I am pleased to present the Ministry of Labour Relations and Workplace Safety's Plan for 2015-16. This document outlines how our Ministry's actions support Government's overall direction and Budget for 2015-16.

Government's Direction and Budget for 2015-16 is focused on *Keeping Saskatchewan Strong*, balancing building for the future with fiscal responsibility. The initiatives outlined in this Plan speak to this year's budget theme. My Ministry will work to invest in the citizens of Saskatchewan by fostering a competitive and productive labour environment; encouraging healthy, safe, and fair workplaces; ensuring that our labour policies are up-to-date and competitive; and, by managing our programs and services efficiently and effectively to ensure the best use of public funds.

The Ministry of Labour Relations and Workplace Safety successfully carries out its mandate in the delivery of services to workers, their representatives and employers, thereby ensuring Saskatchewan workplaces are safe, productive and fair.

The Ministry will report on progress made toward this Plan, within the financial parameters provided in the 2015-16 Annual Report.

# Response to Government Direction

There are strengths in many sectors from agriculture and manufacturing to resources such as potash and uranium.

With controlled spending and continued support for the conditions necessary for economic growth, the Government will meet the needs of our growing province. Investments in people and infrastructure continue to support Government's commitment to establishing Saskatchewan as the best place to live, to work, to start a business, to get an education, to raise a family and to build a life.
