1 Transcript of Proceedings 2 (Reconvened at 9:03 a.m.) 3 COMMISSIONER MacCALLUM: Good morning. 4 ALL COUNSEL: Good morning. 5 MURRAY BROWN, continued: 09:03 6 BY MR. HODSON: 7 Good morning, Mr. Brown. If we could call up Q 8 234332 and go to page -- go to page 375, please. 9 We'll just pick up where we were yesterday, we 09:03 10 were talking about Saskatchewan Justice's position 11 to the Supreme Court on the Fisher rapes, and we 12 had walked through -- I think you said there was a 13 couple of distinctions. One, you were looking at the failure to disclose the information that was 14 known at the time of trial, and I think you've 09:03 15 16 told us that basically analytically, that you had 17 to look at it two different ways; first, what was 18 the information known by the police and the Crown 19 at the time Mr. Milgaard went to trial about these 09:04 20 attacks, and I think you told us that there were 21 three unsolved attacks for which Mr. Fisher later 22 pled guilty, there was the (V9)---- attack that 23 was unsolved and the (V4) --- attack that was 24 unsolved, and we talked a bit about what, how that 09:04 25 might have affected the trial at the time, and I

	1		think we went through that, and secondly, I think
	2		you told us that after the trial, when more
	3		information became known about Larry Fisher, sort
	4		of a different analysis was in order. Is that a
09:04	5		fair summary of where we were yesterday?
	6	А	Yes, that's correct.
	7	Q	And then if we can just go to page 377, and this
	8		is dealing with the first point about I think the
	9		question of whether or not there was a failure or
09:04	10		a breach in not disclosing information with
	11		respect to the unknown attacks, or the attacks
	12		with the unknown perpetrator, and then you are
	13		talking here about the similarities and
	14		differences between, I think we're focusing here
09:05	15		on the three rapes, the (V1)-, (V2) rapes and
	16		the (V3), and you say:
	17		"While there are some similarities there
	18		are also some very major differences.
	19		The two rapes and the attempted rape
09:05	20		occurred at night and not in the early
	21		morning."
	22		And let me just pause there. Can you tell us,
	23		what was the significance of that in your view,
	24		that the three, the $(V1)-$ , $(V2)$ and
09:05	25		(V3) were at night whereas the Miller

	1		murder was in the morning?
	2	A	Well, if you are trying to come up with a
	3		signature for the accused, or the person who has
	4		committed these crimes, then you look at all of
09:05	5		the similarities, all of the dissimilarities. The
09.00			
	6		fact that the person may be roaming around at
	7		night as opposed to the morning is a significant
	8		difference in circumstances.
	9	Q	And so then in comparing the three, (V1) I
09:06	10		think we're talking (V1)-, (V2), (V3),
	11		comparing those three with the Miller murder in
	12		your view, the time of day of the attack was
	13		significant, or the difference I guess?
	14	А	It was one of the elements you look at in
09:06	15		determining whether you've got similar fact
	16		pattern.
	17	Q	And then you go on to say:
	18		"The three sexual assaults were rape
	19		attacks and did not involve robbery or
09:06	20		serious physical injury to the victims.
	21		Gail Miller was robbed, raped and
	22		slashed and stabbed to death."
	23		And can you elaborate on the significance of that
	24		distinction?
09:06	25	A	Well, the degree of violence in the Miller attack
			Meyer CompuCourt Reporting

		Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006
		——————————————————————————————————————
1		is, in my view, a very significant difference. In
2		my experience that kind of violence is a signature
3		of some people who commit rape and not of others.
4	Q	And so I take it the process of trying to look at
<i>09:07</i> 5		similarities, the objective there is to say based
6		on what happened in these other offences, is there
7		something with these offences that strongly
8		signals the person killed Gail Miller; in other
9		words, looking for something in those more than
<i>09:07</i> 10		a propensity I think was your language?
11	А	That's right.
12	Q	With the knowledge that we now know that Larry
13		Fisher did commit both those assaults and the
14		murder and rape, can you comment on the, not the
<i>09:07</i> 15		value, but the, I guess the inherent, maybe the
16		inherent subjectivity of similar crime analysis?
17	А	Well, yes, it's subjective because it really does,
18		I suppose, depend on what significance you put on
19		the different factors involved. Nowadays I'm not
09:08 20		sure, after Handy and Shearing, that the rapes in
21		Saskatoon would be admissible as similar fact
22		evidence because the Supreme Court seems to have
23		gone back and raised the bar again and that
24		difference in violence would be something that
09:08 25		defence counsel would legitimately argue separates

			raye 37642
	1		those four crimes from the Gail Miller.
	2		COMMISSIONER MacCALLUM: Excuse me, would
	3		you spell the case, please, Handy, H-A-N-D-Y?
	4	А	It's H-A-N-D-Y and Shearing I believe is
09:08	5		S-H-E-A-R-I-N-G.
	6		COMMISSIONER MacCALLUM: Thanks.
	7	BY M	IR. HODSON:
	8	Q	Is it fair to say, Mr. Brown, that when you are
	9		engaged in the process of looking at the
09:08	10		similarities between the rapes and the Gail Miller
	11		murder, you are doing so with the perspective of a
	12		prosecutor or a court official and trying to
	13		determine how this information legally would come
	14		into play in either David Milgaard's trial or
09:09	15		Larry Fisher's trial; in other words, what is the
	16		legal significance of this information, how can it
	17		be used and what does it tell me as a prosecutor.
	18		Is that fair?
	19	А	Yes.
09:09	20	Q	And so the analysis is not necessarily whether is
	21		it the same person or do I think it is, but what
	22		does this information give me by way of admissible
	23		evidence in a legal proceeding. Is that fair?
	24	А	Yes.
09:09	25	Q	Whereas a member of the public might look at this
			Meyer CompuCourt Reporting

		Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006
		——————————————————————————————————————
1		and not view these offences and the similarities
2		to the Gail Miller murder in the same way. Would
3		you agree with that?
4	А	A member of the public I suspect would use it
<i>09:09</i> 5		exactly the way the courts have said you are not
6		supposed to use it, and that is propensity
7		evidence, commits rapes, therefore did this.
8	Q	Propensity being that he's a rapist, he was there,
9		there's some similarities, therefore, if it's not
<i>09:10</i> 10		David Milgaard, it must be him, that type of
11		thing?
12	А	That's right.
13	Q	And so is it your evidence, sir, then, that there
14		is a significant difference in how a prosecutor
<i>09:10</i> 15		looks at similarities of other offences than would
16		members of the public?
17	А	Oh, absolutely, yes.
18	Q	And I suppose if it had turned out that Mr. Fisher
19		had not been responsible for the Gail Miller
<i>09:10</i> 20		murder, then relying on the propensity argument
21		would have been, I guess, a dangerous thing?
22	А	Absolutely.
23	Q	I guess on the so on that hand, with the
24		knowledge, though, that he did commit the murder,
<i>09:11</i> 25		what does that tell us about the extent to which
		Meyer CompuCourt Reporting

Page 37844

similar fact evidence can be used to determine

1

	•		
	2		these matters?
	3	А	Well, I mean, it tells you that sometimes that
	4		guess is right, but, quite frankly, my view of
09:11	5		similar fact evidence is, for the most part, it's
	6		a fast way to a wrongful conviction because it is
	7		propensity evidence usually and nothing more.
	8	Q	And so again we talked about this yesterday, about
	9		where we place the bar on these things, and am I
09:11	10		correct, sir, that the bar can fluctuate a bit
	11		about the use upon which similar fact evidence can
	12		be used in these cases? If you use it too
	13		liberally, you may end up relying on propensity
	14		rather than true signature and therefore
09:11	15		wrongfully convict somebody?
	16	А	That's right.
	17	Q	On the other
	18	А	And my view was that the bar had to be set very
	19		high before the Supreme Court decided Arp. I was
09:12	20		of that view after the Supreme Court decided Arp,
	21		I thought they got it wrong, and they have come
	22		around to say, well, we didn't mean to suggest the
	23		bar was lowered in the Handy case.
	24	Q	Okay. So then if we can go on with you've
09:12	25		talked about that difference. If we can go to the
		Ce	Meyer CompuCourt Reporting

ſ

	1	next page, you say here, and again we're talking
	2	about I think the comparison between the (V1)-,
	3	(V2), (V3) incidents and the Gail
	4	Miller rape pardon me, the Gail Miller rape and
09:12	5	murder:
	6	"When the similarities are
	7	looked at they don't amount to any kind
	8	of special or unique pattern that gives
	9	these crimes an identifying fingerprint
09:12	10	or unique characteristic that would set
	11	them apart from other "stranger" rapes
	12	and connect these sexual assaults in an
	13	obvious way to the Miller murder.
	14	The use of a weapon
09:13	15	occurring in two of the five incidents
	16	to intimidate a victim is not uncommon
	17	in stranger rapes. In our society,
	18	knives are the weapons of choice for
	19	this kind of crime.
09:13	20	The fact that all of these
	21	women were attacked while walking alone
	22	is hardly a unique or identifying fact
	23	in a stranger rape situation. The fact
	24	the woman is alone is the reason she is
09:13	25	chosen as a target. Very few rapists
		Meyer CompuCourt Reporting

attack groups of women.

1

	2	The fact the attack occurs
	3	in the dark is also common and that is
	4	why when women are given advice on how
09:13	5	to protect themselves they are told to
	6	avoid places that are not well lit.
	7	The fact that in two of
	8	these five events all or a sufficient
	9	amount of clothing is removed to expose
09:13	10	the breasts and lower body and makes a
	11	sexual assault possible is also hardly a
	12	unique event. In this instance,
	13	however, it should be noted that (V1)-
	14	and (V2) were made to remove all of
09:13	15	their clothing. However, the condition
	16	the Miller body was found in indicates
	17	that she was not stripped of all of her
	18	clothing. The (V3) incident ended
	19	too soon to make it relevant to this
09:14	20	consideration. In this respect the
	21	(V1)- and (V2) incident do not
	22	resemble the Miller facts."
	23	Can you just comment or elaborate on that?
	24	A Well, again, if you are looking for similar fact
09:14	25	evidence, you are looking for what amounts to a

	1	signature of the accused and you look at all of	
	2	the similarities and dissimilarities and see which	h
	3	column sort of balances out at the top.	
	4	<b>Q</b> Okay. You also comment here, I think one of the	
09:14	5	other similarities identified by counsel for Mr.	
	6	Milgaard was the bus line, you say:	
	7	"The fact that (V1)- (V2) and	
	8	(V9) lived close to the 20th Street	
	9	bus line is interesting but doesn't	
09:14	10	amount to enough to be more than that.	
-	11	It certainly doesn't come close to	
-	12	suggesting that Gail Miller was killed	
-	13	by the same person who attacked the	
-	14	other three women. In attempting to	
09:14	15	make that connection, it should be noted	L
-	16	that the (V1)- and (V2) incidents	
-	17	occurred quite some distance away from	
-	18	where Gail Miller was murdered."	
-	19	And I suppose that's a case that it sounds like	
09:15	20	both sides of the similar fact argument, if I can	L
2	21	put it that way, are arguing location. On the	
-	22	one hand I think the Milgaard group is saying	
-	23	look at location, that suggests they are similar.	
4	24	On the other hand, the other argument is, well,	
09:15	25	yeah, look at location, it shows that it's not

Murray Brown

	1		Commission that he was not aware of these other
	2		offences, specifically he did not, I think his
	3		evidence was that he did not see them as
	4		connected and they were not disclosed, but that
09:16	5		he did not make a deliberate decision not to
	6		disclose it, it didn't happen; were you aware of
	7		that or did you have different information?
	8	А	No, my that's slightly misleading. My
	9		understanding was that he never thought of them,
09:16	10		that they never came to mind, and it wasn't a
	11		conscious decision not to disclose them.
	12	Q	And so in this argument are you addressing, then,
	13		the suggestion that the failure by Mr. Caldwell to
	14		disclose the $(V1)$ -, $(V2)$ , $(V3)$ , and
09:16	15		let's include the $(V9)$ and $(V4)$ incidents
	16		to Mr. Tallis prior to the time prior to the
	17		trial, were you addressing that as an argument
	18		that that constituted a miscarriage of justice?
	19	А	Yes, on the basis that even if he knew, that was
09:16	20		the case.
	21	Q	But just so that I'm clear here, on there was
	22		evidence on the record, and I think you concede in
	23		your argument, these five incidents were not
	24		disclosed to Mr. Tallis. And so my question is
09:17	25		was this issue before the Supreme Court, namely,
			Meyer CompuCourt Reporting

		Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006
1		did the failure of Mr. Caldwell to disclose those
2		five incidents to Mr. Tallis constitute a
3		miscarriage of justice?
4	А	Yes, yes, that was part of the failure to disclose
<i>09:17</i> 5		argument.
6	Q	And this argument you are putting forward is
7		addressing that issue?
8	А	That's right.
9	Q	You then go ahead to the next heading, All of
<i>09:17</i> 10		Fisher's Crimes on Fresh Evidence, and you say:
11		"The second argument advance
12		with respect to the Fisher material is
13		that since 1971 and Larry Fisher's
14		conviction for the four offences in
<i>09:17</i> 15		Saskatoon and two in Winnipeg, there has
16		existed fresh evidence of a similar fact
17		nature that points to Larry Fisher as
18		the guilty party. It is argued that the
19		known crimes of Larry Fisher have been
09:17 20		committed in such a way as to create an
21		obvious pattern of conduct that
22		identifies Larry Fisher as the person
23		who committed the Gail Miller murder."
24		And then:
09:18 25		"In our submission, when a

	1		careful look is taken at the attacks on
	2		(V1)-, (V2), (V3), (V9),
	3		(V4), (V5), (V7) and (V8) it
	4		becomes apparent that there in fact is
09:18	5		no such pattern or identifying criminal
	6		fingerprint established by these
	7		crimes."
	8		And If I can just pause there, these would be the
	9		incidents, then, if I can call them now the
09:18	10		Fisher rapes because actually, I'm sorry, I
	11		shouldn't, (V9) and (V4) he was never
	12		charged with but these would be the assaults
	13		that were the six assaults that Mr. Fisher
	14		essentially confessed to and pled guilty to in
09:18	15		1970-'71; correct?
	16	А	That's correct, yes.
	17	Q	And the two, the (V9) and the (V4) ones
	18		which he was never charged with, but these would
	19		all be incidents that occurred prior to the
09:19	20		conclusion of David Milgaard's criminal
	21		proceedings; is that correct?
	22	А	Yes.
	23	Q	So the (V10) (V10)- matter is not included here
	24		and I'm assuming from that, and please correct me
09:19	25		if I'm wrong, that this argument is addressed at

	1		the following issue; that once the police and/or
	2		Crown became aware of a number of things; number
	3		one that the five, or that three of the five
	4		incidents that occurred prior to Mr. Milgaard's
09:19	5		trial, that there was now a person who pled guilty
	6		or had confessed to those crimes, number one;
	7		number two, that there was a fourth incident in
	8		Saskatoon, the (V5) (V5) rape, after David
	9		Milgaard's trial for which Mr. Fisher pled guilty,
09:19	10		and two offences in Winnipeg that Mr. Fisher had
	11		confessed to, and so that was the new information
	12		that existed in 1970-1971, and the question is to
	13		what extent, if any, did those facts give rise to
	14		a miscarriage of justice; is that a fair way to
09:20	15		put it?
	16	А	Well, and the failure to disclose that to
	17	Q	Yes.
	18	А	Justice Tallis, yes.
	19	Q	And so this argument is addressed at that very
09:20	20		issue, whether somehow the Crown and/or police
	21		should have disclosed this information to Mr.
	22		Tallis; is that fair?
	23	А	Yes.
	24	Q	That's the issue you are addressing?
09:20	25	А	That was the issue.
			Meyer CompuCourt Reporting

	г		Page 37853
	1	Q	And if we compare it to issue number one on
	2		disclosure what we the one we just went
	3		through what we now know on issue two is we now
	4		know about Mr. Fisher; correct?
09:20	5	А	Right.
	6	Q	And further assaults. And is it fair to say that
	7		Saskatchewan Justice went through a similar
	8		analysis and said, okay, now let's look at these
	9		same offences with the information that was known
09:20	10		in 1970 and '71 and try and do the same analysis
	11		to see whether it would have given rise to
	12		something that would have assisted Mr. Milgaard?
	13	A	Yes.
	14	Q	Now you say here:
09:21	15		"We have not used the account
	16		of these assaults set out in the summary
	17		of Centurion Ministries Investigation
	18		into the crimes of Larry Fisher. It is
	19		clear when reading those summaries and
09:21	20		contrasting them with what the victim
	21		actually had to say and what the police
	22		reports disclosed, that the Centurion
	23		Ministries summaries are not accurate."
	24		And can you comment on that?
09:21	25	A	Well my all I can say is that my recollection
			Meyer CompuCourt Reporting

			Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006
			——————————————————————————————————————
	1		was that the Centurion Ministries report included
	2		some conclusions that they were drawing and not
	3		just the facts as taken from the statements of the
	4		witnesses or the police report.
09:21	5	Q	And so I take it, in the course of your
	6		comparisons, you relied upon what the witnesses
	7		had said originally?
	8	А	Yes.
	9	Q	And scroll down. You then go through and say:
09:22	10		"Below is a chart setting out the
	11		various aspects of Larry Fisher's
	12		offences that the applicant suggests
	13		form a pattern."
	14		Let me just pause there. At the end of this
09:22	15		exercise, if you conclude that there is no
	16		pattern, does that mean that it's not something
	17		that ought to have been disclosed; is that
	18	А	Well, again, the pattern and the number of
	19		similarity points go to the issue of relevance.
09:22	20		If you have a lot of similarity and a very close
	21		pattern, then it becomes relevant as potential
	22		similar fact; if you don't have a substantial
	23		degree of similarity and a lot of points where the
	24		two meet, then it's not relevant.
09:22	25	Q	Okay. And I think you made the remark, either in

	1		the brief or in oral argument, that at one extreme
	2		that might require you to disclose every rape that
	3		occurred in Saskatoon; would that be
	4	А	Well, that's right, every stranger rape.
09:23	5	Q	And so here what you are saying is, I think, is
	6		that no, there has to be some relevance or some
	7		connection to the Gail Miller murder that would
	8		take these rapes out of the general group and make
	9		them relevant to David Milgaard's defence; is that
09:23	10		a fair way to put it?
	11	А	That's correct, yes.
	12	Q	And so here you go through and look at the
	13		patterns, and you put "use of Knife", and you have
	14		four of the incidents with a knife and five
09:23	15		without a knife, and I think you've got a
	16		qualification. What is the importance of the
	17		knife in looking at the similarities of these
	18		assaults?
	19	А	Well, I mean, again it's an element of how Larry
09:24	20		Fisher committed rapes or didn't commit rapes. If
	21		you can show a pattern where, for example, he
	22		invariably used a knife, that's a strong, a strong
	23		point of similarity; if you can't then it
	24		substantially weakens it, if it's an occasional
09:24	25		thing, then the relevance of that information is

			Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006 Page 37856
	1		diminished.
	2	Q	And so are you saying that if Mr. Fisher used a
	3		knife in only half of his assaults, then it
	4		weakens the proposition that he committed Gail
09:24	5		Miller's rape and murder, because he always used a
	6		knife; that's
	7	А	Yes.
	8	Q	And the next is "took something" and "took
	9		nothing", and you have (V1)-, (V2), (V7)
09:24	10		with clothing and money, and the others he took
	11		nothing; why is that significant?
	12	А	Well, again, if he's not just raping women but
	13		robbing them, that's of some consequence too, it's
	14		part of the signature or lack of signature.
09:25	15	Q	Now I think much was made, would you agree, in the
	16		submissions by Centurion Ministries and counsel
	17		for David Milgaard about the uniqueness of the,
	18		particularly I think the (V1)- and the (V2)
	19		rapes, about having the victim take off her coat
09:25	20		and then take off parts of her clothing and then
	21		put her coat back on, and I think the suggestion
	22		there was that that was similar or that might
	23		explain what happened to Gail Miller; namely that
	24		the perpetrator had her remove her coat, then
09:25	25		removed her clothing, raped her, and then she put

1		her coat back on, which explains why the stab
2		marks were through the coat and not the dress; and
3		you would have been aware of that suggestion?
4	А	Yes.
5	Q	And so can you comment here, you've got (V1)-,
6		(V2) under the "made woman undress", and then
7		the other four being "he removed or displaced
8		woman's clothes"; and what significance is that?
9	А	Well I mean, again, it's just one more factor you
10		look at. On its own, it's not particularly
11		significant, but if you are trying to generate
12		patterns of similarity you look at everything.
13	Q	Okay. Next page. You've got, for "time of
14		attack", now the (V4) and (V9) ones were
15		not is it correct to say, at that time, that
16		there was no, there was no conviction of Mr.
17		Fisher, in fact he denied both of those incidents;
18		is that correct?
19	А	Umm, yes.
20	Q	Whereas the other ones, I think the six referred
21		to here are matters where and we've got (V10)
22		(V10)- now included where he did confess, or
23		pled guilty to, or was convicted of; is that
24		correct?
25	A	Yes.

1	Q	So what about the "time of attack" being evening
2	~~~~	versus morning?
3	A	Well, again, it would suggest that what you have
4		got is somebody who is free to roam around in the
<i>0</i> 9:27 5		evening but isn't, for whatever reason, roaming
6		around in the morning, and if Gail Miller is
7		killed in the morning that's a piece of evidence
8		that suggests somebody other than the (V1-'s,
9		(V3), etcetera, attacker.
<i>0</i> 9:27 10	Q	Okay. Next, "made them lie on their coats", "did
11		not use coat", and you've identified three that he
12		did and six that were not; correct?
13	А	Yes.
14	Q	"Covered her face" and "didn't cover face"; what's
<i>0</i> 9:27 15		the significance of that?
16	А	Umm, well I suspect the significance of that is
17		how careful he was inclined to be.
18	Q	The last point is "infliction of extreme or lethal
19		violence on victim", and you have (V10) (V10)- on
09:27 20		the one side, and then the eight assaults on the
21		other; what was the significance of that in your
22		view?
23	А	Well the infliction of an extreme degree of
24		violence is frequently something that separates
<i>0</i> 9:28 25		different kinds or different types of sexual

F

			7 dgc 07000
	1		offenders, some add the violence, most don't.
	2	Q	And have you heard the term 'punishment rapist'
	3		used? I think it was used in the Supreme Court in
	4		Mr. Wolch's argument.
09:28	5	А	Well there's, I mean there's certainly that kind
	6		of sexual assault, and I mean that's the kind
	7		where they add the violence as part of prior to
	8		or as part of the sexual assault.
	9	Q	And, again, what, if anything, did your review of
09:28	10		these offences tell you about whether or not Mr.
	11		Fisher was a punishment rapist?
	12	А	Well, certainly the ones that occurred around the
	13		time of the Gail Miller murder didn't include that
	14		degree of violence, the only one that did was the
09:28	15		(V10) (V10)- matter. And even under the Arp test,
	16		very likely the (V10) (V10)- matter couldn't have
	17		been admitted as fresh evidence because of the
	18		time difference, it's was some ten years later.
-	19		COMMISSIONER MacCALLUM: Sir, in that
09:29	20		respect, do you make any distinction between the

-	22		evidence in being introduced by the defence?
4	23	A	Well, I suppose I'm looking at it from a
-	24		prosecutor's perspective, and even even with,
09:29	25		probably, the (V10) (V10)- one, I would see that

Page 37860 1 as being much more difficult for a defence counsel 2 to get in. 3 I think the essence of the 4 Supreme Court decision was that well no, they 5 disagreed with me on the similar-fact evidence, 09:29 there was something that could go to a jury, but 6 7 my view is it was with respect to the (V1)-, 8 (V2) -----, (V3) ------, (V5) ----, (V8) ----, (V7) ----. 9 COMMISSIONER MacCALLUM: Right. Except, of 09:29 10 course, in this context we should be looking at 11 what might have been useful for the defence, not 12 for the prosecution? 13 Α Oh no, I appreciate that, and that's what we were 14 looking at, but I tend to see that through the 09:30 15 eyes of someone who does prosecutions, --16 COMMISSIONER MacCALLUM: Yes? 17 -- and that's how I would assess them. Α BY MR. 	1		the (V10)- assault aside for a moment, the rest of
	2		these assaults occurred 1968 to 1971, and am I
	3		correct that the focus then would be, when you are
	4		going through this analysis for the court, is to
09:30	5		say in 1971, for example, if this information had
	6		been provided number one, should this
	7		information have been provided to David Milgaard's
	8		counsel, and to determine that you have to say
	9		could it have been relevant and used by him at the
09:30	10		trial; is that fair? Is that a fair way to put
	11		it?
	12	А	Yes.
	13	Q	Yeah. And I'm not trying to change the words in
	14		your brief
09:31	15	А	Well except, you know, I go back to the notion
	16		that there were two kinds of disclosure that was
	17		the problem; the stuff that was sort of available
	18		at the time of trial, and the stuff that became
	19		available after trial, and I think the argument
09:31	20		was it should have been disclosed to Justice
	21		Tallis so he could consider what he would do with
	22		it in terms of an appeal or something like that.
	23	Q	Right. I think, when you told us yesterday that
	24		when you get into this miscarriage of justice and
09:31	25		the Palmer test, what you are forced to do is to
			1

Page 37862

	1		look at the information that was not provided to
	2		the defence and say, okay, could it reasonably
	3		affect, or could it have reasonably affected the
	4		verdict?
09:31	5	A	Yes.
	6	Q	In other words you are going back in time and
	7		saying we know it wasn't disclosed, if it had
	8		been, would it have made a difference?
	9	A	Yes.
09:31	10	Q	And so, in so doing that, you go down this path
	11		of, okay, what is the relevance of this. And I
	12		appreciate your point is we're not talking about
	13		whether it should or shouldn't have been disclosed
	14		at the time, we're looking at, in 1992, whether or
09:32	15		not this information is significant enough to give
	16		a remedy at that time; is that a fair way to put
	17		it?
	18	A	Yes.

19 0 Yeah. And so that requires you to say, okay, in 20 1971, if Mr. Milgaard's counsel had this 09:32 21 information, might it have affected the verdict, 22 and then we get into the would it be admissible 23 and would it be, I guess, relevant to show that 24 there was another perpetrator, in other words to allow him to run the defence and say "find a 09:32 25

	1		reasonable doubt, jury, because Larry Fisher is
	2		the perpetrator?"
	3	А	Yes. And I, in my view, probably the strongest
	4		part of that argument is being able to show where
09:32	5		Larry Fisher lived as much as the fact that he was
	6		connected to these rapes, because that neutralized
	7		a piece of the evidence against David Milgaard,
	8		and that was the I think it was her driver's
	9		licence or
09:33	10	Q	The wallet.
	11	А	some piece of ID that was found out near the
	12		Fisher residence.
	13	Q	Yeah. Now I guess, if we go ahead to the (V10)
	14		(V10)- matter, that when you do the analysis of
09:33	15		the (V10) (V10)- matter you can't do that until
	16		1980, and I guess the question then is if, after
	17		the (V10) (V10)- matter, the question is could Mr.
	18		Milgaard have used that assault as relevant
	19		evidence in defence of a prosecution against him;
09:33	20		correct?
	21	А	Umm, yes. Well, parts of it, yes.
	22	Q	Or parts of it. And I think you were saying the
	23		significance of that would have been the comments
	24		that Mr. Fisher made to Ms. (V10)- in the assault
09:33	25		as opposed to the similarities of that attack?

5 Q But so if Mr. Milgaard wished, if Mr. Milgaard was 09:35 defending a charge, the charge after the (V10) 6 7 (V10) - incident, you are telling us that that 8 information or that evidence about what Mr. Fisher 9 said to (V10) (V10)-, in your view, would be 09:35 10 admissible and could be used by him to say he is 11 the person who killed Gail Miller, and here is a 12 confession or an admission that he made, although 13 he didn't refer to Gail Miller?

	2	A Well that's, that's not the similar-fact evidence

09:36	5	or something that the jury is likely to consider
	6	in looking at reasonable doubt. It's not enough
	7	to say, well, you can throw it in, I mean you can

2		that connects these incident to the Gail
3		Miller assault. It is equally difficult
4		to see anything unique in Larry Fisher's
<i>09:40</i> 5		conduct in this regard."
6		And then you go on to talk about the coat and
7		then the infliction of violence. What did you
8		make of the fact, Mr. Brown, we've heard some
9		evidence about I guess the fourth Saskatoon
<i>09:40</i> 10		incident, the (V5) (V5) rape which occurred
11		in February 1970, three weeks after David
12		Milgaard's conviction. And sort of two questions
13		about that; the first one is that in Saskatoon
14		his the first three offences occur before Gail
<i>09:40</i> 15		Miller's murder and then no offences, at least
16		for which he was suspected or convicted, from the
17		time of Gail Miller's murder until David Milgaard
18		is convicted, and then the fourth assault. And I
19		think the suggestion was that while this was
<i>09:40</i> 20		going on, he did not commit offences, but as soon
21		as Mr. Milgaard was convicted he went out and
22		committed the fourth; any significance to that?
23	А	Well, I mean, factually that appears to be the
24		case. I don't know that I necessarily attach any
09:41 25		significance to it.
		Mever CompuCourt Reporting

			Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006
			——————————————————————————————————————
	1	Q	And the second question related to that rape, and
	2		I think this is in some of the analysis done by
	3		others, that in that rape the victim in the
	4		fourth rape the victim, I think, bit his finger or
09:41	5		tried to resist, and he may have hit her, but not
	6		the same degree of violence that was found in the
	7		Gail Miller murder. What was the significance of
	8		I guess, if you look at the first three
	9		incidents, there was not the degree of violence as
09:41	10		Gail Miller, the Gail Miller murder, and then the
	11		rape that followed Gail Miller's murder being far
	12		less violence?
	13	А	Well the significance is that, if the last woman
	14		offered some provocation and he did not resort to
09:42	15		that degree of violence, it says something about
	16		the way or as what he is prepared to do to
	17		further these assaults, and apparently the use of
	18		serious violence wasn't part of it.
	19	Q	And is it necessarily a fact, Mr. Brown, that a
09:42	20		rapist always commits the rapes the same way, the
	21		same time, the same manner, same techniques?
	22	А	Umm, it no, it's not, not necessarily a fact,
	23		but our experience would suggest that if you've
	24		got people who commit a number of these kinds of
09:42	25		offences, they tend to have some pattern to their

I

	1		offending. Now when I say "pattern" I it's not
	2		that they do it identically, but there are times
	3		of day when they are out roaming around looking
	4		for trouble, there are types of people they choose
09:42	5		for these kinds of assaults or places where they
	6		tend to feel comfortable doing them, so there is
	7		some kind of a pattern that you could find in
	8		these kinds of things.
	9	Q	If we can go to the next page, please, 51. You go
09:43	10		through a section here about stranger rapes, and
	11		can you just and I think the essence of this is
	12		that, if you compare the similarities of these
	13		rapes with stranger rapes, that they are not much
	14		different; is that a fair summary?
09:43	15	А	Well I think my thesis before the Supreme Court
	16		was that, if you looked at the similarities, they
	17		basically broke into two things or three things
	18		I suppose.
	19		The first was the kinds of
09:43	20		things that are similar to almost any kind of
	21		stranger rape, where they attacked their victims,
	22		the victims are alone, things like that.
	23		The second was when you look
	24		at the so-called pattern that they said emerges
09:44	25		from Larry Fisher's activities the pattern, to the
			Meyer CompuCourt Reporting

	1	extent there is anything, for example the use of
	2	the knife four times didn't used it, five times
	3	didn't, the pattern seems to suggest that Larry
	4	Fisher isn't the one who committed these offences.
09:44	5	And the third would be a few
	6	items where there was some similarity, but that it
	7	really wasn't of any significance.
	8	<b>Q</b> If we can go to page 384, please. Your
	9	conclusion, then, is:
09:44	10	" therefore, that when the
	11	Larry Fisher incidents are looked at
	12	closely the similarities found concern
	13	factors, common to almost all incidents
	14	where a woman is attacked and raped by
09:45	15	someone she doesn't know. The other
	16	factors involved in his attack in which
	17	the applicant alleges to be of interest
	18	do not in fact present a similar pattern
	19	of behaviour. On the basis of the type
09:45	20	of analysis used by the applicant, Mr.
	21	Fisher could easily be suspected of
	22	almost all of the 'stranger' sexual
	23	assaults occurring in Saskatoon at the
	24	time he lived this. In our submission,
09:45	25	the applicant has filed to demonstrate

	1		any pattern of behaviour arising out of
	2		Larry Fisher's known sexual assaults or
	3		the two alleged to have been committed
	4		by him but not proven against him that
	5		is in any way unique or unusual and that
	6		in any way identifies Larry Fisher as
	7		the person likely to have committed the
	8		attack, robbery, rape and murder of Gail
	9		Miller."
09:45	10		And, again, I think that summarizes what you just
	11		told us?
	12	A	Yes.
	13	Q	Now let's turn to (V4), Ms. (V4) You say
	14		here:
09:45	15		"With respect to the evidence
	16		of Ms. (V4) it is our submission her
	17		identification of Larry Fisher as her
	18		attacker is an almost text book case of
	19		unreliable eye witness identification
09:45	20		evidence. She did not know Larry Fisher
00.40	20		prior to the assault and therefore could
	22		not quickly recognize him as her
	22		
			attacker. She admitted she did not get
	24 25		a particularly good or long look at her
09:46	25		attacker because it was dark and she did
			Meyer CompuCourt Reporting

	1	not see him for an extended period of
	2	time. She has in the past picked out
	3	several other men as resembling the
	4	person who attacked her. Finally, it
09:46	5	would appear that her identification has
	6	more to do with her being erroneously
	7	told by a police officer who took her
	8	statement that whoever attacked her went
	9	on to kill Gail Miller. There is no
09:46	10	question but that if she believe that it
	11	would have been a very chilling
	12	revelation and one that would have stuck
	13	in her mind all these years.
	14	Consequently when she saw the newspaper
09:46	15	story indicating that Larry Fisher was
	16	the one who attacked Gail Miller, it is
	17	not surprising that she unconsciously
	18	made the connection between his picture
	19	in the paper and her attacker. Under
09:46	20	the circumstances, it is our submission
	21	that her identification of Larry Fisher
	22	as her attacker is most unreliable and
	23	cannot provide the applicant with much
	24	assistance."
09:46	25	And, again, would that be a fair summary of the
		Meyer CompuCourt Reporting

	Γ		——————————————————————————————————————
	1		Saskatchewan Justice position on (V4)
	2		(V4)?
	3	А	Yes. Eye witness identification of a stranger
	4		assailant is tricky enough as it is when you are
09:47	5		trying to do it very shortly after the assault.
	6		22 years later, I frankly have no faith in that
	7		kind of eye witness identification.
	8	Q	Would you have prosecuted Mr. Fisher for the
	9		assault of (V4) (V4) based on her
09:47 <sup>·</sup>	10		identification?
	11	A	No, no, not even close.
	12	Q	You go on to say:
	13		"In addition to the identification
	14		problem there is also the difficulty
09:47	15		posed by the fact that (V4) assault
	16		occurred seven to eight blocks away from
	17		where Gail Miller was attacked and
	18		killed at about the same time. Even
	19		considering that Gail Miller left her
09:47	20		residence sometime between 6:45 and
	21		7:00, there would not have been time for
2	22		Larry Fisher to rape, rob and murder
2	23		Gail Miller then arrive over at Avenue H
2	24		in time to attack Ms. (V4) at 7:07
09:48	25		a.m. While there is a suggestion that

	1	he had a car that morning there is
	2	absolutely no evidence beyond
	3	speculation to support that fact.
	4	Indeed it now appears the statement
09:48	5	given by Linda Fisher to Ottawa Sun
	6	Report Tim Naumetz suggests it is
	7	unlikely that Larry Fisher would have
	8	had a car on that occasion. Finally,
	9	even if Larry Fisher had access to the
09:48	10	automobile in question, Mr. Diewald's
	11	evidence was that the car was in the
	12	alley about 7:00 and shortly after that.
	13	Even with an automobile at his disposal
	14	it would have been impossible for Larry
09:48	15	Fisher to have been in the alley at 7:00
	16	and a few minutes after 7:00 and then be
	17	at Avenue H on his way home on foot in
	18	time to attack Ms. (V4)"
	19	Just a couple of questions there. I think in the
09:48	20	case reference there's an affidavit from
	21	this reporter Mr. Naumetz and I think, and my
	22	understanding is that in the course of the
	23	Supreme Court hearings he interviewed Ms. Linda
	24	Fisher, wrote a story and Mr. Beresh went and got
09:49	25	the reporter to swear an affidavit as to what
		Meyer CompuCourt Reporting

ſ

	1		Linda Fisher had told him because Mr. Beresh
	2		viewed that evidence to be relevant to Mr.
	3		Fisher's position; is that correct?
	4	А	I believe that was correct. I think Mr. Naumetz
09:49	5		was one of the reporters covering the Supreme
	6		Court matter.
	7	Q	What is your recollection about this suggestion
	8		that Mr. Fisher had a car when he raped and killed
	9		Gail Miller and then attacked Ms. (V4)?
09:49	10	А	Well, I think there might have been some evidence
	11		that from time to time Mr. Fisher was able to
	12		borrow his uncle's car if he needed to take his
	13		wife and child, say, to the doctor or something
	14		like that. Other than that, the only reference to
09:49	15		a car was there was some suggestion that Gail
	16		Miller could not have been raped and murdered
	17		where she was, she had to have been attacked and
	18		killed somewhere else and then the body dumped in
	19		that alley and that whoever did it would have to
09:50	20		have a car to do it, but there was, in my view, no
	21		evidence beyond mere speculation to suggest any of
	22		that and certainly there was no reason that anyone
	23		knew of for him to have borrowed or used his uncle
	24		's car that day.
09:50	25	Q	What about the if in fact a car was used, or

	1		your comment on this question about back to
	2		comparing similar fact between the assaults, and
	3		if Mr. Fisher had used a car in the assault and
	4		murder of Gail Miller, would that have been a
09:50	5		similarity from other of his assaults, namely, the
	6		use of a vehicle?
	7	А	Well, certainly he attacked the women when he was
	8		on foot and I don't recall any of them having
	9		anything in their statements with respect to a
09:51	10		car, but, I mean, if he's going to hide his face,
	11		I'm guessing he's going to hide his car and
	12		license plate number from them too, so it would be
	13		parked some distance away.
	14	Q	And you comment in the next paragraph about the
09:51	15		level of violence in the assault on both (V4)
	16		and $(V9)$ , and can you comment on the
	17		significance of that, that if Mr. Fisher had
	18		committed both the Gail Miller rape and murder and
	19		the (V4) assault, the significant difference in
09:51	20		the nature of the attack and the level of
	21		violence?
	22	А	Well, again, I mean, here you have an attack that
	23		is probably the least of, the least violent of all
	24		of them and it certainly doesn't even come
09:51	25		anywhere close to comparing to the kind of attack

			——————————————————————————————————————
	1		that Gail Miller suffered and it just, it's a
	2		whole different kind of a crime.
	3	Q	In your view, if Ms. (V4)'s identification of
	4		Larry Fisher was sound and that Larry Fisher was
09:52	5		the person who assaulted her on the morning of
	6		January 31, 1969, in your view would that have
	7		provided Mr. Fisher with an alibi for the rape and
	8		murder of Gail Miller?
	9	А	Well, if you could establish that Ms. (V4)'s
09:52	10		identification was sound, Mr. Commissioner, you
	11		may be back here doing another one of these
	12		because certainly Larry Fisher would then have
	13		some reason to complain, because it takes him away
	14		from that area.
09:52	15	Q	So I take it the answer is yes?
	16	А	Yes.
	17	Q	If we can then scroll down, it appears just again
	18		following through your argument on the Fisher
	19		information, you've looked at the similarities of
09:52	20		those offences and you now look at the evidence of
	21		Linda Fisher, and can you just tell me
	22		generally, what was your sense of the significance
	23		and credibility of what Linda Fisher had to say at
	24		the Supreme Court?
09:53	25	А	Well, I mean, again, I suspect that Linda Fisher
			Mayor CompuCaut Banarting

	ī		Page 37881
	1		was genuine in what she thought she saw, but Linda
	2		Fisher had a drinking problem, it was 11 years
	3		after the fact, she indicated that the knife found
	4		and that I believe Dr. Emson indicated could have
09:53	5		been the murder weapon wasn't her paring knife.
	6		Linda Fisher's evidence was interesting, but I
	7		didn't think it was terribly helpful or terribly
	8		credible or terribly reliable. I think she was
	9		doing her best to tell the truth, but I don't
09:53	10		think her evidence was reliable.
	11	Q	You say that:
	12		"First, whatever else Linda Fisher now
	13		says, she is certain the murder weapon
	14		wasn't her paring knife. Without that
09:53	15		there is nothing in what she says that
	16		links Larry Fisher to the crime.
	17		Second, his response to her accusation
	18		that he killed Gail Miller is as
	19		consistent with him being shocked she
09:54	20		would even think such a thing as it is
	21		with him being guilty of the crime.
	22		Third, her failure to bring this to
	23		light until some ten years after the
	24		trial is also troublesome. Based on the
09:54	25		affidavit of Tim Naumetz it is clear
			Meyer CompuCourt Reporting

Page 37882 =

	1		that shortly after the murder she had		
	2	the opportunity to bring this to the			
	3		attention of the Saskatoon City Police		
	4		and did not do so. Living in Saskatoon		
09:54	5		as she did during this time, she would		
	6		have to have known that David Milgaard		
	7		was convicted of that crime. Based on		
	8		her suggestion that she put her		
	9		husband's guilt to the Gail Miller crime		
09:54	10		together after he plead guilty to the		
	11		various rapes in Saskatoon and Winnipeg,		
	12		she had all the information she needed		
	13		by 1971. Despite this, she did not go		
	14		to the police until almost ten years		
09:54	15		later. In our submission that tells		
	16		against her credibility."		
	17		And can you elaborate on that last sentence?		
	18	А	Well, if she had been genuinely concerned that her		
	19		husband, who had just pled guilty to four rapes,		
09:55	20		or six rapes, was also the one responsible for a		
	21		murder, and a nasty murder at that, why wouldn't		
	22		she have gone to the police immediately. That she		
	23		would wait 10 years and just ignore that fact is		
	24		very curious.		
09:55	25	Q	Then you say:		
			Meyer CompuCourt Reporting		

Page 37883 -

	1	"Finally, even taken at its face value,
	2	her evidence does not link Larry Fisher
	3	to the murder. Indeed much of it would
	4	indicate he is not guilty of killing
09:55	5	Gail Miller. First, the evidence of his
	6	reaction to her accusation is at the
	7	very best ambiguous. It can just as
	8	easily be interpreted as supporting his
	9	innocence as it can be interpreted as
09:55	10	supporting his guilt. Second, she
	11	indicates that the weapon known to have
	12	been used to kill Gail Miller was not
	13	her knife. Third, she indicated that
	14	when she washed Larry Fisher's clothing
09:56	15	there was no blood on any of it. Given
	16	the nature of the homicide involved,
	17	some blood staining would have been
	18	inevitable. Finally, in her evidence to
	19	Tim Naumetz she indicates that when she
09:56	20	asked her husband about his possible
	21	involvement with the Miller murder he
	22	flatly denied the same."
	23	Can you comment on, and we've heard this term
	24	used again when Sergeant Pearson testified, about
09:56	25	evidence that links Larry Fisher to the murder,
		Meyer CompuCourt Reporting

			č
	1		and I think Mr. Pearson, as a police officer,
	2		said it was evidence just as it's stated, it
	3		would actually put Larry some evidence that
	4		would put Larry Fisher either at the scene of the
09:56	5		crime, an admission, some piece of physical
	6		evidence, as opposed to mere suspicion, and can
	7		you comment on that point? What is a link,
	8		what's necessary to link Larry Fisher to the
	9		murder?
09:56	10	А	Well, either something he says or some piece of
	11		physical evidence that suggests he was there when
	12		it happened. If, for example, there had been
	13		blood on his clothing, that might have been a link
	14		to the murder, or if he had made some kind of
09:57	15		incriminating remark to his wife that sort of
	16		could reasonably be interpreted as a reference to
	17		his being involved, that that would link him to
	18		the murder.
	19	Q	If we look at the case against, that was presented
09:57	20		against David Milgaard, what would be what
	21		would have constituted links between David
	22		Milgaard and the murder?
	23	А	Well, again, some physical evidence that might
	24		have connected him to that crime, and Cadrain said
09:57	25		that there was blood on his clothing, that he saw
			Meyer CompuCourt Reporting

			——————————————————————————————————————
	1		that when he opened the coat up, you have John and
	2		Wilson putting him in that location at the time,
	3		and certainly John in her statements to the police
	4		indicated she saw him attack the woman, the
09:58	5		evidence of the contact with the woman that may
	6		well have been Gail Miller, those kinds of things
	7		are what linked him to that murder.
	8	Q	And what about Mr. Wilson's evidence about
	9		admissions from him?
09:58	10	A	Well, yes, admissions count too.
	11	Q	And the motel room incident?
	12	А	And the motel room incident.
	13	Q	And so links would be then something to link Larry
	14		Fisher to the murder of Gail Miller. Was it your
09:58	15		view then in 1992 that there did not exist
	16		evidence that linked him to Gail Miller's murder?
	17	A	That's right.
	18	Q	And at that time were you of the view that there
	19		was evidence that linked David Milgaard to the
09:59	20		murder?
	21	А	Yes.
	22	Q	And I may have asked you this earlier, but I
	23		think, just on the similar fact evidence, I think
	24		you told us that similar fact evidence would never
09:59	25		be sufficient to be the link between Larry Fisher

09:59

2 A If all you were running was a murder trial based
 3 on similar fact evidence, no, that would never be
 4 sufficient.

Q This comment down at the bottom here, you comment on Linda Fisher's evidence about Larry Fisher being home the morning of the murder and you say:

8 "The single fact left unexplained is her 9 suggestion that Larry Fisher did not go 09:59 10 to work that morning. That fact recollected to the police some eleven 11 12 years after the incident is alleged to 13 have taken place has to be contrasted 14 with Larry Fisher's statement to the 15 police four days after the murder. 09:59 In 16 that statement he indicates to the 17 police officers that he in fact did go 18 to work that morning. It is reasonable 19 to assume that if Mr. Fisher whatever 10:00 20 his degree of intelligence, was going to 21 make up an alibi to take him out of the 22 neighbourhood at the time of the Gail 23 Miller murder, he would have been smart 24 enough to figure out that he couldn't 10:00 25 use an alibi that could be so easily

	1		checked by the police. Mr. Fisher's
	2		statement to the police is corroborated
	3		by his evidence to this Court and to a
	4		lesser extent by the statements of the
10:00	5		people who worked with him in the
	6		reference case materials and who
	7		indicate they do not recall his
	8		unexplained absence from work. While we
	9		concede the latter corroboration is of
10:00	10		very limited value, it is nonetheless
	11		some corroboration for Larry Fisher's
	12		story."
	13		And would you agree, Mr. Brown, that in 1990 or
	14		1992 when you go back and try and find evidence
10:00	15		that will link Larry Fisher to the murder, that
	16		it's much more difficult to do 20 years later
	17		than at the time of the offence?
	18	А	Oh, absolutely, yes.
	19	Q	And that if if, for example, Mr. Fisher's work
10:01	20		records had been obtained at any point that showed
	21		he was not at work that morning, that might be
	22		evidence that would assist in the case against Mr.
	23		Fisher?
	24	А	That would be evidence of interest, particularly

2 Q Scroll down, I won't spend much time on the 3 evidence of the jailhouse informants. Generally 4 can you comment on your submissions or your view about the credibility or the significance of the 6 evidence of people who had served time with Larry 7 Fisher?

8 Α Well, for a number of good reasons we don't tend 9 to rely on the evidence of those kinds of people 10:02 10 unless in every substantial detail it's 11 corroborated by somebody not in jail. You'll get 12 the strangest things coming out of inmates in 13 correctional facilities. Whether it arises out of boredom or their natural desire to commit mischief 14 10:02 15 I don't know, but the stuff that comes out of 16 there is just something I wouldn't place any 17 reliance on, absent it being corroborated by, again, in substantial detail, by something from 18 19 outside the corrections milieu. 10:02 20 Go to 234391, you refer here to the evidence of 0 21 Larry Fisher, you say:

> "Finally, there is the evidence of Larry Fisher himself. He absolutely denies any involvement in the murder. Unlike David Milgaard, who also made such a

	1		statement in his evidence, Larry Fisher
	2		was not shown to be obviously lying to
	3		this court."
	4		And can you elaborate on what you state there?
10:03	5	А	Well, just what's there, Larry Fisher was not
	6		shown to be lying, or obviously lying, and it
	7		seems to me I used obviously advisedly. David
	8		Milgaard was contradicted by other witnesses a
	9		number of times.
10:03	10	Q	And so are you saying that Larry Fisher's denial
	11		of guilt was more credible than David Milgaard's
	12		denial of guilt based upon the evidence that was
	13		before the Supreme Court?
	14	А	Yes.
10:03	15	Q	Go to 234393, here you summarize, you say:
	16		"In our submission the Applicant has
	17		failed to show that there is credible
	18		new evidence to question or contradict
	19		the evidence given at his trial. As
10:04	20		well, the Larry Fisher evidence does not
	21		amount to credible evidence capable of
	22		providing a properly instructed jury
	23		with a basis to change its verdict nor
	24		does it suggest that such a change in
10:04	25		verdict would be probable. As a result,

	11	"There was no miscarriage of justice but
	12	given the length of time David Milgaard
	13	has served in prison, some form of
	14	relief should be considered. In our
10:05	15	submission, prior to suggesting a

	17	Milgaard, notwithstanding there is no
	18	miscarriage of justice, this court
	19	should inform itself of the contents of
10:05	20	his parole file. Mr. Milgaard's
	21	assertions that he is being kept in jail
	22	solely because he will not admit his

	24	false."
10:05	25	And can you comment on that, please, the

	1		significance of that?
	2	А	Well, that issue, or the reason that's in there is
	3		because you will recall that the last sort of test
	4		or possibility they set out was that
10:05	5		notwithstanding they couldn't find the continuing
	6		conviction would be a miscarriage, they may be
	7		prepared to do something for him anyway, and I
	8		wanted them to know that his failure to get parole
	9		was not related to his refusal to admit he was
10:05	10		guilty, it was his refusal to agree that he would
	11		comply with parole conditions.
	12	Q	And you go on to say:
	13		"It is our submission that prior to
	14		making any recommendation that would
10:06	15		result in the release of David Milgaard,
	16		this court should take the opportunity
	17		to fully appraise itself of the contents
	18		of Mr. Milgaard's parole files. They
	19		paint a fundamentally different picture
10:06	20		of the reasons for the Parole Board's
	21		decisions than is painted by Mr.
	22		Milgaard himself."
	23		And then the next page you talk about simply

4 Well, that was an option open to them, to just say Α 5 there is no miscarriage of justice, full stop. 10:06 And so what was your general view then about, and 6 Q 7 you mentioned this earlier, about the fact that 8 Mr. Milgaard had been in jail for 22 or 23 years, 9 what was the -- was it your view that there ought 10:07 10 to be some way, regardless of the findings of the 11 miscarriage of justice, to get him out of jail? 12 А Well, no, I wouldn't say that it was my view there 13 ought to be, but it seemed to me when we got that 14 memorandum from the Supreme Court indicating what they were going to look at, the inclusion of that 10:07 15 16 last test or last option clearly indicated that 17 that's the way they were thinking at that point. 18 So it was your sense that there was going Q Okay. 19 to be a remedy that --10:07 20 I wouldn't say I was certain there was, but when Α 21 they came out with the decision they did, it did 22 not surprise me.

23 COMMISSIONER MacCALLUM: Was this sense in 24 your perception shared by, or was this thinking 10:07 25 in your perception shared by both the minister's

	3	A Well, I don't know about the Feder	al Minister's
	4	office, I would be inclined to thi	nk they weren't
10:08	5	of that view, but I recall discuss	ing the Supreme
	6	Court's options with, I believe it	was Mr.
	7	Fainstein, and I think he too shar	ed the view that
	8	there was likely something coming	because of that.
	9	COMMISSIONER MacCALLUM: Yes	. And but for
10:08	10	that view, as I understand your ev	idence, the
	11	second application wouldn't have s	ucceeded on its
	12	merits?	
	13	A That's correct, yes.	
	14	COMMISSIONER MacCALLUM: Oka	у.
10:08	15	BY MR. HODSON:	
	16	<b>Q</b> If we can go to 020952, I just wan	t to have you
	17	identify a document, and in the ev	ent that Mr.
	18	Neufeld was the creator of this as	opposed to you,
	19	I'll just go through parts. This	is an appendix
10:09	20	to the memorandum. The next page	is a summary and
	21	it goes through I think basically	excerpts from
	22	the evidence at the Supreme Court	that sort of
	23	tracks what's in your written brie	f, and is that a
	24	correct description of it?	
10:09	25	A Yes, I guess that's the case.	_
		Meyer CompuCourt Reporting	

1	Q	And if we can just go to the next page, for
2		example, it summarizes drug usage and then it has
3		the evidence of the various parties and where they
4		are in the Supreme Court transcript, and it
10:09 5		appears to be an appendix of all of the relevant
6		transcripts of evidence that goes with the written
7		argument that's filed; is that correct?
8	А	That's correct.
9	Q	Now go to 218223, and this is the argument filed
10:09 10		on behalf of David Milgaard. After the Supreme
11		Court reference handed down its decision, was
12		there a difference in views between Saskatchewan
13		Justice and Mr. Wolch and Mr. Asper about what
14		issues were before the Supreme Court and what
10:10 15		issues were decided by them in their decision?
16	А	Well, ultimately that view surfaced, that I think
17		they took the view that they were not permitted to
18		call any evidence of misconduct by the police or
19		the Crown.
10:10 20	Q	And did you have a different view about let me
21		put it this way. Was it your view that the issue
22		of police and Crown misconduct were dealt with by
23		the Supreme Court?
24	А	Absolutely, they were not precluded from calling
10:10 25		any of that kind of evidence, and indeed some of

	1		that kind of evidence was heard.
	2	Q	Okay. And I propose to go through parts of this
	3		argument with you and get your response about, or
	4		your comment about the extent to which
10:10	5		Saskatchewan Justice viewed what's in this brief
	6		as being issues before the court. If we can go to
	7		page 218227, and I'll try, I think try and track,
	8		to the extent I can, what was in your submission,
	9		and I believe, Mr. Brown, the briefs were
10:11	10		basically filed contemporaneously as opposed to
	11		one side filing their brief, the other responding,
	12		the written briefs were simply or do you
	13		recall?
	14	А	Yeah, I think that was the case. I don't recall
10:11	15		sort of one side going first and the other sides
	16		responding, I think we were simply asked to file
	17		our arguments by a certain date.
	18	Q	And so on the trial, the first point is:
	19		"In the Milgaard case, it is
10:11	20		submitted that the original trial was
	21		severely flawed by the failure to
	22		provide full disclosure."
	23		And was that an issue that you felt was advanced
	24		and argued before the Supreme Court in the
10:12	25		reference?
			Meyer CompuCourt Reporting

			Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006		
			Page 37896		
	1	А	Oh, yes, that was one of their particular issues.		
	2	Q	Go to the next page:		
	3		"It is submitted that the		
	4		Milgaard case, like that involving		
10:12	5		Donald Marshall, is an example of a		
	6		situation where lack of disclosure has		
	7		been an important contributing factor in		
	8		causing a miscarriage of justice.		
	9		Counsel for Milgaard		
10:12	10		submits that the following relevant		
	11		information was withheld:"		
	12		Let me just pause there for a moment. Did you		
	13		view the, this argument, the word to be		
	14		"withheld" to be anything different than failure		
10:12	15		to disclose?		
	16	А	No, I consider them the same. I didn't sort of		
	17		put a sinister connotation to it.		
	18	Q	As opposed to a deliberate withholding?		
	19	А	Yes, of relevant information.		
10:12	20	Q	Now, as far as the evidence that was before the		
	21		Supreme Court on this issue of disclosure, I think		
	22		you told us there is a significant volume of		
	23		documents in the case on reference and we saw the		
	24		affidavit of Joyce Milgaard that had attached		
10:13	25		copies of the correspondence between Mr. Caldwell

Page 37897 1 and Mr. Tallis; correct? 2 Α Yes. 3 You had the evidence of Mr. Tallis --0 4 Yes. Α 5 -- on this issue, and I think you told us that Mr. 10:13 Q Caldwell was in Ottawa at the request of someone 6 7 else, but not called? 8 That's correct. Α 9 And that your view was that you didn't need to Q 10:13 10 call him to give evidence to address any of the allegations of non-disclosure; correct? 11 12 Α Yes. 13 0 And the first argument, and I won't go through these in too much detail, but these are the 14 10:13 15 grounds of where counsel alleged that there was no 16 This is the Avenue N, or sort of the disclosure. 17 evidence in the area, if I can put it that way. 18 Go to the next page, and this deals with the 19 argument that the police interviewed a number of 10:14 20 people around the time of the murder: 21 "None of the statements provided by 22 these people were disclosed to the Defence." 23 24 So that would have been an issue then that had 10:14 25 been advanced to say there was a miscarriage of

	1		justice because Mr. Caldwell didn't disclose
	2		what's listed in this argument? It goes on for a
	3		couple of pages.
	4	А	Yes, relying, as they were at that point, on the
10:14	5		Stinchcombe standard.
	6	Q	And the Stinchcombe, if you can comment on that,
	7		and I guess go back to 218227. The Stinchcombe
	8		decision was mentioned in 1992. What was your
	9		view of that, as to whether the Stinchcombe did
10:14	10		you sense that they were seeking to apply the
	11		Stinchcombe rule retroactively?
	12	А	Yes, they were trying to apply a case that
	13		happened some 20 some years later retroactively to
	14		the Gail Miller murder, and there's no question
10:15	15		that nowadays there's a lot more information
	16		exchanged, and in fact many defence counsel will
	17		tell you there's a lot more useless information
	18		exchanged, because relevant and useful aren't
	19		necessarily the same two things.
10:15	20	Q	Go to 218231, and again this is just carrying on
	21		with the grounds of non-disclosure, it says here:
	22		"The Defence was not advised of the
	23		witness, (V4) (V4)"
	24		"(V4)'s evidence was crucial to the
10:15	25		evidence since it is a logical

3		And so I take it, Mr. Brown, that the issue of
4		whether or not the prosecutor should have
10:15 5		disclosed the (V4) information to defence
6		counsel as being a ground of a miscarriage of
7		justice was before the Supreme Court?
8	2	Yes. That was the point of calling her.
9	ç	And, similarly, the (V9) (V9) matter in number
10:16 10		4.
11		Scroll down to number:
12		"5. The Defence was not advised of the
13		evidence in the Crown's possession
14		concerning the rape of (V1) (V1)-
15		•••",
16		it goes on, next page:
17		"The defence was not given disclosure
18		concerning the attack on $(V2)$ ",
19		I think there is a mention of (V3) there.
10:16 20		Was it your view, sir, that the issue of whether
21		or not the Crown's failure to disclose
22		information relating to the $(V1)-$ , $(V2)$ , and
23		(V9) attack as a ground of a miscarriage of
24		justice was before the Supreme Court?
10:16 25	1	Well, certainly the (V1)- one was, because it was
		Meyer CompuCourt Reporting

1		mentioned, I believe, in the police report. I
2		don't recall the other two being mentioned in that
3		police report, so it's unlikely that Mr. Caldwell
4		would have ever heard of them at that point, but
10:17 5		it was part of the pattern of sexual assaults that
6		should have been, at some point, disclosed.
7	Q	And I guess my question is just on the issue of
8		whether or not it was your view that the Supreme
9		Court dealt with, in the reference, the issue as
10:17 10		to whether or not the Crown either committed this
11		
12	А	Oh, disclosure and failure to disclose at any
13		point from the time of the trial or before the
14		trial until after the Larry Fisher matters became
10:17 15		known was clearly before the Supreme Court, and it
16		was clearly part of Mr. Wolch's argument.
17	Q	And so not only disclosure by Mr. Caldwell prior
18		to trial but, also, disclosure by the Crown, be it
19		Mr. Kujawa, Mr. Caldwell or the police
10:17 20		post-conviction, when the Larry Fisher information
21		became known in 1970 and '71, was an issue, in
22		your view, that was before the Supreme Court and

	2		found guilty of a crime."
	3		And I take it you take no issue with that being
	4		an issue that was before the Supreme Court?
10:19	5	A	That's correct.
	6	Q	Go to the next page. It talks about The Present
	7		State of the Evidence and it goes on to talk
	8		about:
	9		" possible to re-examine the evidence
10:19	10		originally called, along with any
	11		additional evidence, to determine if
	12		there is any credible evidence that
	13		establishes, or even points to
	14		Milgaard's guilt."
10:19	15		"It is the position of David
	16		Milgaard that highly coercive and
	17		improper police tactics led to the
	18		witnesses, Wilson, John and Cadrain,
	19		eventually giving statements that
10:19	20		incriminated Milgaard. With the benefit
	21		of hindsight, it is now possible to see
	22		that the statements (including that of
	23		John which was never adopted at trial)
	24		described a set of impossible events."
10:20	25		And was the issue of police misconduct in their
			Meyer CompuCourt Reporting

			Page 37903
	1		treatment of witnesses in the David Milgaard
	2		investigation, namely Wilson, John and Cadrain,
	3		an issue before the Supreme Court and decided
	4		upon by them, in your view?
10:20	5	А	Yes, the issue was put before them.
	6	Q	Go to the next page. And, in fact, I think the
	7		position here on Ron Wilson:
	8		"It is submitted that his recantation
	9		should be believed since his trial
10:20	10		evidence does not bear up after detailed
	11		scrutiny. In 1969, he was a suspect
	12		under pressure. There is no current
	13		motive to admit to perjury and to be
	14		publicly humiliated. His recantations
10:21	15		to Paul Henderson and Bobbie Stadnyk
	16		were not made under pressure."
	17		And, again, would the issue of whether Ron
	18		Wilson's trial evidence was improperly obtained
	19		by the police and/or Crown, was that an issue
10:21	20		that, in your view, was dealt with by the Supreme
	21		Court?
	22	А	Yes, it was, it was raised and argued there.
	23	Q	If you go to page 218238. This is talking about
	24		Nichol John and the issue of her statement to the
10:21	25		police that wasn't adopted, and the brief says:
			Meyer CompuCourt Reporting
		~	

Page 37904 1 "A more likely scenario was that she was afraid to admit that she had lied to the 2 police. 3 4 This proposition is further 5 supported by: 10:21 The investigative summary retrieved from 6 i) 7 the Crown's file which 'predicts' what 8 she would say, and demonstrates strong 9 determination to have the evidence 10:21 10 conform to a pre-existing theory ... The pressure imposed on her by her being 11 ii) 12 in custody and subjected to the highly 13 objectionable techniques of Inspector 14 Roberts; 10:22 15 iii) Her conversation with Wilson in which 16 it was decided to tell a story which 17 would satisfy the police." 18 And, again, would the allegation that Nichol 19 John; number one, gave false evidence to the 10:22 20 police because she was coerced into following the 21 Mackie summary or the script; two, that she was 22 pressured by her being put in police custody, be 23 issues that the Supreme Court dealt with in 24 considering whether or not there was a 10:22 25 miscarriage of justice?

			Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006
	1	А	Well, yes, with the proviso that I don't know that
	2		the allegation made in the Supreme Court was that
	3		she was coerced into following the script. I
	4		think the suggestion was that they were given
10:22	5		evidence during their, or given information during
	6		their questioning by the police that, ultimately,
	7		they used to fabricate stories when they felt
	8		sufficiently pressured to come up with something.
	9	Q	Well was it your understanding that or what was
10:23	10		your understanding of whether or not the Mackie
	11		summary and the allegation that the Mackie summary
	12		was used by the police as a script to manipulate
	13		and coerce witnesses to provide fabricated
	14		evidence, and therefore there was a miscarriage of
10:23	15		justice, in your view was that issue presented to
	16		the Court?
	17	А	Well, that was a statement that Mr. Wolch was
	18		making, but he had no evidence whatsoever to
	19		support it.
10:23	20	Q	But was it an issue that was put forward to the
	21		Court?
	22	А	It was.
	23	Q	It's raised in the argument and I'm asking you
	24		whether, in your view, it was something that
10:23	25		was

			Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006
			Page 37906
	1	А	It was, oh yes.
	2	Q	And so you are saying you didn't think there was
	3		any evidence but it was something that was there;
	4		is that correct?
10:23	5	А	Yes, oh yes.
	6	Q	And, as well, this what was your understanding
	7		of the extent to which the Court was asked to
	8		consider Inspector Roberts' conduct in his
	9		treatment of Nichol John and Ron Wilson as being
10:24	10		
	11	А	Well,
	12	Q	a ground of miscarriage of justice?
	13	А	again, the thrust of Mr. Wolch's
	14		cross-examination of Inspector Roberts was an
10:24	15		attempt to show that, somehow, he had improperly
	16		coerced or intimidated, or whatever term you want
	17		to use, these witnesses into providing inculpatory
	18		statements against David Milgaard.
	19	Q	And if the Court would have concluded that
10:24	20		Inspector Roberts had, or other police officers
	21		had committed misconduct and manipulated witnesses
	22		to give fabricated evidence I think you've told
	23		us this but in your view that would have been a
	24		miscarriage of justice?
10:24	25	А	Yes.

		Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006
		Page 37907
1	Q	Go to 218239. The issue of Albert Cadrain. The
2		argument states, I think, essentially that he was
3		also having mental problems let me back up.
4		"What has now become clear is that
10:25 5		Albert Cadrain was at the time of the
6		police investigation a simple youth who
7		has taken Grade VI three times. He was
8		also having mental problems. Those
9		mental problems continue today. As a
10:25 10		result, it is submitted that neither his
11		evidence at trial, nor the evidence that
12		was given on the Reference can be given
13		any weight by the Court."
14		And was it your view that the issue of whether
10:25 15		Albert Cadrain was mentally competent at the time
16		of trial was considered by the Supreme Court in
17		determining whether or not his evidence in some
18		way, and the giving of the getting and giving
19		of his evidence, constituted a miscarriage of
10:25 20		justice?
21	А	Yes, that issue was raised.
22	Q	And George Lapchuk, Craig Melnyk if we can go
23		to the next page it talks about the new
24		evidence. If we can go to page 218242, it says:
10:26 25		"It is therefore submitted
		Meyer CompuCourt Reporting

	4		under the influence of drugs, made a
10:26	5		statement in a manner and in
	6		circumstances consistent with sarcasm
	7		and poor taste."
	8		So I take it that the motel incident issues,
	9		however many there were, were all before the
10:26	10		Supreme Court, as to whether anything related to
	11		the obtaining of evidence or the presentation of
	12		evidence relating to the motel room incident was
	13		an issue considered by the Supreme Court?
	14	А	Yes.
10:26	15	Q	218243. It says:
	16		"Justice Tallis",
	17		it says:
	18		"In this Reference, he
	19		testified without the benefit of notes.

	3		a cross-examination might have been
	4		relevant to establish that the knife
10:28	5		Milgaard had could not have made the
	6		wounds found on Gail Miller. The
	7		cross-examination concerning this knife
	8		may have shown that no one saw Milgaard
	9		take it when he allegedly left the car.
10:28	10		The fact that there is no reference to
	11		this knife in any of the cross
	12		examinations does cast some doubt on Mr.
	13		Tallis' recollection that Milgaard told
	14		him that he had a knife."
10:28	15		What was your view of what this submission was
	16		saying or this position was saying?
	17	А	Well, essentially what he is trying, what he was
	18		trying to do was suggest that Justice Tallis'
	19		memory was not reliable
10:28	20	Q	Okay.
	21	А	and you can see that by looking at the fact he
	22		didn't cross-examine with respect to the issue of
	23		the small knife.
	24	Q	And did you take issue with that submission?
10:29	25	А	I don't know whether we argued something at that

1		point. Certainly, we were of the view that
2		putting another knife in David Milgaard's hand
3		wasn't likely to be all that helpful.
4	Q	I think Mr. Tallis' evidence before the Commission
10:29 5		was to the effect that he did not, I think for
6		similar reasons, did not want to ask other
7		witnesses to put a to confirm that Mr. Milgaard
8		had a knife, even though it was a knife different
9		than the murder weapon, I think was his evidence.
10:29 10		Was that do you recall that being an issue?
11	А	Well, I mean there was there were a number of
12		issues with respect to knives. There was also the
13		bone-handled one and there was no examination with
14		respect to that. Well, and again, my my
10:30 15		thinking on that, and Eric Neufeld's thinking on
16		that, was there were too many knives around, you
17		didn't need to bring that fact up to the jury's
18		attention.
19	Q	And I take it Mr. Tallis' evidence at the Supreme
10:30 20		Court that David told him he had a knife, in light
21		of what David Milgaard testified, was an issue, I
22		think, that you said you felt harmed Mr.
23		Milgaard's position; is that fair?
24	А	Yes.
10:30 25	Q	I see it's 10:30, Mr. Commissioner, probably
		Meyer CompuCourt Reporting

1 appropriate to break. (Adjourned at 10:30 a.m.) 2 3 (Reconvened at 10:48 a.m.) BY MR. HODSON: 4 5 Q Go back to 218223 and go to page 245. 10:48 Just following up, this is Mr. Wolch's written 6 7 argument, this talks about the compact and I 8 think, similar to the knife, indicates that: 9 "The cross-examination at trial of the 10:48 10 witnesses who testified they saw this event was designed to show that this 11 12 event had never occurred. At no time 13 did Justice Tallis cross-examine the 14 witnesses in an attempt to establish 10:48 15 that Milgaard may have been throwing an 16 unrelated object from the window. Ιf 17 Milgaard had in fact admitted to 18 throwing something from the car, this 19 would have been a logical line of 10:48 20 cross-examination. It is possible that 21 Justice Tallis is mistaken in his 22 recollection, given the passage of 23 time." 24 Again, would you have the same comment there as 10:48 25 you did with the knife issue, that this was Meyer CompuCourt Reporting =

	4	А	Yes.
10:49	5	Q	And was the compact, just your comment on this,
	6		we've talked generally about the contradictions,
	7		but in the case of the compact or cosmetic bag, or
	8		whatever term is used, would you agree the fact
	9		that that was thrown out of the car after the
10:49	10		group left Saskatoon was incriminating or
	11		suspicious?
	12	А	Suspicious, yes.
	13	Q	Suspicious. And I take it when one way to
	14		eliminate the suspicion is to show that it didn't
10:49	15		happen; correct?
	16	А	Yes.
	17	Q	And I guess the suspicion would be that, I think,
	18		Wilson and John said it wasn't in the car when
	19		they left Regina, or some time, it was there, and
10:49	20		the fact that Mr. Milgaard threw it out without
	21		explanation would be suspicious as well; is that
	22		correct?
	23	А	That's correct, yes.
	24	Q	And the inference for the jury, presumably, would
10:50	25		have been that this was Gail Miller's compact

A Yes.

2 **Q** -- or cosmetic?

3 A Yes.

1

Notwithstanding the fact that her purse was found 4 0 5 in the garbage can with items of make-up, and 10:50 6 whether it's a cosmetic bag or compact, but I 7 think it certainly suggested that if one looked at her purse you could infer that it would not have 8 9 been her compact or cosmetic that was in Ron 10:50 10 Wilson's car; would you agree with that, that that 11 was certainly an argument that was made at the 12 time?

13 A Yes.

10:51 25

When we go to the Supreme Court reference, the 14 Q fact that Mr. Milgaard said that didn't happen and 10:50 15 the other witnesses are lying, and then to have 16 17 Mr. Tallis say, "well, he told me it happened and 18 he couldn't explain it", and if you accept Mr. 19 Tallis' evidence of that just your comment on does 10:50 20 that draw more attention to the compact, does it 21 make it more suspicious than if it had not been 22 denied? 23 Α Well I -- I'm not sure, at the Supreme Court 24 level, we're talking about whether it's suspicious

or not. I think, at that point, it had developed

\_\_\_\_\_ Meyer CompuCourt Reporting \_\_

Page 37915

	1		as an indicia of credibility. My recollection is
	2		that Wilson said it happened, Justice Tallis said
	3		that David Milgaard told him it had happened, and
	4		now David Milgaard was saying it didn't happen.
10:51	5		At that point what you are really talking about, I
	6		think, is it being used as an indicator of David
	7		Milgaard's credibility. Certainly, at trial, it
	8		was something that raised the suspicion that this
	9		was something left over from the attack on Gail
10:51	10		Miller and David Milgaard wanted to get rid of it.
	11	Q	So let me put it a different way. I think you are
	12		saying the compact itself was some incriminating
	13		evidence, it worked against, it harmed David
	14		Milgaard's interests?
10:52	15	А	Yes.
	16	Q	The evidence about that. My question is, the fact
	17		that he purported to deny it when his lawyer told
	18		him it happened, did it increase the harm that the
	19		compact incident caused David Milgaard at the
10:52	20		Supreme Court, in your view and in your
	21		assessment?
	22	А	Well I think, if you take as a given the
	23		conviction, at that point the use of the compact
	24		isn't so much as an indicator of guilt as it or
10:52	25		it doesn't do him as much damage as an indicator
			Meyer CompuCourt Reporting

	1		of guilt as it did as an indicator of lack of
	2		credibility. To the extent that he's denying the
	3		existence of this piece of evidence though, yes.
	4		If you were looking at what evidence there is that
10:52	5		might suggest David Milgaard was guilty, ignore
	6		the issue of the credibility of his statements,
	7		then the fact that Justice Tallis and Wilson are
	8		still maintaining the compact incident, yes.
	9	Q	And so that if Mr. Milgaard, at the Supreme Court,
10:53	10		had said either "lookit, I don't recall but I'll
	11		accept what Mr. Tallis said", or "yes, I accept
	12		that that happened, it wasn't Gail Miller's, I
	13		don't know where it came from and I don't know why
	14		I threw it out but I throw things out all the
10:53	15		time", so that gave an explanation; if you compare
	16		that to what did happen I'm trying to get your
	17		sense as to whether Mr how would you have
	18		viewed the credibility of Mr. Milgaard's case
	19	А	Well it
10:53	20	Q	in those two scenarios?
	21	А	Well it yeah. Obviously, if his evidence isn't
	22		conflicting with Justice Tallis or the other
	23		witnesses, that makes him more credible.
	24	Q	And so his denial then, as compared to either "I
10:53	25		don't know, I accept Mr. Tallis" or "I did it but
			Meyer CompuCourt Reporting

			Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006
			——————————————————————————————————————
	1		I don't have a explanation", by denying it, in
	2		your view, he harmed his position?
	3	А	He, yes, he damaged his own credibility.
	4	Q	If I can scroll down, the brief says:
10:54	5		"As stated earlier in these
	6		materials, it would appear that Justice
	7		Tallis was severely hampered in his
	8		defence by the failure of the Crown to
	9		make full disclosure. It can certainly
10:54	10		be inferred that if Justice Tallis had
	11		all of the necessary information, the
	12		approach to the Milgaard defence would
	13		have been substantially different than
	14		that taken in 1969."
10:54	15		And we saw, in your argument, the fact that I
	16		think you are asking the Court to draw an
	17		inference from the fact that the question wasn't
	18		asked of Mr. Tallis on this issue; is that
	19		correct?
10:54	20	А	That's correct, yes.
	21	Q	And an adverse inference?
	22	А	Yes.
	23	Q	Okay.
	24	А	I mean our view was that it, while it may have
10:54	25		added an element to the offence, he still had to
			Meyer CompuCourt Reporting

- Page 37918

	ſ		——————————————————————————————————————
	1		deal with Wilson, John, Lapchuk, and Melnyk and
	2		Cadrain.
	3	Q	But, again, I think the point you had made
	4		earlier, I think, was that it's not clear that Mr.
10:55	5		Tallis or you are saying the Supreme Court did
	6		not have evidence that Mr. Tallis could have and
	7		would have done something at the trial if the
	8		unsolved assaults had been disclosed to him?
	9	А	Yes, he was never asked that, "how would you have
10:55	10		played this at trial?"
	11	Q	And I think Mr. Wolch is asking the Court to infer
	12		that he would have done something different, and
	13		you are saying since Mr. Wolch didn't ask him that
	14		question and he could have, draw the inference
10:55	15		that he couldn't have and wouldn't have done
	16		anything; is that a fair
	17	А	Well, that the notion that he would have done
	18		things different isn't established,
	19	Q	Right.
10:55	20	A	and it's not obvious.
	21	Q	Go to the next page.

	1		In preparing a case against Larry
	2		Fisher, it is submitted that expert
	3		evidence could be called to establish
	4		the following facts:
10:56	5		a) Gail Miller was the victim of a
	6		punishment rapist;",
	7		"Larry Fisher is a punishment rapist;"
	8		"Punishment rapists are extremely rare;"
	9		"Punishment rapists follow a pattern;"
10:56	10		"Gail Miller's murder and rape followed
	11		Mr. Fisher's pattern."
	12		I would like your comment on what was your view
	13		of that submission, or your response?
	14	А	Well there certainly wasn't evidence upon which
10:56	15		Larry Fisher could be prosecuted and convicted
	16		beyond a reasonable doubt. There wasn't even
	17		evidence, in my view, that he could be charged.
	18		The notion that you can call
	19		an expert to explain what a punishment rapist is
10:56	20		and that and give the opinion that Larry Fisher
	21		is the one, is a punishment rapist, I'm not so
	22		sure about that. And, again, 'Larry Fisher's
	23		pattern', at that point it was a pattern of one,
	24		at the time of the Milgaard trial.
10:57	25	Q	And, namely, being the Gail Miller?

		Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006
		——————————————————————————————————————
1	А	Yes. It was very different than the other sexual
2		assaults.
3	Q	And so does that
4	А	And even after, all the way up until the (V10)
10:57 5		(V10)- matter came along, it was a very different
6		matter.
7	Q	So how do you square, then, or are you saying you
8		can't square the notion that or the line of,
9		the line of prosecution that he's a punishment
10:57 10		rapist, therefore he raped and killed Gail Miller,
11		with the fact that the other rapes that he
12		committed are similar?
13	А	Well I they are not similar, the only one that
14		has a degree of similarity is the (V10) (V10)-
10:58 15		one, if you are talking about in terms of a
16		punishment rapist.
17	Q	So I'm putting aside (V10) (V10)-, we'll talk
18		about the '68 to '71 rapes, then. Are you saying
19		that it's your view that those assaults, that none
10:58 20		of the Fisher assaults putting aside Gail
21		Miller, so we're talking (V1)-, (V2),
22		(V3), (V5), (V8) and (V7) in
23		Winnipeg, let's leave (V4) and (V9) aside
24		that those six rapes for which Mr. Fisher pled
10:58 25		guilty; was it your view that any of those were
		Mover CompuCourt Penerting

. Page 37921 =

	F		Page 37921
	1		that any of those identified Mr. Fisher as a
	2		punishment rapist, or did you view those as
	3		punishment rapes?
	4	А	No. My understanding of 'punishment rapist' is
10:58	5		that you have someone who not only commits the
	6		rape, but they then use a degree of violence
	7		that's designed to inflict physical suffering on
	8		the victim that's above and beyond what's
	9		necessary to commit the rape.
10:59	10	Q	And so did you view the theory of punishment
	11		rapist actually suggests if Mr. Fisher was or
	12		let me ask you your comment. How did you see the
	13		punishment rapist theory fitting in as far as the
	14		value of the Larry Fisher assaults?
10:59	15	А	Well if you look at all of them together, six
	16		assaults plus the (V10) (V10)- matter, at that
	17		point there's only one of those that could have
	18		been considered a punishment rape, and that was
	19		(V10) (V10) The others, in my view, were not.
10:59	20	Q	And so, if you conclude that Gail Miller was
	21		murdered by a punishment rapist, was that
	22		something that you viewed as a possibility, or a
	23		likelihood, or consistent with a punishment
	24		rapist?
11:00	25	А	Umm, poss well, you could make an argument

4	Q	Okay. If you can go to 218252, Position on
11:00 5		(V4) (V4), I think here stated is that:
6		"An extremely important piece
7		of evidence implicating Larry Fisher in
8		the death of Gail Miller is the evidence
9		of (V4) (V4) Her attack takes
11:00 10		place shortly after the Miller murder,
11		about eight hundred yards away. It
12		defies logic to suggest that two
13		different people were responsible for
14		these crimes."
11:00 15		And then it goes on to talk about the railway
16		tracks and, I think, the theory that next page
17		Fisher may have visited the Pambrun home,
18		borrowed and returned a vehicle to Cliff Pambrun
19		or to Roy Pambrun, etcetera. And so you would
11:01 20		have been familiar with that theory advanced,
21		that Fisher committed the (V4) rape by using
22		Cliff Pambrun's car, taking it to his house, and

A reasonable doubt is 12 defined as one based on the evidence and 13 not one which is fanciful or 14 speculative. 11:02 15 If the basic criminal law 16 propositions are applied to the first 17 test set out by the Court, then David 18 Milgaard will have met this test if the 19 Court has no reasonable evidence that 11:02 20 points to quilt. If there is some 21 credible evidence that points to quilt, 22 then the court cannot be satisfied that 23 Milgaard is innocent." 24 Let me just pause there. Would you agree with 11:02 25 that statement about the test in proving David Meyer CompuCourt Reporting =

F

		Page 37924
1		Milgaard is innocent beyond a reasonable doubt?
2	A	Well, it does seem to turn things around a bit.
3		My understanding of that test was you take his

11:02 5		beyond a reasonable doubt that he is in fact
6	,	innocent, he gets the full pardon.
7	Q	And so that do you
8	A	It wasn't then a matter of us proving that there

11	Q	And so that if the court has no reasonable
12		evidence that points to guilt, in your view would
13		that be in and of itself to prove beyond a
14		reasonable doubt that he's innocent?
<i>11:0</i> 3 15	A	No, it would prove that perhaps the continuing
16	,	conviction was a miscarriage, but it didn't prove
17	,	innocence.
18	Q	Go to the next page, it says:
19	,	"If the Court is not prepared to state

	1		it is submitted that it establishes that

	13		to put forward to meet part B of the Supreme
	14		Court test and prove his innocence on a
11:04	15		preponderance of the evidence?
	16	А	Well, again, I think they were taking the same
	17		approach to that as they took to the other test,
	18		and that is we don't assume there's a conviction
	19		outstanding, we'll simply say has the Crown proven
11:04	20		that there is probable or that he is guilty.
	21		If we haven't proved he's probably guilty, then
	22		he's entitled to a remedy, and it seems to me that

3		And again, just on the fabricated evidence, was

6	А	Oh, absolutely, yes.
7	Q	If we can now go to 208379, and this is the

9		yesterday I asked you about whether there was oral
<i>11:0</i> 6 10		submissions on the test to be employed by the
11		court, I think you said you didn't recall, and I
12		think Mr. Wolch had advised me that he thought
13		there were oral submissions and I put that to you.
14		I'm now advised that he was mistaken, he was
11:07 15		thinking about the final submissions, so just
16		maybe let's clear this up on the record.
17		Certainly, and the transcript reflects this, final
18		submissions to the court, you made oral
19		submissions, as did all parties; correct?
11:07 20	А	Oh, yes, yes.
21	Q	As far as oral submissions to the Supreme Court on
22		the test to be employed by them, do you recall
23		whether you made oral submissions in addition to
24		the written submissions?
11:07 25	А	I as I say, I don't recall doing that. If

			——————————————————————————————————————
	1	I'm prep	ared to take Mr. Wolch's view that there
	2	weren't	submissions made. I know there were
	3	written	submissions, but I don't really recall
	4	whether	there were
11:07	5	Q Goto20	8383, just a comment on a couple of
	6	points.	This is Mr. Fainstein, this is April 6th,
	7	'92, on	the DNA, he says:
	8		"I would like to give you a
	9		brief update on the matter of genetic
11:08	10		testing. When we had known samples of
	11		bodily fluids from both Milgaard and
	12		Fisher, I went back to our experts at
	13		the RCMP's central forensic laboratory
	14		to see if there was any avenue that we
11:08	15		could now pursue. It was decided to try
	16		a test called "DQ alpha" which has
	17		recently been accepted in American
	18		courts."
	19	And then	goes on to say, unfortunately pardon
11:08	20	me:	
	21		"Though it is not as
	22		discriminatory as other techniques which
	23		are now under development, it would only
	24		consume a small portion of the
11:08	25		evidentiary material, leaving enough for
			Meyer CompuCourt Reporting

1		better tests when they are validated.
2		Unfortunately, due to the age and
3		condition of the material from the crime
4		scene, we are not able to achieve
11:08 5		results with that test.
6		It is still possible that
7		other procedures which are not yet ready
8		for court use will, in time, help
9		resolve a case like this. We have at
<i>11:08</i> 10		least the comfort of knowing that we
11		have done everything we can for now."
12		And just on this issue of the DNA at this time,
13		would you have been involved, this is April 6,
14		'92, would you or anybody at Saskatchewan Justice
11:09 15		have been involved in, involved directly in the
16		review of exhibits, the testing for DNA samples
17		on the garments, the consideration of DNA
18		testing, as to who to send it to and how to do
19		it, and all of those matters relating to testing
11:09 20		for DNA from the Gail Miller exhibits?
21	А	The only involvement we had with respect to the
22		testing of the exhibits for DNA was we were, we
23		continued to press the federal government to see
24		whether this could be done because, in our view,
11:09 25		if it could, it would certainly settle a lot of
		Meyer CompuCourt Reporting

1		issues, and we had obtained I think Fred Dehm, who
2		was a prosecutor in Regina at the time, obtained
3		the exhibits from the court in Saskatoon and had
4		them turned over to the police, but that was
11:10 5		and we discussed the matter with the feds on a
6		number of occasions.
7	Q	But as far as deciding who would look at the
8		garments, what they would look at, who they would
9		send it to and what tests would be conducted, was
11:10 10		that something you relied upon Federal Justice
11		officials?
12	А	Yes.
13	Q	And what was your understanding in April 6, '92,
14		what were you advised about, two things; number
11:10 15		one, what human tissue or what substances were
16		found on Gail Miller's clothing or in the exhibits
17		that would be capable of doing a DNA test, and
18		secondly, whether such a DNA test could be done at
19		that time?
11:10 20	А	We were advised that when the garments were
21		examined, there was one tiny spot of potentially
22		analysable material on, I believe it was the
23		panties, but that it was a very, very tiny spot,
24		and until a better technique, specifically I think
11:11 25		PCR was developed, if analysis was done, it ran
		Meyer CompuCourt Reporting

Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006 Page 37931
the risk of using up the entire sample and
producing an inconclusive result.
And who do you recall who informed you of that?
It was well, Ron Fainstein was the one that was
dealing with the RCMP with respect to that, so the
information would have come from him.

7 And what was your understanding of what tests had Q 8 been conducted or what had been reviewed as far as 9 the Gail Miller exhibits to identify analysable 11:11 10 substances?

Well, my understanding was that the RCMP person, 11 Α 12 Pat Alain, had examined all of the clothes to find 13 any biological material that might be analysed. 14 And who advised you of that? Q

11:11 15 Again, that would have come from Ron Fainstein. Α 16 And so on April 6th, 1992, can you tell us, from Q 17 Saskatchewan Justice's perspective, what your 18 understanding was of what had happened on the DNA 19 and what was going to happen down the road?

11:12 20 Well --Α

1

11:11

Α

21 And who was going to do it? Q

22 As I said, we were advised that the RCMP analyst А 23 was only able to find a very tiny spot of material 24 and that in their view that wouldn't likely be 11:12 25 enough to provide an analysis using the current

= Meyer CompuCourt Reporting =

1		techniques and that it ran the risk, if you
2		attempted it, of using up whatever sample there
3		was. There was, however, on the horizon this new
4		technique that could replicate even a tiny amount
11:12 5		so that there was more for testing, that that in a
6		few years perhaps would provide a better way to
7		proceed than the DQ alpha way and that's what
8		when we left it, we were expecting the federal
9		government to keep track, Ron Fainstein or someone
<i>11:13</i> 10		in that office to keep track of the development of
11		the technology and to get the testing done when
12		the PCR technology permitted it.
13	Q	And do you recall any discussions with Federal
14		Justice officials about having the exhibits turned
<i>11:13</i> 15		back to the Court of Queen's Bench pursuant to the
16		order?
17	А	No.
18	Q	Was Saskatchewan Justice in agreement with having
19		Federal Justice officials carry the ball in
11:13 20		getting further DNA testing done on Gail Miller's
21		garments?
22	А	Yes.
23	Q	And why was that?
24	A	Well, if we were going to get it done sort of at
11:13 25		the cutting edge of the development of that

1		technology, at that point it was likely going to
2		have to go either to the United States or to the
3		United Kingdom. The federal people had the
4		contacts and, as important for us, they also had
11:14 5		the money to do that. We didn't have the contacts
6		or the money.
7	Q	And post reference, once the reference was done,
8		is it fair to say that the DNA testing of Gail
9		Miller's clothing would have been an essential
11:14 10		investigative step for the province and/or police
11		to take in the investigation into the death of
12		Gail Miller?
13	А	Yes.
14	Q	In fact, is it fair to say that with respect to
11:14 15		Larry Fisher as a possible suspect, I think you've
16		told us that that would be the only evidence left
17		that you could pursue, barring some confession
18		from him or some evidence that had not been
19		obtained before; is that fair?
11:14 20	А	Yes.
21	Q	And I think you told us that or let me back up.
22		If the exhibits had been returned to the Court of
23		Queen's Bench at the conclusion of the Supreme
24		Court reference, I think you told us Saskatchewan
11:14 25		Justice would follow up to do DNA testing and

2 DNA results were obtained; is that correct? 3 Α Yes. And was Saskatchewan Justice then prepared to rely 4 0 5 upon Federal Justice to I guess control the 11:16 process of getting the Gail Miller exhibits 6 7 checked for DNA? 8 Α Yes. 9 And what was your understanding, and again you may 0 11:16 10 have already answered this by way of the 11 undertaking, what was your understanding as to why 12 Federal Justice officials would be involved in 13 this matter after the conclusion of the Supreme 14 Court reference; in other words, why would they be 11:16 15 involved or interested in pursuing the testing of 16 these exhibits in light of the conclusion of the 17 reference case and the fact that the minister, in 18 April of 1992, concluded the 690 application by 19 granting a remedy? 11:17 20 Well, part of it was the undertaking made to the Α 21 Chief Justice of the Supreme Court, but I think 22 part of it was that they were concerned that if 23 there was some testing that could be done on them, 24 it should be done, and that would provide whatever 11:17 25 certainty it could provide. 			Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006
			——————————————————————————————————————
	1	Q	Just give me a moment here. Do you recall, Mr.
	2		Brown, what was the position taken generally by
	3		Larry Fisher in the proceedings as far as they
	4		affected him, or where did you see
11:18	5	А	Yeah, Larry Fisher's view of the evidence against
	6		him pretty much paralleled ours, that it did not
	7		provide any kind of case, and as I recall, even
	8		the Chief Justice wasn't able to sweat a
	9		confession out of him.
11:19	10	Q	And are you referring to that was Chief Justice
	11		Lamer's questioning of him?
	12	А	Yes. Mano a mano I think it was.
	13	Q	If we can go to 208467, and this is from your oral
	14		submissions to the court, I think this is after
11:19	15		Mr. Wolch has presented his argument, and you are
	16		talking here, the memo is the Mackie summary, you
	17		say:
	18		"The memo that my learned
	19		friend refers to and that he, indeed,
11:19	20		has produced in his new set of
	21		materials, with the greatest of respect,
	22		does not set itself up as some sort of
	23		sinister masterplan to, in effect, frame
	24		an innocent man. If you look at what
11:20	25		the police knew at that point from
			Meyer CompuCourt Reporting

		Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006
		Page 37937
	1	having talked to Albert Cadrain, from
	2	having talked to David Milgaard, from
	3	having seen the scene and found the
	4	articles around it, everything in there
11:20	5	is a perfectly reasonable statement of
	6	either fact or inference that could be
	7	drawn from the known facts."
	8	And to the next page:
	9	"Finally, you will note, my
11:20	10	lords and my lady, that that memorandum
	11	ends with the police saying they want to
	12	get at the truth. That is what Eddy
	13	Karst said when he testified before you.
	14	That is what Art Roberts said when he
11:20	15	testified before you.
	16	I note that despite the
	17	fact that we had found one other police,
	18	Charles Short, and had him subpoenaed,
	19	my learned friend did not press to have
11:20	20	him brought her in spite of his
	21	condition or have him testify some other
	22	way before this Court. He, in effect,
	23	dropped that line of suggestion.
	24	It is our submission that
11:20	25	at the end of the day there is nothing
		Meyer CompuCourt Reporting

F

		r age 07000
1		to indicate that the police went out of
2		their way to frame David Milgaard or
3		even innocently pursued a false theory.
4		The only evidence they had, based on
11:20 5		what Mr. Cadrain had said, what Mr.
6		Milgaard had said, was that David
7		Milgaard was the most likely suspect."
8		And again, this would be your submission relating
9		to is it fair to conclude from that, Mr.
11:21 10		Brown, that this issue about framing David
11		Milgaard in reliance in part upon the Mackie
12		summary was an issue that was put before the
13		Supreme Court and addressed by you?
14	А	Yes.
<i>11:21</i> 15	Q	And if the court I think you maybe told us that
16		in your view, if that allegation were true, in
17		your view that would amount to miscarriage of
18		justice and be a basis to provide a remedy?
19	А	Oh, if there was evidence to establish that they
11:21 20		had framed David Milgaard, absolutely.
21	Q	And what significance, if any, do you place on the
22		fact that this argument was raised, and we've seen
23		it on a couple of occasions, but I don't believe
24		it was specifically dealt with in the written
11:21 25		decision of the Supreme Court.
		Meyer CompuCourt Reporting

		Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006
		——————————————————————————————————————
1	А	Well, there was a lot of evidence they didn't
2		specifically deal with in their written decision,
3		but the issue, that document was raised, the
4		suggestion was put to them by Mr. Wolch that this
11:22 5		amounted to some sort of script or a conspiracy to
6		frame David Milgaard and when they said they found
7		no evidence of police misconduct, in my view
8		that's an implicit rejection of that argument, or
9		the suggestion that that document has some sort of
11:22 10		sinister value.
11	Q	And what about the comment, and we'll get to the
12		judgment, about no evidence or probative evidence
13		of Crown misconduct?
14	А	Well, again, I mean, there was the allegation
<i>11:</i> 22 15		being made was that the Crown had, number one,
16		sinisterly failed to disclose information to
17		Justice Tallis that he could have used at trial
18		and then sinisterly covered up after the Milgaard
19		conviction had been obtained and Larry Fisher was
11:22 20		known, and I take that suggestion again to be a
21		rejection of those arguments, they found no
22		evidence of that.
23	Q	And I guess the question, though, that came up
24		later, was the one suggestion that the reason they
11:23 25		did the reason they said there was no probative

1		evidence of that is because they didn't number
2		one, they said the court directed the parties that
3		they wouldn't consider those issues, and two,
4		there was no evidence before the court on those
11:23 5		issues. Do you take issue with those suggestions?
6	А	Well, first of all, I do not accept the suggestion
7		that the court prevented anyone from putting
8		evidence of that before it. Those were live
9		issues that went to the minister when she was
11:23 10		asked to do her job under 690, those were issues
11		that the Supreme Court was prepared to hear about.
12		They were not interested in listening to sort of
13		how police forces go about doing things generally,
14		they wanted evidence that was specific to this
11:23 15		case, and had there been evidence of those two
16		things, it could have been produced before the
17		Supreme Court. There was no attempt made by
18		anyone to stop them from doing that.
19	Q	Okay. And I guess the second question then is was
11:24 20		there some evidence and were the allegations
21		before the court with respect to the Mackie
22		summary, the frame and cover-up and the 1970, '71
23		misconduct or alleged misconduct with respect to
24		the manner in which Mr. Karst obtained the
11:24 25		confessions from Fisher, that Mr. Caldwell, Mr.
		Meyer CompuCourt Reporting

Kujawa and others dealt with the Fisher and Milgaard matters once they became aware of the Fisher rapes?
A There was evidence before the court -- well, first of all, with respect to the police misconduct allegations, there was evidence before the court. That's why Eddie Karst was called, that's why Art Roberts was called, Mr. Wolch was waving the Mackie summary around saying that this was evidence of misconduct, so yes, that issue was explored and evidence was called on it. With respect to the issue of

13 Crown cover-up and failure to disclose, Mr. Wolch 14 raised those issues and we took no argument with 11:25 15 the fact that disclosure was not made with respect 16 to certain items. We dealt with that issue on the 17 basis of the fact that it didn't make any 18 difference, so it was raised. There was the 19 opportunity to hear from Mr. Caldwell and, if he 11:25 20 had wanted to, Mr. Kujawa, but there was no desire 21 on the part of Mr. Wolch and Mr. Asper to do that. 22 Q If we can go to 229673, please, go to the side 23 here, you can't see this very well, this is an 24 April 7th newspaper article, April 6th was the 11:26 25 argument, and it says:

Page 37942 1 "Murray Brown told reporters 2 the brutal sex-slaying of Gail Miller 3 more than 22 years ago would never have come before the high court if not for 4 5 the political pressure on Justice 11:26 Minister Kim Campbell. 6 7 He said that pressure 8 forced the minister to send the case to 9 a five judge panel even though she was 11:26 10 convinced the original jury had delivered the proper verdict -- life 11 12 imprisonment for Milgaard. 13 "I suggest the hearing 14 process arose because of questions 11:26 15 raised about the minister, the integrity 16 of members of her department and the way 17 the investigation was handled. 18 The suggestion that there 19 was impropriety have turned out to be 11:26 20 unfounded. 21 Over three years, they have 22 gone out and turned over every stone." 23 Let me just pause there. Can you -- do you take 24 issue with what's reported in that column, or at 11:26 25 least attributed to you?

	1	7	
	1	A	Oh, I think it was the pressure created by the
	2		news media campaign, particularly the one between
	3		the dismissal of the first application and the
	4		filing of the second one, that did push the
11:27	5		minister into doing that.
	6	Q	And your comment that after the hearing process
	7		over three years they've gone out and turned over
	8		every stone, can you comment, and you touched on
	9		this earlier, after the completion of the Supreme
11:27	10		Court reference did what you learned at the
	11		reference, what you heard by way of evidence cause
	12		you to have any concerns with the issues that had
	13		earlier been raised about the integrity of members
	14		of her department and the way the investigation
11:27	15		was handled?
	16	А	No, nothing.
	17	Q	Go to 008879. This is the April 14th, 1992
	18		judgment of the Supreme Court. If we can go to
	19		page 008885, please. Is it fair to say that this
11:28	20		Supreme Court judgment was a significant piece of
	21		information, for lack of a better word, that
	22		guided Saskatchewan Justice's conduct from this
	23		point on, a matter that was relied upon?
	24	А	Oh, absolutely. If they had found that there was

significant evidence implicating Larry Fisher,

\_\_\_\_\_ Meyer CompuCourt Reporting =

11:28 25

	1		then that investigation would have to be opened.
	2		If they had said that there was evidence of Crown
	3		misconduct and police misconduct, an investigation
	4		into that would had to have been set up as well.
11:28	5	Q	You had mentioned earlier that Saskatchewan
	6		Justice desired that the reference be as broad as
	7		possible so that I think all issues relating to
	8		the alleged miscarriages of justice that had been
	9		in the media and that had been made against police
11:29	10		and Crown and others would be dealt with; correct?
	11		You told us that, that was your desire?
	12	А	That they would have the opportunity to bring
	13		forward any evidence they had to suggest there was
	14		Crown misconduct, police misconduct, witnesses
11:29	15		lied, anything at all.
	16	Q	And at the end of the process, what you
	17		participated in, were you satisfied that that
	18		opportunity had been provided to David Milgaard to
	19		put forward anything he alleged that related to a
11:29	20		miscarriage of justice in the handling of his
	21		case?
	22	А	Yes.
	23	Q	And was Saskatchewan Justice relying on the
	24		decision then from the Supreme Court, whatever it
11:29	25		might be, to guide it in its future actions

2	A Yes.
3	<b>Q</b> The court cites out the four tests, I won't go
4	through that, the first paragraph says:
11:30 5	"It is appropriate to begin by stating
6	that in our view David Milgaard had the

about that in the view of the Supreme Court of Canada, David Milgaard had the benefit of a fair trial? Well, when you look at what follows in the Α

5 paragraph, they start with the conclusion that the 11:31 trial was fair and it was fair because there was 6 7 no evidence of police misconduct, no evidence of 8 failure to disclose in accordance with the 9 practice prevailing at the time, he was 11:31 10 represented by capable counsel, etcetera. Basically what they are saying is that the 11 12 conviction was fair.

14 "We have not been presented with any 11:31 15 probative evidence that the police acted 16 improperly in the investigation of the 17 robbery, sexual assault and murder of Gail Miller or in their interviews with 18 19 any of the witnesses."

11:31 20 And you are aware that later some took the view 21 that this would -- we have not been presented 22 with any probative evidence because David 23 Milgaard's counsel was told by the court that 24 they could not call evidence. 11:31 25

	2		it's just not true.
	3	Q	So there seems to be two parts here, one about the
	4		investigation, and two, in their interviews with
11:32	5		any of the witnesses, and again, you've touched on
	6		this earlier, that and I think you told us, and
	7		please correct me if I'm wrong, that the Supreme
	8		Court did have evidence from Wilson, John, Cadrain
	9		and David Milgaard about their interviews with the
11:32	10		police and from Inspector Roberts and Detective
	11		Karst; is that correct?
	12	А	That's correct.
	13	Q	In addition to documentary evidence in the way of
	14		police reports and other statements I take it?
11:32	15	А	Yes.
	16	Q	And in your view, then, were the manner in which
	17		the Saskatoon City Police interviewed Wilson,
	18		John, Cadrain and Milgaard and investigated the
	19		Gail Miller death matters of which there was
11:32	20		evidence before the Supreme Court and which they
	21		were asked to consider in reaching this
	22		conclusion?
	23	А	Yes, that's correct.
	24	Q	It says:
11:33	25		"Nor has evidence been presented that
			Meyer CompuCourt Reporting

1		there was inadequate disclosure in
2		accordance with the practice prevailing
3		at the time."
4		What was your understanding about this ruling
11:33 5		and, in particular, whether the court was
6		addressing disclosure in the trial setting and
7		disclosure in 1970 and '71 when the Larry Fisher
8		information came to light?
9	А	Well, I took that to be a broad statement covering
11:33 10		everything, that it dealt with the issues of
11		disclosure of information at trial and disclosure
12		of the information after 1971.
13	Q	Was the issue was the following issue, in your
14		view, before the court; namely, whether the police
<i>11:3</i> 3 15		and/or Crown should have disclosed to David
16		Milgaard's counsel the information they learned
17		starting in October, 1970 about Larry Fisher's
18		involvement in the Saskatoon rapes and the
19		Winnipeg rapes and his conviction in December of
11:34 20		1971, is it your view that that, the issue of
21		whether or not that should have been disclosed was
22		an issue that was considered by the Supreme Court
23		in deciding whether or not there was a miscarriage
24		of justice?
11:34 25	А	Yes, that was one of the disclosure issues. The
		Meyer CompuCourt Reporting

Page 37949 =

1 other one was of course the trial information. 2 And did you take this statement, and the rest of 0 3 the judgment, I'll go through it with you, as being the Supreme Court of Canada concluding that 4 5 there was no breach of any disclosure requirement 11:34 in 1970 and '71 by the Crown in not providing the 6 7 '70, '71 Larry Fisher information to David 8 Milgaard? 9 If they had wanted to separate the trial Α Yes. 11:34 10 disclosure from the disclosure following the Fisher convictions, they are perfectly capable of 11

Fisher convictions, they are perfectly capable of doing that and they chose not to. I read that then as meaning that they were satisfied with the statement they made, that based on the practice prevailing at the time, there was no error in the disclosure.

17 And what if the Supreme Court had concluded that 0 18 there was, or that the Crown should have 19 disclosed, that in 1970 or 1971 the Crown should 11:35 20 have disclosed to Mr. Milgaard the information 21 that they became aware of relating to Larry 22 Fisher's confessions to the Saskatoon and Winnipeg 23 rapes; how would you have reacted to that 24 statement in the judgement? 11:35 25 Α Well that would, that would have provided David

	1		Milgaard with some argument that he was entitled
	2		to some kind of remedy beyond simply being
	3		released from custody, because at that point you
	4		then have, if not error or misconduct, you at
11:35	5		least have error by the prosecutor.
	6	Q	And would that be a miscarriage of justice, then,
	7		in your view; is that
	8	А	Well, I I don't know. I suppose it depends on
	9		what view you take of that. If the Supreme Court
11:36	10		had said that this was an error, that seems to me
	11		to amount to a suggestion that there's been a
	12		miscarriage, that this should have been provided
	13		and it could have been useful.
	14	Q	And we'll talk about that a bit later. The and
11:36	15		I think you have taken the view that the Supreme
	16		Court did not find that there had been a
	17		miscarriage of justice but, rather, that if Mr.
	18		Milgaard was not given an opportunity to have the
	19		conviction set aside and have a new trial, there
11:36	20		would be a miscarriage of justice; is that
	21		correct?
	22	А	Well, yes. The standards that for disclosure
	23		had changed dramatically. I believe the year that
	24		we're the 1991 I think, or 1992 when
11:37	25		Stinchcombe came out, I don't remember which, but

	1		trial then, or what Mr. Caldwell's performance
	2		at the trial and through to the appeals I'm
	3		sorry, let's start with the trial, his performance
	4		at the trial; what was your understanding of what
11:38	5		the Court was saying here about his conduct as far
	6		as disclosure was concerned?
	7	А	Well they were suggesting that he had not
	8		improperly failed to disclose information to
	9		Justice Tallis, that the practice prevailing at
11:38	10		the time was observed, at the very least, because
	11		I believe the evidence was Justice Tallis knew
	12		most of the statements of the witnesses.
	13	Q	Yeah. If the Supreme Court would have concluded
	14		that, when Larry Fisher came to light in 1970,
11:39	15		that the police and/or Crown officials linked him
	16		to the Gail Miller murder and took steps to
	17		conceal that information or took steps
	18		deliberately not to disclose it to David
	19		Milgaard
11:39	20	А	It is unimaginable that they would not have
	21		commented on that specifically.
	22	Q	And the fact that they did not comment on that
	23		allegation, did you take that as being that that
	24		was included in:
11:39	25		"Nor has evidence been presented that

4	А	Yes.
11:39 5	Q	So that so you took it to be maybe
6		'vindication' is the wrong word did you take
7		this judgement to be, based on your involvement in
8		the process, a conclusion by the Supreme Court of
9		Canada that the allegation that the police, in
11:40 10		October of 1970 and onward, became aware of Larry
11		Fisher, aware that he was the perpetrator of the
12		Gail Miller murder, and took steps to cover up
13		that information?
14	А	I took that to mean that they found no such
<i>11:4</i> 0 15		support in the evidence for that kind of
16	Q	But did you take the judgement to be a
17		determination of that issue? In other words, in
18		the eyes you mentioned earlier that if there
19		had been in the judgement that there was police
11:40 20		misconduct, you would have done something with it;
21		correct?
22	А	Yes. But let me point out that the way I read
23		that as saying. That judgement is basically
24		saying "Mr. Milgaard, you have not produced any
11:40 25		evidence of this", not that there isn't any

	1		evidence or that it couldn't have happened, it's a
	2		statement that "you have not met the burden of
	3		proof on you to establish these allegations."
	4	Q	Okay. And I guess my question relates to this
11:41	5		fact; that there was some evidence before the
	6		Court on some of these issues, and I suppose
	7		and we're going to get into this in later letters
	8		I think Mr. Wolch took the position, after,
	9		that the Court didn't deal with the frame and
11:41	10		coverup argument because we didn't put that
	11		evidence forward, and I think your position was,
	12		well, they did deal with it because (a) you did
	13		put some evidence forward and the Court didn't buy
	14		it; and (b) you didn't have any other evidence;
11:41	15		does that character
	16	А	Well the frame and coverup comes after Larry
	17		Fisher is discovered as the perpetrator of the
	18		four Saskatoon rapes. Umm, the argument was made
	19		that at that point the information should have
11:41	20		presented been presented to David Milgaard or
	21		his counsel, and that that was part of the failure
	22		to disclose. Now I don't know that they argued
	23		specifically the frame and coverup, because they
	24		had no evidence of that, their best argument was
11:42	25		that this was an error that should have and it
			1

My position, and what I told

Page 37955

should have been disclosed.

1

11:42 15

2 Q And I guess I'm trying to understand, Mr. Brown, 3 that after the judgement, in your view, were there 4 still some remaining issues relating to Crown and 11:42 5 police misconduct that had previously been alleged 6 but were not decided by the Supreme Court in the 7 reference?

8 Well there were all kinds of allegations that, if Α 9 you go back and look at their news media campaign 11:42 10 from the very beginning there were all kinds of allegations that were still out there that weren't 11 12 addressed in the Supreme Court. And the reason 13 for that, I expect, is that they were in no 14 position to bring evidence with respect to them.

16 my minister at that point, was they were given a 17 full opportunity to bring all of their concerns 18 before the Court, they appeared to have taken 19 advantage of that, and after hearing all of their 11:43 20 evidence and looking at all of the material they 21 presented the Court was satisfied that there was 22 no failure, or no errors in disclosure as per the 23 practice at that time, no evidence presented with 24 respect to impropriety by the Saskatoon Police 11:43 25 Service in investigating it.

	1	Q	Is it fair to put it this way; to the extent that
	2		there is evidence on the record before the Supreme
	3		Court, and to the extent that the issues were
	4		raised in either written or oral submissions
11:43	5		before the Court, is it fair to say that that
	6		might be an indicator of what was and wasn't
	7		decided by the Supreme Court on the issue of Crown
	8		misconduct and police misconduct, in your view?
	9	А	Well, no, my my view would be that they put
11:44 1	10		everything they had before the Court one way or
1	11		another,
1	12	Q	Okay.
1	13	А	either in written form or in evidence. The
1	14		Court, I'm satisfied I have no reason to
11:44 1	15		believe the Court didn't consider all of it
1	16	Q	Okay.
1	17	А	and I have no reason to believe that they were
1	18		misstating their position when they said that they
1	19		find no support for these things.
11:44 2	20	Q	I'll maybe revisit this when we get into some
2	21		later exchanges of letters that you have. The,
2	22		just again on this comment about the interviews
2	23		with witnesses and inadequate disclosure; to what
2	24		extent did you view these conclusions as dealing
11:44 2	25		with the allegations relating to the manner in $\P$

Ī

			Fage Stast
	1		which the police and Crown dealt with the motel
	2		room witnesses?
	3	А	Well I mean, again, there were allegations that
	4		some of the evidence of persons talked to who were
11:45	5		at the motel room was not disclosed to Justice
	6		Tallis. Again, the Supreme Court indicates that
	7		disclosure with respect to anything relating to
	8		the Milgaard case was appropriate for the time.
	9	Q	If we can go to the next page. I take it, as
11:45	10		well, the Court says:
	11		"Milgaard was represented by able and
	12		experienced counsel."
	13		Was that an issue, in your view, that was being
	14		presented to the Court, that Mr. Tallis'
11:45	15		representation of Mr. Milgaard may, in some way,
	16		have been part of a miscarriage of justice?
	17	А	Well, I don't recall whether David Milgaard made
	18		that allegation in the Supreme Court, but
	19		certainly before the Supreme Court reference there
11:46	20		was a lot of media statements with respect to the
	21		fact that he was a Legal Aid counsel and really
	22		hadn't taken much interest in this case.
	23	Q	And what about the, in his evidence, the chicken
	24		soup/heater fix issue?
11:46	25	А	Well, yes, there was the suggestion by David

age 37958

		Page 37958
1		Milgaard that he had told Justice Tallis about
2		this and that Justice Tallis hadn't followed it
3		up.
4	Q	And if that, in fact, had been true, then would
11:46 5		that be something that would give rise, in other
6		words if
7	А	Well, if the Supreme Court had accepted that story
8		and accepted the allegation that Justice Tallis
9		ignored it, yes, that's that would be something
11:46 10		that would be serious because, as I say, that,
11		that would be a silver-bullet alibi.
12	Q	The next paragraph says:
13		"However, fresh evidence has
14		been presented to us. Ronald Wilson, a
<i>11:4</i> 7 15		key witness at the trial, has recanted
16		part of his testimony. Additional
17		evidence has been presented with respect
18		to the alleged motel room confession.
19		More importantly, there was evidence led
11:47 20		as to sexual assaults committed by Larry
21		Fisher which came to light in October
22		1970, when Fisher made a confession."
23		And let's talk, first, about the Ron Wilson
24		information as being fresh evidence; what did you
11:47 25		make of that statement in light of the contempt
		Meyer CompuCourt Reporting

		Vol 182 - Wednesday, September 13th, 2006
		Page 37959
1		proceedings?
2	А	Well my view was that the issue that I had
3		discussed with Justice Sopinka, that since he's
4		incredible now can you look at him being or can
11:47 5		you consider him as being incredible 20 some years
6		earlier, I took that to mean that Justice
7		Sopinka's view may have had some weight when they
8		were looking at the decision
9	Q	So, in other words,
<i>11:4</i> 8 10	А	because
11	Q	Oh, sorry?
12	А	because, if you simply take Ron Wilson's
13		evidence in the Supreme Court, it establishes
14		nothing.
<i>11:4</i> 8 15	Q	And so did you take that as being the fact that a
16		person who gave pivotal evidence at the original
17		trial is now recanting, and even though his
18		recantation may not be credible, that fact alone
19		might be fresh evidence that might affect
11:48 20	А	Yes, I that seemed to be the view that Justice
21		Sopinka had.
22	Q	And then, secondly:
23		"Additional evidence has been presented
24		with respect to the alleged motel room
<i>11:4</i> 8 25		confession."

	And what was your understanding of that?

	1		signifying something, the fact that the Court was
	2		saying it came to light and was known?
	3	А	Well, I mean, that's that's certainly not new.
	4		I mean everyone knew it came to light in October
11:49	5		of '70 when Larry Fisher, I believe, was arrested
	6		in Winnipeg. The fact that they put it in that
	7		paragraph, I think that whole sentence suggests to
	8		you what they found was really the significant
	9		aspect of the application, and that is that the
11:50	10		Larry Fisher rapes, or those four rapes, suddenly
	11		became attached to someone who lived at the same
	12		place that David Milgaard was visiting.
	13	Q	And the Court says:
	14		"In our view, this evidence,
11:50	15		together with other evidence we have
	16		heard, constitutes credible evidence
	17		that could reasonably be expected to
	18		have affected the verdict of the jury
	19		considering the guilt or innocence of
11:50	20		David Milgaard. Our conclusion in this
	21		respect is not to be taken as a finding
	22		of guilt against Fisher, nor indeed that
	23		the evidence would justify charging him
	24		with the murder of Gail Miller."
11:50	25		And your comment on that paragraph?
			Mever CompuCourt Reporting

I

	1	A Well, I obviously take a somewhat different view
	2	of the significance of the evidence, I don't
	3	believe it would reasonably be expected to have
	4	affected the verdict.
11:51	5	But I go back to what I said
	6	earlier. When the tests came down and the options
	7	were set out, that last option seemed to me to
	8	indicate that the Supreme Court would likely be
	9	looking for some way to do something for David
11:51	10	Milgaard, and this was the hook they could use
	11	and, really, the only hook they could use.
	12	<b>Q</b> And this comment that, indeed, that evidence:
	13	"Nor that the evidence would justify
	14	charging him with the murder of Gail
11:51	15	Miller.";
	16	any significance with that comment, in your view?
	17	A Well, they got that part right.
	18	<b>Q</b> If we can scroll down to the options, number one:
	19	"As to the first, we are not
11:51	20	satisfied beyond a reasonable doubt that
	21	David Milgaard is innocent of the murder

		Reference, on a preponderance of all the
4		evidence, that David Milgaard is
11:52 5		innocent of that murder."
6		How did you interpret that ruling, what was your
7		view of that?
8	А	Well, I mean, the first one basically says they
9		didn't believe what David Milgaard said because,
<i>11:5</i> 2 10		of course, if they had believed him they would
11		have found him innocent.
12		The second one says that not
13		only don't they believe him but, on the basis of
14		the rest of the evidence they heard, they are not
<i>11:5</i> 2 15		satisfied that he has established he was innocent.
16	Q	Let me just back up. If the Court would have
17		believed David Milgaard when he said "I didn't
18		kill Gail Miller", in your view that would have
19		met the high burden of proof beyond a reasonable
11:52 20		doubt?
21	А	Yes.
22	Q	On the second test and so you're saying the
23		reason they didn't is because they didn't believe
24		him when he said he didn't kill Gail Miller?
11:52 25	А	Yes.

1 Q And on the second test, that: 2 "... on a preponderance of all the 3 evidence ....", I think that's also been characterized as 'more 4 5 likely than not' or 'probable'; is that a fair 11:52 6 way to --7 Yes, yeah. Α 8 And so that on the basis of all the evidence, 0 9 including David Milgaard's evidence, the Court did 11:53 10 not conclude that he was innocent? 11 Α That he was probably innocent, yes. Probably innocent. If the Court, in this 12 Q 13 judgement, had concluded either that David 14 Milgaard had proved beyond a reasonable doubt that 11:53 15 he was innocent, or that he was probably innocent, 16 can you tell me what Saskatchewan Justice would 17 likely have done in that respect? 18 Α Well that, if the Supreme Court says that somebody 19 at the very least has proved they are probably 11:53 20 innocent, that fires open the investigation like 21 that. 22 Q Into the death of Gail Miller? 23 Α Into the death of Gail Miller. And it puts the 24 issue of the compensation claim, that we knew was 11:53 25 going to follow, clearly on the front burner.

	1	Q	And in 1997, when the DNA came out, I think the

	8		innocent, can you tell us whether Saskatchewan
	9		Justice would have acknowledged a wrongful
11:54	10		conviction at that point and commenced
	11		compensation discussions?
	12	А	Well, that would have been my advice to the
	13		minister, and I'm assuming for the sake of that
	14		argument that he would have followed that, yes.
11:54	15	Q	And why would that have been your advice?
	16	А	Because in my view, if he can establish he's
	17		probably innocent, we're at a point where proof
	18		beyond a reasonable doubt would have been
	19		impossible at trial.
11:54	20	Q	And would that have been sufficient, in your view,
	21		to establish a wrongful conviction on the
	22		against David Milgaard?
	23	А	In my view it would have, yes.
	24	Q	And would that have provided the basis for the
11:55	25		Government of Saskatchewan to negotiate

compensation to Mr. Milgaard for the wrongful conviction?

3 A Yes.

4 In light of the fact that the Supreme Court of 0 5 Canada did not make either of those findings, what 11:55 significance did that have to Saskatchewan Justice 6 7 in considering the question of whether or not 8 David Milgaard had been wrongfully convicted, and 9 whether or not he was deserved of compensation? 11:55 10 Α Well, the issue of compensation would only come up 11 if there was some indication that something wrong 12 had happened, if there was no finding that 13 something wrong had happened then there wasn't 14 going to be -- there wasn't likely going to be 11:55 15 discussions about compensation, and it -- for my 16 part, I certainly wouldn't have been recommending 17 that the government enter into those kinds of discussions. 18 19 0 And when you talk about "wrong", if the Court said 11:56 20 that he is innocent, I take it would that 21 constitute a wrong? 22 Α Well, yeah, if you're innocent and spend 22 years 23 in jail that's a good definition of "wrong". 24 0 So the "wrong" -- so your last answer, though, the 11:56 25 fact that the Court said "we don't find you

11:56 5		were not limiting that to wrong conduct by the
6		part of the Crown or police but, rather, wrong in
7		the result?
8	А	Well, no. If the Court had come to the conclusion
9		that looking at the evidence that exists, even now
11:56 10		for example with respect to the Wilson and Deborah
11		Hall thing, and said, you know, "even though we
12		don't find the police have done anything wrong,
13		David Milgaard is probably innocent", then we
14		my advice to the minister would be that we
<i>11:5</i> 6 15		acknowledge the fact he was wrongly convicted and
16		we have to deal with it by way of compensation.
17	Q	Right. And so the wrong is the fact that an
18		innocent person was
19	А	That he was convicted,
11:57 20	Q	Yes.
21	А	yes, when he shouldn't have been.

	1	BY MR. HODSON:
	2	<b>Q</b> If you could call up the Supreme Court judgment,
:	3	008879, and go to page 887. Just before lunch we
	4	finished dealing with that paragraph about
01:31	5	probable innocence. Next it says:
	6	"Third, we are satisfied that there has
	7	been new evidence placed before us which
:	8	is reasonably capable of belief and
	9	which taken together with the evidence
01:31 1	0	adduced at trial could reasonably be
1	1	expected to have affected the verdict.
1:	2	We will therefore be advising the
1	3	minister to quash the conviction and to
1	4	direct a new trial under s. 690(a) of
01:32 1	5	the Criminal Code. In light of this
10	6	decision, it would be inappropriate to
1	7	discuss the evidence in detail or to
13	8	comment upon the credibility of the
1	9	witnesses."
01:32 20	0	And the last point, I take it, Mr. Brown, was
2	1	that if this matter was going to go to a new
2	2	trial, that the court's comments on their
2	3	evidence might be prejudicial to a subsequent
2	4	trial, or how did you take that?
01:32 2	5	A Well, I mean, just generally when an appellate

	1		court orders a new trial, it doesn't comment on
	2		the evidence any more than is absolutely necessary
	3		to substantiate their decision.
	4	Q	And then if we can scroll down, the court says:
01:32	5		"Nonetheless we will set out in brief
	6		the basis for our recommendation to the
	7		minister"
	8		And then it says:
	9		"Without being exhaustive it will
01:32 1	10		suffice to observe that there is some
1	11		evidence which if accepted by a jury
1	12		could implicate Milgaard in the murder
1	13		of Gail Miller."
1	14		What was your reaction, or the significance of
01:33 1	15		this statement?
1	16	А	Well, it was simply that they thought there was
1	17		still a sufficient case left, that it could point
1	18		to that a jury could accept that it proved
1	19		David Milgaard was guilty.
01:33 2	20	Q	And did you read anything into the fact that this
2	21		was included in the judgment?
2	22	А	Well, other than it sort of stands alongside with
2	23		the notion that he hasn't demonstrated that he was
2	24		innocent, no.
01:33 2	25	Q	And then next it goes on to talk about the facts.

1		Did you take this recitation as being the court's
2		finding of the facts, or the skeleton facts?
3	А	Yes.
4	Q	And in particular they talk about the vehicle, or
<i>01:34</i> 5		sorry:
6		"The evidence of Nichol John and the

13		became stuck, Wilson and Milgaard got
14		out of the car and walked away in
01:34 15		different directions to seek

17		Now, on that point about getting stuck and
18		leaving the car, I think the evidence of Nichol
19		John, Ron Wilson and Mr. Justice Tallis was that
01:34 20		that's what had happened; correct?
21	А	Yes, that remained as part of I think what was
22		legitimately left of the evidence we had from the

	4		And what's not in there is a suggestion that it

	6	А	No. That's right, yes.
	7	Q	And so was it your understanding that the Supreme

01:36	10		that David Milgaard did in some form stab a pillow

	13	А	Yes.
	14	Q	And the question was was it an admission of the
01:36	15		murder, a joke or a mere drug-induced rambling?
	16	A	That's right. How you characterized it was the

2		conviction of Milgaard would amount to a
3		miscarriage of justice if an opportunity
4		was not provided for a jury to consider
01:37 5		the fresh evidence."
6		Can you comment on the significance of the
7		language used by the court in describing the
8		miscarriage of justice?
9	А	Well, I think they are making it clear that
<i>01:3</i> 7 10		consistent with their earlier view that there had
11		been no demonstration of police misconduct, Crown
12		misconduct, impropriety at the trial, there was no
13		miscarriage of justice then, but his continued
14		conviction at this point, without the opportunity
<i>01:3</i> 7 15		to present the Fisher evidence, would continue, or
16		would be a miscarriage.
17	Q	And did you read this paragraph, and as part of
18		the whole judgment, as a statement by the Supreme
19		Court that there had not been a miscarriage of
01:38 20		justice established, there was not a miscarriage
21		of justice to that point?
22	А	Yes, that's what the language suggests very
23		clearly.

3		General of Saskatchewan under the
4		Criminal Code to enter a stay if that
<i>01:38</i> 5		course were deemed appropriate in light
6		of all the circumstances."
7		What if anything did you make of that statement?
8	А	Well, the Supreme Court does not direct Attorneys
9		General how to exercise their discretion usually.
01:38 10		However, it's always open to them via this sort of
11		a method to indicate where they think that
12		discretion should be exercised or how they think
13		it should be exercised, and I read that as being a
14		very broad hint to the Attorney General of
<i>01:3</i> 9 15		Saskatchewan that he should have stayed the
16		prosecution.
17	Q	And on the basis that you found it unusual that
18		this type of comment would be made in the
19		judgment?
01:39 20	А	Well, it is unusual. As I say, they don't usually
21		direct a minister of justice how to exercise
22		discretion.
23	Q	I take it that if they had not made this comment,
24		it would be open to the Attorney General to enter
01:39 25		a stay if that course were deemed appropriate; in

	1		other words, you didn't need the court to tell you
	2		that to have that discretion?
	3	А	That's correct.
	4	Q	And is it your evidence then that this was a
01:39	5		message from the court to the Attorney General?
	6	А	Yes, that's my view.
	7	Q	And then:
	8		"However, if a stay is not entered, a
	9		new trial proceeds and a verdict of

	13		to David Milgaard with respect to any
	14		sentence imposed."
01:40	15		And what was the significance of that provision,
	16		statement?
	17	А	Well, I think that's their fall-back position if
	18		we didn't get the hint, ran a trial and got him
	19		convicted, as might well have happened had he been
01:40	20		tried in Saskatoon, the Federal Minister was to
	21		nullify the proceedings.

At the bottom on Milgaard's 01:41 Innocence, it says: 6 7 "In their original statement 8 of the tests to be considered, the Court 9 indicated that it was open to David 01:41 10 Milgaard to establish a miscarriage of 11 justice if he could prove either beyond 12 a reasonable doubt or on a balance of 13 probabilities that he was innocent. The 14 Court specifically notes in its decision 01:41 15 that he has failed to do this. This 16 failure comes despite the fact that he 17 was allowed to the most incredible 18 latitude in calling "evidence" that no 19 trial court would every admit. 01:41 20 It should be noted here in 21 answer to any suggestion that Milgaard 22 needs a new trial to establish his 23 innocence, that he has now had three 24 opportunities to establish that 01:41 25 innocence: Once at trial, once in the

	4		And again if, and I think you commented on this
01:42	5		earlier, if the court had concluded that there
	6		was some misconduct, would that have prompted
	7		Saskatchewan Justice to do something?
	8	А	Yes, absolutely.
	9	Q	And the fact that the court said there was no
01:43 1	0		evidence to suggest that the police had acted
1	1		improperly, did that, for Saskatchewan Justice's
1	2		purposes, put to rest those allegations that had

01:43 1	5	А	Yes.
1	6	Q	Scroll down, Conduct of The Crown:
1	7		"The Court notes specifically
1	8		that Milgaard has had the benefit of a
1	9		fair trial and that there was ample

1		The Court notes that the
2		new evidence of Larry Fisher's
3		confessions made in October of 1970 is
4		relevant fresh evidence. However, the
<i>01:4</i> 3 5		Court does not say that the Crown made
6		any error in failing to revive the issue
7		of Milgaard's guilt after Larry Fisher
8		confessed to his sexual assaults. This
9		failure is of significance because this
<i>01:4</i> 3 10		was one of the major arguments put
11		forward by the Applicant."
12		Can you just comment on that last part, please?
13	А	Well, certainly that was a huge part of the second
14		application they made, and indeed part of the
<i>01:44</i> 15		first one as well, that given that nobody was

1	"In this regard there is also
2	one other point of note. If Milgaard's
3	evidence before the Court was accepted,
4	they would have been compelled to
<i>01:44</i> 5	declare he was innocent. The essence of
6	Milgaard's evidence was that he did not
7	kill Gail Miller. The fact they did not
8	find him innocent means they didn't
9	believe him when he said he didn't do
<i>01:44</i> 10	it. While that may seem like a small
11	point, in the public relations war that
12	will follow over the issue of
13	compensation, it'll be worth remembering
14	that the Supreme Court did not believe
<i>01:4</i> 5 15	David Milgaard's claim that he did not
16	kill Gail Miller's."
17	And what was the significance of that comment?
18	A Well we were anticipating that, given the way the
19	Supreme Court decision turned out, the Milgaard
01:45 20	camp were not going to be very happy with the
21	result. They weren't just after getting David
22	Milgaard out of jail, they were after
23	compensation, and this would make a compensation
24	claim impossible to pursue, given that the Supreme
<i>01:4</i> 5 25	Court didn't believe David, the Supreme Court
	Meyer CompuCourt Reporting

Ī		Page 37981
1		thought there was ample evidence to convict,
2		etcetera.
3	Q	And so is it your view that the Supreme Court
4		judgement itself presented a roadblock to David
<i>01:4</i> 5 5		Milgaard advancing a claim for compensation for
6		wrongful conviction?
7	А	Yes.
8	Q	And that's because in order to get compensation,
9		he must establish wrongful conviction, which
<i>01:4</i> 6 10		requires probable innocence?
11	А	Well,
12	Q	Proof?
13	A	he has to establishing wrongful conviction, and
14		the Supreme Court decision said he wasn't
<i>01:4</i> 6 15		wrongfully convicted.
16	Q	And I think I put this question to Mrs. Milgaard,
17		that on David Milgaard's position as far as
18		advancing a claim for wrongful conviction and
19		compensation, that his position in that regard was
01:46 20		better before the Supreme Court decision than
21		after; would you agree with that?
22	А	Yes.
23	Q	In addition to the compensation I think
24		Mrs. Milgaard, and perhaps others, identified
<i>01:4</i> 6 25		another important an issue that was important

1		to them, and that was clearing David Milgaard's
2		name, in other words the whether it's an
3		exoneration or declaration of innocence. Did you
4		understand that to be a concern, either standing
01:47 5		alone, or related to the compensation issue?
6	А	Well, yes, they usually put the two together.
7	Q	And as far as the, Mr. Milgaard's quest to get a
8		declaration of innocence or an exoneration, what
9		was your view as to what the Supreme Court
01:47 10		judgement did to that effort?
11	А	Well, it basically creates the same problem. It
12		didn't say that it found he was wrongly convicted,
13		it didn't say that it thought he was innocent, and
14		the suggestion to us that we stay the proceedings
01:47 15		pretty much blocks his avenue towards sort of any
16		kind of exoneration, even the kind that might have
17		arisen from a not-guilty verdict.
18	Q	You had talked earlier about the media campaign
19		and the effect it had on giving rise to the
01:48 20		Supreme Court reference. What was your
21		observation or your view as to what the Supreme
22		Court decision would do to efforts to get David
23		Milgaard's case and these issues in the media with
24		the view of getting public pressure on political
01:48 25		decision-makers to give favourable results?
		Meyer CompuCourt Reporting

1 А Well I -- this decision, it seems to me, pretty 2 much takes the steam out of their process. It 3 would have been very, very difficult for them, at 4 that point, to generate any kind of -- any kind of 5 traction for a media campaign to push the Minister 01:48 6 into something. 7 Q Why? 8 Α Because you now have five judges in the Supreme 9 Court of Canada basically saying that most of the 01:49 10 allegations they made in their previous campaigns 11 have turned out to be unfounded, they do not find 12 David Milgaard to be innocent, they don't find him 13 to be probably innocent, there is still evidence 14 upon which he could have been, and could be, 01:49 15 convicted, and his conviction was fair, there was 16 no evidence of misconduct demonstrated to the

17 Court, and it would be very difficult for them, in
18 the face of that, to be able to produce the kind
19 of media campaign that they'd been able to
01:49 20 generate before.
21 Q And what about the fact that Larry Fisher

22 participated and testified in the Supreme Court 23 reference?

24 A Well, I'm not sure the fact that Larry Fisher 01:50 25 testified was all that significant, it was the

	1		findings of the Supreme Court that were
	2		significant.
	3	Q	Maybe I put that the fact that the Court had
	4		the opportunity to hear Larry Fisher
01:50	5	А	Oh.
	6	Q	and then made it, made the decision it did in
	7		light of hearing from Larry Fisher, and in hearing
	8		the arguments about the similarity of the rapes,
	9		etcetera?
01:50	10	А	That's a nicety that's a little subtle, I think,
	11		for the news media and the public.
	12	Q	As far as Miscarriage of Justice:
	13		"In its advice to the
	14		Minister, the Court notes that there has
01:50	15		been no miscarriage of justice up to
	16		this point. Their concern in this
	17		regard is expressed by saying that <u>a</u>
	18		miscarriage will arise only if the
	19		conviction stands without Milgaard being
01:50	20		given the opportunity to use this new
	21		evidence in his defence. Obviously, if
	22		the Federal Minister orders a new trial,
	23		the old conviction is set aside and the
	24		chance of a miscarriage occurring is
01:50	25		avoided. While that may seem like a

	2	the effect the Court seems to have
	3	intended."
	4	Any comment on that?
01:51	5	A Umm, no, I the Supreme Court, I think, chose
	6	their words there fairly carefully, intending to
	7	suggest that if the matter is dealt with by
	8	staying it, then there will be no miscarriage of
	9	justice if he's released and the matter stayed.
01:51	10	<b>Q</b> And then, as far as a New Trial:
	11	"The Court's decision is in
	12	effect, advice to both Ministers of
	13	Justice involved in this matter. In
	14	particular, it is apparent the Court is
01:51	15	of the view that we should stay to
	16	matter and not run a second trial. Just
	17	in case we missed that message or
	18	ignored it, the Court goes on to
	19	indicate that even if we do run a new
01:51	20	trial and get a conviction, the Federal
	21	Minister should grant a pardon. Such
	22	action by the Federal Minister of
	23	Justice would effectively make the new
	24	trial process a pointless waste of
01:52	25	scarce resources."

	1		And on that point, what about the effect a new
	2		trial process might have on David Milgaard, in
	3		other words the opportunity to be found not
	4		guilty, if that were the result?
01:52	5	А	Well, except that the opportunity comes with the
	6		opportunity to be found guilty as well. And as I
	7		said, certainly based on the readings that we were
	8		getting from Saskatoon, it's by no means clear, if
	9		a trial had been held in this city, that he would
01:52	10		have been acquitted.
	11	Q	When you say "by readings in Saskatoon" what are
	12		you referring to?
	13	А	The letters that we were getting from the people
	14		in Saskatoon and what the political people were
01:52	15		coming back with from their constituents.
	16	Q	So if, if there had been a new trial, I suppose we
	17		don't know what would have happened, either guilty
	18		or not guilty, one of the two. You became aware
	19		of Mr. Milgaard's desire to have a trial to be
01:53	20		found not guilty; correct?
	21	А	Yes.
	22	Q	And, if we explore that a bit, that would not be
	23		or that would that be the equivalent of the
	24		Supreme Court of Canada saying "you're innocent"
01:53	25		or "you're probably innocent"; would that be an

	1		exoneration?
	2	А	Well, no. I mean, strictly speaking, our trials
	3		do not result in a statement that 'you are
	4		innocent', they result in a statement that 'the
01:53	5		Crown has not proved its allegations beyond a
	6		reasonable doubt'.
	7	Q	But if David Milgaard had an opportunity to have
	8		another trial and was found not guilty, would that
	9		put him in a better position as far as the state
01:54	10		as far as his status? Let me back up. Would
	11		it undo the original conviction or undo the effect
	12		of it?
	13	А	Well, I'm not entirely sure about that. 20 some
	14		years after the fact, you should be able to
01:54	15		generate some kind of doubt. I don't, you know, I
	16		don't really think, at that stage, having him
	17		acquitted would have changed the public's view of
	18		the situation. It may have, it may have given him
	19		some comfort, and I don't deny that, but I don't
01:54	20		think it would have changed the public's view of
	21		the situation much.
	22	Q	When you say:
	23		"Additionally, there are a
	24		strong practical and moral arguments to
01:54	25		be made favouring a stay. Twenty-three

1		years after the fact, the chance of
2		being able to mount a successful
3		prosecution in this or any other case is
4		virtually non-existent. Memories fade
01:55 5		or are lost and previously good evidence
6		becomes so vague as to be meaningless.
7		Additionally, given the pre-trial
8		publicity this case has received, the
9		chance of picking an impartial jury is
01:55 10		pretty slim."
11		Can you comment on that?
12	А	Well, at that point we felt it would certainly be
13		difficult to come up with a jury that hadn't heard
14		of the case, perhaps that has more to do with our
<i>01:55</i> 15		view that the universe spins around the things
16		that we're involved with.
17		As it turned out, when they
18		went to do the Larry Fisher prosecution in
19		Yorkton, they had no trouble whatsoever finding 12
01:55 20		juries (sic) who had never heard of the matter.
21	Q	You go on to say:
22		"Morally, it would be
23		difficult to justify a new trial.

	2		sentences and been released. Second, if
	3		the offence were committed today, a 16
	4		year old would be tried in youth court
01:56	5		and the maximum sentence available would
	6		be 3 years. In this province the chance
	7		of raising him to adult court even for
	8		this type of offence would be slim. And
	9		finally, since the Supreme Court has
01:56	10		just indicated that our best possible
	11		outcome of a new trial should be
	12		nullified by the Federal Minister, how
	13		can we justify putting David Milgaard or
	14		the witnesses through a trial process
01:56	15		again."
	16		And anything to add to that?
	17	А	No. It seems to me that those were the public, or
	18		the public interest reasons why you wouldn't run a
	19		new trial, and quite frankly I expect that they
01:56	20		would have been things we would have had to
	21		consider even if the Supreme Court hadn't said
	22		that we should enter a stay. It just, at that
	23		point,
	24	Q	So
01:56	25	А	I mean aside from providing an opportunity for

		Page 37990
1		David Milgaard to enter a defence there just
2		didn't seem to be, in my view, a compelling case
3		for running a new trial against him.
4	Q	And what about that point of allowing David
01:57 5		Milgaard an opportunity to mount the defence,
6		would
7	А	Well that would be the only reason you would run a
8		new trial. And quite frankly, after the process
9		in the Supreme Court of Canada, to bring all of
01:57 10		those witnesses back and put them through all of
11		that process again, umm, no, I just I didn't
12		see the point of that, even if it was what David
13		Milgaard wanted.
14	Q	And what about the notion of simply having a new
<i>01:5</i> 7 15		trial, and not presenting evidence, and having him
16		acquitted that way?
17	А	And we would do that why?
18	Q	Well, no, I'm asking you. I mean I think that
19		was, in other words, to give Mr. Milgaard the
01:57 20		opportunity of being found not guilty?
21	А	He had that opportunity and he couldn't prove he
22		was innocent, he couldn't make a case for the
23		Supreme Court to suggest that they even thought he
24		was wrongly convicted.
01:58 25	Q	So did that finding, then, was that the Supreme
		Meyer CompuCourt Reporting

Court finding on that point; was that something

	2		that influenced your thinking in deciding to stay
	3		the charge?
	4	А	It was our view that David Milgaard had been given
01:58	5		every opportunity to establish that he somehow
	6		wasn't guilty of this offence, and he hadn't been
	7		able to do that, in fact all he had succeeded in
	8		doing was re-establishing that he likely was
	9		guilty.
01:58	10	Q	I'm scared to venture into the next area, Mr.
	11		Brown.
	12		"There is nothing left to
	13		inquire into and therefore, no need to
	14		hold such an inquiry. The Supreme Court
01:58	15		has covered everything very thoroughly.
	16		As well, the result of the Court's
	17		inquiry is set out in the decision.
	18		They found no misconduct or impropriety
	19		of any kind. Again, absent some
01:59	20		evidence that there is something that
	21		needs looking into, an inquiry isn't
	22		justified."
	23		Comment on that?
	24	А	Well, again, my view then, my view now, was they
01:59	25		had every opportunity to present whatever evidence

	1		they had to suggest that there had been misconduct
	2		by the police, misconduct by the Crown,
	3		incompetence by his defence counsel, some error
	4		made at trial, etcetera, and they had not been
01:59	5		able to establish that. What would we inquire
	6		into? What further would we inquire into, other
	7		than say something like the systemic operations of
	8		the Saskatoon police, their training and stuff
	9		like that? Well, what would be the point of that
01:59	10		when we were dealing with something that happened
	11		over 20 years ago.
	12	Q	Compensation. You say:
	13		"In my view, the next battle
	14		we face is the claim for compensation.
01:59	15		We know that Mr. Wolch and Mr. Asper
	16		have a contingency fee agreement with
	17		David Milgaard that entitles them to a
	18		portion of any compensation. We also
	19		know that the Milgaards were talking
02:00	20		about this during the hearing before the
	21		Supreme Court."
	22		What were you referring to there?
	23	А	Umm, I don't actually recall the, what they were
	24		talking about before the Supreme Court, but I know
02:00	25		in discussions with Ron Fainstein, and I think
			Meyer CompuCourt Reporting

			Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006
			Page 37993
	1		David Asper and Hersh Wolch in the room, the issue
	2		of a contingency fee agreement came out, and that
	3		may actually have been when they were talking
	4		about how people were going to be compensated for
02:00	5		being involved in this.
	6	Q	In the Supreme Court reference?
	7	А	So I so we knew there was an issue of
	8		compensation that they wanted to pursue.
	9	Q	And did you view the Supreme Court decision as
02:00	10		being a fairly effective answer to a compensation
	11		claim?
	12	А	I think, yes, I think it was meant to be,
	13		actually.
	14	Q	You say:
02:01	15		"Given Milgaard's failure to
	16		establish even probable innocence there
	17		is no reason to pay compensation for
	18		wrongful conviction. No one has
	19		established wrongful conviction. The
02:01	20		Donald Marshall precedent clearly does
	21		not apply because Marshall was found to
	22		be innocent by the Court that reviewed
	23		his case at the request of the Federal
	24		Minister. Indeed, the Supreme Court
02:01	25		notes that there was ample evidence to

		——————————————————————————————————————
1		establish that Milgaard was guilty and
2		that there is no evidence that anyone
3		has behaved in any improper fashion.
4		The Supreme Court has attempted to word
02:01 5		its decision to leave no basis for any
6		claim for compensation."
7		Is that the point you were referring to earlier?
8	А	Yes.
9	Q	And was that because they didn't find a
02:01 10		miscarriage of justice?
11	А	Yes.
12	Q	You go on to say:
13		" if the decision is that no
14		compensation will be offered or paid, we
02:02 15		had better be prepared to vigorously and
16		publicly counter such a campaign. If we
17		do fail to do so and we'll end up losing
18		the public relations fight and be forced
19		to pay compensation of some amount. If
02:02 20		the decision is to resist any payment of
21		compensation, some thought has to be
22		given to how we are going to wage this
23		resistance campaign."
24	А	Well, the issue of compensation wasn't for me to
02:02 25		decide, so I basically left that to the people

	1		that were going to look at it. Ultimately
	2	Q	Would that be sorry a political decision?
	3	А	Well it would be a political decision, plus it
	4		would likely be a decision that was dealt with in
02:02	5		consultation with the civil is law division of the
	6		department, and that's ultimately what happened.
	7	Q	So here, on the public campaign side, what was
	8		your view, or what were you referring to here
	9		about "vigorously and publicly countering a
02:03	10		campaign"?
	11	A	Well, I anticipated that you would get the same
	12		kind of response to the disappointment from the
	13		Supreme Court that we saw come from the
	14		disappointment when the minister rejected their
02:03	15		first application, and that is that there was
	16		going to be some kind of campaign from the
	17		Milgaards with respect to attempting to use
	18		political pressure to push the Attorney General of
	19		Saskatchewan into offering some kind of
02:03	20		compensation, an inquiry, something like that, and
	21		it was my view that if we didn't want to get
	22		pushed into the same kind of problem that the
	23		federal minister did, we'd better be ready to
	24		answer any claims that were made.
02:03	25	Q	And did you then attempt to do so?
			1

The Government of Saskatchewan took that advice,

1

А

	2		yes.
	3	Q	And I'll have a chance to go through some of the
	4		media articles and some of the letters. Is it
02:04	5		fair to say that there was a conscious decision,
	6		then, by the Government of Saskatchewan, once the
	7		Supreme Court decision came out, to be fairly
	8		vocal in the media, to respond to what was being
	9		said about the Supreme Court decision and said
02:04	10		about the administration of criminal justice?
	11	A	Well, that's ultimately what the minister did. I
	12		prepared that, prepared a briefing note, and
	13		somebody else took it and discussed it with the
	14		minister, I don't recall spending much more than a
02:04	15		few minutes with him.
	16	Q	But you did, certainly we'll see from some of the
	17		articles, you, I believe, took a fairly vocal
	18		position on it; is that
	19	А	Well, something else happened in the department
02:04	20		about that time, and that was we were basically
	21		told that we were free to respond to allegations
	22		by various parties in the news media. Prior to
	23		that, the department's position had basically been
	24		we didn't comment on these things in the news
02:05	25		media, that general policy changed and now we did.

	Page 37997
1	<b>Q</b> Under Stay of Proceedings you say:
2	"The Supreme Court
3	effectively recommends we stay the
4	matter. Mr. Wolch has apparently
<i>02:05</i> 5	insisted that this be an unconditional
6	stay.
7	There is in law only one kind
8	of stay of prosecution the Minister or
9	his prosecutors can issue. There are no
<i>02:05</i> 10	conditions we can attach to it. The
11	effect of the stay in this case is to
12	temporarily put the prosecution on hold
13	subject to our lifting the stay and
14	recommencing the prosecution. If the
<i>02:05</i> 15	prosecution is not recommenced within
16	one year of the stay being entered, we
17	lose the right to recommence proceedings
18	on that charge and the prosecution is
19	permanently at an end.
02:05 20	With respect to Mr. Wolch's
21	demand, he is really demanding the
22	Minister stay proceedings and at the
23	same time issue a statement saying David
24	Milgaard is innocent. Obviously, Mr.
02:06 25	Wolch wants the Minister to set himself
	Meyer CompuCourt Reporting

		Page 37998
1		up for the big claim for compensation.
2		Just as obviously, since Milgaard has
3		now had three chances to prove his
4		innocence before twelve jurors, three
02:06 5		Court of Appeal judges and five Supreme
6		Court judges and hasn't convinced even
7		one of these twenty people he is
8		innocent, there doesn't seem to be any
9		reason for the Minister to make the
02:06 10		proclamation Mr. Wolch wants."
11		And, again, that would have been your thinking at
12		the time?
13	А	Yes.
14	Q	And so, on the stay, I take it that Mr. Wolch was
02:06 15		asking that the stay be entered with some
16		acknowledgment of innocence; in other words not an
17		equivocal stay?
18	А	That's right, yes.
19	Q	And what were the reasons, then, other than I
02:06 20		take it the reasons are stated in this paragraph
21		as to why you wouldn't do that?
22	А	Well, I mean, the minister could have said,
23		collateral with the stay being entered, that he
24		was of the view David Milgaard was innocent, or he
<i>0</i> 2:07 25		could have said that the government accepts that
		Meyer CompuCourt Reporting

Page 37999 -

1	he was innocent, but that wasn't our position.
2	Our position was the Supreme Court had indicated
3	the trial had been fair, it didn't find him
4	innocent, didn't find he was probably innocent,
02:07 5	felt that there was still evidence upon which he
6	could be successfully prosecuted, and it was not
7	the Government of Saskatchewan's view that David
8	Milgaard had, in any way, established he was
9	innocent.
<i>0</i> 2:07 10	<b>Q</b> Go down to Further Investigation. You write:
11	"There may be concerns raised
12	by the press with respect to further
13	investigations of Larry Fisher for the
14	murder or some of the original trial
<i>0</i> 2:07 15	witnesses for perjury.
16	In this regard we are open to
17	looking at any new evidence that may
18	come to light in the future, but as of
19	today there are no further
02:07 20	investigations planned or under way.
21	There is no evidence to corroborate that
22	Ron Wilson perjured himself at the
23	original trial and therefore no chance
24	of a perjury prosecution. The Court
02:08 25	indicated that it would deal with him
	Meyer CompuCourt Reporting

Page 38000 =

Ī

	1		for contempt of Court for his
	2		performance before them and therefore,
	3		there is no reason for us to become
	4		involved in dealing with Ron Wilson.
02:08	5		With respect to Larry Fisher, the Court
	6		indicated there was no basis to charge
	7		him, and to say the least, that is an
	8		understatement."
	9		Do I take it from this, these two paragraphs, Mr.
02:08 1	10		Brown, that the Saskatchewan Justice had
1	11		concluded, on April 14, 1992 after the Supreme
1	12		Court reference decision came out, that it would
1	13		not be re-opening the investigation into the
1	14		death of Gail Miller?
02:08 1	15	А	That's correct, yes.
1	16	Q	And for the reasons stated in this memo, and for
1	17		what you have, I think you alluded to some of them
1	18		earlier?
1	19	А	Yes.
02:09 2	20	Q	Now it's my understanding that if we can go to
2	21		0203 that's the wrong one sorry, 00442
2	22		sorry, 004442. And it's my understanding that,
2	23		just the mechanics of the charge and the
2	24		indictment, that after the Supreme Court rendered
02:09 2	25		its advice to the federal minister the federal
			Meyer CompuCourt Reporting

1		minister directed that the conviction be set
2		aside, which was done in Court of Queen's Bench,
3		and then you filed a new indictment because the
4		charging provision had changed since 1969, filed a
<i>02:0</i> 9 5		new indictment, then entered a stay of proceedings
6		
7	А	Yes.
8	Q	simultaneously; is that correct?
9	А	Yes, that's correct.
02:09 10	Q	And can you just explain, why was that necessary
11		to go through, to actually file another indictment
12		and stay it?
13	А	We thought that out of an abundance of caution, if
14		you were going to put the proceeding back before
<i>02:10</i> 15		the Court, it should be with respect to the proper
16		current charge number.
17	Q	So, just so that I have this right, if the
18		conviction if the order setting aside the
19		conviction were made, then the original indictment
02:10 20		would be alive again; is that correct?
21	А	Well that's, yes, that's, strictly speaking,
22		correct. But the original but that indictment
23		now charged an offence that no longer existed.
24	Q	Right. And so then that was why a new indictment
02:10 25		was filed

1	А	Yes.
2	Q	and then a stay entered? This, I think, is a
3		briefing note that you prepared. If we can go to
4		page the third page, would this be your
<i>02:10</i> 5		briefing note April 15th, 1992?
6	А	Yes.
7	Q	I think this duplicates some of the earlier memo
8		we went through. If we can go to the next page.
9		And presumably these would be for the Minister to
02:11 10		utilize, the briefing note?
11	А	Yes.
12	Q	And:
13		"After consulting with my
14		officials we have decided not to run a
<i>02:11</i> 15		new trial for several reasons. Instead
16		we have decided to enter a stay.
17		First, we accept the guidance
18		provided by the Supreme Court. Given
19		the time Mr. Milgaard has already served
02:11 20		and the fact that the Court has
21		indicated that even if he is convicted
22		again he should be pardoned, there is no
23		public interest to be served in running
24		this case again.
02:11 25		Further, in practical terms,

2		twenty three years old, would be
3		difficult. We would only attempt such a
4		prosecution in the most compelling of
02:11 5		cases and where there is something to be
6		gained by the effort. Here, when we
7		assess the public interest factors we
8		look at with respect to other
9		prosecutions, there is no reason to
<i>0</i> 2:12 10		undertake a new trial."
11		And would this decision, I think you told us
12		earlier the stay of the proceedings would be made
13		by the Director of Public Prosecutions?
14	А	Yes.
02:12 15	Q	And, at this time, was it Mr. Quinney who was the
16		director?
17	А	That's correct.
18	Q	And so would it have effectively been his decision
19		with your advice?
02:12 20	А	Yes.
21	Q	As opposed to the minister's decision?
22	А	Yes.
23	Q	Next page. Under Further Investigation it's
24		written:

2		into anything surrounding this case.
3		The Supreme Court has
4		indicated that there is no evidence of
02:12 5		wrong doing on the part of any police or
6		prosecution agency in this province.
7		Additionally, the Supreme Court has now
8		conducted an exhaustive inquiry and
9		there seems little left to inquire into.
02:12 10		In the future, should any
11		further information come forward bearing
12		on the guilt or innocence of any person
13		with respect to the murder of Gail
14		Miller, we will have that information
<i>02:13</i> 15		investigated. However, at this point
16		there is nothing left to investigate."
17		And, again, that these would have been your
18		words at the time?
19	А	Yes.
02:13 20	Q	On that investigation, is it fair to say that the
21		only significant area to further investigate would
22		have been this DNA testing we talked about
23		earlier?
24	А	That was the only thing left, that I could see,
02:13 25		that needed further action.
		Meyer CompuCourt Reporting

	1	<b>Q</b> And then on the Compensation you say:
	2	"We in turn will want to
	3	assess any claim against the background
	4	of the past practice in this country and
02:13	5	the decision of the Supreme Court in
	6	this case which in effect says that Mr.
	7	Milgaard was not wrongfully convicted."
	8	And 'the past practice in the country' was what
	9	as far as compensating and wrongful conviction?
02:13	10	A Well we, with respect to the compensation issue,
	11	there was an agreement between the Federal and
	12	Provincial Governments with respect to
	13	cost-sharing and with respect, I believe, to the
	14	bases that we would be agreeing to pay
02:14	15	compensation, and that required that there be some
	16	finding of a wrongful conviction.
	17	COMMISSIONER MacCALLUM: Is this a
	18	Federal-Provincial agreement or a
	19	Federal-Saskatchewan agreement?
02:14	20	A A Federal-Provincial one.
	21	BY MR. HODSON:
	22	<b>Q</b> And was it your view that those criteria had not
	23	been met by David Milgaard?
	24	A Yes, yes.
02:14	25	<b>Q</b> Go to 020392, and this is a formal press release

Page 38006 1 or news release; is that correct? 2 Α Ah, yes. And this is where Minister Mitchell announces the 3 0 4 If we can go to the next page, the quote stay. 02:15 5 here says: "The bottom line is that there was 6 7 nothing that was brought before the 8 Supreme Court which convince even one 9 justice that Mr. Milgaard is either 02:15 10 innocent or a victim of a miscarriage of 11 justice. Anyone who would suggest 12 otherwise has no understanding of what 13 the Supreme Court said." 14 And was there any significance to that language 02:15 15 being used by the minister in the press release? 16 Well, I didn't write the press release and, А 17 Candace, cover your ears, please, the 18 communications people sometimes get a little 19 carried away with their language and this -- the 02:16 20 minister wouldn't have written this, this would 21 have been written by somebody who -- it seems to 22 me at that point they had communications staff 23 attached to executive council and it would have 24 been written there. Now, I suspect if you look at 02:16 25 the language throughout the thing, you can see

— Meyer CompuCourt Reporting –

where it has been lifted from, or parallels some

1

	2		of the language in the briefing note, but as I
	3		say, I didn't write that, so I don't know what
	4		they were referring to.
02:16	5	Q	If we can go to 328328, and this is an April 16th,
	6		1992 CBC interview with Mr. Wolch, and we won't go
	7		through all of these media articles, we've already
	8		reviewed many of them, but would you have become
	9		aware that following the Supreme Court decision
02:17	10		and the government's decision to stay the charges,
	11		there was a fair bit of comment in the media by
	12		Mr. Wolch and Mr. Asper and Mrs. Milgaard about
	13		not only what the Supreme Court decision meant,
	14		but about the government's decision and what it
02:17	15		was doing?
	16	A	Oh, yes, yes, as we anticipated there would be.
	17	Q	And here Mr. Wolch is asked:
	18		"what is your reaction to what you
	19		heard this morning?"
02:17	20		And this is referring to Mr. Mitchell's press
	21		conference. He says:
	22		"Well it went a little beyond what we
	23		expected. We assumed there'd be a stay
	24		of proceedings, there is no case."
02:18	25		Question:

	ĺ		——————————————————————————————————————
	1		"How did it go beyond what you were
	2		expecting?"
	3	Answer:	
	4		"Well we knew there would be not the
02:18	5		clear cut vindication we wanted.
	6		We knew there would be some equivocation
	7		and whatever else and that's what
	8		happened."
	9	Reporter:	
02:18	10		"Your client seems to be left in a state
	11		of limbo. I mean his guilt or innocence
	12		is still up in the air or is that how
	13		you perceive it?"
	14	Mr. Wolch	.:
02:18	15		"Not really, he is innocent. I mean he
	16		will havehe has of now no conviction,
	17		so he is innocent. He is no more in law
	18		guilty of the crime than you or I.
	19		Of course, there is a cloud
02:18	20		left to some degree. But, the part that
	21		disappoints us in what was said was the
	22		prematurity of some of it that is, to
	23		say there will be no inquiry when we
	24		haven't even asked directly for an
02:18	25		inquiry nor have we given the reasons

1		for an inquiry. It's somewhat
2		disconcerting. To say there is no
3		compensation when we haven't even asked
4		them for compensation is disconcerting
<i>02:18</i> 5		because it's a qualified judicial
6		decision. You normally hear both
7		sides."
8		And just your comment on two things, Mr. Wolch's
9		comment about just scroll up about how he
<i>0</i> 2:19 10		characterized Mr. Milgaard's guilt or innocence
11		at the time, do you take any issue with that?
12	А	No. Once the conviction is set aside, the
13		presumption of innocence arises. Once the
14		indictment was well, and since there was no new
<i>02:19</i> 15		trial setting that aside, it continues, he is
16		presumed to be innocent.
17	Q	Then the question, if you scroll down:
18		"But, how are you going to get
19		compensation? How are you going to get
02:19 20		an inquiry if Saskatchewan is so opposed
21		to it?"
22		Answer:
23		"Well, we are going to show them what
24		the judgement said at the Supreme Court.
02:19 25		It appears that perhaps and I

1		don't fault the minister, I mean, he
2		obviously is going by advice and it
3		appears that the advisors, if it isn't
4		Serge Kujawa is somebody who reads like
02:19 5		him and they've missed the decision.
6		What I'm trying to say and in
7		part is the decision does not exonerate,
8		the decision says that the miscarriage
9		of justice came to light in 1970. It's
02:20 10		in Black and White and why it's being
11		not read is beyond me."
12		And your comment on that?
13	А	Well, my comment on that is that we didn't get the
14		same secret decoder wheel with our copy of the
<i>02:20</i> 15		Supreme Court decision that Mr. Wolch and the
16		Milgaard camp got. We took a literal reading of
17		the decision and based on that literal meaning
18		there was no suggestion that there was a
19		miscarriage of justice. It says it would be a
02:20 20		miscarriage of justice.
21	Q	Now, the suggestion here that Mr. Kujawa is
22		involved, I think at this time he was a sitting
23		MLA, was he, with the government?
24	А	With the government, yes.
02:20 25	Q	And was he in any way involved in the decision
		Meyer CompuCourt Reporting

	ſ		——————————————————————————————————————
	1		making of the director of public prosecutions?
	2	А	No, not with us. What contact he may have had
	3		with Robert Mitchell, who was the Attorney
	4		General, I don't know, but as far as I'm aware,
02:20	5		there wasn't any.
	6	Q	And did you go to him to seek his assistance in
	7		interpreting the Supreme Court decision?
	8	А	No.
	9	Q	And would you agree certainly the record
02:21	10		reflects that in the days that followed, that Mr.
	11		Kujawa seemed to be one of the targets of Mr.
	12		Wolch and Mr. Asper in the media as far as
	13		criticism?
	14	A	Well, I think they understood from previous
02:21	15		experience that if you poked him, he might react,
	16		so they were, I expect, hoping to get something
	17		juicy by way of a reaction from him that would
	18		play well in the press.
	19	Q	It carries on, the reporter says:
02:21	20		"You are referring to the fact that you
	21		believe the police should have known
	22		did know about Larry Fisher's crimes
	23		after he confessed to them and they
	24		should have reinvestigated the case even
02:21	25		after the conviction?"

	1		Mr. Wolch:
	2		"Well sure, it came to light then the
	3		Supreme Court said it came to light and
	4		it implies that there was a cover up
02:22	5		from 1970 on. It's right in the wording
	6		and why that is not being read is beyond
	7		me but. I'm sure the Crown didn't bring
	8		that to the Minister's attention.
	9		That's what we were going to show him."
02:22	10		And I would like your comment on the suggestion
	11		that the Supreme Court judgment implies that
	12		there was a cover-up from 1970 on.
	13	А	That is nonsense, that is fantasy. As I said, if
	14		they were able to produce any evidence of that,
02:22	15		why didn't they do that in the Supreme Court, and
	16		that's certainly not what the Supreme Court says
	17		in its judgment.
	18	Q	If you can go to 328357, and this is a media
	19		report, it says Al Thada, I'm not sure if that's
02:22	20		the correct spelling, but the Saskatoon City

2		And then scroll down, Justice Bayda:
3		"doesn't know when Justice Officials
4		will make their decision on the Miller
<i>0</i> 2:23 5		Murder file. He says police are
6		satisfied there will be no inquiry into
7		the Milgaard affair. He says that
8		clears police of any wrongdoing during
9		the murder investigation in 1969."
<i>0</i> 2:23 10		Do you recall whether you would have had any
11		discussions with the Saskatoon City Police around
12		this time or whether would they take their cue
13		from you, from Saskatchewan Justice as far as the
14		re-opening?
<i>0</i> 2:23 15	А	I would assume so. I certainly didn't have any
16		discussions with them around that time. I can't
17		say whether they may have talked to Richard
18		Quinney or, for that matter, to Robert Mitchell
19		directly because he was an MLA from Saskatoon.
02:24 20	Q	But as far as the decision to re-open, I think you
21		said Saskatchewan Justice concluded that there was
22		no basis to re-open the investigation into the
23		death of Gail Miller?
24	А	That's correct.
02:24 25	Q	And if you had thought so, presumably you would

1		have asked the Saskatoon City Police to
2		investigate?
3	А	Yes.
4	Q	And as far as their decision whether to
<i>02:24</i> 5		investigate or not, that's something they could
6		have done without your direction?
7	А	Oh, yes.
8	Q	And was it your understanding that they did not
9		open, re-open the investigation either?
<i>0</i> 2:24 10	А	That's my understanding, yes.
11	Q	Go to 160314, a comment here, it's in an April
12		18th article, it makes reference to a comment by
13		Anne Derrick, it says:
14		"If a new trial proceeded"
<i>0</i> 2:25 15		And this is referring to against David Milgaard,
16		"one would presume he would have been
17		acquitted and if he'd been acquitted,
18		he'd be entitled to compensation."
19		And do you agree with that comment?
02:25 20	А	No. Well, I don't agree with, first of all, the
21		presumption that he would have been acquitted. I
22		don't know how Anne Derrick would come to that
23		given that she really had nothing to do with this
24		matter, and the notion that if he was acquitted he
<i>0</i> 2:25 25		would be entitled to compensation, people who are
		Meyer CompuCourt Reporting

	Ī		Page 38015
	1		acquitted aren't usually entitled to compensation.
	2	Q	And so the fact that if there had been a second
	3		trial and Mr. Milgaard had been acquitted, that
	4		that would not have, in the eyes of Saskatchewan
02:25	5		Justice, given rise to an entitlement to a claim
	6		for compensation?
	7	А	Well, you know, subject to whatever advice the
	8		civil law group would have given the minister, in
	9		my view it wasn't obvious that simply getting
02:25	10		acquitted at this point in light of what the
	11		Supreme Court said would have entitled him to
	12		compensation.
	13	Q	Go to 160313, this is an April 18th, 1992
	14		StarPhoenix article, it says:
02:26	15		"Murray Brown, director of
	16		public prosecutions in Saskatchewan,
	17		doesn't think Wolch can assume anything
	18		was left out from the Supreme Court's

02:26	20		"Hersh Wolch had every

<i>0</i> 2:26 5		Brown.
6		All the information in
7		respect to that is already known. How
8		do you go out and find something else?
9		Do you go out and knock on every door in
02:26 10		Saskatoon?"
11		Do you know what prompted this? Just scroll over
12		to the left. Was there some suggestion in the
13		media that things were left out of the Supreme
14		Court findings or do you know what prompted this?
<i>0</i> 2:27 15	А	Well, I suspect this probably arises out of
16		something that would have come from the Milgaards
17		with respect to there needing to be further
18		investigation of Larry Fisher because he was
19		obviously the one that was guilty, etcetera,
02:27 20		etcetera. I don't recall sort of any other source
21		of concern about that at the time.
22	Q	Go to 026935, please, and this is a fairly lengthy

	1	А	Yes, I am.
	2	Q	And is it fair to say that you would have been
	3		involved in reviewing this for the minister and
	4		preparing a response on his behalf?
02:28	5	А	Preparing a draft response for him, yes.
	6	Q	And Mr. Wolch writes:
	7		"The Supreme Court of Canada ruled on
	8		April 14, 1992 that there had been a
	9		miscarriage of justice in the conviction

	13		and which taken together with the
	14		evidence adduced at the trial, could
02:28	15		reasonably have been expected to have
	16		affected the verdict."
	17		Did you agree with that?
	18	А	That's a misrepresentation of what's said in that
	19		judgment.
02:28	20	Q	And why is that?
	21	А	Because they hadn't said there had been a
	22		miscarriage of justice. It said his continued

2	trial. While we certainly agree with
3	your decision, we found it somewhat
4	troublesome that reasons were provided
<i>02:28</i> 5	that witnesses were either deceased or
6	had problems with memory. In our view,
7	there was no material witness who is
8	deceased, and since all of the key
9	witnesses were very young at the time,
02:29 10	they are all capable of giving evidence.
11	Regarding Nichol John, who you mentioned
12	in the conference, it should be noted
13	that her so-called memory problem
14	occurred right from the outset, and it
<i>0</i> 2:29 15	has not been the passage of time which
16	affected her, but rather the fact that
17	she never did see anything in the first
18	place.
19	In any event, it is not the
02:29 20	purpose of this letter to debate those
21	reasons, but to express further concern
22	that you announced that there would be
23	no inquiry and no compensation from the
24	Saskatchewan Government. We had not at

	2		suggest that your decision was
	3		premature, and we would ask that you
	4		consider what follows. It is our view
02:29	5		that you could not have had the contents
	6		of the Supreme Court decision properly
	7		placed before you, and there is
	8		considerable evidence that you would not
	9		have been privy to."
02:29 1	0		And just your response to the fact that the
1	1		minister said no to compensation and no to an
1	2		inquiry before it appears to have been asked for.
1	3	А	Well, I mean, again, we knew those demands were
1	4		clearly going to be coming. I raised that with
<i>0</i> 2:30 1	5		the minister in the briefing note and they went to
1	6		the point of saying, well, there isn't going to be
1	7		that.
1	8	Q	Okay.
1	9	A	And I will also point out that attached to the
02:30 2	20		briefing note that went over was a copy of the
2	1		judgment, so the minister had that, he could read
2	2		it for himself.
2	3	Q	Scroll down, Mr. Wolch says:

9		Do you agree with that observation?
<i>02:30</i> 10	А	Yes, that's you could do that, although I think
11		traditionally in law compensation follows some
12		sort of finding of wrongdoing.
13	Q	If it were the fact that an innocent man were
14		convicted, would that be a sufficient wrong?
<i>0</i> 2:31 15	А	Yes. Oh, yes.
16	Q	Yeah.
17	А	I mean, at that point you've got the opportunity
18		then to make some kind of ex gratia payment and
19		you've got a reason for doing it.
02:31 20	Q	Yeah, I think, and as I read this, I think what
21		Mr. Wolch was saying, that it's possible that an
22		innocent person can be convicted and it be a
23		wrongful conviction even though no person or
24		institution can be blamed for that or have acted
02:31 25		improperly?
		Meyer CompuCourt Reporting

			Page 38021
	1	А	Oh, yes, I think that's true.
	2	Q	And that in that situation, the innocent person
	3		who is wrongfully convicted would still have a
	4		basis for a claim for compensation?
02:31	5	А	Yes.
	6	Q	In other words, you don't need to show that either
	7		the Crown or the police or somebody did something
	8		wrong?
	9	А	Yes.
02:32	10	Q	The simple fact that an innocent person is
	11		convicted is sufficient; would you agree with
	12		that?
	13	А	Yes, I would agree with that.
	14	Q	Then he writes:
02:32	15		"Unfortunately, in David Milgaard's
	16		case, there is prima facie evidence of
	17		blameworthiness, and it is found in the
	18		judgment of the Supreme Court at page 5:
	19		"More importantly, there was evidence
02:32	20		led as to the sexual assaults committed
	21		by Larry Fisher which came to light in
	22		October 1970, when Fisher made a
	23		confession."
	24		What is your response to the suggestion that that
02:32	25		is prima facie evidence of blameworthiness?

1 А Well, he seems to be suggesting that the 2 blameworthy conduct is ours, not his client's or 3 anything. 4 He then goes on to say that: 0 5 "The Supreme Court has offered the 02:32 opinion that the Fisher evidence could 6 7 reasonably affect the verdict of a jury. 8 The Fisher evidence would have come 9 under the heading of fresh evidence in 02:33 10 1970, and could have been presented to 11 the Saskatchewan Court of Appeal. Ιt 12 must be remembered that in October of 13 1970, David Milgaard's appeal was still 14 pending before the Saskatchewan Court of 02:33 15 He was deprived of the Appeal. 16 opportunity to present this very 17 probative and cogent evidence." 18 Was it your view that this issue had been 19 determined, considered and determined by the 02:33 20 Supreme Court of Canada? 21 Α They concluded that there was no evidence Yes. 22 that the Crown had misconducted itself or that 23 disclosure was in any respect out of line with 24 what was done in that particular time. 02:33 25 And then if we can scroll down, I think as far as Q Meyer CompuCourt Reporting =

1		blameworthiness, it talks about:
2		"There are three main "players" The
3		role of each must be examined"
4		The first one is Detective Ed Karst, and here:
02:33 5		"Why were the Fisher admissions withheld
6		from the Saskatoon investigators, and
7		from the very victims themselves?"
8		Was this issue canvassed by Mr. Wolch to
9		Mr. Karst at the Supreme Court, his dealings with
02:34 10		Larry Fisher in Winnipeg?
11	А	Well, certainly the fact that Mr. Karst traveled
12		to Winnipeg and interviewed Larry Fisher was
13		raised in the Supreme Court. I don't know whether
14		the issue of why the victims themselves weren't
<i>0</i> 2:34 15		told was raised with them or not, I don't recall.
16	Q	But the obtaining of the confessions from Larry
17		Fisher by Detective Karst, do you recall that
18		being evidence before the Supreme Court?
19	А	Yes, there was evidence that he had traveled to
02:34 20		Winnipeg to interview him.
21	Q	Next page, Mr. Caldwell, it talks about Mr.
22		Caldwell, indicating that, talking about the
23		March, 1971 dealings with the Fisher charges, and
24		it says here:
<i>0</i> 2:35 25		"The Milgaard/Miller file clearly

1		demonstrates that Mr. Caldwell had to
2		have made the connection. There is no
3		evidence that he disclosed the
4		information to David Milgaard's
02:35 5		counsel."
6		And then down, Serge Kujawa:
7		"He would have been totally conversant
8		with the files, and has since so
9		indicated in interviews."
<i>0</i> 2:35 10		And I don't propose to go through them, but I
11		think I can summarize it by, I think that the
12		letter suggests that Mr. Karst, Mr. Caldwell and
13		Mr. Kujawa had committed misconduct and were
14		blameworthy in the conviction of David Milgaard.
<i>0</i> 2:35 15		Was that your understanding of at least this part
16		put forward in the letter?
17	А	Those were the allegations being made again, yes.
18	Q	And in your view, were those allegations all
19		considered by the Supreme Court?
02:35 20	А	They were well, considered to the extent that
21		they had the opportunity to raise them. Certainly
22		Serge Kujawa wasn't called, Bobs Caldwell wasn't
23		called. Had they had any evidence or concern that
24		they could have presented through the courts about
<i>0</i> 2:36 25		misconduct by these two people, they basically

2	2 <b>Q</b>	And what did you make of the fact that within days
3	3	of the Supreme Court judgment, that the
2	4	allegations against Mr. Caldwell and Mr. Kujawa
02:36	5	were made to the minister?
e	6 A	Well, I mean, bottom line is they were going back
-	7	to the old tactics they used after the first
8	3	application, let's slander people, let's make
Ç	9	outrageous allegations for which we have no basis
02:36 10	0	in fact and see if we can can't generate some kind
11	1	of publicity.
12	2 <b>Q</b>	And had you expected the allegations with respect
13	3	to Mr. Caldwell and Mr. Kujawa to be presented to
14	1	the Supreme Court?
02:36 15	5 A	Well, we had rather expected they probably would
16	5	want to call that and, I mean, on its face it does
17	7	permit the asking of the question, why did it take
18	3	so long to produce, to push this matter through
19	9	the Court of Queen's Bench in Saskatchewan, can
02:37 20	0	you explain that. Now, to jump from that to
21	1	providing your own sinister explanation is
22	2	nonsense in my view, but there was at least a
23	3	basis for them to want to ask it.
24	4 Q	Go to 117592, this is a letter of the same date to
02:37 25	5	the Federal Minister Kim Campbell. Do you know if

2 maybe just go through parts of it. I'm not sure 3 if you were or not. 4 Α Well, I was aware that they were also going to the 5 Federal Minister asking for an inquiry too, which 02:38 after having called her corrupt and stupid and a 6 7 few other things I thought would be an interesting task to try and persuade her to be favourable to 8 9 them. 02:38 10 And he writes here: 0 11 "Following the Supreme Court opinion, 12 while you moved expeditiously, 13 Saskatchewan appeared to have delayed in 14 making a decision, and when they did, 15 they appear to have decided issues that 02:38 16 were premature. In other words, they 17 turned down a request for an inquiry and 18 for compensation before those requests 19 were even made. Accordingly, I have 02:38 20 written to the Attorney-General for 21 Saskatchewan setting out the reasons why 22 there should be an inquiry and 23 compensation to follow. 11	А	We knew he was going to the Federal Minister. My

13		government order an inquiry.
14	Q	Okay. Go to 077808, it's an April 21, 1992
<i>0</i> 2:41 15		newspaper article, StarPhoenix, quoting Mr. Asper:
16		"Mr. Asper on Monday said outstanding

19		- Who had the information about Fisher?
02:41 20		- Was it disclosed? If not, why?
21		- Was there a duty for whoever had the

I don't know that 02:42 15 they ever got into the notion of whether there was 16 a decision to withhold it or what have you. As I 17 say, they didn't pursue that issue in the Supreme 18 Court. 19 0 And is it -- was it an issue that they could have 02:42 20 pursued then if they chose to? 21 If they had been able to demonstrate that David Α 22 Milgaard had been the object of some kind of 23 misconduct by prosecutors trying to cover up the 24 fact that they knew he had been wrongly convicted, 02:42 25 absolutely, and that would have been something the

13	А	Well, I mean, quite frankly, our view of the whole
14		thing at this point, and by "our" I'm suggesting
<i>02:44</i> 15		public prosecutions as well as myself, was that
16		they had been given every opportunity to make the
17		case in the Supreme Court of Canada, had failed to
18		do so, chosen not to do so in some instances, and
19		we were anticipating that there would be a lot of
02:45 20		hysterical rhetoric coming from the Milgaard camp.
21		We anticipated there would be another
22		corruption/cover-up series of allegations and they
23		were doing exactly what we anticipated they would
24		do and, in the process, I might add, losing
<i>02:4</i> 5 25		credibility every day.

		Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006
		——————————————————————————————————————
1	Q	In what way?
2	А	Well, when you start off by saying the Supreme
3		Court said this when in black and white they
4		clearly did not, you don't start yourself off on a
<i>02:4</i> 5 5		very good foot, and then to start making
6		allegations of corruption and cover-up when they
7		haven't got any evidence to present on that when
8		they had the opportunity to present evidence on it
9		and they couldn't present anything, or wouldn't
02:45 10		present anything, it was just getting to be, as we
11		said, another one of the campaigns. It worked
12		very effectively between the time of the first
13		application being dismissed and the second one
14		being filed and they were again trying it in
<i>02:4</i> 6 15		Saskatchewan.
16	Q	And what you said it, on credibility, what did
17		it do to your assessment or Saskatchewan Justice's
18		assessment
19	А	Well
02:46 20	Q	of their credibility?
21	А	the more, the more they did this, the less
22		credible they became. If they had evidence of
23		anything, then they should have simply sent it in
24		to the minister and said "here's our evidence that
02:46 25		supports the fact that your officials deliberately
		Meyer CompuCourt Reporting

1		covered this up", they didn't have that and it
2		wasn't until they actually got to that silly
3		Breckenridge stunt that they began producing some
4		or they produced what they thought was evidence
<i>02:4</i> 6 5		or what they pretended was evidence.
6	Q	And we will get to that this afternoon. If we can
7		just go over to the second column, it says:
8		"But Mr. Mitchell would not
9		budge, claiming Mr. Milgaard had a
02:47 10		chance to raise all issues - including
11		the conduct of police and prosecutors -
12		at the Supreme Court. Mr. Milgaard's
13		lawyers, though, contend it was agreed
14		before the Supreme Court began hearing
<i>02:4</i> 7 15		the case that questions of police and
16		Crown conduct would not be entered as
17		evidence."
18		And your comment on that suggestion?
19	А	Well there were comments early on that I suppose,
02:47 20		if you sort of squint your eyes and look at them
21		sideways, you could understand as being
22		suggestions that we couldn't look at police
23		misconduct and Crown misconduct. But, if they

	1		Roberts, what was the document that Hersh Wolch
	2		was waving around, what was the significance of
	3		that? The issue of police misconduct, of Crown
	4		misconduct, was very much available to them in the
02:47	5		Supreme Court of Canada and they could have called
	6		any evidence they wanted on that.
	7	Q	If we can scroll to the right-hand side, it says:
	8		"Mr. Milgaard and his lawyers
	9		allege that what the Supreme Court now
02:48	10		considers to be evidence relating to Mr.
	11		Fisher was concealed by the police and
	12		the Crown in Saskatchewan until after
	13		all Mr. Milgaard's appeals were
	14		exhausted in early 1971 and there was no
02:48	15		hope of exoneration.
	16		'We are deeply concerned that

	18		prosecuting David [Mr. Kujawa]
	19		is the same man who now stands as an
02:48	20		elected representative in the provincial

	22		So on the first part, again, was this issue here
	23		about the concealing by the police and the Crown

	2	А	Well I mean, again, to the extent that it was part
	3		of the disclosure argument it was before the
	4		Supreme Court. The notion that it was
02:49	5		deliberately hidden, I don't know that that was
	6		necessarily put to the Supreme Court of Canada,

3		Your comments to that? What was the response to

02:50 5	А	Well again, I mean, where is your evidence of

02:50 20		And I think you've maybe covered this before, but

1		it's actually April 30th that it was actually sent
2		out. I'm not sure if anything turns on the date,
3		but this would have been the minister's response
4		to Mr. Wolch's letter, is that correct?
03:14 5	А	Yes.
6	Q	If we can go back to the first page, we touched on
7		some of this when I went through Mr. Wolch's
8		letter, but the first item is:
9		" let me correct your mistaken
<i>03:14</i> 10		impression concerning the decision of
11		the Supreme Court of Canada in this
12		case. You indicate the Court found that
13		your client suffered a miscarriage of
14		justice. Clearly Mr. Wolch, a fair and
<i>03:15</i> 15		careful reading of the judgement does
16		not support that statement."
17		And then it goes on to quote:
18		" 'The continued conviction of
19		Milgaard <u>would</u> amount to a miscarriage
03:15 20		of justice if an opportunity was not
21		provided",
22		etcetera. You say:
23		"Since the Federal Minister and I have

	2	position, your quarrel is obviously with
	3	the Supreme Court since it is they who
	4	found there had been no miscarriage to
03:15	5	this point."
	6	Can you comment on, did you view some of the
	7	allegations or complaints being with the Court
	8	decision as opposed to your interpretation of it?
	9	A Well, no, the suggestion Mr. Wolch was making was
03:15 1	10	that it said there was a miscarriage of justice,
1	11	and that clearly was what it did not say.
1	12	Q If we can scroll down.
1	13	"Second, I note in your
1	14	letter, that you are happy with our
03:16 1	15	decision not to proceed with a new
1	16	trial. Based on your press statements
1	17	and those of your partner and your
1	18	client, you would like me to go further
1	19	and declare your client innocent. With
03:16 2	20	the greatest of respect, I do not see
2	21	why or how I can ignore the findings of
2	22	the Supreme Court. Your client
2	23	testified before that Court that he did
2	24	not kill Gail Miller. Had the Court
03:16 2	25	believed his evidence, it would have
		Meyer CompuCourt Reporting

1		been compelled to declare him innocent.
2		Apparently, the Court did not believe
3		him because they specifically said that
4		they did not find he was innocent using
<i>03:16</i> 5		either the high criminal standard of
6		proof beyond a reasonable doubt or the
7		much lower civil standard of proof of
8		balance of probabilities."
9		Again, I think you've touched on the significance
<i>03:16</i> 10		of that. Would that be the reason, then, that
11		the minister would not give the declaration of
12		innocence requested?
13	А	Yes.
14	Q	Next page. You say:
03:17 15		"After hearing your client
16		testify, after hearing what little
17		evidence there was left from the
18		original trial witnesses and after
19		hearing your new evidence, if you could
03:17 20		not convince even one judge of that
21		Court that your client was innocent, how
22		can you expect me to, in effect,
23		overturn the Courts finding and
24		pronounce your client innocent? Your
03:17 25		request Mr. Wolch, is totally
		Meyer CompuCourt Reporting

Page 38042 unreasonable." And was that your view of his request to the minister to have him declared innocent, --Umm, ---- that it would be overturning the Supreme Court's ruling on that issue? Well, it would be ignoring it, I -- the language, quite frankly, doesn't sound all that familiar to me and I'm wondering if perhaps the reason you've got a different date on the front of the letter and a different date on the second page is that somebody in the minister's office may have decided to punch up the language or change something, because these documents are produced in a word processor --Yes?

2	1	etter was sent out April 30th.
3		As well, let me just find it
4	ł	ere, if we can go to 334791. This is a fax from
03:19 5	У	ou to Ron Fainstein of May 8th, 1992. It says:
6		"Ron - this just went out to H.W. this
7		afternoon."
8	Г	hen, if we can go to the next page, it says:
9		"I have reviewed and considered the
03:19 10		issues raised in your letter of April 20
11		and the material".
12	F	and then go to the next page. And so it's a
13	t	wo-page letter of May 8th, and I'm not sure if
14	t	hat assists you, Mr. Brown? It may be that the
<i>03:1</i> 9 15	Μ	lay 8th letter is the one you drafted and the
16	ε	arlier one is some, is a letter someone else
17	Ċ	lrafted; are you able to
18	A U	Mmm, that's possible. By this point I think we

03:20	5	Q	Okay. So if we can go back to 164798 or 797, and
	6		is it fair to say that although this appears to be

1		provincial government documents created here and
2		sent to the Federal Government or something that
3		was copied off one of our files, because the only
4		time that a federal access to information and
03:26 5		privacy coordinator would contact the provincial
6		government is to determine whether we were
7		prepared to allow access to documents that the
8		federal classification people would consider as
9		'protected', that is communications between the
03:26 10		federal and provincial officials or materials
11		received from the provincial officials. So I'm
12		assuming that, at some point, Mr. Asper wanted
13		access or information, documents, what have you,
14		off the files that the federal Justice Department
03:26 15		had put together on this and the documents he was

18	Q	If we can go to 338943. And this is an article
19		from The Lawyers Weekly May 8, 1992 referring to
03:27 20		comments made by Mr. Wolch about various matters,
21		and I believe you then followed it up to with a
22		letter to The Lawyers Weekly magazine; is that
23		correct?
24	А	Yes.
03:27 25	Q	And, generally, what were the concerns you had

	Ĩ		——————————————————————————————————————
	1		with the comments?
	2	А	Well, he was misstating what went on in the
	3		Supreme Court and what the result of their
	4		decision was, and I, as part of the process that
03:27	5		we looked at and decided upon, we were going to
	6		challenge that kind of thing whenever it appeared.
	7	Q	And so, if we can go to the next page, I'd ask you
	8		to comment on some parts here:
	9		"Mr. Wolch called the Supreme
03:28	10		Court review a 'very, very difficult'
	11		experience. The burden of proof wasn't
	12		established until half-way through the
	13		hearing, and since there was no set
	14		procedure, the rules were made (and
03:28	15		changed) as the hearing went along."
	16		Do you agree with that?
	17	А	Well, certainly there's truth to that, certainly
	18		we didn't know what the burden of proof was and
	19		who carried it until I think it was the end of
03:28	20		February when the Supreme Court provided us with
	21		the test it was looking at. And I think the
	22		reference to the rules changing had to do with
	23		being advised on the 16th that the Court was going
	24		to question all the witnesses and then being told
03:28	25		on the 20th or 21st, when we started, that David

	1		Milgaard was his witness and he was expected to
	2		examine him.
	3	Q	Right. And I think Mr. Wolch refers to that,
	4		about the hearing, that:
03:29	5		" he was given to understand that the
	6		Court itself would be leading the
	7		witness.
	8		'Then at the hearing [Chief
	9		Justice Antonio Lamer] said 'You go
03:29	10		ahead and lead.'"
	11		And I think that's consistent with what you were
	12		saying?
	13	А	Yes.
	14	Q	And:
03:29	15		"The rules of evidence were
	16		also bent out of shape. 'The stuff that
	17		was let in was absolutely remarkable,'
	18		Mr. Wolch said. 'Put in whatever you
	19		want' was virtually it."
	20		And:
	21		"Above all, there was a very
	22		strong pressure from the court to get to
	23		the point quickly. 'You always felt
	24		like you were imposing, that you had to

	3	Now I'll go to your letter in a moment that has
	4	comment on that, Mr. Brown. Maybe I'll just
03:29	5	touch on a couple of the points that you dealt
	6	with.
	7	"Mr. Wolch said he also felt
	8	constrained in his examination of Mr.
	9	Milgaard's former defence counsel,
03:29	10	Calvin Tallis, now a highly-respected

	16	Even innocuous questioning prompted
	17	remarks from the court to move along.
	18	'[Mr. Justice Tallis] was not
	19	a witness to attack in front of that
03:30	20	court. That was the impression I had.'
	21	Mr. Wolch noted that Mr.

			happened de ene supreme coure, sue was enere
	2		something in what he had said or in the article
	3		that prompted you to write?
	4	А	Well, just that here you had a very sort of
03:32	5		visible account of Mr. Wolch's view of what went
	6		on in the Supreme Court of Canada, in our view it
	7		contained inaccuracies and, as part of the fact
	8		that we wanted to answer public allegations that
	9		we thought were inaccurate, we were gonna do that.
03:32	10		I believe it was Richard Quinney that told me to
	11		prepare the response.
	12	Q	And what about the comments regarding Mr. Justice
	13		Tallis; did those concern you?
	14	А	Well they did to the extent that I don't know that
03:33	15		a fair reading of the transcript or a fair
	16		observation of what was going on when Justice
	17		Tallis was testifying would support that Mr. Wolch
	18		wasn't permitted to question him as fully or as
	19		thoroughly as he wanted to. The opportunity was
03:33	20		there. I mean certainly, when he says that he had
	21		to be careful or when he implies that he had to be
	22		very careful about the way he attacked Justice
	23		Tallis' testimony, that was certainly correct.
	24		But, at the end of the day, the real damage from
03:33	25		Justice Tallis' testimony was the fact it
	11		

\_\_\_\_\_ Meyer CompuCourt Reporting \_\_\_\_

	1		contradicted David Milgaard and he really didn't
	2		attack that much at all. I mean he may well
	3		disagree with the way Justice Tallis presented the
	4		defence, you know, I suspect that if you had ten
03:33	5		lawyers take a look at that and ten defence
	6		lawyers take a look at that each one would come up
	7		with a different view of how they would go about
	8		doing it, and fair enough, if he wants to suggest
	9		that there was a different strategy that would
03:34	10		have been pursued, fine. But the real problem was
	11		that Justice Tallis had a devastating impact on
	12		David Milgaard's credibility.
	13	Q	Your letter here, and I think this is reproduced
	14		in the article, you say:
03:34	15		"First, my recollection of
	16		the proceedings was that the Court was
	17		indeed anxious that the matter proceed
	18		in an expeditious fashion. Their
	19		concern however, was that time not be
03:34	20		wasted. At all times we were assured
	21		that we would have whatever time was
	22		reasonably necessary for this inquiry.
	23		While I cannot speak for how Mr. Wolch
	24		felt, there was no reason that I could
03:34	25		see for feeling rushed. Indeed, we

Given the function 13 they were performing in this type of 14 extra-ordinary hearing, that openness 03:35 15 was to be desired. It's now curious 16 that Mr. Wolch, who took the most 17 advantage of that leeway, should 18 complain about the Court allowing him 19 such freedom." 03:35 20 Again, is that an accurate expression of your 21 view? 22 Of my view, yes. 	1		cheap shots at Mr. Justice Tallis. The
	2		fact the evidence Justice Tallis gave
	3		had a devastating impact is hardly the
	4		fault of the witness and does not
03:35	5		justify this kind of attack. Even young
	6		counsel know that if there's going to be
	7		bad news coming down the line, you do
	8		your best to lessen its impact during
	9		examination of your own witnesses or
03:36	10		client. Mr. Wolch certainly knew there
	11		was bad news coming."
	12		And can you elaborate on that?
	13	А	Well, at that point Eugene Williams and Hersh
	14		Wolch and David Asper were the only three that had
03:36	15		interviewed Justice Tallis with respect to this
	16		particular matter and I expect that Mr. Wolch and
	17		Mr. Asper knew what Justice Tallis was going to
	18		say about the various aspects of what David
	19		Milgaard told him, and if they knew that, and of
03:36	20		course they would have, I suspect, canvassed what
	21		their client was going to say, they would have
	22		known that there were going to be some substantial
	23		conflicts and tried to do something to sort of
	24		deal with that during the examination of David
03:36	25		Milgaard in chief.
			Meyer CompuCourt Reporting

	1	<b>Q</b> A:	nd then	if you can scroll down, you say:
	2			"Before, David Milgaard testified, Mr.
	3			Wolch knew his client had waived
	4			privilege to allow his trial counsel to
03:37	5			be interviewed by the federal Justice
	6			department investigator. He knew what
	7			Justice Tallis had said. He knew what
	8			his client was now saying conflicted in
	9			dramatic ways with what Justice Tallis
03:37	10			had told the investigator. Mr. Wolch
	11			also knew that Saskatchewan Justice
	12			lawyers were taking the position that
	13			Justice Tallis should be a witness. In
	14			this regard also, he knew what David
03:37	15			Milgaard was going to say and should
	16			have known his evidence would give my
	17			partner, Mr. Neufeld, and I the legal
	18			basis to insist Justice Tallis be called
	19			to give evidence. What's more, counsel
03:37	20			with Mr. Wolch's experience should have
	21			known, that given what his client
	22			intended to say, the Supreme Court would
	23			insist that Justice Tallis be given to
	24			opportunity to comment on David
03:37	25			Milgaard's allegations of impropriety."

	7		Wolch could have called both Mr.
	8		Caldwell, the trial prosecutor, and Mr.
	9		Kujawa, the appeal prosecutor, if he had
03:40	10		wanted them. Indeed, Mr. Caldwell was
	11		flown to Ottawa to be ready to testify
	12		at Mr. Wolch's request. It was Mr.
	13		Wolch who decided not to call Mr.
	14		Caldwell or Mr. Kujawa."
03:40	15		And is that an accurate statement?
	16	A	Yes.
	17	Q	And then down at the bottom:
	18		"With respect to the allegations of
	19		police misconduct, that argument was put
03:41	20		to the Supreme Court and they have
	21		rejected it as baseless. There has been

	3		Again, the next page, and again it appears that
	4		this letter may have been in response to a letter
03:41	5		from the public seeking an inquiry; is that
	6		correct?
	7	А	It looks that way, or supporting the notion there
	8		should be an inquiry.
	9	Q	Then 026986, this is a letter to the same lady. I
03:41	10		don't have the letter she wrote back, but it
	11		appears that a further follow-up letter was
	12		written, and this is a bit of a different subject
	13		matter. It says:
	14		"You will note from the
03:42	15		Supreme Court's decision that they
	16		considered the matter of disclosure by
	17		the Crown. The court notes that proper
	18		disclosure was made in accordance with
	19		the law of the day. The latter phrase
03:42	20		is the key to understanding the

1		sufficiently relevant to be admissible
2		at Mr. Milgaard's trial. This lack of
3		relevance at law is also the reason
4		Crown counsel did not have to disclose
<i>03:4</i> 2 5		it to defence counsel at that time. It
6		was because of this the Supreme Court
7		was able to say that the Crown disclosed
8		all that was required by law in 1970.
9		The law since then has
<i>03:4</i> 2 10		changed. First, the Fisher evidence is
11		now considered to be sufficiently
12		relevant to be admissible if, and only
13		if, it's being used by the defence. It
14		still would not be admissible if the
<i>03:4</i> 2 15		Crown wanted to use it to prosecute
16		Larry Fisher for Ms. Miller's murder."
17		And
18	А	Just if I can interrupt?
19	Q	Yeah.
03:43 20	А	I can tell you that that first paragraph is not
21		what I would have written. It's been reworked I
22		think by somebody.
23	Q	Okay.
24	А	I don't think I would have ever suggested that it
03:43 25		wasn't admissible by the defence. There certainly
		Meyer CompuCourt Reporting

Ī

			r age 50000
	1		was an argument against it, but it could have
	2		been, and the notion that lack of relevance was
	3		the reason it didn't have to be disclosed, no,
	4		that I'm pretty sure I wouldn't have put that
03:43	5		in. I may have what I suspect has happened is
	6		somebody has taken the second paragraph which
	7		would have dealt with the Stinchcombe decision and
	8		the issue of disclosure of relevant evidence and
	9		tried to work some of that into that first
03:43	10		paragraph.
	11	Q	If we can go to 334872, I now want to deal with
	12		the Michael Breckenridge allegations, and you have
	13		some familiarity with that, Mr. Brown?
	14	А	I do.
03:44	15	Q	And I'll go through some of the documents. Do you
	16		recall how you first became aware of, and just for
	17		your benefit, we've had an opportunity and have
	18		read into the record all of the press conference
	19		statements, witness interviews and so much of that
03:44	20		information is already on the record. What's your
	21		recollection maybe just generally walk through
	22		how you became aware of it and what happened.
	23	А	I became aware of it through the news media. I
	24		believe we obtained one of those news monitoring
03:44	25		agency transcripts of the press conference and I
			Mever CompuCourt Reporting

	1		read that. I think I also in fact, I know I
	2		also saw some of the press conference, so, you
	3		know, that's how I became aware of that going on.
	4	Q	And so this would have been I think the date of
03:45	5		the press conference was September 19, 1992, so
	6		about five months after the Supreme Court
	7		decision. Can you tell us, in early or mid
	8		September, 1992, before the Breckenridge
	9		information became public, what was your sense of
03:45	10		what was happening in the media, and again, I'm
	11		just looking for your observation about what the
	12		status was of the media reports on the David
	13		Milgaard matter.
	14	А	Well, aside from Dan Lett and who was with the
03:45	15		Winnipeg Free Press I think, and Dave Roberts with
	16		the Globe and Mail, the news media just wasn't
	17		paying a whole lot of attention to the things that
	18		were coming from the Milgaard camp. It seemed
	19		like their campaign this time wasn't working as
03:46	20		they had hoped.
	21	Q	If I can call this document, 334872, is a
	22		letter of September 18th, 1992 from Bruce
	23		MacFarlane to you attaching a copy of the letter
	24		dated the 16th of September, 1992 together with an
03:46	25		attachment headed statement:

Pane	38067

		Page 38067
1		"I understand that Mr. Milgaard and some
2		of his supporters will be holding a
3		rally in Winnipeg tomorrow. I also
4		understand that this letter, or its
03:46 5		contents, may be made public at the
6		rally."
7		And then if we can go to the next page sorry,
8		117785, and it looks like this is a copy of a fax
9		you are sending to the minister's office, and go
<i>03:4</i> 6 10		to page 787, this is the September 16th, 1992
11		letter from Mr. Wolch to Kim Campbell that talks
12		about the statement, and it appears that, and let
13		me ask you, on September 18th, 1992, that Bruce
14		MacFarlane would have sent to you a copy of the
03:47 15		letter Kim Campbell, the minister's office,
16		received with a copy of the statement; does that
17		sound right?
18	А	That's yes, that's right.
19	Q	And then so this would be I think the day before
03:47 20		the press conference. Does that sound right?
21	А	Well, according to the dates, that's correct, yes.
22		I don't have any recollection of that
23		specifically, but that's the 16th and if they
24		didn't have their press conference until the 18th
03:47 25		or 19th, then obviously it was sent out early.
		Meyer CompuCourt Reporting

1	Q	Yeah. I think, if I may assist, I think from the
2		record it appears that on September 16th, 1992 the
3		letter was written to Kim Campbell that had a copy
4		of the Breckenridge statement, it wasn't
<i>03:4</i> 8 5		identified, the name wasn't identified at the
6		time, it was sort of an unnamed statement, and
7		then on September 19th was the press conference,
8		and I think in the intervening time we've heard
9		some evidence from Sergeant Pearson about some
<i>03:4</i> 8 10		investigations he did at the time checking into
11		some of this. So anyway, does that sound right,
12		do you have any recollection of that?
13	А	Well, again, my recollection was that we got it
14		from the news media and that may be because I
<i>03:4</i> 8 15		watched the press conference itself and it made
16		more of an impression than this, but, you know, I
17		accept
18	Q	In fairness, Mr. Brown, the press conference had
19		more information in it than I think what was in
03:48 20		the statement and this letter, so maybe I'll just
21		walk through parts of this. Would you have been
22		made aware of the fact that Mr. Wolch had written
23		to Kim Campbell with the Breckenridge statement
24		asking for a federal inquiry?
03:49 25	А	Yes, I accept what the document shows there, yes.

	18	Q	And why do you say it was so dishonest and
	19		malicious?
03:52	20	А	Because anyone with a half an ounce of sense
	21		wouldn't believe that statement, would be very
	22		concerned about verifying the accuracy of it. To
	23		suggest that the Attorney General and the deputy
	24		and the director of prosecutions got together to
03:52	25		conspire to suppress evidence is just nonsense and
			Meyer CompuCourt Reporting

	1		to release that without any real amount of
	2		checking and to discover a few days later that in
	3		fact Michael Breckenridge didn't even work in the
	4		department at that time, it clearly went beyond
03:53	5		being careless to being malicious and it suggested
	6		a level of desperation that I didn't think had
	7		existed at that point. The other thing that made
	8		it truly appalling is that this time they couldn't
	9		even excuse their behaviour by saying that this
03:53	10		was aimed at a desperate attempt to get David
	11		Milgaard out of jail. David Milgaard was out of
	12		jail and this was all about grubbing for money.
	13	Q	And what about the fact that the request was made
	14		to the Federal Minister?
03:53	15	А	Well, they obviously knew that if they slandered
	16		officials in the provincial government,
	17		particularly the premier, that they weren't likely
	18		to get much sympathy out of us.
	19	Q	Can we just go to the next page of this statement,
03:54	20		and I take it, Mr. Brown, did you have an
	21		opportunity to review the statement and consider
	22		what was in the statement and to determine whether
	23		it had credibility?
	24	А	Yes, I looked at the statement and listened to
03:54	25		what was said at the press conference, and it was

1		just it was outrageous. The notion that some
2		file clerk would be in on what was going on in the

4		Attorney General, the fact that they would so
<i>03:54</i> 5		blithely slander these people by suggesting that

03:55 10	Q	When you say you watched the press conference, was
11		that a televised press conference or a news clip
12		or do you recall?
13	А	I don't recall whether it was a televised one or
14		just a news clip that I saw, but I saw it
<i>03:55</i> 15		was what I recall is Joyce Milgaard making, or
16		putting the news out there and Mr. Wolch sitting

18	Q	And do you recall at what point you discovered,

03:55 20		they had been relying on who had made the
21		statement, and number two, that he didn't work
22		there at the time that he was alleged to have

13		Do you recall being made aware in advance of the
14		press conference that this was going to happen?
03:58 15	А	I don't recall seeing that.
16	Q	And sorry to belabour the point, but is it your
17		recollection that you became aware that there was
18		going to be a press conference when you watched a
19		clip of it on the news?
03:58 20	А	Well, no, I think the communication from the
21		Federal Department of Justice people indicated
22		there was going to be some kind of news event, but
23		I didn't we didn't get a copy of that, and I
24		would have seen whatever it was I saw of the news
<i>0</i> 3:58 25		conference the day it was held I expect from
		Meyer CompuCourt Reporting

watching the news.

2 And 047110 --0

1

03:59 25

3 I should, however, say that I have seen a Α 4 transcript of that conference because that was 5 prepared for us at some point. 03:58

6 Right, and I'll show you that in a moment. Q 7 047110, this is a memo of Officer Eqan of the RCMP 8 to file and it appears, maybe I can just summarize 9 it, it appears, Mr. Brown, that when the federal 03:59 10 government, Federal Justice Department received 11 the letter from Mr. Wolch on September 18th with 12 the statement from Mr. Breckenridge, they 13 investigated it for a while, for at least a number 14 of days, and engaged Sergeant Pearson to go 03:59 15 interview some people and at some later point it 16 appears from the documents that it was agreed that 17 it was really a provincial matter because it 18 related to a criminal investigation. Do you 19 recall that generally being the case? 03:59 20 Yes. А 21 And so here, it says Sergeant Pearson, it talks Q 22 about Pearson and Williams discussing this 23 matter -- just scroll up -- so this is Friday, 24 this is before the press conference: "There is an indication that

	r		
			1 age 50070
	1		a further employee in Sask Justice,
	2		believed to be Mike Breckenridge, may
	3		have some knowledge.
	4		Sgt. Pearson has been
04:00	5		tasked to locate the people involved and
	6		have them interviewed."
	7		And these are people named Dave Wollbaum, and it
	8		says:
	9		"Sgt. Pearson will be
04:00	10		contacting Mr. Murray Brown directly to
	11		obtain any relevant information which
	12		may assist his investigation. There has
	13		also been a reference that Mr. Bill
	14		Logan, who worked at Justice at the
04:00	15		time, may have some information to lend.
	16		Mr. Quinney is aware of the
	17		investigational steps being made."
	18		So it appears that on the Friday, September 18th,
	19		1992, that upon receipt of the letter, Federal
04:00	20		Justice lawyers and Sergeant Pearson began to
	21		investigate these allegations and notified the
	22		province; is that a fair summary?
	23	А	They may have notified Richard Quinney, that
	24		appears to be what he's suggesting there. I
04:00	25		wasn't told that.

by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006 Page 38079 1 Q If we can go to 004068, it appears that Mr. Okay. Williams faxed you a copy of the transcript from 2 3 the press conference on what would appear to be 4 the Sunday, September 20th, 1992. Do you recall 5 getting a copy of the transcript? 04:01 6 Α I certainly recall reading a copy, so presumably I 7 got it from somewhere. We generally had an agency 8 that, or the government had an agency that 9 provided transcripts of various kinds of news 04:01 10 media events. 11 Q And what was your -- if we can just maybe go to 12 the next page. What was your reaction after 13 reading through the transcript? 14 Well, again, it just struck me that the whole Α 04:01 15 thing was so sleazy and so corrupt that they 16 really had reached a new low. As I said, I was 17 prepared to forgive the nonsense that went on 18 before on the basis that David Milgaard was in 19 jail and getting him out, getting his freedom was 04:02 20 a strong source of motivation, but David Milgaard 21 was out now, this wasn't about getting him out, 22 and, frankly, it wasn't about clearing him, it was 23 about getting a compensation package from the 24 Government of Saskatchewan, and apparently they 04:02 25 were willing to do anything or say anything to get

	1		that.
	2	Q	Did this Breckenridge incident, if I can call it
	3		that, did that change the way that you dealt with
	4		the matter from that point on?
04:02	5	А	From that point on, had they marched in with the
	6		Pope and a stack of affidavits indicating
	7		misconduct, I wouldn't have believed a single word
	8		of it.
	9	Q	And why is that?
04:03	10	А	Because, as I say, at this point in became clear
	11		that they were prepared to do or say anything that
	12		would get them closer to the compensation package
	13		they were after and the truth wasn't something
	14		they were going to be worried about.
04:03	15	Q	If we can go to page 004071, some comments here,
	16		this is Mrs. Milgaard talking about the, her
	17		discussions with Mr. Breckenridge, although she
	18		doesn't name him at the meeting. It says:
	19		"He said we would never receive an

3	Just on that,	you had mentioned this earlier, was
4	that something	g that happened, that the Minister
<i>04:04</i> 5	of Justice, se	enior police and Crown officials
6	would meet on	prosecution files?
7	A No. In my exp	perience with the Department of
8	Justice, which	n starts in 1975, neither the deputy
9	minister nor t	the minister in that case and the
<i>04:04</i> 10	deputy was Ker	h Lysyk, the minister was Roy
11	Romanow eve	er involved themselves in criminal
12	law matters, t	they just it wasn't something they
13	were intereste	ed in. They believed they had
14	competent off:	icials running the public prosecution
<i>04:04</i> 15	service and wh	nen I joined, that would have been
16	Eugene Ewaschu	ak who is now a judge in the Ontario
17	courts, follow	ved by Del Perras who is now a judge
18	in Alberta, an	nd it just, they did not get
19	involved, Roy	Romanow had a conscious policy of
04:05 20	not getting in	nvolved, and on two occasions when
21	some other cal	pinet ministers even called the
22	director of pu	ablic prosecutions to make inquiries,
23	he came down h	hard on them, and at one point when
24	one of those p	people made a second call, he took
<i>04:05</i> 25	that to the pr	remier because it was his view that
	/	Neyer CompuCourt Reporting

	Ī		Page 38082
	1		politics had absolutely no place in the criminal
	2		prosecutions division.
	3	Q	Now, at the time these allegations were made,
	4		Mr. Romanow was the premier; correct?
04:05	5	А	That's correct.
	6	Q	And what did you make of the fact, if any, that
	7		the allegations being made in the Breckenridge
	8		incident were directed at the then premier?
	9	А	Well, I mean, if you are trying to create
04:06	10		attraction for your demands for an inquiry or
	11		compensation, alleging corruption and cover-up by
	12		the premier would be about as good as it gets.
	13	Q	The comment here, it says:
	14		"The Supreme Court said the Larry Fisher
04:06	15		evidence that the police had in 1970 was
	16		credible evidence which could affect the
	17		verdict of the jury. Justice Tallis
	18		said they never ever told him about
	19		Larry Fisher. Somebody suppressed that
04:06	20		evidence and there has been no inquiry
	21		into it to see just how this happened.
	22		This new evidence says that these people
	23		had the files together. Since there was
	24		no disclosure we can only assume a
04:06	25		decision was made to suppress it. Pure

1		and simply put, a coverup."
2		And just your comment on that, and in particular
3		the comment about what the Supreme Court had
4		said.
<i>04:06</i> 5	А	Well, fact one, the Supreme Court said that the
6		evidence of Larry Fisher might affect the jury.
7		Fact two, it wasn't provided to Justice Tallis.
8		Then you get the malicious supposition that
9		obviously that means the evidence had to have been
<i>04:0</i> 7 10		deliberately suppressed for an evil reason and, in
11		my view, those two facts don't necessarily lead a
12		reasonable person to come to the conclusion that
13		it had to have been suppressed.
14	Q	The bottom of the page, the question is asked of
<i>04:0</i> 7 15		Mr. Wolch:
16		"What is the significance of the letters
17		you have from - legally."
18		And I think this is referring to Breckenridge.
19		Top of the next page. No, next page. Mr. Wolch:
04:07 20		"It's simply more evidence of what we
21		know to be a fact. Ah, ah um I take a

	3		And this comment about the cover-up being
	4		established a long time ago, your comment on that
04:08	5		in light of what you understood the Supreme Court
	6		to be saying?
	7	А	Well, the Supreme Court didn't find that to be the
	8		case. Had they found that the Department of
	9		Justice officials had covered up anything, I have
<i>04:08</i> 1	0		no doubt they would have not said that they didn't
1	1		find any evidence of improper conduct, or that the
1	2		disclosure was proper according to the processes
1	3		in place of the day.
1	4	Q	And scroll down, Mrs. Milgaard says:
<i>04:08</i> 1	5		"What we're saying is we have
1	6		information that says Roy Romanow and
1	7		this we have said in the letter to the
1	8		Minister of Justice - that he was in
1	9		these meetings. Now I'm not about to
04:08 2	20		judge his evidence. I met with him and
2	21		I thought that he was credible. Ah I
2	22		met with him and private

2		did the things that he said he did, but
3		he's the one that has come forward and
4		said that Roy Romanow was in these
04:09 5		meetings behind closed doors."
6		What was your did you ever can you tell us,
7		what steps did you take to check this issue about
8		whether he was employed where he said he was at
9		the time; namely, Mr. Breckenridge?
04:09 10	А	Well, we got we went looking for the records
11		from the human resources office. There are files
12		on everybody that has been employed for years and
13		years and years and those files contain the dates
14		of commencement and the dates of termination and
<i>04:0</i> 9 15		one quick look made it clear that Michael
16		Breckenridge wasn't there when he said he was.
17	Q	Go to page 004075. Now I think Mr. Breckenridge's
18		first letter to Mr. Wolch is dated March 21st,
19		'92 if I'm not mistaken I think it was March,
04:09 20		yeah, March '92 so before the conclusion of the

1		" just on that question, it wouldn't

3		It simply wasn't relevant."
4		"I'm not saying it affected him, but it
<i>04:10</i> 5		wouldn't even have been admissible."
6		And if Mr. Breckenridge's allegations were true,
7		would that have been admissible evidence at the
8		Supreme Court reference?
9	А	Well, never mind if they were true, if Mr. Wolch
<i>04:10</i> 10		thought for a moment they might stand up under any
11		kind of scrutiny they would have been brought

2	Q	And so, again, the view of you and Mr. Quinney was
3		that nothing further should be done with this? I
4		think your words earlier were there shouldn't even
<i>04:13</i> 5		be a response.
6	А	It was almost immediately discredited in the press
7		when it was published, or the fact that he wasn't
8		even employed in the department at the time became
9		publicly known, and it was our view that that's as
<i>04:13</i> 10		much of a reply as this deserved.

13	А	Umm, yes, it looks like Richard Quinney's writing.
14	Q	And I don't know that we need to go through them.
<i>04:14</i> 15		It would appear that there were some discussions
16		between the province and the Federal Justice
17		departments about who should be doing the
18		follow-up, the federal Justice Department I think
19		received the information, and it appears from
04:14 20		these notes the question became, well, if it's a
21		criminal investigation, the allegations are that
22		the Premier and Mr. Kujawa and Mr. Lysyk and

	11		media and maybe you better tell me your words
	12		again; what was your reaction to how the media
	13		dealt with these allegations?
	14	А	Well, again, obviously they were reported. It was
04:15	15		sensational news to have someone allege that the
	16		Premier was involved in a coverup. And it was my
	17		view that, once it was made public that in fact
	18		Mr. Breckenridge didn't even work in the

04:15	20		largely allay people's fears about, you know, what

8	will drag on.
9	The latest reason for
<i>04:1</i> 6 10	Milgaard and his mother Joyce Milgaard
11	demanding a public inquiry are the
12	recollections of a former Justice
13	Department employee. They say the
14	former employee saw then justice
<i>04:16</i> 15	minister Romanow and senior prosecutor
16	attend meetings where Milgaard's file
17	was reviewed along with that of serial
18	rapist Larry Fisher.
19	If that's the evidence they
04:16 20	have about the alleged coverup, they
21	should release the informant's name. If
22	revealing the person's identity is not
23	practical for whatever reason, the
24	public is owed a full explanation as to
<i>04:16</i> 25	why

1	The Milgaards have so far
2	relied heavily on the media to carry the
3	ball for them and it appears they are
4	taking the same route this time around.
04:17 5	Nobody - not provincial or
6	federal officials, police forces or the
7	media - can do what's presumably being
8	asked of them by the Milgaards without
9	having enough information to go on.
<i>04:1</i> 7 10	Innuendos and allegations
11	against two senior government officials,
12	without even a name to back up the

<i>04:17</i> 15	And just your comment on that piece?
16	A Well I again with I think by this point the
17	news media was not prepared to unquestionably
18	accept anything that Joyce Milgaard put out, they
19	were very skeptical of what she was saying, and on
04:17 20	its face the statement by Michael Breckenridge was
21	incredible, nobody with half an ounce of sense
22	could accept that.
23	<b>Q</b> In we can go to 061702, sorry, 061701. And this

AS.

1		Attorney General, to Mr. Wolch, and this is the
2		letter that's advising that his letter of
3		September 16th to the federal minister was
4		referred to the Minister of Justice for
<i>04:18</i> 5		Saskatchewan, and that the matter has been
6		referred to the RCMP for consideration. And I
7		think it's your evidence, sir, that after the
8		the day or two around the Breckenridge press
9		conference, after that, you did not have much to
<i>04:19</i> 10		do with the decision to have the RCMP investigate;
11		is that correct?
12	А	Yes, that's correct.
13	Q	If we can go to 154281. This is an October 30th,
14		1992 letter or fax from Mr. Williams to you, and
<i>04:19</i> 15		go to the next page, it says:
16		"Our view re the R.C.M.P. request".
17		And at this time I think we've heard evidence
18		from Sergeant Pearson the inclusion of the (V14)-
19		(V14)- assault in the second application to the
04:19 20		federal minister prompted the RCMP to investigate
21		the (V14)- assault as a ground of that
22		application, and I think in his investigation
23		Sergeant Pearson interviewed Ms. (V14)-, who
24		indicated that at least according to Sergeant
04:20 25		Pearson that she was not saying that Larry
		Meyer CompuCourt Reporting

		Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006
		Page 38093
1		Fisher assaulted her, that she thought David
2		Milgaard had. And you're aware of that, of the
3		(V14) - assault and that issue?
4	А	Yes.
<i>04:20</i> 5	Q	And I think Sergeant Pearson then after, even
6		after the matter went to the Supreme Court
7		reference, found himself dealing with Ms. (V14)-
8		and this issue of trying to identify who had raped
9		her?
04:20 10	А	That's correct, yeah.
11	Q	And so this memo appears to be, again, October of
12		1992, a number of months after the conclusion of
13		the reference, and I think this relates to an
14		issue about whether or not Sergeant Pearson, the
<i>04:20</i> 15		RCMP, could use the blood provided by David
16		Milgaard and Larry Fisher in the Section 690
17		process, correct, for further DNA testing in
18		relation to Ms. (V14)-?
19	А	That's correct.
04:21 20	Q	And I believe the federal position here is that:
21		"Our minister's role is conditioned on
22		the existence of a section 690
23		application; there not being one at the
24		moment, we must be careful to ensure
04:21 25		that she does not overstep her

Page 38094 1 responsibilities." 2 And: 3 "The second point concerns 4 future charges arising out of this 5 issue. It is of fundamental importance 04:21 to remember that the entire question 6 7 whether there is sufficient evidence to 8 implicate Milgaard in the (V14)-9 controversy falls exclusively to the 04:21 10 Attorney General of Saskatchewan. We 11 have no role whatsoever. Accordingly, 12 advice on the lawfulness of seizures and 13 the development of the case falls to the Province of Saskatchewan ... " 14 04:21 15 And then it goes on to say about the blood 16 samples are being held by the RCMP, the 17 lawfulness, etcetera, is something that Saskatchewan should deal with; is that correct? 18 19 Α Yes. 04:21 20 And: 0 21 "... the blood samples ... presently 22 being held by the R.C.M.P. ... " 23 are in fact, I believe, the same blood samples 24 that ended up going to England in 1997 for the 04:22 25 DNA testing; is that correct?

Murray Brown by Mr. Hodson Vol 182 - Wednesday, September 13th, 2006 Page 38095 1 I would think so, yes. Α And I'm just wondering if -- next page, just go to 2 0 3 the next page, it says: "Having said this, it is 4 5 important to remember that we cannot 04:22 provide the advice to the R.C.M.P. on 6 7 these issues. It must come from 8 On this basis, I agree Saskatchewan. 9 with the recommendation that you have 04:22 10 set out in the last three lines of your memorandum." 11 12 And I'm just wondering why there would be a 13 distinction between the handling of the (V14)-14 DNA and accessing the blood of David Milgaard and 04:22 15 Larry Fisher provided in the 690 proceedings, and 16 the DNA testing of Gail Miller's clothing? 17 Well, actually, I was just sitting here thinking Α 18 the very same thing. The Federal Government 19 seemed to be taking two different views. 04:23 20 Certainly, Ron Fainstein's view was that they 21 legitimately held the samples and the clothing for 22 the purpose of doing the DNA. Perhaps their view 23 was that that was still connected to the 690 24 process, albeit the minister had already provided 04:23 25 her advice, whereas this was something that was

— Meyer CompuCourt Reporting =

right outside that process, this was a whole different offence.

3 And I quess as far as the -- if you put it down to 0 4 this basic issue, that getting the -- getting the 5 blood that was provided in the reference case to 04:23 enable the RCMP to do a DNA test to try and 6 7 identify or eliminate who was involved in the 8 assault of (V14) - (V14) -, compared to getting the 9 blood used in the Section 690 proceedings of 04:24 10 Milgaard and Fisher to use to do a DNA test to determine -- from Gail Miller's clothing to 11 12 determine who did or did not commit that crime, 13 I'm just wondering if there is a distinct -- I --14 what the distinction there as to why one would be 04:24 15 dealt with differently than the other? 16 Well, as I say, the only thing I can think of is А 17 that the Federal Government, having committed 18 itself to the comparison or to the testing of the 19 clothing and so on, and the DNA work there, and 04:24 20 that arising out of the 690 process, perhaps they 21 saw themselves as being in a slightly different 22 position in that regard than they were with 23 respect to using those exhibits to investigate a 24 case that had nothing to do with the David 04:24 25 Milgaard accusations.

1	Q	If we can go to 004436, please, 004436. And,
2		again, go to page 37. And this is the letter that
3		Mr. Sawatsky wrote to Mr. Quinney about getting
4		files for the RCMP investigation, and if you can
<i>04:25</i> 5		go to page 36 it talks about providing access:
6		" to both the Milgaard and Fisher
7		files as per your request.
8		As Murray Brown handled this
9		matter in the Supreme Court I would
<i>04:25</i> 10		normally appoint him to assist however,
11		he will be on holiday after the end of
12		the year. Anyone else should be able to
13		assist - just call before you come."
14		Were you involved in putting together the
<i>04:</i> 26 15		documents to provide to the RCMP for their
16		Flicker investigation, or was that someone else
17		in your department?
18	А	Umm, I can recall going through some boxes to see
19		whether there was what appeared to be all of the
04:26 20		materials that Eric Neufeld and I had generated
21		there. But, no, umm, it seems to me that they
22		came while I was away on vacation so I wouldn't
23		have been the one that put that together.
24	Q	If we can go to 061373. And this is a September
04:26 25		9th, 1993 letter to Inspector Sawatsky from you,
		Meyer CompuCourt Reporting

— Page 38098

Ī

	1	it says:
	2	"Enclosed is another portion
	3	of the Department's file in this matter.
	4	It would appear this is the missing head
04:27	5	office file put together before and
	6	after the appeal. Until now it has been
	7	languishing in the correspondence files.
	8	Why it was there I have no idea. I
	9	personally disclaim any knowledge of it
04:27	10	as the file contains material I have
	11	never seen before.
	12	Would you please pass this on
	13	to your investigators for their
	14	consideration."
04:27	15	And I think this head office file was identified
	16	by maybe I can just call up the document
	17	061389. And I think that what's included in
	18	that, and I think the evidence that we've heard
	19	from Mr. Sawatsky and perhaps some other
04:27	20	witnesses, is that the RCMP in 1969, in their
	21	contract policing, provided reports to the
	22	Attorney General's office or to their
	23	superiors, which in turn were provided to the
	24	Attorney General's office, and that that may have
04:28	25	been the source of or the reason as to why the
		Mayor CompuCaut Departing

	1		Attorney General of Saskatchewan had some of the
	2		RCMP reports. And do you have any do you have
	3		a recollection of where these files were and how
	4		they came how they were discovered?
04:28	5	А	Well certainly at that time, and even when I
	6		started reviewing materials in head office in the
	7		early '80s, if the RCMP took a breath pursuant to
	8		the provincial policing contract some paper would
	9		come flying over to us reporting what they'd done.
04:28	10		One of the things that I did was try and get them
	11		to cut down on some of that because we simply
	12		didn't need to know the detail that we were
	13		getting.
	14		How those files ended up in
04:28	15		the correspondence files, I don't know, I mean
	16		obviously somebody has misfiled them.
	17	Q	And prior to you and do you recall how they
	18		came to your attention in 1993?
	19	А	I suspect somebody was reviewing or looking for
04:29	20		something in the correspondence files to see
	21		whether there were any letters or anything that
	22		were missed, and they discovered that, because the
	23		correspondence files are exactly that, they are
	24		letters of or copies of letters that were sent
04:29	25		out, they weren't copies of letters received or of

	1		police reports received, so they would stand out
	2		if you were just even sort of quickly going
	3		through those files.
	4	Q	And so they were not where they should have been;
04:29	5		is that a fair way to put it?
	6	А	Yes, that's correct. Ordinarily, they would have
	7		been filed under the subject of the inquiry.
	8	Q	I see it's 4:30, Mr. Commissioner. I expect to be
	9		a short while tomorrow morning, maybe half an
