(a) all of the gas that crosses the boundaries of the parcel of land to which the gas was delivered is consumed or otherwise used in an enhanced oil recovery operation; and

(b) both the enhanced oil recovery operation and the parcel to which the gas was delivered by TransGas are owned or controlled by the same person.
(9) TransGas’ exclusive right to transport gas pursuant to subsection (2) does not apply to third party transportation of gas by a vehicle if:

(a) the consumption purpose of the gas is:

(i) temporary and transient;

(ii) for an industrial or commercial purpose; and

(iii) for a single party; and

(b) TransGas consents to the transportation.

Consent to transport gas

61(1) Subject to the approval of the Lieutenant Governor in Council, TransGas may consent to the transportation of gas in Saskatchewan by other persons.

(2) TransGas may impose any terms and conditions that it considers appropriate on a consent given pursuant to subsection (1).

(3) If, prior to the coming into force of this section, a person was transporting gas in Saskatchewan with the consent of SaskPower, TransGas is deemed to have consented to the transportation of gas by that person on the same terms and conditions that SaskPower imposed.

(4) Notwithstanding any other provision of this Act or The Power Corporation Act, TransGas may modify, alter or vary the terms and conditions of any consent given or deemed to be given under this section and may impose new terms and conditions at any time on the consent.

(5) TransGas shall submit to the Crown Investments Corporation of Saskatchewan for prior review and approval the modified, altered or varied terms and conditions or any new terms and conditions that TransGas proposes to impose pursuant to this section.

Rates and charges, terms of service

62(1) TransGas may:

(a) in accordance with any rules prescribed in the regulations, establish rates and charges that persons who accept, use or receive services from TransGas are required to pay; and

   (b) the schedule is not made available for public inspection in accordance with subsection (5).

(7) TransGas may enter into an agreement with a person to provide a special service to that person if, in the opinion of TransGas, a charge, rate, term or condition described in a schedule mentioned in subsection (3) is not adequate to allow TransGas to provide that service to that person.

(8) An agreement entered into pursuant to subsection (7) may set out a charge, rate, term or condition that is different from those described in a schedule.

(9) In the case of any conflict between a charge, rate, term or condition described in a schedule mentioned in subsection (3) and one set out in an agreement entered into pursuant to subsection (7), the charge, rate, term or condition set out in the agreement prevails.

(10) Where any rates, charges or rents payable under this section are overdue, TransGas may charge interest on the overdue amount.

(11) The amount of interest charged pursuant to subsection (10) is a debt due to TransGas and TransGas may recover that amount in the same manner as the rates, charges or rents.

(12) When required to do so by the Crown Investments Corporation of Saskatchewan, TransGas shall submit to the Crown Investments Corporation of Saskatchewan for review and prior approval any rates, charges and prices at which any goods, utilities or services are sold or provided by TransGas and that TransGas proposes to establish or revise pursuant to this section.
