# Statement from the Minister

*The Honourable Gene Makowsky*

*Minister Responsible for the  
Saskatchewan Liquor and  
Gaming Authority*

I am pleased to present the Saskatchewan Liquor and Gaming Authority's (SLGA) Plan for 2018-19.

Government Direction and Budget for 2018-19 is focused on keeping Saskatchewan On Track by controlling spending, delivering high quality services for Saskatchewan people, keeping our economy strong, and returning to balance in 2019-20.

SLGA's 2018-19 Plan expands its regulatory role to include the regulation of cannabis in the province which the federal government began the process of legalizing in April 2017. The plan continues to strive to deliver modernized liquor retail and distribution services to the citizens of Saskatchewan. SLGA's net income provides sustainable funding in support of government programs and services. This plan will focus on promoting net income growth in a socially responsible manner through evaluation of the VLT program and collaboration with partners and stakeholders under the modernized liquor retailing model. Promotion of an innovative workforce will occur where employees are encouraged to bring forward improvement ideas to foster a culture of continuous improvement and safety. SLGA will strive to provide a great customer experience and will engage customers and measure customer satisfaction to achieve that goal.

I am committed to report on the progress made towards this plan in the 2018-19 Annual Report.

As part of the Check 25 program conducted in SLGA Retail Inc. stores, all customers who appear to be 25 years of age or less that attempt to purchase alcohol will be required to produce identification. Population statistics for the province indicate approximately six per cent of the population is between the age of 19 and 25. SLGA Retail has set a goal of six per cent of total customers that will be asked to produce identification.

**Compliance with responsible gaming training**

VLT site operators are required to take responsible gaming training in order to provide VLTs in their establishment and to update that training every five years. SLGA will ensure that all site operators are in compliance with a goal to have 100 per cent of site operators trained.

The Idea Hub is an automated process where ideas are submitted electronically and distributed to the area that has the main responsibility for potentially making the change. SLGA will monitor the number of ideas submitted with a goal to obtain more than 100 ideas. Representation of SLGA’s workforce is measured by monitoring the percentage of self-declaring employees who align to one of the identified diversity categories (Aboriginal people, women in under-represented and management groups, persons with disabilities, visible minorities, and youth). SLGA will strive to improve on the prior year percentage for those categories where under representation exists.

# Financial Summary

SLGA's 2018-19 financial plan supports the organization's key strategies. The main financial outcome for SLGA is its net income target which consists primarily of the following components: provincial VLT revenues, Saskatchewan Indian Gaming Authority (SIGA) net Income and profits from the liquor sector.

SLGA's net income is essential to supporting broader provincial objectives. For 2018-19, SLGA is budgeting a net income of \$481.4 million. SIGA net income is forecast at \$79.0 million and VLT net income is budgeted at \$155.5 million. Liquor retail and wholesaling is expected to net SLGA \$283.7 million. The net income from these areas is offset by the net cost of licensing, regulation and support in the liquor and gaming areas of \$36.8 million.

Overall SLGA's capacity to continue to generate additional revenues is impacted by a variety of economic variables, weather, and public policy choices. Maintaining a balance between revenue generation and social responsibility contributes to SLGA's success in supporting government goals.
