Letter of Transmittal

November 4, 2002

Her Honour
The Honourable Dr. Lynda M. Haverstock
Lieutenant Governor of the Province of Saskatchewan

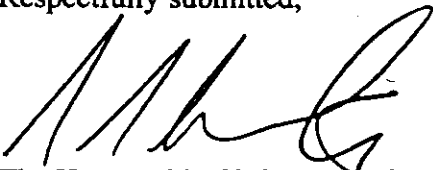

May it Please Your Honour:

I have the pleasure to transmit to your Honour the Annual Report of the Public Trustee for Saskatchewan for the year ending March 31, 2001.

In October 1999, the Public Trustee implemented a new computer system. In June of 2001, the Provincial Auditor tabled his Spring and Fall 2001 Reports making many recommendations. The Public Trustee made a commitment to respond to as many recommendations as possible. Many actions were taken to comply with those recommendations. I am most pleased to report that the financial statements for the above fiscal year have now been finalized and audited.

The staff of the Public Trustee are to be commended for their hard work in implementing the new system and implementing the auditor's recommendations.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'A. Axworthy', is written over the typed name.

Letter of Transmittal

November 4, 2002

The Honourable Chris Axworthy, Q.C.
Minister of Justice and Attorney General

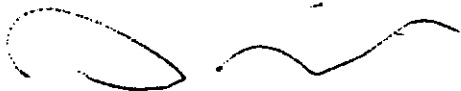

Dear Sir:

I have the pleasure to submit for your consideration the Annual Report of the Public Trustee for Saskatchewan for the year ending March 31, 2001.

As you know the Provincial Auditor in his Spring and Fall 2001 Reports made recommendations for change in the Office. The Office and Saskatchewan Justice took those recommendations seriously and embarked upon a plan to implement as many recommendations as was possible. It has taken considerable work to address the Provincial Auditor's concerns. By the submission of this report, I am giving you notice that the Office has recovered from a difficult time.

In addition to making progress on the Provincial Auditor's recommendations, the Office has made major progress in numerous other areas. I refer you to the goals and the accomplished results reported in this report.

Respectfully submitted,

Ronald J. Kruzeniski, Q.C.
Public Trustee

Mandate of the Public Trustee

The mandate of the Office is to protect vulnerable persons. The primary functions of the Office are:

- administering the property and finances of adults who are incapable of managing their financial affairs;
- protecting property rights of children under 18; and
- administering the affairs of deceased persons.

2000-2001 Objectives

- Propose, promote and develop a model for personal guardianship for implementation in the 2001-2002 fiscal year.
- Propose, promote and develop a program for investigation of financial abuse for implementation in the 2001-2002 fiscal year.
- Develop amendments to *The Adult Guardianship and Co-decision-making Act* and *The Public Trustee Act* to be introduced in the Spring session 2001 which will allow the Public Trustee to act as the personal guardian and allow the Public Trustee to investigate allegations of financial abuse of vulnerable persons.
- Co-chair a Legislative Working Group that will propose regulations for *The Adult Guardianship and Co-decision-making Act*.
- Propose, promote and participate in a review of *The Power of Attorney Act*, to be introduced in the Spring of 2002.
- Implement the agreement with British Columbia Public Guardian and Trustee, wherein the Public Guardian and Trustee of British Columbia would pay for the cost of developing Release 2 of the Public Trustee computer system in exchange for an ownership interest.
- Participate in the design and development of Release 2 of the Guardian computer system and have it completed by September 1, 2001.
- Commence discussions with the Public Guardian and Trustee of British Columbia regarding acquisition of the Guardian computer system by other Public Guardians and Trustee's in Canada.

2000-2001 Activities and Results

- As of March 31, 2001, the Public Trustee provided services to:

Adults	1,441
Children for whom we hold funds	2,217
Children whose property rights we monitor	1,688
Estates of deceased persons	498
Total	5,844

- As of March 31, 2001, the Office held assets in trust for clients in the amount of approximately \$146.0 million.
- The annualized rate of return realized for clients with money in the common fund was:
 - for the six months ended September 30, 2000, an annualized average rate of 13.56%
 - for the six months ended March 31, 2001, an annualized average rate of 9.55%

The five-year average rate of return is 12.46%

The ten-year average rate of return is 11.36%

The Public Trustee has moved from allocating interest to its clients every six months to allocating interest monthly.

- *The Public Trustee Amendment Act, 2001*, was passed by the Legislative Assembly in the spring 2001 session and contains provisions allowing the Public Trustee to be personal guardian if appointed by the Court and authorizes the investigation of financial abuse.
- *The Adult Guardianship and Co-decision-making Regulations* have been developed and are in force July 2001.
- The Legislative Working Group has commenced a review of *The Power of Attorney Act*. Amendments are planned to be ready in the spring of 2002.
- Development of enhancements to the Guardian computer system has commenced but it is unlikely it will be completed by September 1, 2001. The new target is the spring of 2002.
- Discussions regarding the Guardian computer system with other Public Guardians and Trustees in Canada have taken place. The system was demonstrated in May 2001 to all Public Guardians and Trustees in Canada.

2001-2002 Objectives

- Take a leadership role in a review of *The Power of Attorney Act* to be introduced in the spring of 2002.
- Take a leadership role in a review of *The Trustee Act* to be introduced in the spring of 2003.
- Propose, promote and participate in a review of *The Escheats Act (Unclaimed Assets Act)* to be introduced in the spring of 2004.
- Propose, promote and participate in a review of *The Devolution of Real Property Act* to be introduced in the spring of 2004.
- Plan for the implementation of *The Public Trustee Amendment Act, 2001* in 2002-2003.
- Develop a program of personal guardianship and develop appropriate policies and procedures for implementation in 2002-2003.
- Develop a program of investigation of allegations of financial abuse and develop appropriate policies and procedures for implementation in 2002-2003.
- Complete the development of the Guardian computer system and implement it in the spring of 2002.
- Implement, wherever practical and reasonable, the recommendations of the Provincial Auditor contained in his spring 2001 report.

Acknowledgment

The Public Trustee acknowledges and thanks the many staff members who have continued to provide courteous, effective and efficient service to clients. Without their expertise and commitment we would not have been able to attain our many goals for the 2000-2001 fiscal year.

On October 22, 1999, the Public Trustee implemented a new accounting information management system – the Guardian system.

The Provincial Auditor in his Spring and Fall 2001 Reports made many recommendations for change in the Public Trustee Office. A plan was developed and implemented to address many of those recommendations. Implementing the plan has taken much effort and appreciation is expressed to all those staff that implemented the plan.

Financial Statements

The financial statements on the following pages provide an account of the financial activities of the Public Guardian and Trustee of Saskatchewan for the year ended March 31, 2001.

AUDITOR'S REPORT

To the Members of the Legislative Assembly of Saskatchewan

I have audited the balance sheet of the Public Trustee for Saskatchewan as at March 31, 2001 and the statements of common fund undistributed earnings and changes in trust funds for the year then ended. The Public Trustee's management is responsible for preparing these financial statements for Treasury Board's approval. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Public Trustee as at March 31, 2001 and the results of its operations and the changes in its trust funds for the year then ended in accordance with generally accepted accounting principles.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2001**

1. Authority and Purpose

Effective April 1, 1984 the Office of the Public Trustee for Saskatchewan was established pursuant to *The Public Trustee Act*.

Section 3(1) of *The Public Trustee Act* states; "The Public Trustee is established as a corporation sole under the name of the Public Trustee for Saskatchewan."

Section 3(3) of *The Public Trustee Act* states; "The public trustee is the successor in office to: (a) the Official Guardian appointed pursuant to *The Infants Act*; and (b) the Administrator of Estates appointed pursuant to *The Administration of Estates of the Mentally Disordered Persons Act*."

In addition, effective November 12, 1992, the Public Trustee became the official administrator for each judicial centre pursuant to *The Queen's Bench Act*.

The purpose of the Office is to protect vulnerable persons with the primary functions being:

- a) Administering the property and finances of adults who are mentally incompetent;
- b) Protecting property rights of children under the age of eighteen; and
- c) Administering the affairs of deceased persons.

2. Scope of the Financial Statements

These financial statements reflect the assets and liabilities of estates and trusts under the administration of the Public Trustee. In addition, these financial statements reflect the annual changes in those assets and liabilities including;

- a) revenue earned on behalf of clients;
- b) income entitlements received on behalf of clients;
- c) new client account additions;
- d) released client withdrawals;
- e) payment of client assets to estates;
- f) maintenance and other payments made on behalf of clients; and
- g) administration fees payable to the Office of the Public Trustee for Saskatchewan.

The operations of the Office of the Public Trustee are included in the annual report of the Department of Justice.

3. Significant Accounting Policies

These financial statements are prepared in accordance with Canadian generally accepted accounting principles. Preparation of financial statements in accordance with Canadian generally accepted accounting policies requires management to make estimates and assumptions in determining the reported amounts for assets and liabilities. Actual results could differ from management's best estimates as additional information becomes available. The following policies are considered significant.

Common Fund Securities and Income Recognition

Pursuant to Section 47(1) of *The Public Trustee Act*, "the public trustee shall place monies received by him pursuant to this Act in a common fund and shall, subject to the approval of the Investment Board, invest in the name of the public trustee that part of the common fund which in his opinion is not immediately required for the maintenance and education of infants or the management of the affairs of the persons for whom the public trustee is property guardian."

Common fund securities, primarily bonds, debentures and shares, are stated at market value. Market value is determined with reference to closing year end sale prices from recognized security dealers. In the absence of recorded sales, market value is determined by reference to closing year end bid and ask prices.

Short term investments are stated at cost which approximates market value.

Income earned on common fund securities is recorded using the accrual basis of accounting with amounts earned in the fiscal year but not received prior to the year end reflected as accrued interest receivable.

Individual Trust Securities

Individual trust securities, primarily term deposits, bonds and RRSP accounts are initially stated at par value at the date the Public Trustee assumes control of the securities. For financial statement purposes, these securities are adjusted to the market value annually using the most recent valuation information available prior to March 31. Adjustments between the most recent available information and March 31 of each year for a particular client are likely minimal and would effect the value of the asset and the trust liability equally.

Shares are initially recorded at the market value at the time the Public Trustee assumes responsibility for control of the investment. Subsequent increases or decreases in the market value are reflected in the trust accounts annually. Where a market value for a share is not readily available, the shares are recorded for accountability purposes at a nominal value of \$1.

ESTATES AND TRUSTS UNDER ADMINISTRATION
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2001**

Other Assets

Other assets consist of commodities, real estate, personal property, life insurance policies, pension plans and annuity contracts and are stated at the following values:

- a) **Commodities** are stated at market value which is determined annually with reference to the estimated final delivery price for the particular commodity.
- b) **Real estate**, including real estate holdings for infants where the Public Trustee is appointed property guardian, are initially recorded at appraised value at the date the Public Trustee assumes control of the asset or at cost if the real estate is purchased on behalf of clients by the Public Trustee. Real estate values are adjusted to appraised value from time to time. If no valuation information is available, these assets are recorded at a nominal value of \$1.
- c) **Miscellaneous Personal Property** is stated at amounts determined from information available to the Public Trustee at the date the Public Trustee assumes control of the assets. Subsequent adjustments are made if additional valuation information is received. If no valuation is available, these assets are recorded at a nominal value of \$1.
- d) **Life Insurance Policies** that carry a cash surrender value are stated at the cash surrender value as determined with reference to the most recent valuation information available prior to March 31. Policies that do not carry a cash surrender value are stated at a nominal value of \$1.
- e) **Pension Plans and Annuity Contracts** are stated at residual value as determined with reference to the most recent valuation information available prior to March 31 of each year. Pension plans and annuity contracts with no residual value are stated at a nominal value of \$1.

Accounts, Mortgages and Loans Payable

Accounts, mortgages and loans payable represent encumbrances of client assets that are payable to independent third parties. These client obligations are settled as client resources become available. In some cases, a client's liabilities exceed the stated value of their assets. These items are included as accounts payable and are paid as the resources of the client become available to do so.

Administration Fees

Pursuant to the provisions of *The Public Trustee Regulations, 1999*, the Public Trustee may charge a fee for services performed in the management of client accounts. Such fees charged are payable to the General Revenue Fund of the Province of Saskatchewan.

**PUBLIC TRUSTEE FOR SASKATCHEWAN
ESTATES AND TRUSTS UNDER ADMINISTRATION
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2001**

4. Common Fund Securities

Common Fund Securities are invested through a single "common" fund to ensure consistency of return among clients. The investment objectives of the common fund are to achieve at least market returns with prudent risk diversification, with the potential for enhanced returns through active investment management for a majority of the portfolio. The Public Trustee recognizes that there are diverse time horizons for their clients and that capital preservation is of primary concern. The employed investment objectives include a multiple asset, total return approach which values all types of investment income equally, a moderate income requirement to supplement other liquidity sources, a requirement for stability and maximization of return and a degree of inflation protection and capital appreciation.

The Public Trustee recognizes that, by their nature, investments carry with them certain risks. The investment policy employed by the Public Trustee is designed to mitigate these risks as much as possible by placing restrictions on the overall content and quality of the permitted investments. The following describes the risks associated with the investment portfolio, managed through an investment manager, by the Public Trustee.

Price Risk

Price risk refers to the potential that the value of investments will fluctuate as a result of foreign currency, interest rate and general market changes.

The value of the common fund investments will fluctuate with changes in foreign currency, interest rate and general market changes. To mitigate these risks the Public Trustee works with an investment manager that actively manages asset class allocations through a balanced fund approach. The employed investment policy limits foreign currency exposure by permitting a maximum of 40% foreign investment with a stated benchmark of 26% foreign investment. The policy also limits market risk by permitting a maximum of 50% equity investment, including foreign equities with a benchmark of 40% equity investment. The Public Trustee manages interest rate risk by limiting the quantity and quality of interest rate sensitive investments to a maximum of 100% of the portfolio with a benchmark of 60% fixed income securities. Market risk is managed by taking a conservative prudent approach to investment.

Credit and Liquidity Risk

Credit and liquidity risk arises from the potential for an investee to fail or for an issuer to default on its obligations to the Common Fund. The Public Trustee mitigates this risk by limiting the quantity and quality of the permitted investments to high quality, highly rated equity investments and highly rated fixed income securities.

5. Due from the General Revenue Fund

The Public Trustee operating bank account is included in the Consolidated Offset Bank Concentration arrangement for the Government of Saskatchewan. Interest earned on the balance attributed to the Public Trustee is calculated and paid quarterly into the Public Trustee's operating account using the Government's thirty day borrowing rate and the Public Trustee's average daily bank account balance. The Government's average thirty day borrowing rate for 2001 is 5.59% (2000 – 5.08%)

6. Accounts Payable

Accounts payable consist of the following balances:

	<u>2001</u>	<u>2000</u>
Accounts Payable to Third Parties	\$ 960,876	\$ 3,022,743
Administration Fees Payable to the Public Trustee	<u>2,230,453</u>	<u>78,661</u>
	<u>\$ 3,191,329</u>	<u>\$ 3,101,404</u>

7. Common Fund Earnings Distributions

Common fund investments generate interest, dividend, realized and unrealized capital gains income. Pursuant to Section 5 and 6 of *The Public Trustee Regulations, 1999*, interest and dividend income earned on the Common Fund investments is distributed to client trust accounts monthly. In addition, on a monthly basis, the Public Trustee sets the distributable capital gains and losses, pursuant to Section 11 of *The Public Trustee Regulations, 1999*, as the greater of the potential capital gains, calculated pursuant to Section 9 of the regulations, or the realized capital gains, calculated pursuant to Section 7 of the regulations. Realized capital gains and losses are calculated by taking the proceeds of sale of investment assets minus the adjusted cost base of that particular asset. The potential capital gains or losses are calculated by adding 1/48th of the current month realized capital gains or losses plus the change in market value for that month plus 1/47th of the previous 47 months potential capital gain or loss amount. The Public Trustee distributes the greater of the two calculated amounts to client accounts on a monthly basis.
