Letters of Transmittal

His Honour the Honourable Dr. Gordon L. Barnhart
Lieutenant Governor, Province of Saskatchewan

May it Please Your Honour:

As the Minister responsible for the Saskatchewan Financial Services Commission, I respectfully submit the Annual Report for the period ending March 31, 2011.

A handwritten signature in black ink that reads "DR Morgan". The letters are cursive and fluid.

Don Morgan, Q.C.
Minister of Justice and Attorney General

The Honourable Don Morgan, Q.C.
Minister of Justice and Attorney General

Dear Sir:

I have the honour of submitting for your consideration the Annual Report of the Saskatchewan Financial Services Commission for the period ending March 31, 2011.

A handwritten signature in black ink that reads "Dave Wild". The signature is stylized with a large initial 'D'.

Dave Wild
Chairperson

Commissioners

Dave Wild

Chairperson

Mr. Wild was appointed the first Chair of the Financial Services Commission with its creation in 2003. Dave had been appointed Chair of the Saskatchewan Securities Commission in 2001. The duties of the Securities Commission have been assigned to the Financial Services Commission. He also currently serves as the Superintendent of Pensions. Having been first appointed in 1992, Dave is the longest serving pension regulator in Canada. He is the past Chair of the Joint Forum of Financial Market Regulators and the Canadian Association of Pension Supervisory Authorities.

Paul Robinson

Vice-Chairperson

Mr. Robinson is currently a consultant and Adjunct Professor of Finance at the University of Regina. His career includes several senior positions in provincial and municipal governments. Mr. Robinson also worked as a financial planner with a national investment firm. He has an MBA from McMaster University, is a Certified Management Accountant (CMA), a Certified Financial Planner (CFP) and a Chartered Financial Analyst (CFA).

Peter Carton

Commissioner

Mr. Carton recently retired from a career spanning 30 years with the Royal Bank of Canada. He has background in all areas of retail banking. Most recently, he was the Regional Vice President for Commercial Banking covering Saskatchewan, Manitoba and NW Ontario. Mr. Carton holds an MBA from Dalhousie University.

Gordon Hamilton

Commissioner

Mr. Hamilton is a lawyer in private practice with the Saskatchewan firm, McDougall Gauley LLP. He has extensive experience in labour relations and administrative law, having served as Vice Chairperson of the Canada Industrial Relations Board. Mr. Hamilton also has a background in co-operatives and Saskatchewan credit unions. He held senior positions at Affinity Credit Union, the Saskatchewan Wheat Pool (now Viterra), and Federated Co-operatives Limited.

Mary Ann McFadyen

Commissioner

Ms. McFadyen was associated with the Saskatchewan Chamber of Commerce for over 30 years. She was the executive Director and CEO of the Chamber for more than two decades. In recognition of her contribution to Canadian business she received the Canada 125 Award and was named one of the 10 most influential women in Saskatchewan by Saskatchewan Business Magazine.

Brian Molberg

Commissioner

Mr. Molberg currently is Vice-President of Corporate Services of LutherCare Communities, a leading provider of health services, seniors housing and community services in Saskatchewan. Mr. Molberg also was President of Nalco Leasing Inc., a Saskatchewan-based agricultural and office equipment leasing company. He is a Fellow Chartered Accountant.

What We Do

The Saskatchewan Financial Services Commission (SFSC) regulates Saskatchewan's financial services industry, including the credit union system, insurance, pensions, securities, trust and loans, loan brokers, mortgage brokers and payday loans. Regulatory responsibilities include:

- providing input into developing provincial legislation, regulations, policies and standards (the rules);
- interpreting and applying the rules; and
- taking appropriate action to protect the rights and interests of consumers of financial services when the rules are broken.

Effective October 1, 2011 SFSC will be expanding its regulatory responsibilities by welcoming the Consumer Protection Branch of the Ministry of Justice as a division of SFSC. With the addition of the Consumer Protection Division, SFSC's vision of cultivating an environment in which all Saskatchewan consumers and businesses have confidence in, and enjoy the benefits of, a vibrant marketplace will come one step closer to becoming a reality.

Similar to those of other financial services regulators, the ongoing operations of the SFSC encompass the following broad range of regulatory functions.

Licensing and Registration

Financial institutions, pension plans and financial intermediaries require approval to conduct business. The SFSC requires applicants to provide enough information to assess whether the applicant is suitable to conduct business in the chosen field.

Audit and Compliance

On an ongoing basis, the SFSC monitors those regulated to verify that they are capable of meeting their obligations to consumers and are conducting themselves in compliance with the rules.

Market Conduct and Complaint Handling

The SFSC enforces rules that promote fair conduct by market participants and full, plain

and true disclosure of products and services to consumers. The SFSC ensures that there are effective processes in place to receive and investigate complaints from consumers. Complaints are reviewed and appropriate information is collected to determine whether there are violations of rules.

Enforcement

The SFSC exercises its influence and its legislative powers to hold to account those who have violated the rules. Enforcement may be initiated based on information from complainants, information obtained from audit and compliance activities, or from other sources.

The SFSC's regulatory functions include both prudential and market conduct regulation. Prudential regulation addresses the financial soundness of those regulated. Market conduct regulation refers to supervising compliance related to consumer protection provisions including disclosure, confidentiality, fair practices and prohibited methods of doing business.

In fulfilling its mandate, the SFSC relies upon the following self-regulatory organizations (SROs):

- Credit Union Deposit Guarantee Corporation
- General Insurance Council of Saskatchewan
- Hail Insurance Council of Saskatchewan
- Life Insurance Council of Saskatchewan
- Investment Industry Regulatory Organization of Canada
- Mutual Fund Dealers Association of Canada

A number of federal and provincial initiatives are focused on coordinating and harmonizing financial services regulation. The SFSC works with regulators from other jurisdictions through the Joint Forum of Financial Market Regulators (Joint Forum), the Canadian Association of Pension Supervisory Authorities (CAPSA), the Canadian Council of Insurance Regulators (CCIR), and the Canadian Securities Administrators (CSA).

Who We Are

The SFSC is led by a seven-person Commission established under *The Saskatchewan Financial Services Commission Act*. Section 9 of the Act provides the Commission with a mandate to:

- coordinate financial services regulators;
- provide for the development of policies to protect the interests of consumers of financial services;
- provide for the development of policies to regulate financial services and any persons who, or associations or groups of persons that, provide financial services; and
- perform any responsibilities of a financial services regulator pursuant to any financial services legislation that are assigned to the Commission by the Regulations under the Act.

Vision

SFSC's vision is to cultivate an environment in which everyone in Saskatchewan has confidence in and can enjoy the benefits from a vibrant financial marketplace.

Mission

The SFSC strengthens Saskatchewan's financial marketplace and protects consumers by regulating providers of financial products and services in an effective, efficient and balanced manner.

Regulatory Principles

The SFSC is committed to these principles:

Competency

Other regulators and stakeholders rely on the SFSC because it has staff with the skills, knowledge and attitude required to deliver its commitments.

Consultation

The SFSC consults those who may be affected by a proposed regulatory change.

Transparency

The SFSC seeks to develop understandable rules that are complete and easy to access, and, when appropriate, to provide explanations and communicate its decisions.

Proportionate Regulation

When developing and applying rules, the SFSC considers the cost of compliance and the intended results. Regulatory actions are proportionate to the risk posed and contribute to sound business practices within the financial services sector.

Flexibility and Discretion

Recognizing that there are many possible regulatory solutions, the SFSC exercises its discretion to achieve the most practical and affordable solutions that achieve the intended objective without compromising consumer protection.

Co-operation

The SFSC works with regulators in other jurisdictions and self-regulatory organizations to achieve regulatory efficiency and effectiveness.

Harmonization

The SFSC seeks to harmonize rules and systems across sectors and jurisdictions to the greatest extent possible. The SFSC will make exceptions when justified by the unique situation in Saskatchewan.

Accountability

The SFSC holds those being regulated responsible and accountable for complying with the rules. The SFSC is accountable to the Government and to the public for applying the spirit and substance of the regulatory regime.

Accessibility

The SFSC is approachable by consumers and those it regulates.

The SFSC is committed to fulfilling its regulatory responsibilities. However, the SFSC recognizes that not every problem requires a regulatory solution. Therefore, the SFSC is also committed to providing strategic solutions. The SFSC considers a wide range of alternative actions such as supplying expertise and advice, acting as a mediator and providing forums for industry dialogue.

Values

The actions of the SFSC's personnel are guided by the following commitments:

Openness

We share information and listen openly. We encourage understanding of and involvement in decision making.

Respect

We treat everyone fairly and with dignity, respect and compassion.

Professionalism

We exhibit a positive, courteous, conscientious, and businesslike manner in the workplace. We take personal responsibility for achieving the goals of the SFSC.

Fairness

We are impartial and unbiased in our decision making.

Decisiveness

We make clear, timely and responsible decisions.

Creativity

We encourage innovation and continuous improvement of our business processes and service provision.

Initiative

We empower our staff and encourage them to question the status quo.

Service

We provide quality and timely service by listening to, understanding and addressing the needs of our customers, clients and employees. We provide our people with the training and tools they need to do their jobs.

Work/life balance

We recognize and accommodate our employees' needs to balance their responsibilities and interests outside of work with meeting the increasing demands of the workplace.

Collaboration

We work together internally and with those we regulate to deliver the best possible solution.

Strategic Goals

SFSC's four strategic goals are briefly described as follows:

A fair and effective financial regulatory system for Saskatchewan

The SFSC ensures that appropriate rules are in place to regulate the financial services sector. The SFSC is giving attention to requirements for new categories of entrants, to new products and to the changing conditions in existing market segments. By increasing harmonization with other Canadian jurisdictions, updating Saskatchewan's legislation and related rules, and working effectively with the self-regulatory organizations (SROs), the SFSC will maintain and enhance the quality of its regulation.

Confidence in the SFSC and the Saskatchewan financial marketplace

The financial services industry depends on public and industry confidence. The SFSC recognizes that while most financial services providers follow the rules, the actions of those few who breach the rules can have a significant negative impact on confidence levels. The SFSC is increasing its emphasis on timely compliance and enforcement actions to deter wrong-doing, detect incidences of wrong-doing and reduce the harmful impact on consumers. At the same time, the SFSC will take steps to increase availability of tools and information that will help consumers protect themselves and make better decisions about their financial transactions.

Regulatory consistency between sectors and for like products and services

The SFSC is building increased cross-sectoral understanding and co-operation through participation in national initiatives and through the SFSC's integrated organizational structure and governance. The SFSC will work with the SROs to look for opportunities for enhanced consistency.

Effective results with limited resources

As a Government agency, the SFSC is accountable to the public for the resources it uses. The SFSC is committed to continuous improvement of its operational efficiency.

Progress in 2010-11

Financial Institutions Division

The Financial Institutions Division (FID) regulates and supervises Saskatchewan trust, loan and finance companies, insurance companies, loan and mortgage brokers and the credit union system. Performance Measures

In addition to tracking our core activities and progress toward achieving strategic action items, the SFSC uses performance measures developed within a balanced scorecard framework to assess our strategic success.

Balanced Scorecard Framework

Stakeholder	Operational / Internal
1. Client (those regulated) confidence in the SFSC and the financial marketplace	2. Number of regulated entities reviewed each year 3. Oversight of SROs (to be developed) 4. Initial response to complaints or enquiries made to Enforcement Branch within five days 5. Client service standards
People	Financial
6. Human resource management effectiveness 7. Participation in learning and development	8. Variance from budget

Client Service Standards

Financial Institutions Division:

- Review an application and issue the licence or registration, or an initial comment letter within 30 business days, where the SFSC is the primary regulator, or within 15 business days, where the SFSC is not the primary regulator.

Payday Loans Division:

- Review a licence application and issue the licence or provide initial comments within 30 business days.

Pensions Division:

- Review actuarial valuations of non-designated pension plans within 45 calendar days.
- Review annual information returns within 25 calendar days.

Securities Division:

- Approve or respond to applications for registration where SFSC is the principal regulator within 10 days on average.
- Provide initial comments within 10 business days of the date of the preliminary receipt issued for a long-form prospectus and within three business days of the date of the preliminary receipt issued for a short-form prospectus, where SFSC is the principal regulator.
- Acknowledge complaints to Enforcement Branch within two business days.

The table below reports on our success in achieving our performance objectives in 2010-11.

The measures (indicated by number only), and the client service standards reported on, are provided on page 19.

Management's Responsibility for the Financial Statements

Saskatchewan Financial Services Commission Fund Report of Management for the year ended March 31, 2011

The accompanying financial statements are the responsibility of the management of the Saskatchewan Financial Services Commission. They have been prepared in accordance with Canadian generally accepted accounting principles for the public sector, using management's best estimates and judgments where appropriate.

Management is responsible for the reliability and integrity of the financial statements, the notes to the financial statements, and other financial information contained in this report. Management is also responsible for maintaining a system of internal controls, policies, and procedures designed to provide reasonable assurance that assets are safeguarded and that accounting systems provide timely, accurate and reliable financial information.

The members of the Commission are responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control. The financial statements and annual report have been reviewed and approved by the Commission.

The Office of the Provincial Auditor has audited the Saskatchewan Financial Services Commission's financial statements in accordance with Canadian generally accepted auditing standards and their report follows.

SASKATCHEWAN

INDEPENDENT AUDITOR'S REPORT

To: The Members of the Legislative Assembly of Saskatchewan

I have audited the accompanying financial statements of the Saskatchewan Financial Services Commission, which comprise the statement of financial position as at March 31, 2011, and the statement of operations, changes in net financial assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards for Treasury Board's approval, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Saskatchewan Financial Services Commission as at March 31, 2011, and the results of its operations, changes in its net financial assets, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

**Ministry of Justice and Attorney General
Saskatchewan Financial Services Commission Fund
Notes to the Financial Statements
for the Year Ended March 31, 2011**

1. Authority and Purpose

The Saskatchewan Financial Services Commission (the SFSC) was established under the provisions of *The Saskatchewan Financial Services Commission Act* (the SFSC Act), proclaimed in force on February 1, 2003 and as amended by the Statutes of Saskatchewan, 2007, c.M-20.1; 2009, c.27; and 2010, c.21.

The SFSC protects consumer and public interests and supports economic well-being through responsive financial marketplace regulation. The SFSC enhances consumer protection through licensing and registration, audit and compliance, market conduct, complaint handling, and enforcement activities pursuant to various provincial statutes.

The SFSC became a self operating agency effective July 1, 2009, and as a result, became directly responsible to account for its operations. To make this change, the SFSC Fund (the Fund) was established under Subsection 23.1 of the SFSC Act. All taxes, fees, moneys, fines, costs, penalties, assessments, and other charges payable pursuant to the administration of financial services legislation are deposited to the Fund. Under Subsection 23.5 of the SFSC Act, moneys in the Fund are used to pay salaries and administrative costs relating to the exercise of any powers of a financial regulator pursuant to any financial services legislation for which it is responsible.

The SFSC has four divisions to carry out its mandate.

- Securities Division – protects investors by regulating the sale of securities, without undue restrictions, to ensure that those who sell securities to investors are honest and competent, investors are provided with selling documents that contain truthful, complete, and understandable information on which to base their investment decisions, buyers and sellers have equal access to information about companies trading in the secondary markets, and those who take undue advantage of investors are held to account.
- Financial Institutions Division – regulates and supervises Saskatchewan trust, loan and finance companies, insurance companies, loan and mortgage brokers and the credit union system. The division protects the public interest and enhances public confidence by encouraging sound and ethical business practices for insurers and financial institutions duly authorized to operate in Saskatchewan.
- Pensions Division – protects Saskatchewan employees' pensions. Standards are established with respect to the structure and administration of pension plans, as well as to the investment and ongoing funding of plans. The division identifies and manages risks and problems to bolster public confidence in the pension system, while allowing the market to develop to meet the retirement needs of Saskatchewan workers and employers.

- Payday Loans Division – regulates payday lenders to protect payday loan borrowers while allowing for a viable payday loan industry in Saskatchewan. The division protects payday loan borrowers by ensuring borrowers receive full, true and understandable disclosure on which to base their loan decisions, by ensuring payday lenders comply with prescribed limits with respect to loan amounts and loan fees and charges, and by ensuring payday lenders deal fairly with borrowers during the administration and collection of payday loans.

2. Significant Accounting Policies

These financial statements are prepared in accordance with Canadian generally accepted accounting principles as recommended by the Public Sector Accounting Board of The Canadian Institute of Chartered Accountants and reflect the following significant accounting principles:

(a) Revenue Recognition

(i) Fees and Other Sources of Revenue

Fees and other sources of revenue are recognized when received or receivable if the amount can be estimated and collection is reasonably assured, except as noted in (ii) below.

(ii) Unearned Revenue

The Saskatchewan Insurance Act license fees collected by the Financial Institutions Division are for five year licenses. The revenue from license fees that relate to future periods are recorded as unearned revenue, and recognized as revenue over the term of the license.

Fees received for Trust and Loan licenses and Mortgage Broker licenses are reported as revenue in the fiscal year in which the license is issued. Fees received in one fiscal period for licenses issued in the following fiscal period are treated as unearned revenue.

(b) Expenses

Expenses represent the cost of resources consumed during the period for operations.

(c) Use of Estimates

These statements are prepared in accordance with Canadian generally accepted accounting principles appropriate for the public sector. These principles require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingencies at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual amounts could differ from those estimates. Differences are reflected in the period when they are identified.

3. Financial Instruments

The SFSC's financial instruments include due from and dividend payable to the General Revenue Fund (GRF), accounts receivable, and accounts payable and accrued liabilities. The carrying amount of these instruments approximates their fair value due to their short-term nature. These instruments have no material interest rate risk or credit risk.

4. Due from General Revenue Fund

The SFSC bank account totaling \$12,921,902 is included in the GRF and accounted for separately through an accounting segregation. Interest earned on the balance attributed to the Fund is calculated and paid into the account using the Government of Saskatchewan's (the Government) 30 day borrowing rate and the Fund's average daily bank account balance. For the year ended March 31, 2011, interest earned totaled \$91,433. The Government's average 30 day borrowing rate in 2010-11 was 0.80%.

5. Dividend to General Revenue Fund

The Government directed the SFSC to maintain the balance of the Fund at approximately \$1,000,000, to be used for exercise of any powers given to the SFSC by the SFSC Act or any other thing that the SFSC considers necessary and in the public interest to fulfill its responsibilities.

The Government also directed that the Fund's surplus in excess of \$1,000,000 be paid to the GRF as a dividend.

6. Related Party Transactions

Included in these financial statements are transactions with various Saskatchewan Crown Corporations, ministries, agencies, boards, and commissions related to the Fund by virtue of common control by the Government, and non-Crown corporations and enterprises subject to joint control and significant influence by the Government (collectively referred to as "related parties").

The primary substantive related party transactions incurred by the SFSC and reflected in these financial statements relate to rent expense and other services of \$587,680 (2010 Nine months - \$320,998) paid to the Ministry of Government Services and contracted services expense for information technology equipment and support of \$181,958 (2010 Nine months - \$101,841) paid to the Ministry of Information Technology Office. These transactions were recorded at mutually agreed upon rates and settled at normal trade terms.

These financial statements do not reflect the costs incurred by a number of related parties on behalf of the SFSC. During the year ended March 31, 2011, the SFSC received substantial administrative services from the Ministry of Justice and Attorney General and the Ministry of Finance without charge. In addition, the SFSC received substantial administrative services from the Public Service Commission relating to human resource matters and payroll processing, also without charge.

These financial statements reflect the salary costs of the SFSC's employees, but do not reflect the costs of employee benefits incurred by the Province of Saskatchewan relating to those employees. These costs are paid by the Ministry of Finance.

7. Contractual Obligations

The SFSC has a contractual obligation for premises. The current lease expires December 31, 2012. The future minimum lease payments, in each fiscal year, are as follows:

2011/12	\$ 587,000
9 months 2012/13	\$ 440,000

8. Segmented Disclosure

The following schedule provides the relevant segmented disclosure by division within the SFSC with prior period comparatives:

Expenses relating to the operations of the SFSC incurred by certain related parties are not reflected in these financial statements. Refer to Note 6 for additional details.

9. Revenue by category within each division

Primary sources of revenue by division for the year ended March 31, 2011, are as follows:

Securities Division	<u>2011</u>	<u>2010</u> (9 Months)
• Prospectus Fees	\$ 5,943,600	\$ 3,324,350
• Registration Fees	4,058,498	3,369,935

• Interest from GRF	<u>91,433</u>	<u>5,980</u>
Total revenue	<u>\$14,601,145</u>	<u>\$ 10,533,779</u>

10. Unearned Revenue

Unearned revenue at March 31, by revenue category is as follows:

	<u>2011</u>	<u>2010</u> (9 Months)
Saskatchewan Insurance License Fees	\$1,160,071	\$553,170
Trust and Loan License Fees	32,000	20,125
Mortgage Broker License Fees	<u>14,400</u>	<u>3,600</u>
Total	<u>\$1,206,471</u>	<u>\$ 576,895</u>

11. Budget

These amounts are included in the budget submitted to Treasury Board for approval. Treasury Board approves the Fund's budget annually.

12. Contingencies

The SFSC, along with others, is a defendant to a claim brought against it as a result of its operations. The SFSC believes, on advice of legal counsel, that this claim is without merit. If the court finds that the SFSC is liable on the claim, any settlement to the plaintiff would be accounted for as a charge against operations in the period in which settlement is made.

13. Comparative Information

The SFSC became a self operating agency effective July 1, 2009. As a result, comparative information is for the nine-month period from July 1, 2009 to March 31, 2010.

14. Subsequent Event

Subsequent to March 31, 2011, it was announced that effective October 1, 2011, the Consumer Protection Branch of the Ministry of Justice and Attorney General will become a division of the SFSC. The Consumer Protection Division will continue to operate as a regulatory body investigating consumer complaints, answering consumer inquiries, providing advice and direction to the public on how to resolve complaints, educating consumers and businesses on their rights and responsibilities, and conducting compliance audits of licensees.
