

Industry Tip

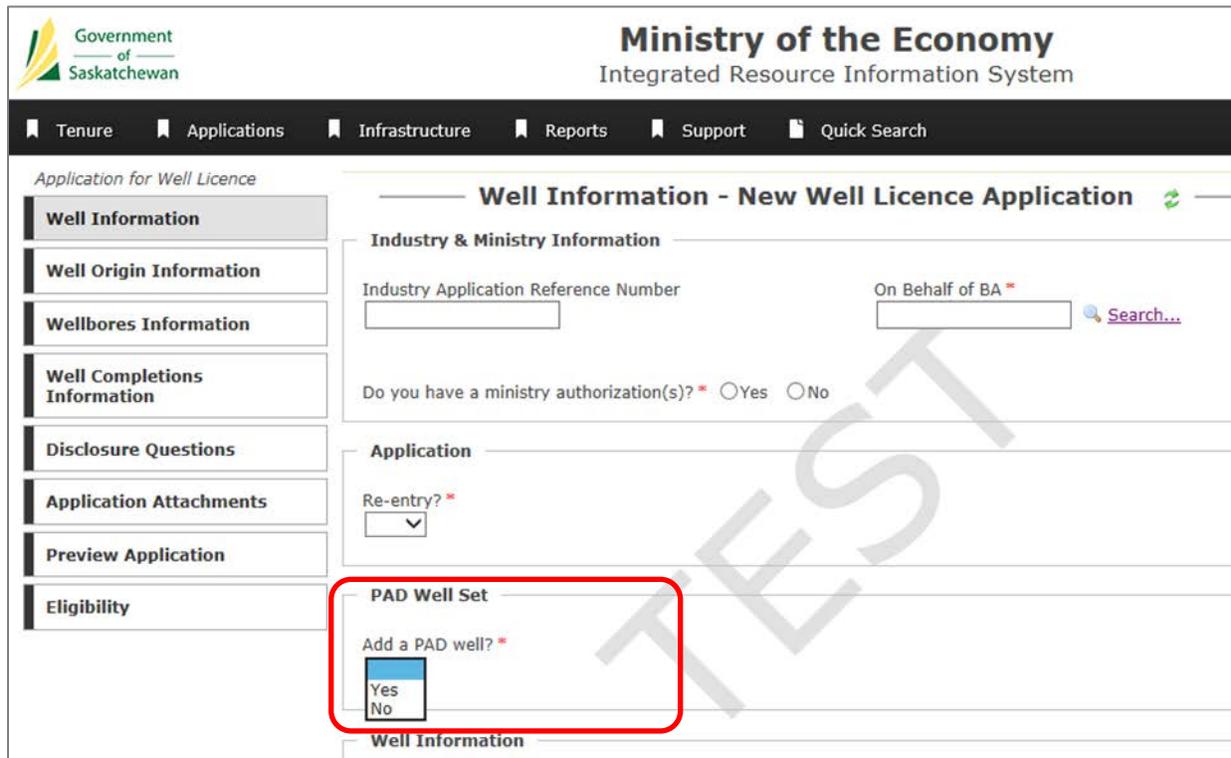

PAD Well Set Coming to Well Licence Applications

Date	Module/Application/Functionality	Notes
September 19, 2017	Well and Facility Infrastructure; Well Licence	Initial Release

PAD well information will be captured through IRIS's well licence application starting on October 4, 2017.

About

A new field will be included in the licence application that captures PAD well information when IRIS Release 5.10 is implemented on October 4.

The screenshot shows the 'Well Information - New Well Licence Application' form. The 'PAD Well Set' section is highlighted with a red box. It contains the question 'Add a PAD well?' with two radio button options: 'Yes' and 'No'. The 'Yes' option is currently selected. Other sections visible include 'Well Information', 'Well Origin Information', 'Wellbores Information', 'Well Completions Information', 'Disclosure Questions', 'Application Attachments', 'Preview Application', and 'Eligibility'. The 'Industry & Ministry Information' section includes fields for 'Industry Application Reference Number' and 'On Behalf of BA', and a radio button for 'Do you have a ministry authorization(s)?' with 'Yes' and 'No' options. The 'Application' section includes a 'Re-entry?' dropdown menu.

A response to the PAD well question is required. Additional questions may be asked depending on how the applicant responds.

PAD Well Set

Add a PAD well? * Yes No

Is this the first licence for this PAD? * Yes No

If it's the first licence for the PAD well, the following message appears:

PAD Well Set

Add a PAD well? * Yes No

Is this the first licence for this PAD? * Yes No

The answer to question 2 as 'YES' will add a new PAD Well.

IRIS generates a 'Well Set #'. All licences associated with the PAD are then included in the well set.

PAD Well Set

Add a PAD well? * Yes No

Is this the first licence for this PAD? * Yes No

Well Set # * [Search...](#)

[8003 - PAD](#)

Well sets can be found in the well details screen.
