#### AUDITOR'S REPORT

I have audited the statement of financial position of Queen's Printer Revolving Fund as at March 31, 2005 and the statements of operations and accumulated operating surplus and changes in accumulated net expenditure (recovery). The Revolving Fund management is responsible for preparing these financial statements for Treasury Board's approval. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Revolving Fund as at March 31, 2005 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Regina, Saskatchewan July 8, 2005

Fred Wendel, CMA, CA Provincial Auditor

#### DEPARTMENT OF JUSTICE QUEEN'S PRINTER REVOLVING FUND NOTES TO THE FINANCIAL STATEMENTS March 31, 2005

#### 1. Authority and Definition of Reporting Entity

The Revolving Fund operates under the authority of Section 9.1 of *The Queen's Printer's Act*. The purpose of the revolving fund is to provide a mechanism for printing, publishing and distributing government documents and publications to the public.

#### 2. Significant Accounting Policies

The financial statements are prepared in accordance with Canadian generally accepted accounting principles. These financial statements do not present a cash flow statement because the required cash flow information is readily apparent from the Statement of Changes in Accumulated Net Expenditure (Recovery) and Note 7. The following accounting policies are considered significant:

#### a) Net financing requirements

The net financing requirement is the cash flow to or from the General Revenue Fund. It represents the total annual financing requirements resulting from working capital changes and net cash flows from operations.

#### b) Accumulated net expenditure

The accumulated net expenditure of the fund includes the net increase (decrease) in financing requirements for each fiscal year.

#### c) Inventories

Inventories are valued at the lower of average cost and net realizable value. Inventories consist mainly of paper used in the production of final product.

#### 3. Authorized Financing

Subsection 9.1(10) of *The Queen's Printer's Act* provides for a maximum amount of accumulated net expenditures which may at any time be outstanding to be set by order of the Lieutenant Governor in Council. A maximum amount of \$150,000 was established by Order in Council 667/89.

### 4. Accumulated Operating Surplus/Deficit

Treasury Board controls the operations of the Revolving Fund, in part by monitoring the amount of its accumulated operating surplus (deficit). If the amount falls above or below the limit specified by Treasury Board, management is responsible to present a plan to address the excess surplus (deficit) for approval by Treasury Board. Plans may include,

but are not limited to, payment of excess surpluses to, or requests for additional funding from, the General Revenue Fund. The limit for the Queen's Printer Revolving Fund is \$100,000.

#### 5. Capital Assets

In January 2004, Treasury Board approved the transfer of the Revolving Fund's capital assets to the Department of Justice. This transfer occurred on March 31, 2004 at net book value.

#### 6. Unearned Revenue

Subscriptions to *The Saskatchewan Gazette* are considered unearned revenue for those months that the subscription extends beyond the fiscal year.

#### 7. Net Changes in Working Capital Related to Operations

	2005	2004
Increase (decrease) in accounts receivable	\$ 111,917	\$(106,669)
Increase in inventories	23,220	6,808
Increase (decrease) in other assets	5,326	(566)
(Increase) decrease in accounts payable	(63,797)	32,555
(Increase) decrease in unearned revenue	(476)	6,717
Net increase (decrease) in working capital related to		
operations	\$ 76,190	\$ (61,155)

#### 8. Related Party Transactions

Included in these financial statements are transactions with various Saskatchewan Crown Corporations, departments, agencies, boards and commissions related to the Revolving Fund by virtue of common control by the Government of Saskatchewan, and non-Crown corporations and enterprises subject to joint control or significant influence by the Government of Saskatchewan (collectively referred to as "related parties").

Publications are sold and services are provided to related parties at amounts agreed to by the parties. These amounts are lower than those charged to other customers.

These transactions and amounts outstanding at year-end are as follows:

	2005	2004
Sales	\$ 269,514	\$ 385,634
Accounts receivable (net)	121,619	27,491

Routine operating transactions with related parties are recorded at the standard rates charged by those organizations and are settled on normal trade terms. These transactions and amounts outstanding at year end are as follows:

	2005	2004
Expenses	\$ 109,373	\$ 213,001
Accounts payable	2,885	5,960

In addition, the Revolving Fund pays Saskatchewan Provincial Sales Tax to the Saskatchewan Department of Finance on all its taxable purchases. Taxes paid are recorded as part of the cost of those purchases.

The Revolving Fund provided the Saskatchewan Centennial 2005 Office with one staff at no cost. Costs of \$46,108 relating to this staff are included in salaries expense.

Other transactions with related parties and amounts due to or from them are described separately in these financial statements and notes thereto.

In accordance with established government policy, the Revolving Fund has not been charged with certain costs including occupancy, financing, use of tangible capital assets and certain administrative costs. These costs have been absorbed by various departmental appropriations and therefore no provision for such costs is reflected in these financial statements.

#### 9. Budget

These amounts are included in the budget submitted to Treasury Board for approval. Treasury Board approves the Revolving Fund's budget annually.

#### 10. Financial Instruments

The Revolving Fund's financial instruments include accounts receivable and accounts payable. Due to their immediate and short-term nature, the fair value of these instruments approximates the carrying value.

The fair value of the accumulated net expenditure has been omitted because it is not practicable to determine the fair value with sufficient reliability.

#### 11. Amount Reported in the Public Accounts

The net expenditure (recovery) of the Revolving Fund reported in the Public Accounts is the net income of the Revolving Fund adjusted for the following differences in accounting policies and other adjustments between the Revolving Fund and the General Revenue Fund.

	2005	2004
Net income from operations	\$ 17,424	\$ 656
Amortization expense	202	18,227
(Increase) in inventory	(23,220)	(6,808)
Decrease in net capital assets	(444)	12,016
Timing differences in recording transactions	17,625	(11,397)
Net expenditure reported in Public Accounts	\$ 11,829	\$ 12.694
