(2) When land to be expropriated by the corporation is required solely for the purposes of telecommunication lines or where the corporation deems it advisable to take an easement on land for such purposes, the approval of the Lieutenant Governor in Council shall not be required, and in such case Part III applies, and the expropriation of the land or the acquisition of an easement from the owner of the land shall not fall within the provisions of this Part, except as provided in subsection (4) of section 20.

R.S.S. 1978, c. S-34, s.12.

Application to judge for vesting order

13(1) The corporation may apply to a judge of the Court of Queen’s Bench for an order vesting in the corporation the land to be expropriated under this Part, and all buildings, erections, machinery, plant and other works and appliances upon the land, and also such other property of every description as the corporation desires to expropriate, including easements and other rights that may have been acquired in or over land.

(2) On such application the corporation shall submit a sufficient description of the real and personal property to be expropriated, including a plan of any land included in the application if in the opinion of the judge a plan, prepared by a duly qualified land surveyor, is necessary in order that the land to be taken may be accurately determined.

(3) The application of the corporation shall be made on one month’s notice to the owner of the property to be taken and to all persons having registered interests therein, stating the time and place at which the application will be made; provided that a judge of the said court may, on the application of the corporation and on sufficient cause being shown dispense with such notice or reduce the period thereof; and provided further that a judge of the said court may, on the application of the owner of the property or any person interested therein and on sufficient cause being shown, enlarge the period of the notice.

(4) The judge to whom an application for a vesting order is made shall, upon the production to him of a certificate of the chairperson, vice-chairperson or president of the corporation stating that the real and personal property included in the application is required for the purposes of this Act, a sufficient description of the property as provided for in subsection (2), a copy of a minute of the meeting of the corporation authorizing the taking of the said property, certified to be a true copy by the secretary of the corporation, and a copy of such order of the Lieutenant Governor in Council as is required under the provisions of section 12, certified to be a true copy by the Clerk of the Executive Council, make the vesting order applied for.

(5) An order so made by a judge shall have the effect of divesting all persons other than Her Majesty of any interest in the property expropriated; except the right and title to mines and minerals that may be found under the land included in the order.

(6) The costs of or occasioned by an application for dispensing with notice of application or for reducing or enlarging the period of notice shall be in the discretion of the judge hearing the application.

R.S.S. 1978, c. S-34, s.13; 1982-83, c.44, s.4; 2015, c.21, s.64.
Warrant for possession

14(1) Nothing contained herein shall be taken to require that a vesting order by a judge shall be obtained or a survey made or a plan prepared, before or at the time of the entry upon or taking possession of the property to be expropriated.

(2) If resistance or opposition is made to the taking by the corporation, or any person authorized by it, of any property as provided by this Act, a judge of the Court of Queen's Bench may, on proof of the proper taking of such property as herein provided, issue his warrant to the sheriff at the judicial centre nearest to which the property is situated directing him to put down such resistance or opposition and to put the corporation, or any person acting for it, in possession of the property.

(3) The sheriff shall take with him sufficient assistance for such purpose and shall put down such resistance or opposition and put the corporation, or the person acting for it, in possession of the property; and he shall forthwith make a return to the Court of Queen's Bench of the warrant, and of the manner in which he has executed the same.

(4) Every person who interrupts, hinders or molests any person while engaged under the authority of the corporation in entering upon or taking possession of any property as authorized by this Act, or in removing any obstruction, making any examination or constructing, maintaining or repairing property taken or to be taken by the corporation under this Act, either before or after a vesting order by a judge has been made, is guilty of an offence and liable on summary conviction to a fine not exceeding $50.

Operation by corporation of works taken

15 Where the property taken by the corporation consists of or includes any machinery, plant or other work or appliances for telecommunication, the corporation may take all such steps as it may consider necessary for the purpose of operating or continuing to operate the same.

R.S.S. 1978, c. S-34, s. 15.

Compensation for property taken

16(1) If the corporation and the owner of the property taken by the corporation and any other person interested therein agree as to the amount of compensation to be paid by the corporation, the amount shall be paid by the corporation within three months after an agreement has been reached as regards the amount and the proper conveyances of the said property have been executed and delivered, or within such other period as may be mutually agreed upon.

(2) If the amount to be paid as compensation is agreed upon by the corporation and the persons claiming the same, but such persons are unable to agree within three months after the date of taking of the property as to which of them shall receive the same, or in what proportions the same shall be paid to them, the corporation may pay the amount into the office of the local registrar of the Court of Queen's Bench nearest to the land affected, or to the place where property taken other than land is situated, to be paid out to the parties interested in such proportions as may be ordered by a judge of the said court on application therefor.
c. S-34 SASKATCHEWAN TELECOMMUNICATIONS

(3) If the corporation and the person or persons claiming compensation for property taken under this Act are unable to agree, within three months after the date on which the property is taken, as to the amount of the compensation, the question of the amount to be paid, and the person or persons who should receive the same, shall be determined by one arbitrator who shall be a judge of the Court of Queen’s Bench named by the Minister of Justice, and all the provisions of The Arbitration Act, 1992 shall apply to the arbitration proceedings.

(4) An appeal lies from the award of the arbitrator to the Court of Appeal in the same manner as from the judgment of a judge of the Court of Queen’s Bench in an action or other proceeding in court, or as may be provided by rules of court, but the decision of the Court of Appeal shall be final and not subject to further appeal.

(5) The claimant or claimants shall, before the arbitration is proceeded with, deposit with the corporation as security for the costs of the arbitration a sum of money equal to ten per cent of the amount claimed by him or them; provided that the arbitrator may, on the application of a claimant, reduce the amount to be so deposited if it appears to him that a lesser sum is reasonably sufficient, but the amount of the deposit shall not in any event been less than $25.

(6) The amount of the compensation shall be paid by the corporation within three months after the award of the arbitrator has been made or, if an appeal is taken, within three months after the date on which the decision on appeal has been rendered, or within such other period as may be mutually agreed upon.

R.S.S. 1978, c.S-34, s.16; 1983, c.11, s.80; 1992, c.A-24.1, s.61.

Determination of amount of compensation

17(1) In determining the amount of compensation to be paid by the corporation the arbitrator shall, if the property taken consists only of land, or land and buildings, consider and find separately as to the following:

(a) the value of the land taken and the fair replacement value of all buildings thereon, but making a reasonable deduction for depreciation, deterioration, wear and tear, and obsolescence;

(b) the damage, if any, to the remaining property of the owner in the immediate vicinity of the land taken;

(c) the original costs of any extra fencing that may be necessary by reason of the taking of the land.

(2) If the property taken consists of or includes machinery, plant or other works or appliances with or without land and buildings, or land or buildings, the arbitrator shall consider and find separately as to the following:

(a) the fair replacement value of the machinery, plant or other works or appliances, and of the buildings or erections in which any of the same are located, or which are used in connection therewith, as a going concern, together with the value of the land taken, if any, but making a reasonable deduction for depreciation, deterioration, wear and tear, and obsolescence but the value found shall not include any value for franchise rights, goodwill or future earnings;
(b) where land is taken, the damage, if any, to the remaining property of the owner in the immediate vicinity of the land taken;

(c) the original costs of any extra fencing that may be necessary by reason of the taking of the land.

(3) If the value of the remaining property of the owner in the immediate vicinity of the property taken is or will be increased by the construction or installation of any buildings or works on the land taken, or by the use to be made by the corporation of the land taken, the arbitrator, whether acting under subsection (1) or (2), shall consider and find separately as to the amount of the increase in value, and that amount shall be deducted from the amount to which the claimant or claimants are entitled.

R.S.S. 1978, c.S-34, s.17.

Costs of arbitration

18(1) If the difference between the sum awarded and the amount offered by the corporation is less than the difference between the sum awarded and the amount claimed, the claimant or claimants shall pay all costs and expenses of the arbitration, and if the difference between the sum awarded and the amount offered by the corporation is greater than the difference between the sum awarded and the amount claimed, the corporation shall pay the costs and expenses of the arbitration.

(2) The only costs allowable upon an arbitration shall be taxable solicitor’s fees on the scale specified by the arbitrator and counsel fees, arbitrator’s expenses and witnesses’ fees and expenses.

(3) The judge, for his services as arbitrator, may be allowed such allowance for travelling and living expenses as may be approved by the Lieutenant Governor in Council, or as may be fixed by regulations approved by the Lieutenant Governor in Council.

(4) If the costs are to be paid by the claimant or claimants the corporation may deduct the same from the amount deposited, and the surplus, if any, shall be returned to the claimant or claimants.

(5) If the costs are not to be paid by the claimant or claimants the full amount deposited shall be returned to him or them.

R.S.S. 1978, c.S-34, s.18; 1983-84, c.16, s.22.

Appointment of sole arbitrator
