to you by Mrs. Milqaard? Α I say they must have been because that's how I began. 0 Okay. And were you also aware at the time that you started looking at this that there had been a

| 2 | Q | Now, this particular document appears to be the |

| 4 | | contact with the minister and it appears to have |
| <i>02:09</i> 5 | | been done by David Milgaard directly from his |

| 19 | А | Yeah. David kept a file, as did his mother, that |

| 21 | Q | So that legal doesn't refer to a lawyer or |
| 22 | | anything of that nature to your knowledge? |

And you'll note that, if I can go Q back to page 1, please, if I can highlight the 8 9 third paragraph, please, it says: 02:11 10 "On receipt of an application for mercy, the Minister of Justice has the power to 11 12 order a new trial or appeal proceeding. 13 In an appropriate case..." 14 And so on. 02:11 15 "These very special prerogatives are 16 granted only rarely, in the most 17 compelling circumstances which suggest 18 that there has been a miscarriage of 19 justice." 02:11 20 And the next paragraph, please. 21 "If you have not exhausted the court 22 process -- " 23 Which I understand to be a condition precedent to 24 filing one of these applications? Page 35828 : 1 Yes. Α 2 0 You have to have exhausted all court processes? 3 Α Right. And Mr. Wolch knew him from their association with 24 0 02:12 25 Justice in Winnipeg? Meyer CompuCourt Reporting =

Page 35829 1 Α Yes. 2 Now, this particular document in response to the 0 letter -- this is dated March the 11th, 1986 3 4 acknowledging Mr. Milgaard's letter. When did you 02:12 5 see this letter? Am I 13 quoting you accurately? 14 Α Yes. 02:12 15 And you'll agree with me that if you had Okay. 0 16 seen this, it does give you some small insight 17 into what the minister expects to receive on an 18 application? 19 Α Yes. 02:13 20 Am I correct? 0 21 Α Yes. 22 Q But you don't know when you saw it, you may have 23 seen it? 24 Or if. 2 **Q** Or if you saw it?

A I just, and I go back to -- well, I don't want to speculate where you are going, but I go back to what we actually submitted in our application, and my recollection is that Mr. Wolch was speaking directly with Mr. Fainstein about what one needed to submit.

9QSo when you say you didn't have the faintest idea,02:1310Mr. Wolch may have had more than a faint idea as a11result of discussing this with Mr. Fainstein?12AYes, and I think that's what gave rise to the form13of the application that we submitted.

14QYou think that's as a result of his discussions02:1315with him?

16 A Yes.

17 And just going back to that, what was your 0 Okay. 18 relationship with Mr. Wolch on this application; 19 in other words, what did you see your 02:14 20 responsibilities as or what did he say your 21 responsibilities were and who was he contacting to 22 your knowledge and what sort of information was he 23 passing back to you in the early stages of this 24 proceeding? 02:14 25 My role initially was to go through what Joyce had Α

|------------------|---|--|
| 1 | | brought us and to give him a sense of what was |
| 2 | | there and an impression on the case itself. I |
| 3 | | can't say the contact that Mr. Wolch was having |
| 4 | | with the Department of Justice other than I knew |
| 02:14 5 | | he was having various conversations. He then |
| 6 | | advised that we would have to find something new |
| 7 | | in terms of, something of evidentiary value that |
| 8 | | was new and said see what you can find. |
| 9 | Q | Were you ever aware at any stage with respect to |
| <i>0</i> 2:15 10 | | what Mr. Merchant, Tony Merchant had said about |
| 11 | | what was there any correspondence or any |
| 12 | | information that came to your attention that Mr. |
| 13 | | Merchant had said was required on a 617 |
| 14 | | application? We know in the early '80s that Mrs. |
| <i>02:15</i> 15 | | Milgaard went to him for advice after Mr. Young. |
| 16 | | Do you recall being told |
| 17 | А | No, I don't, I don't recall. |
| 18 | Q | Okay. The next document is 333266 and this is a |
| 19 | | document dated April the 2nd of 1986 and it's from |
| 02:15 20 | | David Milgaard and he's there advising in the |
| 21 | | first paragraph that: |
| 22 | | "I am aware of how to proceed legally |
| 23 | | and have a reputable solicitor, Mr. |
| 24 | | Hersh Wolch presently retained." |
| 02:15 25 | | He goes on near the bottom: |
| | | Meyer CompuCourt Reporting |

| | · | Vol 173 - Monday, August 28th, 2006 Page 35832 |
|-----------------|---|--|
| | | 1 dgc 00002 |
| 1 | | "I should be allowed to show a |
| 2 | | demonstrable injustice when it's |
| 3 | | possible to show it. It will eventually |
| 4 | | get to you through a Ministerial |
| 02:16 5 | | presentation." |
| 6 | | So David Milgaard is replying to the Minister of |
| 7 | | Justice. Are you aware of the fact that he's |
| 8 | | doing that at the time? |
| 9 | А | No, and I think you'll find there were several |
| 02:16 10 | | instances that I've been referred to in this |
| 11 | | proceeding where there's been correspondence that |
| 12 | | I didn't know anything about. |
| 13 | Q | Okay. This is one such letter, you recall never |
| 14 | | having seen it before? |
| <i>02:16</i> 15 | А | No, I don't. |
| 16 | Q | Okay. And the next item I would like to look at |
| 17 | | is 162432. This appears to be when you are at, |
| 18 | | after review, which started in March of 1986, that |
| 19 | | you are writing Peter Carlyle-Gordge and you are |
| 02:16 20 | | at that time identified as a graduate of law and |
| 21 | | you say near the bottom of the first paragraph: |
| 22 | | "I am trying to see Mr. Milgaard on a |
| 23 | | weekly basis as he is now at Stony |
| 24 | | Mountain Institution and hope that |
| 02:17 25 | | within the next few weeks I will have a |
| | | Meyer CompuCourt Reporting |

| 1 | | firm grasp of the whole case." |
|-----------------|---|--|
| 2 | | So it appears that by June the 5th of 1986 you |
| 3 | | are advising Mr. Peter Carlyle-Gordge that your |
| 4 | | firm is acting and that you are still working on |
| 02:17 5 | | getting a firm grasp of the case. So March to |
| 6 | | June, at that point you can't say that you have |
| 7 | | that firm grasp and you are suggesting that to |
| 8 | | him at this stage? |
| 9 | А | Yes, that's correct. |
| 02:17 10 | Q | Okay. And then we know that following |
| 11 | | considerably later after that, we have again |
| 12 | | well, we have a post application made in December |
| 13 | | of 1988, we have a response from the then Minister |
| 14 | | of Justice, Doug Lewis, that's 004868, you can |
| <i>02:18</i> 15 | | look at that, please, and what Mr. Lewis is |
| 16 | | looking for, and this is after your application on |
| 17 | | the first 617 application is filed, looking for |
| 18 | | the entire transcripts of evidence and trial and |
| 19 | | other items that they need. With respect to the |
| 02:18 20 | | transcripts, your evidence is that you had those |
| 21 | | in your possession, but they weren't forwarded on |
| 22 | | on your first application in December of 1988; am |
| 23 | | I accurate on that? |
| 24 | А | That's correct. |
| 02:18 25 | Q | And there's a request being made for that. And |
| | | Certified Professional Court Reporters serving P A Regina & Saskatoon since 1980 |

Page 35834 1 then you see the next one is 182113 which is a 2 memorandum from Hersh Wolch to Heather and David. 3 That I assume is Heather Leonoff and yourself? 4 Α Yes. 5 And it looks like in addition to attaching a copy 02:19 Q of this letter from the Minister of Justice, it's 6 7 Hersh Wolch saying that he wants to get things to 8 start moving; is that correct? 9 Α Yes. 02:19 10 And what's his concern at that stage? 0 Can you see 11 by looking at this as to what it is he's concerned 12 about? 13 Α I can't say specifically. I think we were missing 14 some pages as I recall, we didn't have complete 02:19 15 information, and we had to track down bits and 16 pieces of it. 17 He's providing you information with respect to 0 18 Justice Tallis, Mr. Milgaard's lawyer. Did you 19 know that by that time? 02:20 20 Α Yes. 21 And reference to Crown counsel named Fred Dehm, Q 22 and do you know what role he played? He was with 23 the AG of Saskatchewan. 24 Α He may have helped us get the exhibits to Dr. 02:20 25 Ferris.

Page 35835 =

|-----------------|---|--|
| | | |
| 1 | Q | Okay. And the agent in Saskatoon is Audrey Brent |
| 2 | | and Audrey Brent was the one that was assisting |
| 3 | | you in that respect too? |
| 4 | А | Correct. |
| 02:20 5 | Q | This particular document appears to relate not |
| 6 | | only to a response from the Minister of Justice |
| 7 | | and Mr. Wolch's admonition to get this thing |
| 8 | | moving, but it also has other issues attached to |
| 9 | | it, including the identification of Mr. Tallis as |
| 02:20 10 | | Mr. Milgaard's lawyer, the reference to Fred Dehm |
| 11 | | and the agent being Audrey Brent? |
| 12 | А | Correct. |
| 13 | Q | Now if we can move on then, March 30th of 1989, |
| 14 | | document 162408, and if we could just look at the |
| <i>02:21</i> 15 | | last paragraph, this is from yourself to Mr. Wolch |
| 16 | | dated March 30th of 1989: |
| 17 | | "Would you like me to draft a response |
| 18 | | to that portion of the Minister's letter |
| 19 | | or should we leave it until we provide |
| 02:21 20 | | the Minister with all the documents that |
| 21 | | he has requested (and that I have |
| 22 | | ordered by letter dated March 30, |
| 23 | | 1989)?" |
| 24 | | Do you know what it was that you had ordered by |
| 02:21 25 | | letter? Do you have any recollection of that, |
| | | Meyer CompuCourt Reporting |

Page 35836 : 1 what that would be? 2 I seem to recall that I asked the court in Α 3 Saskatoon to provide us with a variety of pages of 4 the transcript that we seemed to be missing, 5 that's what I may be referring to. 02:21 So what you are doing now is after filing the 6 Q 7 application in late December of 1988, you are 8 marshalling some information that has been 9 requested that you don't as yet have and that's 02:21 10 missing from the documents that you have that you 11 are relying upon? 12 Α Yes. 13 0 And we then have the memoranda from Mr. Wolch to 14 you dated April 3rd of 1989, 162407, and that 02:22 15 particular document is in reference to -- if we 16 could just bring that up, please: 17 "I feel we should draft a response 18 regarding Nicole John now. I don't 19 recall if it's in the unedited 02:22 20 presentation that we were going to send 21 or not, but I do think we should get it 22 ready so that we could either give them 23 everything at once or piecemeal if we 24 want to keep their interest up." 02:22 25 And do you know, this was sort of the piecemeal

= Page 35837 =

I

| | 1 | | strategy that was being employed at that time. |
|-------|----|---|--|
| | 2 | | What is Mr. Wolch talking about in that |
| | 3 | | correspondence, that memo to you? |
| | 4 | А | Well, as I previously said, there was quite a |
| 02:22 | 5 | | robust discussion about what we should file with |
| | 6 | | the original documents. I took the view that we |
| | 7 | | should be more fulsome in our discussion of the |
| | 8 | | facts, of the entirety of the case. I felt it was |
| | 9 | | important that bits and pieces that we said were |
| 02:23 | 10 | | wrong ought to have been seen in the bigger |
| | 11 | | context of what I saw were the problems with the |
| | 12 | | case. Mr. Wolch took a different view and I |
| | 13 | | gather that he, in this memorandum, is now looking |
| | 14 | | for the detailed analysis of the Nichol John |
| 02:23 | 15 | | evidence. |
| | 16 | Q | Right. But the idea of sort of the piecemeal |
| | 17 | | strategy, was that a strategy that was sort of |
| | 18 | | I know you disagreed with that at the outset, but |
| | 19 | | it was ultimately agreed that you would keep the |
| 02:23 | 20 | | application lean and provide information from time |
| | 21 | | to time when it either became available or was |
| | 22 | | requested; would I be accurate in that? |
| | 23 | А | Yes. |
| | 24 | Q | And this idea was so that you could keep the |
| 02:23 | 25 | | Department of Justice interested in the |
| | | | Meyer CompuCourt Reporting |

Page 35838 : 1 application? 2 Α Yes. 3 By that time were you confident that they were 0 4 considering it at least, had you had any 5 indication by April of 1989? 02:24 6 Α I think that we knew by then that we had opened 7 the door. 8 0 Do you know why you felt that way? Was there any 9 communication either to you or to Mr. Wolch about 02:24 10 that? There was a fair bit of informal communication, 11 Α 12 certainly with Mr. Wolch and the senior members of 13 the department, and I can't be specific, but a fair bit with Mr. Williams and I. 14 02:24 15 Now, was any of that, those discussions that were 0 16 taking place ever reduced to writing anywhere? Is 17 what we've seen sort of just a representative 18 sample of what the file likely contained? 19 Α Mr. Frayer, I don't have my files, I don't know 02:24 20 what happened to them. I think at one point we 21 were keeping pretty good records, but I don't know 22 what happened to them. 23 0 Okay, thank you. Now, you said that sort of the, 24 there were no rules in place as such, but I 02:25 25 believe your evidence to be that when you started

| 1 | | this process on this application, that the rules |
| 2 | | of conduct that applied were under the rules of |
| 3 | | professional code of conduct and the rules of |
| 4 | | ethics in journalism? You said there were no |
| <i>0</i> 2:25 5 | | rules for section 617 applications, but you said |
| 6 | | that you were governed by the professional code of |
| 7 | | conduct and that the journalists were governed by |
| 8 | | the rules of ethics in journalism? |
| 9 | А | Well, I may have said that, but there are rules |
| <i>0</i> 2:25 10 | | obviously under section 617 as to I mean, |
| 11 | | there's a statutory provision. |
| 12 | Q | Had you done any research in that respect, had you |
| 13 | | looked at the Royal Prerogative of Mercy and made |
| 14 | | some determinations as it what the law said about |
| <i>0</i> 2:26 15 | | them as to |
| 16 | А | Yes. I don't recall it, but we had done some |
| 17 | | research to determine that that was the route that |
| 18 | | we would take. There were a number of other |
| 19 | | aspects that we considered as our alternatives. |
| 02:26 20 | Q | Okay. You were in contact it seems with the |
| 21 | | Buchan Derrick Ring law firm in Halifax, and |
| 22 | | specifically Anne Derrick, and if I might just |
| 23 | | bring up one document that you may recognize, |
| 24 | | 162392, please. It's not listed. If we can look |
| 02:26 25 | | at this, Mr. Asper, this is dated October the 24th |
| | | Meyer CompuCourt Reporting |

| 1 | | of 1989. Now, we don't see the other side of |
|----------|---|--|
| 2 | | this, and that is the letter that you wrote to |
| 3 | | Archie in August of, it appears, 1989. Can you |
| 4 | | give us some background with respect to that |
| 02:27 5 | | particular document and what it is that you are |
| 6 | | looking for there? Do you recall? Have you seen |
| 7 | | this letter before, obviously? |
| 8 | А | I remember communicating with Ms. Derrick. I |
| 9 | | think I met Professor Kaiser at a Federation of |
| 02:27 10 | | Criminal Law Societies conference. We got to |
| 11 | | talking because Ms. Derrick was at that point very |
| 12 | | active in the Marshall inquiry and I was curious |
| 13 | | as to their experience in 1982 through their own |
| 14 | | reference process. I mean, I assume this is a |
| 02:27 15 | | response to that. |
| 16 | Q | Was this an attempt to get some assistance in what |
| 17 | | you might next do in terms of the Milgaard |
| 18 | | application? I mean, you had filed it already, |
| 19 | | but is this one of the sources that you went to, |
| 02:27 20 | | because it would appear from here that they |
| 21 | | provided you with some information, Steven Aronson |
| 22 | | and Douglas Rutherford, and evidence that was |
| 23 | | given at the inquiry was sent to you to help you, |
| 24 | | and can you recall in what context you were |
| 02:28 25 | | looking for this information? |
| | | Meyer CompuCourt Reporting |

Page 35841 1 I think I was trying to find out what to expect Α 2 through the process. 3 So this was one of the methods that you used to 0 4 find out whatever you could about the process 5 itself and what might assist you in furthering 02:28 David Milgaard's application? 6 7 That's correct. Α 8 0 Okay. Is there any other information received 9 from them? I know there's a history of 02:28 10 correspondence which I won't go through, I was 11 curious to know what this related to, and there 12 was other correspondence back and forth because 13 you were both sort of working at common purposes, 14 they had David Marshall as their client, you had 02:28 15 David Milgaard as yours? 16 Yes. Α 17 So this was sort of a legal camaraderie 0 Okay. that had some informational context to it too? 18 19 Α Yes. 02:29 20 It helped you? 0 21 Α Yes. 22 Q Thank you, that's fine with that document, thanks. 23 Now, the next place I would like to take you, Mr. 24 Asper, is the, just going back to this reference 02:29 25 to the code of professional conduct and your

Page 35842 =

1 earlier evidence in which, if I might take you to that transcript, it's 25196 near the bottom, line 2 3 20, or line 16: "There were no rules in the sense that 4 5 there was no proceeding, no formal 01:45 proceeding to which rules would attach, 6 7 i.e. rules of evidence. But, I mean, we 8 were very mindful all along of our rules 9 and conduct under the professional codes 01:45 10 of conduct, we hoped at all times that the rules of ethics in journalism would 11 12 be applied by the media that were 13 ultimately invited into the case, and we 14 were bound by our conscience, what was 01:45 15 right and what was wrong." 16 Can you amplify in that, what you mean by that, 17 and in terms of we know that there's a code of 18 professional conduct which all lawyers must obey, 19 if I can put it in those terms, and that was 02:30 20 something that you were studying actually at that 21 time, weren't you, as part of the bar admission 22 course? 23 Α Yes. 24 0 There was an ethics section --02:30 25 Α Oh, yes. Meyer CompuCourt Reporting =

AS.

= Page 35843 =

| | 1 | Q | that involved the study of the code. And the |
|-------|----|---|--|
| | 2 | | rules of ethics in journalism, and that's a little |
| | 3 | | less defined as I understand it, what were you |
| | 4 | | talking about at that time, what were the rules of |
| 02:30 | 5 | | ethics, and journalism in a very general sense? |
| | 6 | А | Umm, I guess in a general sense it's actual |
| | 7 | | factual reporting, you know, we've talked about |
| | 8 | | this, headlines that fairly represent the story, |
| | 9 | | not using photographs for editorial purposes, that |
| 02:31 | 10 | | sort of thing I would think is what I meant. |
| | 11 | Q | This is a fairly and in terms of the rules of |
| | 12 | | conduct of lawyers, as I understand it now, one of |
| | 13 | | their requirements is under the media provisions |
| | 14 | | of the code of professional conduct, is if you are |
| 02:31 | 15 | | dealing with the media, you provide accurate |
| | 16 | | information and you expect that the media will |
| | 17 | | report it accurately, and I think your concession |
| | 18 | | is that at least in some cases it didn't appear to |
| | 19 | | be the case here from time to time? |
| 02:31 | 20 | А | That's correct. |
| | 21 | Q | Okay. And just to go back to a couple of other |
| | 22 | | issues in terms of your preparation for the 617 |
| | 23 | | application that was filed in the first instance, |
| | 24 | | you've given evidence with respect to the |
| 02:31 | 25 | | preparation of the affidavit of Deborah Hall back |
| | | | Meyer CompuCourt Reporting |

Page 35844 1 on November 23rd of 1986 and you've described how 2 that was prepared by you. Can you just sort of elucidate on what process you went through with 3 4 that, because Deborah Hall wasn't physically in 5 the City of Winnipeg, so how was that affidavit 02:32 6 prepared again, if you can advise me? 7 I believe I spoke to her over the telephone. Α 8 0 Right. 9 Once or more than once obviously, I don't know. Α 02:32 10 Sure. 0 11 Α She gave me the information, I wrote it up and went to see her. 12 13 0 Okay. So that the affidavit, and I won't go to it, but it's doc. ID 016600, is a document that 14 15 was prepared by you in your office based on a 02:32 16 conversation that you had with Deborah Hall, and 17 she was in Regina at the time; am I accurate on 18 that? 19 Α I think so, yes. 02:32 20 And you prepared that affidavit in accordance with 0 21 information she gave you in affidavit form, took 22 it out to Regina and had her execute it there? 23 Α Correct. 24 0 Okay. And that particular affidavit, was it 02:33 25 signed by her in the form in which you had

| | | | |
| | 1 | | prepared it based on the conversation you had had |
| | 2 | | with her? |
| | 3 | A | Yes. |
| | 4 | Q | So it accurately reflected at that time her view |
| 02:33 | 5 | | of the Milgaard proceeding? |
| | 6 | А | I would assume so, yes. She signed it. |
| | 7 | Q | She signed it, okay. They were her words put into |
| | 8 | | your words put in affidavit form, taken back and |
| | 9 | | sworn by her? |
| 02:33 | 10 | А | That's correct. |
| | 11 | Q | And likewise with the preparation of David |
| | 12 | | Milgaard's affidavit which was done some two days |
| | 13 | | later on November the 25th of '86, that's doc. ID |
| | 14 | | 301675, which I needn't see, that was prepared by |
| 02:33 | 15 | | what method? What did you do? |
| | 16 | А | Pardon me? |
| | 17 | Q | What was the process in the preparation of David |
| | 18 | | Milgaard's? |
| | 19 | А | I don't specifically recall. He had a lot of |
| 02:34 | 20 | | notes that he may have given me, I don't recall, |
| | 21 | | but he would have given me information, I would |
| | 22 | | have taken it back to the office, I would have put |
| | 23 | | it into the form of the affidavit and taken it |
| | 24 | | back to him. |
| 02:34 | 25 | Q | Much in the same way as you did the Deborah Hall |

| | 1 | | one? |
|-------|----|---|--|
| | 2 | А | Correct. |
| | 3 | Q | And can I ask you why it was that on the first |
| | 4 | | application David Milgaard's affidavit wasn't |
| 02:34 | 5 | | filed along with the Deborah Hall affidavit and |
| | 6 | | the material relating to Dr. Ferris, why was it |
| | 7 | | not included in your first application? |
| | 8 | A | I believe the Deborah Hall affidavit was filed. |
| | 9 | Q | Yes, but I'm saying why wasn't his included. |
| 02:34 | 10 | А | Oh, David's affidavit? |
| | 11 | Q | Yes. |
| | 12 | А | I can't answer that. |
| | 13 | Q | I mean, this was his application, I would have |
| | 14 | | thought that you might have some decision was |
| 02:34 | 15 | | made that it wouldn't be filed with it? Were you |
| | 16 | | in favour of it and somebody else wasn't? |
| | 17 | А | I was give them everything. |
| | 18 | | COMMISSIONER MacCALLUM: I'm sorry? |
| | 19 | А | I was in favour of giving the Department of |
| 02:35 | 20 | | Justice as much as we could. |
| | 21 | | BY MR. FRAYER: |
| | 22 | Q | And I think you've been asked this question |
| | 23 | | before, but I'll ask it again, you did become |
| | 24 | | aware of the fact that other lawyers had been |
| 02:35 | 25 | | earlier involved in advising Joyce Milgaard and |

Page 35847 1 David Milgaard on the 617 application, reference 2 to Gary Young and Tony Merchant, and I believe 3 your evidence was that you never spoke to either 4 of those two lawyers in advance of the preparation 5 of the application; am I accurate on that? 02:35 I don't recall speaking with either of them. 6 Α 7 You were aware of the fact that both of them had Q 8 earlier given advice though? 9 I think, yes, at some point I must have become Α 02:35 10 I just don't recall when. aware. Was a conscious decision made by somebody, either 11 Q 12 yourself or someone else, not to contact them and 13 ask them what their thoughts were on the 14 application? 02:35 15 I don't recall that. Α 16 And likewise with Cal Tallis, and we'll go Q Okay. 17 into this in greater detail, Mr. Tallis was never 18 approached by you until sometime after the first 19 application was filed? 02:36 20 Mr. Wolch approached --Α 21 Mr. Wolch did? | 24 And why I want to go through this with you is, in |
| 02:38 25 my view, it's a good synopsis and you may |
| Certified Professional Court Reporters serving P.A. Regina & Saskatoon since 1980 |

Page 35850

| | 1 | | disagree with that it's a good synopsis of the |
|-------|----|---|--|
| | 2 | | chronology of events from the filing of the first |
| | 3 | | application December the 28th of 1988 to the |
| | 4 | | decision of the Supreme Court on April the 17th |
| 02:38 | 5 | | of 1992. And in going through this, sir, I want |
| | 6 | | to ensure that, if there's anyplace that you |
| | 7 | | disagree with me in terms of what's reflected in |
| | 8 | | this, I'd appreciate your comment on it? |
| | 9 | А | Well I'll just say, and I know you are going to go |
| 02:39 | 10 | | through it, but I'll just say that I can't I |
| | 11 | | don't have a specific recollection of the timeline |
| | 12 | | itself, so I really can't comment on any specific |
| | 13 | | date and what Mr. Williams says happened on that |
| | 14 | | date. |
| 02:39 | 15 | Q | Okay. |
| | 16 | А | But let's go through it. |
| | 17 | Q | And I think it's helpful to see just how the |
| | 18 | | process worked from the Justice side, according to |
| | 19 | | what Mr. Williams has prepared here, and what |
| 02:39 | 20 | | effect new evidence coming to light had on the |
| | 21 | | progress of David Milgaard's application. So |
| | 22 | А | Well the one thing, I have to say that the one |
| | 23 | | thing that interested me about this, and it ties |
| | 24 | | into a background paper I think done by Phillip |
| 02:39 | 25 | | Rosen who's a policy analyst at the Department of |

| 3 | | to, it says that Mr. Williams or that the unit, |
| 4 | | the wrongful conviction unit, had seven lawyers |
| 02:40 5 | | that were involved with wrongful, considering |
| 6 | | wrongful cases, and this chronology that you are |
| 7 | | showing me didn't relate to who was getting the |
| 8 | | information, who was dealing with the information, |
| 9 | | so I'm just assuming that this is Mr. Williams' |
| 02:40 10 | | own dealings? |
| 11 | Q | Yes. |
| 12 | А | Okay. |
| 13 | Q | Yeah, I am instructed that it is prepared by Mr. |
| 14 | | Williams. |
| <i>02:40</i> 15 | А | Of his own activities? |
| 16 | Q | Essentially his own. I mean, you'll see the |
| 17 | | interaction between I mean the first is the |
| 18 | | original application is filed and so on so |
| 19 | А | Right. |
| 02:40 20 | Q | So if we can just go through this, I'll try get |
| 21 | | through this |
| 22 | А | Okay. |
| 23 | Q | in reasonable order, and ask you to and I |
| 24 | | know, I appreciate your observation that it's |

| | 1 | | I'm not it's not a test to see whether you can |
|-------|----|---|--|
| | 2 | | remember when these specific events occurred, but |
| | 3 | | you will see that insofar as the first application |
| | 4 | | is concerned, that we know was filed on December |
| 02:40 | 5 | | the 28th of 1988, he sets out the two bases for |
| | 6 | | relief. Then on February the 16th of 1989 |
| | 7 | А | I would just but okay, but there again, and I |
| | 8 | | will comment there because I had opportunity to |
| | 9 | | read both or reread our application |
| 02:41 | 10 | Q | Yes. |
| | 11 | А | and Mr. Williams' evidence before the Inquiry. |
| | 12 | | And Mr. Williams noted, and the letter, our letter |
| | 13 | | contains what I think Mr. Williams referred to as |
| | 14 | | a 'tease' on the Nichol John evidence, and so the |
| 02:41 | 15 | | application itself actually and I want to be |
| | 16 | | very clear on this was I might have written |
| | 17 | | it differently, but it certainly was clear that |
| | 18 | | there were other issues that were raised within |
| | 19 | | the application, and certainly Mr. Williams took |
| 02:41 | 20 | | that to be the case. So I understand what's being |
| | 21 | | said here, because the document itself says |
| | 22 | | "here's two things", but actually in the body of |
| | 23 | | the letter it |
| | 24 | Q | It sets out more? |
| 02:41 | 25 | А | it sets out more. |

| 1 | Q | Okay. But you'll agree that, I mean, that the |
| 2 | | primary basis, the primary focus on the first |
| 3 | | application was what Deborah Hall had said about |
| 4 | | Melnyk and Lapchuk, and the Ferris evidence that |
| <i>02:4</i> 2 5 | | appeared to exonerate David Milgaard? |
| 6 | А | Well if I had to pick the two, as of if I look |
| 7 | | at the document itself, I think in the prayer for |
| 8 | | relief it specifically only argues Dr. Ferris |
| 9 | Q | Yes. |
| <i>02:4</i> 2 10 | А | on page 3 of the application itself. |
| 11 | Q | And February the 16th of 1989: |
| 12 | | "The Minister requested to provide |
| 13 | | trial and appellate record, the |
| 14 | | forensic reports, waiver of |
| <i>02:4</i> 2 15 | | privilege", |
| 16 | | and so on? |
| 17 | А | Yes. |
| 18 | Q | And then on April the 29th that waiver of |
| 19 | | privilege was sent in response to the departmental |
| 02:42 20 | | request. And then on May 8th, 1989: |
| 21 | | "The trial and appellate record were |

Mr. Williams is badly mistaken on that. 16 17 Okay. 0 18 That information may have come to us in the course Α 19 of the in-person meeting, but at no time that I 02:43 20 recall did Mr. Williams ever disclose that report 21 to us prior to that meeting. 22 Q And the in-person meeting you are talking about is 23 the one on October the 1st of 1990, the one that 24 was held in Ottawa? 02:43 25 Umm, I guess if that's the date, yes. Page 35854

Page 35855 1 Q Yes, okay. 2 And it may not even have been at that meeting, it Α 3 may have been at the next meeting after the 4 rejection of the first application, I don't 5 specifically recall. 02:44 Yeah, there was a November -- to my recollection 6 Q 7 from the facts there were two meetings; October 8 the 1st of 1990 and November the 11th of 1991? 9 Α Right. 02:44 10 The second meeting was in advance of the Supreme 0 Court reference? 11 12 Α Right. 13 0 The first one -- and I'm, we're gonna get to some 14 of the details of that, there is very little 02:44 15 record of it, it appears, but I'll ask you 16 questions relating to that at --17 Α Okay. 18 -- a later stage. 1 Okay? Q 2 Α Right. 3 Then we have August the 29th of 1989, the: 0 "Affidavit of David Milgaard forwarded 4 5 by counsel for the applicant; also, ... | | 13 | | dim view of our application, and that we needed to |

| 1 | | develop the evidence further because you were of |
| 2 | | the view that the Department of Justice was taking |
| 3 | | a dim view, had Mr. Williams said "no, we're not |
| 4 | | accepting anything further, I've got a |
| 02:53 5 | | departmental report prepared, it's going to the |
| 6 | | minister, he will make a determination at some |
| 7 | | later stage", you would be critical of that too? |
| 8 | А | Sure. |
| 9 | Q | That |
| <i>0</i> 2:53 10 | А | No, it was a good thing that he deferred the |
| 11 | | report that was going up. |
| 12 | Q | It appears so. |
| 13 | А | It was a good thing, it was lucky, it was a good |
| 14 | | thing. |
| <i>0</i> 2:53 15 | Q | Yeah. Okay. And then, of course, the information |
| 16 | | relating to Larry Fisher comes forward, and we'll |
| 17 | | go into that in some detail, specifically how it |
| 18 | | involves Sergeant Pearson at a later stage of my |
| 19 | | questions. But this information was given, and |
| 02:53 20 | | he's put it in these terms: |
| 21 | | "Counsel for Milgaard advised that he |
| 22 | | had discovered important new evidence - |
| 23 | | namely, Larry Fisher whom he identified |
| 24 | | as the real killer." |

On March 1, 1990 the 5 02:54 R.C.M.P. were asked to investigate these 6 7 allegations; separately the Department 8 also requested the Saskatoon Police to 9 respond to written inquiries on March 1, 1990.)" 02:54 10 11 Now we all know that this is a very pivotal step 12 in the process, at least from your point of view, 13 and once again it's reasonable to assume that the 14 next steps would have to be taken by Mr. Williams 15 and Sergeant Pearson with respect to this 02:54 16 investigation, we know of the concurrent 17 investigation going on with Mrs. Milgaard and so 18 on, but -- and we'll go through this in some 19 detail, hopefully, later on. 02:54 20 March 15th of 1990: 21 "Counsel for Milgaard wrote to the 22 Department, providing further new information. | <i>02:55</i> 5 | 5 | | And I believe you're the author of that; is that |
| 6 | 5 | | accurate? I believe so. |
| 7 | 7 | A | Yes, I think so. |
| 8 | 3 | Q | I have document ID 050467, whether that yes, |

| 12 | 2 | A | Yes. |
| 13 | 3 | Q | The offence dates and so on? |
| 14 | 4 | A | Yes. |
| 02:55 15 | 5 | Q | Okay. And then, if we can go on then, please. |
| 16 | 5 | | March 18th of 1990, we can go back to the page |

| 2 | | has to qualify as a bit of an understatement |
| 3 | | given what was in that letter. |
| 4 | Q | Okay. Appreciating that this is a synopsis, of |
| 02:56 5 | | course, that |
| 6 | А | I understand that. I understand that. |
| 7 | Q | A chronology, a chronological synopsis, and it's |
| 8 | | one person's word. |
| 9 | А | Well |
| 02:56 10 | Q | I must tell you that Mr. Williams hasn't testified |
| 11 | | with respect to this document. |
| 12 | А | Okay. |
| 13 | Q | I expect that Mr. Hodson will be going through it |
| 14 | | with him at some later stage, but |
| 02:56 15 | А | Okay. |
| 16 | Q | And I suppose, at that time, there can be an |
| 17 | | opportunity to ask questions as to how he has sort |
| 18 | | of summarized it in the way he's done it. |
| 19 | А | Okay. |
| 02:56 20 | Q | But bearing in mind that it's synoptic, that it's |
| 21 | | a chronology, it's his interpretation. |
| 22 | А | Well, "further new information" is three words, |
| 23 | | "Fisher's criminal record" is three words, but I'm |
| 24 | | not going to quibble. |

Page 35868 : 1 "The Department sought 'final 2 submissions' from counsel for the 3 applicant." April 2nd of 1990: 4 5 "'Final' submissions were forwarded by 02:57 counsel for Milgaard and were received 6 7 on April 10, 1990." 8 On April 17th of 1990: 9 "Sgt. Pearson sent his report that 02:57 10 outlined his investigations of Larry Fisher." 11 12 We can look at that document of April the 2nd of 13 1990, I have it as 010045. This isn't very 14 readable either, but if we can go to page 2 to see who's the author of this, and it is you Mr. 02:57 15 16 Asper? 17 Α Yes. 18 This is a -- go back to page 1, please --Q Yeah. 19 this is your response to the request by Mr. 02:58 20 Williams for final submissions? 21 Α Yes. 22 Q And then if we go back to 337476, or that page, 23 please. Thank you. It says: 24 "(In April, 1990 the Departmental report 02:58 25 to the Minister was once again prepared = Meyer CompuCourt Reporting =

Page 35869 1 in draft, but was abandoned due to the 2 events described below.)" 3 And here we have the events that follow your 4 retention of Dr. Markesteyn to get his report, 5 it's May 1st of 1990: 02:58 "Counsel for Milgaard retained the Chief 6 7 Medical Examiner for the Province of 8 Manitoba to conduct a second forensic 9 examination of certain important 02:58 10 evidence." And now it's very clear again, once again, that 11 12 because of that fact the departmental report, 13 according to Mr. Williams' synopsis, was 14 And, once again, it's clear that you abandoned. 15 wouldn't have wanted him to provide that report 02:59 16 to the minister when you had further submissions 17 to make, in this case a report from Dr. 18 Markesteyn --19 Α That's correct. 02:59 20 -- that you expected would assist you on the 0 21 application? So --22 Α That's correct. 23 0 So the observation is accurate that Mr. Williams 24 couldn't proceed with the report because there was 02:59 25 new information that was forthcoming? Meyer CompuCourt Reporting =

Page 35870 : 1 Yes, I understand that was his position, yes. Α That was May 1st. May 15th of 1990: 2 0 Yeah. 3 "The Department provided information ..." --4 5 Α I just want to be clear; you are asking me what 02:59 6 his position was? 7 Well I am saying that the observation he makes Q 8 about abandoning the departmental report at that 9 stage because of the receipt of information 03:00 10 relating to a report from the chief medical examiner for the Province of Manitoba, it was a 11 12 sort of a logical action taken by him at that 13 stage because he would want to wait, at your 14 request essentially, for that additional report to 03:00 15 be prepared? 16 Umm, I'm pretty sure that we were arguing at the Α 17 time that, having delivered the true -- what we 18 thought was the true perpetrator of the crime, 19 that nothing further need be done. Now I 03:00 20 understand why, in aid of the completeness of the 21 file, Mr. Williams did this, but our position at 22 the time was that enough was enough. 23 0 Yeah. Except that something further was being 24 done, and that was your attempting or seeking --03:00 25 not attempting to, but seeking your report, an

| 1 | | expert report from Dr. Markesteyn. So it's |
| 2 | | reasonable to assume that he would have held off |
| | | |
| 3 | _ | until that report came because |
| 4 | A | I don't believe no, I disagree. I think, in |
| 03:00 5 | | our mind at the time, we had identified the true |
| 6 | | killer. What did Mr what did Dr. Markesteyn's |
| 7 | | report now we had commissioned it, |
| 8 | Q | Yeah? |
| 9 | А | but what could that possibly add? |
| <i>03:01</i> 10 | Q | Well, I suppose that's the question I'm asking. |
| 11 | А | Well well |
| 12 | Q | What could that possibly add? If you say that you |
| 13 | | are going to have a report prepared and Justice |
| 14 | | says "well we'll await receipt of that report |
| <i>03:01</i> 15 | | before doing anything further with respect to a |
| 16 | | departmental report to the minister", it would |
| 17 | | make sense for them to wait? They thought it, |
| 18 | | obviously would have thought it was important |
| 19 | | enough, if you were seeking it, it was important |
| 03:01 20 | | enough to wait for it; would you agree with that? |
| 21 | А | No. Well our view all along was, as I said, the |
| 22 | | department had taken a dim view of our application |
| 23 | | and I suspect our what was in our mind at the |
| 24 | | time was, in effect, that we would try to pile on |
| 03:01 25 | | a little bit. |

1 Q Okay. 2 But that the Fisher evidence, in and of itself, Α 3 was sufficient to act under 690 or 617, whatever 4 it was. 5 It sort of goes from keep it lean to pile it on? 03:02 Q 6 Well, it just started coming. Α 7 In any event, May 15th of 1990: Q Okay. "The Department", 8 9 meaning the Department of Justice: 03:02 10 "... provided information to the Chief Medical Examiner to assist him in his 11 12 review." 13 May 17th: 14 "... sought and received an assurance 03:02 15 that it would receive a copy of Dr. 16 Markesteyn's forensic report." 17 And that was an assurance given by you, I 18 believe, wasn't it? 19 Α I believe so, yes. 03:02 20 And June the 5th of 1990: 0 21 "Counsel for Milgaard forwarded the 22 report of the Chief Medical Examiner 23 dated June 4, 1990." 24 So there is an interchange between May 1st and 03:02 25 June 5th that results in the receipt of the = Meyer CompuCourt Reporting =

| | 1 | | report by the Department of Justice, but surely |
| | 2 | | you are not suggesting at that stage that they |
| | 3 | | should ignore that report and just move on with |
| | 4 | | preparing the departmental report relying on the |
| 03:03 | 5 | | evidence relating to Larry Fisher? |
| | 6 | А | Well I mean, Mr. Frayer, my view was that the |
| | 7 | | department should have acted on the first |
| | 8 | | application with the first information that we had |
| | 9 | | provided. My if and if I was then told that |
| 03:03 | 10 | | that information had somehow changed or was |
| | 11 | | tainted by other information that the department |
| | 12 | | had obtained, the Fisher information that we had |
| | 13 | | submitted in and of itself should have caused this |
| | 14 | | case to be re-opened, was my view. |
| 03:03 | 15 | Q | Yeah, that's, that's your argument, that was your |
| | 16 | | position? |
| | 17 | A | That's my opinion, yes. And so I found all of |
| | 18 | | I found the argument that the decision was delayed |
| | 19 | | because we kept unraveling the case and kept |
| 03:03 | 20 | | giving more information that unraveled the case |
| | 21 | | was a bit unfair to the person who was sitting in |
| | 22 | | prison. |
| | 23 | Q | Well, that may be the case, but in each instance |
| | 24 | | it would appear that, as you provided new |
| 03:03 | 25 | | information, Justice stopped and moved into |
| | | | Meyer CompuCourt Reporting |

| 1 | | investigating that new information or considering |
|-----------------|---|--|
| 2 | | that new information, in this case the Markesteyn |
| 3 | | report, to the extent that we know that Mr. |
| 4 | | Williams interviewed Dr. Markesteyn and came to |
| 03:04 5 | | certain observations with respect to the contents |
| 6 | | of that report which was being submitted in |
| 7 | | support of the Ferris information? |
| 8 | А | But the problem, the problem, Mr. Frayer, was that |
| 9 | | our impression was, at every step of the way, was |
| 03:04 10 | | that the department was not seeing our position |
| 11 | | and was, in effect, rejecting our position. So |
| 12 | | while it might be my opinion that the department |
| 13 | | should have acted on the Fisher information in the |
| 14 | | first application, it was our impression they |
| <i>03:04</i> 15 | | weren't, so we kept gettin' more. |
| 16 | Q | Getting more? Okay. Because we do know that the |
| 17 | | next thing that occurs is on June the 6th of 1990, |
| 18 | | that you advised that you had identified another |
| 19 | | witness that could assist in the application, and |
| 03:04 20 | | that's Ron Wilson. So |
| 21 | А | Well by this time, just as the antecedent to this, |
| 22 | | is that the we've got investigators. Centurion |
| 23 | | Ministries had come on board and had agreed to |
| 24 | | help us. So, yes, that and that led to the |
| 03:05 25 | | next round of information. |

Page 35875

|-------|----|---|--|
| | 1 | Q | Would you still take issue with the suggestion |
| | 2 | | that that's part of the reason why the Department |
| | 3 | | of Justice was delaying in preparing their final |
| | 4 | | report to the minister? |
| 03:05 | 5 | А | I guess my issue, Mr. Frayer, is that I, obviously |
| | 6 | | wrongly, maybe naively, thought that this is what |
| | 7 | | the Department of Justice would do from the |
| | 8 | | outset, and as each piece fell away from the case, |
| | 9 | | I thought that those steps in and of themselves |
| 03:05 | 10 | | could have justified intervention. |
| | 11 | Q | But the pieces falling away from the case, your |
| | 12 | | conclusion was that the department was taking a |
| | 13 | | dim view based on what information; do you know? |
| | 14 | | Was it something that was communicated to you? |
| 03:06 | 15 | | Where does the dim view conclusion come from? |
| | 16 | А | Well, I can tell you, and I can't say specifically |
| | 17 | | because I don't have my files or the specific |
| | 18 | | recollection, I can just say that my recollection |
| | 19 | | in a general sense of all of my discussions with |
| 03:06 | 20 | | Mr. Williams was that he was, he did not believe |
| | 21 | | that there was anything wrong with the Milgaard |
| | 22 | | conviction and he had prepped himself pretty |
| | 23 | | extensively to the point where we would have |
| | 24 | | discussions about individual factual and I |
| 03:06 | 25 | | remember having these and I do recall him being |
| | | | Meyer CompuCourt Reporting |

— Meyer CompuCourt Reporting =

Page 35876 1 very quickly able to rebut everything that I was saying and I just got -- maybe my impression was 2 3 wrong, but I just got the sense that he almost 4 treated us as though we were completely out to 5 lunch. 03:07 But you don't know where the dim view conclusion 6 Q 7 comes from, that's just a --8 No, and we didn't -- other than sort of these Α 9 informal exchanges on, you know, individual little 03:07 10 pieces, we really had no sense, in a broad 11 perspective, of where the department was headed, 12 other than it just didn't smell good. 13 0 Okay. And then it goes on at the bottom of the 14 page: "(The RCMP were asked to arrange for an 03:07 15 16 interview of this witness, and were also 17 asked to locate another witness that may 18 assist)." 19 And then on June 12th, 1990, and we'll get to 03:07 20 this letter in more detail at a later stage: 21 "Counsel for Milgaard wrote to the 22 Department, and sought additional facts 23 relating to the application. Counsel 24 also complained about the aggressive 03:08 25 questioning by the Department's counsel

| | 1 | | when interviewing some witnesses." |
| | 2 | | That was your complaint about the conduct of the |
| | 3 | | interview of Deborah Hall and Linda Fisher? |
| | 4 | A | Well, it was her complaint that I was |
| 03:08 | 5 | | communicating. |
| | 6 | Q | We'll get into that at a later stage, but in any |
| | 7 | | event, the next thing that occurs, June 18th of |
| | 8 | | 1990: |
| | 9 | | "Departmental counsel went to Nakusp, |
| 03:08 | 10 | | B.C. to interview Ronald Wilson. Mr. |
| | 11 | | Wilson via his counsel indicated that he |
| | 12 | | did not wish to be interviewed." |
| | 13 | | And I think part of that, and we'll get to that |
| | 14 | | at a later stage, Mr. Asper, was the suggestion |
| 03:08 | 15 | | that witnesses had been mistreated by Mr. |
| | 16 | | Williams and that Mr. Watson wasn't enthusiastic |
| | 17 | | about his client being subjected to that? You |
| | 18 | | had |
| | 19 | А | I'm not sure I |
| 03:08 | 20 | Q | You had a conversation with Mr. Watson about Mr. |
| | 21 | | Williams' treatment of other witnesses? |
| | 22 | А | I must have, I may have when we retained him, or |
| | 23 | | when we advised him that Wilson may need a lawyer, |
| | 24 | | yeah. |
| 03:09 | 25 | Q | The likelihood is that you would be the source of |
| | | | Meyer CompuCourt Reporting Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980 |

Page 35878 : 1 that though? 2 Α I would think so, yes. 3 Because it's something that you had earlier 0 Okav. 4 communicated to justice in a formal way? 5 Right. 03:09 Α Then it's got June/July of 1990: 6 0 7 "Several witnesses, some of whom were 8 identified by counsel for Milgaard, were 9 approached by the Department. Two 03:09 10 retained counsel, and resisted being interviewed. As Section 690 of the 11 12 Criminal Code lacks coercive powers to 13 examine witnesses, protracted negotiations and discussions between the 14 03:09 15 Department and counsel for these 16 witnesses subsequently ensued." 17 That's his recitation of the difficulties he had 18 in setting up interviews of witnesses, one of 19 whom of course was Ron Wilson, who had been 03:09 20 interviewed and had recanted his testimony? 21 Α Right. 22 Q And then there's July 5th of 19 --23 Α Well, but, Mr. Frayer, my recollection is that 24 prior to Mr. Williams going to Nakusp, or perhaps 03:10 25 it was Mr. Williams, somebody appeared at Wilson's = Meyer CompuCourt Reporting =

| 2 | | don't think that's in this chronology. |
| 3 | Q | No, it's not in the chronology, but we've heard |
| 4 | | evidence with respect to what went on in terms of |
| <i>03:10</i> 5 | | the attendance at Nakusp. |
| 6 | А | But that's not where in June, July, 1990, it says |
| 7 | | two retained counsel and resisted being |
| 8 | | interviewed. I'm not sure if Mr. Williams is |
| 9 | | referring there to the unannounced visit to |
| 03:10 10 | | Wilson's home. |
| 11 | Q | Okay, yeah, and I'm not sure either. July 5th of |
| 12 | | 1990: |
| 13 | | "Counsel for Milgaard wrote to the |
| 14 | | Department and asked for our assistance |
| <i>03:10</i> 15 | | in obtaining Saskatoon Police Department |
| 16 | | files concerning the person identified |
| 17 | | as the real killer." |
| 18 | | And then July he observes: |
| 19 | | "the Department sought, |
| 03:11 20 | | unsuccessfully, to obtain all these |
| 21 | | reports.)" |
| 22 | | Do you take issue with that observation? |
| 23 | | Although you don't know what they did, there's a |
| 24 | | question as to whether any reports were available |
| 03:11 25 | | at that time. |

It says, the 21 question -- maybe if we could just go up to the 22 question by Mr. Hodson: 23 "0 You said yesterday that you viewed at 24 one point that information or steps were 11:22 25 taken to make it very difficult on you = Meyer CompuCourt Reporting =

Page 35882 1 the investigation had not been 2 concluded. One way to end it all would 3 have simply been to give up, send it to 4 the courts, send it somewhere, but give 5 a remedy. We chose not to do so." 11:24 Do you have any observations on Mr. Williams' 6 7 comment about this being an application by 8 installments, the influence of the media and all 9 these witnesses? 03:33 10 Α Well, I think his comment that "all of these 11 allegations were untrue, they were patently false, 12 but there was a succession of them," it gives you 13 a beautiful window into the mind of Mr. Williams, 14 because all of the allegations in fact were not 03:34 15 false, and I happen to believe that it was Mr. 16 Williams' duty upon the initial application to 17 have taken all of the steps that we wound up 18 taking in order to get him the information that 19 wound up getting us the remedy we sought, or at 03:34 20 least some form of the remedy that we sought, so I 21 do take issue with Mr. Williams. 22 Q Certainly insofar as his view that this was an 23 application by installments, would you describe it 24 as that? 03:34 25 Α Yes, that's the way it turned out, yes.

Page 35883 : 1 Q Okay, thank you. Now if we can just go back to Mr. Williams' summary if we could, Mr. Asper, and 2 3 we were at the observation at the middle of page 337477 and that is July 12th of 1990: 4 5 "One of the witnesses --" 03:34 6 Α I hope you are going to come back to that excerpt 7 in the transcript because, as I say --8 What's that? 0 9 I hope you are going to come back to that excerpt Α 03:35 10 in the transcript, because boy, does it ever give a window into the mindset. 11 12 Q I hadn't intended to. I have your observation, 13 it's there, it's part of the record. 14 Good. Α 03:35 15 And you disagreed with it. 0 16 Good. Α 17 We have July 12th, 1990: 0 18 "One of the witnesses, the alleged 19 killer was interviewed by the Department 03:35 20 at the Regional Psychiatric Facility in 21 Saskatoon." 22 July 20th, 1990: 23 "Departmental counsel interviewed Ronald 24 Wilson." 03:35 25 August 1st to 5th, 1990: Meyer CompuCourt Reporting =

Page 35884 1 "Further witnesses were interviewed by the Department in British Columbia and 2 3 Saskatchewan." August 9th, 1990: 4 5 "The Department continued negotiations 03:35 with counsel for one of the witnesses to 6 7 have that witness submit to a polygraph 8 examination. Counsel for the witness 9 agreed, but imposed several conditions." 03:35 10 The witness being talked about there of course is Ron Wilson? 11 12 А Yes. 13 0 August of 1990: 14 "Departmental counsel researched several 03:36 15 issues that had to be addressed before a 16 final report could be prepared." 17 August 14th, 1990: "Counsel for the witness Wilson 18 19 confirmed the conditions he was imposing 03:36 20 concerning the proposed polygraph 21 examination." 22 September 6th: "The Department decided not to pursue 23 24 the polygraph examination in view of the 03:36 25 conditions imposed by the witnesses' = Meyer CompuCourt Reporting =

| | 1 | | counsel. (They could not be met.)" |
| | 2 | | And so having failed in their attempt to meet the |
| | 3 | | conditions imposed by Mr. Watson, Mr. Asper, it |
| | 4 | | appears that in early September of 1990, final |
| 03:36 | 5 | | submissions again were sought by the department |
| | 6 | | from you? |
| | 7 | А | Yes. |
| | 8 | Q | And September 10th of 1990, we have the final |
| | 9 | | written submissions received from counsel. If we |
| 03:36 | 10 | | can just look at that, 004394, please. If I'm |
| | 11 | | correct in my recollection, this is co-authored by |
| | 12 | | you and Mr. Wolch? If we can go to the next page. |
| | 13 | А | Yes. |
| | 14 | Q | So Mr. Wolch has signed it as you have signed it. |
| 03:37 | 15 | | Do you know, were you part of the preparation of |
| | 16 | | this letter or did you just sign it agreeing to |
| | 17 | | its contents or do you recall it? |
| | 18 | A | I don't recall how the letter came to be. |
| | 19 | Q | In any event, it appears to be and is indeed in |
| 03:37 | 20 | | response to Mr. Williams seeking your final |
| | 21 | | submissions. If we can just look at it. If we |
| | 22 | | look at we'll get into this in more detail: |
| | 23 | | "2. Unsavoury Witnesses |
| | 24 | | Secondly, the evidence of Messrs. Melnyk |
| 03:38 | 25 | | and Lapchuk has been rebutted by that of |

| | 1 | | Deborah Hall, who did not testify at the |
| | 2 | | trial and was never interviewed by the |
| | 3 | | police, as well as Ute Frank, who was in |
| | 4 | | fact interviewed and gave a statement |
| 03:38 | 5 | | which could have been useful to |
| | 6 | | Milgaard, not the Crown." |
| | 7 | | So by this point, and we're now September 10th of |
| | 8 | | 1990, you are still firmly of the view, that is, |
| | 9 | | you and Mr. Wolch, that the evidence of Deborah |
| 03:38 | 10 | | Hall and that of Ute Frank rebuts the evidence of |
| | 11 | | Melnyk and Lapchuk? |
| | 12 | А | Yes. |
| | 13 | Q | There's nothing at that stage that's dispelled |
| | 14 | | that impression in your mind? |
| 03:38 | 15 | А | Apparently not. |
| | 16 | Q | Okay. And if we can just go on to the next page: |
| | 17 | | "Thirdly, we have presented your |
| | 18 | | Department with the two reports of Dr. |
| | 19 | | Ferris and Dr. Markesteyn, which either |
| 03:38 | 20 | | totally exonerates Mr. Milgaard, or |
| | 21 | | entirely discredits the forensic |
| | 22 | | evidence tendered at trial." |
| | 23 | | And then you go on to make reference to Larry |
| | 24 | | Fisher, and again, there's nothing to that point, |
| 03:39 | 25 | | that's September 10th of 1990, that suggested to |

| | 1 | | you that the reports of Drs. Ferris and |
| | 2 | | Markesteyn didn't totally exonerate Mr. Milgaard, |
| | 3 | | you were still firmly of the view that |
| | 4 | А | Apparently not. |
| 03:39 | 5 | Q | both of what they were saying about it |
| | 6 | | exonerated him? |
| | 7 | А | Right. |
| | 8 | Q | Okay, thank you. If you might just go to the |
| | 9 | | bottom of this, I don't think there's anything |
| 03:39 | 10 | | further, but I asked you this question earlier, |
| | 11 | | is this yours or is this Mr. Wolch's? It looks |
| | 12 | | like it may have been prepared by you. Am I |
| | 13 | | accurate in that or |
| | 14 | А | The letter? |
| 03:39 | 15 | Q | Yes. |
| | 16 | А | I don't recall. |
| | 17 | Q | You don't, okay. In any event, we can take that |
| | 18 | | off the screen then, thank you, and return to |
| | 19 | | 337478. On October 1st of 1990, and once again |
| 03:40 | 20 | | we'll go through the October 1st meeting, Mr. |
| | 21 | | Asper, to the best of your recollection of what |
| | 22 | | occurred, but we'll do that at a later stage, just |
| | 23 | | to confirm that: |
| | 24 | | "Hersh Wolch and David Asper, counsel |
| 03:40 | 25 | | for Milgaard, had during the preceding |

| | 1 | | several months expressed an interest in |
|-------|----|---|--|
| | 2 | | meeting personally with Departmental |
| | 3 | | officials involved in the review of the |
| | 4 | | case." |
| 03:40 | 5 | | Now, he says the preceding several months. One |
| | 6 | | of your criticisms throughout your evidence was |
| | 7 | | the fact that there were never meetings held, and |
| | 8 | | I know what your expectations were in terms of |
| | 9 | | what justice would do, but do you have any |
| 03:40 | 10 | | specific recollection in advance of this meeting, |
| | 11 | | other than the preceding several months, ever |
| | 12 | | asking for a meeting with Justice officials to |
| | 13 | | discuss this case? |
| | 14 | А | I don't have a specific recollection, but it was |
| 03:40 | 15 | | something we had hoped would have happened early |
| | 16 | | on in the process. |
| | 17 | Q | And I may be wrong in this, and looking at the |
| | 18 | | correspondence, Mr. Asper, I'm not certain whether |
| | 19 | | I've been able to find any such request being made |
| 03:41 | 20 | | in writing to the Justice officials. |
| | 21 | А | Well, as I say, unfortunately a lot of it was done |
| | 22 | | informally through telephonic conversations. |
| | 23 | Q | And much of it may have been done by Mr. Wolch |
| | 24 | | rather than yourself? |
| 03:41 | 25 | А | Yes, although I'm quite certain that I discussed |

— Meyer CompuCourt Reporting =

Page 35889 1 it with Mr. Williams. 2 0 Okay. 3 "Officials agreed, and the meeting took place on the 1st of October, 1990. 4 The 5 purpose of the meeting was to permit 03:41 counsel with the opportunity to provide 6 7 their perspective of the case personally 8 and fully." 9 It seems to me that the only two records that I've been able to find of what occurred at that 03:41 10 11 meeting is the excerpt from the book by Karp and 12 the letter that Mr. Wolch wrote on the 3rd of 13 October, 1990 to David Milgaard. While we'll go 14 into this meeting in some detail later on, do you 03:42 15 recall, like, notes taken by anybody that -- I 16 know that there's an observation by Mr. Wolch 17 that copious notes were taken by Justice 18 officials. Did you or Mr. Wolch make a record of 19 what was going on there during the course of a 03:42 20 fairly extensive day as I understand it? 21 Α My recollection of it was that we were busy trying 22 to present our case and were occupied by, and I 23 was feeding Mr. Wolch pieces of paper and engaging 24 myself, but yes, I do recall one of the officials 03:42 25 sitting with a notebook taking notes.

1 **Q** Do you recall who that was?

2 A I don't.

3 But in any event, because of the nature of this 0 4 meeting, as I say, we can go into it at some later 5 stage during the course of your evidence, because 03:42 of the nature of this meeting there doesn't appear 6 7 to be at least any record that I've been able to 8 find, other than the two that I've -- one is 9 your -- one is the Karp and Rosner chapter on the 03:43 10 meeting with justice officials which has a number 11 of things attributed to you, I would expect that 12 you spoke to Karp and Rosner and gave them your 13 view of what went on at that meeting? 14 I believe so. I don't recall it. Α 03:43 15 And the other of course is the reporting out to 0 16 David Milgaard by Mr. Wolch? 17 Yes. Α 18 Now, we see the department, October 1st to 16th, Q 19 1990, we now have the departmental report to the 03:43 20 minister being prepared by Mr. Williams. October 21 17th of 1990 to November 5th of 1990 they reviewed 22 it. November 6th to 14th of 1990, the 23 departmental report and recommendations were 24 referred to the deputy minister. Discussions took 03:43 25 place concerning the prospect of retaining Mr. Meyer CompuCourt Reporting =

= Page 35891 =

| 1 | | McIntyre. November 14th, he was retained to |
|-----------------|---|--|
| 2 | | provide advice. November 14th to February 6th, |
| 3 | | '90 and '91, he reviewed the case, provided |
| 4 | | information and materials to Mr. McIntyre as and |
| <i>03:44</i> 5 | | when requested. Then advice received on February |
| 6 | | 7th. February 7th it went up to the minister for |
| 7 | | consideration and on February 27th of 1991 the |
| 8 | | letter came out. |
| 9 | | Now, you weren't a party to |
| <i>03:44</i> 10 | | any of those proceedings so you can't observe or |
| 11 | | make any comment with respect to what occurred |
| 12 | | other than it would appear that this whole review, |
| 13 | | despite the fact that there was some criticism of |
| 14 | | delays by Justice leading up to the eventual |
| <i>03:44</i> 15 | | decision on the first application, that the |
| 16 | | department acted with reasonable haste between |
| 17 | | October and early October and February of '90, |
| 18 | | '91. Would you agree with me? |
| 19 | А | No. |
| 03:45 20 | Q | Why would you disagree? |
| 21 | А | As I said, my view was that we had submitted |
| 22 | | sufficient information, and this is in isolation |
| 23 | | of not knowing what the Department of Justice had |
| 24 | | in its hands, that we had submitted information |
| 03:45 25 | | long, a long time before February of 1991 that |
| | | Meyer CompuCourt Reporting |

Page 35892

| | | | Page 35892 |
|-------|----|---|---|
| | 1 | | would have justified re-opening the case, and in |
| | 2 | | particular the Fisher information. |
| | | 0 | |
| | 3 | Q | And the information that you got, though, at that |
| | 4 | | meeting, inevitable to go back to the meeting of |
| 03:45 | 5 | | October the 1st, there was considerable disclosure |
| | 6 | | given to you of what information justice had |
| | 7 | | gathered by that date. Am I correct in that? |
| | 8 | A | I think there was. I just I don't recall |
| | 9 | | exactly what it was. |
| 03:45 | 10 | Q | You have no recollection of what it was that |
| | 11 | | justice turned over to you and there doesn't |
| | 12 | | appear to be any record as to where it's gone. |
| | 13 | | Mr. Wolch makes reference to a black binder that's |
| | 14 | | available, but |
| 03:46 | 15 | А | I don't have any recollection of them actually |
| | 16 | | giving us anything. |
| | 17 | Q | Okay. And then we have the recitation of what |
| | 18 | | went on from the second application. After the |
| | 19 | | minister's denial of the first application of |
| 03:46 | 20 | | February the 27th of 1991, the next now, I know |
| | 21 | | there's an exchange between Mr. Wolch and the |
| | 22 | | minister Kim Campbell, I think in April of 1991, |
| | 23 | | but it's on August the 14th of 1991 that the |
| | 24 | | second application is made? |
| 03:46 | 25 | А | Yes. |

|-----------------|---|---|
| 1 | Q | Any reason why it took that time to prepare that? |
| 2 | | Do you recall what delays, if any, there might |
| 3 | | have been in filing that second application? |
| 4 | А | Yes. We didn't know what to do and we did a |
| <i>03:4</i> 6 5 | | little bit of research as to whether any remedy |
| 6 | | lay, I believe, in the Federal Court, and we were |
| 7 | | really at a loss as to what to do, and at some |
| 8 | | point in that intervening time period we sat down |
| 9 | | with the Fisher information and built the chart |
| 03:47 10 | | that ultimately formed the basis for the second |
| 11 | | application. This is the similar act allegation. |
| 12 | Q | Right, okay. August 23rd of 1991: |
| 13 | | "Counsel for Milgaard provided a |
| 14 | | statement from another witness relating |
| 03:47 15 | | to Larry Fisher." |
| 16 | | Who was that; do you recall? |
| 17 | A | I don't. That I don't, sorry. There were the |
| 18 | | inmates people started coming forward. There |
| 19 | | were inmates, there was Ms. (V4) I don't |
| 03:47 20 | | recall specifically who that was. |
| 21 | Q | And the $(V14)$ - $(V14)$ - information that formulated |
| 22 | | part of that second application, we'll get to that |
| 23 | | a little later on in the proceedings too, but when |
| 24 | | did the (V14)- (V14)- information first come to |
| 03:48 25 | | your attention; do you recall? |

| | 1 | А | I don't recall. |
| | 2 | Q | Her allegation formed part of that second |
| : | 3 | | application? |
| | 4 | А | I honestly don't recall. I haven't even looked at |
| 03:48 | 5 | | the second application. |
| | 6 | Q | Okay. We have the events of September the 6th of |
| | 7 | | 1991: |
| : | 8 | | "Prime Minister Mulroney promised Joyce |
| | 9 | | Milgaard that he would look into the |
| 03:48 10 | 0 | | David Milgaard case." |
| 1 | 1 | | And then September 11th of 1991: |
| 1: | 2 | | "The Department received additional |

| 14 | 4 | | Force." |
| 03:49 1 | 5 | | And then: |
| 10 | 6 | | "The Department received submissions |

| 18 | 8 | | similarity of the Fisher rapes to the |
| 1 | 9 | | murder of Gail Miller." |
| 03:49 20 | 0 | | And that was around that time period that that |
| 2 | 1 | | was provided? |
| 22 | 2 | А | Yes. |
| 23 | 3 | Q | That synopsis. And then there's further |

My recollection of that meeting was the discussion about potential remedies. 11 12 Q Yeah, I thought that would be the case too. This 13 was a meeting that was held in preparation for the 14 Supreme Court reference. 03:50 15 No, the department had --Α The prospect of the Supreme Court reference as 16 Q 17 being a --18 Right, and this was where the discussion began Α 19 about the potential conflict with a reference back 03:50 20 to the Saskatchewan Court of Appeal, given Justice 21 Tallis' position, and we got into a whole 22 discussion about potential remedies. | | 1 | | had very little, if any, recollection of what |
| | 2 | | occurred there? |
| | 3 | A | Other than getting other than seeing Mr. |
| | 4 | | Milgaard at the Ottawa city jail. |
| 03:51 | 5 | Q | I would like to move on if I could, Mr. Asper |
| | 6 | | that's fine, that can come off the screen, thank |

| | 8 | | if I could call it that, and go through with you |
| | 9 | | the circumstances surrounding the preparation of |
| 03:51 | 10 | | the Ferris report and events surrounding that, and |

| | 12 | | on the screen, please, 182095, just if we can make |
| | 13 | | that a little clearer. This is a memorandum to |
| | 14 | | file dated February the 26th, 1987 prepared by |
| 03:51 | 15 | | yourself? |
| | 16 | A | Yes. |
| | 17 | Q | And we needn't go into the contents other than |
| | 18 | | this appears to be the first time that you came |
| | 19 | | into the information that there was a doctor by |
| 03:52 | 20 | | the name of Ferris who could assist you in this |
| | 21 | | case? |
| | 22 | A | Yes. |
| | 23 | Q | And it appears that you made an attempt to contact |
| | 24 | | Dr. Ferris on the evening of February the 25th, |
| 03:52 | 25 | | you were unsuccessful, and you left a message? |
| | | | Meyer CompuCourt Reporting |

| | 1 | А | I accept that. |
|-------|----|---|--|
| | 2 | Q | I'm sorry? |
| | 3 | А | I accept that. I don't recall. |
| | 4 | Q | It's your memorandum, so I assume you did? |
| 03:52 | 5 | А | Of course. |
| | 6 | Q | And then moving on to the next document, 162412, |
| | 7 | | this is one dated September the 15th of 1987, some |
| | 8 | | considerable time after the first one was |
| | 9 | | authored, and if we can go to paragraph 2 starting |
| 03:52 | 10 | | with the words "we decided". This is, as I |
| | 11 | | understand, a letter co-authored by Joyce and |
| | 12 | | David Milgaard directed to you? |
| | 13 | А | Yes. |
| | 14 | Q | And this was one that was sent to you while I |
| 03:53 | 15 | | believe you were out in the family business |
| | 16 | | working, it was during that 10 month hiatus that |
| | 17 | | you got this? |
| | 18 | А | That's correct. |
| | 19 | Q | And it says: |
| 03:53 | 20 | | "We decided you might like to be |
| | 21 | | up-dated as to what has happened. It is |
| | 22 | | not too difficult. It can be put in one |
| | 23 | | word. Nothing. At least up until |
| | 24 | | yesterday when I visited Hersh and got |
| 03:53 | 25 | | him to phone Ferris office re his letter |
| | | | Meyer CompuCourt Reporting |

| | 1 | | as well as to dictate the letters re the |
|-------|----|---|--|
| | 2 | | exhibits to Saskatchewan." |
| | 3 | | And so this appears to be Joyce and David |
| | 4 | | Milgaard telling you that the Ferris information |
| 03:53 | 5 | | appears to be moving slowly? |
| | 6 | А | Yes. |
| | 7 | Q | And my recollection of Mrs. Milgaard's evidence |
| | 8 | | was that she and Hersh had a discussion about sort |
| | 9 | | of moving the Ferris work on? |
| 03:54 | 10 | А | Yes. |
| | 11 | Q | And during the intervening time between February |
| | 12 | | the 26th of 1987 when you recorded your |
| | 13 | | unsuccessful attempt to reach Dr. Ferris two days |
| | 14 | | earlier and I believe you left the firm in May |
| 03:54 | 15 | | of '87; am I accurate? |
| | 16 | А | That sounds right. |
| | 17 | Q | During the course of that time, did you have |
| | 18 | | anything to do with Dr. Ferris, did you get a |
| | 19 | | response, did you, to your recollection, do |
| 03:54 | 20 | | anything further before you actually left to go |
| | 21 | | back to the family business? |
| | 22 | А | I don't recall. |
| | 23 | Q | Were you largely responsible, at least at that |
| | 24 | | point, to marshall the Ferris material, to try to |
| 03:54 | 25 | | get that expert report from him? Was that your |

This is directed to the 13 Halyk law firm to Audrey Brent who you said was an 14 agent of yours, or from Audrey Brent, I'm sorry, 03:55 15 who was an agent of yours to assist you here in 16 Saskatchewan? 17 Α Yes. 18 And January the 12th of 1988: Q Okay. 19 "In accordance with the order of 03:55 20 Mr. Justice Sirois, it would be 21 appreciated if the exhibits ordered 22 released for scientific testing be 23 forwarded to Dr. Ferris as soon as 24 possible and our account charged with 03:56 25 the appropriate cost for mailing. = Meyer CompuCourt Reporting =

| | 1 | | Yours truly." |
| | 2 | | So it would look like by January the 12th of |
| | 3 | | 1988, the order had been obtained for the release |
| | 4 | | of the exhibits and the request is being made by |
| 03:56 | 5 | | Ms. Brent to have those forwarded on to Dr. |
| | 6 | | Ferris? |
| | 7 | А | Correct. |
| | 8 | Q | And the next item appears to be in response to |
| | 9 | | that request and that's 057361 and that's dated |
| 03:56 | 10 | | January the 21st and it's directed to Dr. James |
| | 11 | | Ferris and certain exhibits are included in with |
| | 12 | | that correspondence? |
| | 13 | А | Correct. |
| | 14 | Q | So and it appears that there is some difficulty |
| 03:56 | 15 | | with respect to the exhibits being obtained back |
| | 16 | | from Dr. Ferris, as I understand, and there's some |
| | 17 | | work done because the Department of Justice has |
| | 18 | | or has asked for those exhibits? |
| | 19 | A | I |
| 03:57 | 20 | Q | Do you have any knowledge of that at all? |
| | 21 | А | No. I recall, I saw a document when I was |
| | 22 | | scanning through the documents relating to that, |
| | 23 | | but I don't recall that. |
| | 24 | Q | In any event it appears that, on July the 5th of |
| 03:57 | 25 | | 1989, that Dr. Ferris returns those to the Clerk |

| | 3 | А | January when? |
| | 4 | Q | This is I'm sorry, I should have shown, 069226. |
| 03:57 | 5 | А | Yeah. |
| | 6 | Q | There is the exhibits, I would suggest, at long |
| | 7 | | last being returned. You weren't involved in any |
| | 8 | | way moving along Dr. Ferris' return of those |
| | 9 | | exhibits? |
| 03:57 | 10 | А | I don't recall. |
| | 11 | Q | You don't recall? |
| | 12 | А | I may have been, I don't recall. |
| | 13 | Q | Okay. If we can look at 218743. This is the |
| | 14 | | letter dated March the 8th of 1989, which we have |
| 03:58 | 15 | | seen before, and it's directed to you, and it's |
| | 16 | | authored by Robin Taylor, Executive Producer at |
| | 17 | | CBC, the Fifth Estate? |
| | 18 | А | Yes. |
| | 19 | Q | And if I can look at, over at page 2 of that |
| 03:58 | 20 | | letter, just where the words: |
| | 21 | | "Then producer Gordon Stewart and |
| | 22 | | researcher Sandra Bartlett asked us to |
| | 23 | | look at the criticisms of Dr. James |
| | 24 | | Ferris about the handling of the |

| | 1 | | examined this as best we could, did |
| | 2 | | further research, and then concluded |
| | 3 | | there are other experts around who can |
| | 4 | | challenge much of what Dr. Ferris has to |
| 03:58 | 5 | | say. In other words, the story had been |
| | 6 | | reduced once again to an argument |
| | 7 | | between experts." |
| | 8 | | Now this is the letter that comes back to you |
| | 9 | | saying that they don't, for various reasons, |
| 03:59 | 10 | | don't want to do the show, but you are also |
| | 11 | | advised for the first time that there appears to |
| | 12 | | be some frailty with the evidence of Dr. Ferris; |
| | 13 | | had it ever been challenged to you, on any other |
| | 14 | | occasion, by anybody before this time? |
| 03:59 | 15 | А | No. |
| | 16 | Q | Okay. And so you would agree with me that it |
| | 17 | | would appear, although they don't identify who the |
| | 18 | | experts are, that Dr. Ferris' opinion is subject |
| | 19 | | to challenge? |
| 03:59 | 20 | А | Oh, I don't think we ever doubted that his opinion |
| | 21 | | would be subject to challenge, there I don't |
| | 22 | | think there's an expert in the world whose opinion |
| | 23 | | will not be subject to some challenge. |
| | 24 | Q | So |
| 03:59 | 25 | А | It's just what you prefer. |
| | | | |

| 1 | Q | Yeah. Now I we know that there's |
| 2 | | correspondence in which at your, at your request |
| 3 | | you pass on, and it's the next document I was |
| 4 | | going to show you, the concerns that David |
| <i>03:5</i> 9 5 | | Milgaard has about about the fact that the |
| 6 | | Fifth Estate won't do his show. But did you, of |
| 7 | | your own accord, ever make any inquiries to find |
| 8 | | out, from the Fifth Estate, the basis upon which |
| 9 | | they made that statement? |
| <i>04:00</i> 10 | А | I don't think so. |
| 11 | Q | They, would they have given you that information |
| 12 | | if you had asked, or do you know that? |
| 13 | А | Umm, I don't know. |
| 14 | Q | Okay. |
| <i>04:00</i> 15 | А | I don't know. |
| 16 | Q | And certainly, insofar as the Department of |
| 17 | | Justice is concerned, this particular piece of |
| 18 | | correspondence wasn't directed to anybody there? |
| 19 | А | No. |
| 04:00 20 | Q | Okay. Okay. The next piece of correspondence is |
| 21 | | 163064, this is the one I was talking about that |
| 22 | | and this is dated April the 19th of 1989, and |
| 23 | | this was authored by you, and what you are doing |
| 24 | | is passing on to Robin Taylor David Milgaard's |
| 04:00 25 | | view of this. Do you recall this particular |

David Asper by Mr. Frayer Vol 173 - Monday, August 28th, 2006

| | | [| —————————————————————————————————————— |
|-------|----|---|--|
| | | | |
| | 1 | А | No, not specifically. |
| | 2 | Q | Okay. And it says: |
| | 3 | | "At some point your people contacted |
| | 4 | | Mr. Wolch about Dr. Ferris' forensic |
| 04:01 | 5 | | report. They claimed that they had |
| | 6 | | consulted someone in Toronto who |
| | 7 | | disputed Dr. Ferris' findings. |
| | 8 | | Mr. Wolch was asked to comment on this |
| | 9 | | and he referred your people directly to |
| 04:01 | 10 | | Dr. Ferris." |
| | 11 | | Now was any inquiry ever made to determine |
| | 12 | | whether, in fact, Dr. Ferris was ever contacted |
| | 13 | | by anybody from the Fifth Estate? |
| | 14 | А | I think he was contacted later, but I don't recall |
| 04:01 | 15 | | him being contacted I mean I think they my |
| | 16 | | recollection is the Fifth Estate ended up doing a |
| | 17 | | program, ultimately. |
| | 18 | Q | Okay. Well, in fairness to you, the next piece of |
| | 19 | | correspondence I'm going to show you is one that |
| 04:01 | 20 | | you wrote Dr. Ferris or you wrote Dr. Ferris, |
| | 21 | | and that is 155495. This is dated May 3rd of |
| | 22 | | 1989, it's we're you've written it |
| | 23 | А | Yes. |
| | 24 | Q | to Dr. Ferris? |
| 04:02 | 25 | А | Yes. |
| | | | Meyer CompuCourt Reporting |

| | | | Page 35905 |
|-------|----|---|--|
| | 1 | Q | "Firstly, I should advise that the Fifth? |
| | 2 | | Estate has decided to not proceed with |
| | 3 | | their story. However, a reporter", |
| | 4 | | and so on. Did you send a copy of the Robin |
| 04:02 | 5 | | Taylor correspondence to Dr. Ferris? |
| | 6 | А | I don't know. |
| | 7 | Q | It doesn't appear to have accompanied this letter? |
| | 8 | А | Right. |
| | 9 | Q | Yeah. You think it would have been maybe a good |
| 04:02 | 10 | | idea to have included that to Dr. Ferris so he |
| | 11 | | would be informed as to what was happening? |
| | 12 | А | I don't know that it was of any particular moment |
| | 13 | | at that time. |
| | 14 | Q | But there was doubts, obviously, raised about the |
| 04:02 | 15 | | report that he had prepared? |
| | 16 | А | Well, as I say, I had there was no question in |
| | 17 | | our mind that, if you have an expert, someone can |
| | 18 | | go and create doubt about it. It's just a |
| | 19 | | question of the caliber of the expert, ultimately, |
| 04:03 | 20 | | it becomes a matter of weight, as you well know. |
| | 21 | Q | But, in any event, that letter wasn't communicated |
| | 22 | | to Dr. Ferris, or at least it appears that? |
| | 23 | А | I'm sorry, I couldn't hear you? |
| | 24 | Q | The letter from Robin Taylor wasn't communicated |
| 04:03 | 25 | | to Dr. Ferris? |
| | | | Meyer CompuCourt Reporting |

Page 35905

- Page 35906 -

| | | Page 35906 |
|-----------------|---|---|
| 1 | А | No. No. But as I say, I think <i>Fifth Estate</i> |
| 2 | | ultimately did a program where they did talk to |
| 3 | | Dr. Ferris, I believe that there was a documentary |
| | | |
| 4 | | or a full program done by the <i>Fifth Estate</i> is my |
| <i>04:03</i> 5 | | recollection. |
| 6 | Q | And the last item that I want to refer you to is |
| 7 | | 182104, and that is this appears to be a |
| 8 | | discussion or a memorandum with notes recorded |
| 9 | | about from Hersh Wolch to you. This is the |
| <i>04:04</i> 10 | | urgent return of the exhibits held by Dr. Ferris? |
| 11 | А | Yes. |
| 12 | Q | Is that your writing on the right-hand side? |
| 13 | А | Yes, it is. |
| 14 | Q | Okay, where you've said "Done - July 4"? |
| <i>04:04</i> 15 | А | Yes, it is. |
| 16 | Q | And then who you had contact with to arrange for |
| 17 | | those exhibits to be returned? |
| 18 | А | Yes. |
| 19 | Q | Okay. And just one other reference, and that is |
| 04:04 20 | | to a portion of your evidence that you gave |
| 21 | | earlier on, on February the 25th, that's 25638. |
| 22 | | And I take it, first of all, that I suppose you |
| 23 | | have to be cautious how you answer this but the |
| 24 | | Fifth Estate was considered to be, as you've said, |
| <i>04:04</i> 25 | | the most highly recognized investigative current |
| | | Meyer CompuCourt Reporting |

| | | | Page 35907 |
|----|---|-----------|--|
| | | | |
| 1 | | affairs : | show in the country? |
| 2 | А | Yes. | |
| 3 | Q | Okay. Be | ecause you say, when you are asked the |
| 4 | | question | : |
| 5 | | "Q | And when you say a validator, can you |
| 6 | | | explain that a bit further?" |
| 7 | | And your | answer is: |
| 8 | | "A | If the CBC Fifth Estate, probably the |
| 9 | | | most highly-recognized investigative |
| 10 | | | current affairs journalism program in |
| 11 | | | the country looks at your case and says |
| 12 | | | that you might have some, that there |
| 13 | | | might not just be validity, but you may |
| 14 | | | be, you are probably telling the truth |
| 15 | | | in terms of David's claim of innocence, |
| 16 | | | then that is a powerful emotional |
| 17 | | | support for what you've been doing and |
| 18 | | | fighting for. |
| 19 | | Q | And so on the flip side, the failure to, |
| 20 | | | or decision not to proceed with the |
| 21 | | | show, would that have the opposite |
| 22 | | | effect?" |
| 23 | | And your | response: |
| 24 | | "A | It's a large blow, yes. |
| 25 | | Q | Okay. So are you telling us that the |
| | | | Mever CompuCourt Reporting |

| | 1 | | Page 35908 |

| | | | |
| | 1 | | running of this program, if it were to |
| | 2 | | run, would have positive influence on |
| | 3 | | David and Joyce Milgaard, but if it |
| | 4 | | didn't run, or there was some doubts |
| | 5 | | about it running, it would have a |
| | 6 | | negative impact?" |
| | 7 | | Your answer is: |
| | 8 | | "A Yes." |
| | 9 | | So this was, apparently had a profound effect on |
| 04:06 | 10 | | people, specifically the Milgaards, because |
| | 11 | А | Yes. |
| | 12 | Q | And that was the rejection based on, at least in |
| | 13 | | part, the fact that somebody else could contradict |
| | 14 | | the Ferris report? |
| 04:06 | 15 | А | No, I wouldn't say that. I wouldn't say that at |
| | 16 | | all, Mr. Frayer. I think that it did have a very |
| | 17 | | negative effect. There were a lot of things at |
| | 18 | | play. |
| | 19 | | I think David had done a very |
| 04:06 | 20 | | bad interview at the prison and was angry with |
| | 21 | | himself that he hadn't presented himself |
| | 22 | | particularly well. He hadn't slept, he had had |
| | 23 | | some problems I believe in the days leading up to |
| | 24 | | it, he had not formed a very good relationship |
| 04:06 | 25 | | with Eric Malling who was the host of the program |

| | | |
| 1 | | and I think the producer of this particular |
| 2 | | segment, and I don't think it had anything to do, |
| 3 | | frankly, with the Dr. Ferris issue, I think it had |
| 4 | | to do more at a deeper psychological level, that |
| <i>04:06</i> 5 | | they were looking for validation of what they had |
| 6 | | been saying for a long time, and I don't think it |
| 7 | | had anything to do with any specific aspect of |
| 8 | | what was going to be in the show. |
| 9 | Q | Just a general reaction to the rejection of the |
| <i>04:07</i> 10 | | show? |
| 11 | А | Yes. And as I say, some of the constituent parts, |
| 12 | | I mean David was very angry with himself about the |
| 13 | | interview. |
| 14 | Q | Okay. If we move on, then, from consideration of |
| <i>04:0</i> 7 15 | | Ferris and the Fifth Estate to the, this parallel |
| 16 | | family presentation that some questions and |
| 17 | | comments have been made about. And I should say |
| 18 | | at the outset, and Mrs. Milgaard testified that |
| 19 | | with respect to this family presentation, that in |
| 04:07 20 | | her view it was something to keep David Milgaard |
| 21 | | busy while he was in prison, that was her view of |
| 22 | | it at least? |
| 23 | А | That's probably a fair view, yes. |
| 24 | Q | Okay. But, with respect to that presentation, it |
| <i>04:08</i> 25 | | had, it's apparent, some effect on how quickly |

1

| | 2 | А | Well, I was going to say, it may have been |
|-------|----|---|--|
| | 3 | | designed to keep David busy but it actually he |
| | 4 | | believed that that's what they were doing, and I |
| 04:08 | 5 | | believe there is correspondence, that he was |
| | 6 | | sending letters, as you say, parallel to the |
| | 7 | | formal correspondence relating to this project |
| | 8 | | that we didn't quite know what it was. |
| | 9 | Q | Yeah, well we can go through those, it is my |
| 04:08 | 10 | | intention to go through them briefly. And the |
| | 11 | | first of those is 213588, it's a letter dated |
| | 12 | | September the 15th of 1986, and it's in David |
| | 13 | | Milgaard's handwriting, and if I can just refer to |
| | 14 | | the first couple of pages of that. In other |
| 04:09 | 15 | | words: |
| | 16 | | "Since my mother, Peter and |
| | 17 | | myself can apply ourselves to this a lot |
| | 18 | | I suggest we put a presentation together |
| | 19 | | ourselves and when you and David need us |
| 04:09 | 20 | | to work on yours with you, we'll do so. |
| | 21 | | The benefit is two-products to consider. |
| | 22 | | The problem here for mom and |
| | 23 | | myself is that we may send Peter back |
| | 24 | | out on the road to see what more he can |
| 04:09 | 25 | | dig up. |
| | | | Meyer CompuCourt Reporting |

David Asper by Mr. Frayer Vol 173 - Monday, August 28th, 2006

Page 35911 = 1 I think we can work around 2 this by getting his upstairs knowledge 3 from him about statements and tapes etc 4 in discussions as we plot the start of 5 the presentation. This way we can 04:09 follow up on things from his material 6 7 that are unresolved and have him 8 consider this and other areas (possibly 9 Thatcher) while mom and I work together 04:10 10 alone." So this appears to be the first reference 11 12 anywhere to a family presentation being made in 13 conjunction with the application that you and Mr. 14 Wolch were working on? 04:10 15 Yes. Α And again 301671, this one dated April 29th 16 Yeah. Q 17 of 1989, this is in response to correspondence received from the Minister's office. 18 In paragraph 19 2: 04:10 20 "My family and myself will 21 also be sending you a submission of our 22 It is expected to be completed at own. 23 the end of May." 24 And then, moving on, 032905. This is a letter 04:10 25 dated May 8th of 1989 to The Honourable Doug

_____ Meyer CompuCourt Reporting =

1 Lewis prepared by Mr. Wolch, and on the page, the 2 second page of that letter, second-last 3 paragraph, last three lines, it says: 4 "Finally, we would like to 04:11 5 thank you on behalf of Mr. Milgaard for your letter inviting his submissions. 6 7 Mr. Milgaard and his mother have been 8 working consistently since the date of 9 conviction to establish that a 04:11 10 miscarriage of justice has occurred. In addition to the materials which we have 11 12 presented to you, the Milgaard's are 13 planning on making a separate 14 presentation and once this is prepared 04:11 15 it will be forwarded to you in due 16 course." 17 So from this idea that -- first given to Mr. 18 Wolch back in September of 1986 to, now, May 8th 19 of 1989, it would appear that the family 04:11 20 presentation is still being worked on, but in 21 addition to what Mrs. Milgaard said about why 22 they wanted David to do this to keep him busy, 23 Mr. Wolch is adding the authenticity to it by 24 saying to the Minister of Justice "this is 04:12 25 forthcoming"; am I accurate in that?

Page 35912 :

= Page 35913 =

| | | Page 35913 |
|------------------|---|--|
| 1 | A | I yes, that's correct. I have a feeling, |
| 2 | | though, that by this time we were actually |
| 3 | | considering, and we called it "the family |
| 4 | | presentation" in order to keep that nomenclature |
| <i>04:12</i> 5 | | consistent with what David was expecting, I think |
| 6 | | by that point we were considering some sort of a |
| 7 | | video re-enactment. |
| 8 | Q | Okay. |
| 9 | А | And I think that's what |
| <i>04:12</i> 10 | Q | A video re-enactment of the crime? |
| 11 | А | Yes. |
| 12 | Q | Okay. |
| 13 | А | And that may be what this is referring to. |
| 14 | Q | But you'll agree with me that still, by May 8th of |
| <i>04:1</i> 2 15 | | 1989, it would be reasonable for the Minister of |
| 16 | | Justice or his representative, in this case Mr. |
| 17 | | Williams, to say "well, they have asked to provide |
| 18 | | this to us, we should wait for it"? |
| 19 | А | We could debate that, but I would understand why |
| 04:12 20 | | the minister would take that view. |
| 21 | Q | And then we have 130121. This is actually doc. ID |
| 22 | | 130118 at 121. Yes, thank you. And this is a |
| 23 | | letter dated, I believe it's June 15th, June 15th |
| 24 | | of 1989. This is, I believe, directed to the |
| 04:13 25 | | Minister of Justice because it bears the stamp. |
| | | Meyer CompuCourt Reporting |

Page 35914 = 1 "I am just going to begin 2 going over stuff and my family and I 3 will be making a video too." So this appears to be David's reinforcement of 4 04:13 5 the idea that a family presentation is forthcoming, and now it's the video that you 6 7 think was something they worked towards 8 preparing? 9 Α Yes. 04:13 10 And then 130125, September 10th of 1989, a 0 Okay. letter to the Executive Assistant to the Minister 11 12 of Justice directed to her by David. Now are 13 these, and I have been showing these to you, Mr. 14 Asper, are these ones that you've seen at some 04:14 15 stage or other; did you ever see these during the 16 course of the proceedings? 17 Well, to be honest, there was such a blizzard of Α 18 paper I, you know, I look at it, I see the name 19 Janet Binks, I recall her responding, actually, 04:14 20 I'm not sure that I actually saw these letters, or 21 not, certainly I don't think I saw them 22 contemporaneous --23 0 Well, these are initiated by David Milgaard, so --24 and I don't notice any copies to you, just a copy 04:14 25 to the file, so there is a strong likelihood that Meyer CompuCourt Reporting =

Page 35915 : 1 these are ones that you would have seen after the 2 fact, if at all? 3 As I say, I just don't recall. Α 4 And if I move to page 3 --0 5 I'm just curious, and I'm, I know I'm not supposed 04:15 Α 6 to ask the questions. As I read these and as I 7 scanned through them in the documents it just 8 seemed curious to me that the minister never, or 9 didn't write back, or maybe did write back and say 04:15 10 "you've got a lawyer, let me deal with your 11 lawyer", and I don't know if that letter was ever 12 written. I don't know if it's there. 13 0 14 COMMISSIONER MacCALLUM: I think there was 15 such a letter at one time. 16 I think there was. А 17 COMMISSIONER MacCALLUM: Yes. BY MR. FRAYER: 18 19 0 There was at least one very early on where there 04:15 20 was 'any application to be filed should be done 21 through your lawyer'? 22 Α But these letters kept coming, I think, yes. 23 0 But the effect of these, of course coming from 24 David Milgaard, is it would have the same effect 04:15 25 on the minister, I would think, or the minister's

_____ Meyer CompuCourt Reporting _

Page 35916 : 1 You know, I can't testify to that representative? 2 fact, but I would think they would simply because 3 he's consistently saying "you can expect this family presentation", and Mr. Wolch at one stage 4 5 authenticated that by including that in the letter 04:16 he wrote? 6 7 Α Yes, yes. 8 0 Okay. 9 Α Yes. 04:16 10 And the -- and going to the last paragraph: 0 "Finally, please tell the 11 12 minister my presentation (my family one) 13 is coming along slowly and that this 14 part of the application will include a 04:16 15 video from us. Thank you for your 16 time." 17 So David Milgaard is reinforcing the idea that a 18 family presentation is still in the throes of 19 preparation, and that part of that will be a 04:16 20 video, it appears? 21 Α Right. 22 Q Following that, 157023, October 11th of 1989, it's 23 a letter from Mr. Williams to Mr. Wolch, and I 24 think this reflects somewhat of the questions I 04:16 25 have been asking you, Mr. Asper, with respect to Meyer CompuCourt Reporting =

1 J

| 1 | the effect of the family presentation on David |
| 2 | Milgaard's entire application, the formal one |
| 3 | filed under 617 by you and Mr. Wolch, and the one |
| 4 | that he intends to file in support of that formal |
| <i>04:17</i> 5 | application. And I think this is the first |
| 6 | reflection of this in the correspondence, here, |
| 7 | where Mr. Williams says in paragraph 2: |
| 8 | "For your information, I am |
| 9 | also enclosing the most recent |
| <i>04:17</i> 10 | correspondence from Mr. Milgaard. In it |
| 11 | he re-iterates his intention to submit a |
| 12 | presentation as part of his application |
| 13 | to the Minister. |
| 14 | Armed with this information |
| <i>04:17</i> 15 | it would be premature to conclude our |
| 16 | investigation at this time." |
| 17 | And then he goes on to say: |
| 18 | "Further, I can only advise in response |
| 19 | to your request for a status report, |
| 04:17 20 | that the matter is being pursued in a |
| 21 | practicable manner. Once the |
| 22 | investigation and report is concluded, |
| 23 | the Minister will exercise his |

Page 35918 = 1 events.", 2 Now this is Mr. Williams saying: and so on. "Armed with this information 3 4 it would be premature to conclude our 5 investigation at this", 04:18 6 stage; do you disagree with the position he 7 takes? And I ask that in conjunction with 8 questions I had asked you earlier, if Mr. 9 Williams had said "no, we're not waiting for the 04:18 10 family presentation, let's get on with this", 11 that you or David, more specifically, might take 12 issue with it? 13 Α David would have certainly taken issue with it. Ι 14 think we informally, again, made it obvious to --04:18 15 and I can't say who -- that David was doing this 16 as his own little project, and that the department 17 needed to really focus on what we were giving 18 them. 19 0 Right. 04:18 20 But I don't believe we ever put that in writing Α 21 because we were confronted with a couple of 22 factors. We were being fired fairly routinely, 23 and that was causing our own delay, our own 24 internal delay. 04:19 25 This was a frequent event? Q

Page 35919 1 Yes. Α 2 And how long would you be sort of off the 0 Okav. 3 case, so to speak, in any of those firings? 4 Many times. Α 5 Many times? 04:19 Q 6 Yes. Α 7 And for what durations? Q 8 Until I could get Mrs. Milgaard involved. Α 9 Now with respect to that, as you've 0 Okay. 04:19 10 conceded, there doesn't appear to be any 11 correspondence with respect to the family 12 presentation, and keying in on the 617 application 13 that you prepared --14 Sorry, I should say, I should say -- and I want to Α 04:19 15 be fair to Mr. Williams -- I understand why he 16 would say that. I understand why he would not 17 want to risk the criticism of ignoring a 18 presentation that this letter, or that David's 19 letter claimed was coming. 04:19 20 And the presentation, the family presentation, 0 21 might be effective in compelling a different result than the result you got perhaps? 22 23 Α In the end --24 0 It's possible? 04:20 25 In the end I think it's fortunate for us that the Α Meyer CompuCourt Reporting =

1 delay occurred, so I'll leave it at that. And we have 333332, five 3's and a 2. 2 0 Okay. And 3 this is a letter, again authored by David Milgaard 4 in his own handwriting, directed to Mr. Lewis 5 dated December 22nd of 1989. And he says: 04:20 "Since I got your letter 6 7 saying we can proceed with our family 8 presentation, I've completed quite a bit 9 of the written part of it. The video 04:20 10 segment of it is yet to be completed. 11 It will be in two parts. Part one is a 12 re-enactment according to the evidence 13 · · · " , 14 which you've testified to: 04:21 15 "... and part two is my family and 16 myself talking to you." 17 And then he had a question with respect to the 18 Ferris report. But here, as late as December 19 22nd of 1989, David Milgaard is advising the 04:21 20 minister that there is still -- there's this 21 family presentation that's going to be made. Do 22 you recall, and we've gone through this a little 23 bit, but whether you ever sort of discussed with 24 him or assisted him in how he might get to this? 04:21 25 He says:

Page 35920 :

1 "... I've completed quite a bit of the 2 written part of it. The video segment 3 ... is yet to be completed.", 4 and so on. Was there anything being done to 5 assist him in finishing the written work and 04:21 6 doing the video re-enactment, and so on, that you 7 can recall? 8 Α Well, I'll give you two parts of the answer. The 9 first part is that I pleaded with him to stop 04:21 10 writing to the minister, period, "let us" -- and I insisted that we have all of the formal 11 12 communication. I advised him that, if he wanted 13 to have some additional submission, that he should 14 prepare it, that we would review it, and that we 04:22 15 would submit it as part of the 617, the 16 application under 617. To that extent he had 17 been -- part of the strategy was to keep him busy 18 by writing, and he was writing, and he was writing 19 reams and reams and reams of pages of what he 04:22 20 wanted submitted, and he was getting frustrated 21 that nothing was happening with it, so we were 22 trying to manage him, and obviously not well. 23 0 Okay. But your recommendation was to sort of let 24 you do it? 04:22 25 Α Yes.

| 1 | Q | That is you and Hersh do it rather than Mr. |

| 3 | А | Yes. |
| 4 | Q | But, in any event, it appears that as of December |
| 04:22 5 | | the 22nd of 1989 he is not taking your advice in |
| 6 | | that regard? |
| 7 | А | Yes. |
| 8 | Q | Okay. And then, if I can go to 333314, this is a |
| 9 | | memorandum dated the 16th of October 1989. Now |
| <i>04</i> :23 10 | | this precedes the document I just referred you to, |
| 11 | | but the last paragraph on page 2, this is a memo |
| 12 | | from Mr. Williams to Bernard Hanssen, and he says: |
| 13 | | "Further, Mr. Milgaard in his |
| 14 | | September 15, 1989 letter has stated his |
| <i>04:</i> 23 15 | | intention to make additional |
| 16 | | representations in support of his |
| 17 | | application. To date we have not |
| 18 | | received these representations. In |
| 19 | | these circumstances, it is difficult to |
| <i>04:</i> 23 20 | | predict when the investigation will be |

| 22 | | Mr. Williams is telling somebody within Justice |

| | 11 | Q | Okay. That's all the questions I have with |
| | 12 | | respect to the family presentation. |
| | 13 | | One other I just have a |

| 04:28 10 | | communications in some instances weren't going on |

| 12 | А | Well, they weren't going on at all, and I have to |
| 13 | | tell you, in looking at Mr. Williams' evidence |
| 14 | | where he described I was quite amazed reading |
| 04:28 15 | | his evidence where he described his approach where |
| 16 | | he read our application, he saw some interesting |
| 17 | | things I think is the words he used, he looked at |
| 18 | | the possibility of some DNA testing that might |
| 19 | | have been done, you know, and when I read that |
| 04:28 20 | | part of his evidence I thought, well, why couldn't |
| 21 | | we have had that conversation, you know, the day |
| 22 | | after we filed our application, and so yes, there |

| | 1 | | but I think we could have talked more, and more |
| | 2 | | candidly at the beginning. |
| | 3 | Q | Okay. Now, things changed a little bit when, |

| 04:29 | 10 | Q | And I think your evidence was that things changed |
| | 11 | | with respect to the relationship at least to the |
| | 12 | | extent that you had somebody you were talking to |
| | 13 | | at that point? |
| | 14 | А | Yes. |
| 04:29 | 15 | Q | Okay. And it would be fair to say that over the |
| | 16 | | course of the period of time from the time the |
| | 17 | | information came into Mr. Williams' possession |
| | 18 | | until, say, the latter part of June of 1990, that |
| | 19 | | there were extensive telephone conversations |
| 04:29 | 20 | | between yourself and Mr. Pearson, and I might say |

Page 35927 : 1 some of some fair detail between yourself and 2 Sergeant Pearson? 3 Α Yes. And you understood Sergeant Pearson's role to be 4 0 5 assisting Mr. Williams in investigating the Larry 04:30 Fisher information? 6 7 Yes. Α 8 0 And that he really was part of the 690 process, 9 albeit an RCMP investigator as opposed to a 04:30 10 Justice investigator? 11 Α Yes. 12 Q Okay. So I would like to go through with you over 13 the course of the next short while the context 14 that you had with him during the time period that 04:30 15 I've made reference to, and this is following the 16 Fisher information. Page 35928 1 let the authorities investigate the new evidence, and to share her information 2 3 with everyone. Asper was expressing concern that Mrs. Milgaard has become 4 5 very mistrusting of everyone and has 04:32 become somewhat of an independent 6 7 investigator, and is reluctant to turn 8 information over to even her lawyers. 9 She is particularly mistrusting of the 04:32 10 Saskatoon City Police, and in fact 11 believes there is a cover-up conspiracy 12 by them regarding her son's murder 13 charge. Mr. Asper related to me that he knows the file cold and could fill me in 14 15 on all the details if it became 04:32 16 necessary." 17 And Sergeant Pearson responded by saying: 18 "I indicated to Mr. Asper that my 19 involvement was very recent and not a 04:32 20 lot of investigation had been done on my 21 end, with anything other than the 22 information being provided by Linda 23 Fisher, and pursuing that angle of the 24 case. At this time I did not mention to 04:32 25 Mr. Asper that Federal Prosecutor

| 04:33 | 5 | | conversation, that I could find at least, in |
| | 6 | | Sergeant Pearson's notes where you are having |
| | 7 | | contact with him and you are explaining to him |

| | 11 | | the Fisher information is being pursued by the |
| | 12 | | authorities? |
| | 13 | А | That's correct. |
| | 14 | Q | Okay. And so, and if I can move on then to |
| 04:33 | 15 | | paragraph 52 of if I can just give you the |
| | 16 | | page number is 755, and there appears to be a |
| | 17 | | record of conversations that took place on the |
| | 18 | | 19th and 20th of March with Sergeant Pearson and |
| | 19 | | there's a call to you to assure you and Mrs. |
| 04:34 | 20 | | Milgaard that the new information presented to the |
| | 21 | | Justice Department was in fact being pursued. And |
| | 22 | | then it goes on, after placing a telephone call to |
| | 23 | | you it says: |
| | 24 | | "Telephone call placed to Asper, further |
| 04:34 | 25 | | discussion to ensure that Mrs. Milgaard |

Page 35930 1 was made aware of developments to date. 2 I also advised Asper that I wished him 3 to have Mrs. Milgaard cooperate with us and permit the authorities to follow up 4 5 on the Fisher information, as opposed to 04:34 6 Mrs. Milgaard making inquiries on her 7 own." 8 Now, can I say, ask you at this point, were you 9 satisfied with the types of responses that you 04:34 10 were getting from Sergeant Pearson with respect 11 to how the Fisher investigation was going? 12 Α I think so, yes. 13 0 And it would appear that at least during one of 14 these conversations he communicated to you exactly where the status of the Fisher investigation was 15 04:34 at least? 16 17 Yes. Α 18 And then he goes on: Q 19 "Whilst talking to Asper, he stated he 04:35 20 had received a call from Linda Fisher, 21 he thought this past Saturday, 22 indicating that she was going to the 23 Prince Albert Penitentiary with Larry 24 Fisher's mother..." 04:35 25 And so on. And then over on the next page,

David Asper by Mr. Frayer Vol 173 - Monday, August 28th, 2006

Page 35931 = 1 paragraph 56: "I asked Mr. Asper if he or Mrs. 2 3 Milgaard had possession of a statement given to the City Police, indicating 4 5 that Larry had been interviewed, and had 04:35 indicated he had taken the 6:30 a.m. bus 6 7 on the morning of the Miller murder. 8 Mr. Asper said he had no such statement 9 but indicated that this information was the result of a verbal conversation 04:35 10 11 between the Saskatoon City Police 12 investigator and Larry Fisher, sometime 13 shortly after the murder." 14 So you were in possession of information that you 04:35 15 were communicating to Sergeant Pearson, 16 information specifically relating to the 17 statement that Larry Fisher had given at the bus 18 stop when being interviewed by Saskatoon 19 police --04:36 20 Α Correct. 21 -- a short while later? Q 22 Correct. А 23 0 And then if I can go to 056761, and this is 24 paragraph 86: 04:36 25 "David Asper called from Winnipeg,

Ż

Page 35932 1 wanting to know what we had come up with 2 so far." 3 This is on the 28th of March, 1990. 4 "All I could really tell him was that 5 new information was being pursued. Ι 04:36 did indicate that contact had been made 6 7 with the Saskatoon City Police, Larry's 8 former boss, and that Mr. Williams had 9 been in Saskatoon." 04:36 10 So you are getting further information from 11 Sergeant Pearson? 12 Α Yes. 13 0 That gives you some idea as to how that 14 investigation is progressing? 04:36 15 Yes. Α 16 And then on page 056763, paragraph 102, the 20th Q 17 of April of 1990: 18 "A call from Mr. Asper, I returned his 19 call..." 04:37 20 Not in, left a message. And then at paragraph 21 106: 22 "Asper called me, wanting to know what 23 was happening. All I could tell him was 24 that I had contacted Fisher and that 04:37 25 ongoing inquiries were being made.

Asper wanted to know what Fisher had to 1 2 say, however I told him I had no more to 3 tell him at this time. Asper said he was relieved that contact had been made 4 with Fisher because Mrs. Milgaard was 5 04:37 coming home early from England and it is 6 7 suspected that she is going to press 8 ahead about the inaction of the Federal 9 Justice Department on their Section 690 04:37 10 application and Asper stated he felt 11 better knowing that Fisher may cooperate 12 with us. I advised Mr. Asper that 13 unnecessary publicity would possibly 14 hamper the police investigation and that 15 there is a certain danger in having 04:38 16 Fisher's name become subject of a press 17 release, and this will have no positive 18 effect on our inquiries. I explained to 19 Mr. Asper that my role at this point is 04:38 20 to find the truth and to gather 21 evidence, not become embroiled in a 22 press release, which in my opinion would 23 serve no one's interest at this time." 24 Do you recall having that conversation with Sergeant Pearson and the concerns that he 04:38 25

Page 35933 :

Page 35934 expressed about how media attention might detract from the investigation? Α Yes. And that was, in essence, as I gather, a caution 0 to do whatever you could to control the media so that he could carry on with his investigation? Yes, this was actually, I recall this, was a Α very -- I do recall this because I felt it was a turning point, that Sergeant Pearson was kind of getting to the meat of the matter and it was quite a serious conversation. Q So that you are getting information and you know how things are progressing at that stage through Sergeant Pearson?

04:39 15 A Yes.

16 **Q** And page 056765, paragraph 109:

17 "I talked to Mr. Asper, who called me 18 twice today. He stated that Alex Barker 19 called him during the weekend to report 04:39 20 he had information on the Milgaard 21 case." 22 And he goes on: 23 "Barker is well known to police and 24 continually calls with information based 04:39 25 on suspicion and usually no facts. Ι

- Page 35935 -

| | 1 | | explained to Asper that Barker had no |

| | 2 | | credibility with the RCMP or the |
| | 3 | | Saskatoon City Police. However, I will |
| | 4 | | contact Barker to ensure I will get any |
| 04:39 | 5 | | info he may have, and try to have him |
| | 6 | | discontinue with his publicity, as he |
| | 7 | | has the potential to harm the |
| | 8 | | investigation. Asper indicates Barker |
| | 9 | | was in contact with Albert Cadrain, who |
| 04:40 | 10 | | was a witness at the Milgaard trial." |
| | 11 | | So there again you are sharing information with |
| | 12 | | Sergeant Pearson that you at least on its face |
| | 13 | | thought might be useful for investigation, you |
| | 14 | | were advised as to what Sergeant Pearson's |
| 04:40 | 15 | | thoughts were of the person who communicated that |
| | 16 | | information and, despite that, Sergeant Pearson |
| | 17 | | undertook to contact him, so you are getting |
| | 18 | | results, you are getting |
| | 19 | А | Oh, I think this is indicative of a very cordial |
| 04:40 | 20 | | and ongoing relationship that I had with Sergeant |
| | 21 | | Pearson. He called me, I called will, we talked. |
| | 22 | Q | You would give him information, he would give you |
| | 23 | | what he thought about the information source? |
| | 24 | А | And I had no illusion that he was giving me |
| 04:40 | 25 | | everything, but it was something. |

| | 1 | Q | Now if I can move to 056767, I won't go through |
|---------|----|---|--|
| | 2 | | all of this with you, Mr. Asper, but perhaps try |
| | 3 | | to get to the highlights of it. Paragraph 129, |
| | 4 | | there's a considerable number of pages that |
| 04:41 | 5 | | include information that you communicated to |
| | 6 | | Sergeant Pearson, all of which occurred on the 4th |
| | 7 | | of May of 1990, and you talk about problems with |
| | 8 | | penitentiary staff and so on, and at paragraph 130 |
| | 9 | | you go through a fairly comprehensive discussion |
| 04:41 1 | 10 | | around some points that you raise with Sergeant |
| 1 | 11 | | Pearson, and without going through them in any |
| 1 | 12 | | great detail, it would appear that from this |
| 1 | 13 | | report, that what you advise him of goes from |
| 1 | 14 | | 056768 to 771 and you are having what would appear |
| 04:42 1 | 15 | | to be a fairly substantial discussion with him, |
| 1 | 16 | | more communicating information that you think is |
| 1 | 17 | | useful to him than him communicating to you, but |
| 1 | 18 | | he appears amenable, and if you look at this, |
| 1 | 19 | | would you agree that I'm not asking you to go |
| 04:42 2 | 20 | | through each and every detail here, but it would |
| 2 | 21 | | appear that he's accurately recorded the essence |
| 2 | 22 | | of what you were saying to him? It's all in point |
| 2 | 23 | | form I appreciate. |
| 2 | 24 | А | It looks like it, and this must be the |
| 04:42 2 | 25 | | conversation, but I think there was more than one |
| | | | Meyer CompuCourt Reporting |

Page 35937 : 1 where we talked in general about the circumstances 2 of the case as a whole and this may be one of 3 them. And this is one of these cases in which you've 4 0 5 communicated a fair amount of information to him? 04:42 6 It looks like it, yeah. Α 7 And at 056772, paragraph 134 and following, Q Okay. 8 there's a fairly extensive conversation again, 9 this time on the 10th of May of 1990, he says: 04:43 10 "I returned a telephone call to Mr. 11 Asper, he expressed concern that Joyce 12 Milgaard has released information to the 13 press that the RCMP are investigating a 14 suspect who is currently doing time in a 04:43 15 Saskatchewan Penitentiary." It goes on about the contact of Mr. Harvard and 16 17 so on, and then it goes on: 18 "Mr. Asper also indicated that Joyce 19 Milgaard had been in contact with Star 04:43 20 Phoenix reporter Cam Fuller and that 21 Fuller will soon be releasing a story on 22 the details provided him by Mrs. 23 Milgaard." 24 Then Sergeant Pearson says: 04:44 25 "My position is neutral." = Meyer CompuCourt Reporting =

| | Γ | Page 35938 ———— |
|-------|----|---|
| | | |
| | 1 | That's his comment about himself. |
| | 2 | "I explained to Asper that the potential |
| | 3 | exists that Fisher will eventually |
| | 4 | refuse to cooperate if he is unfairly |
| 04:44 | 5 | suspected, accused, or made subject of |
| | 6 | press releases and stories. My |
| | 7 | inquiries will continue as planned. |
| | 8 | Regardless of the publicity or the |
| | 9 | subtle influence Joyce Milgaard may try |
| 04:44 | 10 | to exercise, although I certainly have |
| | 11 | compassion for this lady who obviously |
| | 12 | believes her son is wrongly convicted. |
| | 13 | My efforts, so far as they relate to |
| | 14 | Larry Fisher, are concerned with |
| 04:44 | 15 | concentrating on determining the facts |
| | 16 | and the truth, whatever they may be." |
| | 17 | In this particular instance when you are talking |
| | 18 | about sort of the, what's going to occur with |
| | 19 | respect to John Harvard and the House of Commons |
| 04:44 | 20 | and the StarPhoenix reporter Cam Fuller, is this |
| | 21 | a point, this is now the 10th of May, where you |
| | 22 | are becoming dissatisfied with the pace at which |
| | 23 | the investigation is going, so is this sort of an |
| | 24 | indication that you are going to start ramping up |
| 04:45 | 25 | the media again? |

| 1 | А | I can't say that specifically. |
| 2 | Q | It would appear that |
| 3 | А | I think that my recollection is that |
| 4 | | Mr. Harvard was Mrs. Milgaard's member of |
| <i>04:4</i> 5 5 | | parliament and that he had either contacted her or |
| 6 | | she had contacted him in a general sense and he |
| 7 | | then got a question, he got on the list of |
| 8 | | questioners for Question Period for the Liberals |
| 9 | | and I think this just sort of exploded. |
| <i>04:4</i> 5 10 | Q | So that was something that really wasn't ramped up |
| 11 | | by anybody to get media attention, it was actually |
| 12 | | done by Joyce Milgaard to get somebody influential |
| 13 | | to raise her son's case in the House of Commons |
| 14 | | and question the minister? |
| <i>04:4</i> 6 15 | А | Well, looking at what Sergeant Pearson records |
| 16 | | here, and I don't recall it specifically, but it |
| 17 | | looks to me like Harvard was supposed to raise the |
| 18 | | issue of delay, but not specifically refer to |
| 19 | | Fisher, and I think, if I recall the video tape of |
| 04:46 20 | | Question Period that day, he got himself all wound |
| 21 | | up and basically let the whole thing go. |
| 22 | Q | Exactly, okay. And were you apprised at any time, |
| 23 | | apart from the one reference I've given you with |
| 24 | | respect to how the investigation relating to Larry |
| <i>04:4</i> 6 25 | | Fisher was going, did you become impatient with |

Well, I was impatient to the extent that it was our view that you didn't need -- I mean, it would be nice if you had an admission from Fisher, but that you didn't need it, and we didn't have a duty or an obligation to prove that Fisher had committed the crime and we were very firmly of the view, upon the submission of the first wave of Fisher information, that we had more than exceeded the threshold that we needed to get relief under 617, so yes, we were getting impatient. Okay. And last, there is a call relating to that, and your inquiry about Fisher, 056781, this is the last of the calls to which I'm going to refer you, this is paragraph 176, that's the 20th of June of 1990: "I returned a call to David Asper who was enquiring about our progress with Fisher. I explained to him what has

Fisher. I explained to him what has taken place to date and that a meeting has been set up with Fisher and a new lawyer next week. We also talked about the Justice Department lawyer being in B.C. making inquiries. Asper also stated he has insufficient funds to

1 continue the investigation with their American investigators, however they 2 3 wish to continue this investigation." Now, with respect to the difficulties you were 4 5 having in sort of funding the investigation, it's 04:47 clear that Sergeant Pearson, who was at that time 6 7 a 15 year member of the RCMP and working in the 8 general investigation section, was probably the 9 most skilled investigator that you had working on your behalf to the extent that he was out trying 04:48 10 to find whatever evidence he could about Larry 11 12 Fisher? 13 Α I would agree with that. 14 Would you agree with that? Q 04:48 15 I would agree with that, but I'm going to give you Α 16 some context though. 17 Okay. 0 I want -- this case unfolded at the same time that 18 Α 19 the Marshall Inquiry Commission reported, and not 04:48 20 that it was dispositive in our thinking, but, you 21 know, when you referred to the earlier 22 correspondence with Anne Derrick and Archie 23 Kaiser, I was very careful to find out, or I tried 24 to find out exactly what happened with Marshall to try to predict what was going to happen in our 04:48 25

| | 1 | case. As much as I respected Sergeant Pearson, |
|------------------|------------|--|
| 2 | 2 | and you are correct, he's a 15 year investigator, |
| | 3 | we had to bear in mind the possibility, as was the |
| 2 | 4 | case in the Marshall case, that senior |
| 04:49 | 5 | investigators were brought in from the RCMP and |
| e | 6 | missed it and it wasn't until Sergeant Wheaton and |
| - | 7 | his partner took over in a second investigation |
| 8 | 3 | that they actually got to the bottom of it, so I |
| C | 9 | did respect him, but I'm just giving you a flavour |
| 04:49 10 | D | of the context of how we were viewing this. |
| 11 | 1 Q | Sure. But it's very clear that you were sort of |
| 12 | 2 | in, over the course of that time, in constant |
| 13 | 3 | communication, or periodic communication of some |
| 14 | 4 | substance over the course of that three month |
| <i>04:4</i> 9 15 | ō | period? |
| 16 | 6 A | It was a refreshing period in the whole course of |
| 17 | 7 | the investigation, there's no question. |
| 18 | 3 Q | But bearing in mind, although you are probably |
| 19 | 9 | reluctant to concede this, that it was the, it was |
| 04:49 20 | D | Eugene Williams, Mr. Williams who sought out |
| 21 | 1 | assistance in Saskatoon to assist in the |
| 22 | 2 | investigation of your Larry Fisher information and |
| 23 | 3 | it formed part of the investigation that was being |
| 24 | 4 | done generally? |
| 04:50 25 | ō A | Oh, I give him credit for that. My issue with Mr. |
| | | Meyer CompuCourt Reporting |

| | | Page 35943 |
|-----------------|---|--|
| | | |
| 1 | | Williams is that, you know, I go back to the way |
| 2 | | the original application was received and how it |
| 3 | | was investigated and our expectations. I give him |
| 4 | | credit for bringing Sergeant Pearson in of course. |
| <i>04:50</i> 5 | | I just think it should have happened a lot |
| 6 | | earlier. |
| 7 | Q | It couldn't have happened any earlier insofar as |
| 8 | | Larry Fisher is concerned because you agree with |
| 9 | | me that Justice and the RCMP acted very |
| <i>04:50</i> 10 | | expeditiously in investigating the information |
| 11 | | that you got with respect to Larry Fisher. I can |
| 12 | | go through the chronology with you, but |
| 13 | А | No, I understand, but I guess my problem is, and |
| 14 | | maybe I'm just completely unrealistic as to what I |
| <i>04:50</i> 15 | | expected, but if the reaction of the department to |
| 16 | | our application had been to get hold of all of the |
| 17 | | original prosecution and police files relating to |
| 18 | | this case, if Mr. Williams and his conviction |
| 19 | | review group had contacted the Attorney General of |
| 04:51 20 | | Saskatchewan and said we've got this |
| 21 | | investigation, and I'm sure you are going to get |
| 22 | | to the conflict of interest issue with Mr. |
| 23 | | Caldwell, but if they had gone to the Attorney |
| 24 | | General and said get us all the information and |

| | 1 | | know, years of investigative experience, it's |
| | 2 | | conceivable that what we had found in the files |
| | 3 | | ultimately might have been discovered at that |
| | 4 | | time, at the outset of the process, and that's my |
| 04:51 | 5 | | quarrel. I give him credit for what happened |
| | 6 | | here. I don't like the conclusion they reached. |
| | 7 | | I just think that all of this should have happened |
| | 8 | | at a different time. |
| | 9 | Q | You don't like the conclusion that was reached |
| 04:51 | 10 | | ultimately, but with respect to Sergeant Pearson, |
| | 11 | | the conclusion he came to you don't necessarily |
| | 12 | | have to disagree with, though, in terms of what he |
| | 13 | | concluded in terms of the possibility that Larry |
| | 14 | | Fisher had committed the offence? |
| 04:52 | 15 | А | I think he |
| | 16 | Q | He talked about suspicion? |
| | 17 | А | Right. |
| | 18 | Q | Couldn't take him any further past that. |
| | 19 | А | Well, there's two parts to that though, Mr. |
| 04:52 | 20 | | Frayer, one is yes, personally I think it went |
| | 21 | | further, but more importantly, again, as I say, I |
| | 22 | | didn't think that we had to prove beyond a |
| | 23 | | reasonable doubt that Larry Fisher committed the |
| | 24 | | crime and we were absolutely convinced that the |
| 04:52 | 25 | | identification of Fisher smashed through any |
| | | | Meyer CompuCourt Reporting |

Page 35945 1 threshold that was left remaining on the 617 2 application simply by the raising of an 3 alternative perpetrator irrespective of similar fact. 4 5 MR. FRAYER: Thank you. And I'm wondering, 04:52 Mr. Commissioner, it's 10 to five, and I must 6 7 admit, I'm starting to flag a bit. If I can --8 if we can take a break, 10 minute break and see 9 how we do? 04:53 10 COMMISSIONER MacCALLUM: Oh, sure. 11 (Adjourned at 4:53 p.m.) 12 (Reconvened at 5:10 p.m.) 13 Α I guess, Mr. Frayer, before you begin, and Mr. 14 Commissioner, I want to thank you and counsel for 05:10 15 going into overtime for me, I appreciate it. 16 COMMISSIONER MacCALLUM: You are welcome, 17 sir. Continue, Mr. Frayer. BY MR. FRAYER: 18 19 0 Now I want to deal with the meeting of October the 05:10 20 1st of 1990, the first of two meetings that you 21 held with Justice officials, and as I said earlier 22 in my questions of you it appears -- or comments 23 to you, it appears that there's only really two 24 records of what transpired at that meeting, one of 05:10 25 which is found in the Karp and Rosner book and the

Page 35946 1 other which is found in a memorandum that Mr. 2 Wolch prepared, or a letter that Mr. Wolch 3 prepared and sent to David Milgaard. Now do we have, I'm sorry, When Justice Fails? 1 Q If we can just move over to 233, we'll avoid the 2 kibitzing and so on. Well, maybe I can refer to 3 that just by page 233: "The kibitzing came to an end 4 5 when Wolch and Asper began their formal 05:16 meeting with the departmental officials. 6 7 Present were Eugene Williams, Bill 8 Corbett, and Bruce MacFarlane, the 9 assistant deputy minister. Undeterred 05:17 10 by the sombre looks that greeted them 11 when they walked through the door, Asper 12 introduced himself ", 13 and so on. 14 "Williams was deadpan, and didn't say a Corbett, meanwhile, who had spent 05:17 15 work. 16 the last few months trading verbal barbs 17 with Asper through the media, pushed the 18 items away. Asper's blood pressure 19 started to rise. The fight was on." 20 Now insofar as the description of what goes on, 21 as colourful as it is Mr. Asper, these are your 22 words to Karp and Rosner; in other words you are 23 describing to them, you know, what went on in 24 that meeting? 05:17 25 Α Yes. Page 35949 1 Q And the quote is attributed to you: Okay. 2 "'Very early on in the 3 conversation we got to a very intense 4 level, and kept it at an intense level 5 for about five straight hours, ' Asper 05:17 said." 6 7 Now can you just go back and assist us in this 8 respect. You know, what -- the meeting that was 9 conducted was conducted over pretty well the 05:18 10 entire day, as I understand? 11 Α I guess so. 12 Q And you had produced to you certain information 13 that the Department of Justice had gathered as 14 part of the investigative process, and it was in a 05:18 15 form where you and Mr. Wolch were permitted an 16 opportunity to review it, is that accurate or not 17 accurate? 18 I think that's accurate. Α 19 Okay. 0 05:18 20 I don't have much recollection of the specifics of Α 21 the meeting. 22 Q But you were there for a considerable No, no. 23 time and it's my understanding that you got an 24 opportunity, that is you and Mr. Wolch by yourselves, to go through the documents before the 05:18 25

Α 4 So now we're at the part, at 241, 331679, 0 Okay. 5 Mr. Commissioner. 05:19 "Every major aspect of the 6 7 case was canvassed, with the Justice officials raising their concerns and 8 9 offering their interpretations. | 7 | The first argument to erupt |
| 8 | centred on Deborah Hall's affidavit. |
| 9 | The department took the position that |
| <i>05:20</i> 10 | she actually corroborated Lapchuk and |
| 11 | Melnyk's description of how Milgaard |
| 12 | acted in the Park Lane Motel. At one |
| 13 | point, a department official said the |

| 05:20 15 | Asper was livid. 'I sprung out of my |
| 16 | chair,' Asper recalls, 'and said "My |

| 19 | a huge physical difference in what you |
| 05:20 20 | say she says and in what she, in fact, |

| 22 | Is that an accurate description of your reaction |

| | 2 | Q | Okay. I couldn't portray it in the same manner as |
| | 3 | | I'm sure you did, but in any event, this is |
| | 4 | | information that was given to you given to Karp |
| 05:20 | 5 | | and Rosner by you or Mr. Wolch or both of you? |
| | 6 | А | Yes. |
| | 7 | Q | Okay. And the Deborah Hall affidavit that's made |
| | 8 | | reference to in there, is that an affidavit that |
| | 9 | | was in the possession of the Justice officials |
| 05:21 | 10 | | that was turned over to you for your review? |
| | 11 | А | I would assume so, yes. |
| | 12 | Q | Okay, and so you for the first time, or had you |
| | 13 | | been aware earlier of the existence of the |
| | 14 | | affidavit; were you seeing it for the first time? |
| 05:21 | 15 | А | Well, we submitted the affidavit. I think what |
| | 16 | | we're referring to there is the interview by Mr. |
| | 17 | | Williams of Ms. Hall. |
| | 18 | Q | Yes, okay. The interview conducted by Mr. |

" --11 COMMISSIONER MacCALLUM: Excuse me, I just 12 want to be sure I have this straight. When they 13 say 'Deborah Hall's affidavit', that's not the 14 case, they are actually -- the reference was actually being made to a transcription of 05:22 15 Williams' interview of Hall? 16 17 Well I think we were arguing about both of them. Α 18 I think they, well they obviously had the 19 affidavit because we had submitted it with our 05:22 20 application, and then subsequent to that Mr. 21 Williams went and interviewed Ms. Hall where she 22 gave her different account, and this is where the 23 two collided, I believe. I think that is what 24 this is referring to. 05:22 25 Well, but somebody COMMISSIONER MacCALLUM:

But it's also possible, is it not, 14 that they simply mixed it up? 05:23 15 Α I guess, but --16 COMMISSIONER MacCALLUM: Well you would 17 know, you were there, sir? 18 Α I don't know. I can't recall. 19 COMMISSIONER MacCALLUM: You can't 05:23 20 remember? 21 Α I can't recall. 22 COMMISSIONER MacCALLUM: Okay. 23 Α I can't recall. 24 BY MR. | | 14 | А | No, I don't. |
| 05:24 | 15 | Q | You don't? |
| | 16 | А | No. |
| | 17 | Q | Okay. There is a possibility, perhaps a strong |
| | 18 | | possibility, that amongst the material that you |
| | 19 | | had to review was the Eugene Williams interview of |
| 05:24 | 20 | | Deborah Hall? |
| | 21 | А | I would think so, yes. |
| | 22 | Q | Okay. And the contents of that particular |
| | 23 | | interview, when when looked when you looked |

| 05:24 | 25 | | would likely have resulted in the conclusion that |

I'm getting 7 leery, though, of committing to whether we 8 actually saw the transcript now. I don't know. 9 Okay. And then it was over --Q 05:24 10 Α I'm sorry, I just don't know. 11 Q No, I appreciate that. 242, I was over on the: 12 "They suspected Wilson may have feared 13 Milgaard, once released, would come 14 after him for providing the damming 05:25 15 testimony at the trial. As for the 16 forensic evidence, they were also 17 sceptical, arguing that the forensic 18 testimony didn't play a large role at 19 the trial, so that any new 05:25 20 interpretation of what it meant wasn't 21 very important." 22 What was your reaction to that observation? 23 Α I can't tell you specifically. I don't recall it. 24 I could guess but, I think, so could you. 05:25 25 Q Okay.

| | 4 | evidence, and the emphasis the Crown had |
| 05:25 | 5 | placed on it during his opening and |

| | 7 | Then there was Mr. Wolch's incredulity with |
| | 8 | respect to how the Supreme Court might decide it. |
| | 9 | Then: |
| 05:25 | 10 | "The meeting ended abruptly |
| | 11 | at 5:00 Williams and Corbett left, |
| | 12 | leaving MacFarlane - another former |
| | 13 | Winnipeger and acquaintance of Wolch's - |
| | 14 | to chat with Milgaard's lawyers for a |
| 05:26 | 15 | few minutes. MacFarlane indicated that |
| | 16 | Williams would be working on the report |
| | 17 | over the Thanksgiving Day weekend. The |
| | 18 | Minister would likely see it within a |
| | 19 | couple of weeks, and a very speedy |

| | 21 | That was a meeting held in October the 1st of |
| | 22 | 1991 and sorry, 1990, and the decision came |

| | 24 | Now the only other item I'd |
| 05:26 | 25 | like to show you with respect to that meeting is |
| | | Meyer CompuCourt Reporting |

1 162374. This is a letter from Mr. Wolch to David Milgaard reporting on the outcome of the meeting, 2 3 it's dated October 3rd of 1990. So it says, if I 4 can just go through this letter with you, it 5 05:26 says: 6 "Further to my previous 7 correspondence advising you of our 8 attendance in Ottawa, I am pleased to 9 report to you fully as to what 05:27 10 transpired. David and I attended upon 11 12 Bruce MacFarlane, Assistant Deputy 13 Attorney-General, William Corbett, 14 Director of Prosecutions, and Eugene Williams, for a lengthy meeting. 05:27 15 Prior 16 to the meeting we were provided with a 17 number of reports contained in a thick 18 black binder, most of which we had seen 19 before. We will certainly make 05:27 20 available to you the binder, and in 21 particular those portions that were new 22 After studying the material and to us. 23 certain preliminary discussions lasting 24 over 2 hours, we then had a concentrated 05:27 25 four hour meeting without break."

| | | | |
| | 1 | | So there is Mr. Wolch's summary of not only a |
| | 2 | | summary of what was received by you, but the |
| | 3 | | duration of the meetings that were held to |
| | 4 | | discuss its contents, and it's abundantly clear |

| 6 | | And was that part of the rationale behind that |

| 9 | | for the minister? |
| <i>0</i> 5:28 10 | А | Yes. |
| 11 | Q | Okay. |
| 12 | | "There was a lengthy |
| 13 | | discussion regarding Mr. Wilson. From |
| 14 | | there we branched off to a discussion on |

| 16 | | impossible for you to have committed the |

| 18 | | · · · " , |
| 19 | | and then it goes on near the bottom sorry, |
| <i>05:29</i> 20 | | bottom of that paragraph. |
| 21 | | "The forensic evidence was reviewed at |
| 22 | | great length and the evidence of Deborah |

Page 35961 1 So it appears that part of the discussion you had 2 was a discussion with respect to the forensic 3 evidence and the information that Justice had to essentially contradict what Dr. Ferris had said 4 5 in his report? 05:29 I can't say that we had that information. 6 Α 7 But it would appear that --Q It makes sense to me that --8 Α 9 -- yeah, but Justice would be pointing out to you, 0 05:29 10 I would think, sort of the frailties of your submission, at least two of the frailties that 11 12 they would argue, Deborah Hall's affidavit and Dr. 13 Ferris' report? 14 Yeah, it would make sense. Α 05:29 15 Yeah, okay. 0 16 Umm --А 17 And then: 0 18 "Given the length of the discussion I 19 clearly cannot possibly do it justice in 05:30 20 this letter, but on a positive note I 21 would indicate that it is remarkable how 22 many factors in your favour come up in a 23 discussion of that nature. 24 It was obvious in talking to 05:30 25 the Justice officials that the points we Meyer CompuCourt Reporting =

1 were making were significant and they 2 took copious notes." 3 And then there was a discussion as to what test 4 would be applied should they go to an appropriate 5 Court, and Mr. Wolch's prophetic finding that, 05:30 based on his personal opinion, that it should go 6 7 to the Supreme Court directly? 8 Yes. Α 9 And then on the next page: 0 05:30 10 "All in all we brought 'life' to our written submissions. 11 We did have 12 certain facts brought to our attention. 13 It is clear that Deborah Hall in her 14 examination by Mr. Williams in some ways 05:30 15 corroborated Melnyk and Labchuk. But in 16 reading her evidence thoroughly, it 17 became obvious that she was not wavering 18 and she was very clear that there was no 19 re-enactment and that your comments, if 05:31 20 made, were sarcastic at best." 21 Do you agree with what Mr. Wolch has put in that 22 letter? 23 Α Sure, yes. 24 0 Okay. It's a -- Mr. Wolch talks it in some ways 05:31 25 corroborated Melnyk and Lapchuk, that's I suppose Meyer CompuCourt Reporting =

Page 35962

Page 35963 : 1 a concession that some of what Deborah Hall said 2 did change, or did -- it didn't --3 No, I think what Mr. Wolch was referring to, I Α 4 suspect, is that they -- she corroborated that 5 something happened, --05:31 Yeah? 6 Q 7 -- that there was some motion, but -- you know, if Α 8 you want to debate that again I'm happy to do it, 9 but --05:31 10 0 And near the end: "I believe that everything 11 12 that can be done has been done to this 13 point, with the possible exception of 14 the recent suggestion that we may have 05:32 15 more evidence regarding Fisher. Any 16 direction from you would be 17 appreciated." 18 So, there, Mr. Wolch is seeking instructions from 19 Mr. Milgaard as to where to go next; would that 05:32 20 Maybe not 'instructions' but be accurate? 21 'directions' on where he'd like to see the things 22 go? 23 Α I would characterize it as a client management 24 invitation. 05:32 25 Q Right. Okay.

| 14 | And the reason I point that out is that I suppose |
| <i>05:37</i> 15 | the interpretation you can tell us what you |
| 16 | meant by it is that there was a direct |
| 17 | recommendation made that Mr. Caldwell be |
| 18 | contacted for that information; in other words a |
| 19 | request made by you, through the Minister of |
| 05:37 20 | Justice, to have that information obtained? |
| 21 | A Oh, Mr. Frayer, I don't think there's any question |
| 22 | that Mr. Caldwell that it was argued that Mr. |
| 23 | Caldwell should be contacted. Our view, however, |
| 24 | was that he should be contacted and treated as a |
| <i>05</i> :37 25 | witness, not as a co-collaborator in the |

| 2 | Q | But, in any event, there is a specific request for |
| 3 | | information to be obtained from the prosecutor |
| 4 | | directly, and information |
| 5 | А | Well, no, no, it says: |
| 6 | | " we would very much appreciate your |
| 7 | | making enquiries as to information that |
| 8 | | the prosecutor might have had involving |
| 9 | | attacks", |
| 10 | | that information could have come through a |
| 11 | | request to the Attorney General to sequester the |
| 12 | | files and provide them to the Department of |
| 13 | | Justice, and Mr. Caldwell would then be asked as |
| 14 | | a witness, as were our witnesses, what his |
| 15 | | recollection might have been. |
| 16 | Q | That was what, that was what you intended by that. |
| 17 | | The impression that could be left from it is |
| 18 | | that an invitation to talk to the prosecutor |
| 19 | | directly to get the information that you are |
| 20 | | looking for? |
| 21 | А | Well I think, my recollection is that we were, we |
| 22 | | were pretty clear that we thought that Mr. |
| 23 | | Caldwell should be treated as a witness. |
| 24 | Q | And you say that, with respect and that, again, |

| | 1 | correspondence, that's reiterated again in |
| | 2 | document 157828, which is a letter dated August |
| | 3 | 23rd, 1991 prepared by yourself directed to |
| | 4 | Minister Campbell, which at page 2 or at 157829: |
| 05:39 | 5 | "Finally, I would draw to |
| | 6 | your attention my letter to the then |
| | 7 | Minister of Justice and Attorney-General |
| | 8 | for Canada, The Honourable Doug Lewis, |
| | 9 | dated August 29, 1989", |
| 05:39 | 10 | you send a copy: |
| | 11 | " in which we requested that |
| | 12 | enquiries be made as to information that |
| | 13 | the original prosecutor might have had |
| | 14 | involving attacks or related incidents |
| 05:39 | 15 | involving nurses. Perhaps this request |
| | 16 | was too specific and, under the |
| | 17 | circumstances, it would be appropriate |
| | 18 | to broaden the request that enquiries be |
| | 19 | made relating to any victims of indecent |
| 05:40 | 20 | assault", |
| | 21 | and so on. Once again, it appears to be a |
| | 22 | reiteration of the same request, and in this case |
| | 23 | it's more specific in terms of referring to the |
| | 24 | original prosecutor, what the original prosecutor |
| 05:40 | 25 | might have? |
| | | Meyer CompuCourt Reporting |

| | | |
| 1 | А | Well I guess I would say that, if that had been |
| 2 | | the intention, the wording would have been that |
| 3 | | inquiries be made of the prosecutor as to what he |
| 4 | | might have had involving attacks. |
| <i>05:40</i> 5 | Q | Okay. The interpretation could be that you go to |
| 6 | | the original prosecutor to get that information? |
| 7 | А | Well, okay, but with all respect, it was our view, |
| 8 | | and it just seemed logical to us, that the |
| 9 | | original prosecutor in the trial would not be part |
| <i>05:40</i> 10 | | of the investigative team into his own |
| 11 | | prosecution. |
| 12 | Q | Okay. And from the other side, you know, having |
| 13 | | read through the evidence of Mr. Williams as |
| 14 | | you've indicated, that in response to questions |
| <i>05:41</i> 15 | | asked him by Commission Counsel, he outlined |
| 16 | | exactly what the relationship was between he and |
| 17 | | Mr. Caldwell? |
| 18 | А | I didn't see that part, I'm sorry. |
| 19 | Q | You haven't read it? |
| 05:41 20 | А | No. |
| 21 | Q | Okay. Well, if I can bring it up on the screen |
| 22 | | then, 32451 is an excerpt from Mr. Hodson's |
| 23 | | examination of Mr. Williams on Tuesday, June the |
| 24 | | 6th, and Mr. Hodson says, middle part of the |

| | | Page 35972 |
|-------|----|---|
| | | Fage 53972 |
| | 1 | " let's talk first about Mr. Caldwell. |
| | 2 | What role did he play in your |
| | 3 | investigation of the first application? |
| | 4 | A Mr. Caldwell assisted me |
| 10:06 | 5 | significantly. Firstly, he helped to |
| | 6 | open some doors and by that |
| | 7 | COMMISSIONER MacCALLUM: I'm sorry, what |
| | 8 | was that? |
| | 9 | MR. HODSON: Open some doors. |
| 10:06 | 10 | A At the time the Section 690 process |
| | 11 | didn't have any powers to compel |
| | 12 | production of material and at that |
| | 13 | time I recognized that I needed to |
| | 14 | have some access to the police files. |
| 10:06 | 15 | Mr. Caldwell was a well-respected |
| | 16 | prosecutor in this area, he was also |
| | 17 | the prosecutor of the case, he made |
| | 18 | some introductions that enabled me to |
| | 19 | access the police file, access to some |
| 10:07 | 20 | of the police investigators as the |
| | 21 | case came along. I needed to |
| | 22 | understand the theory of the Crown's |
| | 23 | case and he was the prosecutor, so to |
| | 24 | the extent that I had questions, he |
| 10:07 | 25 | responded. To the extent that I |
| | | Meyer CompuCourt Reporting |

Page 35973 : 1 requested and needed information from 2 the file, he provided it, and he 3 provided it on a timely basis. That was his role. He asked -- I asked 4 5 certain questions of him, he 10:07 responded, but he did not take part in 6 7 any of "my deliberations" and I did 8 not share with him any of my 9 perceptions about the case. He was, 10:08 10 in some sense, like another witness, but he was a fairly significant one 11 12 because of his intimate knowledge of 13 the file. 14 And would you have asked him what his 0 10:08 15 thoughts or views were on the grounds 16 then? 17 I don't recall doing so, no. I simply Α 18 asked him about, to provide certain 19 information. He may have expressed 10:08 20 his views on it, but I certainly 21 didn't solicit his view about what he 22 thought of the applicant's grounds, 23 no. 24 0 And as far as the Crown theory, we 10:08 25 touched on this a bit yesterday, why

1 would it be important for you to learn 2 the Crown theory from him?" 3 And then he goes on to answer that question in 4 some detail, and then on page 32455, line 17 --5 just before that, sorry, he was employed with the 05:43 Federal Department of Justice: 6 7 "Α The Federal Department of Justice, and 8 in some respects a colleague. That 9 notwithstanding, he's an officer of the 10:12 10 court and I needed that information and I wasn't asking Mr. Caldwell to make the 11 12 assessment for me, I was simply asking 13 Mr. Caldwell to open the doors to 14 provide me with the opportunity to get 10:12 15 the information so that I could make 16 it." 17 On the basis of what Mr. Williams has said about 18 his relationship with Mr. Caldwell, it would 19 appear that the allegation that eventually made 05:44 20 its way into the newspaper didn't have any 21 foundation. Would you agree with me given Mr. 22 Williams' interpretation of his relationship with Mr. Caldwell? 23

Page 35974 :

24 A Not at all.

05:44 25 **Q** Okay. And why is that?

Page 35975 -

| 1 | А | On two levels, on the perception level and on the |
|------------------|---|--|
| 2 | | actual reality level of the question of conflict |
| 3 | | of interest. For Mr. Williams to treat Mr. |
| 4 | | Caldwell as anything other than the way he treated |
| <i>05:44</i> 5 | | other witnesses in this case, given that Mr. |
| 6 | | Caldwell had a vested interest in preserving the |
| 7 | | conviction and given that Mr. Caldwell had written |
| 8 | | to the Parole Board and displayed extreme bias in |
| 9 | | favour of upholding the conviction, there was an |
| <i>05:4</i> 5 10 | | actual conflict of interest for Mr. Williams to |
| 11 | | expect Mr. Caldwell to all of a sudden say, well, |
| 12 | | maybe I made a mistake, or at least consider the |
| 13 | | possibility that maybe he had made a mistake, and |
| 14 | | it's unreasonable of Mr. Williams, in my opinion, |
| <i>05:45</i> 15 | | to put Mr. Caldwell in that position, and it |
| 16 | | creates not just the actual conflict of interest, |
| 17 | | it creates the perception of a conflict of |
| 18 | | interest, and, Mr. Frayer, it's not a novel |
| 19 | | concept that conflicts arise when people are asked |
| 05:45 20 | | de facto to investigate themselves. I'm guessing |
| 21 | | that the Province of Saskatchewan may have a |
| 22 | | problem, may have had a problem if I was named |
| 23 | | commissioner of this inquiry. |
| 24 | Q | Given that what Mr. Williams has said about the |
| <i>05:4</i> 5 25 | | role that Mr. Caldwell played, it doesn't appear, |

I

| | 1 | | at least according to Mr. Williams, that there was |
|-------|----|---|--|
| | 2 | | opinions sought from Mr. Caldwell about the merit |
| | 3 | | of the application itself. |
| | 4 | А | There's a letter, Mr. Frayer, that I don't have, I |
| 05:46 | 5 | | was just looking for it. There's a letter that |
| | 6 | | Mr. Caldwell sends to Mr. Williams enclosing the |
| | 7 | | chapter of Peter Carlyle-Gordge's book in which he |
| | 8 | | makes reference to the chapter and quips to Mr. |
| | 9 | | Williams, "I wonder if these people are looking at |
| 05:46 | 10 | | the same trial as you and I." A very informal |
| | 11 | | kind of quip that I read as kind of mocking those |
| | 12 | | of us who were making the application to the |
| | 13 | | Department of Justice, and that's a letter from |
| | 14 | | Caldwell to Williams enclosing Peter |
| 05:46 | 15 | | Carlyle-Gordge's the chapter on Joyce Milgaard. |
| | 16 | Q | Or mocking Peter Carlyle-Gordge for inaccuracies |
| | 17 | | in the information he was providing? |
| | 18 | А | Either way it's an opinion. |
| | 19 | Q | Because we know from cross-examination of Peter |
| 05:47 | 20 | | Carlyle-Gordge, while he described certain factual |
| | 21 | | errors in there as being technical only, they were |
| | 22 | | more than technical, they were factual errors of |
| | 23 | | some significance, and he said the reason why he |
| | 24 | | maintained that they were technical errors only |
| 05:47 | 25 | | was because he was being pressed by his publisher |
