Inquiry Proceedings

Appearances Milgaard Inquiry Vol 176 - Thursday, August 31st, 2006

Page 36569

Commission Staff:

Mr. Douglas C. Hodson,	Commission Counsel
Ms. Candace D. Congram,	Executive Director
Ms. Sandra Boswell,	Document Manager
Ms. Kara Isabelle,	Document Assistant

Support Staff:

Ms. Irene Beitel, Clerk to the Commission
Ms. Karen Hinz, CSR, and Official Q.B. Court Reporters
Mr. Don Meyer, RPR, CSR, CRR, CBC,
Mr. Jerry Wilde, Security Officer
Mr. Tony Fitzgerald, Audio Technician

Appearances:

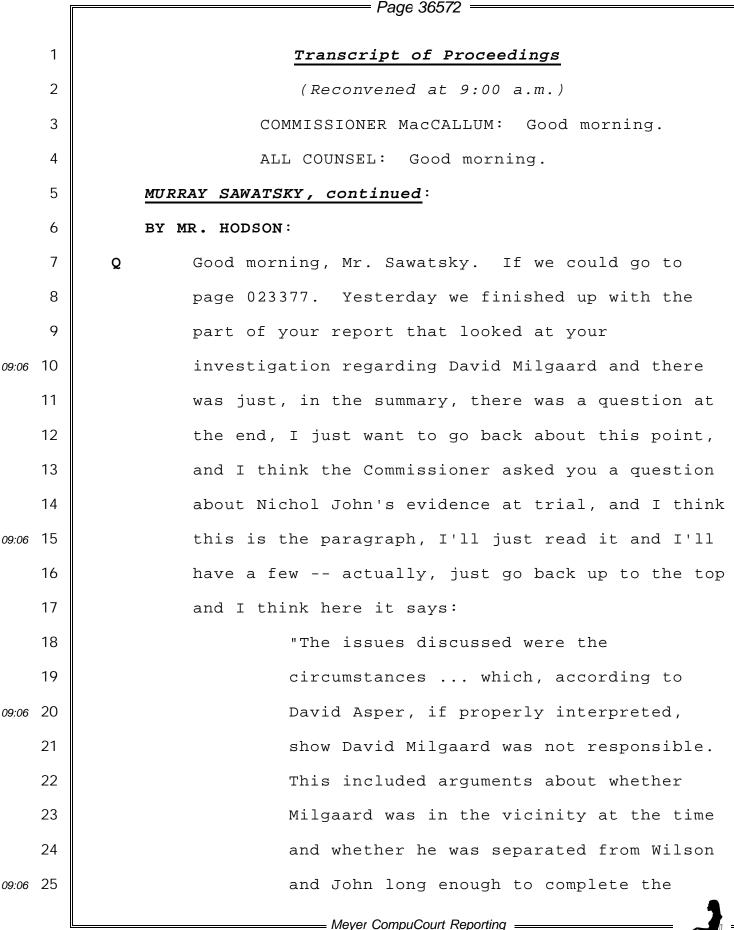

Mr. Hersh Wolch, Q.C.,	for Mr. David Milgaard
Ms. Joanne McLean,	for Ms. Joyce Milgaard
Ms. Lana Krogan-Stevely,	for Government of Saskatchewan
Mr. Robert Kennedy, Q.C.,	for Mr. T.D.R. (Bobs) Caldwell
Mr. Garrett Wilson, Q.C.,	for Mr. Serge Kujawa
Mr. Rick Elson, Esq.,	for the Saskatoon Police Service
Mr. Chris Boychuk, Esq.,	for Mr. Eddie Karst
Mr. Bruce Gibson, Esq.,	for the RCMP
Mr. David Frayer, Q.C.,	for Minister of Justice
	(Canada), The Hon. Vic Toews
Mr. Marshall Hopkins, Esq.	., for Justice Calvin Tallis
	(Retired)

	Ī		Vol 176 - Thursday, August 31st, 2006 Page 36573
	1		rape/murder"
	2		And I think you told us that this part of the
	3		investigation focused on, number one, whether or
	4		not David Milgaard was in the vicinity of where
09:07	5		the murder took place around the time; correct?
	6	А	Correct.
	7	Q	And secondly, whether he would have had the
	8		opportunity, in other words, that he was away from
	9		Wilson and John for a time period that he could
09:07	10		have the committed the crime; is that correct?
	11	A	That's correct.
	12	Q	And then the next paragraph you say:
	13		"All of the facts concerning these
	14		circumstances were heard at trial. The
09:07	15		jury obviously made a determination that
	16		the times involved did afford Milgaard
	17		the opportunity to commit the
	18		rape/murder. No doubt, the evidence of
	19		Ronald Wilson and Nichol John played a
09:07	20		large role in the jury's decision"
	21		And I think that was the question about, and I
	22		guess this is the question, are you saying that
	23		the evidence of Nichol John that put her and
	24		Mr. Wilson and Mr. Milgaard in the vicinity
09:07	25		around the time of the murder, is that the
			Meyer CompuCourt Reporting

Page 36574 : 1 evidence you are referring to, or are you 2 referring to her statement where she said she 3 witnessed the murder, but -- which was in 4 evidence at trial? 5 Α No, I was referring to the former. 09:07 To being in the vicinity? 6 Q 7 Correct. Α 8 0 Then in 1993 when the RCMP is investigating this 9 matter, can you comment on, when you are looking 09:08 10 at this question of David Milgaard's guilt or 11 innocence, can you tell us what -- what was the 12 relevance or the significance of Nichol John's 13 1993 version of events and, in particular, to what 14 extent if any did you rely upon her May 24th, 1969 09:08 15 sworn statement which we know was later not 16 adopted in court? 17 Α I think as I mentioned yesterday, I didn't 18 place -- I found Nichol's statement to be weak, 19 but there were elements in that statement that 09:08 20 certainly could be corroborated by other means, so 21 there were -- we were left, I think, with the same 22 sense as the initial investigation, that certainly 23 they were in the vicinity and that there was an 24 opportunity. I don't recall exactly what Nichol's 09:09 25 statement said about that, so I would have to

— Meyer CompuCourt Reporting –

maybe just take a quick look at it, but certainly I think I was left with the belief that they were in the vicinity and had the opportunity based in part on her statement.

5 Q I think her evidence at trial was to that effect, 09:09 I think she confirmed parts of her statement at 6 7 the trial, that they were in the vicinity, but 8 certainly she did not testify about witnessing the 9 murder, and so again, is it correct to say that 09:09 10 when you investigated this matter in 1993, you may 11 have had the same sense that the jury had, or 12 looked at the same information the jury would have 13 that Nichol John put David Milgaard at the scene, 14 gave him an opportunity, but that you did not put 09:09 15 much if any weight on her statement of May 24th 16 saying she witnessed the murder, or tell me how 17 much weight --

1

2

3

4

18 I think that's probably a fair assessment. Α Ι 19 think because the fact that they were in the 09:10 20 vicinity and had the opportunity is corroborated 21 through other means, through other witnesses. 22 Okay. And so to the extent that Nichol John gave Q 23 evidence at trial and repeated it in 1993 about being in the vicinity and other -- let's talk 24 09:10 25 about incriminating statements that were

_____ Meyer CompuCourt Reporting =

= Page 36576 =

F

1		corroborated by others; for example, the compact
2		and the stopping the woman for directions. Those
3		matters you would have relied upon?
4	А	Yes.
<i>09:10</i> 5	Q	When it came to her saying in the statement that I
6		saw David grab a girl and drag her down the alley
7		and stab her, did you rely to what extent if
8		any did you, in 1993, rely upon that in your
9		investigation?
<i>09:10</i> 10	A	Certainly I think, you know, I was aware of it,
11		but as far as its value and our ability to
12		corroborate that, it was of limited value.
13	Q	And I guess coupled with that was her 1989, 1990,
14		1991, '92, I think she testified in the Supreme
<i>09:11</i> 15		Court, during that time frame on a number of
16		occasions she was interviewed by, through hypnosis
17		twice, that there was some evidence that she had
18		some I don't know how to describe it, but
19		flashbacks and/or vague recollection of something,
09:11 20		of being there and witnessing something but not
21		clear what it was, and you would have been
22		familiar with that body of evidence?
23	А	Yes, I was familiar with that.
24	Q	And to what value if any did you and your
<i>09:11</i> 25		investigators place on that in looking at David
		Meyer CompuCourt Reporting

Page 36577 : Milgaard's guilt or innocence? Well, again, a lot of that, along with some new Α evidence that she told us, was something we couldn't corroborate through any other means, so it was of very limited value. So is it correct to say that at best what Nichol Q John was able to tell you in '93 is that they were in the vicinity of the murder? Α Correct. And that she corroborated the compact, stopping 0 the woman for directions and a few other things that other witnesses corroborated? Α Yes. If we can now go to 023379, and this relates to Q Larry Fisher, and back in June you told us that, and we should probably just go over this again, that in 1992 to '93 when your team was investigating this matter and looking at David Milgaard as a -- suspect is probably the wrong

09:11

09:1220word, but when you looked at whether or not there21was evidence that established David Milgaard's22guilt or innocence, you said you did the same for23Larry Fisher; correct?24ACorrect, to the extent that we could.09:1225QRight. And I think you told us that in 1992 when

_____ Meyer CompuCourt Reporting _____

	1		you went to look at David Milgaard and whether or
	2		not he was guilty or innocent of the crime, and I
	3		appreciate that it was collateral to the main
	4		purpose of your investigation, but that you had
09:13	5		the benefit of the fact that in 1969, '70, '71,
	6		that he was, David Milgaard was fully investigated
	7		by the Saskatoon City Police and in part by the
	8		RCMP, that there was an investigation and that
	9		many witnesses who had information about David
09:13	10		Milgaard, his activities that morning, had been
	11		interviewed and given statements and indeed given
	12		evidence at trial; correct?
	13	А	That's correct.
	14	Q	And so if you were trying to go back and say okay,
09:13	15		what happened in 1969, you had the benefit of the
	16		fact that many people were asked that in '69 and
	17		had that evidence recorded either at trial or in
	18		statements; correct?
	19	А	That's correct, and in reports subsequent as well.
09:13	20	Q	Right. And then when you look at what you had for
	21		Larry Fisher, I think what you told us is that,
	22		that you did not have any investigation or any
	23		reports or witness statements about Larry Fisher's
	24		potential involvement in the Gail Miller murder
09:14	25		from back in '69, '70; correct?
			Mayor CompuCaut Paparting

Page 36579 =

1 A That's correct.

	2	Q	And some of the examples you gave is that I
	3		mean, if the police had investigated Larry Fisher
	4		in 1969, '70, presumably they would have went and
09:14	5		got his work records, they would have talked to
	6		people in and around the scene to see if they saw
	7		anything, they would have talked to his wife and
	8		they would have gathered as much information as
	9		they could to find out what evidence or
09:14	10		information existed to either prove that he
	11		committed the crime or to eliminate him; is that
	12		fair?
	13	А	That's fair.
	14	Q	And so in 1992 when you looked at who is the more
09:14	15		likely perpetrator, Mr. Milgaard or Mr. Fisher, I
	16		think you told us that you had far more
	17		information to work with on Mr. Milgaard than you
	18		did on Mr. Fisher?
	19	А	Yes, that's correct.
09:15	20	Q	And that in 1992 when you went to find out and get
	21		the information, would it be fair to say that you
	22		were not able to get as much information about Mr.
	23		Fisher's activities in 1969 as you were with
	24		respect to David Milgaard?
09:15	25	А	Yes, that's fair to say.
			Meyer CompuCourt Reporting

AS.

Page 36580

	1	Q	And is that something, just your comment let me
	2		put it this way. If you had been investigating
	3		Larry Fisher in 1969, 1970 as you did in 1992,
	4		would you agree that you likely would have
09:15	5		obtained far more information that would have
	6		assisted you in determining whether or not he
	7		committed Gail Miller's murder?
	8	А	Yes, I'm assuming that there would have been more
	9		information available to examine than there was.
09:15	10	Q	And, for example, if you were able to obtain work
	11		records, number one, that established he was at
	12		work the morning of January 31, 1969, that would
	13		have been would have eliminated him or might
	14		have eliminated him as a suspect; correct?
09:16	15	А	Yes. It would have been helpful.
	16	Q	And alternatively, if you learned that he was not
	17		at work that morning as he said he was, that might
	18		be evidence that would support Mr. Fisher as the
	19		perpetrator?
09:16	20	А	Yes.
	21	Q	So now I think if we can just go to the next page,
	22		in 1992 is it correct to say that, and I won't go
	23		through them, but a significant number of the
	24		allegations made of criminal wrongdoing that your
09:16	25		group investigated related to Larry Fisher in the
		C4	Meyer CompuCourt Reporting

Page 36581

Ī

			Page 30381
1	1		sense that it was either lookit, there was
2	2		information about Larry Fisher, Larry Fisher is
3	3		the killer, there's information about him, the
4	4		police had it, the police should have had it, the
<i>09:16</i> 5	5		Crown had it, the Crown should have had it, and so
6	5		in the course of your investigation you would have
7	7		fairly you would have investigated everything
8	3		you could about Larry Fisher as a suspect; is that
ç	9		fair?
<i>09:17</i> 10	C	A	Yes, not only from the perspective you just
11	1		mentioned, but also we made attempts to get those
12	2		things you spoke of earlier like his work records.
13	3		We interviewed the police, tried to get
14	4		information, as much information as possible from
<i>09:17</i> 15	5		the first interview by the police, we made
16	5		requests of Mr. Beresh who was Mr. Fisher's
17	7		counsel to set up an interview with Larry Fisher,
18	3		so we did try to speak with Mr. Fisher and get as
19	7		much information as we could around that time as
<i>09:17</i> 20	C		possible.
21	1	Q	Would you agree, Mr. Sawatsky, that the
22	2		information you gathered in your investigation
23	3		with respect to trying to identify Larry Fisher as
24	4		the perpetrator of Gail Miller's murder would have
09:17 25	5		been the same information you would have gathered
			Meyer CompuCourt Reporting

- Page 36582

ſ

		1 age 30002
1		if you in fact had been given the task of
2		investigating the murder of Gail Miller and
3		whether Larry Fisher committed that crime?
4	А	That may be fair to say. I'm not certain what
<i>09:18</i> 5		other evidence, you know, was ultimately gathered
6		during the investigation of Mr. Fisher, you know,
7		after he was identified by the DNA, but yes, we
8		would have probably attempted the same sources for
9		information.
<i>09:18</i> 10	Q	Let me phrase it a bit better. If you had been
11		asked in 1992 to re-open the investigation into
12		the death of Gail Miller and investigate whether
13		Larry Fisher committed that crime, would you agree
14		that if you had conducted that investigation, that
<i>09:18</i> 15		you would have gathered virtually the same
16		information that you did in fact gather in the
17		investigation you conducted?
18	А	Yes, I think that's likely the case, the way the
19		case would have been.
<i>09:18</i> 20	Q	And so here we have these allegations, Larry
21		Fisher Culpable, and we have five categories, the
22		behaviour the day of the murder, Fisher in the
23		vicinity I think I've lost B.3 somewhere but
24		Larry Fisher matches profile, and admissions, so
<i>0</i> 9:19 25		those would have been generally the areas that you
		Mever CompuCourt Reporting

— Meyer CompuCourt Reporting =

Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006

- Page 36583 =

	Π		——————————————————————————————————————
	1		would have looked at to try and determine whether
	2		or not Larry Fisher was responsible for the murder
	3		of Gail Miller?
	4	А	That's correct.
09:19	5	Q	Go to the next page, and here you say:
	6		"It is Mr. Wolch's contention that Larry
	7		Fisher is likely responsible for
	8		Miller's assault and murder. This is
	9		based largely on the belief that the
09:19	10		circumstances surrounding crimes
	11		committed by Larry Fisher make him a
	12		more probable suspect in the Miller
	13		murder than David Milgaard."
	14		And is that correct, that that would have been
09:19	15		one of the primary grounds, is that based upon
	16		Mr. Fisher's other crimes, he is a more probable
	17		suspect or in fact the perpetrator?
	18	A	That's correct.
	19	Q	And in your experience as an investigator, is that
09:20	20		a tool that you had used in investigating crimes,
	21		to look at whether or not, for example, there's a
	22		signature or there's a certain modus operandi that
	23		might suggest a perpetrator is responsible?
	24	A	Yes.
08:45	25	Q	And it's referred, I think, to similar-act or
			Meyer CompuCourt Reporting
			Cartified Professional Court Penertare conving D.A. Pegina & Sackatean since 1000

ſ

		rage 30384
1		similar-fact-type evidence or profiles, and that's
2		something you were familiar with?
3	А	Yes, and something that I had made extensive use
4		of.
<i>09:20</i> 5	Q	And can you tell us just generally as an
6		investigator, when you have a rape/murder like
7		this, what are some of the things that you look
8		for? You know, I think the suggestion here is
9		look at the circumstances of Gail Miller's rape
<i>09:20</i> 10		and murder, look at the circumstances of Larry
11		Fisher's rapes for which he was convicted, and try
12		and draw some conclusion from that that number 1,
13		I guess, says is he a suspect, which I think every
14		witness has said yes, it certainly makes him a
<i>09:21</i> 15		suspect because he was in the vicinity at the time
16		and had committed at least three or two rapes
17		and an attempted rape before the murder and
18		therefore was a person who had committed rapes
19		not murder but rapes and therefore was a
09:21 20		suspect. But can you tell us, as an investigator,
21		what do you look for in comparing other offences
22		to the offence you are investigating and
23	А	Well, certainly the ability to do that is enhanced
24		greatly now with the Violent Crime Linkage
<i>09:21</i> 25		Analysis System which, you know, looks at, you
		Meyer CompuCourt Reporting

	1		know, various aspects of each crime, looks at the
	2		actions of victims, looks at the actions of the
	3		accused, etcetera. But prior to that, as an
	4		investigator, you would generally take a look at
09:21	5		the general circumstances, things like the time of
	6		the day, the approach, the actions of the victim,
	7		you know, was the victim walking in an alley, was
	8		she on a street, was she near a bus stop, any
	9		number of things of the victim, what did the
09:22	10		accused person say or the perpetrator say, what
	11		did he do, did he have any unusual
	12		characteristics, was he left-handed, right-handed,
	13		did the approach involve a knife, was there
	14		threats of violence, you know, were there unusual
09:22	15		statements made, those sorts of things. So I
	16		think what you would look for is anything in the
	17		approach of, or the actions of the perpetrator
	18		that would be similar to perhaps another crime you
	19		were investigating, and see if you could draw any
09:22	20		comparisons or any links that would sort of
	21		satisfy you that it appeared the crime appeared
	22		to be committed by the same person.
	23	Q	And we've heard various evidence, and we have had
	24		a chance to see in some documents, sort of
09:22	25		differing views on everything from the
			Meyer CompuCourt Reporting

— Meyer CompuCourt Reporting =

	1		circumstances of the rape are very similar to the
	2		murder to the other extreme, saying they are not.
	3		And on the one hand we've heard some evidence or
	4		some reports that say lookit, they happened in a
09:23	5		back alley, the victims were undressed, they were
	6		young women, they were in the vicinity, and those
	7		types of circumstances. On the other extreme,
	8		we've heard evidence or seen reports that people
	9		say lookit, they are quite different because Mr.
09:23	10		Fisher didn't kill, at least prior to the murder,
	11		didn't kill or stab or harm in a significant way
	12		any of the not in a significant way but
	13		didn't stab any of his previous victims, although
	14		there was physical violence. And as well, at the
09:23	15		other extreme, is people saying lookit, there are
	16		only so many ways a perpetrator can rape a
	17		stranger. And so how do you I wouldn't mind
	18		your comment on that. Is it a subjective thing
	19		where, depending on how you look at it, you can
09:23	20		find similarities or you can find distinctions,
	21		and what is the value of that as an investigator?
	22	А	I think, certainly, it is a very subjective thing.
	23		I think it's more objective now with the
	24		V.I.C.L.A.S. system that's currently in use, but
09:24	25		certainly just as an investigator looking at it

— Meyer CompuCourt Reporting =

= Page 36587 =

	1		without any sort of specialized training or
	2		specialized expertise, it's a subjective thing.
	3		You did mention the level of
	4		violence, and I think that's an important thing,
09:24	5		because generally speaking behaviour tends to
	6		become more violent over time as opposed to less
	7		violent. So I guess what I am suggesting there is
	8		very often when, early in an offender's history,
	9		he may show signs of, I guess, limited violence
09:24	10		where it may be grabbing, holding, perhaps binding
	11		arms, etcetera, all the way to progressing to
	12		the point where this person commits murder. So
	13		it's unusual I think, in cases I've looked at or
	14		in my experience, to see a murder committed and
09:24	15		then, after, less-violent crimes. I'm not saying
	16		that it can't happen, because we know it did, but
	17		certainly it's not that common. So level of
	18		violence is another important point to look when
	19		you are examining offenders' actions.
09:25	20	Q	And can you tell us the significance of and
	21		what would be the investigators' term, is it
	22		similar-fact evidence or is it profiling, or what
:	23		would you, as an investigator, call it;
:	24		information gathered that would put that would
09:25	25		suggest Mr. Fisher is a suspect or the
			Meyer CompuCourt Reporting

NG.

	[Page 36588
	1		perpetrator, in other words looking at his other
	2		crimes and gathering that information?
	3	A	Yeah, it would be looking at
	4		similar-fact/similar-act evidence.
09:25	5	Q	Okay. And, as an investigator, can similar-fact
	6		evidence that would say Mr. Fisher let's put it
	7		at the highest possible value, saying lookit,
	8		based upon the comparison of these crimes this one
	9		is very, the Gail Miller murder is very similar to
09:25	10		previous crimes committed by him and crimes
	11		committed after the murder, and a number of
	12		similarities that put it at the highest level. As
	13		an investigator, do you still need more
	14		information or evidence to link Mr. Fisher to the
09:26	15		crime, or as an investigator is it sufficient to
	16		say lookit, these are he committed some other
	17		crimes that are very similar, therefore he's the
	18		perpetrator?
	19	А	Yes. Generally speaking what it provides you
09:26	20		with, having a similar fact, is that it provides
	21		you with an investigative lead which you then need
	22		to follow up and determine whether there's other
	23		evidence available before you can lay a charge.
	24		With V.I.C.L.A.S. and that
09:26	25		system now, I understand that that system is
			Meyer CompuCourt Reporting

Page 36589

I

1	capable of being pretty certain in some of its
2	findings, in other words it gives you a stronger
3	lead I think, perhaps, than we as investigators
4	had before where you simply looked at two or three
<i>0</i> 9:26 5	sets of circumstances, tried to draw a link, and
6	then sort of said well, it appears to me like
7	these three are similar, and then you go out and
8	sort of work on them and investigate them and try
9	and determine whether or not there's evidence to
<i>0</i> 9:27 10	support the same person committing all of the
11	crimes.
12	Q And can you just tell
13	COMMISSIONER MacCALLUM: What's the name of
14	the system, sir?
<i>0</i> 9:27 15	A The V.I.C.L.A.S. system.
16	COMMISSIONER MacCALLUM: V-I?
17	A Yes, V.I.C.L.A.S., it's the Violent Crime Linkage
18	Analysis System, the V.I.C.L.A.S. is an acronym.
19	COMMISSIONER MacCALLUM: So V-I
09:27 20	A C-L-A-S.
21	BY MR. HODSON:
22	Q And when was that system put in place?
23	A I would suggest, well, my best recall would be the
24	mid to late '80s. But certainly it has become,
09:27 25	you know, with use it's become much more refined
	Meyer CompuCourt Reporting

- Page 36590 -

			<u> </u>
	1		and much better over the years. There has been
	2		continual improvements made to the information
	3		that tracked, the information that's fed in, the
	4		way the analysis is done. It's a very
09:27	5		highly-skilled the requirement to be an analyst
	6		is a highly-skilled requirement and, therefore, a
	7		lot of training is involved.
	8		COMMISSIONER MacCALLUM: Violent, what is
	9		it, just repeat the full title?
09:28	10	А	Violent Crime Linkage Analysis System. And, right
	11		now, the RCMP has a policy that requires its
	12		investigators to submit information, statements
	13		and I believe a little booklet that goes into MO
	14		of the offender and victim, into the system, and
09:28	15		it extends to I don't know that I'll get all
	16		the offences here but it's mostly violent type
	17		of offences, murders, attempted murders, any
	18		offences of violence, any sexual offences.
	19		COMMISSIONER MacCALLUM: So you can charge
	20		just on the basis of an appropriate profile
	21		yielded by that system; can you?
	22	А	I'm not sure, My Lord, that I would go that far,
	23		but I know the system is often able to say to
	24		investigators "we're very certain that this is
09:28	25		your offender", and of course the investigator
			Meyer CompuCourt Reporting

		Page 36591
1		then has to go out and gather the evidence and try
2		and corroborate that. But they, I know that in
3		recent times they have become, the V.I.C.L.A.S.
4		analysts have been becoming more and more accurate
09:29 5		in their ability to identify offenders through
6		certain patterns of behaviour.
7		COMMISSIONER MacCALLUM: Okay.
8	А	Perhaps by their 'signature', a word that Mr.
9		Hodson used a moment ago.
<i>0</i> 9:29 10	ВҮ	MR. HODSON:
11	Q	And if we could just
12	А	And if I could just complete my answer
13	Q	Sure?
14	А	on the V.I.C.L.A.S. system, there is also
<i>0</i> 9:29 15		policy through the Saskatchewan Police Commission
16		that requires all municipal police services to use
17		V.I.C.L.A.S. as well in the province, and to use
18		the RCMP's policy as a guide for their
19		submissions. So that system is working, alive and
09:29 20		well and working in this province.
21	Q	So, currently, the Saskatoon City Police Service
22		is required, in major crimes, to utilize
23		V.I.C.L.A.S.?
24	А	Yes.
<i>0</i> 9:29 25	Q	And V.I.C.L.A.S., so who; is it an RCMP
		Meyer CompuCourt Reporting

1 department; is that who runs V.I.C.L.A.S.? 2 Well the RCMP actually started it, but I believe Α 3 it's a national police service now, and all police services and all accredited police agencies in 4 5 Canada use it. 09:30 6 Okay. Q 7 I know that it's even been moved internationally, Α 8 where it's being used in the States and in 9 European countries as well, I believe. But it 09:30 10 was, I think, started by the RCMP. 11 Q Yeah. And it's my understanding, Mr. Sawatsky, 12 and please correct me if I'm wrong, that for 13 certain crimes, and let's say a rape/murder, 14 certainly in that case, that the investigating 09:30 15 police agency would complete a form that has been 16 designed by the V.I.C.L.A.S. experts that say "here are the things that are important to us", 17 18 and everything from time of day, types of wounds, 19 words spoken, etcetera, and that that information, 09:30 20 there is a fairly sophisticated form that's 21 required to be filled out that is sent in to 22 V.I.C.L.A.S., and that investigating officers are 23 allowed to access V.I.C.L.A.S.; in other words 24 "here's the form in our case, here's all the 09:30 25 information that's put into the system", it's

Page 36592

—— Meyer CompuCourt Reporting —

1		analysed, and someone comes back and might say,
2		"lookit, this is very similar to another crime or
3		another couple of crimes that we're looking at";
4		is that correct?
<i>09:31</i> 5	А	That's correct.
6	Q	And so if V.I.C.L.A.S. had been in place in 1969
7		and the first two rapes and the attempted rape
8		were into that system with those circumstances,
9		presumably and the Gail Miller murder would
<i>09:31</i> 10		have been put into the system, presumably
11		V.I.C.L.A.S. would have given some feedback to the
12		officers saying "it appears to be the same
13		perpetrator" or "it doesn't appear to be, if it
14		is, and here's why", but that would be the
<i>09:31</i> 15		process?
16	А	Yes, and I think that's fair to say.
17	Q	And so prior to V.I.C.L.A.S. it would be officers,
18		police officers, relying on their own judgement
19		and experience in the connecting in looking at
09:31 20		whether the crimes are connected?
21	А	That's correct.
22	Q	And we'll comment back to the V.I.C.L.A.S. issue a
23		bit later. So, just back on comparing the crimes,
24		V.I.C.L.A.S. or whatever system would come back
<i>0</i> 9:32 25		and say, "lookit, based upon analysis", and I
		Meyer CompuCourt Reporting

— Page 36594 ———

I

			/ dg0 0000 /
	1		think what you are saying is V.I.C.L.A.S. just
	2		elevates the level of analysis and perhaps the
	3		reliability of the analysis?
	4	А	Yes.
09:32	5	Q	It says "this person is more likely to be the
	6		perpetrator based upon his other crimes"; is that
	7		fair?
	8	А	That's fair.
	9	Q	And back to the question the Commissioner asked,
09:32	10		as an investigating officer, in the absence of any
	11		evidence that would put that would link the
	12		perpetrator to the murder, either physical
	13		evidence, eyewitness evidence and admission, or
	14		some other piece of evidence; as an investigator,
09:32	15		is the similar-fact information sufficient?
	16	А	No.
	17	Q	And so in the case of Larry Fisher in 1993 when
	18		you're looking at him as a suspect, as the
	19		perpetrator, is it correct to say that looking at
09:33	20		his other crimes, at best, would say he's a good
	21		suspect or a likely suspect, or in the case of
	22		V.I.C.L.A.S. we're almost certain he's a suspect,
	23		but in the absence of something more you would not
	24		be able to charge him with the crime?
09:33	25	А	No.
			Mover CompuCourt Deporting

			Vol 176 - Thursday, August 31st, 2006
			——————————————————————————————————————
	1	Q	You would agree with that?
	2	А	I agree with that, yes.
	3	Q	Yeah. And in 1992 and '93, as an investigator,
	4		would you agree that it was more difficult, in
09:33	5		1992 and 1993, than it would have been in 1969 and
	6		1970, to find evidence that would link Larry
	7		Fisher to the murder of Gail Miller?
	8	А	Yes, that was certainly the case, work records,
	9		those sorts of things weren't available to us that
09:34	10		likely would have been available in 1969.
	11	Q	If we can go to 023 actually, sorry, we'll just
	12		go through. I think the first B, you then go
	13		through the allegation, and I think this just
	14		recites what information was provided. If we can
09:34	15		go to 023383. And then, here, you summarize, I
	16		think, the grounds that were put forward by Mr.
	17		Wolch to support that Larry Fisher is the most
	18		likely person to have been responsible. Number 1:
	19		"- Fisher lived in the basement of the
09:34	20		Cadrain house a little more than a block
	21		from the scene of Miller's murder."
	22		What, when you are investigating that in
	23		1992-'93, what was the significance of that?
	24	А	Well it certainly was suspicious but, in itself,
09:35	25		was not evidence that would suggest Mr. Fisher was
		II	

– Meyer CompuCourt Reporting –

Page 36596 -

		——————————————————————————————————————
1		responsible. But it certainly was something that
2		could perk somebody's attention.
3	Q	Would the significance be that he lived in the
4		vicinity and, for example, took the same bus as
<i>0</i> 9:35 5		Gail Miller; would that be the significance of
6		that?
7	А	Yes. As I've indicated, it certainly would make
8		you, as an investigator, would provide you with
9		something to that you could perhaps follow up
<i>0</i> 9:35 10		on or would try to follow up on, see if you could
11		maybe develop more evidence that would help
12		establish whether or not this person was a suspect
13		simply for this reason.
14	Q	And if he lived three doors down from Cadrain or a
<i>09:35</i> 15		block away from Cadrain's house, you would have
16		the same suspicions?
17	А	Yes.
18	Q	There was evidence that Gail Miller's wallet was
19		found, I think, three or four doors down from
<i>0</i> 9:35 20		Cadrain's house, and I take it that would have
21		been something that Larry Fisher, living at the
22		Cadrain house, would have been significant in
23		that, as a suspect, the fact that Gail Miller's
24		wallet was found in the vicinity of where he lived
<i>0</i> 9:36 25		would be relevant?
		Mever CompuCourt Reporting

Page 36597 1 Yes, it would. Α 2 But if he lived two doors down or a block away it 0 3 would still be relevant? 4 Yes, it would. Α 5 So the simple fact that Fisher lived in the 09:36 Q 6 Cadrain's basement, are you telling us, had no 7 significance other than it put him in the vicinity 8 of the murder and in the vicinity of where the 9 wallet was found? 09:36 10 Α Yes, that's, I think that's fair to say. 11 Q And, in other words, there was nothing that --12 there was nothing that tied him to any activity at 13 the Cadrain house that morning, but the fact that 14 he lived there as opposed to another house, you 15 know, one house away wouldn't have made any 09:36 16 difference? 17 Α No. 18 Is that -- next: 0 19 "- Fisher is alleged, by his former wife 09:36 20 Linda, to have reacted suspiciously when 21 she confronted him with the possibility 22 of him being involved. In addition, 23 Linda Fisher claims the morning of the 24 murder, she was missing a knife which is

purported to be similar to the murder

I

	1		weapon."
	2		Can you tell us the, sort of again, the
	3		significance of what use, if any, can you make
	4		of this information, the Linda Fisher
09:37	5		information? And I think there's probably two
	6		parts; one, her account of what she says happened
	7		the morning of the murder, her confrontation with
	8		her husband, the fact that he wasn't at work and
	9		the accusations and his response; and secondly,
<i>09:37</i> 1	0		the missing knife, which I think she later
1	1		acknowledged was not at least initially the
1	2		missing knife, the knife she said was missing,
1	3		was not the maroon-handled paring knife; correct?
1	4	А	Correct.
<i>0</i> 9:37 1	5	Q	So what do you make as an investigator, in 1992,
1	6		of what Linda Fisher has to say; is that is
1	7		that information or evidence that links Larry
1	8		Fisher to the murder of Gail Miller?
1	9	А	I think in this case, as you mentioned, we did
09:38 2	0		follow this up to the extent that we could and it
2	1		doesn't necessarily link him to the murder. It
2	2		causes one to have some suspicions but we know
2	3		that suspicion is not enough to base a charge
2	4		upon.
09:38 2	5	Q	Next:
			Mover CompuCourt Deporting

		Vol 176 - Thursday, August 31st, 200 Page 36599
		- Fage 30399 -
	1	"- After attacking Miller, Fisher is
	2	alleged to have assaulted (V4)
	3	(V4) At the time of this assault,
	4	he was allegedly following a route he
09:38	5	often used between his home and that of
	6	his brother-in-law, Clifford Pambrun.
	7	Fisher is alleged to be similar in size
	8	and complexion to (V4's attacker
	9	· · · " ,
09:38	10	and I think, and we've heard a fair bit of
	11	evidence on this, I think the allegation was
	12	or not the allegation the suggestion was that
	13	Larry Fisher had Cliff Pambrun's car the morning
	14	of the murder, killed Gail Miller, drove the car
09:38	15	back to Cliff Pambrun's house, and then walked
	16	back down the tracks and assaulted (V4)
	17	(V4) And we've heard evidence from
	18	Mr. Pambrun that might dispute that his car was
	19	used that morning, we've heard some evidence that
09:39	20	he his car might have been used, but is that
	21	something tell us what, what your, generally
	22	what your investigators did and whether or not
	23	what is suggested here was borne out, and if it
	24	was borne out whether that would be a link to the
09:39	25	crime?

Page 36600 ·

1	А	Yes, we did, we did some considerable amount of
2		work on this as well. We also followed up with
3		Mr. Pambrun and, at the end, it was our view that
4		this was unlikely. I'm not saying it was
<i>09:3</i> 9 5		impossible but it certainly was unlikely to have
6		happened.
7	Q	And why, why was that?
8	А	It, I think it was very difficult for us to see
9		how the time frames would allow for Mr. Fisher to
<i>0</i> 9:39 10		have returned the vehicle and done what was
11		alleged he had done. Also, Mr. Pambrun indicated
12		a similar thing to us, that he doubted that Larry
13		Fisher had his vehicle that day. The we
14		certainly had some doubts about the manner in
<i>09:40</i> 15		which Ms. (V4) had identified Mr. Fisher as her
16		attacker, that identification. I think it was, we
17		didn't feel, particularly strong. So I think, in
18		looking at this in its, you know, entirety, we
19		weren't of the view that it was a very strong
09:40 20		likelihood that it happened that way.
21	Q	And if you're looking for information that would
22		link Larry Fisher to the murder and to supplement
23		the similar-fact evidence, which we'll get to a
24		bit later, I think you told us yesterday that if
<i>09:40</i> 25		(V4) (V4's version of events were true and
		Meyer CompuCourt Reporting

— Meyer CompuCourt Reporting =

Page 36601 -

Ir

		Page 36601
1		it was Larry Fisher that attacked her that
2		morning, I think you told us that your
3		investigators concluded that that would likely
4		eliminate him as the perpetrator of Gail Miller's
<i>09:40</i> 5		murder; is that correct?
6	А	It's certainly possible that that could be looked
7		at that way.
8	Q	And was that because of the timing and the
9		distance?
<i>09:40</i> 10	А	Yes.
11	Q	And so, again, as far as the, let's just take the
12		(V4) (V4) allegation and say as a piece of
13		evidence at the end of the day, did that provide
14		information that would link Larry Fisher to the
<i>09:41</i> 15		murder of Gail Miller?
16	А	No, it didn't. In fact, it was probably weak at
17		best. But, no, it didn't link him to the murder.
18	Q	Did it tend did it tend to go the other way? I
19		mean let's back up, I think it was put forward as
09:41 20		"here, RCMP, take a look at the (V4) (V4)
21		matter, that will and the Cliff Pambrun car
22		theory, and when you review that and investigate
23		that your conclusion should be that that
24		establishes or helps to establish that Larry
09:41 25		Fisher is the killer of Gail Miller". I think you
		Meyer CompuCourt Reporting

Page 36602 -

	Ĩ		Page 36602
	1		said that didn't happen?
	2	А	I think that's what Mr. Wolch was putting forward,
	3		yes.
	4	Q	Yeah. Did it go the other way? At the end of
09:41	5		looking at the (V4) (V4) assault did your
	6		investigators conclude that that might be
	7		information that tends to exculpate Mr. Fisher as
	8		opposed to inculpate him? I mean where did this
	9		information sit on the continuum?
09:42	10	А	I think personally how I looked at it is I didn't
	11		think that this likely happened so it wasn't
	12		evidence that tended to inculpate Mr. Milgaard in
	13		the sense that
	14	Q	I'm talking Mr. Fisher, I'm sorry.
09:42	15	А	Fisher in that sense. I think, in looking at
	16		it, I don't think it happened. I don't think it
	17		was Fisher. Sorry, I didn't mean to suggest that
	18		Mrs. (V4's complaint wasn't genuine because
	19		there's no evidence to suggest it wasn't, but I
09:42	20		don't think that this was Fisher who did it, so
	21		therefore it doesn't have any weight at all with
	22		regards to Fisher's activities that morning in my
	23		view.
	24	Q	And if it had been established that it was Mr.
09:42			Fisher, I think you've told us then that would
	-		4
			Meyer CompuCourt Reporting

A S

Page 36603

		Page 36603
		5
1		tend to be more on the exculpate side than the
2		inculpate side as far as Mr. Fisher is concerned?
3	А	I do agree with that, yes.
4	Q	And so, if it had borne out, it would not have
<i>09:43</i> 5		linked Mr. Fisher to the murder?
6	А	Correct.
7	Q	And why do you say you don't think it was Mr.
8		Fisher who assaulted (V4) (V4)?
9	А	I'm just, I guess I just have doubts about the
<i>09:4</i> 3 10		ability of Ms. (V4), after all these years,
11		to and from a very poor photograph, to be so
12		certain that it was Larry Fisher. There is no
13		other evidence to indicate that it was Linda
14		Fisher.
<i>09:4</i> 3 15	Q	Okay. And then:
16		"- Fisher was seen using the same bus
17		stop as Miller by Mary Gallucci."
18		And I don't think there's any dispute about that
19		evidence that Larry Fisher and Gail Miller used
<i>09:4</i> 3 20		the same bus stop and, at least on some
21		occasions, caught the actual same bus, but was
22		that information your people gathered?
23	А	Yes, it is.
24	Q	And can you tell us, does that, in and of itself,
<i>09:43</i> 25		link Larry Fisher to the murder, or where does
		Meyer CompuCourt Reporting
		Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

Page 36604 =

			——————————————————————————————————————
	1		that fit into
	2	А	No, it doesn't, but it's certainly, again, a piece
	3		of information that could be viewed as something
	4		suspicious, something that you would want to do
09:43	5		your best to follow up on, as we did.
	6	Q	And if we compare that, earlier you said the
	7		evidence of Wilson and John putting David Milgaard
	8		in the vicinity of the murder at the time of the
	9		murder was significant; correct?
09:44	10	A	Correct.
	11	Q	And, again, would you agree, then, the fact that
	12		this information that Larry Fisher caught the same
	13		bus as Gail Miller, or went to the same bus stop
	14		and on occasion, at a minimum, caught the same
09:44	15		bus, would that also be information that would put
	16		him in the vicinity at or about the time of the
	17		murder?
	18	А	That's correct.
	19	Q	And so I'm not asking you to compare but I guess,
09:44	20		would you agree that both Mr. Fisher and Mr.
	21		Milgaard, based on the information you gathered,
	22		would have been in the vicinity at the time with
	23		opportunity? Subject, I guess, and we'll get to
	24		Mr. Fisher's work records, but apart from whether
09:44	25		he went to work or not, putting that aside; they
50. Tr	_0		1
			Meyer CompuCourt Reporting

1 would both have been in the vicinity at the time? I agree with that, yes. 2 Α 3 And then the other ground is: 0 "- He committed at least three sexual 4 5 assaults (rapes) in the same general 09:45 area around the same time using a modus 6 7 operandi which was strikingly similar to 8 the circumstances surrounding the Miller 9 Fisher's modus operandi murder. 09:45 10 involved the use of a knife and pursuit of women in uniform (e.g. nurses)" 11 12 And again, I think we've touched on that with the 13 V.I.C.L.A.S., any further comment on that 14 about -- and we'll get into your report a bit 09:45 15 later where you talk about the similarities --16 but anything to add? I mean I think that was 17 probably the main ground brought forward, that 18 the comparison of Mr. Fisher's previous crimes 19 should be what gets you over the top in 09:45 20 establishing his guilt? 21 That's right, yup. Α 22 Q Go to the next page, and you say here: 23 "Many of these examples have 24 already been addressed when dealing with 09:45 25 specific issues relating to our

Page 36605

Page 36606 : 1 investigation of the police and Crown 2 prosecutors i.e., Linda Fisher's 3 complained to the police in 1980, her missing knives, and links between the 4 5 physical evidence found near the Cadrain 09:46 home where Fisher lived." 6 7 And I take it, in this report, you are simply 8 saying, lookit, we've touched on much of these 9 issues in other parts of the report, in other 09:46 10 words we're not going to repeat everything we've 11 already said in the report; is that the intent? 12 Α Yes, yes. 13 0 The first issue you look at is the behaviour the 14 day of the murder, and you go through, and her 09:46 15 account -- and I won't bother going through that 16 -- but Linda Fisher's account of going in to the 17 police in 1980 and her recollection of the morning 18 of the murder. And it says: 19 "During her testimony at the 09:46 20 Supreme Court, Linda stated the news 21 report basically said, 'This morning a 22 woman was found stabbed to death'. 23 Checks were made of local Saskatoon radio stations for information on dates 24 09:46 25 and times of broadcasts and the only

Page 36607 : 1 radio station with records from 1969 was 2 CFOC." 3 And then you go on to put the times that the reports were made, the first report was at 12:25 4 5 p.m., and what they said is: 09:47 6 "... body of a young woman found in a 7 snowbank ...", 8 so no mention of a stabbing but the fact that a 9 body was found, and then later reports I think 09:47 10 that day, a murder, they provide the name. And 11 then the next day: 12 "murder ... recovered knife blade, the 13 girl's sweater and one of her 14 snowboots.", 09:47 15 and that the newspaper report, the first report, 16 was February 1. Can you tell me, what was the 17 purpose of investigating the media reports? 18 I think we were trying to put credibility to Linda Α 19 Fisher's statement, in other words to try and make a determination as to the time, she thought it was 09:47 20 21 the morning of the murder so we wanted to see, 22 okay, what were the news reports that day. 23 Because she had indicated that she had received a 24 report on the radio, was it that day, was she 09:47 25 perhaps mistaken and it was the next day or a week

_____ Meyer CompuCourt Reporting ____

Page 36608

	Γ		Page 36608
			Ŭ
	1		later or something, I think we were trying to help
	2		with our to find out exactly, or as close as we
	3		could, to the day.
	4	Q	And what did you conclude about whether in
09:48	5		light of the information you obtained about the
	6		radio reports did you reach any conclusions as to
	7		whether Linda Fisher's encounter with Larry Fisher
	8		was the morning of the murder, or the next day, or
	9		another day?
09:48	10	А	Umm, I think there was I think we were sort of
	11		of the view that perhaps it could have been the
	12		next day,
	13	Q	The Saturday?
	14	А	but we weren't able to sort of be certain of
09:48	15		that.
	16	Q	Now I suppose, if it did in fact happen on the
	17		Saturday, that might explain why he was in his
	18		good clothes and wasn't at work. But if the
	19		discussion she had with him on, was on Saturday
09:48	20		rather than the morning of the murder, you would
	21		agree that wouldn't eliminate him as a suspect.
	22	А	No.
	23	Q	Is that correct?
	24	А	No, no, it wouldn't eliminate him as a suspect.
09:48	25	Q	So, similarly, his reaction to the accusation
			Meyer CompuCourt Reporting

would still be relevant; correct?

2 A Correct.

1

And, as well, I suppose the only issue is that if the discussion with him on Saturday, was on Saturday rather than the morning of the murder, then you may not have Linda Fisher's evidence that he wasn't at work on the morning of the murder? A That's correct.

9 Q If we can then go to the next page. And, again, 09:49 10 you refer to Larry Fisher's evidence at the 11 Supreme Court about the incident with Linda, which 12 he acknowledged that he had an encounter and that 13 he -- she accused him of being involved in the 14 murder, and it says:

09:49 15 "Larry acknowledges the confrontation 16 took place although he doesn't call if 17 the argument involved the issue of a He believes that the incident 18 knife. 19 could have taken place on the day 09:49 20 following the murder, which would be 21 Saturday ... If this is the case, it 22 would mean that Linda is mistaken about 23 the day the incident took place. 24 Nevertheless, it is clear from his 09:50 25 testimony that Linda made accusations

_____ Meyer CompuCourt Reporting _____

Page 36610 : 1 concerning his possible involvement in the death of a girl and that he reacted 2 3 in a shocked manner." 4 And, if Linda Fisher was mistaken on the day, 5 would that have any impact on the balance of her 09:50 recollection? 6 7 No, it wouldn't. Α 8 0 And the next page, your Investigators Comment: 9 "Larry Fisher's behaviour, 09:50 10 when confronted by his wife Linda, was 11 one of shock. Mr. Wolch would argue it 12 was because of his guilt, but Fisher 13 says it was due to his disbelief that 14 she would accuse him. Linda was not 15 aware of the fact Fisher had committed 09:50 16 several rapes preceding the Miller 17 murder, nor is there any indication she 18 was even suspicious of him. Therefore, 19 her statement accusing him of attacking 09:50 20 someone would have little basis of fact. 21 His shocked reaction could have been 22 because her accusations - however 23 baseless they might have been - struck 24 home." 09:51 25 Any clarification on that?

Page 36611 = 1 Α No. 2 So I take it that the confrontation with Linda, 0 3 whether it was the morning of the murder or the next day, in and of itself, did it provide you 4 5 with any evidence that would link Larry Fisher to 09:51 the murder of Gail Miller? 6 7 No. Α Would it be in the category of being suspicious? 8 0 9 Yes, it would. Α 09:51 10 Next, Fisher in Vicinity, and you go through the 0 11 Mary Gallucci information, and here you say: 12 "After having raped and murdered Gail 13 Miller, Mr. Wolch claims that Fisher's 14 serial rapist behaviour led him to 09:51 15 assault (V4)---- (V4)---. He suggests 16 (V4)--- was attacked on a route normally 17 taken by Fisher as a shortcut between 18 his place and Clifford Pambrun's (whose 19 car he used to borrow). Fisher admitted 09:51 20 he used this route in the Supreme Court, 21 but he emphatically denied assaulting 22 (V4)---." 23 And then you go on and talk about the (V4)---24 information: 09:51 25 "About one block from her home, she Meyer CompuCourt Reporting =

Page 36612 1 checked her watch and saw it was 0707 2 hrs..." 3 And then: 4 "While reading the Toronto Star 91-08-11, (V4)--- saw a photograph of 5 09:52 6 Larry Fisher. She stated she 7 immediately recognized him." 8 And I think it was that identification, sir, that 9 you took issue with or had some trouble with? 09:52 10 Α Yes. I'm not suggesting that there was anything 11 sinister about that, I'm just -- I know it was a 12 very poor photograph that she had made the identification from. 13 14 And I think you said the comment earlier that it Q 15 would have been 20 years later that --09:52 16 That's correct. Α 17 And what, as an investigator, would you have 0 18 concerns that -- we've heard some evidence about 19 photo identification. Would you have concerns 09:52 20 that the identification made by (V4)---- (V4)---21 was from a photograph that related to a story that 22 said Larry Fisher was the person who killed or may 23 have killed Gail Miller that morning; in other 24 words, that when she looked at the picture and 09:53 25 read the story, that it was in connection with

_____ Meyer CompuCourt Reporting =

	Ĩ		——————————————————————————————————————
	1		saying this person had killed Gail Miller? Would
	2		that be a concern to you as an investigator, that
	3		that information might influence a person in
	4		making the identification?
09:53	5	А	It's possible, it's possible. I think my
	6		principal concerns were more around the time that
	7		had evolved since the assault and the quality of
	8		the picture that she made an identification from.
	9	Q	Okay. And then if we can scroll down, here it
09:53	10		says:
	11		"(V4) claims she was assaulted at
	12		0707 hrs. and that it would normally
	13		take about 25 minutes to reach the bus
	14		stop from her home. Our investigator's
09:53	15		walked this route and found it took them
	16		6 minutes."
	17		And again, where did that fit in, if any, in
	18		looking at the (V4) (V4) matter?
	19	А	Well, it certainly showed that there was a bit of
09:54	20		a discrepancy in what she gave us as the time it
	21		took to walk and us to walk it, so certainly it
	22	Q	I believe her evidence, and certainly at the
	23		Commission, was that her 7:07 time was based upon
	24		her recollection of looking at her watch right
09:54	25		around the time, I think shortly before the
			Meyer CompuCourt Reporting
		-	

1 assault; is that correct? She has always maintained very firmly that 2 Α Yes. 3 that was the time. And here: 4 0 5 "It is theorized by Mr. Wolch et al that 09:54 if Fisher was Miller's attacker he 6 7 probably used Pambrun's vehicle which he 8 returned following the offence. Не 9 would then have walked from Pambrun's, 09:54 10 along the railway tracks (his normal 11 short cut route) to return home. Εn 12 route he encountered (V4) ---, whom he 13 assaulted as part of the "high" he was 14 on following the Miller murder. It took 15 our investigators 5 minutes to drive 09:54 16 from the murder scene to Pambrun's and a 17 further 8 minutes to walk to the 18 location of (V4---'s assault." 19 And the next page: 09:55 20 "The evidence suggests Gail Miller was 21 seen in her boarding house at 0645 hrs. 22 She is believed to have left at 23 approximately 0700 hrs. in order to 24 catch a bus and arrive for work at 0730 09:55 25 Regardless of whether or not she hrs. = Meyer CompuCourt Reporting =

	Page	36615	1
--	------	-------	---

	1	walked down Avenue "N" or "O", the 20th
	2	Street bus arrived at 0649 or 0704 hrs.
	3	It would have taken her about 3 minutes
	4	to walk from her house to the bus top on
09:55	5	20th Street. Therefore, her initial
	6	confrontation with her assailant would
	7	have occurred at approximately 0700 hrs.
	8	Miller's assailant sexually assaulted
	9	her and stabbed her numerous times. Her
09:55	10	purse was put in a nearby garbage can
	11	and her other belongings were thrown
	12	into adjacent yards.
	13	If Larry Fisher was Miller's
	14	assailant he would have attacked her
09:55	15	within minutes of 0700 hrs. The rape,
	16	murder, and disposition of the articles
	17	would take several minutes to complete.
	18	It would take him at least 8-10 minutes
	19	to drive to Pambrun's, return the
09:55	20	vehicle, and then run to where he is
	21	alleged to have attacked (V4) at 0707
	22	hrs. This does not seem to be a
	23	plausible theory."
	24	Again, that would have been the conclusion of
09:56	25	your investigators?
		Meyer CompuCourt Reporting

by Mr. Hodson Vol 176 - Thursday, August 31st, 2006 Page 36616 : Yes, it is. 1 Α And I think you told us, your investigators did a 2 0 3 fair bit of work on this theory as far as timing, the Pambrun vehicle and whether or not this theory 4 5 could actually work? 09:56 6 Yes, we did. Α 7 "If one were to assume Fisher attacked Q 8 Miller on foot then he would have had to 9 complete the rape and murder, dispose of 09:56 10 her purse etc., and get to the location of (V4---'s assault by 0707 hrs. 11 Ιt 12 takes 8 minutes to walk this distance. 13 Since her attack occurred very close to 14 0700 hrs., this also seems improbable. 15 The noted facts and 09:56 16 circumstances do not support the theory 17 Fisher is responsible for both the 18 Miller and (V4)--- assaults." 19 And those would have been your conclusions? 09:56 20 Yes. А 21 What about this -- when we heard a bit about this Q 22 from Dr. Rossmo, an earlier witness, the 23 suggestion that Ms. (V4) --- was attacked by Larry 24 Fisher as part of the "high" he was on following 09:56 25 the Miller murder, as an investigator, did you

Murrav Sawatskv

_____ Meyer CompuCourt Reporting ___

AS.

= Page 36617 =

			5
	1		have what were your thoughts about whether Mr.
	2		Fisher, having committed the rape and murder of
	3		Gail Miller, would then have an encounter with
	4		Ms. $(V4)$, and I think it's fair to describe
09:57	5		that assault as being far less significant. What
	6		were your thoughts as an investigator as to
	7		whether it was likely that a perpetrator, having
	8		raped and killed Gail Miller, would commit the
	9		assault on (V4) (V4)?
09:57	10	А	Yeah, I think I know what the question, or where
	11		you are going. I'm not aware of something like
	12		that happening before, I've never worked on a case
	13		where there was a serious assault followed by a
	14		very minor assault, and I'm not aware of any
09:57	15		instances where that has happened.
	16	Q	As an investigator, would it strike you as being
	17		unusual to have the, an assault of the nature on
	18		(V4) $(V4)$ following so closely on the rape
	19		and murder of Gail Miller by the same person?
09:57	20	А	Yes, it would.
	21	Q	Now next, B.4, Issue: Larry Fisher Matches
	22		Profile, and this relates to, this is a summary of
	23		what Mr. Fisher acknowledged at the Supreme Court
	24		when questioned by Mr. Wolch:
09:58	25		"(a) that he had an inner hatred or
			Meyer CompuCourt Reporting
			anneu i iolessional oouri neporteis selviliy F.A., negina & Saskalouri since 1900 🛛 🚛 💭

- Page 36618 -

	Page 36618
1	anger from his early youth and from the
2	problems he was having in his marriage,
3	which prompted him to take it out on
4	innocent victims;
<i>09:58</i> 5	(b) he chose to attack at night by
6	forcing his victim into an alley or some
7	secluded place;
8	(c) he had his victims not look at his
9	face and had a pattern of conscious
<i>09:58</i> 10	thought that he didn't want to get
11	caught;
12	(d) when he attacked women, he was
13	seeking power, strength, domination and
14	the real thrill was the grabbing and
<i>09:5</i> 8 15	controlling of women;
16	(e) the sex came later to fulfil it all;
17	(f) he followed a pattern wherein he
18	attacked his victims quickly, from the
19	side, completing the offence within five
<i>09:58</i> 20	to ten minutes;
21	(g) there was a connection between the
22	victim and travel by bus;
23	(h) a knife was used in most of his
24	attacks;
<i>09:5</i> 9 25	(i) he undresses his victims, removes

			——————————————————————————————————————
	1		the bra, has them take off their coat
	2		which he tells them to lay on, often has
	3		them cover their face with their
	4		garments, but does not remove his own
09:59	5		clothes."
	6		And that would have been is that fair to say,
	7		that was a summary of what was put forward as
	8		being the similar fact, or some of the similar
	9		fact evidence that your investigators should have
09:59	10		relied upon in concluding that Larry Fisher was
	11		the perpetrator?
	12	А	That's correct.
	13	Q	And then you go on to say that:
	14		"Fisher denied planning his attacks,
09:59	15		except for (V5), who he saw on a
	16		bus"
	17		And:
	18		"He indicated his attack on (V1)- was
	19		one instance where he did stalk the
09:59	20		victim."
	21		And I take it you are just reciting some of Mr.
	22		Fisher's other evidence?
	23	А	That's correct.
	24	Q	If we can scroll down, you say here:
09:59	25		"As noted earlier, an investigation of
			Meyer CompuCourt Reporting
			Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

	1	Larry Fisher was not within the scope of
	2	our investigation, but given that we had
	3	amassed many of the available facts a
	4	decision was made to address Mr. Wolch's
10:00	5	concerns. Therefore, the question as to
	6	whether or not Fisher and/or Milgaard
	7	best fit the offender profile for the
	8	Miller murder is being explored by an
	9	analysis of Fisher's crime vs. Miller's
10:00	10	murder and will be the subject of a
	11	supplementary report. It must be
	12	stressed however, that the results of
	13	such an analysis are intended as an
	14	investigative lead not as evidence of
10:00	15	guilt or innocence."
	16	And can you just elaborate on that?
	17	A Yes, I think that goes back to a larger extent to
	18	what we were talking about before, is that we
	19	decided in this case to have the, to have someone
10:00	20	who is trained in this discipline to have a look
	21	at Mr. Fisher and see whether or not his actions,
	22	or the actions of the perpetrator the morning of
	23	the Miller murder fit with the victimology on the
	24	assaults, the sexual assaults, and we were trying
10:00	25	to stress that of course this is simply an
		Mever CompuCourt Reporting

		——————————————————————————————————————
1		investigative lead and once you have an answer,
2		that you have to follow up on and either prove or
3		disprove.
4	Q	And just comment on that last point, "are
10:01 5		intended as an investigative lead not as evidence
6		of guilt or innocence." Is that correct?
7	А	Yes.
8	Q	And so if the analysis shows that the crimes are
9		very similar; in other words, Mr. Fisher's crimes
10:01 10		are very similar to Gail Miller's murder, does
11		that mean it's a very good investigative lead?
12	А	Yes, it does.
13	Q	Is it evidence of guilt or innocence?
14	А	No, it's not. It's certainly something that you
10:01 15		would then as an investigator want to follow up on
16		and see what evidence you could develop.
17	Q	And similarly, if the analysis shows that the
18		crimes are not similar, does that is that proof
19		of innocence?
10:01 20	А	No, it's not.
21	Q	Does it eliminate that person as a suspect?
22	А	No, it doesn't eliminate that person as a suspect,
23		but I think as an investigator it would cause you
24		to want to work more to try and determine any
10:01 25		leads you could find.
		Meyer CompuCourt Reporting

Page 36622

			Page 36622
			ũ
	1	Q	And maybe on this point, are you telling us that
	2		similar fact evidence to an investigator is
	3		limited to being an investigative tool or lead as
	4		opposed to evidence of guilt or innocence?
10:02	5	А	Yes.
	6	Q	I think if we can go, and I think the
	7		supplementary report is attached, and that was a
	8		profile done by I think Mr. MacKay; is that
	9		correct, an officer, Inspector MacKay?
10:02	10	А	That's correct.
	11	Q	And if we can go to page 023494, and this was part
	12		of a supplementary report, I think that after your
	13		report was filed or completed, the analysis was
	14		done and this was filed as a supplement; is that
10:02	15		correct?
	16	А	Yes.
	17	Q	And am I correct that the conclusions that you
	18		reached in your report regarding Larry Fisher and
	19		David Milgaard, were those conclusions reached
10:03	20		before you got the analysis, the profile?
	21	А	Yes.
	22	Q	And so your report was completed and then this
	23		report came later; is that correct?
	24	А	That's correct.
10:03	25	Q	And so do I take it from that that the what is
			Meyer CompuCourt Reporting
		C	ertified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

Page 36623 -

	Γ		Page 36623
	1		the correct term for this, is it a profile or what
	2		do they I guess supplementary report did not
	3		influence the conclusion of your investigators in
	4		the conclusions they reached in the report; is
10:03	5		that correct?
	6	А	No, it did not.
	7	Q	So here, if we just go through and touch on a
	8		couple of points, if we can go to the next page,
	9		and the next page, please sorry, 497 here's
10:03	10		the
	11		"Ron MacKay was provided with
	12		background information on the murder of
	13		Gail Miller and the crimes committed by
	14		Larry Fisher. In addition he was given
10:03	15		as much detail as was available to us on
	16		the personalities of both David Edgar
	17		Milgaard and Larry Earl Fisher."
	18		Now, I think we heard from, I think it may have
	19		been Dr. Rossmo, that normally profiling is done
10:04	20		sort of in the absence of prior to convictions
	21		or prior to charges being laid; in other words,
	22		before you know the end result. Is that fair?
	23	А	That's fair.
	24	Q	And in this case, this analysis was done looking
10:04	25		at two people, one of whom had been convicted,
			Meyer CompuCourt Reporting
		C	certified Professional Court Reporters serving P.A. Regina & Saskatoon since 1980

ASS.

Page 36624

	[Page 36624	
	1		although the conviction had been set aside, and	
	2		one person who was a suspect, so it would be a	
	3		little bit different than the usual profiling; is	
	4		that fair?	
10:04	5	А	Yes, that's fair to say.	
	6	Q	Then go to the next page, I just plan on going	
	7		through parts of this, I think he says here:	
	8		"This analysis should not be considered	
	9		all inclusive or as a substitute for a	
10:04	10		thorough and well planned investigation.	
	11		Opinions expressed are drawn from my	
	12		analysis of material provided using	
	13		personal investigative experience,	
	14		educational background and research	
10:05	15		conducted by the FBI into similar	
	16		cases."	
	17		And I think you told us earlier that there is a	
	18		certain amount of subjective subjectivity in	
	19		this type of analysis; is that correct?	
10:05	20	А	Yes, that's correct.	
	21	Q	If we can go to page 023500 and it's talking about	
	22		Offender Characteristics and Traits, it says:	
	23		"Offender "profiles" are arrived at by	
	24		considering all available information in	
10:05	25		total."	
			Meyer CompuCourt Reporting	
		(Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980	

Page 36625 : 1 And then goes: 2 "The offender's behaviour displayed in 3 this crime is consistent with that of a 4 white male acting alone and I found no 5 indication of a second offender." 10:05 And then goes on to talk about offender age, 6 7 estimate in the range of 16 to 23 years. 8 Next page, his conclusion 9 here: "The initial motive of this offender was 10:06 10 most likely robbery, hence the damage to 11 12 her purse strap." 13 I'm wondering if you can elaborate on that point, 14 what would be the significance of the damage to 10:06 15 Gail Miller's purse strap, or are you able to 16 answer that? 17 Well, I guess if you wanted to look at the Α 18 circumstances of our investigation, we certainly 19 had reason from several witnesses to believe that 10:06 20 Mr. Milgaard was interested in committing a 21 robbery that morning and finding some money, so 22 that may, again may or may not be evidence that 23 would support that Mr. Milgaard could be 24 responsible. 10:06 25 And, sorry, when I read this, I wondered if what Q

F

		- Fage 30020			
	1		was being said here is that because the purse		
	2		strap, the damage to the purse strap suggesting		
	3		that the purse may have been grabbed which caused		
	4		the damage to the purse strap as part of a		
10:07	5		robbery. Is that am I reading that wrong?		
	6	А	No, I think that's what he's suggesting.		
	7	Q	Yeah. Now, I suppose another interpretation would		
	8		be that if the rape was the motive as opposed to		
	9		robbery, that grabbing her may have also resulted		
10:07	10		in damage to the purse strap as well?		
	11	А	Yes.		
	12	Q	And it could be interpreted either way?		
	13	А	Could be interpreted either way.		
	14	Q	If we can scroll down:		
10:07	15		"The rapid escalation of violence in		
	16		this crime suggests an offender who		
	17		harbours a great deal of anger at		
	18		society in general and females in		
	19		particular."		
10:07	20		And then goes on to say:		
	21		"It is very unlikely that this was his		
	22		first violent offence. He would have		
	23		poor control of his anger and has likely		
	24		exploded on past occasions."		
10:07	25		And then goes on to talk about education. So		
			Meyer CompuCourt Reporting		

AS.

Page 36627

			Page 36627	
	1		again, this would be the type of information that	
	2		analysts would look at to try and identify what	
	3		type of person committed the crime?	
	4	А	That's correct.	
10:07	5	Q	And then on the next page sorry, just go back	
	6		to the previous page, the bottom:	
	7		"The injuries inflicted on the victim	
	8		suggest that his right is his dominant	
	9		hand when he engaged in activities such	
10:08	10		as throwing a ball but not necessarily	
	11		in handwriting."	
	12		And then the next page:	
	13		"Given the time that has passed since	
	14		this crime, the investigative options	
10:08	15		are very limited. It is a suitable case	
	16		for entry on VICLAS"	
	17		And I take it, do we take it from that, Mr.	
	18		Sawatsky, that in trying to do the analysis 20	
	19		years later, it's a little more difficult?	
10:08	20	А	Yes, I believe that's what he's suggesting there.	
	21	Q	And if we can go ahead to page 504, I won't go	
	22		through this in too much detail, but this is	
	23		where, further to the initial report, I think Mr.	
	24		MacKay then goes through:	
10:08	25		"I have reviewed the material on the	
			Meyer CompuCourt Reporting	
			Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980	

Page 36628

	[——————————————————————————————————————
	1		above sexual assaults to arrive at an
	2		opinion as to the likelihood of the same
	3		offender being responsible for all."
	4		And this is where he looked at all of the Fisher
10:09	5		assaults, and he says:
	6		"The reader is therefore cautioned that
	7		the scientific certainty usually
	8		associated with other forms of forensic
	9		analysis is not available within
10:09	10		criminal investigative analysis."
	11		And is that just a heads up to say lookit, this
	12		isn't this isn't like DNA, this is
	13		subjective or this is analysis and it's an
	14		investigative tool as opposed to certainty?
10:09	15	А	Yes, I think he's trying to set out the parameters
	16		of his investigation.
	17	Q	Then to page 023507, he says:
	18		"The overall behaviour within the
	19		assaults of"
10:10	20		And then he lists all the Fisher assault victims,
	21		"is consistent with all seven crimes
	22		being committed by the same offender.
	23		The significant departure from
	24		consistent behaviour (morning vs night
10:10	25		time attack, lack of immediate physical
			Meyer CompuCourt Reporting
10:10	24		consistent behaviour (morning vs night time attack, lack of immediate physical

Page 36629 1 control, absence of verbal behaviour, 2 difference in initial physical contact, 3 and the absence of an effort to push or 4 drag the victim to a second location) 5 noted in these cases leads me to opine 10:10 6 that (V4) --- was not victimized by the 7 same offender." 8 And I think that was your conclusion for other 9 reasons; is that correct? That's correct. 10:10 10 Α 11 Q And then to the next page, the bottom, he says: 12 "All things considered, Fisher's 13 behaviour, circa 1968-1970, is not consistent with the behaviour observed 14 within the murder of Gail Miller. 10:10 15 This 16 is particularly significant in light of 17 the (V5)--- assault, that was subsequent 18 to the Miller murder, and wherein he was 19 bitten on the finger by his victim. His 10:10 20 only response to this victim resistance 21 was to hit her on the chin to make her 22 let go. This is not the response to 23 such a victim resistance I would expect 24 to see in an offender who had previously 10:11 25 exhibited the behaviour seen within the

_____ Meyer CompuCourt Reporting _____

			Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
			——————————————————————————————————————
	1		murder of Gail Miller. For all these
	2		reasons, he is therefore not considered
	3		to be a likely suspect in this case."
	4		And:
10:11	5		"There is insufficient reliable
	6		information regarding the personality of
	7		David Milgaard, circa 1969, on which to
	8		formulate an indirect personality
	9		assessment. An opinion as to his
10:11	10		viability as a suspect, from such a
	11		perspective, in the murder of Gail
	12		Miller is therefore not available."
	13		So it would appear that Inspector MacKay, sort of
	14		the bottom line conclusion was that in looking at
10:11	15		the four sexual assaults in 1968 and 1970 and in
	16		particular the fourth one that occurred about a
	17		year after Gail Miller's murder, that he felt
	18		that Mr. Fisher was not a likely suspect; is that
	19		correct?
10:11	20	А	Yes, that's the conclusion I would have drawn as
	21		well.
	22	Q	And but again, is that let's just talk about
	23		that for a moment. Would that would that
	24		eliminate Larry Fisher as a suspect, this
10:12	25		analysis?
			Meyer CompuCourt Reporting

No, and I believe MacKay was fairly careful to

1

А

	2		suggest that in his preamble, that this does not
	3		eliminate him, in my view does not eliminate him
	4		as a suspect.
10:12	5	Q	And I take it, though, as far as the analysis and
	6		the comparison of crimes and what we now know with
	7		the conviction of Larry Fisher for the crime, it
	8		would appear that notwithstanding the
	9		dissimilarities, he did commit the murder and the
10:12	10		rapes?
	11	А	Yes.
	12	Q	And so what does that tell you as far as the
	13		analysis done or the investigative value of that?
	14	A	I guess it could be a number of explanations. One
10:12	15		perhaps is because there was not very much known
	16		about what the actions of the accused were in the
	17		murder of Gail Miller, you know, in each of the
	18		rapes we have the victim as a witness who can say
	19		this was the approach, this is what was said, this
10:13	20		is what was done. That wasn't available in the
	21		Miller, so that could be one explanation. Another
	22		explanation is that he was simply wrong in his
	23		analysis, you know.
	24	Q	And again, and I think you've answered this, but
10:13	25		just to clarify, this analysis that Inspector
			Meyer CompuCourt Reporting
		Ce	rtified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

AS.

- Page 36632

		Page 36632
1		
1		MacKay did, did it form any part of the
2		conclusions that you and your investigators
3		reached in your report?
4	А	No, it didn't.
10:13 5	Q	Go back to 023390, or 391, I think here you go
6		through the last issue, was Admissions, and I
7		think in the course of the Supreme Court reference
8		there were a number of jailhouse informants who
9		came forward alleging that Larry Fisher had either
10:13 10		confessed to the crime or made admissions relating
11		to the Gail Miller murder; is that correct?
12	А	Yes, that's correct.
13	Q	And I won't go through them all. If we can maybe
14		go to page 023393, I think all of these, or most
10:14 15		of them put it this way, all of the jailhouse
16		informant evidence I believe was tendered at the
17		Supreme Court reference; correct?
18	А	That's correct.
19	Q	And in fact some of them testified, and you
10:14 20		conclude:
21		"The evidence concerning the prison
22		incidents described here were dealt with
23		by the Supreme Court. These incidents
24		do not appear to be evidence inculpating
10:14 25		Larry Fisher in the rape and murder of
		Meyer CompuCourt Reporting
		Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

		1	Vol 176 - Thursday, August 31st, 2000 Page 36633
	1		Gail Miller."
	2		And I take it that was your conclusion, that the
	3		information from the jailhouse informants would
	4		not be evidence that would link Larry Fisher to
10:14	5		the crime?
	6	А	That's correct.
	7	Q	As an investigator, are there issues with
	8		credibility of jailhouse informants generally?
	9	А	Yes.
10:14	10	Q	Go to the next page, here is your summary on Mr.
	11		Fisher:
	12		"Mr. Wolch strongly believes the
	13		evidence surrounding the Miller
	14		rape/murder points towards Larry Fisher.
10:15	15		The basis for this is in the similarity
	16		between Fisher's sexual assaults and the
	17		circumstances of the Miller murder,
	18		together with the details of Linda
	19		Fisher's observations and her
10:15	20		confrontation with Larry the day of the
	21		murder or the day following the murder."
	22		And you say:
	23		"We have noted discrepancies in various
	24		statements given by Linda Fisher's about
10:15	25		her missing knives and there is some
			Meyer CompuCourt Reporting
		С	ertified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980 🛛 🕇 🛲

				———— Page 36634 ——	Vol 176 - Thursday, August 31st, 2006
	1		d	oubt about the accu	uracy of her recall
	2		i	n this regard. How	wever, by Larry
	3		F	isher's own admiss:	ion, he could have
	4		t	aken a paring knife	e from his house
10:15	5		C	lose to the time in	n question because he
	6		u	sed a paring knife	in several of
	7		a	ttacks."	
	8		And then g	oes on to talk abou	at the encounter.
	9		And you sa	y:	
10:15	10		11	The missing paring	knife and the
	11		a	rgument with Linda	do not in themselves
	12		i	mplicate Larry Fish	ner in the Miller
	13		r	ape/murder."	
	14		And again,	that would be an a	accurate conclusion
10:16	15		then of yo	ur investigators?	
	16	А	Yes.		
	17	Q	And:		
	18		Ш	Prison inmates who	knew Fisher and had
	19		e	xchanges with him w	which purportedly
10:16	20		m	ade reference to tl	ne Miller murder are
	21		n	ot able to offer re	eal evidence
	22		C	onnecting him to th	ne crime. Our
	23		i	nvestigation has no	ot uncovered any
	24		e	vidence which would	d suggest he was
10:16	25		r	esponsible. In fac	ct, if Fisher did
			Doutified Durafacations	— Meyer CompuCourt Reportin	

		Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
		——————————————————————————————————————
1		assault (V4) (V4) as alleged,
2		then the evidence would suggest he could
3		not have been involved in the Miller
4		attack."
10:16 5	An	d that was what you told us yesterday, that
6	th	at would provide him with an alibi arguably if
7	he	had committed the (V4) attack?
8	A Ye	s.
9	Q An	d then you say:
10:16 10		"Our findings with respect to Larry
11		Fisher do not significantly alter the
12		evidence heard by the Supreme Court
13		concerning Fisher's possible
14		involvement. The only remaining area to
10:16 15		be further examined is to have his
16		crimes analyzed to determine whether he
17		would have been a likely suspect
18		according to his behavioral patterns."
19	An	d just pause there on the evidence heard by the
10:17 20	Su	preme Court concerning Fisher's possible
21	in	volvement. What was the significance of that,
22	of	the fact that the Supreme Court heard evidence
23	ab	out Larry Fisher's involvement and their
24	cc	nclusions?
10:17 25	A We	ll, what we had done was reviewed all of that
		Meyer CompuCourt Reporting

E

	1		and then of course we went out and spoke with the
	2		witnesses and followed up our own leads to try and
	3		make determinations, and what we're suggesting
	4		there is that what we found didn't change what was
10:17	5		already before the courts.
	6	Q	And was it a case of saying that lookit, the
	7		Supreme Court heard Larry Fisher's evidence, they
	8		heard evidence about the similarities of the
	9		assaults, they heard from some of the jailhouse
10:17	10		informants, they heard from Linda Fisher, they
	11		heard about the knives and the Supreme Court did
	12		not reach the conclusion, not that they were asked
	13		to directly, but in their reasons did not say that
	14		Larry Fisher ought to be charged or there's a
10:17	15		claim against him; in fact, reached the conclusion
	16		that David Milgaard had not established his
	17		innocence. Is that correct?
	18	А	That's correct.
	19	Q	And so did you draw from that that I'm trying
10:18	20		to get a sense of what you read into the Supreme
	21		Court's decision about whether or not, based on
	22		all the evidence they heard, they felt that Larry
	23		Fisher had committed the crime?
	24	А	I've never got the sense from any material I read
10:18	25		that the Supreme Court was of the view that Larry

Fisher had committed the crime.

1

2 Q And so was that -- I'm just trying to get a sense 3 of how, to what extent that might have influenced 4 you and your investigators, the fact that much of 10:18 5 the same information you looked at had been 6 presented to the court and the court reached the 7 conclusion that they did.

8 Α Well, I think as an investigator you certainly, 9 you know, in working in the system for many years, 10:18 10 you certainly have trust and confidence in the 11 system and a conviction, you know, to an 12 investigator or to a police officer is 13 significant, but when we went out to investigate 14 this, I think if we had found something 10:18 15 significant that would have been new evidence or 16 fresh evidence or shed a different light on the 17 circumstances that were known to the court, we 18 certainly would have drawn that to the attention 19 of those who were providing us with advice on this 10:19 20 file.

21QIf we can go to 023395, this now then is your22summary, if we can go to the next page, and this23is the new information, and I think this last part24of your report outlines new information that you10:1925

— Meyer CompuCourt Reporting =

Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006

Page 36638 1 that correct? 2 Α That's correct. 3 0 If we can go to the next page, and your first 4 paragraph is: 5 "Although several new pieces of 10:19 information came to light during our 6 7 investigation, there are no new critical 8 facts to report." 9 And we see this on a couple of occasions, or a 10:19 10 number of occasions in your report where you say there's no new information. Would that be -- are 11 12 you saying no new information compared to what 13 had been put before the Supreme Court or what was 14 already known? 10:20 15 That's correct, that in our view wouldn't Α 16 significantly change anything. 17 And so is it correct to say that in some respects 0 18 your investigation, although you looked at 19 everything, part of it was to say is there 10:20 20 anything that is new that was not presented to the 21 Supreme Court or not before the Supreme Court in 22 the reference? 23 Α Yes. I think we felt an obligation to provide any 24 new information so that it could be -- so that it was available. 10:20 25

Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006

Page 36639 1 Q And then here, with Nichol John, you indicate that, I guess, 'new information' as: 2 3 "She confirmed she has experienced a 'flashback' memory of another 'female 4 5 being in the car'." 10:20 6 And you say: 7 "John's ...", 8 or: 9 "... it would explain aspects of the 10:20 10 case previously open for speculation and 11 further the case against David 12 Milgaard." 13 Can you explain that? Α I quess, you know, one could perhaps 14 Yeah. advance a different theory if Gail Miller had 10:20 15 16 actually been taken into the vehicle that morning, 17 _ _ 18 Q Okay. 19 Α -- and possibly the rape could have occurred in 10:21 20 the vehicle, then there's -- you know, it provides 21 a whole different scenario. Certainly, John's 22 memory was not very clear on that and, you know, 23 beyond simply reporting it, we didn't investigate 24 it any further. 10:21 25 And so your, did any of your conclusions depend or Q Meyer CompuCourt Reporting =

			Page 36640
	1		rely upon this piece of new information?
	2	А	No.
	3	Q	And then, as well, a piece of new information is
	4		that she drew a sketch and identified photos of
10:21	5		the rectory, St. Mary's, and I take it that was a
	6		piece of new information?
	7	А	Yes, the sketch was a piece of new information.
	8	Q	And, as well, but identifying the photographs?
	9	А	Yes, that's correct.
10:21	10	Q	And I think you told us this before, correct me if
	11		I'm wrong, but that that may have been relied upon
	12		by your investigators to corroborate the evidence
	13		that they were in the vicinity?
	14	А	Yes.
10:22	15	Q	And then here, Mary and Michael John, Nichol's
	16		parents giving information that Nichol had told
	17		them that, she said:
	18		"'I saw him kill her, I saw him stab
	19		her.'"
10:22	20		And that would be information that wasn't
	21		previously available; is that correct?
	22	А	Yes.
	23	Q	And then go to the next page. What did you make
	24		of the parents' information, where did that fit in
10:22	25		as far as your investigation?
			Meyer CompuCourt Reporting

Page 36641 -

Ī

			Page 30041
	1	А	Well certainly it helped us, you know, the
	2		allegations were that Nichol had been coerced or
	3		influenced to say certain things, and I think sort
	4		of an admission like that to her parents before
10:22	5		she was interviewed is indicative of that not
	6		happening.
	7	Q	And if we can go here, you say:
	8		"Many questions have been
	9		raised about the credibility of the
10:22	10		evidence provided by Nichol John. It
	11		was alleged that her statement was
	12		coerced and the evidence provided was
	13		not true. We interviewed a former
	14		friend of John's, Barbara Ann Wispinski,
10:22	15		who told us of a conversation they had
	16		which would be some verification of
	17		John's credibility and the truthfulness
	18		of what she told the police."
	19		And then you go on to outline this evidence:
10:23	20		"When Nichol John returned to
	21		Regina following her trip with Milgaard
	22		to Saskatoon and Alberta, she told her
	23		close friend, Wispinski that Milgaard
	24		killed a girl in Saskatoon. John stated
10:23	25		Milgaard left their vehicle with the
			Meyer CompuCourt Reporting

Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006

Page 36642 1 intention of committing a break and enter and when he returned, he was 2 3 covered with blood. Milgaard threatened 4 John not to say anything." 5 10:23 Next page. "The conversation took place 6 7 before John's first contact with the 8 police officers investigating David 9 Milgaard therefore, it would lend 10:23 10 credibility to what she later told the police albeit reluctantly. 11 12 This is Wispinski's first 13 disclosure of her conversation with John 14 to authorities. It should be pointed 10:23 15 out that on 60-05-22 when asked by 16 D/Sgt. Mackie about what she might have 17 heard from Nichol John, Wispinski had an 18 opportunity to divulge this information 19 and did not do so. At that time, 10:24 20 Wispinski indicated John was disturbed 21 or upset about something and that she 22 had started to make statements about 23 what happened in Saskatoon, but the 24 statements were never completed." 10:24 25 Just on the latter point, what was the Meyer CompuCourt Reporting =

Page 36643

	Ĩ		Page 36643
	1		significance of the fact that Barbara Wispinski
	2		had not divulged to Detective Sergeant Mackie in
	3		1969 that she told you in 1993?
	4	А	Well I think we were trying to be objective there
	5		and say, you know, one could draw what you wanted
	6		from it, but the fact that she told us and didn't
	7		tell Detective Mackie when she had the
	8		opportunity, I think, is something that was
	9		significant enough that we should have pointed it
10:24	10		out.
	11	Q	Was it something that would go to the credibility
	12		of Barbara Wispinski's 1993 statement?
	13	А	Yes, I believe it would.
	14	Q	And we saw, earlier in your report, the reference
10:24	15		to this information, saying if the information
	16		from Barbara Wispinski is true then it would
	17		support the following. What did your
	18		investigators conclude, if anything, about whether
	19		or not Barbara Wispinski's new information was
10:24	20		credible?
	21	А	I think we were unable to, you know, to really say
	22		that it was very was solid, and I think
	23		certainly by the way that we phrased this
	24		paragraph would leave the impression that, you
10:25	25		know, we were putting it forward as a piece of new
			Meyer CompuCourt Reporting
		(Certified Professional Court Reporters serving P.A. Regina & Saskatoon since 1980

Page 36644

Γ		Page 36644
1		evidence but that the way it had come out could be
2		suggested that perhaps it's not as credible
3	Q	And I suppose,
4	А	as one would like.
5	Q	if it is credible, then I think what you have
6		said is that it would lend credence to the
7		conclusion that Nichol John was not coerced by the
8		police because she would have made admissions
9		before she even met the police?
0	А	That's correct.
1	Q	Next, Kenneth Cadrain, about the blood on
2		witnessing blood on David Milgaard, and I think
3		we've touched on that:
4		" was never previously interviewed
5		concerning this matter."
6		I think he was interviewed by Sergeant Pearson,
7		was he not, in 18990?
8	А	That's correct, he was interviewed during that 690
9		investigation.
20	Q	And then, as well, the next page. We've touched
21		on this, the Sandra Danchuk information about the
22		nosebleed, and I think you've told us that could
23		be both incriminating or inculpatory, or
24		inculpatory and exculpatory for Mr. Milgaard;
25		correct?
		Meyer CompuCourt Reporting
	2 3 4 5 6 7 8 9 0 1 2 3 4 5 6 7 8 9 0 1 2 3 4 1 2 3 4	2 Q 3 Q 4 A 5 Q 6 - 7 - 8 - 9 - 10 A 11 Q 12 - 3 - 4 - 5 - 6 - 7 - 8 - 9 - 9 - 11 - 12 - 13 - 14 - 15 - 16 - 17 - 18 - 19 - 10 - 11 - 12 - 13 - 14 -

Page 36645

1 A Correct.

	•		
	2	Q	One, it might explain the blood on his pants, if
	3		there was in fact blood on his pants that may have
	4		come from an innocent source, a nosebleed, rather
10:26	5		than from Gail Miller; correct?
	6	А	Correct.
	7	Q	On the other hand it may have been evidence that
	8		he had blood on him from or that Ms. Danchuk
	9		actually saw blood; is that correct?
10:26	10	А	Correct.
	11	Q	Probably an appropriate spot to break for the
	12		morning, Mr. Commissioner.
	13		(Adjourned at 10:26 a.m.)
	14		(Reconvened at 10:53 a.m.)
10:53	15		BY MR. HODSON:
	16	Q	If we could go to 023401, please. And here we're
	17		at the conclusions of your report, Mr. Sawatsky,
	18		that covers just go through parts of this. And
	19		you say here:
10:53	20		"This investigation resulted from
	21		complaints by David Milgaard's solicitor
	22		H. Wolch to the Provincial and
	23		Federal Ministers of Justice that there
	24		had been a cover up by officials in the
10:53	25		former Department of the Attorney
			Meyer CompuCourt Reporting

			Page 36646
	1		General."
	2		And then the footnote down at the bottom is the
	3		September 8th and September 16th letters from Mr.
	4		Wolch to the Ministers; is that correct?
10:54	5	А	Correct, yeah.
	6	Q	And so that would have been, I think you've told
	7		us earlier the investigation resulted from the
	8		Breckenridge allegations, and I think what you are
	9		saying here, "and part of that was the letters
10:54	10		that were sent by Mr. Wolch to the ministers of
	11		Justice or the Attorney General as noted"?
	12	А	Yes.
	13	Q	"A subsequent press release by
	14		Mrs. Milgaard alluded to the fact
10:54	15		evidence of a cover up was provided by a
	16		former employee of the department."
	17		And then it goes on to talk about that.
	18		"Following the accusations of
	19		a cover up, the Deputy Minister of
10:54	20		Justice asked the RCMP to conduct an
	21		investigation to determine if any
	22		evidence of wrongdoing existed."
	23		And I think you've touched on that. Here you
	24		say:
10:54	25		"Mr. Wolch's complaint
			Meyer CompuCourt Reporting

Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006

Page 36647

	1		focused on four general areas of
	2		concern, i.e. Larry Fisher was actually
	3		responsible, the Saskatoon City Police
	4		knew Milgaard wasn't responsible and
10:55	5		covered up the facts, the prosecutor
	6		Caldwell was aware of similarities
	7		between the Fisher crimes and the Miller
	8		murder but he withheld the facts, and
	9		that the Director, S. Kujawa had both
10:55	10		the Fisher and Milgaard files at the
	11		same time and he covered up references
	12		to the similarities. While the
	13		allegations against Mr. Kujawa referred
	14		to some of the former employee's
10:55	15		'evidence', at the outset of our
	16		interview, Mr. Wolch was quick to
	17		distance himself from the former
	18		employee's allegations."
	19		And those would be the Breckenridge matters; is
	20		that correct?
	21	А	Yes, that's Breckenridge.
	22	Q	And here you say:
	23		"Mr. Wolch emphasized his
	24		complaint was that, despite all that had
10:55	25		occurred, evidence had not yet been
			Meyer CompuCourt Reporting
			Certified Professional Court Reporters serving P.A. Regina & Saskatoon since 1980

	1		offered which satisfied him of
	2		Milgaard's guilt. Along with his
	3		associates, he outlined a myriad of
	4		concerns, many of which related to Larry
10:55	5		Fisher - against whom he believed the
	6		evidence was stronger. In accepting the
	7		need to fully investigate Mr. Wolch's
	8		concerns it was necessary to explore his
	9		assertions and arguments, those of his
10:56	10		associates, together with those of
	11		Mrs. Milgaard who had played a very
	12		active role in investigating her son's
	13		case. Consequently, many of the avenues
	14		we pursued do not relate to the
10:56	15		allegations against the police or the
	16		prosecutors and the results of our
	17		investigation reflect this very broad
	18		approach."
	19		And I think we've touched on this a bit earlier,
10:56	20		but I think what you are saying is that you
	21		investigated every allegation made by Mr. Wolch
	22		and his associates, even if it didn't directly
	23		relate to an allegation of wrongdoing?
	24	А	Correct.
10:56	25	Q	Go to the next page. Here you say:
			Meyer CompuCourt Reporting

	Π	Page 36649
	1	"Based on statements made by
	2	Albert Cadrain, Ronald Wilson and
	3	others, our investigation reveals that,
	4	at times, the police investigators were
10:56	5	viewed as intimidating. However, with
	6	the exception of Ronald Wilson, none of
	7	the witnesses say they provided false
	8	evidence at trial. Despite Wilson's
	9	recantation, we found nothing to support
10:57	10	the allegation the police coerced
	11	witnesses into providing fabricated
	12	evidence."
	13	And that would be the conclusion your
	14	investigators reached; is that correct?
10:57	15	A Yes, yes it is.
	16	Q If we can go to the next page. Actually, sorry,
	17	just the bottom of the previous page. You say:
	18	"Our review of the facts
	19	established that early in their
10:57	20	investigation of the Miller murder, the
	21	Saskatoon police did consider the
	22	possibility the same person was
	23	responsible for the rapes and the Miller
	24	murder. However, once David Milgaard
10:57	25	was apprehended the police dropped this
		Meyer CompuCourt Reporting
	_	Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

		Page 38650
	1	approach to the investigation. Clearly,
	2	in their minds, the police believed
	3	Milgaard killed Miller and some other
	4	unidentified offender committed the
10:57	5	rapes. This interpretation is supported
	6	by statements of the police officers
	7	involved, their reports, and the timing
	8	of events."
	9	And would that be an accurate conclusion
10:57	10	A Yes, it is.
	11	Q your investigators reached? And then you say:
	12	"As noted above, the results
	13	of our investigation do not support the
	14	allegation that the police saw the
10:57	15	murder and rapes as being inextricably
	16	linked. The possibility the same
	17	offender may have been involved was
	18	contemplated prior to Milgaard's
	19	apprehension. But, nine months later
10:58	20	when Fisher was apprehended, we found no
	21	evidence the Saskatoon police felt
	22	Milgaard had been wrongly convicted of
	23	Miller's murder. If such a thought did
	24	enter the minds of the investigators, it
10:58	25	was not documented in any of the
		Meyer CompuCourt Reporting

by Mr. Hodson Vol 176 - Thursday, August 31st, 2006 Page 36651 1 available police files nor expressed by 2 any officers in statements made either 3 at the time or now." 4 And I think that's what you told us yesterday as 5 far as what your investigators found or didn't 10:58 6 find in pursuing this allegation; was that 7 correct? 8 Α That's correct. 9 At the bottom: 0 "As a result of our 10:58 10 11 investigation we conclude that the 12 Saskatoon City Police conducted a 13 thorough and proper investigation of the Gail Miller murder. We found no 14 10:58 15 evidence to support the allegation 16 police coerced witnesses into providing 17 false evidence and no evidence that they 18 deliberately covered up facts relating 19 to either David Milgaard or Larry 10:58 20 Fisher. We believe they followed 21 acceptable investigative techniques and 22 methods and acted in good faith during 23 both their investigation of David 24 Milgaard and Larry Fisher." 10:59 25 And would that be an accurate conclusion that

Ŕ

Murray Sawatsky

	[Vol 176 - Thursday, August 31st, 200 Page 36652
	1		your investigators reached?
	2	7	
		A	Yes, it is.
	3	Q	Go to the next page. Here you summarize the
	4		findings with respect to Mr. Caldwell; is that
10:59	5		correct?
	6	A	Yes.
	7	Q	And here, the issue of disclosure, you say:
	8		"The issue was dealt with by the
	9		Supreme Court Notwithstanding, we
10:59	10		questioned witnesses and examined the
	11		relevant files to determine whether or
	12		not there were undisclosed facts
	13		indicating wrongdoing by the Crown"
	14		And then go on to conclude, I think, that:
10:59	15		"The police supplied Caldwell with
	16		considerable material and based on our
	17		own examination of the files, we find
	18		his explanation reasonable."
	19		And that would be his explanation about not
10:59	20		connecting the rapes and the murder; is that
	21		correct?
	22	А	That's correct.
	23	Q	And then, just scroll down, about his involvement
	24		in the Larry Fisher apprehension in 1970. You
11:00	25		say:
	-		9
	L		Meyer CompuCourt Reporting

"If Caldwell acquired information
indicating the wrong person was
convicted it would have been during his
prosecution of the case in 1969/70 and
not nine months later when the only new
information surfaced was the <i>identity</i> of
the culprit.
Although there are some
references to the unsolved rapes in the
reports given to Caldwell by the police,
based on our interviews of witnesses and
examination of files there is no
evidence Caldwell ever considered he had
convicted the wrong person. Similarly,
there is nothing to suggest he was aware
of information (e.g., that some other
offender might be responsible) which
might assist the courts in the
determination of Milgaard's guilt or
innocence either during his prosecution

And, the next page, you conclude about the: "... we found nothing to suggest the contention material had been intentionally removed."

of the case or later."

			Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
			Page 36654
	1		I think you concluded there was no evidence that
	2		he had deliberately removed any materials from
	3		his file; is that correct?
	4	А	That's correct.
11:01	5	Q	And so those would have been your conclusions with
	6		respect to your investigation of Mr. Caldwell?
	7	А	Yes.
	8	Q	Then, scroll down, with respect to the allegations
	9		against the Saskatchewan Department of the
11:01	10		Attorney General and Mr. Kujawa, you say:
	11		"Based on the statement of a
	12		former employee, others in the
	13		Department such as the present Premier,
	14		Mr. R. Romanow, were implicated in the
11:01	15		accusations of a cover up. The former
	16		employee provided details which we've
	17		determined were totally baseless, e.g.
	18		about another clerk exposing connections
	19		between the Milgaard/Fisher files,
11:01	20		closed door meetings amongst department
	21		officials, and threats of job loss."
	22		And the next page you talk about actually
	23		just, sorry, there's go back to the previous
	24		page. You say here:
11:01	25		"Files show that in 1969 the

É

Murray Sawatsky

1			department was sent copies of RCMP
2			reports detailing the circumstances of
3	8		the Miller murder. Included in these
4	-		early reports were comments that the
11:02 5			Saskatoon Police were examining the
6)		possibility the same person was
7	,		responsible for rapes committed in the
8	8		months preceding the murder. There is
9)		no indication Mr. Kujawa read these
11:02 10)		early reports. If he did, he states
11			that later in 1970 and 1971 when he
12			handled the Milgaard appeal and dealt
13			with issues concerning the direct
14	-		indictment of Fisher, he made no
<i>11:0</i> 2 15	j		connection between the cases."
16)		And would that have been an accurate summary of
17	,		what your investigators concluded?
18	3	A	Yes.
19)	Q	And those early reports, you say:
11:02 20)		"There is no indication Mr. Kujawa read
21			these early reports.",
22			those would be the 1969 RCMP reports that I think
23			we've heard evidence were sent routinely to the
24			Attorney General's office?
11:02 25		A	That's right.
			Meyer CompuCourt Reporting

= Page 36656 =

	1	Q	And:
	2		"As far as we can determine,
	3		Kujawa's responsibilities did not
	4		require detailed knowledge of the
11:02	5		circumstances of the cases. When
	6		handling the appeal Mr. Kujawa would not
	7		have used police reports, but rather, he
	8		would have used court transcripts and
	9		prosecution reports. Similarly, his
11:03	10		responsibilities in seeking Fisher's
	11		direct indictment involved matters of
	12		process as opposed to concern about the
	13		details of the crimes themselves."
	14		And would that be an accurate conclusion your
11:03	15		investigators reached?
	16	А	Yes it is.
	17	Q	And:
	18		"There is no indication from
	19		our interviews of employees or in the
11:03	20		prosecution files which would suggest
	21		Mr. Kujawa or anyone else in the
	22		Department made a connection between the
	23		Milgaard and Fisher cases. Further,
	24		there is no indication anyone in the
11:03	25		department was cognizant of facts
			Meyer CompuCourt Reporting

Page 36657 : 1 suggesting Milgaard had been wrongfully 2 convicted. 3 To be implicated in the 4 wrongdoing alleged, the police, Mr. 5 Caldwell, and Mr. Kujawa would all have 11:03 had to have been involved in a masterful 6 7 scheme commencing near the outset of the 8 Miller murder investigation. The facts 9 do not support such a conspiracy; 11:03 10 neither do they support the idea that 11 one or the other acting separately 12 carried out acts of wrongdoing in the 13 investigation and prosecution of David 14 Milgaard." 11:04 15 And that would be an accurate statement of your 16 investigators' conclusions? 17 Α Yes, it is. 18 And the next page: Q 19 "The available evidence does not support 11:04 20 allegations of criminal wrongdoing by 21", 22 the people named. And then, as far as the 23 Milgaard/Fisher Evidence, your conclusion is: 24 "There is no new evidence 11:04 25 which would exonerate David Milgaard, or = Meyer CompuCourt Reporting =

	Г		
			1 ugo 00000
	1		that would inculpate any other person,
	2		including Larry Fisher."
	3		When you indicate 'new evidence', new compared to
	4		what?
11:04	5	А	Compared to what existed prior to our commencing
	6		our investigation.
	7	Q	And so would that include the information that had
	8		been gathered in the Section 690 process and
	9		presented to the Supreme Court in 1992?
11:04	10	А	Yes, it would have.
	11	Q	And so when you say:
	12		"There is no new evidence
	13		which would exonerate David Milgaard,
	14		· · · " ,
11:04	15		what was your starting point as far as the guilt
	16		or innocence of David Milgaard?
	17	А	Well certainly we approached this investigation
	18		objectively, with an open mind, and looked at all
	19		the possibilities throughout the investigation.
11:05	20	Q	And was it a case of looking, looking to see
	21		whether there would be new information that would
	22		change the status quo?
	23	А	Yes.
	24	Q	And what would the status quo be?
11:05	25	А	Well the status quo at the time was that I believe
			Meyer CompuCourt Reporting

- Page 36659

	1		Mr. Milgaard at this I think the Supreme Court
	2		had said that Mr. Milgaard was properly
	3		convicted
	4	Q	Yes?
11:05	5	А	but that there was perhaps new information
	6		that, put to a jury, could result in a finding of
	7		innocence. So, certainly, we looked at all the
	8		information that was available to us to see if
	9		there was anything that, in our view, would shed a
11:05	10		different light on that material.
	11	Q	Okay. I just want to go through and have you
	12		comment and confirm, and what I want to do is set
	13		out what information you had in 19 let's say
	14		1993 at this time, and we've gone through this,
11:05	15		but just to kind of quickly summarize what you had
	16		by way of information against David Milgaard and
	17		what you had by way of information against Mr.
	18		Fisher. And would you agree with me, Mr. Sawatsky
	19		that as a police officer in 1992 or 1993, that in
11:06	20		looking at the question of David Milgaard's guilt
	21		or innocence or Larry Fisher's guilt or innocence,
	22		you make those assessments based on information
	23		and evidence; is that fair?
	24	А	That's fair.
11:06	25	Q	In other words, there is no crystal ball that
			Mayor CommuCourt Departing

A S

Page 36660 =

	ſ		
	1		allows you to say "this is what happened and this
	2		isn't what happened", you base it on information
	3		you gathered and the credibility of that
	4		information; is that fair?
11:06	5	А	That's fair.
	6	Q	And at the time you are looking at this, and
	7		you've touched on this, that there was
	8		uncertainty, is that fair, about whether or not
	9		David Milgaard or Larry Fisher had committed the
11:06	10		crime?
	11	А	Yes.
	12	Q	And strong advocates on both sides of the issue, I
	13		guess, or on all sides, strong advocates saying
	14		David Milgaard was innocent, strong advocates
11:06	15		saying he was guilty; and similarly with Larry
	16		Fisher, some saying he was guilty and strong
	17		advocates saying he was innocent; or strong
	18		advocates on all sides; correct?
	19	А	Yes, that's fair.
11:07	20	Q	And is it correct to say your job, then, would be
	21		to sift through and look at all the information
	22		that was being put forward by people to say
	23		"here's why we say David Milgaard is innocent,
	24		look at all the facts and the conclusion that he
11:07	25		is innocent and Larry Fisher is guilty"; correct?
			Meyer CompuCourt Reporting
		C	ertified Professional Court Reporters serving P.A. Regina & Saskatoon since 1980

A Correct.

1

2 Q And, in fairness, as police officers you are not 3 the people who determine guilt or innocence, but 4 rather "here's information that would provide the basis for you to conclude that he is guilty, 6 likely guilty, or that charges should be laid"; is 7 that correct?

8 Α That's correct. And I think, in this particular 9 case, that we talked about in June the extra step we had here in that our report would then be 11:07 10 11 examined in detail by Mr. Fraser and Mr. McCrank. 12 Q So let's just walk through, I'm going to walk 13 through what you had in 1993 by way of 14 corroborated evidence. And just so we're on the 11:07 15 same page here corroborated evidence, I think 16 you've said, is evidence of a witness that is 17 corroborated by some other known fact, is that 18 right, reliable fact?

19 A Correct.

11:0820QAnd I think you told us that one of the yardsticks21or benchmarks you used here in this case, as to22determine what facts or what happened, was what23Mr. Tallis said David Milgaard had told him, in24other words David Milgaard's version of events as11:0825

Page 36662

		——————————————————————————————————————
1	A	Yes, that was very helpful to us in this
2		investigation.
3	Q	And so that would be one set of known facts, in
4		other words "we'll accept as being accurate what
11:08 5		Mr. Milgaard said happened at that time because he
6		is the one that is asserting that he's innocent"?
7	А	That's correct.
8	Q	And, as well, I think we have seen in other cases
9		there's other ways to corroborate evidence from
<i>11:0</i> 8 10		other witnesses who you determined to be reliable;
11		correct?
12	А	Correct.
13	Q	So I want to go through that and see where you
14		were in 1993 by way of corroborated evidence for
<i>11:0</i> 8 15		both Mr. Milgaard and Mr. Fisher, and those areas
16		that were not corroborated, in other words where
17		there was still some uncertainty. And since you
18		didn't know whether he was guilty or innocent at
19		the time, either Mr. Milgaard or Mr. Fisher, I
11:09 20		think there's some areas, would you agree, that
21		you couldn't corroborate?
22	А	Yes.
23	Q	So the first one, and let's deal with Mr. Milgaard
24		and we'll go through this quickly because we've
11:09 25		covered it all with you, but I think your
		Certified Professional Court Reporters serving P.A. Regina & Saskatoon since 1980

- Page 36663 -

1		investigators found that obviously, on their trip
2		from Regina to Saskatoon preceding the morning of
3		Gail Miller's murder, there was a break-in at an
4		elevator, there was an item taken, there was a
11:09 5		discussion about amongst the group of Mr.
6		Milgaard, Mr. Wilson, and Ms. John, about breaking
7		and entering and rolling someone for money, and
8		there was a need for money. And that was all
9		information I think your investigators
11:09 10		corroborated; correct?
11	А	Correct.
12	Q	Secondly, that on the trip from Regina to
13		Saskatoon, based on what Mr. Tallis said, that
14		David Milgaard acknowledged he had a knife with
11:10 15		him, it was a flexible blade, not a bone-handled
16		hunting knife and not a paring knife, but
17		nonetheless a knife; correct?
18	А	That's pardon me that's correct.
19	Q	And you had Nichol John saying at trial, and I
11:10 20		believe later and I stand to be corrected on
21		that, whether she said it in '93 but certainly
22		evidence about witnessing a maroon-handled knife,
23		and I think she even said a bone-handled hunting
24		knife, and Ron Wilson saying the same at trial
11:10 25		but, later on, recanting that. So as far as the
		Meyer CompuCourt Reporting

= Page 36664 =

I

		1 dg0 00001
1		knife is concerned, is it fair to say that you had
2		corroborated evidence that Mr. Milgaard had a
3		knife, not the paring knife or a bone-handled
4		hunting knife, and that some other evidence from
11:10 5		other witnesses that was not corroborated, in
6		other words you couldn't confirm through other
7		sources that either Ms Mr. Wilson or Ms. John
8		were correct about David Milgaard having a
9		maroon-handled paring knife; is that true?
11:11 10	А	Correct.
11	Q	Okay.
12	А	Correct.
13	Q	Next, you had evidence that David Milgaard was in
14		the vicinity of where the murder occurred at
<i>11:11</i> 15		roughly the time the murder occurred, and I think
16		that came from Mr. Tallis; is that correct?
17	А	That's correct.
18	Q	And that would have been Ms. John also, I think in
19		1993, said "yes, we were in the vicinity", and I
11:11 20		guess "vicinity" can mean anywhere from in the
21		alley to within a block or two, but in the area.
22		Was it fair to say that you had corroborated
23		evidence that David Milgaard and his companions
24		were in and around Avenue N, Avenue O, around the
11:11 25		time that Gail Miller would have been murdered; is
		Meyer CompuCourt Reporting

	[Page 36665
	1		that fair?
	2	А	That's fair.
	3	Q	You also had evidence that the group stopped a
	4		woman for directions while they were in the
11:11	5		vicinity around the time and, again, I'm not
	6		talking exactly but in the vicinity around the
	7		time that Gail Miller would have been murdered; is
	8		that correct?
	9	А	That's correct.
11:12	10	Q	And, again, that's something, I think, that Mr.
	11		Tallis would have corroborated for you, that David
	12		Milgaard acknowledged that they were, at least
	13		according to Mr. Tallis, in the vicinity, and they
	14		did stop a woman for directions; correct?
11:12	15	А	That's correct.
	16	Q	Yes?
	17	A	Yes.
	18	Q	And I guess one of the new pieces of information
	19		that had been learned, that was not known at least
11:12	20		by the jury in 1970, was David Milgaard, when they
	21		stopped the woman for directions, had told Mr.
	22		Tallis that he had thought about and I can't
	23		recall the exact words but either rolling her
	24		purse or stealing her purse, that that was a
11:12	25		thought he had. Now he did tell Mr. Tallis that
			Mever CompuCourt Reporting

Ir

		Page 36666
1		he didn't do that, but that was his thinking at
2		the time, and that would be information that you
3		had; correct?
4	А	Correct.
11:12 5	Q	As well, that shortly after they stopped the woman
6		for directions their car became stuck, and that
7		David Milgaard and Ron Wilson left the car. And
8		so that would have been information that Mr.
9		Tallis had corroborated, that while in the
11:13 10		vicinity or and, again, I'm not saying
11		"vicinity", I use the term loosely, but in that
12		area after they stopped the woman Mr. Milgaard
13		would have been separated from his companions for
14		a time period?
15	А	Yeah.
16	Q	So that would have been corroborated?
17	А	Yes, that's correct.
18	Q	And that would have been the opportunity you
19		talked about before?
11:13 20	А	That's correct.
21	Q	Now you had different versions about how long he
22		was away and I think, through Mr. Tallis, Mr.
23		Milgaard "it was a short time", and Mr. Wilson in
24		1993 said, when he said, 15 minutes well, let
11:13 25		me back up. At trial, Mr. Wilson said around 15
		Meyer CompuCourt Reporting

= Page 36667 =

I

1		minutes, he then recanted and I believe at the
2		Supreme Court initially said they were stuck and
3		David left the car for a couple minutes, and later
4		when examined by Mr. Wolch said they weren't
11:13 5		stuck, and then later, after cited for contempt,
6		said they were stuck and David left the car, and
7		then I think what he told you was sort of
8		somewhere in the middle; is that fair?
9	А	I think that's fair.
11:14 10	Q	So that, although you had corroboration that they
11		got stuck and that Mr. Milgaard left the vehicle
12		it wasn't clear, according to Mr. Milgaard's
13		version it was for a short time and Mr. Wilson's,
14		it was unclear what was what you could rely on;
<i>11:14</i> 15		is that fair?
16	А	That's fair.
17	Q	And would it be correct to say, then, that, and
18		this is referred to in the report where you talk
19		about being in the vicinity, opportunity, and
11:14 20		motive; would that have been what your
21		investigators tell me how that would have been
22		influencing your thinking, those areas that we've
23		just touched on?
24	А	I think these areas all present those options.
11:14 25	Q	Next we have, at the Cadrain house, David Milgaard
		Meyer CompuCourt Reporting

1		driving around the block, which I think was
2		determined by the investigators to be suspicious
3		about why he would be doing that, and as well some
4		suspicion that that may have been related to the
11:15 5		wallet being thrown out when it was found; is that
6		fair?
7	А	That's fair.
8	Q	And so I guess you didn't have corroboration I
9		guess you had corroboration that he drove the car
11:15 10		around the block, you had evidence that the wallet
11		was found three or four doors down, Gail Miller's
12		wallet, but you didn't have any corroboration that
13		he threw the wallet out; is that fair?
14	А	That's fair.
11:15 15	Q	And then as well you had corroborated evidence
16		that on the trip out of the city a compact or
17		cosmetic bag was found in the glove box of the Ron
18		Wilson car, that it had not been there earlier in
19		the day, that it had been thrown out by David
11:15 20		Milgaard and that he didn't have an explanation as
21		to why he threw it out, that would have been the
22		information you had that was corroborated; is that
23		fair?
24	А	That's fair.
11:16 25	Q	And then lastly, the motel room incident, I think
		Meyer CompuCourt Reporting

ſ

	Fage Sooos	
1		you said you would have confirmed that the
2		incident happened; in other words, that the
3		re-enactment in other words, there was a
4		stabbing motion, there was an admission I
11:16 5		shouldn't say admission, there were statements
6		made by Mr. Milgaard that yes, I killed her,
7		etcetera, and that you had different people with
8		different perceptions of that; is that correct?
9	А	That's correct.
11:16 10	Q	And I guess what you would not let me just go
11		through what was, if I can put it this way, still
12		up in the air or not corroborated; number one, the
13		issue of whether or not David Milgaard had blood
14		on his clothes, you would have had Albert
11:16 15		Cadrain's evidence that he saw it, you have Ron
16		Wilson's trial evidence saying that he saw it but
17		later then recanting it, and you would have Ken
18		Cadrain's later statement that was there as well.
19		Now, did you feel you had corroborated evidence
11:17 20		that there was blood on David Milgaard's pants or
21		was that something that was still not clear?
22	А	No, that's still not clear.
23	Q	And as well with that I guess you would have the
24		Danchuk information that said they did not observe
11:17 25		blood on David Milgaard, so that would be the
		Meyer CompuCourt Reporting

			Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
			——————————————————————————————————————
	1		blood information was still a bit up in the air;
	2		is that fair?
	3	А	Yes.
	4	Q	Secondly, you would have, let's look at Nichol
11:17	5		John and what was still I guess uncorroborated,
	6		you would have had her original May 24th, '69
	7		statement which I think you said you did not put
	8		much stock in, at least the eye witness part of
	9		that statement, because she later could not repeat
11:17	10		it; is that correct?
	11	А	That's correct.
	12	Q	And so she had a vague recollection of some
	13		flashbacks and let me back up. I think in the
	14		corroborated part of Nichol John's evidence it
11:18	15		was, the value was that she put them in the
	16		vicinity that morning; is that correct?
	17	А	That's correct.
	18	Q	And the rest of her evidence pardon me, and the
	19		compact as well?
11:18	20	А	Yes.
	21	Q	But the, I guess the information or the
	22		incriminating information in her May, '69
	23		statement that was not adopted at trial, that part
	24		of the information, in other words, the
11:18	25		information that was not before the jury for proof

R

= Page 36671 =

I

			1 age 3007 1
	1		of its contents, is it fair to say that that part
	2		was not corroborated in 1993 either; in other
	3		words, you weren't able to confirm that she did
	4		witness the murder or didn't witness the murder,
11:18	5		it was still up in the air?
	6	А	Correct.
	7	Q	And then with Ron Wilson, you had his
	8		incriminating evidence, if I can put it this way,
	9		you had his comments that when David got back in
11:19	10		the car he said "I fixed her" and the next day in
	11		Calgary saying that he had grabbed a girl and
	12		jabbed her with a knife and put her purse in a
	13		garbage can, the two admissions, you had that
	14		which he had recanted and I think you told us
11:19	15		yesterday that because of the manner in which Ron
	16		Wilson recanted and some other reasons, you
	17		weren't able to determine whether or not the
	18		recantation was credible; is that fair?
	19	А	That's fair.
11:19	20	Q	And so you I think you told us you were not
	21		able to corroborate whether or not David Milgaard
	22		did utter the words "I fixed her" when he got back
	23		in the car or whether he did in fact make an
	24		addition to Ron Wilson in Calgary the next day; is
11:19	25		that correct?
			Meyer CompuCourt Reporting

Page 36672 -

1	А	That's	correct
---	---	--------	---------

2QSo when you investigated, although Ron Wilson said3I lied about that, you weren't able to verify the4truth of that; is that fair?

11:19 5 A That's fair.

6 Q He also recanted the cosmetic and compact incident 7 which I think you told us had been verified by 8 others which caused you to I guess have concerns 9 about the credibility of his recantation; is that 11:20 10 correct?

11 A Yes.

12 Q And then you had, I think, conflicting evidence on 13 the issue of getting stuck and David Milgaard 14 having a knife, I think that was recanted and 11:20 15 unrecanted a few times, and so that was, to the 16 extent that you had corroborated they got stuck, 17 to the extent that Ron Wilson said they didn't get 18 stuck -- let me back -- I guess he said both 19 things, didn't he, he later said they did and they 11:20 20 didn't?

21 A Yes, he did.

22 **Q** So then as far as -- let's compare in 1993, what 23 you investigated and learned, and compare that to 24 what the jury had before it, and let me just put 11:20 25 forward what I think you've told us are the

_____ Meyer CompuCourt Reporting =

Page 36673 1 I guess, number one, the jury didn't changes. 2 hear David Milgaard; correct? 3 Α Correct. 4 And what you learned in your investigation through 0 5 what Mr. Tallis said is that David Milgaard 11:21 corroborated some of the evidence, in fact, some 6 7 of the incriminating evidence; is that fair? 8 Α That's fair. 9 In the sense that if what Mr. Tallis says David 0 11:21 10 Milgaard told him is true, he would have 11 corroborated that he was in the vicinity around 12 the time of the murder; correct? 13 Α Yes. 14 He would have corroborated the intention that they 0 11:21 15 were looking at rolling someone, he would have 16 added the additional information that when they 17 stopped a woman for directions he thought about 18 taking her purse; correct? 19 Α Correct. 11:21 20 According to Mr. Tallis, he would have also 0 21 corroborated the compact or cosmetic bag being 22 thrown out without reason; correct? 23 Α Correct. And as well he would have corroborated the motel 24 0 11:21 25 incident, but would have said it was --

= Page 36674 =

ſ

		- Fage 30074
1		corroborated that maybe that's too strong a
2		word. I think Mr. Tallis said that he didn't deny
3		it, but that if it did happen, it would have been
4		a joke; correct?
11:22 5	А	I believe that's correct, yes.
6	Q	And then as far as what I guess again as far as
7		the difference that you now had with I think
8		with Nichol John, is it fair to say that nothing
9		really changed as far as credible evidence that
11:22 10		you obtained from her compared to what the jury
11		heard?
12	А	Yes, that's fair to say.
13	Q	And similarly with Albert Cadrain, the same thing;
14		in other words, the jury heard about Albert saw
<i>11:</i> 22 15		blood and he told you he saw blood?
16	А	That's correct.
17	Q	And the compact. And I guess the one change would
18		be Ron Wilson in that he was now saying on certain
19		of the incriminating things that didn't happen,
11:22 20		that David didn't have a knife, he didn't see
21		blood, he didn't make the two admissions, so that
22		would have been the difference I guess in your
23		investigation, the one significant change would be
24		Ron Wilson's recantation, that if credible, you
11:23 25		had information that the jury didn't have?
		Meyer CompuCourt Reporting

- Page 36675 =

ĪĒ

	Page 36675	
1	А	That's correct, yes.
2	Q	And if his recantation is not credible or is such
3		that you think it confirms his original evidence,
4		then you are really in no different position than
11:23 5		the jury was in as far as Ron Wilson is concerned?
6	A	Yes.
7	Q	Is that a fair overview or summary of what you had
8		by way of information about David Milgaard and his
9		involvement?
<i>11:</i> 23 10	А	Yes. Actually, I made a list here and I don't
11		recall anything else that I can offer.
12	Q	And did your investigators, based upon the
13		information in your report, and certainly some of
14		which I've tried to summarize, did you reach any
<i>11:</i> 24 15		conclusions about whether you felt there was
16		evidence to support that David Milgaard had
17		committed the crime, that he had murdered Gail
18		Miller?
19	А	I believe at the end of the investigation when I
11:24 20		looked at all the evidence, it was my view that he
21		was responsible for the crime.
22	Q	That would be in 1993 then?
23	А	That would be in 1993, yes.
24	Q	Now, let's take, if I can just take you forward to
11:24 25		where we are today, we now know the DNA results,
		Meyer CompuCourt Reporting

= Page 36676 =

	1		Larry Fisher has been convicted of the rape and
	2		murder of Gail Miller and the Government of
	3		Saskatchewan has acknowledged that David Milgaard
	4		is factually innocent for the rape and murder of
11:24	5		Gail Miller. Now, with that knowledge, I want to
	6		go back and take a look at the unanswered
	7		questions I guess from 1993 and just take a look
	8		at that. Back in 1993 would you agree that
	9		everything that you corroborated as being true,
11:25	10		that our knowledge today that David Milgaard
	11		didn't kill Gail Miller doesn't mean all of those
	12		things still didn't happen; in other words
	13	А	Yes, I believe that's a fair statement.
	14	Q	In other words, that they did in fact break into
11:25	15		an elevator, they did stop a woman for directions,
	16		they were in the vicinity, David Milgaard did
	17		leave the car, he did throw out a compact, there
	18		was an incident in the motel room, and I'll come
	19		back to these in light of the knowledge we now
11:25	20		have, but as far as the corroborated facts, it
	21		would appear that the knowledge we have now that
	22		David Milgaard did not commit the crime doesn't
	23		change the fact that certain things happened that
	24		were incriminating; is that fair?
11:25	25	A	That's fair.

= Page 36677 =

1	Q	Now, if we go back and look at Ron Wilson's 1969
2		evidence and his later recantation, and I'm going
3		to suggest if in 1993 you would have known about
4		the DNA, Mr. Fisher's conviction and Mr.
11:26 5		Milgaard's innocence, which I think in '93 you
6		said you didn't know, you were uncertain, but with
7		the certainty that we now have, take a look at Ron
8		Wilson's recantation, is it fair to say that his
9		recantation or his evidence that he now says
11:26 10		no, David Milgaard did not admit saying "I fixed
11		her" and that "I stabbed her", that you can now go
12		back and say okay, I can now corroborate that part
13		of Ron Wilson's recantation and say that didn't
14		happen?
11:26 15	А	Yes, that's a fair statement.
16	Q	Now, we get a bit complicated because he also
17		recanted the compact and so again putting that
18		aside, but then if you go back and now with the
19		certainty that you now have about David Milgaard's
11:27 20		innocence in looking at Ron Wilson's recantation,
21		is it fair to say that you would then that
22		would allow you to look at other reasons as to how
23		it may have been that Ron Wilson made those false
24		statements at trial?
11:27 25	А	Yes, I think that's safe to say.
		Meyer CompuCourt Reporting

		Page 36678
1	Q	We talked yesterday, let me just we talked
2		yesterday about your efforts in trying to figure
3		out Ron Wilson's recantation.
4	А	Yeah, and that's where I was sort of going to go
11:27 5		with me answer.
6	Q	Yeah, and the question here was trying to figure
7		out what happened in that room with Inspector
8		Roberts and Ron Wilson and how it came to be that
9		Ron Wilson ended up making statements which we now
<i>11:</i> 27 10		know to be false. 1993 when you looked at them, I
11		think you told us you weren't sure they were
12		false, you couldn't corroborate that they were
13		false, and my question here is with the knowledge,
14		or with the corroboration you now have, I take it
<i>11:</i> 28 15		you would take a different look at what happened
16		between Inspector Roberts and Ron Wilson; is that
17		fair?
18	А	Yeah, that's fair, although I think we explored
19		that as far as we could and we weren't able to
11:28 20		sort of uncover anything that would suggest that
21		anything inappropriate occurred during the
22		polygraph examination, but that we were able to
23		determine. I'm not suggesting that that's not the
24		case, but we weren't able to determine that.
11:28 25	Q	Right. But I suppose if in 1993 you knew for
		Meyer CompuCourt Reporting

Page 36679

F

			1 age 50079
	1		certainty that Ron Wilson's that what Ron
	2		Wilson said to Inspector Roberts with respect to
	3		David Milgaard's admissions weren't true, as an
	4		investigator would you say, well, okay, how could
11:28	5		it be that after meeting with Inspector Roberts
	6		Ron Wilson ended up giving false statements?
	7	А	Yes, I think that certainly is a legitimate
	8		question that one would have.
	9	Q	And I think you told us yesterday that due to Ron
11:29	10		Wilson's condition in 1993 and the fact that
	11		Inspector Roberts didn't have his file notes, you
	12		weren't able to go any further on that?
	13	А	Yes, that's fair to say.
	14	Q	And would that be the same today?
11:29	15	А	Yes.
	16	Q	And similarly with Nichol John with the certainty
	17		that you didn't have then that we have now, the
	18		eye witness account of May 24th I think you told
	19		us really didn't factor into your conclusions in
11:29	20		'93; is that right?
	21	А	Yeah. I believe I said it wasn't, in my view,
	22		very strong evidence.
:	23	Q	And similarly with the flashbacks, that wasn't
:	24		something that informed your views; is that
11:29	25		correct?
			Meyer CompuCourt Reporting

		by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
		Page 36680
1	А	No. Certainly those were less than credible I
2		would suggest.
3	Q	And so certainly the balance of Nichol John's
4		evidence of being in the vicinity and the compact,
11:30 5		I think you've told us that that could still be,
6		or still is corroborated facts and that's still
7		the case?
8	А	Yes.
9	Q	Then Albert Cadrain and the blood, would you
11:30 10		agree, and I think we touched on this yesterday,
11		that Albert Cadrain may well have seen blood on
12		David Milgaard on the morning of January 31, '69,
13		but with the certainty we talked about, it wasn't
14		Gail Miller's, it could have been someone else's?
11:30 15	А	Yes, it could have been someone else's. It could
16		have even been David's own blood.
17	Q	Or it could have been something that looked like
18		blood?
19	А	Correct.
11:30 20	Q	Or it could be that Albert Cadrain was wrong?
21	А	Yes, any of those.
22	Q	So the fact that David Milgaard is innocent
23		doesn't necessarily mean that Albert Cadrain's
24		evidence of seeing blood was wrong?
11:30 25	А	Correct.
		Meyer CompuCourt Reporting

Murray Sawatsky

		Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
		Page 36681
1	Q	And with the motel room incident, is it fair to
2		say that with the knowledge now, you can say that
3		the incident was a joke?
4	А	Yes.
11:31 5	Q	And that even though people perceived it let me
6		back up. I suppose it's quite possible that
7		people still perceived it as being serious even
8		though it was a joke; in other words, that David
9		Milgaard's innocence may not change at all the
11:31 10		fact that Craig Melnyk and George Lapchuk
11		witnessed what they saw and, rightly or wrongly,
12		believed it was serious?
13	А	Well, I think it's safe to say that other people's
14		interpretations of it may not have changed, but I
11:31 15		think ours did, or could.
16	Q	And so as investigators, you now say okay, well,
17		it must have been a joke because he didn't commit
18		the crime?
19	А	Yes, that's a fair statement.
11:31 20	Q	And on the compact or cosmetic bag, I suppose the,
21		with the information we now have, you can say that
22		it was not Gail Miller's cosmetic bag or compact
23		that was thrown out the window?
24	А	Yes.
11:32 25	Q	And again at the end I'm just trying to get
		Meyer CompuCourt Reporting

R

Murray Sawatsky

- Page 36682

F

1		your sense, Mr. Sawatsky, about would it be
2		fair to say that notwithstanding the let me
3		rephrase that. That there was a significant
4		amount of suspicious or incriminating facts that
11:32 5		were corroborated that didn't necessarily prove
6		David Milgaard, back at the time did not prove
7		that he was involved, but were suspicious of his
8		involvement; is that fair?
9	A	Yes, that's fair.
<i>11:3</i> 2 10	Q	And that in 1993 you maybe didn't have I mean,
11		you had Wilson and John's original statements back
12		in '69 and some uncertainty later, but apart from
13		that, that there remained incriminating
14		information; in other words, it appeared
<i>11:3</i> 2 15	А	Yes, that's true, and I think in 1993 we still had
16		the benefit of knowing what happened through the
17		various court processes as well, including the
18		Supreme Court.
19	Q	And would it be correct to say that with the
11:33 20		certainty that resulted with the DNA, the
21		conviction of Mr. Fisher and the acknowledgement
22		of Mr. Milgaard's innocence, that when you now go
23		back and look at everything you looked at in 1993,
24		the certainty you have now that you didn't have
11:33 25		then allows you to explain, to provide innocent
		Meyer CompuCourt Reporting

explanations for what was believed to be suspicious activity?

3 A Yes.

1

2

23

24

11:34 25

4 Let's look at Larry Fisher now. Back in 1993 what 0 5 you had I think were basically three grounds; 11:33 number one, you had his other assaults, the 6 7 related assaults, two, you had Linda Fisher's 8 information about his whereabouts and behaviour on 9 the morning of the murder and a missing knife, and 11:34 10 three, you had jailhouse informants, and I think 11 you commented on that, and I think back in 1993 12 then, as far as -- let me ask you that. In 1993 13 what were your investigators' thoughts about Larry 14 Fisher's responsibility for the murder of Gail 11:34 15 Miller? 16 Well, during our investigation we had certainly А 17 not been able to uncover any solid evidence that 18 would lead us to believe he was responsible. 19 0 And would you have -- was he a suspect, was there 11:34 20 suspicions or --21 I think there were suspicions during the Α 22 investigation, certainly I recall writing Mr.

> Beresh a letter and telling him that Mr. Fisher was a suspect and him reacting quite surprised that we would consider him a suspect, so I think

> > — Meyer CompuCourt Reporting =

F

1		throughout our investigation he was certainly
2		somebody that we wanted to look at to try and get
3		some findings, evidence one way or the other.
4	Q	And we heard this from Sergeant Pearson, that
11:35 5		what and your comment on this as investigators,
6		in order to be able to say that Mr. Fisher should
7		be charged for the murder of Gail Miller back in
8		1993, what as an investigator did you need and did
9		you have it?
11:35 10	А	Well, we needed some evidence that would lead us
11		to believe that he was responsible and we didn't
12		have any we would have needed reasonable and
13		probable grounds to believe he was responsible.
14		We didn't have those.
<i>11:3</i> 5 15	Q	And so what came in 1997, the DNA results, and I
16		think I'm stating the obvious, would connect him
17		to Gail Miller in the sense that his semen was on
18		her clothing; correct?
19	А	Yes, and that certainly did change things.
11:35 20	Q	And so with that certainty now to go back, is it
21		easier to say now that or let me ask your
22		comment on this. And now looking at the
23		comparison of the other assaults that he committed
24		in the Gail Miller murder, does that change your
11:36 25		view in any way of those with the benefit of
		Mever CompuCourt Reporting

— Meyer CompuCourt Reporting =

hindsight?

1

2	А	Yeah, I guess it surprises me somewhat, but, I
3		mean, we know he committed those, we know he
4		committed the murder; therefore, one would have to
11:36 5		try and draw a link.
6	Q	And is it a case of saying that I suppose some
7		we talked about this earlier, that comparing the
8		similarities and differences between the Fisher
9		rapes and the Gail Miller murder, and we've seen
<i>11:3</i> 6 10		all kinds of comments and reports, some say very
11		similar, others say not, I think at Larry Fisher's
12		trial three of the seven were admitted as similar
13		fact evidence?
14	А	Yes, I'm aware of that.
<i>11:3</i> 6 15	Q	I suppose in hindsight one could say, well, I
16		still think there's as many differences as
17		similarities, we now know Larry Fisher killed Gail
18		Miller, but there are still a lot of differences
19		in the rapes; right, that's one view?
11:36 20	А	Yes.
21	Q	Or another view could be that it would confirm the
22		view of those that said there are many
23		similarities?
24	А	Yes.
11:37 25	Q	And so did it change your view I think you said
		Meyer CompuCourt Reporting

= Page 36686 =

1

you were surprised. Was it your view that there

	2		were not very many similarities between the Fisher
	3		rapes and the Gail Miller murder?
	4	А	Yes, it was.
11:37	5	Q	And is your view the same, has your view changed
	6		in light of what you now know of the similarities?
	7	А	I don't believe it has.
	8	Q	I've completed my review then of the report, Mr.
	9		Sawatsky, and now I just want to carry on with
11:37	10		sort of the post report work if I may. If we can
	11		go back to 061442, please, and I think you told us
	12		back in June that, just on the DNA issue, that
	13		originally it was going to be part of your
	14		investigation and that you relied upon the RCMP
11:38	15		lab people and experts in the area to advise you
	16		whether or not DNA testing could be done; is that
	17		correct?
	18	А	Yes, and in fact we had had a number of meetings
	19		by telephone and in person with the folks who ran
11:38	20		the lab.
	21	Q	And I think you indicated that at some point in
	22		the investigation you determined that you or your
	23		investigators would not be doing the DNA work
	24		because it could not be done before your report
11:38	25		was going to be done and you complete the report

		by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
		Page 36687 —
1		and leave the further DNA testing up to others; is
2		that correct?
3	А	That's correct.
4	Q	And I think the record reflects that Gail Miller's
11:39 5		clothing was in fact in the possession of the
6		Federal Department of Justice, Federal Justice
7		lawyers; is that correct?
8	А	Yes, that's correct.
9	Q	And were you familiar or aware as to why they had
<i>11:3</i> 9 10		the clothing?
11	А	It's my understanding that it was put into their
12		custody after the Supreme Court reference by the
13		court.
14	Q	And did you understand that or what did you
<i>11:3</i> 9 15		understand Federal Justice was going to do with
16		these exhibits, and in particular the DNA testing?
17	А	It was my understanding that once the science, the
18		DNA science had developed to the point where tests
19		could be done and that it wouldn't exhaust all the
11:39 20		DNA that was left on the, particularly the panties
21		I believe, that once the science had reached that
22		point where tests could be done, that the tests
23		would then be completed by Federal Justice and the
24		results provided.
11:39 25	Q	And so if you are a police force investigating, or
		Meyer CompuCourt Reporting

Page 36688 ·

Ī

	1	in the investigation of Gail Miller, if you are
	2	re-opening that murder investigation, I take it
	3	that as a police officer looking at the exhibits
	4	and determining whether any forensic work can be
11:40	5	done would have been one of the tasks as an
	6	investigator; is that correct?
	7	A Yes.
	8	COMMISSIONER MacCALLUM: Just a minute.
	9	Can I be sure, sir, that your understanding was
11:40	10	that once science had reached the point where the
	11	remaining semen sample on the panties could be
	12	tested, it would be tested?
	13	A That's correct, My Lord.
	14	COMMISSIONER MacCALLUM: As to what
11:40	15	remained after Ferris was finished with it, is
	16	that what you understood?
	17	A Yes. It was my belief there was something like
	18	five nanograms, which I guess is a very small
	19	amount.
11:40	20	BY MR. HODSON:
	21	Q And I guess if the Gail Miller exhibits had simply
	22	been returned to the Court of Queen's Bench after
	23	the Supreme Court reference, once the Supreme
	24	Court reference was done, is that something that
11:41	25	you as investigators might have pursued then, or
		Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

[Page 36689
1		can you comment on that?
2	А	I'm not sure if I'm understanding you correctly,
3		but I guess if there were, in my view, if there
4		were further investigation to be done with regards
11:41 5		to Mr. Fisher, for example, then the police
6		services jurisdiction to do that would be
7		Saskatoon, so if you are asking me if there's more
8		police work to be done, I don't believe it was our
9		responsibility, it would have been Saskatoon's
11:41 10		because that's where the offence occurred.
11	Q	Right. And it would appear that for reasons
12		you've stated, and we'll certainly hear more
13		evidence on this, but the Federal Department of
14		Justice had the exhibits, and was it your
<i>11:41</i> 15		understanding that they were going to further the
16		investigation into whether these exhibits would
17		give information that might identify the
18		perpetrator of Gail Miller's murder?
19	А	Yes, that's my understanding, is that they were
11:42 20		going to have them examined and then deal with the
21		results.
22	Q	And so and I think we'll see this in some of
23		the documents, but would you agree with this, it
24		appears that when you are doing your
<i>11:4</i> 2 25		investigation, you've identified the DNA, parallel
		Meyer CompuCourt Reporting
		Cartified Professional Court Panartors sonving PA Pagina & Saskatoon since 1080

AS.

Page 36690 -

		Page 36690
1		to that or at the same time Federal Justice
2		lawyers had the exhibits with the purpose of also
3		doing an investigation and dealing with DNA; is
4		that correct?
<i>11:4</i> 2 5	А	Yes.
6	Q	And I think after you people concluded your report
7		or your work, you may have bumped into each other
8		and found that, I think you said lookit, DNA
9		testing should be done and then you people learned
<i>11:4</i> 2 10		that Federal Justice was also going down that
11		path; is that a correct summary?
12	А	I think that's correct because we never ever had
13		the exhibits in our possession, so to speak, for
14		the investigation.
<i>11:4</i> 2 15	Q	Okay. And we'll just go through this is a
16		letter from Neil McCrank to you, March 3, 1994, so
17		this is after your report, about a letter to Ron
18		Fainstein, and did you know who Ron Fainstein was?
19	А	Yes.
11:43 20	Q	Who was that?
21	А	He's, I believe, a lawyer with the Department of
22		Justice.
23	Q	And was he the fellow to your knowledge who was
24		coordinating Federal Justice's investigation
11:43 25		relating to Gail Miller's clothing?
		Meyer CompuCourt Reporting
		Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

= Page 36691 =

А	Yes

•

1

	•		
	2	Q	And if we can go to 061443, and this is the
	3		enclosed letter to Mr. Fainstein, and there's
	4		reference here to arranging a meeting, and again,
11:43	5		just the time frame, this would be after your
	6		initial report has been sent in, I think the draft
	7		report, and this is talking about a meeting with
	8		Mr. Fainstein and in arranging for Eugene Williams
	9		to be present, and the main issues are:
11:44	10		"The possibility of a further DNA test
	11		on the exhibits associated with Gail
	12		Miller."
	13		And:
	14		"A general review of this file given
11:44	15		that the R.C.M.P. investigation and our
	16		review of the allegations of attempting
	17		to obstruct justice are drawing to a
	18		close and it may be worthwhile to
	19		discuss this with you and Eugene
11:44	20		Williams, who were involved in the
	21		Section 690 review."
	22		Can you tell us, what was the purpose of meeting
	23		then with Mr. Williams; do you recall?
	24	А	Yeah, I think at that point we were still hopeful
11:44	25		that we may have the results at some time either
			Meyer CompuCourt Reporting

]		Page 36692
	1		near the conclusion of our report.
	2	Q	Was the purpose of meeting with Eugene Williams
	3		related only to the DNA or did it relate to your
	4		investigation of the allegations of wrongdoing?
11:44	5	А	No, I believe it was only for the 690 purpose, I
	6		don't think it was it wasn't to explain to him
	7		our results or anything like that.
	8	Q	No, no, sorry, let me rephrase that. Was one of
	9		the reasons to meet with Eugene Williams to obtain
11:45	10		information from him that he may have had that he
	11		gained through the Section 690 process that might
	12		assist the RCMP in their investigation?
	13	А	Yes, concerning the exhibits and the DNA, yes.
	14	Q	Okay. So concerning the exhibits and the DNA, but
11:45	15		nothing else?
	16	А	Not that comes to mind, no.
	17	Q	Okay.
	18	A	I believe this was solely focused on the DNA.
	19	Q	If we can then go to 231469. Sorry, it's 231467
11:45	20		is the doc. ID. This is a March 4th, 1994 letter
	21		from Mr. McCrank to Brian Richardson and Barry
	22		Gaudette, and they were the RCMP lab people, is
	23		that right, or some of the lab people you dealt
	24		with?
11:46	25	А	Yes.
			Meyer CompuCourt Reporting
		0	Certified Professional Court Reporters serving P.A. Regina & Saskatoon since 1980

1 Q And here it says: 2 "We are currently looking at who has control of the exhibits and 3 4 whether or not we need further consents 5 in order to proceed with testing for 11:46 this investigation." 6 7 And so it appears, at this point, that your 8 group -- or you were still looking at pursuing 9 DNA at this time? 11:46 10 Α Yes. And one of the issues was, okay, the Federal 11 Q 12 Justice lawyers have the exhibits, in fact I think 13 they had not only the exhibits, they had David 14 Milgaard and Larry Fisher's blood samples; 15 correct? 16 Correct. Α 17 Is that correct? 0 18 Α Correct, yes. 19 0 And so that was one of the issues, is how do you 11:46 20 people go about getting it, and it talks about a 21 meeting of March 22. If we can then go to 061457. 22 And I think this is a March 28th, '94 continuation 23 report of yours; is that right? 24 Α Yes, it appears to be, I don't see --I'm sorry, go ahead? 11:47 25 Q

Page 36693 :

Page 36694

	Page 36694			
1	A	I don't see a signature on it or anything, but		
2	Q	And it says:		
3		"On 94-03-21, Mr. McCrank and		
4		Mr. Fraser were in Ottawa. The purpose		
11:47 5		of their trip to Ottawa was to meet with		
6		federal justice officials in an attempt		
7		to clarify the situation with blood		
8		analysis. They also wish to speak with		
9		Eugene Williams concerning some of the		
11:47 10		issues relevant to the Supreme Court and		
11		its findings."		
12		And so it would appear here that Mr. McCrank and		
13		Mr. Fraser were interested in talking to Mr.		
14		Williams about matters beyond the DNA; is that		
11:47 15		correct?		
16	А	Yes, that's certainly the appearance.		
17	Q	And I don't think you were at this meeting, I		
18		think we'll see a bit later		
19	А	Yeah, I was sitting here doing my best to recall		
11:47 20		this meeting		
21	Q	Yes?		
22	А	and I couldn't recall it, so this is helpful.		
23	Q	Yeah, and I'll go through this with you, but it		
24		appears that you did not go to the meeting but		
11:47 25		ended up getting a report after and were asked to		
		Meyer CompuCourt Reporting		
		Certified Professional Court Reporters serving P.A. Regina & Saskatoon since 1980		

Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006

Page 36695 do some follow-up work? 1 2 Α Yes. 3 And so, here, Mr. McCrank and Mr. Fraser tell you 0 4 that: "In the afternoon ... they went over to 5 11:48 the Crime Lab ... in an attempt to 6 7 determine at what stage the DNA 8 processes were presently at and whether 9 or not they could provide any additional 11:48 10 information ... " And then again: 11 12 "On 94-03-25 I received a 13 call from Mr. Fraser. He stated that 14 during their meeting with Dept. of 11:48 15 Justice and their meeting with the Crime 16 Lab, several issues arose which required 17 clarification. Some of the issues that 18 arose have been addressed in our reports 19 to Fraser and McCrank, however Fraser 11:48 20 was not in a position to recall how they 21 had been dealt with. 22 I advised Fraser I would 23 provide him with answers to the 24 questions he was asking: 11:48 25 1) Eugene Williams stated that when he Meyer CompuCourt Reporting =

= Page	36696
--------	-------

	1		interviewed Sharon Williams and took a
	2		statement from her, she stated that when
	3		she was involved in a relationship with
	4		David Milgaard, that he had raped her.
11:48	5		She also advised of several incidents
	6		where he was jabbing at her with a
	7		knife. Fraser was unable to recall
	8		whether our investigation had produced
	9		similar evidence. I advised Fraser that
11:49	10		we were aware of Sharon Williams having
	11		said this, however she was not as open
	12		with our investigators. However, I
	13		indicated I would again refer him to our
	14		statement and would hilight those areas
11:49	15		for his attention."
	16		If I can pause there, it would appear that
	17		certainly Mr. Fraser and Mr. McCrank were
	18		receiving information from Eugene Williams that
	19		he, Mr. Williams, had gained in the 690 process,
11:49	20		and was providing it to you through Mr. McCrank
	21		and Mr. Fraser relating to your investigation; is
	22		that fair?
	23	А	That's fair.
	24	Q	And so would you agree, Mr. Sawatsky, that it
11:49	25		would appear here, at this point, that your
			Meyer CompuCourt Reporting
		\sim	artified Professional Court Reporters serving P.A. Regina & Saskatoon since 1080

Page 36697 : 1 investigative team was receiving information from 2 Mr. Williams relevant to the work you were doing? 3 Α Yes. And it was information that Mr. Williams had 4 0 5 gained in the course of what he was doing in the 11:49 Section 690 process? 6 7 Correct. Α 8 0 Next paragraph. 9 "Fraser stated that he was 11:50 10 told by Eugene Williams that Sask. Justice had discredited Ronald Wilson 11 12 very badly at the Supreme Court 13 Hearings. Fraser requested we provide 14 him with a copy of that transcript. Ι 11:50 15 advised him we would obtain that and 16 send it to him asap." 17 So, again, would this be another example of 18 information that Eugene Williams provided to your 19 investigative team, being information related to 11:50 20 your investigation? 21 Α Yes. 22 Q It says: 23 "Fraser is uncertain in his mind at what 24 point Wilson changed his story ... ", 11:50 25 and goes on: Meyer CompuCourt Reporting =

K

	1		Vol 176 - Thursday, August 31st, 2006 Page 36698
			r age 50050
	1		" and stated that he had been coerced
	2		by Saskatoon Police during the initial
	3		stages of this investigation. Fraser
	4		wondered if we could provide him
11:50	5		documentation outlining the steps that
	6		Wilson took to making this statement.
	7		Fraser also stated that he wants a
	8		transcript of Mrs. Milgaard and Ron
	9		Wilson's phone conversation. I advised
11:50	10		him that I was pretty sure that this was
	11		sent to him along with our report,
	12		however I would check on this and if he
	13		did not have that I would provide it to
	14		him."
11:51	15		And am I correct that it would appear that, in
	16		light of what Mr. Eugene Williams provided to Mr.
	17		Fraser and Mr. McCrank, they in turn came back to
	18		you and said, "lookit, follow up on the
	19		information we received and get us some more
11:51	20		information"?
	21	А	Yes.
	22	Q	And then here, on the DNA issue, it says:
	23		"Fraser and I discussed the matter of
	24		consent and it was his advice that we
11:51	25		not conduct any DNA testing until we had
			Meyer CompuCourt Reporting
			Cartified Professional Court Panartors sanving P.A. Pagina & Saskatoan since 1090

Page 36699 1 met with Hersh Wolch at some point in 2 the future." 3 And then here: "I'm not satisfied that the testing 4 5 process should be set aside ... ", 11:51 6 actually, sorry, I -- it says: 7 "I feel it would be easy to get written 8 consent, however, our advice from Sask. 9 Justice has always been that written 11:51 10 consent is not required. I'm not 11 satisfied that the testing process 12 should be set aside because we have 13 always been of the view that this 14 process would be conducted. It seems 11:52 15 that we (the RCMP), Mr. McCrank and 16 Fraser don't entirely agree. In view of 17 this, I will be meeting with the CO and 18 the OIC Criminal Operations advising 19 them that we feel we should go ahead 11:52 20 with DNA testing." 21 And am I correct, Mr. Sawatsky, it appears that, 22 after meeting with Eugene Williams and Ron 23 Fainstein, Mr. McCrank and Mr. Fraser changed 24 their view about whether you people should be 11:52 25 doing the DNA testing; is that correct?

_____ Meyer CompuCourt Reporting =

1 A Yes, it is.

	I	A	Yes, it is.				
	2	Q	And that prior to that meeting that was something				
	3		that you, the RCMP, were going to do, after the				
	4		meeting Mr. Fraser and Mr. McCrank said we now				
11:52	5		don't think we should be doing it; is that				
	6		correct?				
	7	А	That's correct.				
	8	Q	And do you recall the rationale for that or				
	9	А	I'm not certain that I do, but I do recall that I				
11:52	10		did change my mind, my view on that after				
	11	Q	And I'll show you some documents, I think they				
	12		ended up convincing you not to as well?				
	13	А	Yes.				
	14	Q	And was it the case that the Federal Justice				
11:52	15		Department was undertaking the DNA review on their				
	16		own and that's why you and your people were not				
	17		doing it; was that possibly the reason?				
	18	А	Yes, that could be the reason.				
	19	Q	If we can go to 061461. I think this is your				
11:53	20		Email of March 31, 1994, and is this to Officer				
	21		Leatherdale; is that right?				
	22	А	Yes.				
	23	Q	And that would have been one of your superior				
	24		officers, or				
11:53	25	А	That's correct, that's my direct supervisor.				
			Meyer CompuCourt Reporting				

			Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
			——————————————————————————————————————
	1	Q	And I think you are going to your superiors on
	2		this issue that the RCMP thinks DNA testing should
	3		be done yet Alberta Justice does not; is that
	4		fair?
11:53	5	А	Yes.
	6	Q	And you say here:
	7		"When we first started this
	8		investigation and talked with Hirsh
	9		Wolch he indicated that he was aware we
11:54	10		were in possession of the blood and
	11		encouraged us to use it for DNA purposes
	12		and stated we had his consent to do so.
	13		Upon returning from Winnipeg, in order
	14		to facilitate DNA testing, I felt we
11:54	15		should obtain and execute a Search
	16		Warrant on our Lab, take the blood into
	17		our possession and then have the test
	18		done. We had research done by Terry
	19		Hinz, Sask Justice Prosecutor in
11:54	20		Saskatoon. His opinion to us was that
	21		we did not require any authority to do
	22		tests on something that was legally in
	23		our possession and that even if Milgaard
	24		or Fisher did not consent we could still
11:54	25		do the tests. In any event, since we
			Meyer CompuCourt Reporting

1

2

3

11:54

were not	looking	at	a prose	ecut	cion (d	on
Milgaard	anyway)	we	should	go	ahead	and
do the to	ests.					

Throughout this investigation we hav 4 5 kept in touch with the Lab awaiting the time when they had their processes 6 7 refined to the point that they could do 8 the DNA and even in our final report 9 have made mention of this outstanding 11:54 10 fact. Our legal advisors, McCrank and Fraser are now somewhat heritant about 11 12 DNA and whether or not we should do the 13 test and now feel we should do the test 14 if Wolch brings it up, otherwise ignore 11:55 15 They have some concerns about it. 16 In my opinion, we could consent. 17 contact Wolch today and I feel he would 18 consent and have David sign a consent 19 form. In the off-chance they refuse, 11:55 20 then the issue is ended..... I feel 21 that the fact McCrank and Fraser should 22 have no bearing on our investigation. 23 They do not make our decisions and have 24 been very careful not to. They have 25 been excellent to work with and I have

= Meyer CompuCourt Reporting =

Page 36703 : 1 the utmost respect for both of them, however, I really feel we should go 2 3 ahead with the DNA testing." 4 And is that a fair summary of your concerns at 5 the time? 11:55 6 Yes, it is. Α 7 And if we can go to 053115. Q 8 Α And I think what I was referring to as "decisions" 9 there was investigative decisions. I want to make 11:55 10 that clear. Throughout our investigation, you 11 know, other than providing us very good advice, we 12 did our investigation sort of on our own and 13 followed up the leads on our own, and when we 14 sought advice received it, but they didn't make 11:56 15 investigative decisions. 16 And did you feel getting the DNA testing done was Q 17 an investigative --18 I believe at that point I did, yes. Α 19 0 And what caused you to change? And I will be 11:56 20 taking -- we can wait until we go to the documents 21 but --22 Α I think that would be helpful if we waited until 23 we got to the documents.

24 **Q** Sure. Go to 053115. And I think this is a letter 11:56 25 to the forensic lab in Ottawa:

Page 36704 : 1 "... further to recent discussions ... ", 2 this is dated -- actually, it's undated. Saying: "This is to confirm that if 3 4 you are able to obtain results from an 5 examination of the victims panties using 11:56 6 a DNA process that we wish you to 7 compare your findings with the samples 8 of blood from David Milgaard and Larry 9 Fisher." 11:56 10 So it appears that there was at least some steps 11 taken to try and have the testing done; is that 12 correct? 13 Α Correct. I don't recall this. 14 Oh, "OIC crops", who would that be? Q 11:57 15 That would be my boss, Superintendent Leatherdale. Α 16 Okay. If we could go to 061462, actually, 061463 Q 17 Here's a letter from Neil McCrank April please. 18 7, 1994 to the lab. It says: 19 "At this stage, we would ask 11:57 20 that you not conduct any further DNA 21 tests or any other scientific tests on 22 our behalf in the above-noted matter."; 23 is that correct? 24 Α Yes. 11:57 25 So it would appear, in April of 1994, that the Q

			Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
			Page 36705
	1		RCMP lab was said "lookit, don't do any tests
	2		on our behalf"?
	3	А	That's correct.
	4	Q	And was that because Federal Justice, the Federal
11:57	5		Justice lawyers were controlling that process as
	6		far as the DNA testing, and had control of the
	7		exhibits?
	8	А	Yes.
	9	Q	That's probably an appropriate spot
11:57	10		COMMISSIONER MacCALLUM: Mr. Hodson, I
	11		don't know if you misspoke, it's asking not the
	12		DNA not the RCMP lab not to do DNA tests,
	13		you said?
	14		MR. HODSON: Pardon me?
11:58	15		COMMISSIONER MacCALLUM: What did you mean
	16		to say, it's a letter asking that the RCMP not do
	17		DNA tests?
	18		MR. HODSON: Yes.
	19	BY	MR. HODSON:
11:58	20	Q	Well, yes. This is a letter, Brian Richardson is
	21		at the RCMP lab, is that correct?
	22	А	Yes.
	23	Q	And so this is a letter from Neil McCrank saying:
	24		"At this stage, we would ask
	25		that you <u>not</u> conduct any further DNA
			Meyer CompuCourt Reporting

	1	Vol 176 - Thursday, August 31st, 2006 Page 36706
	1	tests or any other scientific tests on
	2	our behalf in the above-noted matter."
	3	COMMISSIONER MacCALLUM: Thanks. Okay,
	4	1:30.
11:58	5	MR. HODSON: Yeah.
	6	(Adjourned at 11:58 a.m.)
	7	(Reconvened at 1:32 p.m.)
	8	BY MR. HODSON:
	9	Q Good afternoon. If we could go to 061463, please,
01:32	10	and this was the letter we had left, the April
	11	7th, 1994, where Mr. McCrank was telling the RCMP
	12	lab not to conduct further DNA tests and at this
	13	time it sort of sets out what the plan is:
	14	"to complete our review and report to
01:33	15	the Saskatchewan Department of Justice.
	16	At that time we <u>may</u> sit down with Hersh
	17	Wolch, counsel for David Milgaard, and
	18	outline our findings to him and also
	19	indicate to him the possibility of the
01:33	20	further DNA test that could be
	21	conducted"
	22	And:
	23	"This would only be done on the
	24	assumption that we would obtain the
01:33	25	written consent"
		Meyer CompuCourt Reporting

Page 36707 : 1 Etcetera, and reviewing the matter with Justice 2 in early June: 3 "...and we will then make a decision as 4 to whether or not to approach Mr. Wolch 01:33 5 with the above proposal." 6 At this time, Mr. Sawatsky, what is your, and 7 I'll take you through some of these letters 8 later, but just generally as far as -- was there 9 a discussion about whether or not your findings 01:33 10 should be shared with Mr. Wolch before they were 11 made public or furthered on up the line? 12 А Yes, there was considerable discussion about that, 13 and I recall that I had given Mr. Wolch an 14 undertaking in our interview that I would come back to him and provide him with the results, and 01:34 15 16 I felt that -- I felt bound by that, and of 17 course, you know, as time evolved I was out ruled 18 in that, but certainly that was my feeling, that 19 he should be appraised of the results. 01:34 20 And when you say to go back to meet with him, what 0 21 was your purpose in doing so, what would be your 22 reason for going back to Mr. Wolch? 23 Α To just go back and tell him what our findings 24 were. I don't think my intention would be to 01:34 25 debate those with him, but simply to say here's

_____ Meyer CompuCourt Reporting =

Page 36708 -

	Π		Page 36708
	1		what we found and just so that he would know
	2		beforehand what the results were.
	3	Q	Did you have any intention at any time to go back
	4		to Mr. Wolch for his further input or for his
01:34	5		response to your findings?
	6	А	No, although there is correspondence I believe
	7		from Mr. Wolch where he sort of suggested that
	8		that would be a good idea. It was never my
	9		intention to take that step.
01:35	10	Q	And why not?
	11	А	Well, I think that once we had completed our
	12		investigation, and it had been very thorough in my
	13		view, that the findings spoke for themselves and
	14		were supported by the investigation.
01:35	15	Q	And I think you touched on this in June, I think
	16		you characterized Mr. Wolch's role as basically
	17		the complainant; is that fair, in a criminal
	18		investigation?
	19	A	That's correct.
01:35	20	Q	And would you normally go back to a complainant in
	21		a criminal investigation and get input on what
	22		areas to follow up on or get reaction to what you
	23		found out?
	24	A	Rarely, although you would usually go back and
01:35	25		inform the complainant of your findings.
			Meyer CompuCourt Reporting

			Page 36709
	1	Q	And so that I'm clear on this, are you telling us
	2		that once your investigation was complete, it was
	3		your desire to go back to Mr. Wolch and say
	4		lookit, here's what the findings are for
01:35	5		information purposes?
	6	А	That's correct, and during the investigation
	7		itself, you will see, and the file shows a couple
	8		of times where we went to Mr. Wolch to seek some
	9		further input or to clarify questions, but once
01:36	10		the investigation was finished, it would be my
	11		view to simply inform him of the findings.
	12	Q	And so I think during the course of the
	13		investigation, I know one occasion was to go back
	14		and try and find out who the confidential police
01:36	15		source was, Tom Vanin, that was one of the reasons
	16		you went back to him, to get information from him?
	17	А	Yes, that was one of the reasons.
	18	Q	And what is your recollection you said you were
	19		overruled. By whom, as far as informing Mr. Wolch
01:36	20		of the results?
	21	А	Well, I believe there was some discussions held,
	22		you know, between the RCMP, you know, certainly my
	23		superiors, Alberta Justice, Messrs. McCrank and
	24		Fraser and Saskatchewan Justice, and I think there
01:36	25		was an ultimate decision made, which my superiors
			Meyer CompuCourt Reporting

AS.

Page 36710 =

		Page 36710
		Ŭ
1		agreed with, that there would not be a meeting, or
2		that the report would be released without a
3		meeting happening.
4	Q	And what was your understanding of the reasons for
01:36 5		that?
6	А	I think there was some sense that Mr. Wolch
7		perhaps may use that information to get out in
8		front of the minister and sort of upstage the
9		minister and that he may put information out there
<i>01:3</i> 7 10		that would require the minister to respond, and I
11		think the minister, it was the view of the
12		department and others that the minister should
13		have the first opportunity to say what the results
14		of the report were.
<i>01:</i> 37 15	Q	Are you talking
16	А	Or the deputy minister, the minister or the deputy
17		minister on his behalf.
18	Q	When you say put out there, are you talking the
19		media?
01:37 20	А	Yes.
21	Q	And so was it a concern that if the results of
22		your investigation were shared with Mr. Wolch
23		before the minister or deputy minister made them
24		public, that Mr. Wolch would put the results out
01:37 25		in the media in some way that was not viewed as
		Meyer CompuCourt Reporting

AS.

- Page 36711 -

ĪĒ

			——————————————————————————————————————
	1		being appropriate by the department?
	2	A	Yes, I believe that's the paramount reason. There
	3		may have been other reasons that were discussed
	4		that I'm not aware of, but I think that was the
01:38	5		paramount reason.
	6	Q	So here, if we can go back to 061462, and this is
	7		Mr. McCrank's letter to you of the same date,
	8		April 7th, '94, talking about getting the report
	9		to Justice in May or June, '94, and I think you
01:38	10		had delivered your report to Mr. McCrank and Mr.
	11		Fraser, they in turn had not delivered their
	12		report to the minister; is that correct?
	13	А	I believe that's correct.
	14	Q	And I think we'll see it's August of '94, I
01:38	15		believe, that McCrank and Fraser send their report
	16		to the minister. Does that sound correct?
	17	A	That does.
	18	Q	And so here Mr. McCrank says:
	19		"I believe it would be appropriate for
01:38	20		you to correspond with Mr. Wolch and
	21		merely indicate that your report will be
	22		delivered to this office in its entirety
	23		and that it is up to this office to
	24		decide what further steps should be
01:38	25		taken with respect to the matter.
		(Meyer CompuCourt Reporting Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

1 Perhaps you would like to draft a letter 2 and send it to me for approval before 3 you ship it on to Mr. Wolch." 4 And so at this time it would appear that 5 Mr. McCrank and Mr. Fraser are telling you, tell 01:39 6 Mr. Wolch that you are sending it to us and he 7 can deal with us as far as further information; 8 is that right? 9 Α That's correct. 01:39 10 049619, this is a letter April 13th, 1994 from you 0 to Dr. Ferris, and you indicate here that you are: 11 12 "...investigating various issues dealing 13 with the physical and forensic evidence 14 relating to David's conviction." 01:39 15 And you are looking for the disposition of the 16 portion of the panties that he removed to do his 17 DNA analysis in 1988; is that correct? 18 Yes. Α 19 And so it appears at this point that you were 0 01:39 20 still pursuing at least some of the DNA -- or 21 gathering some of the DNA information; is that 22 correct? 23 Α That's right. I believe we were in the process of 24 getting the panties back so that they could be 01:40 25 sent to the lab.

Page 36712 :

		Page 36713
1	<u> </u>	And wowe were that at this time on at some
1	Q	And were you aware that at this time, or at some
2		time, maybe even prior to this, I think that Mr.
3		Williams or the Federal Justice lawyers may also
4		have been corresponding with Dr. Ferris as far as
01:40 5		his DNA work?
6	А	I'm not sure. I'm not sure whether we were just,
7		you know, sort of doing some housework here and
8		cleaning up loose ends or whether there had been
9		some discussion and perhaps there's something
01:40 10		further, we'll get to that if you refresh my
11		memory, but I do recall this letter.
12	Q	Yeah, I think there's other correspondence where,
13		after the 690 re-review, Federal Justice lawyers
14		had followed up with Dr. Ferris as well or were
<i>01:40</i> 15		doing some additional work, and we'll be hearing
16		about that I think from Mr. Fainstein, but I'm not
17		sure that there was ever any communication between
18		Federal Justice lawyers and your investigative
19		team on that regard. Do you
01:41 20	А	I don't recall it, no.
21	Q	061464, and this is a letter April 13th, '94 from
22		you to Mr. Fraser, and you recall before lunch
23		today I read you your continuation report where,
24		after Mr. Fraser and Mr. McCrank met with Eugene
01:42 25		Williams, Eugene Williams provided information to
		Meyer CompuCourt Reporting

		Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
		Page 36714
1		Mr. Fraser and Mr. Fraser asked you to follow up
2		on that; is that correct?
3	А	Yes.
4	Q	And would this be the reply to him? You refer to
<i>01:4</i> 2 5		the points in the conversation and then enclosed
6		are copies of various information, and that
7		would am I correct this would be a response to
8		the information that Mr. Williams provided to Mr.
9		Fraser?
<i>01:4</i> 2 10	А	Yes.
11	Q	And then as well at the bottom we'll see the
12		response to the Sharon Williams information and
13		go to the next page and this relates to I think
14		Mr. Williams telling Mr. Fraser that Sharon
<i>01:4</i> 2 15		Williams had evidence or information that I think
16		David Milgaard had either raped her or forcibly
17		had sex with her and something involving a knife.
18		Do you recall that part I read you this morning?
19	А	Yes, I do.
01:42 20	Q	So here you go, a review of statements indicates
21		what you found, she did not disclose such details
22		in her statement to Sergeant Pearson, and then as
23		well your investigation, and then as well a copy
24		of his, of the Malanowich report. So this would
01:43 25		be just following up on issues raised by Mr.
		Meyer CompuCourt Reporting

Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980 Central Booking - Call Irene @ 1-800-667-6777 or go to www.compucourt.tv Ż

Page 36715 1 Williams? 2 Α By Mr. Fraser, yes. 3 By Mr. Fraser to you, but based on what Mr. 0 Williams -- based on information Eugene Williams 4 5 provided to Mr. Fraser that Mr. Williams obtained 01:43 in the 690 investigation that he conducted? 6 7 Yes, I assume that, yes. Α Go to 238788. I think this is your memo to file 8 0 9 May 13th, '94 dealing with the DNA, I'll read 01:43 10 parts of this, it says here: "Near the end of the investigation 11 12 Mr. McCrank advised me that he and Mr. 13 Fraser were of the view we should not 14 conduct the DNA analysis. I did not 01:43 15 accept Mr. McCrank's advice and felt 16 very strongly that the process should 17 take place because the investigation had 18 been conducted in its entirety with the 19 view that this test would be done when 01:44 20 the lab could do it." 21 And then you talk about speaking with your 22 superiors. 23 "After that, I contacted Mr. Fraser and 24 explained that I felt we should go ahead 01:44 25 with the DNA analysis as planned. Mr.

Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

Central Booking - Call Irene @ 1-800-667-6777 or go to www.compucourt.tv

Page 36716 : 1 Fraser stated several facts that have 2 caused me to change my view and I now 3 feel that we should not consider DNA as 4 part of this matter. Although, meetings 5 in the future with Sask Justice and Mr. 01:44 6 Wolch may cause a change in the present 7 circumstances, this opinion can then be 8 altered if necessary." 9 And scroll down: 01:44 10 "Basically, Mr. Fraser explains the situation like this: The blood exhibits 11 12 provided by Mr. Milgaard and Mr. Fisher 13 were provided for the Sec. 690 process. All of the exhibits that were entered 14 01:44 15 into the Supreme Court were turned over 16 to Federal Justice by the court at the 17 end of the process. Even though the 18 panties are in the Lab in Ottawa, they 19 and the remainder of the exhibits do not 01:44 20 belong to us, but rather to the Supreme 21 Court. Mr. Fraser and Mr. McCrank have 22 discussed this at length and feel it 23 would take an Order from the Supreme 24 Court to obtain the exhibits. This 01:45 25 would apply even if Milgaard and Fisher

_____ Meyer CompuCourt Reporting _____

Page 36717 : 1 provided another blood sample; we would 2 still require a Supreme Court Order to 3 get at the remainder of the exhibits. 4 As far as our 5 investigation is concerned, we have our 01:45 results and findings. 6 The DNA analysis 7 will not alter anything we have found to 8 date, no matter what the results." 9 So would that be an accurate account of what your 01:45 10 thinking was at the time? 11 Α Yes. 12 0 And so am I correct that, and again this is May of 13 1994, prior to this you felt that it was important 14 to get the exhibits, the Gail Miller clothing and 01:45 15 to do a DNA analysis on those for the purposes of 16 your investigation provided DNA technology would 17 allow it? 18 Yes. Α 19 0 And I think you told us you were relying upon 01:45 20 other people, experts as to whether or not DNA 21 could be done on the clothing given the technology 22 at the time? 23 Α That's correct. 24 0 And it appears here that the answer you get back, 01:46 25 which you ultimately agree with, is that the = Meyer CompuCourt Reporting =

		Page 36718
1		Federal Justice lawyers have control of the
2		exhibits and the process to have them DNA tested
2		by virtue of either a Supreme Court order or by
4		virtue of the fact that David Milgaard and Larry
01:46 5		Fisher gave samples during the Section 690
6		process; is that correct?
7	А	That's correct.
8	Q	And but for the fact that Federal Justice lawyers
9		and/or the Supreme Court in some way were involved
<i>01:4</i> 6 10		in having control over both the Gail Miller
11		clothing and the Milgaard/Fisher blood, would you
12		have proceeded with that testing provided
13		technology allowed it?
14	А	Up until this point, yes, we likely would have,
<i>01:4</i> 6 15		but after this point, no.
16	Q	And what I'm trying to get at, is it fair to is
17		it fair to conclude that the reason that in the
18		course of the RCMP investigating this matter for
19		Saskatchewan Justice, is the reason you did not do
01:47 20		DNA testing with respect to Gail Miller's clothing
21		is because Federal Justice lawyers had the
22		clothing, had the blood and there was a Supreme
23		Court order or something in effect that precluded
24		you people, being the RCMP and McCrank and Fraser,
01:47 25		from getting the exhibits and doing the testing?
		Meyer CompuCourt Reporting

- Page 36719 -

1	А	I don't know that that was ever as clear
2		throughout the investigation as it was here after,
3		you know, I guess some research had been done by
4		Mr. McCrank and Fraser, so I think during the
01:47 5		course of our investigation we were sort of of the
6		view that if the science advanced to the point
7		where we could do the testing, we would be
8		informed of that and then we would have to take
9		whatever steps were appropriate to have that done,
<i>01:4</i> 7 10		but I don't know that any research, to the extent
11		that was done here, had been done previous, so
12		I'm not sure
13	Q	I guess here's my question. At this point, May of
14		1994, it appears, and I'm wondering if you agree
<i>01:4</i> 8 15		with this, that the reason the RCMP, your
16		investigators did not proceed with examining Gail
17		Miller's clothing to determine whether any stains
18		there would give rise to DNA analysis, the reason
19		you did not do that was because Federal Justice
01:48 20		lawyers had the exhibits and had the
21		Fisher/Milgaard blood and there was this issue
22		about whether or not the Supreme Court had control
23		over the exhibits as a result of the 690 and that
24		that was the only reason you didn't pursue with
<i>01:4</i> 8 25		that, the DNA investigation?
		Meyer CompuCourt Reporting

A Correct.

1

	2	Q	Right. And so in other words, to put it another
	3		way, if at the end of the Supreme Court hearings
	4		Gail Miller's clothing and the blood was turned
01:48	5		over to Saskatchewan Justice or to the Court of
	6		Queen's Bench and had been provided to you, the
	7		RCMP, when you were doing your investigation,
	8		would it be fair to say that provided technology
	9		allowed it, you would have proceeded with DNA
01:48	10		testing of her clothing?
	11	A	Yes.
	12	Q	In fact, the next page, I think you say:
	13		"Bottom line, the exhibits do not belong
	14		to us, they belong to the Supreme Court
01:49	15		and Federal Justice are the Court
	16		Ordered custodians."
	17		And I think that's similar to what you've already
	18		told us, you were basically on the outside when
	19		it came to pursuing the DNA testing?
01:49	20	А	Correct, and I think, Mr. Hodson, just to add, I
	21		don't think it had ever been as clear to me before
	22		as it was at this time.
	23	Q	And so let me just follow up on that. Is it fair
	24		to say that prior to Mr. McCrank and Mr. Fraser
01:49	25		coming back and saying lookit, someone else is
			Meyer CompuCourt Reporting

	1		carrying the ball on the DNA, is it fair to say it
	2		was your belief, since you were RCMP investigating
	3		the matter for Saskatchewan Justice, that you
	4		would have the ability to get the clothing, the
01:50	5		exhibits and to do the DNA testing?
	6	A	Well, I think that I always thought that the
	7		process may not be as difficult, you know, I
	8		always anticipated that it may perhaps require
	9		some sort of documentation, some sort of a warrant
01:50	10		or something, but I don't think it was ever as
	11		clear to me, the possession of these documents was
	12		clearly in the Supreme Court and it was in their
	13		domain, I don't think that piece was ever as clear
	14		to me. I don't think that I ever thought we could
01:50	15		simply just go and get them and test them.
	16	Q	You may have thought there was a step, but you
	17		didn't think there was this much of a step that
	18		was required?
	19	А	Correct, yes.
01:50	20	Q	And apart from this issue about Federal Justice
	21		and the Supreme Court controlling that process, as
	22		an RCMP investigator in this investigation, did
	23		you want to have DNA testing done on Gail Miller's
	24		clothing, would that have been a valuable
01:50	25		investigative step in the work that you did?
			Meyer CompuCourt Reporting

1

	2	Q	And in fact, Mr. Sawatsky, if in 1993 you were
	3		able to have, to do the testing you wanted to do
	4		and you would have got the results in 1993 that
01:51	5		were obtained in 1997, I take it that would have
	6		had a significant impact on at least some of the
	7		conclusions in your report?
	8	А	Yes, I believe it would have impacted some of the
	9		conclusions.
01:51	10	Q	Certainly with respect to the guilt or innocence
	11		of David Milgaard?
	12	А	Yes.
	13	Q	061499, just to complete the loop here, this is a
	14		letter from you to Mr. McCrank attaching
01:51	15		information that one of your officers obtained
	16		from Dr. Ferris. If we can go to the next page
	17		sorry, to 061498, and there was an earlier
	18		request, I didn't show it to you, but I think
	19		you had you wrote a letter to Dr. Ferris
01:52	20		looking for any remnants of his DNA testing and
	21		then there was a letter I didn't show you where
	22		you asked one of your members out in, I think
	23		British Columbia, to contact Dr. Ferris, and it
	24		appears that this is the response; is that
01:52	25		correct?
			Mayor CompuCourt Penerting

Page 36723 =

			1 dg0 00720
	1	А	That's correct.
	2	Q	And Dr. Ferris says he didn't receive the letter,
	3		but he says:
	4		"b) The portion of material extracted
01:52	5		from panties belonging to Gail Miller
	6		was tested for D.N.A. results. There
	7		was no success in this process and the
	8		entire portion of exhibit was consumed
	9		during the examination. Dr. Ferris
01:52	10		states he has nothing to report and is
	11		not in possession of any exhibit which
	12		can be returned.
	13		c) Lab books detailing the examination
	14		process may still be in existence and
01:53	15		should these lab books be deemed of
	16		value to your investigation, Dr. Ferris
	17		can be contacted to locate same."
	18		And I think we have seen other evidence to
	19		indicate that those had been sent to Mr.
01:53	20		Williams, Eugene Williams, back in 1992. Do you
	21		know if you would have been aware of that?
	22	А	I know we were aware of his findings. I'm not
	23		sure if I was ever aware of the fact that he had
	24		sent notes and lab reports to Mr. Williams.
01:53	25	Q	It may have been in '93.
			Marian Osman Osmat Densatian

		Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
		——————————————————————————————————————
1	А	I may have been, but I don't have specific recall
2		of that.
3	Q	Go to 061567, and it appears, this is July 21,
4		this would be when you send the final report and
<i>01:5</i> 3 5		the supplementary concluding report to
6		Mr. McCrank; is that correct?
7	А	Yes.
8	Q	And just for the record, if we can go to 033694
9		next page and the next page. This is the
<i>01:54</i> 10		supplementary report, July, '94, and this is the
11		part that I read to you earlier, this was the
12		report done by Mr. MacKay on the profiling;
13		correct?
14	А	Yes, that's correct.
<i>01:54</i> 15	Q	So then 247848, this is a letter August 5, 1994
16		from you to Mr. McCrank, and so this would be
17		after your final report is sent in but before
18		their report is sent to the minister, and it says:
19		"Further to our meeting of August 2nd,
01:55 20		following are examples of concerns
21		regarding interviews by Paul Henderson
22		and Joyce Milgaard."
23		And then I'll go through this with you, but do
24		you recall what prompted this response?
01:55 25	А	I can only assume from the way in which it was
		Meyer CompuCourt Reporting

		Page 36725
1		whitten that we must have had a mosting and I was
1		written that we must have had a meeting and I was
2		probably requested as a result of this meeting to
3		provide this to Mr. McCrank.
4	Q	And it says:
<i>01:5</i> 5 5		"We've attached copies of reference
6		pages of taped interviews and/or
7		conversations which not previously
8		forwarded to you. The statements
9		obtained by our investigators are
01:55 10		contained in the statement volumes of
11		our report."
12		When you sent your report to Mr. McCrank and Mr.
13		Fraser, it appears that you didn't send them the
14		background work; in other words, the 50 boxes
<i>01:5</i> 5 15		that you sent to the Commission?
16	A	That's correct.
17	Q	And so is it a case that in going through the
18		report, they wanted you to give up some background
19		or backup source documents?
01:55 20	А	I believe that to be the case, and I will also add
21		that I do recall earlier correspondence where we
22		had I guess alerted Mr. Fraser and Mr. McCrank to
23		the fact that we had some concerns about the
24		techniques employed by Centurion Ministries, so
01:56 25		this issue had been raised with him before.
		Meyer CompuCourt Reporting

Page 36726 -

Ir

		Page 36726
1	Q	And again I'll go through this letter with you,
2		and if the letter assists you in answering that's
3		fine, but what were the concerns that you had
4		identified with the manner in which Centurion
<i>01:5</i> 6 5		Ministries conducted interviews?
6	A	I think we were just concerned with the general
7		techniques used and that they had used during
8		the interviews.
9	Q	And what techniques concerned you?
<i>01:56</i> 10	А	I think the prolonged questioning, the fact that
11		they had, you know, attempted to get people to say
12		things that perhaps they didn't want to say, the,
13		I think, sort of bothering people in places they
14		didn't want to be confronted, things like that.
<i>01:5</i> 6 15	Q	And can you tell us generally, your investigators,
16		what influence did your conclusions regarding
17		their interviewing techniques have on the
18		credibility or weight that you put on interviews
19		and statements obtained by Centurion Ministries?
01:57 20	А	Well I think, certainly, it made our difficult
21		it made our task more difficult to try and
22		determine credibility, particularly when you have
23		a witness recanting something that's factual, as
24		an example. But, certainly, it would make it more
01:57 25		difficult to assess someone's credibility when the
		Meyer CompuCourt Reporting

AS.

Page 36727

]		Page 36727
			Ŭ
	1		questioned techniques were used during the
	2		interview.
	3	Q	Did it cause you to question the veracity of
	4		information obtained by Centurion Ministries?
01:57	5	А	Certainly.
	6	Q	And you also mentioned interviews involving Joyce
	7		Milgaard, did you have any concerns about the
	8		interviews by Joyce Milgaard conducted on her own,
	9		or just when she was conducting them with Paul
01:57	10		Henderson?
	11	А	I may need to refresh myself on that.
	12	Q	Sure.
	13	А	I'm not sure if I had any concerns with hang
	14		on, I do recall, I think just the one telephone
01:58	15		conversation that she had with Mr. Wilson would be
	16		an example of a concern that I had.
	17	Q	And that was the 1981 telephone call?
	18	А	Yes.
	19	Q	Now I take it, and we touched on this a bit
01:58	20		earlier, concerns about let's say the Centurion
	21		Ministries interviews, you talked a moment ago
	22		about the techniques used and the information
	23		obtained from the witnesses; correct?
	24	А	Yes.
01:58	25	Q	Did you have any concerns about what Centurion
			Meyer CompuCourt Reporting
		C	certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

AS.

			Page 36728
			5
	1		Ministries and/or Joyce Milgaard were providing to
	2		the witnesses in the course of the interview?
	3	А	Yes.
	4	Q	And what what was it about that that concerned
01:58	5		you?
	6	А	Well it appeared to me that all of the witnesses
	7		were sort of approached, or many of the
	8		witnesses I don't want to be, sound like I'm
	9		saying every single one of them but were
01:58	10		approached from the perspective that "David
	11		Milgaard is innocent and I'm here to sort of get
	12		you to tell me that". I think that's the
	13		inference that can be drawn from most of those
	14		interviews.
01:58	15	Q	And did you, did you and/or your investigators
	16		have any concerns that witnesses may have been
	17		provided information in the course of those
	18		interviews that might have influenced their
	19		responses then?
01:59	20	А	Yes.
	21	Q	And can you think of any examples?
	22	А	One pops into my mind where I think a statement
	23		was "well don't", something along the lines of
	24		"don't you think David Milgaard has been in jail
01:59	25		long enough", and I think the response to that was
			Meyer CompuCourt Reporting
		(Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

ASS.

Page 36729

		Page 36729
1		"yes", and I think it sort of went on from there
2		that. I think the inference that's drawn there
3		is, because he has been in jail long enough, you
4		should really cooperate here and say he's
<i>01:5</i> 9 5		innocent.
6	Q	And we'll go through these, I think these were the
7		examples you provided back:
8		"1. Statement of Michael and Mary John to
9		our investigators:".
01:59 10		And I think Mr. and Mrs. John expressed concern
11		about how Paul Henderson spoke with them,
12		Mrs. John alleged that he swore at her because
13		she wouldn't give him Nichol's address. And:
14		"Mrs. John telephoned the Kelowna RCMP
<i>o</i> 2: <i>oo</i> 15		because she was frightened of",
16		him, and that:
17		"Henderson made Mrs. John cry."
18		And, again, what what concerns would that
19		cause you at the time?
02:00 20	A	It certainly seemed to be, you know, undue duress
21		being put on witnesses by the interviewer.
22	Q	And?
23		"2. Statement of Albert Cadrain to our
24		Investigators:
02:00 25		- Pages 87-90 - throughout these pages
		Meyer CompuCourt Reporting
		Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

Page 36730 : 1 he says Henderson tried to get him to 2 change his story and he ... gave him 3 what he wanted to hear just to get him off my ass'" 4 5 And I think we touched upon that a little bit 02:00 6 earlier and, again, can you just elaborate on 7 What would be the -- would this give rise that? 8 to concerns about the credibility of what Centurion Ministries obtained from Albert 9 02:00 10 Cadrain? 11 Α Certainly, when he makes a statement that he just 12 said -- told them what they wanted to hear, it 13 certainly would make anything he said after that 14 suspect, on one hand, and on the other hand I 02:00 15 guess you can say that it speaks to his 16 credibility in that he simply told us "the only 17 reason I gave him, said what I said, was for these 18 reasons", so he provided an explanation as to why 19 he would now say something different. 20 Item: O 21 "3. Statement of Dennis Cadrain to our 22 investigators: 23 - Page 13 - Dennis indicates to members 24 that Henderson was '... trying to really 02:01 25 manipulate Albert' - '...he Meyer CompuCourt Reporting =

			Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
			Page 36731
	1		(Henderson) writes it in such a way that
	2		I had to tell him I didn't say this
	3		tries to put words in your mouth.'"
	4		And, again, do you have anything to add to that?
02:01	5	А	I think that's just confirmation of the fact that
	6		some of the statements appeared to have been
	7		pre-written and then simply put to the witnesses
	8		for signature.
	9	Q	Next page:
02:01	10		"4. Telephone conversation between
	11		Henderson and Dennis Cadrain:
	12		- Pages 8 - 9 - provides Dennis with
	13		misleading information regarding Larry
	14		Fisher in attempts to get Dennis to
02:01	15		encourage Albert to meet with
	16		Henderson."
	17		And we've seen that transcript, and I believe
	18		that's where Paul Henderson told Dennis
	19		Cadrain although he may have thought it was
02:02	20		Albert Cadrain at the time that Fisher has
	21		confessed or is gonna to confess that day; is
	22		that the transcript you are referring to?
	23	А	Yes, it is.
	24	Q	And can you tell us, what would be the concern you
02:02	25		would have in looking at a statement obtained from
			Meyer CompuCourt Reporting

Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980 Central Booking - Call Irene @ 1-800-667-6777 or go to www.compucourt.tv É

	г		——————————————————————————————————————
			1 490 001 02
	1		Albert Cadrain, Dennis Cadrain, Ron Wilson or
	2		Nichol John, or anybody involved, if the
	3		interviewer had told that person that Larry Fisher
	4		had confessed, or was going to confess that
02:02	5		morning, for the crime if, in fact, that were not
	6		the truth?
	7	А	Well I think it would certainly cause particularly
	8		a weak witness to really question themselves, and
	9		could even influence them to change their story.
02:02	10		It may have no impact on a very strong witness,
	11		they may say "I saw what I saw" and that's, like
	12		it or not, but it could certainly influence some
	13		witnesses.
	14	Q	And, in your view, would that be an appropriate
02:02	15		interviewing technique to say to, for example, Ron
	16		Wilson or Albert Cadrain that "lookit, Larry
	17		Fisher has confessed or is about to confess for
	18		the crime, which means you lied at trial, and
	19		therefore now is your chance to come out ahead of
02:03	20		the game and say you lied because the police made
	21		you do it"? I think that was one of the
	22		approaches that Mr. Henderson said he utilized
	23		with these witnesses.
	24	А	Yeah. I didn't believe it was appropriate.
02:03	25	Q	And why not?
			Meyer CompuCourt Reporting

- Page 36733 -

1	А	Well it seems to me that if you have a wrongful
2		conviction, and people become aware of that, and
3		it becomes known that there's investigators out
4		trying to get the truth, that people would
02:03 5		generally cooperate. And, I mean, I even take
6		that into our own investigation. I thought, for
7		example, Mr. Wilson would be most willing to talk
8		to us, I thought that Mr. Milgaard would be most
9		willing to talk to us, I expected these people
<i>02:0</i> 3 10		would be waiting for us to come. So I would think
11		that, having made up their mind to talk, that
12		there would be a certain amount of cooperation
13		with witnesses who felt someone was wrongfully
14		convicted.
<i>02:04</i> 15	Q	And did you find that to be the case?
16	А	No, that was not the case.
17	Q	And tell us about what and I suppose if Mr.
18		Fisher had confessed, and that was truthful, would
19		that be an appropriate thing to tell a witness you
02:04 20		are interviewing; for example, "Ron Wilson, you
21		testified, and Albert Cadrain, you testified at
22		trial, gave incriminating information against
23		David Milgaard, someone else has now admitted to
24		doing the crime, explain your evidence"; would
<i>02:04</i> 25		that be appropriate?
		Meyer CompuCourt Reporting

		Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
		Page 36734
1	А	I don't believe it's appropriate for a private
2		investigator to say that.
3	Q	And why not?
4	А	Because it's misleading the witness and it may
02:04 5		cause the witness to say something that is not
6		true.
7	Q	If the premise is, that Larry Fisher confessed is
8		true though, what if he had really confessed?
9	А	Well then I think it would be appropriate.
02:04 10	Q	Okay. But, if he hasn't, then it would be
11		inappropriate?
12	А	Yes.
13	Q	And would the risk there be that it might
14		influence the witness?
02:04 15	А	Yes.
16	Q	Next:
17		"5. Taped meeting between Linda Fisher,
18		Henderson and Milgaard:
19		- the meeting is being surreptitiously
02:05 20		taped before they ask permission to
21		begin taping.
22		Pages 12 and 34 - Linda describes her
23		knife as brown, wooden handle with
24		rivets and on Page 35 - Milgaard
02:05 25		suggestes 'sort of a brown, sort of like
		Meyer CompuCourt Reporting

Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980 Central Booking - Call Irene @ 1-800-667-6777 or go to www.compucourt.tv Ê

Page 36735 1 a maroon colour' and Henderson adds 2 'paring knife that you would use for 3 peeling potatoes' -- after this Linda 4 adopts that as her story." 5 And, again, can you elaborate, I think you 02:05 6 touched on that earlier, but can you elaborate on 7 that point? 8 Α Yeah, again that's, that's a very important piece 9 of information, because it certainly contaminated 02:05 10 Linda because, afterwards, she adopted that. So 11 that's providing a false piece of information, or 12 a piece of information that she wasn't aware of, 13 that she could then, later, adopt and use. And when you say "later", would that be the 1993 14 Q 02:05 15 mauve-coloured knife matter? 16 Yes. Α 17 And then: 0 18 "6. Taped meeting between Fisher, Henderson, 19 Milgaard and Clifford Pambrun ... 02:06 20 Pages 30-33 - secenarios are run past 21 Clifford suggesting he and Larry were 22 out drinking and Larry could have taken 23 his car - Clifford never suggests this, 24 however after some discussion states 02:06 25 '...he could have taken the car...'",

Meyer CompuCourt Reporting
 Professional Court Reporters serving P.A. Regina & Sas

Page 36736 -

		Page 36736
1		and then I think he gave a statement that had
2		similar comments. And, again, anything to
3		elaborate on that?
4	А	That's just another example, I think, of where
02:06 5		they weren't satisfied with the first explanation
6		and continued on until they got what they wanted.
7	Q	Now we've gone through actually, let me go
8		through one more example, and I'll come back to
9		this:
02:06 10		"7. There was concern over the Henderson
11		interview of Wilson. He was asked to
12		provide us with the tapes of this
13		interview, he said he forwarded them to
14		the Centurion office in New Jersey,
02:06 15		however, McCloskey states he never had
16		them."
17		Despite repeated attempts by
18		investigators to speak with Henderson
19		and his promises to respond, he never
02:06 20		did. A list of questions was forwarded
21		to him and they remain unanswered.
22		Supreme Court testimony of
23		Wilson states that he had been provided
24		food and drink by Henderson."
02:07 25		Just on that latter point, why would that be a
		Meyer CompuCourt Reporting
	C	ertified Professional Court Reporters serving P.A. Regina & Saskatoon since 1980

- Page 36737 -

		Page 36737
1		concern, if Henderson provided Wilson with food
2		and drink?
3	А	Well, certainly there's indication, I think we
4		were aware of information that he had been given a
02:07 5		considerable amount of beer that night, and I
6		think that certainly would cause you to suspect
7		any statement that came as a result of that.
8	Q	Now what about the fact that Mr. McCloskey or
9		Mr. Henderson's interview with Mr. Wilson was
<i>0</i> 2:07 10		taped and the tapes were never provided; what
11		conclusions did you reach about that?
12	А	Well I think the conclusions we reached from that
13		was there was something on there that perhaps they
14		didn't want us to hear, and the difficulty sort of
<i>0</i> 2:07 15		from that is we were never able to get Mr.
16		Wilson's to sort of cooperate with us, so that
17		we could at least get his version so we may have
18		something with which to make an assessment.
19	Q	And when you say "something on there that they
02:07 20		didn't want you to hear", that would what, somehow
21		colour the recantation?
22	A	Yes.
23	Q	And I suppose, if the tape provided a complete
24		exchange of what was discussed, that could do one
02:08 25		of two things. One, it might bolster the
l		Meyer CompuCourt Reporting

recantation if the tape confirmed that nothing improper was said to Mr. Wilson; is that correct? That's correct.

your view, were said to Mr. Wilson, that might

cause you to further doubt Mr. Wilson's

On the other hand, if improper things, at least in

1

2

3

7

Α

0

recantation?

8 A That's correct.

9QNow you said you never did get the tape, did you02:0810and your investigators conclude, based upon your11review of Mr. Henderson's other interviews, did12you conclude that he likely conducted an improper13interview of Ron Wilson when he obtained the14recantation?

02:0815AYes, I do, I believe that. And as a result of16this interview, I mean, there was a very short17statement that came from many hours of an18interview that wasn't even written by Wilson, it19was written, appeared to have been written by02:0920

21QGo to 032797. And this is the August 15th, 199422letter from Bruce Fraser and Neil McCrank to23Mr. Cotter providing the report -- or their24report, pardon me. Go to the next page. A copy02:0925is also provided to the Deputy Minister of Justice

_____ Meyer CompuCourt Reporting =

Page 36739

		Page 36739
1		for the and the Deputy Attorney General of
2		Canada; do you know why that, why the report went
3		to them as well?
4	A	I don't. It must have been some sort of an
02:10 5		undertaking that either Saskatchewan or Alberta
6		had made.
	-	
7	Q	Is it is it possible that, given that the
8		initial letter that Mr. Wolch sent back in
9		September 1992 where the Breckenridge allegations
02:10 10		were first made were made to the made to Kim
11		Campbell, the federal minister, and I think
12		then I think the first request was to the
13		federal minister to do something, the federal
14		minister said "this is a provincial matter", and
02:10 15		the province then responded; is that correct? I
16		think that's what the documents reflect?
17	А	That's certainly possible, yeah.
18	Q	And do you know if that might have been a reason
19		why they were, why the federal minister was
02:10 20		provided with a copy of this?
21	А	Yes, that could be the reason.
22	Q	Now I don't propose to actually, just go to the
23		next page, 032805. And I take it that,
24		Mr. Sawatsky, you would have had a chance to
02:11 25		review the Alberta Justice report at the time and
		Meyer CompuCourt Reporting

KE

	[Page 36740
	1		you are familiar with this document?
	2	А	Yes, I am.
	3	Q	And would this have been a document that Mr.
	4		McCrank and Mr. Fraser then prepared based on the
02:11	5		report that you gave them?
	6	А	Yes, based on the report we gave them, the
	7		questions that they asked and we provided answers
	8		to.
	9	Q	And would it be fair to say that this report would
02:11	10		be consistent with what you and your investigators
	11		concluded in your investigation?
	12	А	Yes.
	13	Q	If we can go to 032799. And this is a statement
	14		by the Deputy Minister of Justice on August 16th,
02:12	15		1994. I think this is when at least the
	16		McCrank-Fraser report was made public, and this is
	17		Mr. Cotter providing the that report, and I
	18		believe the 15 or 16-page report was made public.
	19		But if you can go to 032803, which is sorry, I
02:12	20		stand to be corrected. I think what, here what
	21		Mr. Cotter says is:
	22		"Mr. McCrank and Mr. Fraser
	23		have recommended that their sixteen-page
	24		report and the 250-page RCMP analysis be
02:12	25		made public, but that the supporting
			Meyer CompuCourt Reporting
		C	Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

1 documentation not be made public. With 2 one, hopefully temporary constraint on 3 that, I intend to follow that advice." 4 And this goes on to the personal information and 02:12 5 the privacy considerations; is that correct? 6 That's correct. Α 7 And maybe, if I can just summarize with -- what Q 8 appears to be in the documents, and tell me if 9 this is correct, it appears that after the report 02:13 10 was provided and the results made public, that the 11 provincial government and indeed the RCMP engaged 12 in an exercise to go through and vette the report, 13 the RCMP report, to remove any names, any confidential information or names that should not 14 02:13 15 be made public; is that right? 16 Yes. Α 17 And that took some considerable time, to get the 0 18 report into a form where it could be made public; 19 is that right? 02:13 20 Yes, yes, that took some time. Α 21 And then I think ultimately the report and, your Q 22 report and the McCrank-Fraser report, were made 23 public; correct? 24 Α Yes. 02:13 25 If we can then go to 061669. And this is August Q Meyer CompuCourt Reporting =

Page 36741

		Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
1		17th, '94, so this is the day after Mr. Cotter
2		announced the results, Mr. Wolch wrote to you
3		referring to an earlier letter and saying:
4		"Obviously, I am in dismay
02:14 5		that you did not contact us prior to the
6		release of your report.
7		We are of course, most
8		anxious to obtain a full copy of the
9		report and to review the investigative
<i>02:14</i> 10		file."
11		And then if we can just go to 147961. Here is an
12		article sorry, if you can go to page 147963.
13		So this is August 17th, 1994, and I think we've
14		identified earlier that you would have had your
<i>02:15</i> 15		initial interview with Joyce Milgaard in, I
16		think, February of 1993; is that right? We
17		referred to that earlier?
18	А	Yes, that sounds correct.
19	Q	And I think there was some follow-up
02:15 20		correspondence with Mrs. Milgaard in December '93
21		relating to some Breckenridge documents, I think
22		we saw some papers back and forth; is that
23		correct?
24	А	Yes.
02:15 25	Q	And would it be fair to say that, after your
		Mover CompuCourt Poporting

= Page 36743 =

F

			Page 36743
	1		initial meeting with Mrs. Milgaard in January or
	2		February 1993, you would have had no further
	3		communication with her to advise her what it was
	4		that you had done in the investigation or informed
02:15	5		her about any of your conclusions?
	6	А	That's correct. I do recall speaking with her on
	7		the phone a couple of times during the
	8		investigation because she was just interested in
	9		how the investigation was progressing and when it
02:16	10		would be finished, but there was no exchange of
	11		information other than time lines during those
	12		conversations.
	13	Q	And then here she says, this is a comment:
	14		"Joyce Milgaard said the RCMP
02:16	15		and the Alberta Justice Department had
	16		to ignore 'hard facts' in order to reach
	17		their conclusion.
	18		'The RCMP were going out
	19		trying to justify the conviction. They
02:16	20		were not going out trying to find the
	21		truth.'
	22		She noted investigators
	23		tracked down her son's former cell mates
	24		to see if he confessed. There's no
02:16	25		mention of the interviews in the report,
			Meyer CompuCourt Reporting
		Ce	ertified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980 🛛 🔭 📰 👘

Page 36744 1 but if they had succeeded 'it would be 2 right out in the front of the report,' 3 she said." 4 And let me just pause there. The report had not 5 been provided to her, or anybody else, at this point; is that correct? 6 7 I --Α 8 0 I'm sorry to the -- August the 17th, 1994 your 9 report had not been provided to Joyce Milgaard; is 02:17 10 that correct? 11 Α Yes, I believe that's correct. 12 Q And do you have any recollection as to whether or 13 not you would have tracked down her son's former cell mates to see if he confessed? 14 02:17 15 I would need to refresh myself on that. Α 16 I might be able to --Q 17 Α I know there was some inquiries made with custodians. 18 19 0 In fact I think in the report, and correct me if 02:17 20 I'm wrong, I believe that when you were 21 investigating the Ben Dozenko information where 22 Ben Dozenko claimed that David Milgaard confessed 23 to him, you actually went to a fellow named 24 Desjarlais who provided exculpatory information 02:17 25 for David Milgaard and said "he never confessed to

_____ Meyer CompuCourt Reporting ____

Page 36745 1 me", and --2 That's correct, I remember that now. Α 3 In fact, I'll find it, so just give me a moment. 0 4 UNIDENTIFIED VOICE: 208. 02:17 5 MR. HODSON: 208? If we can go, call up 6 page 023376. 7 COMMISSIONER MacCALLUM: Of what? 8 MR. HODSON: Oh, sorry, the doc. ID is 9 023167, which is the RCMP report. 10 BY MR. HODSON: And this is where you were looking at -- one of 11 Q 12 the issues relating to David Milgaard's guilt or 13 innocence was the fact that Bernhardt Dozenko, a 14 prison official, had testified at the Supreme 02:18 15 Court that David Milgaard had confessed to 16 murdering Gail Miller to him; correct? 17 That's correct. Α 18 And it appears, here, that you investigated that Q 19 to see whether he had made, Mr. Milgaard had made 02:18 20 that confession to Mr. Dozenko. You said you 21 couldn't corroborate it but, in addition, you went 22 out and found information to suggest that, to 23 other people, he denied responsibility for the 24 offence; correct? 02:18 25 Α Correct.

		Page 36746
1	Q	And again, here at the bottom, the Investigator
2		Comment is, about the confession:
3		"Other prison acquaintances state
4		Milgaard always maintained his
02:19 5		innocence, including Robert Desjarlais,
6		who was never previously interviewed."
7		And do I take it that one of the reasons for
8		interviewing Mr. Milgaard's cell mates would be
9		to find out whether they could have exculpatory
<i>02:19</i> 10		information, in other words, establish that he
11		did not confess to the crime?
12	А	Yes.
13	Q	And, as well, to see whether he did confess? I
14		take it it would go both ways;
<i>02:19</i> 15	А	It would go
16	Q	what, if anything, did he say?
17	А	It would go both ways, yes.
18	Q	And did this what was the reason for you going
19		out and talking to his cell mates, then, what
02:19 20		prompted that?
21	А	I think we were trying to verify the fact that
22		somewhere in the investigation we had been told
23		that he had made an admission to a worker and
24		perhaps to cell mates. I don't recall
02:20 25		specifically the context in which we received
		Meyer CompuCourt Reporting

15

Page 36747

		——————————————————————————————————————
1		that, but that would be the reason, to see if
2		there was any other independent information.
3	Q	And so 147963, so back on this article, I think in
4		fact investigators tracked down Mr. Milgaard's
<i>02:20</i> 5		former cell mates I guess in part to see if he
6		confessed but, as well, to see if he denied the
7		killing; is that correct?
8	А	That's correct, to report on the findings.
9	Q	And there is mention of the interview in the
02:20 10		report saying that he did not admit to the crime;
11		is that correct?
12	А	That's correct.
13	Q	It says:
14		"Milgaard's lawyer Hersh
<i>0</i> 2:20 15		Wolch said the investigation didn't
16		solve anything and he still wants a
17		public inquiry.
18		'We had no input, we weren't
19		there, we don't even know who they
02:20 20		talked to, what was said and there was
21		nobody there to argue our case.' Wolch
22		said he doesn't even know if Fisher was
23		interviewed.
24		Wolch expects once the RCMP's
02:21 25		250-page analysis of the case is
		Meyer CompuCourt Reporting
		Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

Page 36748 : 1 released, 'it will be full of areas to 2 criticize and legitimately so.'" 3 I'd like you to comment on this comment here 4 that: 5 "'We had no input ...' 02:21 6 Can you tell us what input Mr. Wolch, 7 Mrs. Milgaard, and their group had as far as what 8 it was that your investigators investigated? 9 Well I think they certainly had full input into Α 02:21 10 all the matters that were investigated, and the matters that were investigated were substantially 11 12 those that were raised by them. Not only that, 13 but a number of times during the investigation we 14 went back to require -- or to request 02:21 15 clarification either from Mr. Wolch or his 16 associates. 17 0 And so, on the point of: 18 "'We had no input ...'", 19 I take it; do you disagree with that --02:21 20 Α Yes. 21 -- suggestion? Q 22 Yes, I disagree with that. Α 23 0 And he says: 24 "'... and there was nobody there to 02:21 25 argue our case.'"

AS.

= Page 36749 =

F

		Page 36749
1		In investigating a complaint of criminal
2		wrongdoing would it be your practice, as a police
3		investigator, to involve the complainant in
4		arguing their case throughout the course of your
<i>0</i> 2:22 5		investigation?
6	А	No, it would not. Our job would be simply go out
7		and examine the evidence and then test that
8		evidence.
9	Q	Now does this article and, again, there is a
<i>0</i> 2:22 10		number of others like it, actually, go to 217219.
11		And here's a <i>Globe and Mail</i> article, I believe
12		around the same date, it says RCMP report called
13		whitewash by Milgaard. And scroll down, please.
14		Actually, sorry, scroll up a bit. It says:
<i>0</i> 2:22 15		"Mr. Milgaard and his lawyers
16		dismissed the findings as a 'complete
17		and utter whitewash' of what they insist
18		is a ongoing coverup."
19		Now at this point, again, the report had not been
02:23 20		provided to anybody other than the minister;
21		correct?
22	А	Correct.
23	Q	And then down at the bottom, I guess this is
24		attributed to Mr. Milgaard:
<i>0</i> 2:23 25		"He said in an interview he
		Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

Page 36750 1 was flabbergasted by the review's 2 findings. 3 'Everybody is being cleaned up and whitewashed by the RCMP of 4 5 Canada, ' he said. 'I can't believe it. 02:23 6 But on second thought, maybe I shouldn't 7 been surprised.' 8 Mr. Milgaard said he was not 9 interviewed by the RCMP during their 02:23 10 review." 11 On the latter point, I think you've already 12 touched on this, but did you interview Mr. 13 Milgaard during your review? 14 Yes, on two occasions. Α 02:23 15 Can you tell us just generally what your response 0 16 was, or your thoughts, to sort of the public 17 condemnation of your report before anybody had 18 actually read it? 19 Α I don't think that I was surprised, to be quite 02:23 20 honest with you. I don't think I took issue with 21 it either way. 22 Q And why were you not surprised? 23 Α I suppose I was probably disappointed, because I 24 had thought that Mr. Wolch and Mrs. Milgaard both 02:24 25 had confidence and trust in the fact that we would Meyer CompuCourt Reporting =

= Page 36751 =

1

do a thorough investigation, and certainly it's my

2	view tha	t we did do a thorough investigation, and
3	I guess	I was somewhat disappointed, but I wasn't
4	surprise	d.
02:24 5	Q Go to 06	1616. And here's a couple of documents.
6	August 1	8th, 1994, Criminal Operations, just
7	refers t	o:
8		"- In a conversation with Mr. McCrank,
9		on Aug2/94 Insp. Sawatsky reiterated our
02:24 10		position that prior to a public release
11		of findings, the police or Sask Justice
12		should meet with Mr. Wolch and inform
13		him of the results. Mr. McCrank stated
14		that he had told Mr. Cotter that he
<i>0</i> 2:25 15		recommended Sask Justice enter into a
16		'solicitor's agreement' barring Wolch
17		from going public with any of the
18		details of the report until Sask Justice
19		had made a release."
02:25 20	And then	scroll down:
21		"- Insp. Sawatsky spoke with Mr. Cotter
22		on either Mon/Tues - Aug. 15/16, and he
23		made a point of stating that we should
24		decide when we should meet with Mr.
02:25 25		Wolch and decide on how the disclosure
		Meyer CompuCourt Reporting
		onal Court Reporters serving P.A., Regina & Saskatoon since 1980 ng - Call Irene @ 1-800-667-6777 or go to www.compucourt.tv

	I 	——————————————————————————————————————
1		should be handled."
2		Scroll down:
3		"- Insp. Sawatsky emphasized the need to
4		meet with Mr. Wolch prior to a public
5		release of findings on numerous
6		occasions during conversations with
7		Alberta Justice."
8		And I think that's consistent with what you told
9		us earlier, your view was that you favoured
<i>0</i> 2:25 10		informing Mr. Wolch of the results before they
11		were made public?
12	А	Yes. Yes. As I indicated, I felt an obligation
13		to get back to Mr. Wolch, I had made him that
14		commitment.
02:26 15	Q	And as far as informing the results, did that
16		include providing Mr. Wolch with a copy of your
17		250 page report before it was made public?
18	А	I think I believed that he should be provided the
19		report in advance. I don't know if I was
02:26 20		necessarily of the view that it should be provided
21		when we gave him the recommendations, but at some
22		point in time I believed we should give him the
23		report.
24		MR. HODSON: I see it's 2:30. It may be
02:26 25		appropriate to take an afternoon break. We sit
		Meyer CompuCourt Reporting

Page 36753 : 1 until 3:30 today. 2 COMMISSIONER MacCALLUM: 3:30, yeah. 3 (Adjourned at 2:26 p.m.) (Reconvened at 2:47 p.m.) 4 5 BY MR. HODSON: 02:47 If we can go to 061624, please, and this is an 6 Q 7 August 19th, 1994 letter that Chief Superintendent 8 Leatherdale wrote to Mr. Wolch in response to Mr. 9 Wolch's August 17, 1994 letter stating that: 02:47 10 "Now that our report is in the hands of 11 the Deputy Minister for Saskatchewan 12 Justice, I feel it is most appropriate 13 that he respond to your request." 14 So it appears that once you gave your report to 02:47 15 Alberta Justice and through to Saskatchewan 16 Justice, the issue of what would happen to the 17 report would be their decision? 18 That's correct. Α 19 0 061708, and this is reference notes from C.O. Can 02:48 20 you tell me what these would be? It appears to be 21 notes relating to the handling of the file. Maybe 22 I can just read this second paragraph, it appears 23 to be an RCMP document, it says: 24 "We dealt with this as a criminal 02:48 25 investigation....into allegations of Meyer CompuCourt Reporting =

Page 36754 1 obstruction of justice....the scope 2 broadened to take into the account the 3 murder and many related aspects in an effort to deal with all of Wolch's 4 5 We felt that a meeting with 02:48 concerns. Wolch to inform him of the results of 6 7 our investigation was consistent with 8 the usual practice of informing 9 complainants of the action taken." 02:48 10 Would that be an accurate statement of your view? 11 Д Yes. I'm wondering if this is perhaps just 12 some -- I think this is probably the commanding 13 officer who was Assistant Commissioner Proke at 14 the time I believe, and it could be that we were 02:49 15 just providing him with some background 16 information and our views on some information. 17 And maybe just so that I get this clear, that in a 0 18 normal -- this was a criminal investigation; 19 correct? 02:49 20 Yes. А 21 And your normal practice is that you would go to a Q 22 complainant in a criminal investigation -- once 23 you concluded your investigation, you would 24 normally go to the complainant at the conclusion 02:49 25 and say here is the results of our investigation,

_____ Meyer CompuCourt Reporting =

	Г		Page 36755
			Ŭ
	1		that would be your normal practice?
	2	А	Yes, it would.
	3	Q	And in this case, the conclusion of your
	4		investigation was provided to Alberta Justice and
02:49	5		then through to Saskatchewan Justice; is that
	6		correct?
	7	А	That's correct.
	8	Q	And I think what you've told us, it was their
	9		decision not to provide the complainant, Mr.
02:49	10		Wolch, with the results of the investigation
	11		before they had an opportunity to publicly
	12		announce it; correct?
	13	А	Correct.
	14	Q	And I think you told us your understanding of
02:49	15		their reasons were that they were concerned that
	16		if the results of the investigation were provided
	17		to Mr. Wolch, he would provide them to the media
	18		before the Saskatchewan Minister of Justice could
	19		respond and announce the results; is that a fair
02:50	20		summary?
	21	А	I believe that was our concern, yes.
	22	Q	And similarly, the normal method of handling
	23		and just so we're clear here, I think what you are
	24		talking about is not a case where you would sit
02:50	25		down with Mr. Wolch and say here's our report,
			Meyer CompuCourt Reporting
			Certified Professional Court Reporters serving P.A. Regina & Saskatoon since 1980

Page 36756

		Page 36756
1		here's all of our background work, here's
2		everything we've done, go to it, but rather here
3		are our results, here's what we've concluded and
4		here's why; is that fair?
<i>02:50</i> 5	А	That's fair.
6	Q	And would that be maybe courtesy is the wrong
7		word, but it would be or maybe it's the right
8		word. What would be the purpose of doing that, of
9		informing Mr. Wolch in your view of the results
<i>0</i> 2:51 10		before they were announced publicly?
11	А	I would suppose the word courtesy may be an
12		appropriate term. It's simply to advise the
13		complainant that you, you know, completed your
14		investigations and what your findings were so they
<i>02:51</i> 15		hear it from you first and not from someone else.
16	Q	And then again it says here:
17		"Copies of investigation reports are
18		transmitted to Sask Justice without
19		restrictions on disclosure/handling. It
02:51 20		has been a long standing policy of
21		public prosecutions, Sask Justice not to
22		disclose copies of police reports. To
23		our knowledge, copies of our the reports
24		have not been disclosed to anyone
02:51 25		outside of Sask Justice."
		Meyer CompuCourt Reporting

			by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
			Page 36757
	1		And that would be accurate?
	2	А	That would be accurate, yes.
	3	Q	And so again, as far as sitting down with Mr.
	4		Wolch, you were not thinking of providing him, in
02:51	5		advance of public disclosure of the report, all of
	6		the police investigation reports, statements and
	7		interview notes, etcetera?
	8	А	No.
	9	Q	And 061631, they appear to be minutes of a meeting
02:52	10		between you, Mr. Dosenberger, Mr. Leatherdale and
	11		the deputy minister and Mr. Moen; is that correct?
	12	А	Correct.
	13	Q	And this was about disclosure of the RCMP
	14		investigation report, and go to the next page, it
02:52	15		says:
	16		"It was agreed that the RCMP should meet
	17		with Mr. Wolch to inform him about the
	18		results of our investigation and that
	19		Alberta Justice should take the lead
02:52	20		role in arranging a meeting. Further,
	21		we agreed there was no need for Mr.
	22		Cotter to be present at the meeting but
	23		Mr. McCrank and Mr. Fraser should
	24		attend.
02:52	25		The timing of the meeting
			Meyer CompuCourt Reporting

R

Murray Sawatsky

Page 36758 1 with Mr. Wolch was discussed. Ιf 2 possible, it should coincide with public 3 disclosure of the police report. The 4 latter part of September was seen as a 5 target date for such a meeting." 02:53 6 Is that an accurate summary of what was 7 discussed? 8 Yes, it is. Α 9 COMMISSIONER MacCALLUM: Was that 708? I'm 02:53 10 sorry. 11 MR. HODSON: If we can just go back, that's 12 September the 1st, 1994. I'm sorry, your 13 question? 14 COMMISSIONER MacCALLUM: I'm just looking 02:53 15 for the doc -- oh, 061631. Thank you. 16 BY MR. HODSON: 17 So it appears that the RCMP wrote to Mr. Wolch and 0 18 said lookit, disclosure of the report is a 19 Saskatchewan Justice issue. You met with 02:53 20 Saskatchewan Justice and they said lookit, the 21 RCMP should meet with Mr. Wolch, but have Alberta 22 Justice present and Alberta Justice should arrange 23 it; correct? 24 Α That's correct. 02:53 25 Then 061664, September 14th, 1994, a letter to Mr. Q

Page 36759 =

		
1		Wolch arranging a meeting for September 27th I
2		think, 1994, with McCrank, Mr. McCrank and Mr.
3		Fraser and you; is that correct?
4	А	Yes.
<i>02:54</i> 5	Q	Now, that meeting didn't happen did it?
6	А	No.
7	Q	Do you remember why or what happened there?
8	А	I know that the decision to meet with Mr. Wolch
9		was reversed and changed and amended a number of
<i>0</i> 2:54 10		times and I think what happened was after this
11		decision, there was another concern about meeting
12		with him and eventually it was decided that there
13		wouldn't be a meeting.
14	Q	There would be?
<i>02:54</i> 15	А	There wouldn't be a meeting, sorry.
16	Q	And do you remember what that was?
17	А	I think it was the same concern as before, that
18		perhaps the findings would be in the public domain
19		before the minister had a chance to sort of make
02:54 20		them public himself.
21	Q	And so again the findings were out there, now you
22		were talking about the actual substance of your
23		report?
24	А	Yes, sorry, the substance of the report, that's
<i>0</i> 2:55 25		right.
		Meyer CompuCourt Reporting

Page 36760

	1	Q	Yeah. So are you telling us that it was agreed to
	2		meet with Mr. Wolch and then later a similar
	3		concern arose that if the 250 page report was
	4		provided to Mr. Wolch before the minister made the
02:55	5		report public, that it would find its way into the
	6		public domain through Mr. Wolch; is that your
	7		evidence?
	8	А	I believe so, yes. I believe that's what would
	9		happen, that's my evidence.
02:55	10	Q	If we can go to 238801, and this is a February 15,
	11		1995 memo to file about the DNA exhibit testing,
	12		and just by way of background, I think we have or
	13		will hear evidence that in early 1995
	14		representatives of David Milgaard or counsel
02:56	15		and/or Joyce Milgaard had contact directly with
	16		Mr. Fainstein with Federal Justice, this was right
	17		around the time of the Guy Paul Morin DNA matter,
	18		and discussions were held directly between the
	19		Milgaards and Federal Justice about getting DNA
02:56	20		testing done. Do you know if you would have been
	21		aware of that at the time?
	22	А	I don't know. I don't recall having any
	23		involvement in that.
	24	Q	Okay. And so and I had mentioned this earlier,
02:56	25		and I think you agreed, it appears that there were
			Meyer CompuCourt Reporting

Page 36761 1 two -- that you were doing your DNA -- or you were 2 considering DNA steps. At the same time, perhaps 3 unbeknownst to you, Federal Justice lawyers were 4 also looking at the same steps, but they had the 5 exhibits; correct? 02:57 6 Correct. Α 7 And so here: 0 8 "At the termination of this project, our 9 Forensic Lab ... had not yet reached the 02:57 10 stage where they could conduct an analysis of the exhibits..." 11 12 And you go on to review, if you are going to do 13 it, authority from the Supreme Court is required, 14 and then: 02:57 15 "I spoke with Mr. McCrank and he asked 16 me to speak with the Lab and ascertain 17 when they could do the analysis. Mr. 18 Gaudette advises they could do the test 19 as early as late March 95 but would 02:57 20 prefer to wait until at least the summer 21 because of the high profile nature of 22 this case. I contacted Mr. McCrank and 23 24 we both feel that our investigation 02:57 25 would not want to be responsible for = Meyer CompuCourt Reporting =

Page 36762

1		pushing the Lab into a process that may
2		ruin the possibility of success later
3		on. For that reason, we feel we should
4		wait until the Lab is comfortable in
<i>0</i> 2:57 5		performing the test.
6		The other matter here is the
7		fact that we will be meeting with Mr.
8		Wolch shortly. During that meeting we
9		can indicate to him that the testing
<i>0</i> 2:57 10		procedure can likely be done in this
11		summer and that we will be asking for
12		him client's approval to perform the
13		test.
14		Both McCrank and I are of the
<i>0</i> 2:58 15		view that we should pursue DNA testing
16		on this file and once the Lab is in a
17		position to do it we should proceed."
18		And we're preparing for a meeting with Mr. Wolch.
19		So I take it from that that in early 1995 it
02:58 20		looks as though a meeting with Mr. Wolch is
21		planned to discuss the report and that you
22		believe the DNA testing issue will come up in
23		your meeting with Mr. Wolch?
24	А	Yes.
<i>0</i> 2:58 25	Q	And is that the purpose then of resurrecting the
		Meyer CompuCourt Reporting

Page 36763 : DNA issue, in that in meeting with Mr. Wolch you 1 2 expected it to come up? 3 I'm not certain of that. That could be a reason. Α I'm not certain of that though. 4 5 Q Do you recall then why in February of 1995 you 02:58 would be concerned about DNA testing when your 6 7 report was completed? 8 Α I'm not aware of any other reason why we would be. 9 I just don't have specific recall of how this came 02:58 10 about. If we can then go to 061808, and this is a letter 11 Q 12 April 21, 1995 to you from Ron Fainstein, and it's 13 dated April 21, '95, if we can go to the next 14 page -- sorry, go to 061811 -- and this is a 02:59 15 letter from the RCMP lab to Mr. Fainstein and 16 you'll see here a reference, the RCMP lab is 17 reporting to Mr. Fainstein regarding a: "...letter of Feb. 21, 1995 from Mr. 18 19 Milgaard's lawyers (directed to your 02:59 20 office)..." 21 About DNA testing, and what other documents and 22 other evidence show is that on February 21, 1995 23 Mr. Milgaard's lawyers wrote to Mr. Fainstein 24 about embarking on some new DNA testing, and 03:00 25 again, it looks as though Mr. Fainstein is

Page 36764 1 informing you of that in April of '95; is that 2 correct? 3 Α Yes. And then if we can go to 061809 of this document, 4 0 5 and this is your memo to file regarding DNA 03:00 6 testing, it indicates you called Fainstein and 7 learned of the following and talks about a 8 February 6th: 9 "...Fainstein received a call from Greq 03:00 10 Rodden, Milgaard's legal counsel. At 11 that time Rodden was enquiring about 12 having tests completed on the Miller The call coincided with the 13 exhibit. 14 exoneration by DNA of Morin in Ontario." 03:01 15 And then Fainstein went on to provide you with 16 commentary about the discussions he had had with 17 the Milgaards and other experts; is that correct? 18 Yes. Α 19 0 It would appear that your involvement then in the 03:01 20 DNA testing, I think after this memo I don't think 21 there's much further, it would appear that Mr. 22 Fainstein then, along with the Milgaards and their 23 counsel and experts proceeded on with the DNA 24 testing; is that right? Do you recall having much 03:01 25 further involvement, other until 1997 and the Meyer CompuCourt Reporting =

Page 36765 -

	ī		Page 36765
	1		warrant, do you recall having much involvement, or
	2		any?
	3	А	I don't recall having any, no.
	4	Q	And so it appears at this point, April, 1995,
03:01	5		Federal Justice lawyers and David Milgaard's
	6		lawyers and perhaps Saskatchewan Justice to a
	7		degree and your lab, the RCMP lab, Federal Justice
	8		starts to carry the ball in pursuing the DNA
	9		testing. Was that your understanding?
03:02	10	А	Yes, it was.
	11	Q	And you did not have any direct involvement after
	12		that other than July when you are asked to swear
	13		the warrant?
	14	А	Correct.
03:02	15	Q	Or pardon me, the information. Go to 033291.
	16		This is a letter of Mr. Wolch April 27th, 1995 to
	17		the then Minister of Justice Ned Shillington and
	18		this is a letter asking for an inquiry, and then
	19		if we can scroll down, talking about I think
03:03	20		Mr. Shillington had earlier referred to your
	21		investigation, but Mr. Wolch writes about:
	22		"The Royal Canadian Mounted Police -
	23		their investigation was clearly not an
	24		inquiry. What is interesting is that at
03:03	25		the beginning of same, I advised
			Meyer CompuCourt Reporting
	-		Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980
			Central Booking - Call Irene @ 1-800-667-6777 or go to www.compucourt.tv

Page 36766

	1		Inspector Sawatsky that once he has
	2		gathered the information, I wish to sit
	3		down and go over it with him to have
	4		some input as to what I think might be
03:03	5		possible errors or Avenues to follow.
	6		He advised me that that would be fine
	7		and I even wrote to him later on asking
	8		him when I would get the opportunity.
	9		In spite of that the report was
03:03	10		concluded without my chance to review
	11		same, and even to this date I don't know
	12		what is in the investigation."
	13		Did you agree with Mr. Wolch that after you had
	14		gathered the information, you would sit down with
03:03	15		him, go over it with him and let him have input
	16		as to what he thought might be possible errors in
	17		your investigation or avenues to follow?
	18	А	No, I don't recall making that commitment. As I
	19		indicated before, I do recall making a commitment
03:04	20		that I would meet with him at the end of the
	21		investigation and provide him with the results.
	22	Q	But not for the purposes that he says in this
	23		letter; is that correct?
	24	A	Correct.
03:04	25	Q	And then he says:
			Meyer CompuCourt Reporting

	[——————————————————————————————————————	
		C C	
	1	"Seven or eight months ago,	pursuant to
	2	communication with Inspector	Sawatsky a
	3	meeting was arranged apparen	tly for us
	4	to be informed as to what in	formation
03:04	5	was gathered and to have som	e input, but
	6	the meeting was postponed at	your
	7	Department's request. We ha	ve indicated
	8	that our willingness to meet	on
	9	relatively short notice, and	we from
03:04	10	time to time receive communi	cations from
	11	Inspector Sawatsky that he i	s still
	12	attempting to arrange a meet	ing."
	13	And was that in fact the case?	
	14	A I believe at the time that's an accur	ate
03:04	15	recollection.	
	16	Q And then 061937, this is a June 30, 1	995 memo, I
	17	think this is Sergeant Dosenberger's	reference to
	18	Kathy Hillman-Weir, who I think is fr	om
	19	Saskatchewan Justice:	
03:05	20	"telephoned to discuss ar	rangements
	21	for a meeting with Mr. Wolch	. She says
	22	it is up to us to contact Wo	lch and
	23	arrange. She is not sure wh	ether or not
	24	if the D/M will participate	- probably
03:05	25	not."	
		Meyer CompuCourt Reporting	

			by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
			——————————————————————————————————————
	1		And then down at the bottom, and I think this is
	2		Mr. Dosenberger's comment:
	3		"I asked Shelley to call Wolch's office.
	4		She did so and Wolch stated he was not
03:05	5		available the week of the 10th July
	6		because he'll be in Newfoundland. Next
	7		week is very rushed and it is necessary
	8		to confirm with Greg Rodin first. He
	9		asked about where the meeting will take
03:05	10		place - I told her Winnipeg or Regina -
	11		latter being our reference. Wolch
	12		indicated to Shelley that he thought
	13		Alberta and that we would be paying the
	14		shot! I told her we would not be paying
03:05	15		and to convey this to him during the
	16		next contact"
	17		Do you know if that became an issue in setting up
	18		the meeting, as to who was going to pay for
	19	А	I don't recall that it happened before, but
03:06	20		certainly we would have traveled to Winnipeg at
:	21		our expense to meet with him. If the decision had
:	22		been made to meet with him, we wouldn't have
2	23		worried about the cost.
:	24	Q	And then again 061884, this is a July 4th, '95
03:06	25		letter from you to Mr. Wolch about the meeting
			Meyer CompuCourt Reporting

Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006

1 indicating that you are open to meet to outline: 2 "...our findings into the allegations of 3 wrongdoing which emerged from our 4 meeting with him 92-11-26. We are 5 prepared to follow through on this 03:06 commitment and I am writing to ascertain 6 7 when this can be done. 8 It is my understanding that 9 Saskatchewan Justice plan to make our 03:07 10 report public very soon and accordingly, 11 we would prefer to meet as soon as 12 possible. If you can arrange your 13 schedule, we would be prepared to travel 14 to Winnipeg later this week." 03:07 15 And so this would have been what you sent to Mr. 16 Wolch? 17 Α Yes. 18 And you talk here about the commitment that you Q 19 made to meet with him. Was this letter to follow 03:07 20 up on that commitment to get back to him and share 21 the information with him? 22 Exactly, yes, that's what it was for. Α 23 0 Do you recall if your commitment to him was to 24 give him the results of the information before 03:07 25 they were made public or just to give him the

Page 36769

Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

Central Booking - Call Irene @ 1-800-667-6777 or go to www.compucourt.tv

Page 36770 1 information? To give him the results of our investigation. 2 Α 3 Was it --0 4 Before they were made public, yes. Α 5 Pardon me? 03:07 Q 6 Before they were made public. Α 7 And that's what you had originally discussed with Q 8 him? 9 I don't know if I necessarily discussed the Α Yes. 03:07 10 timing, but my original commitment to him was that at the end of our investigation we would provide 11 12 him with the results. 13 0 Right. And I guess -- I think what you are saying 14 is, as you said you would give him the results, 03:08 15 but did your commitment include to do so before 16 they were made public or just at the end of your 17 investigation? 18 I believe just at the end of the investigation. Α Ι 19 don't think there was any discussion about before 03:08 20 they were made public. 21 And so on July 4, 1995, would this letter then be Q 22 to try and arrange a meeting for you to meet the 23 commitment then that you made to him? 24 Α Yes, and I should add that, I mean, 03:08 25 notwithstanding that I don't recall making that Meyer CompuCourt Reporting =

Page 36771

		——————————————————————————————————————
1		commitment, I believe that he should have been
2		given the results before they were made public and
3		I believed that all along.
4	Q	Okay. If we can then go to 061885, I think this
<i>03:0</i> 8 5		is Mr. Wolch's letter back go to the next
6		page to your letter, and I think this is where
7		Mr. Wolch is expressing concern about waiting and
8		then now being told that the meeting has to happen
9		fairly quickly, it says:
<i>03:0</i> 9 10		"It is totally frustrating and I am
11		advised on even date that we should meet
12		this week to review the report. I am
13		also advised that I may not review
14		anything in advance to prepare myself
03:09 15		and to refresh my memory regarding these
16		matters."
17		Was there a request by Mr. Wolch to read the
18		report before you met with him or to have
19		something in advance that he could read, or do
03:09 20		you recall?
21	А	You know, I'm sorry, I don't recall whether there
22		was a discussion with him about that. He must
23		have got it from somewhere, but I don't recall
24		having a discussion.
<i>03:0</i> 9 25	Q	And then on the next page, Mr. Wolch says:
		Meyer CompuCourt Reporting
		Cartified Professional Court Panarters serving PA Pagina & Sackstean since 1090

R

	Page 36772
1	"It is becoming quite obvious to me that
2	the Government is not really interested
3	in who murdered Gail Miller or David
4	Milgaard's guilt or innocence but rather
<i>03:09</i> 5	is more interested in saving money and
6	embarrassment. Putting a favourable
7	spin on your report is far more
8	important than getting to the truth."
9	I appreciate that that comment is, at least in
03:10 10	part, about the government, but what is your
11	response to that as far as your role is
12	concerned, Mr. Sawatsky?
13	A You know, I guess I sort of look at this much like
14	I did the media release, I think there comes a
<i>03:10</i> 15	point where you don't really pay a whole lot
16	attention to comments like that. I really
17	didn't it didn't cause me a lot of concern. So
18	what sort of thing.
19	Q And 061941, and this appears to be a continuation
03:10 20	report around July, '95, July 12th, and this is
21	about when the report would be made public, and:
22	"The question arose should we the Force
23	be making any statements concerning the
24	report. It was decided that should
03:11 25	anyone ask the following would be
	Mever CompuCourt Reporting
16 17 18 19 03:10 20 21 22 23 24	attention to comments like that. I really didn't it didn't cause me a lot of concern. So what sort of thing. Q And 061941, and this appears to be a continuation report around July, '95, July 12th, and this is about when the report would be made public, and: "The question arose should we the Force be making any statements concerning the report. It was decided that should

	1	1	——————————————————————————————————————	Vol 176 - Thursday, August 31st, 2006
			1 age 60776	
	1		provided."	
	2		And you go through providing	information.
	3		"It was also decided	d that should any
	4		allegations be made	by the Milgaard side
03:11	5		then we would rebut	that specific
	6		allegations based or	the report."
	7		Did you anticipate that once	the report was
	8		released, that you would be o	criticized in the
	9		media by the Milgaards?	
03:11	10	А	Yes, I think we were certainl	y prepared for that,
	11		and this piece of corresponde	ence is from a
	12		Corporal Hoeft who was the me	edia relations person
	13		and I think he was seeking so	ome guidance here as
	14		to and probably confirming	g some discussions we
03:11	15		had about how the RCMP would	respond to media
	16		inquiries.	
	17	Q	Go to 061941 sorry, 061944	. We're now jumping
	18		ahead to February 29, 1996.	I think just on the
	19		chronology, the report was re	eleased in July of
03:12	20		'95, your 250 page report mir	nus some confidential
	21		exclusions, but here it's Feb	oruary 27, '96, you:
	22		"received a call	from Mr. Feinstein.
	23		The issue	of performing a DNA
	24		test on Gail Miller'	s panties has again
03:12	25		surfaced and he wish	ned to discuss our
			Meyer CompuCourt Reportin	a 2
		~	antifical Durfagaianal Occur Danantana ann 1990 A. D	

		Vol 176 - Thursday, August 31st, 20
	1	views on having it done. I informed
2	2	Feinstein that we were still of the view
3	3	that our investigation was a "search for
2	4	the truth" and that the testing should
<i>03:12</i> 5	5	be done if possible.
e	6	He stated that there was
7	7	discussions ongoing between our Dr.
8	8	Fourney and Mr. Blake, one of the
C	9	leading USA experts. The discussions
03:12 10	0	involve the most appropriate method to
11	1	use when the test is done.
12	2	Feinstein felt that due to
13	3	the fact we may get an opportunity to
14	4	conduct the test we should look at all
<i>03:13</i> 15	5	the possibilities and wondered if we
16	6	should test the man who was out with
17	7	Gail Miller the night before she was
18	8	murdered, Dennis Elliott. He is of the
19	9	view that if the test eliminates
03:13 20	0	Milgaard it may be of benefit to
21	1	identify the depositor.
22	2	We certainly are not looking
23	3	at any other suspects but for
24	4	elimination purposes this may be
03:13 25	5	worthwhile."
		Meyer CompuCourt Reporting

= Page 36775 =

1		And again, do you recall this discussion?
2	А	Yes, I do.
3	Q	And so what would be the purpose of getting Dennis
4		Elliott's testing Dennis Elliott?
<i>03:13</i> 5	А	Well, I think there was a suggestion that perhaps
6		Gail Miller could have had consensual sex perhaps
7		some period of time before the rape/murder and
8		that we were aware that Mr. Elliott had been with
9		her either the night before or two nights before,
03:13 10		I'm just not certain which, and that I think Mr.
11		Fainstein's contention was that perhaps the
12		analysis may identify an unknown donor and that
13		this may help to clarify or eliminate the need to
14		go any further because it could be that if the
<i>03:13</i> 15		donor wasn't Mr. Milgaard, then perhaps it could
16		have been Mr. Elliott, and I think we suggested
17		several times throughout the report that the stain
18		could have come from a consensual sex partner or
19		from the victim herself.
03:14 20	Q	And then here it appears that Mr. Fainstein is
21		it fair to say that the Federal Justice Department
22		asked you to go out and get Mr. Elliott to get a
23		sample for DNA testing?
24	А	Yes.
03:14 25	Q	And would that have been at the direction of Mr.
		Meyer CompuCourt Reporting

Page 36776 -

Fainstein then?

2 A Yes.

1

3 It says here, "We certainly are not looking at any 0 other suspects... " Would that include -- where 4 5 did Mr. Fisher fit in at this time? 03:14 Well, at this time, as I indicated before, our 6 Α 7 investigation was complete and our results were as 8 stated, we didn't have any reason, found no 9 evidence during our investigation that would cause 03:14 10 us to believe Mr. Fisher was responsible at that 11 time and I think this, I'm simply suggesting here 12 that although there are no other suspects, it's 13 possible that there could have been a consensual 14 partner and therefore, to me, this procedure made 03:15 15 sense. 16 If we can go to 036217. And this is a briefing Q 17 note of June 3rd, '97. And, just for the record, 18 I think it was July, early July 1997 that Gail 19 Miller's clothing and samples from Mr. Milgaard, 03:15 20 Mr. Fisher, and Mr. Elliott were sent to England, 21 so this would be the month prior, and this is a 22 briefing note relating to upcoming DNA testing; is 23 that correct? 24 Α That's correct. 03:15 25 If we can go to the next page, and so this is the Q = Meyer CompuCourt Reporting =

		by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
		Page 36777
	1	briefing note with the background, if we can go to
	2	the next page you say here:
	3	"During the project Flicker
	4	investigation, our investigators
03:16	5	researched the feasibility of having our
	6	Forensic Lab DNA type the small
	7	remaining portion of the original stain.
	8	In consultation with Dr. Fourney of our
	9	Forensic Lab in Ottawa, we were advised
03:16	10	that the DNA science had not progressed
	11	to the degree where our Lab personnel
	12	felt an analysis of the small remaining
	13	portion could/should be undertaken."
	14	And then:
03:16	15	"DNA testing has continued to
	16	be an issue between our two levels of
	17	Justice and Mr. Milgaard's counsel and
	18	both sides have continued to revisit the
	19	feasibility of having DNA typing
03:16	20	conducted on the remaining portion of
	21	the stain on the panties which were
	22	seized from the Miller murder crime
	23	scene."
	24	Scroll down. It says:
03:16	25	"An agreement has been reached amongst
		Meyer CompuCourt Reporting

F

Murray Sawatsky

			Vol 176 - Thursday, August 31st, 2006 Page 36778
			rage 30770
1			the levels of Justice and Milgaard's
2			counsel for the DNA analysis to be
3			conducted in an independent laboratory
4			in Cornwall, England. The results of
03:17 5	5		this scientific examination are expected
6	,		in mid-July 1997."
7	,		And so I take it you would have been informed by
8	;		somebody in early June 1997 that an agreement had
9	,		been reached to have the garments tested?
<i>03:17</i> 10		А	That's correct.
11		Q	Do you know what went on from early 1995 to
12			mid-1997 to explain why it took that amount of
13			time to arrange for the garments to be tested for
14			DNA?
<i>03:17</i> 15		А	I didn't know at the time and, you know, I was
16	,		busy working on other matters so this probably,
17	,		you know, was something that I wasn't actively
18			involved in. I do know, now, a little bit of
19	,		background. I've learned that there was some
03:17 20			discussion going on about the technique to be
21			used, or something. Other than that, I don't know
22			anything more about it.
23		Q	And would it be correct to say, Mr. Sawatsky, that
24			or did you view it as your responsibility, from
03:17 25			1995 to 1997, to be carrying the ball in getting
			Meyer CompuCourt Reporting

— Meyer CompuCourt Reporting –

		Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
		——————————————————————————————————————
1		the DNA testing done, or was that the Department
2		of Federal Justice lawyers?
3	А	That's correct, it was the Department of Justice
4		federal lawyers in my view.
03:18 5	Q	And then you say here:
6		"Current Status:
7		Police investigators have
8		never maintained that the stain in Gail
9		Miller's panties came from the killer."
<i>03:18</i> 10		And can you just, I mean I can go through all of
11		this, I'm just wondering if you can elaborate on
12		that point?
13	А	Yeah. I think that there was there we,
14		throughout our investigation there was always some
<i>03:18</i> 15		uncertainty that there was other possibilities for
16		the stain being in the panties than that they came
17		from the killer. Certainly, you know, one would
18		have a reasonably strong belief that there is a
19		strong possibility the stain did come from the
03:18 20		killer, but I think we wanted to be alive to other
21		possibilities.
22	Q	Okay. And then you go down and explain the four
23		possibilities:
24		"1. Gail Miller engaged in consensual sexual
03:18 25		relations with an unknown person prior
		Certified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

R

		Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006
		Page 36780
1		to the murder and the stain originated
2		from that person.
3		2. The origin of the stain is a bodily
4		secretion from the victim herself.
03:19 5		3. The stain is from the person responsible
6		for the murder (David Milgaard)
7		4. The stain is from an outside source."
8		And would that be I'm just wondering; did you
9		consider the possibility that it would be from a
<i>03:19</i> 10		perpetrator other than David Milgaard?
11	А	And I think number 4 says:
12		"The stain is from an outside source."
13	Q	Okay.
14	А	I think that would be that consideration.
<i>03:19</i> 15	Q	And then you say:
16		"The examination of this exhibit could
17		result in three findings:
18		1. Inconclusive results due to
19		contamination",
03:19 20		and:
21		"This result would end the issue for
22		both sides in this matter."
23		Who are 'both sides' there?
24	A	Both for the Milgaard side and for the Fisher
03:19 25		side, because we were left with it was one of the
		Mover CompuCourt Peperting

			Page 36781
	1		two.
	2	Q	Okay. And then:
	3		"2. DNA typing reveals that David Milgaard
	4		is the donor.
03:19	5		This would link David Milgaard
	6		conclusively to the murder of Gail
	7		Miller. However, when I interviewed
	8		Mr. Wolch he told me he is prepared to
	9		argue exhibit contamination and
03:20	10		tampering if the results show David
	11		Milgaard is the donor of the stain on
	12		the panties."
	13		And is that something that Mr. Wolch told you?
	14	А	Yes, it is.
03:20	15	Q	And:
	16		"3. DNA typing determines the DNA present is
	17		not from David Milgaard."
	18		And you say:
	19		"I would expect a strong statement of
03:20	20		Milgaard's innocence from the interested
	21		parties. However, it is important to
	22		keep this matter in perspective. Police
	23		investigators have never claimed the
	24		stain in the victim's panties is from
03:20	25		the killer; a negative DNA analysis does
			Mever CompuCourt Reporting

- Page 36782

I

		1 490 001 02
1		not prove that Milgaard is innocent."
2		Can you just elaborate on that?
3	А	Yeah, and what I think I was trying to suggest
4		there is during the investigation there were any
03:20 5		number of theories advanced and of course, you
6		know, because we didn't we weren't intimate
7		with what happened that day as far as the victim
8		was concerned there was theories advanced that it
9		could have been someone else, there could have
03:20 10		been two people involved, the stain may have been
11		contaminated, may have come from somewhere else.
12		So I think I was trying to suggest that that's not
13		necessarily an exoneration, but it could be, sort
14		of thing.
<i>03:21</i> 15	Q	So if the DNA had matched Dennis Elliott, would
16		that have exonerated David Milgaard
17	А	No, it would
18	Q	in your view?
19	А	No, it would not have.
03:21 20	Q	If we could then go to 036212. Sorry, no, if we
21		can skip ahead, 068588, please. And this is a
22		July 3rd, 1987 fax, I think is this from you, can
23		you tell, sending a copy of the draft warrant?
24	А	No, it's from A division, which is Ottawa, so it
03:22 25		would be from an investigator in Ottawa to me.
		Meyer CompuCourt Reporting

= Page 36783 =

		Ŭ
1	Q	And I'll go through some of these documents but I
2		think, in early July 1997, did the Federal Justice
3		lawyers go to the RCMP and ask the RCMP to swear
4		an information for an warrant to seize, I think it
03:22 5		was Larry Fisher's blood that was being held by
6		them in Ottawa?
7	А	Yeah, I think there were a number of exhibits from
8		Mr. Fisher being held. But yes, the warrant was
9		to seize material that the RCMP lab had, DNA
03:22 10		material the RCMP lab had on Larry Fisher.
11	Q	And then, if we can go to 061913, and can you
12		tell did you get any, can you tell us how you
13		became aware that Federal Justice lawyers were
14		seeking to have you swear an information for a
03:22 15		warrant related to this DNA testing?
16	А	I'm not sure if I was alerted through a phone call
17		or whether it was the preceding piece of
18		correspondence that indicated that when they sent
19		out the material they wished to have me swear.
03:23 20	Q	And were you involved in the details and the
21		negotiations and the planning as to what was to
22		happen with the DNA around this time?
23	А	No, I was not, I was not involved at all in
24		up from the point we talked about a few minutes
03:23 25		ago up until this point.
		Meyer CompuCourt Reporting

F

		Page 30784
1	Q	So it looks like, in early '95, you had
2		discussions with Mr. Fainstein about what he was
3		doing; I think in '96 he asked you to go get
4		Dennis Elliott's blood, which you had people do;
03:23 5		and then in '97, in July, you got a call or some
6		information from them asking you to swear an
7		information, is that right?
8	А	That's right.
9	Q	And I'll go through this with you, but what was
03:23 10		your initial reaction, were you to the request?
11	А	This was a this particular piece of
12		correspondence?
13	Q	No, just the request from them to swear the
14		information, and I will go through
03:23 15	А	Well, I guess I was a little bit surprised, and
16		for a number of reasons. I didn't believe that I
17		was the right person to swear that information.
18	Q	And why was that?
19	A	Well I guess it's something that we'll get into in
03:24 20		more detail as the correspondence, but it meant,
21		in my view, opening another investigation into the
22		guilt or innocence of Mr. Fisher, and I didn't
23		believe that it was our responsibility to do that.
24		I also believed that, before any work was done to
03:24 25		determine if Fisher was the donor, that Milgaard
		Meyer CompuCourt Reporting

Page 36785 =

needed to be eliminated. And I suppose there's probably a couple of other reasons that I'll certainly get to as we progress through this material. Sure. Just on the first point, did you know why

03:24 5 Q Sure. Just on the first point, did you know why 6 Federal Justice was coming to you to get the 7 warrant signed as opposed to doing it themselves, 8 or to get the information sworn?

1

2

3

4

9 Α I wasn't sure why they were coming to me but it 03:24 10 sort of seemed to me -- and, you know, I know that there are differing views on this -- but it sort 11 12 of seemed like a little bit of a fishing trip or a 13 shortcut, and I think I maintained throughout that 14 you take it a step at a time, you eliminate one 03:25 15 and then you move on to see if you've got 16 information or grounds to go on to the next one, 17 not just throw everybody into the mix and, if one 18 doesn't work out, then go to the next one. 19 0 And so do I understand your view, at least from 03:25 20 the documents, to be that your view should be 21 first to test David Milgaard, and if he was 22 eliminated as the donor of the semen, then you 23 could look at Larry Fisher? 24 Α Yes. 03:25 25 Or then there might be a basis? Q

Murray Sawatsky by Mr. Hodson Vol 176 - Thursday, August 31st, 2006 Page 36786
Yes, and Dennis Elliott would probably be in the
mix there somewhere as well, because if the stain
was not Milgaard's then they would certainly want
to eliminate Dennis Elliott.
Was he a suspect, though, Dennis Elliott?
He was not, no, but his, as you recall, his DNA
had been provided so that he could be looked at as
well.
And I think, in this Email, you respond here that

9 And I think 0 03:25 10 those -- you talk about your investigation, and 11 however:

03:29 25

respond to any questions that may come their way.

information for senior management of the RCMP to

Meyer CompuCourt Reporting =

So these questions would be designed to try and get some background, so my answers here were to try and assist them in understanding what was going on.

5 So I think her question is a 03:29 legitimate one in wondering what, because the 6 7 administration of justice usually falls to the 8 Attorney General in the province, I think she was 9 simply saying "what is the role of Saskatchewan, the Department of Justice in Saskatchewan on this 03:29 10 11 matter", and then I responded to her. 12 Q And again, just so that we're clear, the numbered 13 paragraphs in the Email would be her questions to 14 you and what follows are your answers? 03:29 15 What I did was simply brought up Α That's correct. 16 her Email and then typed in my answers underneath

1

2

3

4

17

18QAnd so is the question she is asking you "why are19the Federal Justice lawyers doing it and not03:2920Saskatchewan Justice and the Saskatoon City21Police?"

her questions.

A Yeah, I think what she is doing is trying to
 confirm what is the involvement of the Attorney
 General and Saskatchewan -- and Saskatoon Police
 03:30 25 Service in this matter.

Page 36791 =

And was that a concern that you had, as to why

1

Q

2 they weren't doing it instead of Federal Justice 3 lawyers? Well it's certainly something that I wondered 4 Α 5 about because, you know, I think furthering an 03:30 investigation and looking into another criminal 6 7 prosecution does, constitutionally, fall to the 8 Attorney General. 9 I see it's 3:30, Mr. Commissioner. I can indicate 0 03:30 10 for Mr. Sawatsky and the others I've got a, about four or five documents left just on this DNA 11 12 issue, and then some questions for Mr. Sawatsky on 13 Police Commission matters. I hesitate to guess 14 how long it would be Monday, 'not long', how's 03:30 15 I understand -- pardon me, Tuesday. that. Ι 16 understand we are back here Tuesday at 1:00, so 17 certainly, no later than 2:00 counsel should be in 18 a position to examine Mr. Sawatsky on Tuesday. 19 COMMISSIONER MacCALLUM: Okay. Thanks. 03:31 20 (Adjourned at 3:31 p.m.) 21 22 23 24 25
