## ***Introduction***

These Supplementary Estimates provide an additional \$117,996,000 to be added to budgetary appropriations created by the passing of previous estimates.

The 2017-18 Supplementary Estimates – November are prepared in accordance with subsection 12(1) of *The Financial Administration Act, 1993* and include the estimated increase in 2017-18 “To Be Voted” and “Statutory” expenditures, loans, advances or investments to be paid from the General Revenue Fund (GRF).

Funding requests reflect the additional commitments government will undertake during the fiscal year. The requested funding for each vote is the net amount required after reallocation of voted appropriation not required in other areas of the vote.

The schedules contained in the 2017-18 Supplementary Estimates – November use a similar format to those included in the 2017-18 Estimates.

The detail section of the 2017-18 Supplementary Estimates – November uses the vote, subvote and allocation structure from the 2017-18 Estimates with the exception of the Ministry of Social Services and the Ministry of Education, which have been adjusted to reflect Order in Council #503/2017.

The subvote descriptions provided in the 2017-18 Estimates apply to the 2017-18 Supplementary Estimates – November; however, subvote descriptions may be expanded by the explanation for the additional funding provided by the Supplementary Estimates – November.

The *General Principles, Budget and Spending Control, Budget Principles* and *Glossary of Terms* outlined in the 2017-18 Estimates apply to the 2017-18 Supplementary Estimates – November.
